

WE ARE COMMUNITY

ACTION KENTUCKY.

Community Action agencies across Kentucky serve as a lifeline to hundreds of thousands of people each and every year, working to empower individuals and families across the Commonwealth as they seek to build a better life.

For more than half of a century, our 23-member agency partners have advocated on behalf of the disadvantaged, fought to end poverty and celebrated the accomplishments of the people we serve.

Through strategic partnerships and the steadfast work of thousands of volunteers and dedicated Community Action team members, we are able to offer a variety of life-enhancing programs and services to those in need.

Whether it's improving one's job skills, creating a sound financial plan, pursuing an educational goal, enjoying a hot, nutritious meal, making energy-saving home improvements, securing transportation, or removing

any other barrier that allows our citizens to improve their economic standing, Community Action Kentucky is there.

But that's just the tip of the iceberg. With outreach offices in every Kentucky county and decisions made at the local level, Community Action Kentucky partners offer a plethora of customized programs and services tailored to meet the individual needs of each of the communities it serves.

We know that by providing a hand up to our fellow Kentuckians, we are not only strengthening families and building better communities, we are investing in Kentucky's future. We invite you to reach out to your local Community Action agency and explore the many ways we can help. Visit us at www.CAPKY.org.

#MakingItPossible

Our programs and services are changing lives, strengthening families and building better communities.

WORKFORCE DEVELOPMENT

Helping low-income Kentuckians obtain steady employment that will provide economic security is a cornerstone of Community Action Kentucky's efforts. We can not only provide career counseling and job training assistance, but have solid partnerships with employers across the state, making it easy to connect clients with solid job leads and placements. We can also support educational goals through scholarships, internships and tuition assistance that lead to better employment opportunities.

TRANSPORTATION

Whether it's going to a doctor's appointment, work, the grocery, airport or just around town, many Kentucky communities have access to our Community Action Kentucky partner transportation services. We provide safe and accessible transportation to seniors, veterans and the general public at little to no cost, helping citizens get to where they need to be.

FAMILY ADVOCACY

Strengthening the bonds of family through parenting classes, child abuse awareness and prevention, as well as tackling the core issues causing poverty is at the heart of ensuring the cycle of poverty comes to an end. Community Action agencies are there to be the voice of change.

SENIOR SUPPORT

We love our seniors and no other organization works harder to ensure its senior community stays healthy, active and supported. Through a variety of programs, we offer companionship, volunteer opportunities, transportation and mobilization services, healthcare assistance and respite care, meals and nutritional education and more. Additionally, there are Senior Centers located in many of our communities that offer regularly scheduled activities to keep seniors active.

YOUTH ENRICHMENT

Ensuring that our most vulnerable youth grow and develop into long-term, productive members of their communities is of the utmost importance to Community Action Kentucky. That's why we support programs that encourage participation in life-enhancing experiences. From summer camps and classroom activities, to mentoring and civic engagement opportunities, we are proud to open doors for Kentucky's youth.

HOUSING

Finding a place to call home, keeping a roof overhead or bouncing back from an unplanned emergency, are all necessities to supporting a healthy and happy lifestyle. Our resources allow us to help those in need identify and secure a safe living environment, provide financial relief in times of crisis and ensure our clients get back on their feet.

ASSET BUILDING

Too many families find themselves living paycheck to paycheck and do not have the means to cover even a small unexpected expense. Our Community Action Kentucky partners can help create customized financial plans that build for the future. Whether it's through establishing a checking or savings account, helping to find a higher-paying job or providing income management tools and resources, we want to see our clients succeed.

HOME ENERGY

Higher utility costs and outdated or broken heating and cooling systems can be a real financial drain on our most vulnerable citizens. By helping to weatherize properties that improve home energy efficiency, we not only save people money, but create healthier living environments as a result. We're also able to offset high energy costs for those experiencing a financial hardship.

HEALTH AND WELL-BEING

Living one's best life starts with living a healthy life. Through a variety of programs and services, we are working every day to improve access to affordable healthcare, educate children and adults on proper nutrition, provide physical and emotional health screenings, arrange support on the road to recovery, and so much more. Our efforts are helping thousands of Kentuckians lead healthier, more productive lives.

FOOD SECURITY

People sometimes take for granted that they never have to worry about where they'll get their next meal. But for thousands of Kentuckians, that very question can be a daily struggle. Across the state, Community Action Kentucky partners have stepped up to the plate, literally, providing hundreds of thousands of meals to those experiencing food insecurity. At our many Senior Centers, through delivery and voucher services, food banks, backpack snack programs and more, we are providing for those that would otherwise go without.
