

January 20, 2026

Representative Emily Callaway
Kentucky Capitol Annex
702 Capital Avenue, Room 316C
Frankfort, KY 40601

Dear Representative Callaway,

On behalf of the American Council of Engineering Companies of Kentucky (ACEC-KY), thank you for sponsoring House Bill 49 and for your leadership in supporting the future of the engineering and land surveying professions in the Commonwealth.

Our member firms rely on a strong pipeline of well-prepared, licensed professionals to deliver critical infrastructure and public projects across Kentucky. We appreciate your willingness to work with the Kentucky Board of Licensure and other stakeholders to advance a thoughtful, fiscally responsible scholarship program that reinvests existing resources into workforce development.

Thank you again for your leadership and for your support of Kentucky's engineering community.

Sincerely,

Russell L. Romine
Executive Director
American Council of Engineering Companies of Kentucky
