October 2024

The Cabinet for Economic Development (CED) is pleased to present the Fiscal Year 2024 Annual Report of the Bluegrass State Skills Corporation (BSSC). BSSC plays a significant role in keeping Kentucky's business and industry competitive in today's global economy by assisting them in providing financial support for training its workforce.

Through the hard work of the BSSC Board of Directors and staff, the Cabinet has built a strong reputation for providing customized, flexible, and industry-driven skills training opportunities, and companies continue to place a high value on the programs offered by BSSC. This past year, the BSSC Board of Directors approved 76 grant-in-aid applications for companies and training consortia for the training benefit to over potentially 35,213 Kentucky-resident employees. In addition, the BSSC Board of Directors also approved tax credit applications for 33 companies to provide support to train over 7,363 Kentucky-resident employees.

In addition, CED continues to work closely with our Kentucky Skills Network partners to provide quality training opportunities to our business clients across the Commonwealth to maximize the resources available to help them achieve their workforce development goals. We appreciate the support of Governor Andy Beshear, the Kentucky General Assembly, the Kentucky Economic Development Partnership Board, the Bluegrass State Skills Corporation Board, as well as our many workforce development partners to ensure that Kentucky's workforce is prepared for the jobs of the future.

Sincerely,
