🌸 SPActacular! 🌸 The Library gave a mini-facial, hand scrub and massage, and nail filing to some of the lovely ladies at [Christian Care Communities of Taylorsville](#). Such a nice way to honor them for Mother's Day.

# Sources of Funding

- ❖ Libraries are primarily funded at the local level. Local funds stay within the district and are not utilized outside of the local district.
- ❖ Libraries do not receive direct federal or state funding for operations.
- ❖ Libraries can apply directly to the federal government for specific grants
- ❖ KDLA provides a running list of grants—both government and private—for libraries on their website
- ❖ Any federal funding that Kentucky receives goes through KDLA, which then utilizes it to fund specific programs and grants benefitting all libraries across the state.

All revenues, expenditures, budget items, and programming statistics per county can be found in the yearly [Statistical Report of Kentucky Public Libraries](#).
