

January 20, 2026

Representative Emily Callaway
Kentucky Capitol Annex
702 Capital Avenue, Room 316C
Frankfort, KY 40601

Dear Representative Callaway,

On behalf of the Kentucky Society of Professional Engineers (NSPE-KY), thank you for sponsoring House Bill 49 and for your leadership in supporting the future of the engineering and land surveying professions in Kentucky.

NSPE-KY's members are committed to protecting the public health, safety, and welfare through professional licensure and ethical practice. We appreciate your efforts to support a scholarship program that encourages licensure, in-state practice, and long-term workforce development, while responsibly reallocating existing resources.

Thank you for your leadership and your support of licensed professionals across the Commonwealth.

Sincerely,

Russell L. Romine
Executive Director
Kentucky Society of Professional Engineers
