The Honorable Senator Rick Girdler, Co-Chair
The Honorable Representative Walker Thomas, Co-Chair
Capital Projects and Bond Oversight Committee
Legislative Research Commission
Capitol Annex Building
Frankfort, Kentucky 40601

Dear Senator Girdler and Representative Thomas:

Listed below is information regarding various projects and reports that will be presented to the Capital Projects and Bond Oversight Committee ("CPBOC") at the February 18, 2020, meeting.

The Kentucky Infrastructure Authority ("KIA") will present the following loans for the Committee's approval:

Tuliu A Loans	
City of Louisa (Increase)	
City of Morehead (Increase)	

\$4,028,166 \$4,500,000

City of Russell

Fund A Loons

\$500,000

Fund F Loans

City of Burnside (Increase)

\$2,800,000

The Office of Financial Management will present one (1) new bond issue report for the Committee's approval:

University of Louisville Direct Purchase Bank Placement General Receipts Bonds, 2020 Series A (Forward Delivery)

\$21,415,000*

*Estimated

Senator Girdler Representative Thomas February 4, 2020 Page 2

The School Facilities Construction Commission is submitting the following additional information for the Committee's approval:

Adair County	\$1,750,000°	k
Bardstown Independent	\$21,770,000	
Boyle County	\$3,775,000	
Clark County	\$2,255,000*	ķ
Clay County	\$15,620,000*	k
Edmonson County	\$2,010,000*	k
Frankfort Independent	\$5,705,000*	k
Graves County	\$2,590,000*	K
Greenup County	\$1,060,000*	k
Johnson County	\$1,260,000*	k
Martin County	\$2,055,000*	ķ

^{*}Estimated

An OFM staff member will attend the CPBO meeting to answer any questions regarding this information. Please contact me if there are any questions or should your staff require additional information.

Sincerely,

Sandy Williams,

Deputy Executive Director

KENTUCKY INFRASTRUCTURE AUTHORITY WASTEWATER REVOLVING LOAN FUND (FUND A) CITY OF LOUISA, LAWRENCE COUNTY PROJECT REVIEW SX21127030

I. PROJECT DESCRIPTION

The City of Louisa ("the City") is requesting an increase of \$688,578 to the original loan approved on May 7, 2019 for the Inflow and Infiltration Rehabilitation project. The project went to bid in October, 2019 but all bids came in higher than budgeted. The increase will bring the total project cost up to \$4,028,166 with no additional work or change of scope.

The purpose of this project is to eliminate inflow and infiltration in the Louisa Sewer System by constructing a portion of the storm water sewer facilities.

In 2009, a Sewer Evaluation Study ("SSES") was performed on the entire Louisa Sewer System, which yielded a delineation of three priority zones for rehabilitation. This project will address the downtown area (Zone 1), which is considered to have the oldest infrastructure and is the highest priority of the City. The planning and design portion paid for camera inspection of approximately 23,250 linear feet of sewer line and determined exactly what measures are necessary to address the issues. The construction portion will replace storm sewer along Lock Avenue and Pike Street in downtown Louisa, with an intent to separate the combined sewer in parts of the area and eliminate other inflow and infiltration concerns.

By separating the storm sewer from the City's sanitary sewer, the City will be able to lower the cost of wastewater treatment as well as reduce the risk of sanitary sewer overflow for approximately 1,900 customers within Lawrence County.

A CPI clause was written into the 2012 rate ordinance to automatically adjust both water and sewer rates annually based on the Consumer Price Index.

VII. DEMOGRAPHICS

Based on current Census data from the American Community Survey 5-Year Estimate 2012-2016, the Utility's service area population was 3,433 with a Median Household Income (MHI) of \$30,830. The median household income for the Commonwealth is \$44,811. The MHI of the City's service area is below 80% of the state MHI, which qualifies this project for a 0.5% interest rate and \$1,000,000 in principal forgiveness.

