The operation of vehicles in accordance with the terms of the permit issued under this section shall not constitute a violation of this chapter if the operator has the permit, or an authenticated copy of it, in his possession.
- (9) Any person transporting a parade float which exceeds the dimensional limits on a highway over which it is transported shall be required to obtain a permit as required in subsection (2) of this section. If the float is being used in conjunction with a parade to be held within the boundaries of the Commonwealth, a fee shall not be assessed by the department to issue the permit.
- (10) A person shall not operate any vehicle in violation of the terms of the permit issued under this section.

  - (j) Loan servicing fees derived from loans secured by real property;
  - (k) Loan servicing fees derived from loans not secured by real property;
  - (l) Interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities and from trading assets and activities.     2. The amount by which interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from these assets and activities;

    2. Receipts from the lease or rental of transportation property owned by the financial institution are included in the numerator of the receipts factor to the extent that the property is used in this Commonwealth. The extent an aircraft will be deemed to be used in this Commonwealth and the amount of receipts that is to be included in the numerator of this Commonwealth's receipts factor is determined by multiplying all the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this Commonwealth and the denominator of which is the total number of landings of the aircraft. If the extent of the use of any transportation property within this Commonwealth cannot be determined, then the property shall be deemed to be used wholly in the state in which the property has its principal base of operations. A motor vehicle shall be deemed to be used wholly in the state in which it is registered.
  - (c)
    1. Interest and fees or penalties in the nature of interest from loans secured by real property shall be included in the numerator if the property is located within this Commonwealth. If the property is located both within this Commonwealth and one (1) or more other states, receipts shall be included if more than fifty percent (50%) of the fair market value of the real property is located

within this Commonwealth. If more than fifty percent (50%) of the fair market value of the real property is not located within any one (1) state, then the receipts described in this subparagraph shall be included in the numerator if the borrower is located in this Commonwealth.

- (d) Interest and fees or penalties in the nature of interest from loans not secured by real property shall be included in the numerator if the borrower is located in this Commonwealth.
  - (e) Net gains from the sale of loans shall be included in the numerator as provided in subparagraphs 1. and 2. of this paragraph. Net gains from the sale of loans includes income recorded under the coupon stripping rules of Section 1286 of the Internal Revenue Code.
    1. The amount of net gains, but not less than zero (0), from the sale of loans secured by real property included in the numerator is determined by multiplying net gains by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (c) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans secured by real property.
    2. The amount of net gains, but not less than zero (0), from the sale of loans not secured by real property included in the numerator is determined by multiplying net gains by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (d) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans not secured by real property.
  - (f) Interest and fees or penalties in the nature of interest from credit card receivables and receipts from fees charged to card holders, such as annual fees, shall be included in the numerator if the billing address of the card holder is in this Commonwealth.
  - (g) Net gains, but not less than zero (0), from the sale of credit card receivables to be included in the numerator shall be determined by multiplying the amount established in paragraph (g) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (f) of this subsection and the denominator of which is the financial institution's total amount of interest and fees or penalties in the nature of interest from credit card receivables and fees charged to card holders.
  - (h) Credit card issuer's reimbursement fees to be included in the numerator shall be determined by multiplying the amount established in paragraph (h) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (f) of this subsection and the denominator of which is the financial institution's total amount of interest and fees or penalties in the nature of interest from credit card receivables and fees charged to card holders.
  - (i) Receipts from merchant discount shall be included in the numerator if the commercial domicile of the merchant is in this Commonwealth. Receipts from merchant discount shall be computed net of any cardholder charge backs but shall not be reduced by any interchange transaction fees or by any issuer's reimbursement fees paid to another for charges made by its card holders.
  - (j)
    1. a. Loan servicing fees derived from loans secured by real property to be included in the numerator shall be determined by multiplying the amount determined under paragraph (j) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (c) of this subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans secured by real property.
    - b. Loan servicing fees derived from loans not secured by real property to be included in the numerator shall be determined by multiplying the amount determined under paragraph (k) of subsection (1) of this section by a fraction the numerator of which is the amount included in the numerator of the receipts factor pursuant to paragraph (d) of this

subsection and the denominator of which is the total amount of interest and fees or penalties in the nature of interest from loans not secured by real property.

