# Youth of Color are the Majority of Youthful Offenders Confined by Race

# Youth 16-17 Are the Highest Represented Group During Confinement

Confinement Trends by Age

# Next Steps

- Senate Bill 20 outlined some things for the Department to consider. One of those were the involvement of a father in the home (or a father involved with youth). The Department began to survey all youth that had an open case with the department starting in October 2017. These surveys include youth who were probated, probated/suspended commitment, committed, and/or had a pre-dispositional investigative report.

# Over 50% of All Youth Self-Report Having No Father Involvement Despite Race

Self-Reported Data on Father Involved by Race,  
October 1, 2017 to September 1, 2018
