Households with high energy burdens?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Other?	<input type="radio"/> Yes <input checked="" type="radio"/> No

Explanations of policies for each "yes" checked above:

We give priority to elderly and disabled individuals by allowing them to pre-register.

In the Subsidy component, the biggest assistance will be provided to households with the lowest incomes relative to 150% FPL and the biggest heating season energy costs. Once eligibility is established, payment to a household's fuel provider is made for the full benefit amount.

For each of the seven primary heating fuels,(natural gas, fuel oil, propane, kerosene, wood and coal), an average cost fo unit of fuel will be identified prior to the opening of the Subsidy application period. Benefits will be structured so the lowest income households with the biggest energy burden receive the highest benefits relative to fuel type. Please see the attached benefit matrix for more information.

Applicants who are 60 and above or have disabilities and who receives a fixed income may pre-register. For the pre-registration process, no benefits are issued until subsidy begins.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

In the Subsidy Component, the highest of assistance will be provided to households with the lowest incomes relative to federal poverty guidelines and the highest heating season energy costs. Once eligibility is established, payment to a household's fuel provider is made for the full benefit amount.

For these primary heating fuels (fuel oil, propane, kerosene, wood, and coal), an average cost per unit of fuel will be identified prior to the opening of the Crisis application period. Based on this unit fuel cost information, an average cost will be calculated. Benefits will be structured so the lowest poverty level households receive the highest benefits relative to fuel type.

Applicants who are 60 and above or have disabilities and who receive a fixed income may pre-register.

In addition to this language, if a household has no heating/cooling source or has a disconnection notice for their primary source of heating/cooling and the health or wellbeing of a household member would be in danger if the heating/cooling crisis is not alleviated. Each application is evaluated on a case-by-case basis to determine if there is a crisis and whether it is life-threatening. Other factors taken into consideration are weather conditions, extreme temperatures, ages of household members and household members' health.

1	All Household Sizes	HHS Poverty Guidelines	200.00%

5.2 Do you enter into an interagency agreement to have another government agency administer a WEATHERIZATION component? ☒ Yes ☐ No

5.3 If yes, name the agency. Kentucky Housing Corporation

5.4 Is there a separate monitoring protocol for weatherization? ☒ Yes ☐ No

WEATHERIZATION - Types of Rules

5.5 Under what rules do you administer LIHEAP weatherization? (Check only one.)

☐ Entirely under LIHEAP (not DOE) rules

☐ Entirely under DOE WAP (not LIHEAP) rules

☐ Mostly under LIHEAP rules with the following DOE WAP rule(s) where LIHEAP and WAP rules differ (Check all that apply):

☐ Income Threshold

☐ Weatherization of entire multi-family housing structure is permitted if at least 66% of units (50% in 2- & 4-unit buildings) are eligible units or will become eligible within 180 days

☐ Weatherize shelters temporarily housing primarily low income persons (excluding nursing homes, prisons, and similar institutional care facilities).

☐ Other - Describe:

☒ Mostly under DOE WAP rules, with the following LIHEAP rule(s) where LIHEAP and WAP rules differ (Check all that apply.):

☐ Income Threshold

☒ Weatherization not subject to DOE WAP maximum statewide average cost per dwelling unit.

☐ Weatherization measures are not subject to DOE Savings to Investment Ratio (SIR) standards.

☒ Other - Describe:

Weatherization is not subject to the DOE WAP average Health and Safety costs limitation per dwelling.

Weatherization services may be eligible for households in FFY 2024 to re-weatherize units in which work was performed on or before September 30, 2012.

LIHEAP funding may be used on energy saving measures that (Savings to Investment Ratio) is at a .60 or greater in the client completion report.

DOE formula to be applied to LIHEAP WX allocation. This would allow more training opportunities for contractors and crews.

A portion of program benefits is used to fund weatherization reay activities following DOE framework for weatherization ready.

