To the Citizens of the Commonwealth:

It is my pleasure to share with you a copy of the State Fiscal Year 2021 Annual Plan for the intended use of Social Services Block Grant funds, in accordance with Title XX of the Social Security Act. The annual plan is based on estimated receipts in accordance with federal authorization. Should the actual appropriation differ, the plan will be changed accordingly.

The plan focuses on continuation of those programs mandated by Kentucky Revised Statutes and the family-based approach to service delivery as authorized by the Kentucky General Assembly. This annual plan does not reflect the total social services programs, as some programs and services are not funded by the Social Services Block Grant.

Informed and active citizens' participation continues to be a major factor in the prudent use of scarce resources. Please send any comments or recommendations to Tracy DeSimone, Division of Protection and Permanency, 275 East Main Street, 3E-A, Frankfort, Kentucky 40621 or tracy.desimone@ky.gov.

Your assistance in helping us develop and implement the best possible social services programs is appreciated.

Sincerely,

Introduction

The Omnibus Budget Reconciliation Act of 1981 enacted by Congress and signed by the President on August 13, 1981, amended Title XX of the Social Security Act to create the Social Services Block Grant (SSBG). This act, P.L. 97-35, became effective October 1, 1981. The purpose of P.L. 97-35 was to consolidate federal assistance for social services into a single grant, to increase state and local flexibility in managing federal funds, and enable states to target social services to those populations that might not otherwise be eligible for services needed to remain self-sufficient and economically independent.

With the Omnibus Budget Reconciliation Act of 1981, states were given the responsibility for determining what services, supports, and activities they deemed appropriate to meet the overall goals of the SSBG program. They were also asked to determine which entities or service delivery methods to provide, the eligibility requirements for individuals to be served, and the entities, network, or administrative functions to administer these funds. The Commonwealth of Kentucky (Commonwealth) has determined that in addition to the existing federal program goals, training is a critical need for staff dedicated to the delivery of services and supports to meet these goals. Significant components of Kentucky's annual plan to ensure successful program outcomes include:

- Adult protective services;
- Child protective services;
- Home safety services;
- Juvenile services;
- Residential treatment services; and
- Staff training program.

The Commonwealth provides for legislative oversight, review, and approval processes for all federal block grants, as set forth under Kentucky Revised Statutes (KRS) 45.350 through 45.359. The legislative research commission (LRC) is the fact-finding and service body for the state's legislature, and as such refers the block grant application to the designated review body of the general assembly.

Kentucky's annual plan for the intended use of the SSBG funds is prepared in accordance with 42 U.S.C. Sec. 1397; KRS 45.350 through 45.359; CFR Title 45, Part 96; and other applicable policies and procedures established by the Cabinet for Health and Family Services (CHFS/cabinet), Department for Community Based Services (DCBS/department).

Designation of The State Agency and Organization

The Cabinet for Health and Family Services, Department for Community Based Services is the official title of the single state agency responsible for the direction, use, and reporting of the comprehensive activities in compliance with the proper and efficient operation of social services programs in the Commonwealth of Kentucky. Organizational charts for both the cabinet and DCBS are in **Appendix I**.

Program Year

Kentucky's program year coincides with the state fiscal year (SFY). This annual plan covers the period from July 1, 2022, through June 30, 2023. Funds expended for contractual services, supports, and activities are set out in written agreements with effective dates that coincide with the SFY dates.

Since the federal fiscal year (FFY) runs from October 1st through September 30th, the estimated SSBG federal funds available for the SFY are obtained by using one-fourth of the funds appropriated in FFY 2022 and three-fourths of the funds appropriated in FFY 2023. **See Appendix II.**

Goals and Objectives

SSBG may be used to provide services directed toward one or more of the following five national goals:

- Achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency;
- Achieving or maintaining self-sufficiency, including reduction or prevention of dependency;
- Preventing or remedying neglect, abuse, or exploitation of children or adults unable to protect their own interests, or preserving, rehabilitating or reuniting families;
- Preventing or reducing inappropriate institutional care by providing for community-based care, home-based care, or other forms of less intensive care; and
- Securing referral or admission for institutional care when other forms of care are not appropriate or providing services to individuals in institutions.

The Commonwealth has designed its social services programs to address these goals, and supports a delivery network to ensure successful outcomes for the goals. The following are service categories and their related goals under SSBG:

- **Adult protective services:** Services designed to prevent and remedy abuse, neglect, or exploitation, increase employability and/or self-sufficiency, prevent inappropriate placement, or secure appropriate placement.
- **Child protective services:** Services to children and their families to prevent or remedy abuse, neglect, or exploitation.
- **Home safety services:** Services to families to enable them to improve or maintain adequate in-home living and family well-being.
- **Juvenile services:** Services to children and their families to prevent or remedy abuse, neglect, or exploitation, and to help prevent the youth's future involvement with the juvenile or criminal justice system.
- **Residential treatment services:** Community-based residential care and treatment for children with behavior problems to enable the individual to become self-supporting, function better in the community, and avoid inappropriate institutionalization.
- **Staff training program:** Professional development and training for DCBS staff.

Eligibility Criteria

To be eligible for social services provided under SSBG, a person must be a resident of Kentucky or a juvenile classified as a runaway. The provision of service depends not only upon the need of the individual or family, but also upon the availability of the service at that time. The quantity of block grant services available at any given time must be held at a level that will assure the availability of services throughout the program year within the limitations of the budget. Eligible clients who cannot be served at the time of their request will be so notified. There are no fees for services.

