RE: Government Resources Accelerating Needed Transformation (GRANT) Program

Dear Senator McDaniel and Representative Petrie:

Pursuant to KRS 154.14, the Cabinet for Economic Development is required to submit a monthly report to the Interim Joint Committee on Appropriations and Revenue and the Governor about each match applicant for the Government Resources Accelerating Needed Transformation (GRANT) Program.

The GRANT Program monthly report for the period from November 1, 2025, through November 30, 2025, along with the following data is attached as follows:

- Detailed report of applicants approved for obligated funds
- Individual project reports for each approved application
- Detailed report of applicants denied
- Detailed report of applicants where funds were recaptured
- Detailed report of disbursements for approved projects

Please contact me at (502) 782-1922 if there are any questions regarding this report.

Sincerely,

A handwritten signature in blue ink that reads "Kylee Palmer".

Kylee Palmer
Deputy Commissioner
Department for Financial Services

cc: Jennifer Hays, LRC
Matthew Wingate

Project Information

USDA NRCS EWP 5079
Project - Middle Tradewater

Project Title: River
Location (city): Princeton
Regional Project? Yes
Impact County? Yes

FI Number: 120270
Location (county): Caldwell
Participating counties: Caldwell and Hopkins Counties

Estimated Begin Date: July 11, 2025
Estimated End Date: November 26, 2025

Project Description: The Webster County Conservation District is seeking GRANT Program funding in order to alleviate recurrent significant flood issues caused by damage from a direct hit by a tornado along the middle portion of the Tradewater River between Caldwell and Hopkins counties. This project will address debris-clogged waterways and the stabilization and redevelopment of eroded/unstable riverbanks to prevent future disaster.

Eligible Uses to occur at the Project:

Improve traditional infrastructure
Promote agricultural activities and development
Debris removal, riverbank redevelopment, and remediation of area impacted by the May 26, 2024 tornado

Project Title: Hawthorne and Franklin Street Bridge Replacement Project **FI Number:** 120241
Location (city): Princeton **Location (county):** Caldwell
Regional Project? No **Participating counties:** Caldwell
Impact County? No
Estimated Begin Date: August 24, 2025 **Estimated End Date:** August 24, 2026
Project Description: The City of Princeton is requesting assistance for a project involving the replacement of two key road crossings in downtown Princeton. Sections of two city streets, North Hawthorne and North Franklin, have been closed to traffic since April 2025 due to flood damage sustained from severe storms in February. Both streets are north-south connectors leading from the city's downtown business district to areas of higher residential concentration. The prolonged closures have created hardship and inconvenience for those who utilize those streets daily in commutes to and from work, school, or other sections of the city.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit

Estimated Begin Date: May 1, 2026
Estimated End Date: March 31, 2027

Project Description: This initiative addresses a long-standing need in the community to expand safe, accessible recreational trails for the citizens and those in the surrounding areas. The project will include the following scope of work: 1) Rehabilitation of the walking trail; 2) Resurfacing and repairs of the parking lot located at the trailhead; 3) Repair the drainage area and add a natural learning area; 4) Add fencing to delineate the property from adjacent commercial businesses. The improvements to the walking trail are needed to eliminate recurring damage caused by storm water and drainage. The proposed project will also improve the walking trail by naturalizing the drainage area for education and enrichment opportunities.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Create or expand recreational facilities
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Provide facilities and activities for local residents that enhance quality of life

Location (city): Frenchburg **Location (county):** Menifee
Regional Project? No **Participating counties:** Menifee
Impact County? Yes
Estimated Begin Date: April 1, 2026 **Estimated End Date:** March 31, 2027

Project Description: This initiative addresses a long-standing need in the community to expand safe, inclusive recreational opportunities for children of all abilities. The new facility will feature a Mega Tower play structure, a four-bay swing set, and 4,460 square feet of poured-in-place rubber surfacing, ensuring the space is fully accessible to children of all ages and abilities. Its central location - just 1.5 miles from downtown Frenchburg-will serve most of Menifee County's residents and be easily accessible from US 460.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Create or expand recreational facilities
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Provide facilities and activities for local residents that enhance quality of life

