

A Testing Ground for Future Horsemen and Horsewomen

Get the training you need for a career in the horse industry with the Equine Program at Bluegrass Community and Technical College.

Whether you are interested in horse racing or other equine breeds, disciplines or related jobs, BCTC Equine offers certificates that can be completed in as little as one semester up to a 2-year degree to prepare you for various careers throughout the equine industry.

In BCTC's unique equine barn, students receive hands-on instruction. They learn basic horse care management, techniques to safely handle horses in various training situations, and essential skills required for a variety of careers in the horse industry.