2. In circumstances in which the financial institution receives loan servicing fees for servicing either the secured or the unsecured loans of another, the numerator of the receipts factor shall include the fees if the borrower is located in this Commonwealth.
- (k) Receipts from services not otherwise apportioned under this section shall be included in the numerator if the service is performed in this Commonwealth. If the service is performed both within and without this Commonwealth, the numerator of the receipts factor includes receipts from services not otherwise apportioned under this section, if a greater proportion of the income-producing activity is performed in this Commonwealth based on cost of performance.
- (l) 1. The numerator of the receipts factor includes interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of subsection (1) of this section that are attributable to this Commonwealth.
- a. The amount of interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities in the investment account to be attributed to this Commonwealth and included in the numerator is determined by multiplying all income from the assets and activities by a fraction the numerator of which is the average value of the assets that are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all the assets.
  - b. The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 1. of paragraph (1) of subsection (1) of this section from funds and securities by a fraction the numerator of which is the average value of federal funds sold and securities purchased under agreements to resell which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all funds and securities.
  - c. The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, but excluding amounts described in subdivisions a. and b. of this subparagraph, attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 2. of paragraph (1) of subsection (1) of this section by a fraction the numerator of which is the average value of trading assets which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the average value of all assets.
  - d. For purposes of this subparagraph, average value shall be determined using the rules for determining the average value of tangible personal property set forth in KRS 136.535(3) and (4).
2. In lieu of using the method set forth in subparagraph 1. of this paragraph, the financial institution may elect, or the cabinet may require in order to fairly represent the business activity of the financial institution in this Commonwealth, the use of the method set forth in this subparagraph.
- a. The amount of interest, dividends, net gains, but not less than zero (0), and other income from investment assets and activities in the investment account to be attributed to this Commonwealth and included in the numerator is determined by multiplying all income from assets and activities by a fraction the numerator of which is the gross income from assets and activities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all assets and activities.

- b. The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 1. of paragraph (l) of subsection (1) of this section from funds and securities by a fraction the numerator of which is the gross income from funds and securities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all funds and securities.
  - c. The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions, but excluding amounts described in subdivisions a. and b. of this subparagraph, attributable to this Commonwealth and included in the numerator is determined by multiplying the amount described in subparagraph 2. of paragraph (l) of subsection (1) of this section by a fraction the numerator of which is the gross income from trading assets and activities which are properly assigned to a regular place of business of the financial institution within this Commonwealth and the denominator of which is the gross income from all assets and activities.
3. If the financial institution elects or is required by the cabinet to use the method set forth in subparagraph 2. of this paragraph, it shall use this method on all subsequent returns unless the financial institution receives prior permission from the cabinet to use, or the cabinet requires, a different method.
  4. The financial institution shall have the burden of proving that an investment asset or activity or trading asset or activity was properly assigned to a regular place of business outside this Commonwealth by demonstrating that the day-to-day decisions regarding the asset or activity occurred at a regular place of business outside this Commonwealth. Where the day-to-day decisions regarding an investment asset or activity or trading asset or activity occur at more than one (1) regular place of business and one (1) regular place of business is in this Commonwealth and one (1) regular place of business is outside this Commonwealth, the asset or activity shall be considered to be located at the regular place of business of the financial institution where the investment or trading policies or guidelines with respect to the asset or activity are established. Section 34. KRS 144.125 is amended to read as follows:

- (1) Subject to the provisions of subsections (4) through (9) of this section and KRS 144.130, any certificated air carrier which is engaged in the air transportation of persons or property for hire shall be entitled to a general tax credit, as computed in subsection (3) of this section, for any annual period in which the certificated air carrier meets or exceeds the investment and gross wage qualification requirements prescribed in subsection (2) of this section and has elected to begin claiming the credit.