Impact County? Yes

Estimated Begin Date: July 1, 2026

Estimated End Date: July 1, 2029

Project Description: This project seeks to strengthen Eastern Kentucky's investment infrastructure by helping local governments and nonprofits attract and manage diverse public and private funding. The initiative was originally developed as part of a multi-state ARISE collaboration, for which Kentucky previously received House Bill 723 matching funds. Since the Kentucky partners have now refined and advanced their portion of the project to move forward independently under the ARC POWER program, the previously awarded match funds are no longer needed for the ARISE proposal. Instead, this updated application reflects Kentucky's distinct scope and goals under the POWER opportunity.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit

Promote or develop an artistic or philanthropic purpose

Other: This project is mainly a workforce initiative. In the long term it will touch most, if not all, of these topics, but in the direct project scope it does not.

FI Number: 120250
Location (county): Perry
Estimated Begin Date: March 1, 2026
Estimated End Date: March 1, 2027

Project Description: This project aims to bring municipal wastewater collection to 159 households in the Elk Run, Pine Valley, Pine Point, Memory Mountain, and Pheonix Place subdivisions, Baker Fork, in Knott and Perry Counties. In total, 159 households will be serviced with residential grinders. The project will include the following: 16,500 Linear Feet (LF) of 6" HOPE Force Main, 3,800 LF of 4" HOPE Force Main, 1,200 LF of 3" HOPE Force Main, 7,600 LF of 2 & 1/2" HOPE Force Main, and 11,000 LF of 1 & 1/4" HOPE Force Main for service line. There will be one lift station (150 GPM) with SCADA/telemetry and odor control. This project will also remove straight pipe or failing and/or improperly working septic systems due to mine spoil. This project will also eliminate a package plant operated by Phoenix Town Homes in the process.

Eligible Uses to occur at the Project:
Improve traditional infrastructure
Provide facilities and activities for local residents that enhance quality of life

Location (city): Corbin **Location (county):** Whitley
Regional Project? No **Participating counties:** Whitley
Impact County? Yes
Estimated Begin Date: January 1, 2026 **Estimated End Date:** July 30, 2026

Project Description: Corbin residents have consistently expressed a need for a safe, accessible playground designed specifically for toddler-aged children. While existing parks within the city primarily serve older age groups, families with young children have limited options for age-appropriate play. The project includes the purchase and installation of modern playground equipment such as ramped play structure, ten-spin, arch swing set with inclusive swings, and durable benches with backs. The design also includes rubber safety surfacing with compacted stone base, slide mats, and accessible pathways, all compliant with ADA standards. Two additional benches will be installed for caregivers, and the project will include site preparation, installation, and all necessary safety features.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Improve traditional infrastructure
Create or expand recreational facilities
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Provide facilities and activities for local residents that enhance quality of life

Project Information

Project Title: Corbin Comprehensive Planning Project
Location (city): Corbin
Regional Project? Yes
Impact County? Yes
Participating counties: Knox, Laurel, and Whitley
FI Number: 120244
Location (county): Whitley
Estimated Begin Date: October 1, 2025
Estimated End Date: October 31, 2026

Project Description: The City of Corbin is going to begin developing a Comprehensive Plan aimed at enhancing individual, organizational, and community capacity. In the last 10 years, the City has experienced continued growth across three counties - Whitley, Knox, and Laurel - two of which are designated as a distressed by the Appalachian Regional Commission (ARC). Without a planning department or updated framework, Corbin lacks a coordinated vision to guide development, infrastructure, housing, and economic growth. The project will establish a comprehensive, inclusive, and forward-looking plan that strengthens capacity across all levels of city and community leadership.

Eligible Uses to occur at the Project:

Enhance economic vitality, including revitalization of structures with a public purpose or benefit
Promote or develop an artistic or philanthropic purpose
Improve traditional infrastructure
Create or enhance telecommunications infrastructure
Promote agricultural activities and development
Enhance development of previously mined areas or areas previously used by the coal industry and other industrial activities into uses that diversify the local economy
Create or expand recreational facilities
Preserve or enhance buildings that are of local historic or economic interest
Restore or create retail facilities, including related service, parking and transportation facilities, to revitalize decaying downtown areas
Construct or expand other facilities that promote or enhance economic development or tourism opportunities
Provide facilities and activities for local residents that enhance quality of life
