Independent Accountant's Report

We have reviewed the expenditures of the Kentucky Health Care Improvement Fund from July 1, 2016 to June 30, 2017. The Office of Drug Control Policy (ODCP) and the Cabinet for Health and Family Services (CHFS) are responsible for ensuring expenditures reported within the Kentucky Health Care Improvement Fund are complete and accurate. Our responsibility is to express a conclusion on the expenditures reported within the Kentucky Health Care Improvement Fund based on our review.

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the review to obtain limited assurance about whether any material modifications should be made to the expenditures reported within the Kentucky Health Care Improvement Fund. A review is substantially less in scope than an examination, the objective of which is to obtain reasonable assurance about whether the expenditures reported within the Kentucky Health Care Improvement Fund are complete and accurate, in all material respects, in order to express an opinion. Accordingly, we do not express such an opinion. We believe our review provides a reasonable basis for our conclusions.

Based on our review, we are not aware of any material modifications that should be made to the expenditures, as recorded in the enhanced Management Administrative Reporting System (eMARS) by ODOP or CHFS for the year ended June 30, 2017, in order for them to be complete and accurately reported within the Kentucky Health Care Improvement Fund.

This report is intended solely to fulfill the review requirements established in Kentucky Revised Statutes (KRS) 194A.055 and is not suitable for any other purpose.

Sincerely,

Mike Harmon
Auditor of Public Accounts

Kentucky Agency for Substance Abuse Policy

79 Local Boards in 118 Counties
(17 multi-county & 62 single county)

Updated: 03-11-2015

Executive Summary

KY-ASAP has continued to evolve since its placement into the Office of Drug Control Policy in 2004. KY-ASAP continues to embrace and incorporate the philosophy of ODCP to involve the three-pronged approach of prevention, treatment and law enforcement. The Kentucky Agency for Substance Abuse Policy is unique in that local boards determine their own needs for their service area. Through a strategic plan and needs assessment, the local boards identify the issues they need to direct their dollars toward concerning tobacco, alcohol, and other drugs as related to abuse.

Local communities continue to be required to complete a community needs and resource assessment as well as develop a strategic plan and assist in coordinating the local response to alcohol, tobacco, and other drugs before they receive KY-ASAP local board designation. ODCP has applied limited resources to support of the local boards and currently has less than two full-time positions dedicated to local boards¹. Fortunately, Regional Prevention Centers now provide technical assistance both to newly forming as well as existing local KY-ASAP boards. Furthermore, newly designated local boards now receive only \$20,000 upon completion of their needs & resource assessment and strategic planning documents.

KY-ASAP Local Boards now exist in 118 of Kentucky's 120 counties and is currently being used in many of these communities as the primary component of a comprehensive drug education/prevention, treatment, and law enforcement programs. Within that three pronged approach, there are several intervention programs that have been proven to be effective and are available to schools, families and communities.

Local KY-ASAP boards are effective in their individual communities because these boards are comprised of the key stakeholders in the communities. Through these stakeholders a unique and varied perspective can be brought to the discussion table thus allowing a holistic approach to a local board's ability to reach its entire community demographic. These stakeholders include individuals from the following sectors:

School Superintendent	Faith Based Community	Judicial System
Law Enforcement	Media	Health Care
University/College	Mental Health Center	Judge Executive
Health Department	Family Resource Center	Business
Groups in ATOD Prevention	Groups in ATOD Treatment	DCBS
Leaders in ATOD Prevention		

¹staffing levels at ODCP and KY-ASAP decreased from as high as 14 to 3 today

Additionally, local boards may choose to add other community members to its membership roster. These additional members include parents, students, or other community members.

The local KY-ASAP boards, through its community partners, engage in a variety of policy and programming initiatives; examples of these include:

