Re: PURE Upgrade for Siemens Artis Zee System

Dear Senator Girdler and Representative Thomas:

Pursuant to KRS 45.760(5), the University of Kentucky (UK) hereby reports the purchase of medical equipment in excess of \$200,000, PURE Upgrade for the Siemens Artis Zee System. Money specifically budgeted and appropriated by the General Assembly for another purpose or program is not being used for the expenditures of this item.

The Artis Zee System is designed to exceed the imaging requirements of surgery, interventional cardiology, and radiology, and provide free access to the patient for the anesthesiologist. The design ensures optimum access to the patient's head as well as extensive coverage from head to toe without patient repositioning. The PURE upgrade can enable image-guided surgery, one-stop pre- and post-operative imaging, and endovascular therapy. The equipment cost \$249,999 was funded with UKHealthCare (UKHC) restricted funds. The equipment is in the UK HealthCare A.B. Chandler Hospital.

Please advise if you have any questions or if you would like additional information.

Sincerely,

Angie Martin

Vice President for Financial Planning and Chief Budget Officer

Re: Del Medical Digital X-Ray

Dear Senator Girdler and Representative Thomas:

Pursuant to KRS 45.760(5), the University of Kentucky (UK) hereby reports the purchase of medical equipment in excess of \$200,000, Del Medical digital x-ray. Money specifically budgeted and appropriated by the General Assembly for another purpose or program is not being used for the expenditures of this item.

The Del Medical Digital X-Ray will be in the UK HealthCare Kentucky Clinic and will provide better image quality, quicker results, and lower radiation exposure. Patients will benefit as the new equipment will minimize delays. UK HealthCare (UKHC) will also be able to increase the number of patients served. The \$383,823 equipment and installation cost was funded with UKHC restricted funds.

Please advise if you have any questions or if you would like additional information.

Sincerely,

Angie Martin

Vice President for Financial Planning and Chief Budget Officer