	Po	opulation			Coun Unemplo	,
Year	City	% Change	County	% Change	Date	Rate

VIII. 2018 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve This project does not qualify for Green Project Reserve (GPR) funding.
- 2) Additional Subsidization Principal forgiveness of 50% of the assistance amount, not to exceed \$1,000,000, will be credited to the loan balance upon release of liens on all contracts and disbursement of the final draw request by KIA to the borrower.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2016 through June 30, 2018. The City's Enterprise Funds account for water & sewer and swimming pool activities. The swimming pool operations are excluded from this analysis. The cash impact of GASB 68 - Accounting and Financial Reporting for Pensions and GASB 75 - Other Postemployment Benefit has been removed from the operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

HISTORY

Combined water and sewer revenues went up 5.5% from \$2.62 million in 2016 to \$2.77 million in 2018 due to annual CPI rate increases. Operating expenses increased less than 1% from \$1.83 million to \$1.84 million during the same period. The debt coverage ratio was 1.2, 1.2 and 1.4 for 2016, 2017, and 2018 respectively.

The balance sheet reflects a current ratio of 2.4, debt to equity ratio of 0.8, 67.5 days sales in accounts receivable, and 0.2 months of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Sewer and retail water revenues will increase 2.8% each year based on the historical average of CPI increases.
- 2) Wholesale water rate to Big Sandy Water District will remain at \$3.06 per 1,000 gallons as it's not subject to the annual CPI adjustments. However, the Public Service Commission may set new rates as appropriate.
- 3) Expenses will increase 2% each year for inflation.
- 4) Debt service coverage is 1.1 in 2022 when full year principal and interest repayments begin.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund A loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$202,000 total) of the final amount borrowed (prior to principal forgiveness, if any) to be funded annually (\$10,100 yearly) each December 1 for 20 years and maintained for the life of the loan.

BORROWER CITY OF MOREHEAD ROWAN COUNTY

BRIEF DESCRIPTION

This is a loan increase for a project that was approved in March 2019. During the design phase of the project modifications were made to better accommodate the flows in the proposed project area. The modifications were made because of the high elevation of the existing lift station and its inability to adequately perform during peak flows. Bids came in higher than originally anticipated resulting in the need for additional funds to complete the project.

Original Description: This project will address capacity issues and sanitary sewer overflows (SSO) throughout sections of the US 60 West and KY 801 sections of Morehead Utility Plant Board's collection system. This will be accomplished by rehabilitating over 65,000 linear feet (LF) of line and 5 different lift stations. Some of the lift station rehabilitation will include increasing capacity as well as installing energy efficient VFD devices and SCADA. Approximately 62% of the recorded 396 SSO events that have occurred since 1998 in the collection system have occurred in the proposed project area.

KENTUCKY INFRASTRUCTURE AUTHORITY WASTEWATER REVOLVING LOAN FUND (FUND A) CITY OF MOREHEAD, ROWAN COUNTY PROJECT REVIEW SX21205037

I. PROJECT DESCRIPTION

The City of Morehead and the Morehead Plant Utility Board is requesting a Fund A loan increase in the amount of \$850,000 to a loan originally approved by the KIA Board on March 7, 2019 in the amount of \$3,650,000 for the US 60 West and KY 801 SSO Correction project. The increase will bring the loan total to \$4,500,000. During the design phase of the project modifications were made to better accommodate the flows in the proposed project area. The modifications were made because of the high elevation of the existing lift station and its inability to adequately perform during peak flows. Bids came in higher than originally anticipated resulting in the need for additional funds to complete the project.

