2. RESULTS BUDGETED/ACHIEVED (continued)	
OBJECTIVES	ACHIEVEMENTS
	<ul style="list-style-type: none"> Family Alternatives Diversion (FAD) was provided to 67 families during the time period of December 2018 to May 2019, with an average of 11 families per month. For the period December 2018 through May 2019, an average monthly number of 2,286 children (including children in Kinship Care) were provided child care services with TANF funds.
3. Encourage the formation and maintenance of two-parent families.	3. During the months of December 2018 through May 2019, the worker portal eligibility system did not capture when a K-TAP family requested to discontinue their assistance due to marriage.

3. AUTHORIZED CHANGES (from the Block Grant Plan in Finances and/or Objectives)

The Deficit Reduction Act (DRA) of 2005 reauthorized the Temporary Assistance for Needy Families (TANF) program. The DRA required the Department of Health and Human Services (HHS) to issue regulations to do the following: define the activities that are countable toward the work participation rate requirements; define which cases contain a parent are included in the work participation rate calculation; and describe how states must document, verify, and monitor hours of participation. On June 29, 2006, the Administration for Children and Families (ACF) published an interim final rule implementing key provisions of the DRA effective October 1, 2006. The final rule addressing provisions of the DRA was published February 5, 2008. Changes from the interim rule were effective October 1, 2008.

The Temporary Assistance for Needy Families block grant program was scheduled for reauthorization in 2010. The Middle Class Tax Relief and Job Creation Act (H.R. 3630), extended the block grant through September 30, 2012, the end of Federal fiscal year 2012. A continuing resolution was passed to extend TANF through the end of March 2013. The Continuing Appropriations Act for FY 2013 extended TANF through the end of September 2013, while the Continuing Appropriations Act for FY 2014 (P.L. 113-46) provided funds through January 15, 2014. The Consolidated Appropriations Act for 2014 extended TANF through September 30, 2014. The Continuing Appropriations Act for 2015 approved TANF through September 30, 2015. The Consolidated Appropriations Act for 2016 extended TANF through February 8, 2018. The Consolidated Appropriations Act for FY 2017 extended TANF through FY 2018, which ended September 30, 2018. The TANF Extension Act of 2019 extended TANF through June 30, 2019. H.R. 2940, an act to extend the program of block grants to States for temporary assistance for needy families and related programs, extended TANF through September 30, 2019.

4. EVALUATION OF RESULTS

The monthly average of K-TAP families for the months of December 2018 through May 2019 was obtained by averaging the total number of cases (families) during this time period. The number of K-TAP adults and children was computed in the same manner. Not all cases contain an adult member. During this period, there was a monthly average of 10,156 child-only K-TAP cases that did not contain an adult member in the case. The number of K-TAP families and recipients who received assistance was obtained from the PA-264 reports for December 2018 through May 2019. Information regarding participation in Kentucky Works and receiving supportive services was obtained from reports taken from the Online Tracking Information System (OTIS). The number and type of cases discontinued were based on reason entries on Worker Portal systems, including cases discontinued for exceeding the income limits due to earnings, receipt of or increase in earnings, removal of time limited deductions, and marriage. The numbers for child care were obtained by averaging the total number of children who received assistance funded with TANF during this time period. The number of families who received Relocation Assistance during this time period was obtained from the OTIS and Worker Portal systems and averaged for this time period.

5. ALTERNATIVES FOR IMPROVED SERVICE DELIVERY

Special services were provided during this period of time to assist families in obtaining self-sufficiency or for the family to remain intact.

Effective April 2003, Employment Retention services were replaced with the Work Incentive Program (WIN). WIN is a reimbursement payment given to individuals who are employed and transitioning off of K-TAP. The payment is provided to reimburse individuals for expenses incurred as a result of their employment such as transportation, special items needed to stay employed, etc. Eligible individuals may receive reimbursement payments of \$130 per month for up to nine (9) months. WIN is available to a family if the family includes an adult with wages who has been discontinued from K-TAP on or after April 1, 2003. The family has to have an eligible child, be a resident of Kentucky, and have total gross income at or below 200 percent of the federal poverty level. Receipt of WIN reimbursement is limited to once in a lifetime. WIN is not available to a family if employment is obtained after the K-TAP case is discontinued. The WIN program was developed as a result of findings from a Manpower Demonstration Research Corporation study indicating income supports are the most effective means to help individuals stay off welfare. During the period December 2018 through May 2019, an average of 289 individuals received WIN.

The Kinship Care Program offers an option to assist relatives in caring for a child who must be placed out of the child's home due to substantiated abuse or neglect. As of May 2019, there were 4,027 children in the Kinship Care Program, a 5.7% decrease from December 2018. Effective April 1, 2013, no new Kinship Care applications have been accepted.

Special steps are taken to ensure K-TAP recipients know about the 60-month lifetime limitation so they can take advantage of the Kentucky Works program. Up to 20% of the K-TAP caseload may be exempted from time limitations due to hardship. As of May 2019, there were 66 families with extended benefits due to meeting a hardship extension reason. During the time period of December 2018 through May 2019, there was a monthly average of 33 families discontinued due to reaching the 60 month time limit.

CHFS staff visits K-TAP families that are nearing discontinuance due to time limitations to ensure children are safe and to identify any emergency needs. Safety Net services are available to a post-K-TAP family who has lost assistance due to time limitations or due to non-cooperation with the Kentucky Works Program. Safety Net services are funded through TANF and are available to families with income at or below 200 percent of the federal poverty level. Benefits are temporary and may be authorized up to a total of \$635 for four (4) months during a twelve month period. These benefits are used to meet basic needs such as shelter, food, clothing or utilities. During the time period of December 2018 through April 2019, 24 families received Safety Net services.
