RE: Government Resources Accelerating Needed Transformation (GRANT) Program

Dear Senator McDaniel and Representative Petrie:

Pursuant to KRS 154.14, the Cabinet for Economic Development is required to submit a monthly report to the Interim Joint Committee on Appropriations and Revenue and the Governor about each match applicant for the Government Resources Accelerating Needed Transformation (GRANT) Program.

The GRANT Program monthly report for the period from October 1, 2025, through October 31, 2025, along with the following data is attached as follows:

- Detailed report of applicants approved for obligated funds
- Individual project reports for each approved application
- Detailed report of applicants where funds were recaptured
- Detailed report of disbursements for approved projects

Please contact me at (502) 782-1922 if there are any questions regarding this report.

Sincerely,

A handwritten signature in blue ink that reads "Kylee Palmer".

Kylee Palmer
Deputy Commissioner
Department for Financial Services

cc: Jennifer Hays, LRC

Project Information

Project Title: City of Clinton Pickleball Project **FI Number:** 120163
Location (city): Clinton **Location (county):** Hickman
Regional Project? No **Participating counties:** Hickman
Impact County? No
Estimated Begin Date: June 1, 2026 **Estimated End Date:** August 1, 2026
Project Description: The City of Clinton is requesting GRANT program funding for the development of two pickleball courts at what will be known as Mills Park. This project will revitalize a city-owned recreational space by removing a severely deteriorated and unusable tennis court and replacing it with a modern, safe, and accessible facility. This project will promote healthy, active lifestyles and foster a sense of community in the heart of Hickman County.
Eligible Uses to occur at the Project:
Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Create or enhance telecommunications infrastructure
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Provide facilities and activities for local residents that enhance quality of life

Participating counties: Todd
FI Number: 120164
Location (county): Todd
Estimated Begin Date: January 1, 2026
Estimated End Date: June 30, 2026
Project Description: The City of Elkton is requesting GRANT program funding for the Elkton-Todd County Park Improvement Project. This project aims to revitalize the park facilities within Elkton by replacing outdated, unsafe light poles at their baseball fields, as well as adding dedicated pickleball courts and replacing outdated fencing with concrete block backstops. These investments will improve safety, encourage healthy recreation, and enhance the overall quality of life in their community.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Create or expand recreational facilities
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Provide facilities and activities for local residents that enhance quality of life

Project Title: Providing TA To Support the Rockcastle Megasite
Location (city): Mount Vernon
Regional Project? No
Participating counties: Rockcastle
Impact County? Yes
FI Number: 120166
Location (county): Rockcastle
Estimated Begin Date: January 1, 2026
Estimated End Date: December 31, 2029
Project Description: Partners for Rural Impact, Inc. is requesting Grant program funding to provide technical assistance and support to the Rockcastle, Garrard Lincoln Regional Industrial Development Authority (RGL) as they prepare to welcome a large, transformational employer to the Rockcastle Megasite. Over the next three years, PRI will help RGL build its capacity to work with the county governments and industrial boards, growing their skills by connecting with other towns that have walked this path and have been impacted by large new employers, by engaging subject matter experts on relevant topics, and through targeted work with employers and secondary and postsecondary leaders to develop career pathways tied to high demand careers at the megasite.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Design a strategic plan to help prepare Mount Vernon and the surrounding area to welcome a large transformational employer to the area, and prepare for future community and economic development.

Project Title: Paducah Stormwater/Parallel Pipe Conveyance with Additional Storage
Location (city): Paducah
Regional Project? No **Participating counties:** McCracken
Impact County? No
Estimated Begin Date: January 1, 2026 **Estimated End Date:** December 31, 2027
Project Description: The City of Paducah is requesting GRANT program funding for the Paducah Stormwater/Parallel Pipe Conveyance with Additional Storage project. The outdated combined sewer and stormwater system in Paducah is unable to handle even moderate rainfall. This inadequacy leads to surcharges that flood streets, homes, and yards, particularly in the Branch Street corridor, where runoff accumulates against a railroad embankment and overwhelms Pump Plant No. 1. To directly address these concerns, the city proposes constructing a large-diameter parallel pipe, reconstructing the Branch Street inlet, and retrofitting upstream detention basins to improve peak flow management. With DRA and State investment, this project will eliminate flooding for 25 structures and reduce risks for many others.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Improve traditional infrastructure
Preserve or enhance buildings that are of local historic or economic interest
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Provide facilities and activities for local residents that enhance quality of life
Reduce chronic flooding along Branch Street

Location (county): Jefferson
Estimated Begin Date: July 1, 2026
Estimated End Date: June 30, 2028

Project Description: The Putney Pond and Woodlands Park Boardwalk Project will provide 645 feet of accessible recreational trail through the scenic Putney Pond and Woodlands Park in Prospect. Existing hiking trails will be made more accessible via the construction of a boardwalk which will also protect the lush greenery from wear over time. The trail will also provide greater pedestrian accessibility between two adjoining neighborhoods and to US Highway 42.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Improve traditional infrastructure
Create or enhance telecommunications infrastructure
Construct or expand other facilities that promote or enhance economic development or tourism
Provide facilities and activities for local residents that enhance quality of life

Project Title: Domestic Violence Transitional Housing/Rapid Rehousing
Location (city): Louisville
Regional Project? No
Impact County? No
Participating counties: Jefferson
FI Number: 120219
Location (county): Jefferson

