

CHAPTER 137 (HB 126)

AN ACT relating to sick leave for public school teachers and employees.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.155 is amended to read as follows:

- (1) As used in this section:
 - (a) "Teacher" shall mean any person for whom certification is required as a basis of employment in the common schools of the state;
 - (b) "Employee" shall mean any person, other than a teacher, employed in the public schools, whether on a full or part-time basis;
 - (c) "Immediate family" shall mean the teacher's spouse, children including stepchildren, grandchildren, *daughters-in-law and sons-in-law, brothers and sisters*, parents and spouse's parents, grandparents, and spouse's grandparents, without reference to the location or residence of said relative, and any other blood relative who resides in the teacher's home; and
 - (d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers for use by teachers who have exhausted all sick leave and other available paid leave days.
- (2) Each district board of education shall allow to each teacher in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher if he presents a personal affidavit or a certificate of a physician stating that the teacher was ill, that the teacher was absent for the purpose of attending to a member of his immediate family who was ill, or for the purpose of mourning a member of his immediate family. The ten (10) days of sick leave herein granted may be taken by a teacher on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher under the provisions of subsection (3) of this section.
- (3) Days of sick leave not taken by a teacher during any school year shall accumulate without limitation and be credited to that teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). Any accumulated sick leave days credited to a teacher shall remain so credited in the event he transfers his place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district after June 30, 1985.
- (4) Accumulated days of sick leave shall be granted to a teacher if, prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher is unable to commence his duties on the opening day of the school year, but will be able to assume his duties within a period of time that the board determines to be reasonable.

- (5) Any school employee may repurchase previously used sick leave days with the concurrence of the local school board by paying to the district an amount equal to the total of all costs associated with the used sick leave.
- (6) A district board of education may adopt a plan for a sick leave bank. The plan may include limitations upon the number of days a teacher may annually contribute to the bank and limitations upon the number of days a teacher may annually draw from the bank. Only those teachers who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.
- (7)
 - (a) A district board of education shall establish a sick leave donation program to permit teachers to voluntarily contribute sick leave to teachers in the same school district who are in need of an extended absence from school. A teacher who has accrued more than fifteen (15) days sick leave may request the board of education to transfer a designated amount of sick leave to another teacher who is authorized to receive the sick leave donated. A teacher may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.
 - (b) A teacher may receive donations of sick leave if:
 - 1. The teacher or a member of his or her immediate family suffers from a medically certified illness, injury, impairment, or physical or mental condition that has caused or is likely to cause the teacher to be absent for at least ten (10) days;
 - 2. The teacher's need for the absence and use of leave are certified by a licensed physician;
 - 3. The teacher has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and
 - 4. The teacher has complied with the school district's policies governing the use of sick leave.
 - (c) While an employee is on sick leave provided by this section, he or she shall be considered a school district employee, and his or her salary, wages, and other employee benefits shall not be affected.
 - (d) Any sick leave that remains unused, is not needed by a teacher, and will not be needed in the future shall be returned to the teacher donating the sick leave.
 - (e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.
- (8) A teacher may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.
- (9) After July 1, 1982, a district board of education may compensate, at the time of retirement, an employee or a teacher for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%). Payment for

unused sick leave days shall be incorporated into the annual salary of the final year of service; provided that the member makes the regular retirement contribution for members on the sick leave payment. The accumulation of these days includes unused sick leave days held by the employee or teacher at the time of implementation of the program.

- (10) Any statute to the contrary notwithstanding, employees and teachers who transferred from the Department of Education to a school district, from a school district to the Department of Education, or from one (1) school district to another school district after July 15, 1981, shall receive credit for any unused sick leave to which the employee or teacher was entitled on the date of transfer. This credit shall be for the purposes set forth in subsection (9) of this section.