- (2) To qualify for the general tax credit provided in subsection (1) of this section, the certificated air carrier shall:
- (a) Prior to or during the annual period for which the credit is claimed, have made, caused to be made, or obtained contractual obligations to make, consistent with the fundamental project scope, an investment in the aggregate of at least three hundred million dollars (\$300,000,000) in new and expanded air transportation facilities and related equipment in this Commonwealth; and
  - (b) During the annual period for which the credit is claimed, have gross wages subject to Kentucky income tax and Kentucky income tax withholding pursuant to KRS Chapter 141 which are at least fifteen million dollars (\$15,000,000) greater than its gross Kentucky real wage base. In calculating the gross wages paid for the annual period for which the credit is claimed, there shall not be included the wages of any nonqualifying employees of the certificated air carrier.
- (3) The general tax credit shall be an amount equal to ten percent (10%) of the increase in gross wages subject to Kentucky income tax and Kentucky income tax withholding paid by the certificated air carrier during the annual period as compared to the carrier's gross Kentucky real wage base. In calculating the gross wages paid for the annual period for which the credit is claimed, there shall not be included the wages of any nonqualifying employees of the certificated air carrier.
- (4) The general tax credit may accrue for only five (5) consecutive annual periods of the qualifying certificated air carrier. The five (5) year limitation period shall begin at the election of the qualifying certificated air carrier, but not later than the carrier's annual period beginning in 1997. The tax credit shall accrue to the carrier only for the annual periods during which the carrier meets or exceeds the requirements as provided in subsection (2) of this section.
- (5) The general tax credit authorized to a qualifying certificated air carrier shall not exceed three million dollars (\$3,000,000) for any annual period.
- (6) The general tax credit authorized to a qualifying certificated air carrier shall not exceed a total of fifteen million dollars (\$15,000,000).
- (7) The general tax credit authorized shall be claimed by the qualifying certificated air carrier first against **the tax liability imposed by KRS 141.040**~~[its Kentucky corporation income tax liability]~~, then against its Kentucky corporation license tax liability, with any remaining balance to be claimed against its Kentucky sales and use tax liability. The credit shall not be applied to any other liability due the Commonwealth. The Revenue Cabinet may prescribe the method or manner for the qualifying certificated air carrier to claim the tax credit on applicable tax returns filed with the cabinet.
- (8) If the tax liabilities against which the tax credit is to be claimed pursuant to subsection (7) of this section are not sufficient to fully absorb the allowable tax credit, or if a ~~[net operating loss carryback or other]~~ subsequent adjustment reduces the carrier's liability against which a credit authorized by this section has previously been claimed, the unused or excess balance of the allowable credit may be applied against the carrier's liabilities for the specified taxes for previous or subsequent annual periods within the five (5) year limitation period. However, no refund in excess of the net tax actually paid by the carrier shall be made by the Commonwealth because of the carrier's application of the unused or excess credit. Interest shall not apply to any tax refunded for a prior period resulting from the credit carryback provisions of this subsection.
- (9) Each certificated air carrier claiming the general tax credit authorized pursuant to this section shall file an annual general tax credit reconciliation report with the Revenue Cabinet on or before the fifteenth day of the fourth month following the end of each annual period for which the credit is claimed. The report shall be filed as provided in KRS 144.135 to 144.139 for each type tax against which the credit is applied.

