

353.423 Required provisions of a permit -- Filing of permit and land survey with county clerk.

- (1) The cabinet shall include in any Class VI underground injection control permit or order all provisions necessary to:
 - (a) Carry out the objectives of KRS 353.411 to 353.459;
 - (b) Protect and adjust the respective rights and obligations of persons affected by a carbon dioxide sequestration facility; and
 - (c) Protect public health, safety, and the environment.
- (2) The cabinet shall require that a copy of any Class VI permit issued and a land survey of the permitted sequestration reservoir indicating impacted surface, pore space and mineral owners and mineral lessees be filed with the county clerk in the county or counties where the carbon dioxide sequestration facility is located. Any amendments or modifications to the Class VI permit or land survey shall also be filed.

Effective: July 15, 2026

History: Created 2026 Ky. Acts ch. 152, sec. 7, effective July 15, 2026.