This project will improve the sanitary sewer collection system in order to address capacity issues and sanitary system overflows (SSO). MUPB began recording SSO events circa 1998. In 2000, MUPB was released from their Agreed Order with the Kentucky Division of Water. Since 1998, MUPB has recorded 396 SSO events throughout their collection system; 245 of the recorded 396 SSO events, approximately 62%, have occurred in the proposed capital improvement project area. Currently, the majority of the SSO events occur at the lift station wet wells in the proposed project area. However, the manholes found in lower elevation areas, such as Salt Lick, often overflow when the pump stations become backed up. Increasing the line capacity will alleviate the bottleneck and allow the lift stations to pump at their designed capacity, thus reducing SSO events. Approximately 65,500 linear feet of line will be rehabilitated as well as 5 lift stations and related appurtenances. Two of the lift stations will be equipped with SCADA and three will be equipped with VFD devices to increase energy efficiency.

The Morehead Utility Plant Board currently serves 5,581 sewer customers, 3,453 water customers, and also provides natural gas to customers in Rowan County.

Affordability Index (Rate/MHI)	0.9%		1.1%	

Water rates will be evaluated and adjusted on an annual basis for the next few years based on pending capital projects in the system. The Utility is exploring the implementation of a CPI clause in the future to keep up with inflation.

VII. <u>DEMOGRAPHICS</u>

Based on current Census data from the American Community Survey 5-Year Estimate 2012-2016, the Utility's service area population was 15,128 with a Median Household Income (MHI) of \$38,498. The median household income for the Commonwealth is \$44,811. The project will qualify for the non-standard interest rate of 2% because the MHI of the system is between 80-100% of Kentucky's MHI and will retain that interest rate for the loan increase.

	Population				County Unemployment		
Year	City	% Change	County	% Change	Date	Rate	
1980	7,789		19,049		June 2005	6.6%

Cumulative %		-2.2%		27.6%			

VIII. 2018 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve This project does not qualify for Green Project Reserve (GPR) funding.
- 2) Additional Subsidization This project does not qualify for additional subsidization.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2017 through June 30, 2019. Morehead Plant Utility Board is comprised of water, sewer, and gas operations and has limited segregation in their financial statements. The non-cash impact of GASB 68, Accounting and Financial Reporting for Pensions, has been removed from fiscal 2017-2019 operating expenses and GASB 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, has been removed from 2018 and 2019 operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

HISTORY

Total revenues including water, sewer, and gas have increased 33% from 2017 to 2019 mostly due to rate increases. Water revenues increased 22% during that period, sewer revenues increased 61%, and gas revenues increased 16%. Historically, water has contributed the majority of cash available for debt service to the operation while also making up for deficits in sewer. A 39% rate increase in FY 2019 brought sewer into the black for the first time in the observed historical period and contributing almost equal cash flows to debt service. Total operating expenses increased 19% from 2017 to 2019. Water, sewer, and gas share administrative expenses which saw a 28% increase during this time period while water saw a 12% increase, sewer a 14% increase, and gas a 21% increase in operating expenses.

The 2019 balance sheet reflects a current ratio of 1.9, a debt to equity ratio of 0.8, 53 days sales in accounts receivable, and 1.9 months operating expenses in unrestricted cash. The debt coverage ratio from 2017 to 2019 was 2.0, 2.3, and 3.4, respectively.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Sewer revenues will remain flat after the 39% increase in 2018.
- 2) Residential water revenues will increase 14.3% in 2020 for an already approved rate increase effective August 1, 2019. Wholesale water rates will be adjusted approximately 5% January 1, 2020. Water rates are expected to be adjusted through 2021 to prepare for an ongoing water treatment plant project. Only the currently known 2020 water rate increase is factored into this analysis.
- 3) Expenses will increase 2% annually for inflation.

4) Debt coverage is 1.5 in 2022 when full principal and interest payments for loan A19-032 and the first four increments of pending KIA loan F19-002 for a major water treatment plant project go into repayment.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund A loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$226,000 total) of the final amount borrowed (prior to principal forgiveness, if any) to be funded annually (\$11,300 yearly) each December 1 for 20 years and maintained for the life of the loan.