Estimated Begin Date: January 1, 2026

Estimated End Date: 12/31/2026

Project Description: This request will provide needed matching funds for SVDP's Continuum of Care award from the U.S. Department of Housing and Urban Development. Safe, stable housing is the foundation for thriving communities. Programs that combine housing with supportive services not only reduce homelessness but are vital to building a healthier, stronger Louisville. The DV TH/RR program has a dedicated transitional housing facility on the Shelby Park campus. It has 18 bedrooms that provide up to 37 beds and the configuration of this facility is ideal for serving any homeless survivor of domestic violence or human trafficking with safety and privacy. All participants receive case management services with rapid exit to permanent housing as the primary goal, and referrals to supportive services. Participates in the project also receive housing navigation support for finding eligible housing units for the rapid rehousing component of the program.

Eligible Uses to occur at the Project:

Provide facilities and activities for local residents that enhance quality of life
Other: This project specifically provides emergency shelter to those experiencing homelessness

Project Information

Project Title: Brushy Creek Water Line Extension Phase II
Location (city): Pikeville
Regional Project? No
Impact County? Yes
Participating counties: Pike
FI Number: 120158
Location (county): Pike
Estimated Begin Date: June 1, 2026
Estimated End Date: 12/31/2026

Project Description: The Brushy Creek Water Line Phase II project will complete the water line project that was originally funded by KIA's Cleaner Water Act program. Phase II of the project consists of installing 10,370 LF of 6-inch water line and 8,360 LF of 4-inch water line to serve 34 new customers along one end of Brushy Creek and two hollows that branch off Brushy Fork Road. There was not enough funding in Phase I to pick up all the customers. This left 34 families without a safe decent sanitary water supply on Brushy Fork Road. These families have relied on hand dug or drilled wells along with purchasing drinking water for all of their life.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Improve traditional infrastructure
Enhance development of previously mined areas or areas previously used by the coal industry and other industrial activities into uses that diversify the local economy
Restore or create retail facilities, including related service, parking and transportation facilities, to revitalize decaying downtown areas
Provide facilities and activities for local residents that enhance quality of life

Project Title: Dr. Barkley Moore Memorial Park Renovation
Location (city): Oneida
Regional Project? No
Impact County? Yes
Participating counties: Clay
FI Number: 120203
Location (county): Clay
Estimated Begin Date: January 1, 2026
Estimated End Date: June 1, 2026
Project Description: Dr. Glenn Barkley served as President of Oneida Baptist Institute from 1972 to 1994. In honor of his lasting impact, the Dr. Barkley Moore Memorial Park was established in the heart of Oneida. This park offers a space for recreation, reflection, and connection. However, the current facilities are outdated and lack features that accommodate individuals of all abilities, limiting the park's potential to serve as a truly inclusive community resource. Funding will support the installation of playground equipment, solar-powered lighting, and a permanent shade structure. These upgrades will enhance accessibility, increase safety, and promote environmental sustainability for the 1500 residents in and around Oneida.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Improve traditional infrastructure
Create or expand recreational facilities
Restore or create retail facilities, including related service, parking and transportation facilities, to revitalize decaying downtown areas
Construct or expand other facilities that promote or enhance economic development or tourism opportunities

Participating counties: McCreary
FI Number: 120156
Location (county): McCreary
Estimated Begin Date: July 1, 2026
Estimated End Date: July 1, 2027

Project Description: The project entails the construction of a new 6,300 square-foot, pre-engineered metal building on property owned by North McCreary Fire and Rescue (NMFR). Located alongside U.S. Hwy. 27, the new facility will feature three garage bays, kitchen, bathrooms, storage room, conference and training room, office, laundry room and storm shelter room. The property is already home to an active helipad. The station will primarily serve the NMFR District, but through mutual aid agreements, the station will also respond to businesses and residents in Whitley City and throughout McCreary County.

Eligible Uses to occur at the Project:

Improve traditional infrastructure
Provide facilities and activities for local residents that enhance quality of life
Construct of new fire station which will provide improved service for residents in the North McCreary Fire District to residents and businesses in Whitley City and the entire county served through Mutual Aid Agreements.

Project Information

Project Title: Benham Coal Miner's Memorial Park
Location (city): Benham
Regional Project? No
Impact County? Yes
Participating counties: Harlan
FI Number: 120174
Location (county): Harlan
Estimated Begin Date: January 1, 2026
Estimated End Date: June 1, 2026

Project Description: The City of Benham is requesting GRANT Program funds in addition to federal funds to renovate the Coal Miner's Memorial Park. Coal Miner's Memorial Park is a vital public space in Benham. It is the only major recreational area in the community and it supports gatherings, youth activities, heritage tourism, and everyday well-being. However, the park's aging infrastructure limits usability, safety, and appeal. The comprehensive renovation will include construction of a new shelter house, ADA-accessible restrooms, updated and expanded playground equipment, conversion one underused tennis court into a pickleball court, upgraded parking facilities, landscaping, and general improvements. Also, the park's historic rail caboose will be restored and repainted.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Improve traditional infrastructure
Enhance development of previously mined areas or areas previously used by the coal industry and other industrial activities into uses that diversify the local economy
Create or expand recreational facilities
Restore or create retail facilities, including related service, parking and transportation facilities, to revitalize decaying downtown areas
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Provide facilities and activities for local residents that enhance quality of life