100% Tobacco Free Policy	Attitudes & Behavioral Surveys
Beth's Blessings	Chad's Hope
Community Coalitions	ATOD Assemblies
Curriculum	Curricula Facilitation
DEA National Take Back Days	Drug Court
Drug Court Staffing Training	Drug Testing
DUI Checkpoints	Educational Materials
Educational Meetings	Family Learning Nights
GOALS Curriculum	Health Fairs
HOT Conference	Indoor Smoking Ordinances
Juvenile Drug Court	Keep a Clear Mind Curriculum
Ladies Like Us Curriculum	Law Enforcement K-9 Unit Support
Law Enforcement AlcoBlow Kits	Law Enforcement Breathalyzer
Law Enforcement Crisis Intervention	Law Enforcement Equipment
Law Enforcement Overtime	Law Enforcement Training
Leveraging Other Funding	Life Skills Curriculum
Messaging/Marketing Campaign	Naloxone Distribution
Nicotine Replacement Therapy	Permanent Prescription Disposal
Project Graduation	Project Prom
Protective Factor Building	Random Student Drug Testing Policy
Recovery Month Activities	Red Ribbon Week
Responsible Beverage Server Training	School Resource Officer
Smoking Cessation Classes	Smoke-Free Coalitions
Social Host Policy	Synthetics Educational Trainings
Teens Against Tobacco Use (TATU)	TEG/TAP Programs
Treatment Transportation	Treatment Vouchers
Underage Drinking Campaigns	UNITE Clubs
Youth Coalitions	Youth PSA Contests

The Commonwealth is very fortunate to have local KY-ASAP boards that are extremely dedicated and offer innovative and creative approaches to attacking the tobacco, alcohol and other drug challenges in their communities. These local boards have a unique ability to find community collaborations that allow them to blend and braid various funding sources to provide the best practical solutions to the challenges they face throughout their communities. Through

these community collaborations, local KY-ASAP boards are able to combine KY-ASAP funding with other funding to accomplish more in all communities across the Commonwealth.

Local Boards continue to take advantage of the many collaborative opportunities and outreach responsibilities it has to share the mission regarding prevention, treatment and law enforcement. Boards are always looking for a “teachable moment” with communication and collaboration to be successful.

KY-ASAP will continue to work toward significant goals that will strengthen our position to fight drugs in our communities through innovative partnerships, technology, and leadership.

In conclusion, the KY Office of Drug Control Policy/Kentucky Agency for Substance Abuse Policy cannot stress enough that the local boards are dedicated, effective, valuable, but most of all, successful. They are an excellent local community tool and much needed component in educating, preventing, treating and enforcing substance abuse as part of a comprehensive prevention program.

Local boards are currently and have been involved in the following activities:

- Permanent Prescription Drug Disposal Locations
- Naloxone Distribution in the Community
- Pain Clinic Ordinances
- Synthetic Drug Ordinances
- Supporting Tobacco Cessation programs
- Contracting with local school districts to provide evidence-based prevention programs in schools
- Hosting regional youth summits which focused on tobacco and underage drinking issues
- Investing in Drug Courts for adults and juveniles
- Providing Meth Awareness Trainings for community members
- Payment assistant for treatment services
- Support of School Resource Officers
- Providing financial support to law enforcement for prevention efforts
- Addressing substance abuse policies at all levels
- Media Ads with alcohol, tobacco and other substance facts (locally, statewide, & nationally)
- Student generated Public Service Announcements concerning Substance Abuse issues

- Supported community events such as Red Ribbon Week, Project Prom, Project Graduation, We Card, and Great American Ghost Out
- Collaborated with school districts and health departments to change smoking and drug policies at schools and provided financial support for programs such as Tobacco Education Groups/Tobacco Awareness Program (TEG/TAP), Teens Against Tobacco and Genesis Express
- Hosted Town Hall meetings to build awareness
- Preparing for community and school policy changes such as smoking ordinances, social host ordinances and random student drug testing
- Conducting adult and student surveys to assess the needs of their communities

Local KY-ASAP Boards utilize the KIP (Kentucky Incentives for Prevention) survey, among others, to collect their baseline data. The survey is conducted bi-annually in the fall in even-numbered years, with 6th, 8th, 10th, and 12th graders attending school in most Kentucky counties. To learn more about the KIP Survey and view the latest drug trends among youth in Kentucky visit the Reach of Louisville website at: <http://www.reachoflouisville.com>. In addition to the KIP survey, many local boards also continually conduct other adult and youth surveys in an effort to ascertain the most current and relevant community data.

Got Drugs?

NATIONAL TAKE-BACK INITIATIVE

April 28, 2018

10:00 am – 2:00 pm

The most recent National Prescription Drug Take-Back Day was Saturday, April 28, 2018, to provide a safe, convenient, and responsible means of disposing of prescription drugs, while also educating the general public about the potential for abuse of medications. Kentucky had a total of 77 law enforcement participation, 85 location sites, and collected a total of 12,684 pounds.