Section 35. KRS 155.170 is amended to read as follows:

The minimum tax assessable to any one (1) such corporation shall be ten dollars (\$10). It is the purpose and intent of the General Assembly to levy taxes on corporations organized pursuant to this chapter so that all such corporations will be taxed uniformly in a just and equitable manner in accordance with the provisions of the Constitution of the Commonwealth of Kentucky. The intent of this section is for the General Assembly to exercise the powers of classification and of taxation on property, franchises, and trades conferred by Section 171 of the Constitution of the Commonwealth.
- (3) On or before June 1 of each year, the executive officer or officers of each corporation shall file with the secretary of revenue a full and accurate report of all income received or accrued during the taxable year, and also an accurate record of the legal deductions in the same calendar year to the end that the correct entire net income of the corporation may be determined. This report shall be in such form and contain such information as the secretary of revenue may specify. At the time of making such report by each corporation, the taxes levied by this section with respect to an excise tax on corporations organized pursuant to this chapter shall be paid to the secretary of revenue.
- (4) The securities, evidences of indebtedness and shares of the capital stock issued by the corporation established under the provisions of this chapter, their transfer, and income therefrom and deposits of financial institutions invested therein, shall at all times be free from taxation within the Commonwealth.
- (5) Any stockholder, member, or other holder of any securities, evidences of indebtedness, or shares of the capital stock of the corporation who realizes a loss from the sale, redemption, or other disposition of any securities, evidences of indebtedness, or shares of the capital stock of the corporation, including any such loss realized on a partial or complete liquidation of the corporation, and who is not entitled to deduct such loss in computing any of such stockholder's, member's, or other holder's taxes to the Commonwealth shall be entitled to credit against any taxes subsequently becoming due to the Commonwealth from such stockholder, member, or other holder, a percentage of such loss equivalent to the highest rate of tax assessed for the year in which the loss occurs upon mercantile and business corporations.

- (2) Any taxpayer may list his property in person before the property valuation administrator or his deputy, or may file a property tax return by first class mail. Any real property correctly and completely described in the assessment record for the previous year, or purchased during the preceding year and for which a value was stated in the deed according to the provisions of KRS 382.135, may be considered by the owner to be listed for the current year if no changes that could potentially affect the assessed value have been made to the property. However, if requested in writing by the property valuation administrator or by the cabinet, any real property owner shall submit a property tax return to verify existing information or to provide additional information for assessment purposes. Any real property which has been underassessed as a result of the owner intentionally failing to provide information, or intentionally providing erroneous information, shall be subject to revaluation, and the difference in value shall be assessed as omitted property under the provisions of KRS 132.290.

- (3) If the owner fails to list the property, the property valuation administrator shall nevertheless assess it. The property valuation administrator may swear witnesses in order to ascertain the person in whose name to make the list. The property valuation administrator, his employee, or employees of the cabinet may physically inspect and revalue land and buildings in the absence of the property owner or resident. The exterior dimensions of buildings may be measured and building photographs may be taken; however, with the exception of buildings under construction or not yet occupied, an interior inspection of residential and farm buildings, and of the nonpublic portions of commercial buildings shall not be conducted in the absence or without the permission of the owner or resident.
- (4) Real property shall be assessed in the name of the owner, if ascertainable by the property valuation administrator, otherwise in the name of the occupant, if ascertainable, and otherwise to "unknown owner." The undivided real estate of any deceased person may be assessed to the heirs or devisees of the person without designating them by name.
- (5) Real property tax roll entries for which tax bills have not been collected at the expiration of the one (1) year tolling period provided for in KRS 134.470, and for which the property valuation administrator cannot physically locate and identify the real property, shall be deleted from the tax roll and the assessment shall be exonerated. The property valuation administrator shall keep a record of these exonerations, which shall be open under the provisions of KRS 61.870 to 61.884. If, at any time, one of these entries is determined to represent a valid parcel of property it shall be assessed as omitted property under the provisions of KRS 132.290. Notwithstanding other provisions of the Kentucky Revised Statutes to the contrary, any loss of ad valorem tax revenue suffered by a taxing district due to the exoneration of these uncollectable tax bills may be recovered through an adjustment in the tax rate for the following year.
- (6) All real property exempt from taxation by Section 170 of the Constitution shall be listed with the property valuation administrator in the same manner and at the same time as taxable real property. The property valuation administrator shall maintain an inventory record of the tax-exempt property, but the property shall not be placed on the tax rolls. A copy of this tax-exempt inventory shall be filed annually with the cabinet within thirty (30) days of the close of the listing period. This inventory shall be in the form prescribed by the cabinet. The cabinet shall make an annual report itemizing all exempt properties to the Governor and the Legislative Research Commission within sixty (60) days of the close of the listing period.
- (7) Each property valuation administrator, under the direction of the cabinet, shall review annually all real property listed with him under subsection (6) of this section and claimed to be exempt from taxation by Section 170 of the Constitution. The property valuation administrator shall place on the tax rolls all property that is not exempt. Any property valuation administrator who fails to comply with this subsection shall be subject to the penalties prescribed in KRS 132.990(2).

