Budget Review Subcommittee on Education
Representative Bobby McCool, Chairman
Capitol Annex Room 136, 702 Capital Ave
Frankfort, KY 40601

Dear Chairman McCool,

On behalf of Northern Kentucky University, we would like to thank you for the opportunity to respond regarding the asset preservation projects for post-secondary institutions. The asset preservation funds are extremely helpful to our campus, providing dollars for essential facility maintenance, systems replacements, and repairs to our aging buildings. The funds will allow us to renovate and update our campus facilities where most needed. Further, the lack of institution match allows us to move quickly on projects and deploy valuable funds to other parts of campus.

Thank you and the General Assembly for your continued support of higher education and our faculty, staff and students.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jenny Sand', written in a cursive style.

Jenny Sand
