MEMORANDUM

TO: Scott Aubrey, Director
Division of Real Properties

FROM: Brien S. Hoover, Leasing Manager
Division of Real Properties

DATE: April 1, 2019

SUBJECT: PR-3974, Jefferson County
Transportation Cabinet

The Transportation Cabinet presently utilizes 151,145 square feet of salt storage space, leased at rental rates of $2.08 per square foot for 47,850 square feet and $1.97 for the remaining square footage ($303,019.16 annually) including utilities, with a term expiring June 30, 2019. During regular renewal processing the lessor advised that they would require a rental rate increase, specifically to $2.25 per square foot for the entire leased premises, including utilities, with a five year term. As reviewed with the Office of General Counsel in 2007, and pursuant to applicable provisions of KRS 45A.095(1), the lease agreement is defined as “sole source” since no other known property can provide features comparable to those at the existing location. This writing is intended to serve as the determination and finding specified in the aforementioned statute. The features referenced above include but are not limited to stable temperature and humidity levels, a central location in Jefferson County with convenient access to Interstate Highways, the ability to store greater volumes of salt due to ceiling height of 25 to 30 feet, the ability to expand as necessary and the lessors historical approval of reductions in the leased premises due to changes in storage requirements, the security associated with underground storage, and the elimination of environmental concerns with water run-off. Efforts to negotiate more favorable terms for the agency did not result in changes to the proposed rental rate; however, the lessor did consent to extend the proposed lease term from five to six years.

The attached lease agreement therefore provides for the use of 151,145 square feet of storage space at a rental rate of $2.25 per square foot ($340,076.24 annually), including electrical service, with a term expiring June 30, 2025. Capital Projects and Bond Oversight Committee reporting is required for the proposed agreement and your approval of same is recommended to secure continued access to central salt storage space for benefit of the Transportation Cabinet.

MEMORANDUM

TO: Scott Aubrey, Director
Division of Real Properties

FROM: Brien S. Hoover, Leasing Manager
Division of Real Properties

DATE: March 14, 2019

SUBJECT: PR-5500, Campbell County
Department of Corrections

The Department of Corrections presently occupies 8,262 square feet of space, leased at a rental rate of $16.89 per square foot ($139,531.00 annually), including partial utilities and excluding janitorial services, with a term expiring June 30, 2020. The Department recently submitted a request to obtain supplemental space that indicated a need for approximately total 13,168 square feet. Supplemental space to accommodate the agency was not available in the existing facility therefore advertisements were placed and the following proposal was received as a result of two separate invitations.

1. Colliers International Incorporated, representing 103 Landmark Drive LLC, proposed to lease 14,786 square feet of space at a rental rate of $19.95 per square foot ($294,980.70 annually), excluding utilities and janitorial services, with a term expiring June 30, 2026. The proposal was submitted with exceptions (e.g., use of existing first floor staff offices, use of common second floor restrooms, etc.) limiting the overall scope of the original specified renovations to the facility.

In the course of attempting to resolve the aforementioned exceptions and attempting to negotiate more favorable terms for the agency, the prospective lessor advised that the rental rate was not negotiable based on initial projected renovation costs of exceeding $300,000.00. The agency consented to a slight waiver (i.e., 10-15 square feet) of normal space standards relative to the first floor professional offices but requested additional design changes in the second floor space, including renovation of the restrooms located within the leased premises. The plan revisions resulting from the various negotiations reduced the proposed lease space to 14,702 square feet, and the prospective lessor requested that the Department absorb the estimated $110,000.00 renovation costs for the design changes to the second floor space.

Recognizing that proposed space would be obtained via applicable provisions of KRS 56.803 as opposed to KRS 56.813(1), that KRS 56.803(11) requires the prospective lessor be informed “...of the steps necessary to bring the property up to general and specific requirement specifications.”, and that KRS 56.803(15)(b) allows for negotiations with a potential lessor when they are the only responsive and responsible potential lessor who submitted a proposal, the request from prospective lessor and the Department of Corrections to address the costs via amortization as described under KRS 56.813(2) was declined. The prospective lessor subsequently proposed to lease space in the offered facility at a rental rate of $20.95 per square foot, with all other terms to remain as originally proposed, and the Department of Corrections has recommended acceptance of the proposal at the modified terms defined herein.

In accordance with applicable provisions of KRS 56.803, the attached lease agreement therefore provides for the use of 14,702 square feet of space at a rental rate of $20.95 per square foot ($308,006.92 annually), excluding utilities and janitorial services, with a term expiring June 30, 2026. Capital Projects & Bond Oversight Committee reporting is required prior to execution in accordance with applicable provisions of KRS 56.823 and KRS 48.111. Your approval of the attached lease agreement is recommended to obtain suitable replacement space as requested by the Department of Corrections.
