Re: Report of the Public Protection Cabinet

Dear Committee Members:

In discharge of the new requirements imposed upon the Public Protection Cabinet by Senate Bill 99 of the 2023 Regular Session of the Kentucky General Assembly, please find attached two spreadsheets containing information required to be disclosed to the Interim Joint Committee on Appropriations and Revenue. Please be advised of two items related to these documents:

1. Address information for online donors to the respective funds is not maintained by the Public Protection Cabinet. That information is maintained by Kentucky Interactive ("KI"), a contractor of the Commonwealth. That information has been requested, and we will supplement our report with that address information as soon as is feasible.
2. In order to obtain information from the Federal Emergency Management Agency ("FEMA"), the Public Protection Cabinet was required to sign a data sharing agreement that requires us to hold certain data, including personally identity information ("PII"), confidentially. As such, we have redacted the certain data if it was obtained via that data sharing arrangement. In instances where the data was obtained from another source, we have included the address information in an unredacted form. I am including a copy of the data sharing agreement for your reference.

If I may be of additional assistance, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Walbourn".

Jacob C. Walbourn  
General Counsel