In addition, to determine “adult” or “child”, the following definitions apply:

- “Adult” as defined by KRS 209.020 means “a person eighteen (18) years of age or older who, because of mental or physical dysfunctioning, is unable to manage his or her own resources, carry out the activity of daily living or protect himself or herself from neglect, exploitation, or a hazardous or abusive situation without assistance from others, and who may be in need of protective services.”
- KRS 199.011 and 600.020 define “child” as “Any person who has not reached his eighteenth (18th) birthday”.
- Additional clarification regarding the definition of child can be found in KRS 610.110 which states “...upon motion of the child and agreement of the Department of Juvenile Justice or the Cabinet, as appropriate, the court may authorize an extension of commitment up to age twenty-one (21) for the purpose of permitting the Department of Juvenile Justice or the cabinet, as appropriate, to assist the child in establishing independent living arrangements if a return to the child’s home is not in his best interest.”

Planning and Budgeting Process

The planning and budgeting process within DCBS follows the state budget process. In early fall of odd numbered years, the Governor provides each department within state government an indication of the allowable limits of the budget for the next biennium. The commissioners of the departments then meet with executive staff to indicate the budget limitations to be expected. Each individual program director completes budget forms using input from staff, current levels of service, anticipated increases or decreases, and program evaluation and monitoring. These budget forms are in the nature of a budget request.

The department’s Division of Administration and Financial Management (DAFM) provides technical assistance to DCBS divisions. The budget forms from DCBS are consolidated into a total budget request for the cabinet. The cabinet then submits its request to the Office of State Budget Director for review, recommendations, and inclusion in the Governor’s budget request to the general assembly, during the regular session of the legislature. The budget includes SSBG funds.

The Kentucky legislature typically meets in January of even-numbered years to implement the biennial budget. The product of the legislative session is an appropriation for each of the next two years including all funding sources. This SSBG plan is based on continuation of existing funding. A budget reduction plan to manage any federal or state fund reduction has also been developed.

Data Used to Determine the Proposed Use and Distribution of Funds

The following data was used to determine the clients to be served, and the use and distribution of funds:

- State-mandated programs;
- Prior and present service utilization;
- Funds available;
- Information obtained from surveys, focus groups, program evaluation, and monitoring;
- Availability of other funds for the service; and
- Historical data on trends.

Funds are used to provide services directly by departmental staff located throughout Kentucky or by purchase of service contracts with individual, public, or private providers. These contracts are individually negotiated based on responses to the DCBS request for proposals and sole source negotiations.

Projected expenditures for the 2022-2023 fiscal year were based on actual cost data for prior years, the Kentucky Executive Branch budget, and supporting data prepared for that document. Since direct services staff provide most of the state-mandated services, this accounts for 90% of the funds expended. The service regions' estimates for the proposed use of funds are based on utilization of services and staff costs.

The clients served and expenditures are only estimates and may be changed throughout the program year, depending upon the need and demand for a specific service. For fiscal year 2022, an estimate of clients and expenditures by service is included as **Appendix III**.

DCBS considers SSBG a revenue source, not a particular program. Estimated receipt of the federal funds applied for is approximately 25% per quarter. DCBS funds and administers all services addressed in this annual plan. In addition, there will be no transfer of funds from another block grant to SSBG or vice versa.

Administrative costs include funds expended for training, administrative support, or overhead costs. The portion of federal block grant funds to be used for administrative costs during SFY 2022 is projected at \$77,967,200.00.

Needs Assessment

Estimates of needed services are derived from historical data regarding the need and use of these funds, departmental efforts to maximize resources, issues and problems identified by DCBS service regions, and information contained in the Kentucky Executive Branch budget. Needs assessment is a researched effort by DCBS, which include data analysis and considerations from staff, clients, and community partners. Data analysis results from information pulled from Kentucky's Comprehensive Child Welfare Information System (CCWIS), also known as The Worker's Information SysTEM (TWIST), and quality assurance reviews. TWIST contains not only data used for child welfare, but also contains data regarding adult protection cases.

Priority is placed on services mandated by Kentucky statutes, as state general fund dollars are not available to meet the total costs of the mandated services. **See Appendix IV.**

Method of Service Delivery

DCBS uses two different, but related, methods of service delivery. Services are delivered through the direct service method or the contracted service method.

- Direct service method--This method involves the provision of services by DCBS regional staff assigned to each of the 120 counties of the Commonwealth. Generally, these services are necessary to carry out the state-mandated programs.
- Contracted service method--This method involves the purchase of services from another public or private agency through a contractual or written agreement. The contractual arrangements specify the services to be provided and the geographical area to be served. While these services support the state-mandated programs, the purchase of services through contractual arrangements have been determined to be more cost effective than to provide them directly, and direct service staff make referrals for these services. In certain areas of the state where direct service staff are not sufficient to meet service delivery needs, and there is an agency with the capability of providing the needed services, a contract is awarded rather than expanding state staff.

Purchase of Services

Purchase of services by contract is an allowable method of service delivery under the block grant concept and is utilized within budget limitations. **See Appendix V.** Faith-based organizations providing contract services for the cabinet will be treated in accordance with CFR Title 45, Parts 87 and 96.18.

Proposed contractual arrangements and contract amounts projected within this plan are subject to review and modification based on the availability of funding, legislative committee oversight, and cabinet oversight processes. Inquiries regarding contracts for the provision of services and training under the block grant should be directed to the Office of Administrative and Technology Services, 275 East Main Street, 4EC, Frankfort, Kentucky 40621.

