WayPoint's mission is to create an access point for families and individuals, and to provide vital programming to people living in underserved neighborhoods and communities of color. Each WayPoint Center brings together the region's most effective nonprofit, government and business organizations to leverage their strengths against our community's biggest issues. WayPoint Centers coordinate an ecosystem of partners and programs to have the greatest impact on local families from a physical and place-based anchor in their communities. Since officially opening the doors on July 1, 2021 we have served over 1,100 individuals in our three centers.
