Kentucky Unemployment Insurance Trust Fund Annual Assessment 2024

Introduction

Pursuant to KRS 341.127, this report on the Kentucky Unemployment Insurance (UI) Trust Fund is submitted to the Governor and the Interim Joint Committee on Economic Development and Workforce Investment. This report also satisfies the requirements of KRS 341.125(4). The report provides a comprehensive review of the UI Trust Fund's financial status, including contributions, benefit disbursements, claim durations and average weekly wages for beneficiaries. The report is publicly accessible via the Kentucky Career Center website at KCC.KY.GOV.

Unless otherwise specified, all references to years pertain to calendar years.

Kentucky's UI Trust Fund 2024 Overview

During the 2024 calendar year, employer contributions to the UI Trust Fund totaled \$339.99 million. After disbursing \$169.63 million in benefits to unemployed workers, the fund recorded a surplus of \$170.36 million. The UI Trust Fund balance at the end of the year (Q4) was \$1.02 billion, with no outstanding federal loans. Employer contributions continued under Schedule A.

Unemployment Insurance Service Capacity Upgrade Fund (SCUF)

The Service Capacity Upgrade Fund, established by the General Assembly in 2018, allocates 0.075% of employer contributions to improve UI systems and applications. The SCUF target amount is \$68 million, as specified in the 2024–26 Executive Branch budget. As of Dec. 31, 2024, the cash balance of the SCUF restricted fund was \$30,232,130.26. In addition to this balance, \$30,000,000 was moved to the Capital Fund for the Capital Project, bringing total funds for SCUF to \$60,232,130.26.

2024 Unemployment Program Highlights

Disaster Unemployment Assistance

Disaster Unemployment Assistance (DUA) helps individuals who lose their jobs as a direct result of a major disaster and who are eligible for unemployment compensation, including regular UI benefits. A major disaster is any natural catastrophe that results in a presidential declaration of a disaster. To receive DUA, claimants first must apply for regular unemployment. If the claimant does not qualify for regular benefits but meets DUI requirements, the claimant can receive DUA benefits. The DUA program is administered by UI staff.

In 2024, Kentucky had three FEMA disaster declarations. The first disaster (DR-4782-KY) was declared on May 22, 2024, for severe storms, straight-line winds, tornadoes, landslides and mudslides for the incident period of April 2, 2024. This disaster impacted 11 counties across the commonwealth. The second disaster (DR-4782-KY) was declared on July 23, 2024, for severe storms, straight-line winds, tornadoes, landslides and mudslides for the incident period from May 21-27, 2024, with 15 counties across southern Kentucky approved for individual assistance. The third disaster (DR-4848-KY) was declared on Nov., 26, 2024, for the period of Sept. 27-30, 2024, because the remnants of Hurricane Helene impacted eastern Kentucky.

Workshare Program

Kentucky's Workshare Program was established on Jan. 1, 2023, to help employers and workers during financial downturns. Businesses can use program to avoid layoffs by using unemployment benefits to temporarily supplement workers' pay when their hours have been reduced by 10% to 40%. This program offers many benefits to employers as well as their workers.

Employers benefit by reducing or eliminating layoffs, keeping skilled employees, recovering more quickly, lessening the impact on their employee reserve account, and saving hiring and training costs for new workers. Workers benefit by retaining their jobs and benefits, receiving supplement unemployment benefits during reduced work periods, avoiding financial hardship, and reducing the stress caused by layoffs and job searches.

To qualify for the Workshare Program, the employer must submit a written shared work plan for approval and meet the specific requirements in KRS 341.4161. In the 2024, 10 employer applications were approved and two were denied because they did not meet the requirements or submitted incomplete information on the application. A total of 1,353 workers received supplemental unemployment benefits through the Workshare program. The number of employees per employer ranged from five to 781 workers.

Mobile Unit

The UI Mobile Assistance Unit was purchased in November 2024 using a U.S. Department of Labor grant. The purpose of the grant was to promote equitable access to unemployment compensation programs under UI Public Law 23-21 by traveling to underserved regions of Kentucky. It assists individuals with unemployment claims, provides DUA, and supports employers during mass layoffs or temporary shutdowns. The unit assisted approximately 100 unemployed workers on Dec. 12, 2024, in Bardstown following a mass layoff at the James B. Beam Distilling Co.

Employer Protests (Disputed Claim Investigations)

In 2024, a total of 83,012 monetary determinations were issued in Kentucky, a slight increase from 79,972 in 2023. To be monetarily eligible, the claimant must have earned sufficient wages in covered employment during their base period. Of the 83,012 monetary determinations issued in 2024, a total of 74,151 met eligibility requirements.

A total of 25,582 determinations were made about why claimants left their jobs. These cases involved reasons other than layoff or lack of work, such as discharge or quitting. Of these decisions, 49% were approved and 51% were denied.

Overpayments and Recovery

UI Program Integrity, Improper Payments and Recovery Efforts

Benefit overpayments are divided into fraudulent and non-fraudulent causes. Fraud overpayments happen when a claimant knowingly gives false or misleading information to receive benefits. The UI Integrity Branch processed 11,753 fraud overpayment cases totaling \$9,014,990 in 2024. Fraud overpayments incur an additional monetary penalty, which totaled \$293,532 in 2024. The UI Integrity Branch continues to use identity verification and specialized software to combat fraud and protect the UI Trust Fund. OUI continues to use the National Association of State Workforce Associations (NASWA) Integrity Data Hub to identify fraud through its database of suspicious activity.

The UI Integrity Branch processed 21,064 non-fraud overpayment cases with an amount totaling \$6,555,428.

Recovery Efforts

Over \$3,536,122 was recovered during 2024 from claimants, other states, and write-offs after a specified time.

Overpayment Waivers

Pursuant to KRS 341.413, claimants with an office error overpayment created between Jan. 27, 2020 - Sept. 6, 2021, are potentially eligible for a waiver. For 2024, waivers totaled \$40,182,331.

Glossary

Average Duration

The number of weeks compensated for the year divided by the number of first payments. (ETA 5159)

Average High-Cost Rate

The average of the three highest calendar year benefit cost rates in the last 20 years (or a period including three recessions, if longer). Benefit cost rates are paid (including the state's share of extended benefits but excluding reimbursable benefits) as a percentage of total wages in taxable employment.

Average High-Cost Multiple

Calendar year reserve ratio (or "TF as % of total wages"); divided by the average high-cost rate.

Average Tax Rate (Taxable Wages)

Total employer contributions for a 12-month period divided by the total taxable wages for the same period. (ES 202)

Average Weekly Benefit Amount

Benefits paid for total unemployment divided by weeks compensated for total unemployment. (ETA 5159)

Average Weekly Wage

Total wages for the four quarters ending with the report quarter divided by covered employment for the same period, divided by 52 weeks (QCEW). (US DOL UI Data Summary)

Benefits Paid

The unemployment benefits paid to individuals under a state program, usually the first 26 weeks of benefits, for all weeks compensated including partial payments.

Calendar Year (CY)

The calendar year covers a one-year period from January 1 through December 31.

Covered Employment

The number of employees covered by unemployment insurance reported to the state by employers. (ETA 202)

Duration of Benefits

The maximum period of time a claimant may receive unemployment compensation.
