Re: Kentucky Entertainment Incentive Program Four Year Historical Data Report
For the years ended June 30, 2022, to June 30, 2025

In accordance with KRS 141.383(7), please accept this report of activity as required by statute. Specifically, the statute requires the Department of Revenue and the Cabinet of Economic Development to work jointly to provide historical data related to the tax credit allowed in section KRS 141.383, KRS 154.61-020 and KRS 154.61-030 to the Interim Joint Committee on Appropriations and Revenue including data items beginning with tax credits claimed for taxable year beginning on or after January 1, 2018. This report is due no later than September 1, 2021, and by November 1 every four (4) years thereafter. The differences between credit amount awarded and the credit amount refunded is the result of Income Tax or LLET liability offset.

"Qualifying expenditure" means expenditures made in the Commonwealth if directly used in or for a motion picture or entertainment production. It does not include Kentucky sales and use tax paid by the approved company on the qualifying expenditure. "Qualifying payroll expenditure" means compensation paid to crew for services performed in Kentucky on a production in the Commonwealth. Crew includes both "above-the-line" employees whose salaries are negotiated prior to production and "below-the-line" employees that are involved with producing the production. "Enhanced Incentive Counties" are identified annually by determining which counties' unemployment rate exceeds the statewide unemployment rate in the most recent five years or exceeds the statewide unemployment rate by 200% in the most recent year. Additionally, a county may be certified as an enhanced incentive county by collectively analyzing the unemployment rate, the number of adults that have attained a high school diploma or equivalent, and the quality of the roads.

On the attached chart, Qualifying Expenditures in the Agreement does not include Qualifying Payroll Expenditures in the Agreement. Additionally, Qualifying Expenditures Incurred does not include Qualifying Payroll Expenditures Paid to either above-the-line or below-the-line crew. "Tax Credit Awarded" is the amount of credit approved by the Kentucky Film Leadership Council and reported to the Department of Revenue. The "Amount Refunded" was the amount of refundable tax credit

refunded to the taxpayer. The "Amount Applied to Tax" is the amount of the credit applied to Kentucky income tax or limited liability entity tax.

This report contains sensitive or confidential information and is for the exclusive use of the intended recipient(s). If you are not the intended recipient(s), please note that any form of distribution, copying, forwarding or use of this communication or the information attached to it, is strictly prohibited and may be unlawful.