In all, Kentucky has collected a total of 121,944 pounds of unused and/or unwanted prescription medications at all Drug Take-Back events and locations since October 2011.

DEA's next National Prescription Take Back Day is **Saturday, October 27, 2018** from 10:00 am – 2:00 p.m.

In the more than two years since new regulations made the disposal of controlled prescription drugs easier for patients and their caregivers, law enforcement agencies, pharmacies, hospitals and clinics have begun continuous collection of these medications.

To make it easier for citizens of the Commonwealth to dispose of their expired or unwanted medications, both prescription and over-the-counter, prescription drop boxes are available across Kentucky. There are now 198 locations in 116 counties, with sites being added daily. Citizens can search by county for the closest to them by visiting the Kentucky Office of Drug Control Policy website at <https://odcp.ky.gov/Pages/Prescription-Drug-Disposal-Locations.aspx>.

National Drug Take Back Day Kentucky Annual Collection Totals*

KYStopOverdoses Website

As the heroin epidemic rages on with other deadly opioids sneaking into the supply, we want to link more people to the medication that can reverse an overdose.

The Kentucky Office of Drug Control Policy – Kentucky Agency For Substance Abuse Policy launched the website KyStopOverdoses.ky.gov in early November which allows people to search for pharmacies that carry naloxone by city, county, or Zip code. Soon we will add health departments that offer the antidote to the searchable database and map.

The drug naloxone, also known by its brand name Narcan, blocks the effects of heroin and opioids to the brain. However, the drug can also pull someone who is overdosing into immediate withdrawal and restore a normal pattern of breathing.

The new website also serves as an information portal as well. Visitors can get information on how to recognize and react to an overdose, how Kentucky’s Casey’s Law can help parents petition the court to get treatment for an unwilling loved one and how Kentucky’s Good Samaritan law works to protect people from prosecution when they report a drug overdose.

The Kentucky Office of Drug Control Policy- Kentucky Agency for Substance Abuse Policy collaborated with the Advancing Pharmacy Practice in Kentucky Coalition, and the Kentucky Board of Pharmacy to develop the website.

The map includes more than 300 pharmacies and will be updated as new pharmacies are added.

KY-ASAP: Partnership for a Drug-Free Kentucky

In 2008, The Office of Drug Control Policy in collaboration with the Partnership for a Drug-Free America started a statewide PSA campaign to bring professionally produced localized media messages to strengthen, and deepen drug-prevention media efforts. Our mission is, simply, reduce substance abuse and support families impacted by addiction in the Commonwealth – especially our young people.

Grassroots efforts are vital to changing attitudes about drug and alcohol use, educating individuals about health risks and effectively changing behaviors. Our Alliance Program plays an invaluable role at the local level. Our extraordinary partners tap into local drug use prevention and treatment expertise and bring our campaigns to life in a way that no national organization could accomplish working alone.

This integrated network is continually finding new ways to do their work and new partners to enlist in their ongoing efforts to address emerging drug threats and to connect the public with local resources.

Since our beginning, Kentucky's print, radio, and television media outlets have donated a limited amount in pro bono services for Partnership anti-drug messages.

Due to the Partnerships stringent rules and regulations on the distribution of their PSA's, additional funding would be used in reaching far more media and public awareness campaigns thus giving ODCP/KY-ASAP the capability of tailoring a successful prevention model for all Kentucky communities.

While ODCP\KY-ASAP continues to take advantage of the many collaborative opportunities and outreach responsibilities it has developed to share our mission, it is imperative for us to be able to disseminate that information statewide.

A few of the initiatives that have moved this project to the next level and reached over 5 million people in the Commonwealth are:

- National Cinemedia Theatres (Louisville, Lexington, Paducah, Ashland, and Bowling Green)
- ScreenVision Theatres (Hopkinsville, Middlesboro)
- AdSpace Mall Digital Network
- University of Louisville Student Center Digital Signage Network
- University of Kentucky Student Center Digital Signage Network
- IMG University of Kentucky Sports Network

With a sustainable statewide enhanced media campaign, the Kentucky Office of Drug Control Policy/KY-ASAP can continue to strive towards, and succeed in our goal: that whether in the workplace, at school, at home, or in the community, the people of the Commonwealth are never far from an anti-drug message.
