RE: KIPDA ANNUAL REPORT OF RECEIPT OF STATE AND FEDERAL FUNDINGS

Dear Ms. Coy:

In accordance with Kentucky Revised Statute (KRS) 147A.115, enclosed please find the Fiscal Year 2024 *“Annual Report of Receipt of State and Federal Fundings”* for the Kentuckiana Regional Planning and Development Agency (KIPDA). As further required by the statute, this document has also been submitted to the Board of Directors of KIPDA under separate cover.

In addition to the information related to the clients served by our social service programs, I believe it’s important to note that KIPDA completes extensive reporting on activities in other programmatic areas across the agency, including Transportation and Community and Economic Development. This reporting is available to the LRC upon request. Examples include KIPDA’s direct technical assistance to our units of local government, grant and loans written and administered, planning processes led, and the prioritization of water, sewer, and transportation projects.

Additionally, I would like to point out the following:

- Administrative Costs and Direct Expenditures on the attached report do not include Indirect Expenditures.
- Indirect Expenditures on the attached report relate to each program whether associated with Administrative Costs or Direct Expenditures.
- Matching funds that are provided by contractors or subrecipients are not included in the attached report. These matching funds expand the number of services provided.
- The attached report does not include the Medicaid Participant Directed Services Program which provides services to many individuals in our region.

We are pleased to submit the report and look forward to your comments and questions.

Respectfully,

Jarrett Haley
Executive Director
