21 (c) The Kentucky Board of Education shall conduct a hearing in accordance with  
22 KRS Chapter 13B for complaints referred by the Office of Education  
23 Accountability.

24 (d) If the state board determines a violation has occurred, the party shall be  
25 subject to reprimand. A second violation of this subsection may be grounds  
26 for removing a superintendent or a member of a school council from office or  
27 grounds for dismissal of an employee for misconduct in office or willful

1 neglect of duty.

2 (e) Notwithstanding paragraph (d) of this subsection and KRS 7.410(2)(c), if the  
 3 state board determines a violation of the *nondisclosure agreement required*  
 4 *by*~~[confidentiality requirements set forth in]~~ subsection (2)(h)2.*b.* of this

 18 day, or one hundred and fifty (150) minutes per week. Each school council, or if  
 19 there is no school council, the principal, shall adopt an assessment tool to determine

 21 may utilize an existing assessment program. The Kentucky Department of

 23 provisions of this subsection. The department shall report to the Legislative  
 24 Research Commission no later than November 1 of each year on how the schools  
 25 are providing physical activity under this subsection and on the types of physical  
 26 activity being provided. The policy developed by the school council or principal  
 27 shall comply with provisions required by federal law, state law, or local board

1 policy.

7 deficient. If the process is found deficient, the recommendations may be  
8 returned to the appropriate standards and assessments review committee  
9 for review as described in subparagraph 3. of this paragraph. If the  
10 process is found sufficient, the recommendations shall be forwarded  
11 without amendment to the Kentucky Board of Education.

14                   teacher preparation program includes use of the academic standards in the pre-  
15                   service education programs and that all teacher interns will have experience  
16                   planning classroom instruction based on the revised standards.

18                   Department of Education and the postsecondary education institutions in the  
19                   state shall coordinate information sessions regarding the academic content

- 21       (3)   (a)   The Kentucky Board of Education shall be responsible for creating and

8           Assessment and Accountability Review Subcommittee, and the department's  
9           technical advisory committee in the development of the assessment program.  
10          The statewide assessment program shall not include measurement of a  
11          student's ability to become a self-sufficient individual or to become a  
12          responsible member of a family, work group, or community.

13       (4) (a) The academic components of the statewide assessment program shall be

- 27           6. Ensure school and district accountability for student achievement of the

goals set forth in KRS 158.645 and 158.6451, except the statewide assessment program shall not include measurement of a student's ability to become a self-sufficient individual or to become a responsible member of a family, work group, or community.

22 be used by schools and districts to determine appropriate instructional  
23 modifications for all students in order for students to make continuous

6 (7) A student enrolled in a district-operated or district-contracted alternative program  
7 shall participate in the appropriate assessments required by this section.

8 (8) A local school district may select and use commercial interim or formative  
9 assessments or develop and use its own formative assessments to provide data on  
10 how well its students are growing toward mastery of Kentucky academic standards,  
11 so long as the district's local school board develops a policy minimizing the  
12 reduction in instructional time related to the administration of the interim  
13 assessments. Nothing in this section precludes teachers from using ongoing teacher-  
14 developed formative processes.

15 (9) Each school that enrolls primary students shall use diagnostic assessments and  
16 prompts that measure readiness in reading and mathematics for its primary students  
17 as determined by the school to be developmentally appropriate. The schools may  
18 use commercial products, use products and procedures developed by the district, or

10 purposes, except as provided in subparagraph 2. of this paragraph; or

11 2. Accommodations provided in a manner allowed by a student's  
12 individualized education program as defined in KRS 158.281 for a  
13 student whose disability precludes valid assessment of his or her  
14 academic abilities using the accommodations provided under  
15 subparagraph 1. of this paragraph when the student's scores are not  
16 reportable to a postsecondary institution for admissions and placement  
17 purposes.

18 (12) Kentucky teachers shall have a significant role in providing feedback about the  
19 design of the assessments, except for the college admissions exams described in

2 following the last day the assessment can be administered. Assessment reports  
3 provided to the school districts and schools shall include an electronic copy of an  
4 operational subset of test items from each assessment administered to their students  
5 and the results for each of those test items by student and by school.

6 (14) The Department of Education shall gather information to establish the validity of  
7 the assessment and accountability program. It shall develop a biennial plan for  
8 validation studies that shall include but not be limited to the consistency of student  
9 results across multiple measures, the congruence of school scores with documented  
10 improvements in instructional practice and the school learning environment, and the  
11 potential for all scores to yield fair, consistent, and accurate student performance  
12 level and school accountability decisions. Validation activities shall take place in a  
13 timely manner and shall include a review of the accuracy of scores assigned to  
14 students and schools, as well as of the testing materials. The plan shall be submitted  
15 to the Commission by July 1 of the first year of each biennium. A summary of the  
16 findings shall be submitted to the Legislative Research Commission by September 1  
17 of the second year of the biennium.

18 (15) The Department of Education and the state board shall offer optional assistance to  
19 local school districts and schools in developing and using continuous assessment  
20 strategies needed to assure student progress. The continuous assessment shall

23 (16) The Administration Code for Kentucky's Assessment Program shall include  
24 prohibitions of inappropriate test preparation activities by school district employees  
25 charged with test administration and oversight, including but not limited to the issue

27 and test practice outside the normal work day. The code shall include disciplinary

1 sanctions that may be taken toward a school or individuals.

4 Assessment, and Accountability Council; and the department's technical advisory  
5 committee, shall promulgate an administrative regulation under KRS Chapter 13A  
6 to establish the components of a reporting structure for assessments administered  
7 under this section. The reporting structure shall include the following components:

9 about school performance. The school report card shall be sent to the parents  
10 of the students of the districts, and information on electronic access to a  
11 summary of the results for the district shall be published in the newspaper

5 through eight (8) summarizing the student's skills in reading, science, social  
6 studies, and mathematics. The school's staff shall develop a plan for  
7 accelerated learning for any student with identified deficiencies or strengths;

15 committees described in subsection (18) of this section, shall develop a school  
16 profile report to be used by all schools to document how they will address the  
17 adopted academic standards in their implementation of the programs as  
18 described in subsection (18) of this section, which may include student