Approach to Service Delivery

The mission of DCBS is to build an effective and efficient system of care with Kentucky citizens and communities to:

- Reduce poverty, adult and child maltreatment, and their effects;
- Advance person and family self-sufficiency, recovery, and resiliency;
- Assure all children have safe and nurturing homes and communities; and
- Recruit and retain a workforce and partners that operate with integrity and transparency.

The vision statement of DCBS is:

A human services system of care that operates with integrity and loyalty to a code of ethics requires courage to take responsibility for providing the highest quality of service to the vulnerable. The Department for Community Based Services is an innovative, solutions-focused learning organization built on a foundation of transparency in action and with accountability for results. Both within the organization and among our partners, we thrive on a culture of respect for diversity of opinion that is nurtured through open communication. Highly performing and committed, we are unified in our goal of excellence in achieving outcomes for those we serve with the level of quality we would demand for our own families.

Role of Other Public and Private Agencies In the Service Delivery System

Services provided by departmental county offices are coordinated with other community resources and services through joint planning with other social planning bodies in the community, such as Community Action Agencies, Area Agencies on Aging, private child-caring (PCC) facilities and private child-placing (PCP) agencies, and regional committees/workgroups. In addition, the social services worker assigned to each family has the responsibility to coordinate services for the clients to avoid any possible duplication of services and to identify, evaluate, and utilize all available state, federal, and local resources that may be helpful to the family.

Catalog of Services and Activities

The catalog of services is arranged in alphabetical order by service title. Each service contains a definition of the service, eligibility criteria, method of service delivery (direct service provided by DCBS service regions and/or service provided through written agreements), statewide and regional estimates of individuals to be served, estimate of expenditures, source of funds, and an established goal. **See Appendix VI.**

Other activities include:

- Room and board, medical care, and emergency shelter care; however, they must be integral, but subordinate to the social services being provided;
- Staff travel necessary to the provision of a service is an allowable service cost;
- Educational services included in some service definitions are either non-academic or those that are not usually available free to the general public; and
- Case management and activities, necessary to assess the needs of the individual or family, and develop or update the social services plan, are allowable activities under every service.

Quality Assurance

The primary quality assurance mechanism in Kentucky is the continuous quality improvement (CQI) process. CQI is a continuous process that identifies and evaluates problems, uses a multidisciplinary approach and focuses on systems rather than individuals. The CQI process underlies all programs and services provided by DCBS. The mission of the CQI process is to allow

for a comprehensive department-wide process that staff uses to evaluate performance and create plans for improvement.

Since its introduction into the agency in 2000, the CQI process has allowed for significant progress through program development and implementation of the following corresponding strategies:

- Promoting a culture to sustain quality assurance and improvement;
- Ensuring that TWIST is capable of capturing key program data;
- Implementing a statewide CQI case review process and establishing quality improvement teams to empower staff at all levels;
- Viewing recipients of services and community stakeholders as partners in the achievement of quality results; and
- Collaborating with external resources for data, reports, and research to assist in improving the quality of services and outcomes.

The CQI process has been the foundation for strategic planning and program improvement in all department program areas and continues to evolve with improved use and organization of data. The cabinet has learned that presentation, consistency, analysis, and the use of data are required to improve practice and policy and facilitate the evolution of the CQI process. Another effort, continuing from the strategic planning in child welfare and expanding into other program areas, is data fact sheets that measures Kentucky's progress towards child welfare outcomes by service region and state. These data are made available to the service regions on a regular basis throughout the year.

The cabinet has also sought guidance from the Administration for Children and Families (ACF) and technical assistance from national consulting groups with the tracking, presentation, and archiving of data that are most useful to the agency and best capture the provision of services and progress towards desired outcomes. These data will continue to assist in the service regions' and central office's quality assurance efforts.

Service Appeals/Hearings

DCBS has established a hearings process and policies and procedures covering applicants for and recipients of service (or their representatives) who allege that an agency action resulted in the denial, suspension, reduction, modification, or termination of services or federally-funded benefits. These protections and processes are established in 922 KAR 1:320 and 1:480.

Staff Training

The Training Branch provides comprehensive training and professional development for new and tenured protection and permanency staff. Training development and delivery is based on standards applicable to adult learning theory with the goal of increasing programmatic knowledge and job skills while improving work performance and service delivery to families and children. Training is based on the philosophy of continuously improving delivery of services that are strength based, client oriented, family focused, culturally responsive, and dedicated to promoting and enhancing self-sufficiency and safety for families, and protection and permanency for children.

Departmental training is designed for staff to proceed through a systematic program of improving knowledge and enhancing job skills as outlined in the Protection and Permanency Required Training Checklist. Protection and Permanency Required Training Checklist defines minimal training/educational activities for each DCBS program area. Outcome driven skills, competency-based training and educational courses are offered at a statewide or regional level as determined by the DCBS Training Branch.

The DCBS Training Branch will focus its efforts in several major areas including:

- Introduction to Community Based Services course that familiarizes all new hires of DCBS with the functions of DCBS programs related to protection and permanency and family support. This includes an overview of all programs in DCBS, their mission, and expected outcomes. This training enables staff to understand the overall strategic plan of DCBS and how their individual positions support cabinet and DCBS goals as well as how they are supported by others within the DCBS. These trainings are conducted on a regional level.
- Protection and Permanency (P&P) Foundations in Child, Family and Adults Services (Foundations) for New Employees is a skills-based initiative that provides learning opportunities for new employees in P&P. The DCBS Training Branch has created the Foundations training series to better meet the needs of DCBS' new employees, supervisors, and regional staff by providing a training experience framework that is more efficient and effective. The enhanced opportunity consists of eight core trainings that provide a clear guide as to what new employees are able to do (duties/tasks) upon completion of the various training components. Participation in subsequent P&P Foundations training/ tracks is contingent upon the job function the new employee is assigned.
- The new P&P Foundations series contains the following elements:
 - Job function specific "training track" for adult protective services (APS) workers.
 - Content and activities reflective of job duties and tasks identified in the Developing a Curriculum (DACUM) process.
 - Necessary knowledge, skills, critical actions, and standards of practice (SOP) to effectively perform the job.
- Each new employee is required to complete virtual pre-requisites P&P Academy Foundations prior to participating in the series:
 - Social Work Principles, which includes engagement skills and interviewing techniques.
 - Intake Process Systems Part 1, which includes the centralized intake process and medical indicators of abuse.
 - Intake Process Systems Part 2, which includes assessment skills, human trafficking, and cultural humility.
 - Child Protective Services Assessment Skills and Policies Part 1, which includes trauma, safety, and risk.
 - Child Protective Services Assessment Skills and Policies Part 2, which includes intimate partner violence and court.
 - Case Management Part 1: Case Planning, which includes readiness for change, service array, and individual and family level objectives.
 - Case Management Part 2: Out of Home Care, which includes visitation and reunification.

- Child Sexual Abuse in Child Welfare, which includes effects of sexual abuse and working with the victim.
 - Meeting the Needs of Vulnerable Adults Parts 1-2, which is required for adult protective service staff.
- Specialized and advanced trainings are offered to staff on an ongoing basis to increase skills in service delivery. This includes, but it is not limited to Implicit Bias, Forensic Interviewing, Specialized Investigations and Collaborative Services in Mental Health and Substance Abuse. Other program specific training is offered on special topics at the regional and statewide level, as requested. Trainings for increasing employee skills in working with foster/adoptive parents are also offered on an on-going basis.
- The Protection and Permanency Leadership Series is required for protection and permanency supervisors (FSOS), service region administrator associates (SRAA), and service region clinical associates (SRCA). The series consists of five trainings presented to supervisors over a five-month period. Each of the trainings focus on the knowledge, skills, and opportunities for application of critical supervisory skills with a focus on learning reinforcement/transfer of learning for new and tenured employees.

The delivery of outcome-driven training/educational courses requires a variety of learning methodologies and instructional delivery models, including but not limited to web-based learning and instruction, distance learning and instruction, and “on the job” learning experiences in field offices blended with web-based learning and instruction time that supports the opportunity to practice new skills.

Training is delivered to assist staff in meeting federal mandates. This includes but is not limited to limited English proficiency in Title VI of the Civil Rights Act, Health Insurance Portability and Accountability Act (HIPAA), American with Disabilities Act, and training related to meeting outcomes of the federal Child and Family Services Review (CFSR).

Each DCBS service region has the capability of developing, coordinating, and/or providing in-service training to meet their specific needs through the regional training coordinator (RTC), an extension of the DCBS Training Branch. The RTC works in conjunction with the DCBS Training Branch to ensure specific regionalized trainings are consistent and meet the training need.

A two-year pre-service certification program for child welfare workers, the Public Child Welfare Certification Program (PCWCP), is an ongoing DCBS program that works in conjunction with accredited undergraduate social work programs to provide specific academic courses, DCBS agency training, and tuition and stipend for qualified applicants approved to participate. After completion of the program, the PCWCP graduate is obligated to two years of employment in the state’s public child welfare system.

DCBS continues to operate the MSW Stipend Program for selected tenured employees approved to participate. The program was established in response to meeting federal CFSR standards, and enhancement of workforce professionalism. This program works in conjunction with accredited graduate social work programs. After completion of the program, the MSW stipend graduate is obligated to an agency service commitment based on the number of semesters.

Measuring training effectiveness and performance improvement as a result of training activities is essential to assess learning and ensure training alignment with DCBS goals. Training evaluations and feedback will be conducted using an expanded version of the four level Kirkpatrick model designed to evaluate competency-based training curriculum and transfer of learning.

The Training Records Information System (TRIS) maintains the DCBS online training registration system (ORS) and training tracking system for all DCBS staff and foster/adoptive parents. TRIS provides aggregate data and special reports on training events, training hours, participants, prerequisite notification, compliance with training requirements, staff demographics, information for training needs assessment and budgetary analysis, and other related information. Both active and historical training files are maintained in TRIS.

Office of Human Resource Management

The cabinet's Office of Human Resource Management (OHRM) focuses on all aspects of employee services, including personnel administration, professional development and training, health, safety, and equal employment opportunity (EEO) issues. To ensure equal opportunity employment for all Kentuckians regardless of race, color, religion, national origin, disability, sex, or political affiliation, a function of this office is to monitor compliance with civil rights laws. In addition, the cabinet has developed an affirmative action plan, which complies with the State Affirmative Action Plan. Copies of this plan are available in the cabinet's EEO/Civil Rights Compliance Branch, 275 East Main Street, 5C-D, Frankfort, Kentucky 40621.

Non-Discrimination

Cabinet programs are operated in accordance with 920 KAR 1:090.

Confidentiality/HIPAA

KRS 194A.060 provides for protection of the confidential nature of all records and reports of the cabinet that directly or indirectly identify a client and ensure that these records are not disclosed. The cabinet has included confidentiality processes in its employee manual, throughout its orientation training, and additional training activities, as established in the cabinet's strategic plan. In addition, all employees and individuals contracted for service and support delivery to clients of the Commonwealth are required to sign assurances protecting the client's identity and relevant information.

