INSTRUCTIONS FOR SCHEDULING APPOINTMENTS ONLINE

Kentuckystatepolice.org/driver-testing/

Instructions for scheduling appointments online are located on the KSP Driver Testing website. Please note the following scheduling tips:

1. Schedules release three (3) weeks at a time, and this timeframe is automatically maintained. For example, on Tuesday, September 20, 2022 at 8:00 AM, the schedule will release new appointments for Tuesday, October 11, 2022. When applicants consume all of these appointments, the "No Availability" message will reappear, but October 12 appointments automatically release the following morning at 8:00 AM.

2. Appointments generate at 8:00 AM on every day the office is operational. For example, if the regional office testing hours are Monday – Wednesday, then appointments will generate every Monday – Wednesday at 8:00 AM. If testing hours are Monday – Friday, appointments will generate Monday – Friday at 8:00 AM.

3. If you see a "No Availability" message on the schedule/location you need, please check back at 8:00 AM for additional availability.

Kentuckystatepolice.org/driver-testing/

Availability and Efficiency

- On July 5, 2022, testing availability was expanded by allowing applicants to schedule testing appointments at any testing location they choose.

- Written test availability increased significantly for some locations, but road test appointments saw a decrease in availability statewide. To compensate, the ratio of written tests to road tests is carefully monitored and adjusted.

- Training and software updates are ongoing and we expect both to increase efficiency and testing capacity.

Kentuckystatepolice.org/driver-testing/

Availability and Efficiency

- 11 locations are now using tablets for administering the written tests. All locations will be outfitted with tablets.

- Kentucky Driver Manual update for ease of use and compliance with the most recent national standards.

- Adding staff to improve wait times and availability.

2021	2022
MOTORCYCLE TESTS COMPLETED = 1,057	MOTORCYCLE TESTS COMPLETED = 1,356
