

County clerks receive \$6 of every registration fee collected, including renewals. Registration renewals occur in the birth month of the person to whom the vehicle is registered. Disabled license plates expire on July 31. When a renewal period exceeds 12 months, the clerks will receive a \$9 fee. Clerks may realize a small increase in revenue as a result of the additional \$3 for those registrations that would exceed the 12 months.

Similarly, by expanding the eligibility for disabled license plates, there may be a reduction in the number of disabled placards being issued. Clerks collect \$2 for each disabled placard, thus, resulting in a slight reduction of fee collected.

Since disabled license plates expire on July 31, clerks will see an increase in renewal activity leading up to this date.

Part III: Differences to Local Government Mandate Statement from Prior Versions

Part II, above, pertains to the bill as drafted.
