October 2019

The Cabinet for Economic Development (CED) is pleased to present the Fiscal Year 2019 Annual Report of the Bluegrass State Skills Corporation (BSSC). BSSC plays a significant role in keeping Kentucky's business and industry competitive in today's global economy by assisting them in providing financial support for training its workforce.

Through the hard work of the BSSC Board of Directors and staff, the Cabinet has built a strong reputation for providing customized, flexible and industry-driven skills training opportunities, and companies continue to place a high value on the programs offered by BSSC. This past year, the BSSC Board of Directors approved 117 grant-in-aid applications for companies and training consortia for the training benefit to over potentially 20,096 Kentucky-resident employees. In addition, the BSSC Board of Directors also approved tax credit applications for 30 companies to provide support to train over 7,280 Kentucky-resident employees.

In addition, CED continues to work closely with our Kentucky Skills Network partners to provide quality training opportunities to our business clients across the Commonwealth in order to maximize the resources available to help them achieve their workforce development goals. We appreciate the support of Governor Matt Bevin, the Kentucky General Assembly, the Kentucky Economic Development Partnership Board, the Bluegrass State Skills Corporation Board, as well as our many workforce development partners to ensure that Kentucky's workforce is prepared for the jobs of the future.

Sincerely,

Randall D. Fox

## Metropolitan College Tax Credit (MCTC)

In 2009, the BSSC was given the authority to approve tax credits on behalf of a qualified tax payer that is a party to the “Metropolitan College Agreement.” Its purpose is to encourage employers to provide educational opportunities to employees through a program that combines work with postsecondary education.

In Louisville, a partnership that includes United Parcel Service (UPS), the University of Louisville, Jefferson Community and Technical College provides eligible Kentucky residents access to a tuition-free post-secondary education and outstanding employment opportunities.

To ensure the program’s ongoing success, the BSSC approved its fourth Metropolitan College Tax Credit to UPS during FY 2019 in the amount of \$4,009,970 for training provided to 2,257 students.