BRIEF DESCRIPTION

This project will evaluate the condition of the existing sewer collection infrastructure for upgrades and repairs to reduce infiltration and inflow. An I & I study will identify areas in the system that have cracked or broken pipes, deteriorated manholes, faulty manhole covers or frames, uncapped clean outs, and connections that discharge storm water into the collection system. The study area will include approximately 13,800 linear feet of sewer pipeline. Once the needs are identified and prioritized, the rehab of the collection system will begin. The most effective methods will be utilized for the rehab efforts, which may include, but are not limited to, replacing pipelines, slip-lining, and point repairs.

KENTUCKY INFRASTRUCTURE AUTHORITY WASTEWATER REVOLVING LOAN FUND (FUND A) CITY OF RUSSELL, GREENUP COUNTY PROJECT REVIEW SX21089110

I. PROJECT DESCRIPTION

This project will evaluate the condition of the existing sewer collection infrastructure for upgrades and repairs to reduce inflow and infiltration. An Inflow and Infiltration Study will identify areas in the system that have cracked or broken pipes, deteriorated manholes, faulty manhole covers or frames, uncapped clean outs, and connections that discharge storm water into the collection system. The study area will cover approximately 13,800 linear feet of sewer pipeline. Preliminary engineering will include reviews of previous field investigations and condition assessments, and collection of new field data to update the condition assessments. Once the needs are identified and prioritized, the rehab of the collection system will begin. The most effective methods will be utilized for the rehab efforts, which may include, but are not limited to, replacing pipelines, slip-lining, and point repairs.

As a Kentucky Inter-System Operational Permit ("KISOP") system, the City of Russell ("City") is charged for the flow that is sent to the Greenup County Environmental Commission. By repairing and rehabilitating the points of inflow and infiltration, the City will be able to reduce the cost of treatment. The project will also lower the risk of sanitary overflows in the City and improve public health for the existing 500 sewer customers.

VII. <u>DEMOGRAPHICS</u>

Based on current Census data from the American Community Survey 5-Year Estimate 2013-2017, the Utility's service area population was 853 with a Median Household Income (MHI) of \$58,137. The median household income for the Commonwealth is \$46,535. A standard interest rate of 2.5% will be applied to this loan as the project's Median Household Income does not qualify for a non-standard rate.

	ı	Population			Coun Unemplo	•
Year	City	% Change	County	% Change	Date	Rate
1980	3,824		39,132		June 2005	6.7%

Current	3,284	-2.8%	36,012	-2.4%		
Cumulative %		-14.1%		-8.0%		

VIII. 2019 CAPITALIZATION GRANT EQUIVALENCIES

1) Additional Subsidization – This project does not qualify for additional subsidization.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2016 through June 30, 2018. The non-cash impacts of GASB 68 - Accounting and Financial Reporting for Pensions and GASB 75 - Other Postemployment Benefit has been removed from operating expenses. Percentage references in the History section below are based on whole dollar amounts and not the rounded amounts presented.

HISTORY

Combined water and sewer revenues increased 1.6% from \$1.65 million in 2016 to \$1.68 million in 2018 while operating expenses went up 2.6% during the same period. The debt coverage ratio was 1.1, 1.5, and 2.8 in 2016, 2017, and 2018 respectively.

The balance sheet reflected a current ratio of 1.2, debt to equity ratio of 0.6, 33.2 days sales in accounts receivable, and 1.5 months of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Water revenues will increase 11% in 2019 from a previously approved rate increase on retail and wholesale water.
- 2) Beginning in 2020, the City will automatically adjust water rates each year based on the Consumer Price Index.
- 3) No sewer rate increase is required during the 5 years in the forecast as the City anticipates savings on treatment costs charged by the Greenup County Environmental Commission after reduction of inflow and infiltration achieved by this project.
- 4) Operating expenses will increase 2% each year for inflation.
- 5) Debt service coverage is 8.0 in FY 2023 when full principal and interest repayments begin.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund A loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$26,000 total) of the final amount borrowed to be funded annually (\$1,300 yearly) each December 1 for 20 years and maintained for the life of the loan.

