**Via:** Jessica S. Honican, Director, Division of Corporation Tax, Office of Income Taxation *JSH*

**Date:** December 1, 2018

**Subject:** Energy Efficiency Products Credits Annual Report  
For year ended June 30, 2018

In accordance with KRS 141.436, please accept this report of credit allowed as required by statute. Specifically, the statute requires the Department of Revenue to report to the Legislative Research Commission the amount of energy efficiency products credit taken on tax returns filed during the fiscal year ended June 30, 2018. For fiscal year ended June 30, 2018, no amount (\$0.00) of credits were taken on any tax returns for energy efficiency products. The credits were applicable for taxable periods beginning after December 31, 2008, and beginning before January 1, 2016 with a one-year carry forward allowed for any credit not able to be taken in full in the year in which it was generated. The period in which the tax credits were able to be utilized has ended, therefore this is the final Annual Report that will be issued by the Department of Revenue for the credits provided for in KRS 141.436.
