## BLOCK GRANT PROGRAM STATUS REPORT

June 1, 2022 – November 30, 2022

### 3. AUTHORIZED CHANGES (from the Block Grant Plan in Finances and/or Objectives)

The Deficit Reduction Act (DRA) of 2005 reauthorized the Temporary Assistance for Needy Families (TANF) program. The DRA required the Department of Health and Human Services (HHS) to issue regulations to do the following: define the activities that are countable toward the work participation rate requirements; define which cases contain a parent are included in the work participation rate calculation; and describe how states must document, verify, and monitor hours of participation. On June 29, 2006, the Administration for Children and Families (ACF) published an interim final rule implementing key provisions of the DRA effective October 1, 2006. The final rule addressing provisions of the DRA was published February 5, 2008. Changes from the interim rule were effective October 1, 2008.

The Temporary Assistance for Needy Families block grant program was scheduled for reauthorization in 2010. The Middle Class Tax Relief and Job Creation Act (H.R. 3630), extended the block grant through September 30, 2012, the end of Federal fiscal year 2012. A continuing resolution was passed to extend TANF through the end of March 2013. The Continuing Appropriations Act for FY 2013 extended TANF through the end of September 2013, while the Continuing Appropriations Act for FY 2014 (P.L. 113-46) provided funds through January 15, 2014. The Consolidated Appropriations Act for 2014 extended TANF through September 30, 2014. The Continuing Appropriations Act for 2015 approved TANF through September 30, 2015. The Consolidated Appropriations Act for 2016 extended TANF through February 8, 2018. The Consolidated Appropriations Act for FY 2017 extended TANF through FY 2018, which ended September 30, 2018.

H.R. 430, The TANF Extension Act of 2019, extended TANF through June 30, 2019. H.R. 2940, an act to extend the program of block grants to States for temporary assistance for needy families and related programs, extended TANF through September 30, 2019; and H.R. 4378, the Continuing Appropriations Act of 2020 and Health Extenders Act of 2019, extended TANF through November 21, 2019. The Further Consolidated Appropriations Act of 2020 (H.R. 1865) extended TANF through May 22, 2020. Section 3824 of the “CARES Act”, or Coronavirus Aid, Relief, and Economic Security Act (H.R. 748), extended TANF program grants through November 30, 2020. The Continuing Appropriations, 2021 & Other Extensions Act (H.R. 8337) extended TANF through December 11, 2020. The Further Continuing Appropriations Act, 2021 & Other Extensions Act (H.R. 8900) extended TANF through December 18, 2020.

The Consolidated Appropriations Act, 2021 (H.R. 133) extended TANF through September 30, 2021. On that day, H.R. 5305 – “Extending Government Funding and Delivering Emergency Assistance Act” extended TANF funding through September 30, 2023.

## BLOCK GRANT PROGRAM STATUS REPORT

June 1, 2022 – November 30, 2022

### 4. EVALUATION OF RESULTS

The monthly average of KTAP families for the months of June 2022 through November 2022 was obtained by averaging the total number of cases (families since a needy child in the household is a requirement of KTAP) during this time. The number of KTAP adults and children was computed in the same manner. Not all cases contain an adult member. During this period, there was a monthly average of 6,470 child-only KTAP cases that did not contain an adult member in the case. The number of KTAP families and recipients who received assistance was obtained from the PA-264 reports for June 2022 through November 2022.

Information regarding participation in the Kentucky Works Program and receipt of supportive services was obtained from reports taken from the Online Tracking Information System (OTIS). The number and type of cases discontinued were based on reason entries on Worker Portal (IEES) systems, including cases discontinued for exceeding the income limits due to earnings, receipt of or increase in earnings, and the removal of time limited deductions. The numbers for child care were obtained by averaging the total number of children who received assistance funded with TANF during this time period. The number of families who received Relocation Assistance during this time period was obtained from the OTIS and Worker Portal systems and averaged for this time period. Safety Net data is provided by the DCBS's Division of Protection & Permanency.

### 5. ALTERNATIVES FOR IMPROVED SERVICE DELIVERY

Special services were provided during this period of time to assist families in obtaining self-sufficiency or for the family to remain intact.

Effective April 2003, Employment Retention services were replaced with the Work Incentive Program (WIN). WIN is a reimbursement payment given to individuals who are employed and transitioning off of KTAP. The payment is provided to reimburse individuals for expenses incurred as a result of their employment such as transportation, special items needed to stay employed, etc. Eligible individuals may receive reimbursement payments of \$130 per month for up to nine (9) months. WIN is available to a family if the family includes an adult with wages who has been discontinued from KTAP on or after April 1, 2003. The family has to have an eligible child, be a resident of Kentucky, and have total gross income at or below 200 percent of the federal poverty level. Receipt of WIN reimbursement is limited to once in a lifetime. WIN is not available to a family if employment is obtained after the KTAP case is discontinued. The WIN program was developed as a result of findings from a Manpower Demonstration Research Corporation (MDRC) study indicating income supports are the most effective means to help individuals stay off welfare. During the period June 2022 through November 2022, an average of 94 individuals per month received WIN. Pre-pandemic, 210 individuals received WIN in December 2019.

The Kinship Care (KC) program was created to offer an option to assist relatives in caring for a child who must be placed out of the child's home due to substantiated abuse or neglect. As of November 2022, there were 1,796 children in the Kinship Care program. Effective April 1, 2013, no new Kinship Care applications have been accepted. At the time of the KC moratorium in April 2013, there were 11,281 children receiving Kinship Care.

Special steps are taken to ensure KTAP recipients know about the 60-month lifetime limitation so they can take advantage of the Kentucky Works program. Up to 20% of the KTAP caseload may be exempted from time limitations due to hardship. As of November 2022, there were 56 families with extended benefits due to meeting a hardship extension reason. During the time period of June 2022 through November 2022, there was a monthly average of 59 families discontinued due to reaching the 60-month time limit.