The cabinet has developed policies and procedures for staff and contracted staff concerning requirements of the federal Health Insurance Portability and Accountability Act (HIPAA), and staff is trained in HIPAA privacy and security. To ensure compliance, HIPAA is also included within contractual language of the cabinet.

Audits

The Kentucky State Auditor of Public Accounts (APA) conducts an audit of the Commonwealth of Kentucky annually. A final report is forwarded to the U.S. Department of Health and Human Services.

Block Grant Reporting Requirements

DCBS assures compliance with all federal and state block grant requirements. Federal reporting requirements are established in 42 U.S.C. Chapter 7, Subchapter XX, Sec. 1397c and 1397e; and CFR Title 45, Parts 96.17 and 96.74. State reporting requirements are established in KRS 45.351 and KRS 45.357.

KRS 45.357 requires LRC to review the actual use and distribution of funds annually. The Actual Clients and Expenditures for Fiscal Year 2022 (July 1, 2021-June 30, 2022) is attached as **Appendix VII**. In addition to annual reporting, KRS 45.357 also requires the department to prepare and submit a half-year block grant program status report for legislative review (**included in attachments**).

Public Review

Typically, the Kentucky General Assembly formally reviews a preliminary draft of the Social Services Block Grant Plan 90 days prior to the official deadline for submission to the federal agency. This year's submission is being filed simultaneously with the allowed comment period and legislative review. The Legislative Research Commission will assign the plan to the committee of jurisdiction for their review and public hearing. Additionally, the cabinet advertises the upcoming year's intended use for these funds, and a notice is published in a sufficient number of newspapers to provide statewide coverage. A copy of the plan is made available upon request. Any revisions due to the comment period or legislative review will be incorporated into the plan and resubmitted prior to the implementation date of October 1, 2022.

Scope of Plan

This plan does not include all social services provided by DCBS. Programs and services funded entirely by the Older Americans Act, Titles IV-A through IV-E of the Social Security Act, Community Services Block Grant, and general fund appropriations are not included in this plan. Additionally, other agencies may provide similar services, which are not state or federally funded, or administered by DCBS or under this block grant.

Revision to Plan

The plan will be revised throughout the program year whenever there is a substantial change in the activities, such as the addition or deletion of a total service, or a major change in eligibility or legislative intent. A formal revision to the plan will immediately be submitted to the federal and state agencies for review and approval.

