Curriculum

Why ACT? AP?

"You only care about the top kids..."

Held accountable for top 10% and ensure they are growing. When we provide opportunities and strategies for them, we increase student achievement for all. A teacher may teach 1 AP class but they also teach 3-5 other classes that benefit from the same strategies those top 10% receive.

Internships, Apprenticeships, Job Shadowing, Speakers...YES!!!

Advanced Placement = Transition Success

"To and through postsecondary..."

*GHS has an 83% pass rate on AP exams