Section 60. KRS 132.230 is amended to read as follows:

- (1) Every person listing his property with the property valuation administrator shall state:
  - (a) Each separate tract of land, with the number of acres in each tract; the value per acre; each of the improvements thereon; the name of the nearest resident thereto; where located, giving the election precinct in which it is located; the number of each city lot and the improvements thereon, in what city, on which street, the value of each, and the value of the improvements thereon to the extent that they enhance the value of each lot; whether there is any land adjoining his owned by a nonresident of the county or state, giving the name and place of residence of any such owner, if known;
  - (b) The number of livestock, their type, species and value; *and*
  - (c) ~~All other property including the number, denomination and fair cash value of all bonds subject to taxation owned by him with the value thereof on January 1 of the year for which the assessment is made, unless otherwise provided by law; and~~
  - ~~(d)~~ Such other facts as may be required in the blanks provided.
- (2) An error or informality in the description or location of the property, or in the name of the owner or person assessed, shall not invalidate the assessment if the property can with reasonable certainty be located or identified from the description given, in which case the collector may receive the taxes and by his receipt correct the error or informality.

Section 61. KRS 132.320 is amended to read as follows:

- (1) Any person who has failed to list for taxation ~~his intangible personal property or~~ tangible personal property, in whole or in part, because he was not called upon by the property valuation administrator or for any other reason, may at any time list the property with the cabinet by reporting to the cabinet the full details and a correct description of the omitted property and its value. The cabinet may determine and fix the fair cash value, estimated at the price it would bring at a fair voluntary sale, of the property so reported and listed for taxation.
- (2) Any person dissatisfied with or aggrieved by the finding or ruling of the cabinet may appeal the finding or ruling in the manner provided in KRS 131.110.
- (3) The cabinet may promulgate administrative regulations, and develop forms for the listing and assessment of the property assessed or to be assessed for taxation. The tax assessed shall be paid to and collected by the cabinet. Taxes collected by the cabinet on behalf of the county, school, and other local taxing districts shall be distributed to each district at least quarterly. From each distribution, the cabinet shall deduct a fee which represents an allocation of cabinet operating and overhead expenses incurred in assessing and collecting the omitted tax. The fee shall be determined by the cabinet and shall apply to all omitted taxes collected after December 31, 1997.
- (4) All property assessed pursuant to this section shall be liable for the payment of the taxes, interest, and penalties provided by law for failure to list the property with the property valuation administrator or other assessment board, commission, or authority within the time and in the manner prescribed by law, except that if the taxpayer voluntarily lists property under this section the twenty percent (20%) penalty provided to be paid to the cabinet shall not apply, unless the taxpayer on an appeal from the action of the cabinet attempts to reduce the assessment and is unsuccessful.
- (5) If after demand by the cabinet, any taxpayer refuses to voluntarily list any ~~intangible or~~ tangible personal property omitted from assessment, the cabinet shall make an estimate of the fair cash value of the omitted ~~intangible or~~ tangible personal property from the information in its possession and assess the property for taxation and require payment of the taxes, penalties, and interest due to the state and local taxing districts from the person assessed. Notice of the assessment shall be mailed to the taxpayer or the taxpayer's agent. The finality and review of any assessment made pursuant to this section shall be governed by the provisions of KRS 131.110.

