Academic Computing Pool Comments: This pool will support new hardware for classrooms, laboratory spaces, and desktop device upgrades via lease. This new hardware will consist of projectors, wired and wireless docking podiums, smartboards and displays. Device characteristics will consist of both PC and Mac. This pool will support infrastructure software and tailored software including learning management software upgrades, database software licenses, Prexip platform support, which is EKU's e-Presence vendor, video conferencing capabilities and a variety of additional software platforms to support teaching and learning.	Madison	2018-2020	Other			
Administrative Computing Pool Comments: This pool will support new hardware and software for administrative communications needs and desktop device upgrades via lease. New hardware and software will support email exchange in a virtual machine environment, email inboxes, telecommunications hardware upgrades and associated software licenses, ERP maintenance costs and continuous upgrades for communications security, malware detection and removal and firewall capabilities. Device characteristics will consist of both PC and Mac.	Madison	2018-2020	Other			
Campus Data Network Pool Comments: This pool will support new hardware for communication, safety and security service delivery. This new hardware will consist of storage devices, routers, switches, wireless devices and associated software to support Virtual Machines, related firewall requirements as well as emergency telephonic devices and upgrades for security camera infrastructure and camera devices. This pool was authorized in prior years as the Purchase Networked Education System Components authorization.	Madison	2018-2020	Other