BORROWER	CITY OF BURNSIDE
	DLII V ZKI COLINTA

BRIEF DESCRIPTION

A loan increase of \$573,000 is requested to fund the additional project costs after the City received higher bids than budgeted.

'The proposed project will replace approximately 28,375 LF of waterline, along with valves and fire hydrants in residential and commercial areas within the Burnside Water System. The replacement lines will be 6" PVC. The completion of the project will restore proper fire protection by upsizing lines and replacing fire hydrants. It will also improve domestic service and reduce water loss eliminating leaks as well as provide a direct connection between the WTP and old Burnside.

KENTUCKY INFRASTRUCTURE AUTHORITY DRINKING WATER STATE REVOLVING FUND (FUND F) CITY OF BURNSIDE, PULASKI COUNTY PROJECT REVIEW WX21199128

I. PROJECT DESCRIPTION

The City of Burnside ("City") is requesting an increase to its Fund F19-005 loan. The Combined Waterline Improvement project was initially approved on January 8, 2019 for \$2,227,000. The project has gone to bids in November and all bids came out higher than budgeted. An increase of \$573,000 is requested to fund the new total project cost of \$2.8 million.

The project will replace approximately 28,375 LF of waterline with valves and fire hydrants in residential and commercial areas in the Burnside Water System. The replacement lines will be 6" PVC. The completion of the project will restore proper fire protection by upsizing lines and replacing fire hydrants. It will also improve domestic service and reduce water loss by eliminating leaks as well as provide a direct connection between the WTP and old Burnside.

The City produces 85% and purchases around 15% of its water supply from the Southeastern Water Association to serve approximately 600 customers within the system. In a Town Hall meeting held on December 10, 2018 to address the need for the project and the KIA assistance, the City received full support from its residents to move forward with the project.

II. PROJECT BUDGET

First 1,000 Gallons Debt Service 1,000 Gallons and Above	07/01/19 \$9.58 8.22 9.58	Prior 07/01/18 \$9.13 8.22 9.13	07/01/17 \$8.87 8.22 8.87	

The City adopted a CPI clause in the 2014 rate ordinance to automatically adjust both water and sewer rates each year based on the Consumer Price Index.

VII. DEMOGRAPHICS

Based on current Census data from the American Community Survey 5-Year Estimate 2012-2016, the Utility's service area population was 1,388 with a Median Household Income (MHI) of \$35,706. The median household income for the Commonwealth was \$44,811. The project qualifies for a 30 year loan term at 0.5% interest rate with its MHI below 80% of the State average.

	Population				Count Unemploy	,
Year	City	% Change	County	% Change	Date	Rate
1980	775		45,803		June 2005	6.1%
1990	695	-10.3%	49,489	8.0%	June 2010	9.8%
2000	637	-8.3%	56,217	13.6%	June 2015	5.9%
2010	611	-4.1%	63,063	12.2%	June 2018	5.8%
Current	1,270	107.9%	63,772	1.1%		
Cumulative %		63.9%		39.2%		

VIII. 2018 CAPITALIZATION GRANT EQUIVALENCIES

1) Additional Subsidization – This project qualified for additional subsidization. Principal forgiveness of 50% of the assistance amount, not to exceed \$1,113,500 will be credited to the loan balance upon release of liens on all contracts and disbursement of the final draw request by KIA to the borrower. No changes to the subsidization are expected with the increase request.

IX. FINANCIAL ANALYSIS

Financial information was obtained from the audited financial statements for the years ended June 30, 2016 through June 30, 2018. The non-cash impacts of GASB 68 - Accounting and Financial Reporting for Pensions and GASB 75 - Other Postemployment Benefit has been removed from operating expenses.