Priority is also given to households identified as having a high energy burden. A high energy burden is defined as 15% or more of the household income and those residing in high energy dwellings.</p> <p>5.7 we do not have different eligibility policies for renters unless it is a M-F project. Then we follow DOE guidance. Renters are eligible. It is their income that is used. MODEL PLAN
SF - 424 - MANDATORY**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)**10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?**

Program Monitoring: CAK will monitor the local community action agencies LIHEAP program at least once during the program year to assure the appropriate delivery of services and documentation of case actions and billings. Monitoring reports will be completed for each agency and will include a summary of program and financial performance. A description of any corrective action to be taken will be included, if necessary. CAK will send reports to DCBS Program Specialist for LIHEAP to review and approve before mailing to agency. CAK will follow up on all correction plans and report resolutions to DCBS for approval. DCBS has engaged the CHFS Office of Inspector General to perform quality reviews of CAK and all Kentucky Community Action Agencies audit reports.

DCBS, Division of Administration and Financial Management (DAFM), Contract Performance Branch, will monitor CAK during the year to assure that the operation of the program is in compliance with all contract requirements and federal statutes.

Kentucky Housing Corporation (KHC) receives an audit of their Weatherization Assistance Program (including LIHEAP funded Weatherization) as part of the Statewide Audit of the Commonwealth, performed by Kentucky's Auditor of Public Accounts. DCBS reviews the statewide audit for any findings related to the program.

KHC will monitor the local community action agencies' weatherization program at least once during the program year. The purpose of the monitoring is to assess program compliance with the Kentucky Weatherization Assistance Program (WAP) requirements. Monitoring reports completed for each CAA will include a description of concerns, observations or findings, which will require a corrective action plan. A copy of each monitoring report, including corrective action plans will be provided to DCBS for review. See the attached monitoring tool and checklist utilized by KHC.

The DAFM Contract Performance Section monitors DCBS contractors for compliance review and approval with contractual provisions and federal/state laws. The Contract Performance Section prioritizes the annual monitoring of all contractors whose funding total require the contractor to undergo an annual audit performed in accordance with 2 CFR, Part 200 Subpart F. All DCBS contractors receive an on-site monitoring no less than once every three years or are monitored more frequently upon request of DCBS program staff.

Fiscal Monitoring: Methods and procedures are in place for properly charging the costs of administration under the plan and are maintained in accordance with Federal requirements as specified in 45 CFR 205.150 and 45 CFR Part 95 Subpart E, including identifying costs applicable to each of the separate federal programs. Revisions in such methods and procedures are submitted by CHFS on a timely basis for approval by the Department of Health and Human Services.

Procedures for determining reasonableness, allowability and allocability of costs are in accordance with provision P.L 97-35, as amended, 45 CFR Parts 75 and 96 as applicable, 2 CFR Part 200 Subpart E and federal agency implementing agencies as applicable and applicable state laws including KRS 273.410 through 273.468 through 45.359. These requirements are applicable to subcontractors who will be required to report to CAK in a manner that meets CAK's reporting requirements to the Cabinet.

The DFS LIHEAP Public Assistance Program Specialist (PAPS) participates on-site reviews with a minimum of 20% of annual reviews. The PAPS also reviews a copy of each monitoring report and approves prior to CAK notifying the local agency. DAFM chooses agencies that were not chosen during the previous year.

DCBS tracks LIHEAP expenditures through a daily report emailed to DFS and DAFM. The report includes the following details per local CAA: Total Allocation, Expenditures, percentage of allocation spent, remaining benefits, anticipated days left of funds to be available, date running out, number of applications, and number of households approved.

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

N/A

12.4 Describe your fair hearing procedures for households whose applications are denied.

An opportunity for a hearing is made available in accordance with community action agency appeal procedures as stated in the LIHEAP manual. A hearing will be granted to any individual requesting a hearing because his claim for assistance is denied or not acted upon in a timely manner.

