

Isaiah House

Real Hope for Addiction

We provide short-term (28 days) and long-term (11 month) treatment with 21 sober living homes for transitional living & also outpatient care. We have 7 licensed medical staff and 22 licensed professional clinicians that provide individual and group therapy, state certified peer support specialists, targeted case managers, and a host of other certified staff members.

Holistic Approach to Recovery

- Behavioral Health
- Clinical Services
- Job Skills Training
- Medical Care / Medication Assisted Treatment
- Transportation
- Legal/Financial Case Management
- Partnerships with Employers
- Free On-Site Education
- Bluegrass Area development & EKCEP
- Long Term Recovery Care

Workforce Re-entry

We develop non-profit social enterprises that support long term treatment. After completing 100 days in treatment, our clients are guaranteed the opportunity for full-time employment with one of our social enterprises or employer partners.

Action Items

IOP room and board reimbursement when client is staying in a licensed and nationally accredited facility.

Now that our state has achieved adequate bed access, we need to focus on funding long-term recovery.