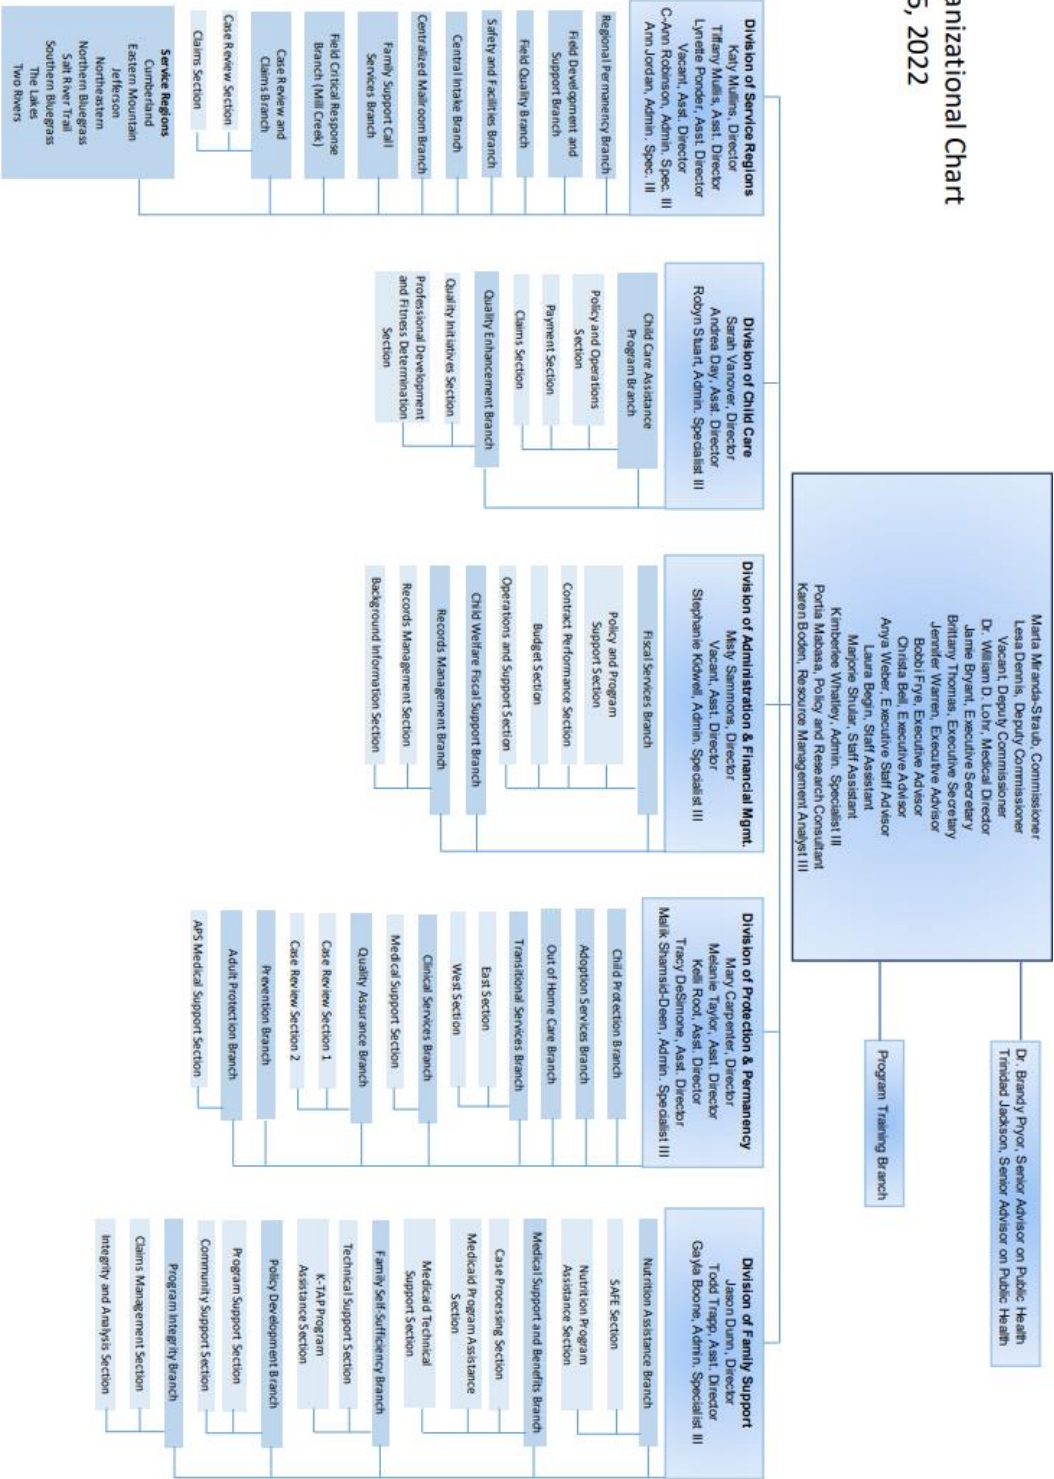

The level of services planned is based on Kentucky's share of the national authorization. Should the appropriation change, the plan will also be revised accordingly.

ELIGIBILITY: **Need**

Adult protective services are designed to protect persons 18 years of age or older, who because of mental or physical dysfunction, are unable to manage their own resources or carry out the activities of daily living or protect themselves from neglect, hazardous, or abusive situations without assistance from others. These services undertaken with or on behalf of an adult may include investigation of complaints of possible abuse, neglect, or exploitation, and taking appropriate action; identifying individuals at risk; assisting with financial management and providing supportive services; counseling; safety planning; advocating for clients; securing safe emergency shelter; providing information and making referrals; locating needed community resources; or preventing or remedying abuse, neglect, or exploitation. Adult protection staff may serve on the interdisciplinary team for determination of disability and assist in making arrangements for a guardian, conservator, or payee to represent a client.

GOAL

To provide protective services to 105,120 adults designed to prevent and remedy abuse, neglect, or exploitation; to increase employability and/or self-sufficiency; prevent inappropriate placement; or secure appropriate placement.

ELIGIBILITY: Need

Child protective services are preventive and corrective services directed toward safeguarding the rights and welfare of an abused, neglected, or dependent child; assuring for each child a safe and nurturing home; strengthening family life; and assisting a parent or other person responsible for the care of a child in recognizing and remedying conditions detrimental to the welfare of the child. The primary elements of protective services consist of identification of children at risk; receipt and investigation of reports of abuse, neglect, or dependency; determination of the risk to and vulnerability of the child and/or his siblings; initiation of court action, when necessary; arranging for the provision of, and assisting families in the utilization of appropriate services and community resources; removal of the child from the home when necessary; or information and referral services. This service also includes conducting investigations for the court on petitions brought to the court on abuse, neglect, or dependency of children, and custody investigations ordered by the court.

GOAL

To provide 353,010 children and their families with services designed to prevent or remedy abuse, neglect, or exploitation.

ELIGIBILITY: Client must currently be receiving adult protective, general adult, or child protective services; household income must be equal to or less than 200% of the federal poverty level; and unable to access similar services through other community resources.

Home safety services are provided to prevent the removal or repeat maltreatment of a child or to maintain an adult safely in the home or community. Activities may include arranging for community agencies to provide help with day-to-day household tasks; instructing and assisting with meal planning and preparation; nutrition; budgeting; general household management; essential shopping; assistance with medications; maintaining records; home-delivered meals; chore services, such as light housecleaning; personal care or attention to personal hygiene; labor associated with minor home repairs; escort services, such as transportation and personal accompaniment of clients to physicians, dentists, or other essential transportation; instructions in home safety; client assessment; or case management, including care planning, arranging for services, and monitoring and reassessment. Services may also include the supervision of in-home visits with a child and the child's social services worker; or provide transportation for children in out-of-home care.

GOAL

To provide 3,830 families with home safety services to enable them to improve or maintain adequate in-home living and family well-being.

ELIGIBILITY: DCBS staff

The staff training program supports the Cabinet's goals to be a nationally recognized, high-quality service delivery organization. These services are provided for ongoing training for staff that addresses the skills and knowledge base necessary to carry out their duties with regard to services included in the Social Services Block Grant program. Training is based on the philosophy of continuously improving delivery of comprehensive services that are strength-based, client-oriented, family focused, culturally sensitive, and dedicated to promoting and enhancing self-sufficiency and safety for families and protection and permanency outcomes for children.

