Representative Jason Nemes

Chair, 2021 Regular Session Impeachment Committee
702 Capital Avenue
Frankfort, KY 40601
(via email to Elishea.Schweickart@lrc.ky.gov)

Dear Representative Nemes,

Per Impeachment Committee Rule #11, there is to be no direct communication between petitioners and committee members. On February 17, 2021 Representative Ed Massey messaged me on my personal facebook page, inviting me to a face to face meeting to debate HB378 (his bill to eliminate citizen petitions for impeachment). Mr. Massey initiated this communication in violation to Rule #11. I will attach an image of the exchange on social media.

After speaking with the other petitioners, Tony Wheatley and Andrew Cooperrider, we agree that it is only proper that Representative Ed Massey be removed from the committee and replaced at once.

We thank you for your professionalism thus far, and we know you will honor your word to conduct this process in a just and fair manner, only looking to serve Kentuckians and honor your oath to the constitution.

In Liberty,

Jacob Clark

Ed Massey

Sir, I will not debate you on facebook. If you want to meet and discuss the truths before posting mis-truths, I will be happy to do so. Just call the LRC and make an appointment.

Ed Massey I am one of the petitioners. You were not supposed to make contact with me. You should recuse yourself from the committee immediately.