Section 62. KRS 132.330 is amended to read as follows:

The field agents, accountants and attorneys of the Revenue Cabinet shall cause to be listed for taxation all property omitted by the property valuation administrators, county board of assessment appeals, cabinet or any other assessing authority, for any year omitted. The agent, accountant or attorney proposing to have the property assessed shall file in the office of the county clerk of the county in which the property may be liable to assessment a statement containing a description and value of the property or corporate franchise proposed to be assessed, the name and place of residence of the owner, his agent or attorney, or person in possession of the property, if known, and the year the property was unassessed. The county clerk shall thereupon issue a summons against the owner, or person in possession of the property if the owner is unknown, to show cause within ten (10) days after the service of the summons, why the property or corporate franchise shall not be assessed at the value named in the statement filed. No decision shall be rendered against the alleged owner unless the statement filed contains a description of the property sought to be assessed that will enable the county judge/executive to identify it. The summons shall be executed by the sheriff by delivering a copy thereof to the owner, or if he is not in the county to his agent, attorney or person in possession of the property. If the property is real property, and the owner is known but is absent from the state and has no attorney or agent in this state and no one is in possession of the property, the summons shall be served by posting it in a conspicuous place upon the property; if the property consists of tangible personal property the summons shall be placed in a conspicuous place where the property is located. In the case of tangible ~~and intangible~~ personal property, where the owner and his place of residence are unknown and no one (1) has possession of the property, an action for assessment shall be instituted by filing the petition above mentioned and procuring constructive service against the owner under the provisions of rules 4.05, 4.06, 4.07 and 4.08 of the Rules of Civil Procedure. In all of the above cases an attachment of the property omitted from assessment may be procured from the District Court against the owner, at the time of the institution of the action or thereafter, and without the execution of a bond by the Commonwealth or its relator, by the representative of the Revenue Cabinet making an affidavit that the property described in the petition is subject to state, county, school or other taxing district tax, and is unassessed for any taxable year.

Section 63. KRS 132.360 is amended to read as follows:

- (1) Any assessment of ~~accounts receivable, notes, or bonds or other intangible or~~ tangible personal property ~~that were~~ listed with the property valuation administrator or with the Revenue Cabinet as provided by KRS 132.220 may be reopened by the Revenue Cabinet within five (5) years after the due date of the return, unless the assessed value ~~thereof is the face value in the case of accounts receivable and notes or the quoted value in the case of bonds, or~~ has been established by a court of competent jurisdiction. If upon reopening the assessment the cabinet finds that the assessment was less than the fair cash value and should be increased, it shall give notice thereof to the taxpayer, who may within forty-five (45) days thereafter protest to the cabinet and offer evidence to show that no increase should be made. After the cabinet has disposed of the protest, the taxpayer may appeal from any such additional assessment as provided by KRS 131.110 and 131.340.
- (2) Upon such assessment becoming final the cabinet shall certify the amount due to the taxpayer. The tax bill shall be handled and collected as an omitted tax bill, and the additional tax shall be subject to the same penalties and interest as the tax on omitted property voluntarily listed.

Section 64. KRS 132.450 is amended to read as follows:

- (1) Each property valuation administrator shall assess at its fair cash value all property which it is his duty to assess except as provided in paragraph (c) of subsection (2) of this section. ~~In the case of securities which are regularly bought and sold through stock exchanges, the price at which such property closed on the last regular business day preceding the assessment day shall be prima facie evidence of the fair cash value of such property.~~ The property of one (1) person shall not be assessed willfully or intentionally at a lower or higher relative value than the same class of property of another, and any grossly discriminatory valuation shall be construed as an intentional discrimination. The property valuation administrator shall make every effort, through visits with the taxpayer, personal inspection of the property, from records, from his own knowledge, from information in property schedules, and from such other evidence as he may be able to obtain, to locate, identify, and assess property.
- (2)
  - (a) In determining the total area of land devoted to agricultural or horticultural use, there shall be included the area of all land under farm buildings, greenhouses and like structures, lakes, ponds, streams, irrigation ditches and similar facilities, and garden plots devoted to growth of products for on-farm personal consumption but there shall be excluded, land used in connection with dwelling houses including, but not limited to, lawns, drives, flower gardens, swimming pools, or other areas devoted to family recreation. Where contiguous land in agricultural or horticultural use in one (1) ownership is located in more than one (1) county or taxing district, compliance with the minimum requirements shall be determined on the basis of the total area of such land and not the area of land which is located in the particular county or taxing district.
  - (b) Land devoted to agricultural or horticultural use, where the owner or owners have petitioned for, and been granted, a zoning classification other than for agricultural or horticultural purposes qualifies for the agricultural or horticultural assessment until such time as the land changes from agricultural or horticultural use to the use granted by the zoning classification.
  - (c) When the use of a part of a tract of land which is assessed as agricultural or horticultural land is changed either by conveyance or other action of the owner, the right of the remaining land to be retained in the agricultural or horticultural assessment shall not be impaired provided it meets the minimum requirements, except the minimum ten (10) contiguous acre requirement shall not be applicable if any portion of the agricultural or horticultural land has been acquired for a public purpose as long as the remaining land continues to meet the other requirements of this section.
  - (d) When in the opinion of the property valuation administrator any land has a value in excess of that for agricultural or horticultural use the property valuation administrator shall enter into the tax records the value of the property according to its fair cash value. When the property valuation administrator determines that the land meets the requirements for valuation as agricultural or horticultural land, the valuation for tax purposes shall be its agricultural or horticultural value.
- (3) When land which has been valued and taxed as agricultural land for five (5) or more consecutive years under the same ownership fails to qualify for the classification through no other action on the part of the owner or owners other than ceasing to farm the land, the land shall retain its agricultural classification for assessment and taxation purposes. Classification as agricultural land shall expire upon change of use by the owner or owners or upon conveyance of the property to a person other than a surviving spouse.

- (4) If the property valuation administrator assesses any property ~~[-, except stocks and bonds at the market value listed in recognized publications,]~~ at a greater value than that listed by the taxpayer or assesses unlisted property, the property valuation administrator shall serve notice on the taxpayer of such action. The notice shall be given by first-class mail or as provided in the Kentucky Rules of Civil Procedure.
- (5) Any taxpayer may designate on the property schedule any property which he does not consider to be subject to taxation, and it shall be the duty of the property valuation administrator to obtain and follow advice from the cabinet relative to the taxability of such property.

Section 65. KRS 132.486 is amended to read as follows:

- (1) The Revenue Cabinet shall develop and administer a centralized ad valorem assessment system for ~~[-intangible personal property and]~~ tangible personal property. This system shall be designed to provide on-line computer terminals and accessory equipment in every property valuation administrator's office in the state in order to create and maintain a centralized personal property tax roll database.
- ~~(2) [- State income tax returns and return preparation instructions shall be revised to facilitate the preparation of the personal property tax return; however, the personal property tax return shall be a separate document and shall be listed with the property valuation administrator in the county of taxable situs according to the provisions of KRS 132.220(1) or with the Revenue Cabinet. The Revenue Cabinet shall promulgate administrative regulations and develop forms for the listing and assessment of personal property.~~
- ~~(3)~~ Appeals of personal property assessments shall not be made to the county board of assessment appeals. Personal property taxpayers shall be served notice under the provisions of KRS 132.450(4) and shall have the protest and appeal rights granted under the provision of KRS 131.110.
- ~~(3)~~~~(4)~~ No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which the taxpayer claims as the true value as stated in a protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to the tax bill.

Section 66. KRS 132.570 is amended to read as follows:

~~{(1) [-] No person shall willfully make a false statement [-, or, to avoid taxation, make a temporary investment in securities exempt from taxation, or convert any intangible property into nontaxable property outside of this state,]~~ or resort to any device to evade taxation. Any person doing so shall be subject to three (3) times the amount of tax upon his property, to be recovered by the sheriff by action in the name of the Commonwealth in the county in which the property is liable for taxation, or by the Revenue Cabinet, when the taxes are payable to it, in the Franklin Circuit Court.