HISTORY

Combined water and sewer revenues increased 1.0% from \$587,978 in 2016 to \$593,956 in 2018 while operating expenses decreased 29.7% during the same period. In 2016, the maintenance and treatment costs were significantly higher for renovation of the water treatment plant and water loss control. The debt coverage ratio fell below zero in 2016 but recovered above 1.1 in 2017 and 2018.

The balance sheet reflects a current ratio of 0.6, a debt to equity ratio of 0.4, 20.7 days sales in accounts receivable, and 1.8 months of operating expenses in unrestricted cash.

PROJECTIONS

Projections are based on the following assumptions:

- 1) Water revenues will go up 10% and sewer up 4% from the previously approved rate increases to take effect in FY 2020.
- 2) The City will deposit \$5,000 additionally into the Reserve and Sinking Fund accounts starting FY 2020 for 4 years to replenish the minimum fund balances. This will be subject to annual KIA administrative compliance monitoring.
- The City will continue to adjust rates based on the Consumer Price Index in FY 2021 and going forward.
- 4) Expenses will increase 2% annually for general inflation.
- 5) Debt coverage ratio is 1.5 in 2022 when full year principal and interest repayments begin.

Based on the pro forma assumptions, the utility shows adequate cash flow to repay the KIA Fund F loan.

REPLACEMENT RESERVE

The replacement reserve will be 5% (\$140,000 total) of the final amount borrowed prior to principal forgiveness to be funded annually (\$7,000 yearly) each December 1 for 20 years and maintained for the life of the loan. As of June 30, 2017, the Reserve and Sinking Fund balances were under funded by approximately \$20,000. The City will set aside additional cash to fund the balances appropriately.

X. <u>DEBT OBLIGATIONS</u>

Ms. Chelsey Bizzle Schools Facilities Construction Commission 700 Louisville Rd Frankfort, Kentucky 40601

Re: Reporting of Bond Issuance Costs to the Capital Projects and Bond Oversight Committee ("Bond Oversight Committee")

Dear Ms. Bizzle:

Enclosed please find a Bond Payee Disclosure form for the following bond issue:

\$3,775,000 (est.)
Boyle County
School District Finance Corporation
School Building Revenue Bonds,
Series of 2020

Please be advised that the enclosed costs are estimated. Actual costs will not be known until the bonds are sold. Please be advised that no tax increases are necessary to support this financing.

We hereby request that the above bond issue be considered by the Bond Oversight Committee at its next meeting.

If you need any additional information, please do not hesitate to call me at 502.588.8695.

Sincerely,

/s/ Michael Oldiges

Michael Oldiges Associate

BOND PAYEE DISCLOSURE FORM

Par Amount:	\$3,775,000				
Issue Name:	Boyle County School District Finance Corporation School Building Revenue Bonds, Series of 2020				
Purpose:	Old Boyle County Middle So				
Projected Sale Date of Bonds:	May 2020				
First Call Date:	2028				
Method of Sale:	Competitive				
Place/Time of Sale:	TBD				
Bond Rating:	Expected "A1" – Moody's				
Bond Counsel:	Steptoe & Johnson				
Fiscal Agent:	Baird				
Construction Manager/General Contractor:	N/A				
Architect/Engineer:	Clotfelter Samokar				

Date Received by SFCC:	/ /	To be filled in by SFCC
Date Scheduled for Committee Review:	/ /	To be filled in by SFCC

Estimated par amount of Bonds:
% Share of total Bonds:
Estimated average annual debt service:
Estimated debt service reserve:
Estimated Costs of Issuance (1):
Fiscal Agent, Bond Counsel,
Advertisements, Printing, etc.

