

APB CONSULTING SOLUTIONS

- Located in Nicholasville, KY (south of Lexington, KY)
- Largest dealer in the USA for CD3 technology
- Preferred trainer for all advanced training associated with the GLOVE

CONDUCTIVE DISTRACTION AND DE-ESCALATION DEVICE

Why CD3?

The technology is safe as it does not penetrate the subject's body; while also allowing other officers to grab the individual being stimulated with no fear of feedback into their bodies. CD3 technology is a great, humane, low-optics, de-escalation solution for many situations facing our men and women in uniform today.

CD3 CUSTOMERS

- CD3 technology is currently used in over 700 law enforcement agencies in the U.S.
- Agencies using CD3 are as follows:
 - U.S. Military
 - U.S. Federal Law Enforcement
 - Sheriff Departments
 - Police Departments
 - State National Guard
 - U.S. Department of Corrections
 - Regional Correctional Facilities
 - County Correctional Facilities
 - Hospital Security
 - Juvenile Justice Detention Centers
 - School Resource Officers
 - Private Security Groups

**#1 IN
HANDS-ON
DE-ESCALATION**

- Duration of use: 90 minutes continuous use, 12 to 24 hours stand-by time
- Battery: 3.7V Lithium-Ion battery, good for 2,000 re-charges
- Charge time: 30 minutes - 2 hours (depending on charge status)
- Voltage Range: 324-362V (cannot go above 380V)
- Maximum Current: 0.7-1.2A
- Pulse duration (μ s): 114-116 (0.000115 second)
- Pulse charge (μ C): 72.4-111.7 (.000111)
- Pulse repetition rate (pps): 29-30
- Duty Cycle (%): 0.348
- Operating temperature: 14°F to 122°F (-10°C to 50°C)

THE BENEFITS

CD3 tools provided exceptional optics for withstanding public scrutiny during volatile and intense interactions.

Effectively and swiftly obtaining compliance from individuals exhibiting aggressive and hostile behavior in private and public settings.

The most comprehensive training program for CD3 technology, which provides education and physical empowerment to all users and instructors.

ADDITIONAL PRODUCTS

EBAND (Single and Multi Frequency): Used during the transport of uncooperative and/or combative individuals.

EVEST: Used during the transport of uncooperative and/or combative individuals.

LIGHT/SOUND SHIELD: Emits a high pitch audible sound with a bright light for distracting and disbursing crowds or one individual (cell extraction).

TRAINING

TRAINING/CERTIFICATION

Depicted are the training GLOVES

AGENCY MASTER INSTRUCTOR (AMI)

Instructs defensive tactics for escalated situations in which the techniques and the GLOVE work to gain control of a combative individual and de-escalate the situation.

END USER (EU)

A basic user of the tool taught and certified by the AMI.
