3. AUTHORIZED CHANGES (from the Block Grant Plan in Finances and/or Objectives)

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law March 27, 2020, granting the state of Kentucky an additional \$16.8 million in Community Services Block Grant (CSBG) funding. CSBG funds are allocated to each of Kentucky's 23 Community Action Agencies (CAAs) in order to alleviate the causes and conditions of poverty throughout their communities. These additional CARES funds have been divided proportionately to CAAs and will be used to address a variety of needs created by the COVID-19 pandemic including, but not limited to, rent/mortgage and utility assistance payments, grocery vouchers, employment related assistance, and medical assistance (copays, transportation, PPE, etc.).

The Cabinet for Health and Family Services (CHFS) filed administrative regulation amendments to 922 KAR 6:010 on May 21, 2020, in response to the Office of Community Services (OCS), Administration for Children and Families (ACF), U.S. Dept. of Health and Human Services (HHS) CSBG Information Memorandum (1M) 2020-157, authorizing states to, "revise the income limit for eligibility ceiling from 125 to 200 percent of the federal poverty level for CSBG services furnished during fiscal years 2020 and 2021, including services furnished with the state's regular CSBG appropriations during those years," via the CARES Act. The regulation change also granted CHFS the flexibility to waive the twenty percent in-kind matching for additional CSBG funds provided by HHS; the twenty percent in-kind match was waived for CSBG-CARES funds.

4. EVALUATION OF RESULTS

Using a compliance monitoring instrument based on state statutes, contractual requirements, minimum program, and management standards, DCBS performed contract monitoring for 17 of the 23 CAAs from of January 1, 2021, through June 30, 2021. 17 of the agencies had zero findings.

DAFM based the Federal award number on what was given in FFY21. The expenditures represent January 1, 2021 through June 30, 2021.

Implementation of uniform service definitions and a client service report/evaluation document have enabled Kentucky to compile service statistics consistent with both federal and state laws. Use of the data, as compiled by each of the CAAs on a monthly basis, enables the individual agencies to better evaluate their services and develop plans for service delivery.

5. ALTERNATIVES FOR IMPROVED SERVICE DELIVERY

Improved service delivery is continually sought primarily through ongoing training and technical assistance provided and planned for CAA staff. Contract requirements include a mandate for local CAA coordination with DCBS and other area service providers in order to avoid duplication of services.

Additionally, CAA Boards are responsible for an ongoing process to evaluate local needs and assure that needs are met.