FINANCIAL ADVISORY PUBLIC	RE: \$15,620,000 Clay County School District Finance Corporation School Building Revenue Bonds, Series of 2020					
FINANCE	Dear Ms. Bizzle:					
BROKERAGE SERVICES	Please find enclosed a Bond Payee Disclosure Form and Plan of Financing related to the above-referenced series of Bonds. The Bonds will be used to finance renovations to Manchester ES, replace a portion of the roof at Goose Rock ES and Clay County Middle School. Please note that this was previously submitted for oversight approval in February 2019. Due to delays in design the project has not bid yet although it is expected to shortly.					
Cincinnati. OH	We would like to go ahead and submit the plan to Bond Oversight so that we will be ready to proceed with the bond sale in the coming months. The Bonds will be funded with local and SFCC funds.					
Lexington, KY	Please process this bond disclosure form for review by the Bond Oversight					
Owensboro, KY	Committee at their next meeting. Should you have any questions or require any additional information, please contact our office.

Municipal Advisor Disclosure of Conflicts of Interest and Other Information

Ross, Sinclaire and Associates, LLC ("RSA")

Introduction

RSA is a registered municipal advisory firm registered with the Securities and Exchange Commission (the "SEC") and the Municipal Securities Rulemaking Board (the "MSRB"). In accordance with MSRB rules, this disclosure statement is provided by RSA to each client prior to the execution of its advisory agreement with written disclosures of any material conflicts of interest and legal or disciplinary events that are required to be disclosed with respect to providing financial advisory services pursuant to MSRB Rule G-42(b) and (c) (ii).

RSA employs a number of resources, which we have outlined below to identify and subsequently manage actual or potential conflicts of interest in addition to disclosing actual and potential conflicts of interest.

- Code of Ethics
- Policies and Procedures
- Supervisory Structure
- Disclosure

General Conflict of Interest Disclosures

Disciplinary History: As a registered municipal advisory firm registered with the "SEC" and the "MSRB", our disciplinary events are required to be disclosed on our forms MA and MA-I filed with the SEC. To review the disclosures on these forms, you may access them electronically via the SEC's Electronic Data Gathering, Analysis, and Retrieval System (EDGAR) at:

RSA MA Disclosure

Ordinary Course of Business: RSA is a registered Broker Dealer with the Financial Industry Regulatory Authority ("FINRA") and a registered Investment Advisory Firm with the Securities and Exchange Commission (the "SEC") that engages in other securities related activities to service its clients. Such securities related activities, which may include but are not limited to the buying and selling of new issue and secondary market securities, may include the securities offering of the client to which RSA is serving as Municipal Advisor.

Compensation Based: The fees due under a Municipal Advisor Agreement may be based on the size of the transaction and the payment of such fees shall be contingent upon the closing of the transaction. While this form of compensation is usual and customary in the municipal securities market, this may present a conflict of interest. RSA believes that this conflict of interest will not impair our ability to render unbiased advice or to fulfill our fiduciary duty to the client.

Sponsorships and Donations: Upon request, RSA may provide sponsorships or donations to various municipal organizations (to which you may be a member), charitable organizations or client sponsored events. RSA limits the size of any such sponsorship or donation to a reasonable level taking into consideration various matters such as the purpose of the organization, other sponsorships or donations made to the organization and RSA's role and physical presence in the community and the state.

Other Municipal Advisory Relationship: RSA serves a wide variety of clients that may potentially have interests that could have a direct or indirect impact on the interests of the client. Additionally, RSA is a broker dealer that engages in underwritings of new issuances of municipal securities. RSA could potentially face a conflict of interest arising from these competing client interests. None of these other relationships or engagements would impair RSA's ability to fulfill its regulatory duties to the client.

To our knowledge, following reasonable inquiry, we are not aware of any actual or potential conflicts of interest that could reasonably be anticipated to impair our ability to provide advice to or on behalf of the client in accordance with the applicable standards of conduct of MSRB Rule G-42. If RSA becomes aware of any potential or actual conflict of interest after this disclosure, we will disclose the detailed information in writing to the client in a timely manner including a plan for mitigation.