Requests for a hearing must be in writing. The community action agency may assist the claimant in submitting the request. Time allowed for claimants to file for a hearing is thirty(30) days from the date of the notice of the eligibility decision.

If dissatisfied with the community action agency decision, the claimant may further appeal to CAK. If dissatisfied with the decision of CAK, the claimant may appeal through CHFS.

Hearings are conducted at a reasonable time, date and place. Adequate preliminary written notice is given. The hearings are conducted by an impartial official or designee of the agency who has not been directly involved in the initial determination of the action in question. The claimants, or their representatives, are given adequate opportunity to examine the contents of the case file, all documents, and records to be used at the hearing, to present the case themselves or with the aid of an authorized representative to bring witnesses, to establish all pertinent facts and circumstances to advance arguments without undue interference, and to question or refute testimony or evidence including the opportunity to confront and cross-examine adverse witnesses.

Recommendations or decisions of the hearing officer are based exclusively on evidence and other material introduced at the hearing. The transcript or recording of testimony and exhibits, all papers and requests filed in the proceeding and the recommendation or decision of the hearing officer constitute the exclusive record. The record is made available to the claimants or representatives at an accessible place and at a reasonable time.

Decisions by the hearing authority will specify the reasons for the decision and identify the supporting evidence and regulations.

When a hearing decision is appealed any individual involved in making the original decision may not take part in making the decision on the appeal.

Final administrative action will be taken within ninety(90) days from the date of the request for a hearing and the claimant is notified in writing of the action.

When the decision is adverse to the claimant, the notice will inform the claimant of the right to appeal to the appeal board and to judicial review.

When the decision is favorable to the claimant, the agency shall promptly make a payment.

Subject to provision for safeguarding public assistance information, all hearing decisions of the agency are accessible to the public.

Weatherization: The CAAs are responsible for resolving all client complaints, including applicant denials, project deferrals, and work quality issues.

Each agency establishes a clear, objective and prompt dispute resolution process that includes mediation and arbitration should internal procedures fail to remedy a complaint. Clients must be informed at time of application of their right to file a grievance. Agencies will also be responsive to requests for information regarding the dispute resolution process. Clients may withdraw a grievance at any time with the understanding they may re-enter the process at the point they withdrew if a complaint is not resolved.

KHC approves and monitors the agency's dispute process and is available to technical assistance and consultation. KHC will also review complaints and ensure all complaints have been resolved.

12.5 When and how are applicants informed of these rights? All claimants are informed at the time of application and at the time of any action affecting their claim of their right to a hearing, the method of obtaining it, and their right to be represented by others or to represent themselves.
12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner. Same as section 12.4

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
SF - 424 - MANDATORY**

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16**13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?**

Every Community Action Agency is given the opportunity to provide counseling to help reduce the households's energy bills. The agencies that do utilize LIHEAP funds for Assurance 16 will provide energy reduction solutions and education, including but not limited to the completion of and follow up on Weatherization applications. The CAAs will provide services based on the needs in their area, assisting household with the thorough and long-term plan to reduce energy usage and energy burden.

Participants that visited Northern Kentucky Community Action Agencies or who had appointments over the phone for assistance with their high heating costs were given energy reduction solutions and education/counseling, including but not limited to: the completion of and follow-up on Weatherization applications/ referrals to Financial Literacy and Home Ownership classes, and Energy Education workshops. The participants were also encouraged to take part in one-on-one counseling by certified Financial literacy and HUD counseling staff; basic Budget and Credit counseling and/or classes, and referral to free tax preparation through the VITA (Volunteer Income Tax Assistance) for low income families.

As applicants apply at Community Action Council, they receive information to make them aware of actions they can take to reduce energy consumption. Topics covered include but are not limited to, turning off lights in rooms not using, usage of compact fluorescent bulbs, turning down thermostat when away and at night, changing air filters. Printed materials are available in English and Spanish. Other brochures and handouts are available and used at the discretion of the neighborhood and community centers.