GOAL

To improve service delivery by providing approximately 592 hours of training per month for staff of the Department for Community Based Services.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

Certification Regarding Debarment, Suspension, and Other
Responsibility Matters--Primary Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered

into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled ``Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal

department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in

obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, [[Page 33043]] should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled ``Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions

(1) The prospective lower tier participant certifies, by submission of

this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of

buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements
Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- (b) Establishing an ongoing drug-free awareness program to inform employees about --
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's policy of maintaining a drug-free workplace;
 - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --
 - (1) Abide by the terms of the statement; and
 - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- (f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted --
 - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- (g) Making a good faith effort to continue to maintain a drug-free

workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

**RELATING TO DRUG-FREE WORKPLACE POLICY
COMMONWEALTH OF KENTUCKY**

WHEREAS, in 1988, the United States Congress enacted the Anti-Drug Abuse Act (Public Law 100-690) which requires recipients of federal grants to certify that they have met the requirements designed to promote a drug-free workplace; and

WHEREAS, the Commonwealth of Kentucky has maintained a policy of prohibiting the manufacture, distribution, possession, and use of controlled substance drugs in the workplace and of enforcing such prohibition through disciplinary action against offenders while providing a program of rehabilitation and counseling through its Employee Assistance program and through the State-supported health insurance programs; and

WHEREAS, the unlawful manufacture, distribution, possession and use of controlled substances in the workplace constitutes a serious hazard to the health, safety and welfare of State employees as well as to the health, safety and welfare of the public they serve; and

WHEREAS, it is deemed appropriate that the Secretary of the Personnel Cabinet notify State employees of the penalties, programs and reporting requirements of the Anti-Drug Abuse Act of 1988:

NOW, THEREFORE, I, PAUL E. PATTON, Governor of the Commonwealth of Kentucky, do hereby order and direct the Secretary of the Personnel Cabinet to issue written notice to each employee of the Commonwealth of Kentucky, advising of the requirements of the Anti-Drug Abuse Act of 1988, of the range of penalties that may be imposed for violations, and of the rehabilitation and counseling programs that are available.

The Secretary of the Personnel Cabinet is authorized and directed to certify compliance with the Anti-Drug Abuse Act of 1988 to the appropriate federal grantor agency upon issuance of notice to State employees.

This Order is effective upon execution.

Employee Handbook

Issued by:

April 2021

Welcome and thank you for choosing public service!

The employees of the Commonwealth are one of its greatest resources and we are pleased to have you join our team.

The information contained in this handbook provides an overview of state government and will assist you as you transition into your new role. It explains the laws, regulations, and policies governing your employment, as well as the benefits and services to which you are entitled as a state employee. Your agency may have policies in addition to those contained in this handbook, so you should familiarize yourself with those as well.

For additional assistance, contact your agency's human resource administrator. If you are unsure of the specific person to contact, please consult the Agency HR Directory located on the [Personnel Cabinet website](#).

Additionally, be sure to regularly check the Personnel Cabinet's website for news and announcements impacting your employment. Information will also be posted on the bulletin boards in your agency.

We hope you find this information helpful, and wish you the best as you begin your career with state government!

WORKPLACE

Dress Code

As the Commonwealth's largest employer, our workforce interacts with the public and other government entities on a daily basis. Employees, as representatives of the Commonwealth, should maintain a neat, professional appearance that is appropriate for the workplace and the work being performed. Employees shall adhere to the following guidelines:

- Employees shall carry or wear employee identification badges or other agency-identifying clothing;
- Flip-flops shall not be worn in the workplace;
- Employees shall not wear tops exposing their midriff;
- Employees shall not wear tops with oversized/large commercial logos or offensive language;
- Reasonable accommodations to this policy may be granted for religious, medical, or disability related needs;
- An employee seeking an accommodation should contact the agency's Human Resource office.

The Personnel Cabinet recognizes that individual workplaces have unique needs and requirements. Therefore, agencies are responsible for ensuring that their employees are aware of this policy in addition to any other policy that may exist for the agency. Any employee found in violation of the policy will be required to take corrective action, which may include leaving the work premises, and may be subject to disciplinary action, up to and including dismissal.

Drug-Free Workplace

The federal statute governing drug-free workplace requirements for federal grant recipients requires recipients of federal funds to certify that they have met requirements designed to promote a drug-free workplace (41 U.S.C. § 8103). In compliance with this Act, and at the discretion of the Governor, all state employees are notified that:

- The unlawful manufacture, distribution, dispensation, possession or use of any controlled substance is strictly prohibited in the workplace.
- Employees may be required to satisfactorily participate in a drug abuse assistance or treatment program.
- State-supported health insurance provides coverage for employees referred to or seeking treatment for drug and alcohol related problems.
- Compliance with drug-free workplace requirements is a condition of continued employment with the Executive Branch. Each employee is obligated to report any conviction he or she receives

as a result of a violation of any criminal drug statute occurring in the workplace within five (5) days of such conviction. Such a report is to be made to the employee's Appointing Authority and is required by federal law. Failure of any employee to report his or her conviction to the appointing authority may result in disciplinary action. The agency is obligated to report such conviction to the federal grantor within ten (10) days after it receives notice.

- Employees found to be in violation of drug-free workplace requirements may face disciplinary action up to and including dismissal. Employees who have questions concerning this directive are encouraged to contact their supervisor or agency Human Resources office. Employees who need assistance with substance abuse issues are encouraged to contact the Kentucky Employee Assistance Program at (502) 564-5788. Refer to the [Personnel Cabinet's Substance Abuse website](#) for more information.

Drug Testing

Some Executive Branch employees may be subject to drug testing. Employees should consult with their agency's human resources office to determine the applicability of drug testing.

Employees subject to drug testing should refrain from consuming supplements or other products that have not been approved by the U.S. Food and Drug Administration. For instance, some consumable products that are labeled as containing cannabidiol (CBD) may also contain chemical compounds whose presence could cause an employee to fail an employer's drug test.

