Hosted by local Citizen Foster Care Review Boards

The public is invited to this regional community forum on improving outcomes for Kentucky children and families involved in the foster care system. This event will be to discuss concerns regarding the state foster care system, including barriers to getting children into permanent homes in a timely manner and ensuring their well-being and safety while in foster and other out-of-home care.

Findings from the forum will be reported to the Kentucky Citizen Foster Care Review Board and will be included in the CFCRB's annual recommendations to the Supreme Court, governor and legislature. Regional forums are among the reforms called for in House Bill 1, the adoption and foster care legislation passed in 2018 to improve outcomes for children in out-of-home care.
