To the Citizens of the Commonwealth:

It is my pleasure to share with you a preliminary copy of the Federal Fiscal Year 2022-2024 State Plan for the intended use of Child Care and Development Funds (CCDF). This plan is based on estimated receipts in accordance with federal authorization. Should the actual appropriation differ, the plan will be changed accordingly.

The CCDF program provides resources to states that enable low-income parents to work or pursue education and training so that they can better support their families while at the same time promoting the learning and development of their children. CCDF also provides funding to enhance the quality of child care for all children. The CCDF plan is the process through which states apply for CCDF funding and is the primary mechanism used by the federal government to determine state compliance with the requirements of law and rule.

Informed and active citizens' participation continues to be a major factor in the prudent use of scarce resources. Please send any comments or recommendations to Dr. Sarah Vanover, Division of Child Care, 275 East Main Street, 3W-A, Frankfort, Kentucky 40621 or Sarah.Vanover@ky.gov.

Your assistance in helping us develop and implement the best possible CCDF plan is appreciated.

Sincerely,

DocuSigned by:

Marta Miranda-Straub