HIV and AIDS in the Workplace

WHAT YOU SHOULD KNOW ABOUT HIV AND AIDS

HIV and the Workplace

The impact of the HIV/AIDS epidemic continues to affect the workplace. Since the beginning of the epidemic in 1982, more Kentuckians are aged 30-39 years at the time of HIV diagnosis than any other decade. However, in recent years, the highest rates of new HIV diagnosis occurred in Kentuckians aged 20-29. Many persons living with HIV are diagnosed early in their working careers, which may negatively impact career paths and the workforce. Due to advances in antiretroviral therapy, with proper care and treatment, people are living healthier, longer lives and continue to contribute their skills and talents to America's labor force.

What is HIV?

HIV stands for human immunodeficiency virus. Infection with HIV can lead to acquired immunodeficiency syndrome, or AIDS. There is no cure for HIV. HIV is spread through blood and certain body fluids. The virus affects specific cells of the immune system and can destroy cells over time so the body can't fight infections and disease due to weakened immunity.

What is AIDS?

AIDS may follow infection with HIV, especially if the infection is not diagnosed and treated early. AIDS can be a life-threatening illness that causes the body of a person to be unable to fight off infections. A person with AIDS is susceptible to certain types of infections and AIDS related cancers. These infections and cancers can result in death.

Stages of Infection

- Acute infection – within 2 to 4 weeks after infection with HIV. The ability to spread HIV is highest during this stage because the amount of virus in the blood is very high.

MEMORANDUM

PERSONNEL MEMO 21-16

To: All State Employees
From: Gerina D. Wethers, Secretary
Date: August 23, 2021
Re: **Drug-Free Workplace**

A handwritten signature in blue ink, appearing to read "GDW", is placed next to the "From:" line of the memorandum.

The federal statute governing drug-free workplace requirements for federal grant recipients requires recipients of federal funds to certify that they have met requirements designed to promote a drug-free workplace (41 U.S.C. § 8103). In compliance with this Act, and at the discretion of the Governor, all state employees are notified that:

- A. The unlawful manufacture, distribution, dispensing, possession, or use of any controlled substance is strictly prohibited in the workplace.
- B. The Personnel Cabinet will continue to improve drug-free awareness programs through employee assistance and, in cooperation with state agencies, to eradicate the dangers that drugs in the workplace create for our employees. State-supported health insurance provides coverage for employees referred to or seeking treatment for drug and alcohol-related problems.
- C. Compliance with drug-free workplace requirements is a condition of continued employment with state government for all state employees. Each employee is obligated to report any conviction he or she receives as a result of a violation of any criminal drug statute occurring in the workplace within five (5) days after such conviction. Such a report is to be made to the employee's appointing authority and is required by federal law. Failure of any employee to report his or her conviction to the appointing authority may result in disciplinary action. The agency is obligated to report such conviction to the federal grantor within ten (10) days after it receives notice.
- D. Employees found to be in violation of drug-free workplace requirements may face disciplinary action by the appointing authority up to and including dismissal, in accordance with state law, or may be required to satisfactorily participate in a drug abuse assistance or treatment program.

Please contact your agency Human Resources Office with any questions concerning this directive.

The Department for Community Based Services (DCBS/Department) vision statement is to protect children and vulnerable adults and promote self-sufficiency and permanency by providing the best regulatory framework and state plan structure possible. Our mission is also to ensure maximum flexibility for interpretation and implementation of policy and procedures, which best meet the needs of the community.

The Division of Protection and Permanency (DPP) recognizes the importance of a safe, secure, and nurturing environment for each Kentucky child, adult, and family. Within such an environment, we believe that families and their individual members become the most critical component of a strong society. Our vision is a division that is:

- Focused on families, children, and vulnerable adults
- Committed to families as partners in decision making
- Proactive, responsive, and accessible to all members of the community
- Sensitive to cultural and community differences
- Committed to innovation, continuous improvement, shared accountability, and measurable outcomes
- Community-focused and partnership-oriented
- Recognized as the best human service delivery organization in the nation

To facilitate an accurate examination of the Department’s direct service delivery system, DCBS utilizes a continuous quality improvement (CQI) process to ensure quality, consistency, and timeliness of services provided to clients to meet federal and state child welfare outcomes and ensure the safety, permanency, and well-being of families and children.

CQI is a structured process that allows staff to participate in the examination and evaluation of:

- The effectiveness, quality, and efficiency of services provided to clients served by DCBS;
- DCBS internal systems, procedures, and outcomes; and
- The relationships and interactions between DCBS and each family, as well as DCBS and the community stakeholders providing services to each family.

To facilitate an accurate examination of the Department’s direct service delivery system, DCBS utilizes a CQI case review tool designed to measure the Department’s ability to implement best practices and achieve positive outcomes on a state, regional, and individual case level. CQI CARES (Case Automated Review and Evaluation System) case review system assists in meeting the agency’s goals to improve outcomes by focusing on the coaching/mentoring/monitoring process through review and supervision. CQI CARES is utilized for both first and second-level case reviews and provides an opportunity through CQI meetings and processes to identify patterns/trends for quality improvement. The reviewer completes the case review tool in CQI CARES, and this provides case review data to assist with feedback and action

planning that identifies both strengths and weaknesses of the case. By strengthening these processes and empowering staff to improve casework, it assists with meeting federal outcomes and requirements.

DCBS has also created a central office level case review team. The team developed and implemented the Kentucky Child and Family Services (KY CFSR) process following the federal CFSR requirements. The review provides feedback to leadership, supervisors, and field staff. Feedback will include areas where the agency has strengths and areas where the agency could improve performance and service delivery to the families and children served.