Municipal Advisor Disclosure of Conflicts of Interest and Other Information

Ross, Sinclaire and Associates, LLC ("RSA")

Introduction

RSA is a registered municipal advisory firm registered with the Securities and Exchange Commission (the "SEC") and the Municipal Securities Rulemaking Board (the "MSRB"). In accordance with MSRB rules, this disclosure statement is provided by RSA to each client prior to the execution of its advisory agreement with written disclosures of any material conflicts of interest and legal or disciplinary events that are required to be disclosed with respect to providing financial advisory services pursuant to MSRB Rule G-42(b) and (c) (ii).

RSA employs a number of resources, which we have outlined below to identify and subsequently manage actual or potential conflicts of interest in addition to disclosing actual and potential conflicts of interest.

- Code of Ethics
- Policies and Procedures
- Supervisory Structure
- Disclosure

General Conflict of Interest Disclosures

Disciplinary History: As a registered municipal advisory firm registered with the "SEC" and the "MSRB", our disciplinary events are required to be disclosed on our forms MA and MA-I filed with the SEC. To review the disclosures on these forms, you may access them electronically via the SEC's Electronic Data Gathering, Analysis, and Retrieval System (EDGAR) at:

RSA MA Disclosure

Ordinary Course of Business: RSA is a registered Broker Dealer with the Financial Industry Regulatory Authority ("FINRA") and a registered Investment Advisory Firm with the Securities and Exchange Commission (the "SEC") that engages in other securities related activities to service its clients. Such securities related activities, which may include but are not limited to the buying and selling of new issue and secondary market securities, may include the securities offering of the client to which RSA is serving as Municipal Advisor.

Compensation Based: The fees due under a Municipal Advisor Agreement may be based on the size of the transaction and the payment of such fees shall be contingent upon the closing of the transaction. While this form of compensation is usual and customary in the municipal securities market, this may present a conflict of interest. RSA believes that this conflict of interest will not impair our ability to render unbiased advice or to fulfill our fiduciary duty to the client.

Sponsorships and Donations: Upon request, RSA may provide sponsorships or donations to various municipal organizations (to which you may be a member), charitable organizations or client sponsored events. RSA limits the size of any such sponsorship or donation to a reasonable level taking into consideration various matters such as the purpose of the organization, other sponsorships or donations made to the organization and RSA's role and physical presence in the community and the state.

Other Municipal Advisory Relationship: RSA serves a wide variety of clients that may potentially have interests that could have a direct or indirect impact on the interests of the client. Additionally, RSA is a broker dealer that engages in underwritings of new issuances of municipal securities. RSA could potentially face a conflict of interest arising from these competing client interests. None of these other relationships or engagements would impair RSA's ability to fulfill its regulatory duties to the client.

To our knowledge, following reasonable inquiry, we are not aware of any actual or potential conflicts of interest that could reasonably be anticipated to impair our ability to provide advice to or on behalf of the client in accordance with the applicable standards of conduct of MSRB Rule G-42. If RSA becomes aware of any potential or actual conflict of interest after this disclosure, we will disclose the detailed information in writing to the client in a timely manner including a plan for mitigation.

January 15, 2020

VIA ELECTRONIC MAIL

Ms. Chelsey Bizzle Couch, Executive Director Kentucky School Facilities Construction Commission 700 Louisville Road Frankfort, Kentucky 40601

RE: Reporting of Bond Issuance Costs to the Capital Projects and Bond Oversight Committee

Dear Ms. Couch:

Enclosed please find a Bond Payee Disclosure form for the following bond issue:

\$5,705,000 (estimated)
Frankfort (Kentucky) Independent School District Finance Corporation
School Building Revenue Bonds, Series 2020

Please be advised that the enclosed costs are estimates. Actual costs will not be known until the bonds have been sold. A tax increase will not be necessary to support debt service on this financing.

We hereby request that the above bond issue be reported to the Bond Oversight Committee at its next regularly scheduled meeting.

If you need any additional information, please do not hesitate to call me at (859) 368-9622.

Sincerely,

Michael George
Managing Director
