

7A.287 Healthcare transparency dashboard.

- (1) In order to facilitate the board's ongoing efforts to continuously improve health outcomes in a cost-efficient and effective manner, the Commission shall collaborate with the University of Kentucky and the University of Louisville to design and develop a web-based healthcare transparency dashboard that tracks, at a minimum:
 - (a) Leading health indicators;
 - (b) Performance indicators for Medicaid managed care organizations;
 - (c) Performance indicators for Medicaid-participating providers; and
 - (d) Performance indicators for the department.
- (2) Performance indicators for Medicaid managed care organizations shall include but not be limited to:
 - (a) Follow-up after emergency department visits;
 - (b) Cancer screenings;
 - (c) Child and adolescent well-care visits;
 - (d) Postpartum care;
 - (e) Diabetes care and management; and
 - (f) Hypertension care and management.
- (3) The healthcare transparency dashboard shall be:
 - (a) Overseen by a subcommittee of the board established in accordance KRS 7A.283(4); and
 - (b) Maintained and operated by the Commission.

Effective: April 14, 2026

History: Created 2026 Ky. Acts ch. 179, sec. 17, effective April 14, 2026.

Legislative Research Commission Note (4/14/2026). 2026 Ky. Acts ch. 179, sec. 17, which created this statute, contained a reference to subsection (4) of Section 19 of that Act in subsection (3)(a), though it is clear from the text of that Act that the reference was meant to be to Section 18 of that Act [KRS 7A.283], as that statute lists duties of the Medicaid Oversight and Advisory Board of the General Assembly that include establishment of subcommittees of the board. This manifest clerical or typographical error has been corrected in codification under KRS 7.136.