The Council hopes by providing energy saving tips coupled with financial counseling participants' household expenses will decrease and start a pathway to financial stability.

This is not an additional contract. All local Community Action Agencies have the opportunity to provide Assurance 16 activities given funds are available. NOTE: Northern Kentucky Community Action is a subgrantee through CAK. This overview was provided as an example of the programs offered/actions taken by participating agencies.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

An assurance is written into the contract with CAK, and the subcontracts between CAK and the community action agencies, that a community action agency may use up to 5% of the crisis allocation to provide services to encourage households to reduce their energy costs.

Community Action Council budgets and monitors expenses to ensure they don't spend more than the budgeted amount. This is monitored at least bi-weekly to ensure charges aren't exceeding 5%. The cost of developing and providing such services does not count toward the maximum benefit level for any single household. CAK assists all community action agencies interested in providing such services in developing plans for the use of such funds for review and approval by DCBS prior to the provision of services. Final approval of such plans shall be given by DCBS.

Staff hours are tracked on a bi-weekly basis through our time management system, Paycom, to ensure we do not exceed the allotted amount of LIHEAP Crisis funding. The agency can pull from a cluster of funding sources that help support the education services provided through the Financial Empowerment Program. In partnership with our largest energy provider, Duke Energy, and HUD/KHC, we can extend energy savings education year-round. With the additional LIHEAP crisis funds the agency staff can target households that are capable of moving past the crisis situation and look to a long-term plan for financial stability.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

NKCAC: The high costs of daily living continues across our nation. We continue to see families struggling with meeting daily needs. Utility arrearages have been and remain higher than in previous years and many more people are dealing with eviction. Through LIHEAP assistance and information offered during those appointments, NKCAC has been able to educate families on the impact of energy saving by providing energy saving tips that can assist with reducing energy costs and with maintaining them at an affordable rate. Households also benefited from one-on-one budget counseling, energy efficiency classes and Weatherization services that helped to weatherize homes and replace old appliances, making the homes more energy efficient

Community Action Council: We have continued to see an increase in income eligible families/individuals due to the affects oss of elmployment, eviction and or excessive utility arrearages. Through LIHEAP assistance and education/information energy counseling can inform, and educate families/ individuals on the impact of energy saving steps/tips that can assist with keeping their home energy costs lower and more affordable.

Ky River Foothills: Energy education was provided in the form of energy saving tips including workbooks and fliers. Information was provied to assist with energy costs and making the household more energy efficient. Staff encouraged applicants to apply for weatherization. Energy saving information was provided to those attending financial literacy classes. \$25 gift cards were given to attendees as an incentive to purchase energy saving light bulbs, shower heads and other energy saving items.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

There are several other programs available to LIHEAP applicants for energy assistance, including WinterCare an ongoing assistance program for home energy.

NKCAC One hundred participated in the Payment Plus class. This provides qualifying customers the opportunity to earn up to a \$500 reduction on their utility bill. By participating, customers will learn how to control their energy bills, receive money-saving tips for balancing their budget and can have their home weatherized - all for free!

CAC Lexington: Families/individuals were able to access various programs this year through LIHEAP funds, Housing and Homelessness Funds & Housing Stabilization funds in addition to those funds we have local dollars - Winter Care funds. We offer possible enrollment in ongoing programs to receive credit on their utility bills, weatherization, and additional federal, local, and state funds we could apply/assist with as well. \$25 gift cards are being used as incentives so participants can purchase energy light bulbs, shower heads, and other energy saving items.

KY River Foothills offered financial literacy classes to improve financial management skills. Financial literacy classes covered financial management, budgeting, savings, emergency funds, and timely bill payment. \$25 gift cards will be used as incentives so participants can purchase energy saving light bulbs, shower heads, and other energy saving items.

13.5 How many households applied for these services? 9545

13.6 How many households received these services? 8242

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

 - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --
 - (1) Abide by the terms of the statement; and
 - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification

number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted -(1)
