

## Kentucky Association of Professional Surveyors

P.O. Box 436451 \* Louisville, Kentucky 40253 \* (502) 695-2349

January 15, 2026

To Representative Emily Callaway, member of the House Licensing, Occupations, & Administrative Regulations Committee,

The Kentucky Association of Professional Surveyors (KAPS) strongly supports House Bill 49, which authorizes the Board of Licensure to grant scholarships to individuals pursuing careers as professional engineers or professional land surveyors.

KAPS maintains its own scholarship program dedicated to promoting the future of land surveying within the Commonwealth. We firmly believe that investing in aspiring professionals is essential to growing the profession and ensuring Kentucky's long-term needs for qualified land surveyors are met.

House Bill 49 aligns directly with the mission and purpose of KAPS. By expanding educational opportunities, this legislation represents a meaningful step toward strengthening the engineering and surveying professions in Kentucky. KAPS fully endorses House Bill 49 and urges its passage.

Christopher Morris, PLS

KAPS Legislative Committee Chair

KAPS at large Board Member

On behalf of the Kentucky Association of Professional Surveyors
