

# MATH NATION A POWERFUL, INTERACTIVE MATH TOOL BUILT FOR KENTUCKY

## Easily Accessible Resources, Anytime and Anywhere

Math Nation's innovative online tools, used both in and out of the classroom, are helping remediate learning loss and boosting math scores for all 6-8th Grade Math, Algebra 1, Geometry, and Algebra 2 students.

### Math Nation resources include:

**PERSONALIZED REMEDIATION TOOLS** to address gaps in knowledge, prevent and correct learning loss from previous years, and propel students to success in on-grade level learning.

**ENGAGING VIDEOS ALIGNED TO THE KENTUCKY ACADEMIC STANDARDS FOR MATHEMATICS** created with patented technology and research-backed strategies to engage students in all middle and high school math concepts and allow students the ability to choose the Study Expert who best fits their learning style.

**CUSTOM-DEVELOPED WORKBOOKS** to accompany the Study Expert videos and present concepts through Kentucky Academic Standards-aligned local examples. Workbooks are printed new each year, eliminating the need for students to share resources.

**STATEWIDE AFTER SCHOOL TUTORING** that extends the school day so students can receive homework help and virtual tutoring at night and on the weekends on the interactive Tutoring Wall from certified teachers and their peers across Kentucky.

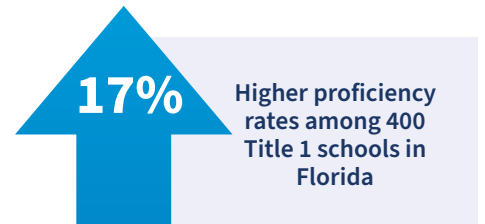

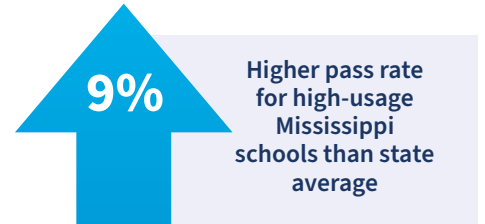

**UNLIMITED DIGITAL PRACTICE TOOLS** presented in a rigorous, online format provide students with immediate feedback, solution videos, preparing them to master state and national standardized tests.

**TEACHER PROFESSIONAL LEARNING COMMUNITY AND RESOURCES** include additional Kentucky Academic Standards-aligned materials, on-demand professional development videos for each topic, collaboration with other Kentucky teachers on the Teacher Wall, and detailed reports.

**FAMILY SPECIFIC RESOURCES** provide opportunities for families to engage with their student's learning with Math Nation's unique reporting dashboard and videos on each topic designed just for families.

**ACT PREP RESOURCES** address key ACT® concepts through a series of videos, digital practice problems, and downloadable PDFs.

**MOBILE APPS BUILT TO PROMOTE EQUITABLE ACCESS** that allow students to download videos and view them offline later when they may not have access to the internet.