~~{(2) [- No person shall transfer or assign of record any mortgage note, bond or other evidence of indebtedness, secured by any recorded instrument, for the sole purpose of evading the taxes thereon.]~~

A lien for delinquent ad valorem taxes shall not attach to any motor vehicle transferred while the taxes are due on that vehicle. - (8) The lien required by subsection (7) of this section shall be filed and released by the automatic entry of appropriate information in the AVIS database. For the filing and release of each lien or set of liens arising from motor vehicle ad valorem property tax delinquency, a fee of one dollar (\$1) shall be added to the delinquent tax account. - (2) *Effective June 1, 2005, a surtax shall be paid in addition to the tax levied in subsection (1) of this section at a proportionate rate of twenty-six cents (\$0.26) on each twenty (20) cigarettes. - (3) (a) *Effective August 1, 2005, a tax shall be imposed upon all wholesalers of other tobacco products at the rate of seven and one-half percent (7.5%) of the gross receipts of any wholesaler derived from wholesale sales made within the Commonwealth.*

Moreover, the General Assembly acknowledges that some in the public health community recognize that tobacco harm reduction should be a complementary public health strategy regarding tobacco products. Taxing tobacco products according to relative risk is a rational tax policy and may well serve the public health goal of reducing smoking-related mortality and morbidity and lowering health care costs associated with tobacco-related disease.*

SECTION 82. A NEW SECTION OF KRS 138.130 TO 138.205 IS CREATED TO READ AS FOLLOWS:

Any such cigarettes shall be retained by such retailer, and not sold, for a period of fifteen (15) days after giving the notice provided in this subsection. If it is shown to the satisfaction of the Revenue Cabinet that the owner was without fault in the possession, dispensing or transportation of the untax-paid cigarettes, ***the Revenue Cabinet***~~he~~ shall remit the forfeiture. ***If the Revenue Cabinet***~~In the event he~~ determines that the possession, dispensing or transportation of untax-paid cigarettes was willful or intentional ***the Revenue Cabinet***~~he~~ may nevertheless remit the forfeiture on condition that the owner pay a penalty to be prescribed by ***the Revenue Cabinet***~~him~~ of not more than fifty percent (50%) of the value of the ***property***~~thing~~ forfeited. All taxes due on untax-paid cigarettes shall be paid in addition to the penalty, if any.

Such a license or licenses shall be secured on or before July 1 of each year, and each licensee shall pay the sum of five hundred dollars (\$500) for each such year or portion thereof for which such license is secured.

- (8) The cabinet may by regulation require any person licensed under the provisions of this section to supply such information concerning his business, sales or any privilege exercised, as is deemed reasonably necessary for the regulation of such licensees, and to protect the revenues of the state. Failure on the part of such licensee to comply with the provisions of KRS 138.130 to 138.205 or any regulations promulgated thereunder, or to permit an inspection of premises, machines or vehicles by an authorized agent of the cabinet at any reasonable time shall be grounds for the revocation of any license issued by the cabinet, after due notice and a hearing by the cabinet. The secretary of revenue may assign a time and place for such hearing and may appoint a conferee who shall conduct a hearing, receive evidence and hear arguments. Such conferee shall thereupon file a report with the secretary together with a recommendation as to the revocation of such license. From any revocation made by the secretary of revenue on such report, the licensee may prosecute an appeal to the Kentucky Board of Tax Appeals as provided by law. The Revenue Cabinet shall promulgate administrative regulations setting forth the details of the reporting requirements.*
- (13) *A tax return shall be filed for each reporting period whether or not tax is due.*

The portion of the sheriff departments' certified collections identified in subsection (1) of this section from the tax imposed under KRS 136.120 attributable to the franchise portion of the operating property, as noted in KRS 136.115, that was imposed by county governments shall be added to each county's reported collections to determine its local historical percentage;*

- (c) *Three million, thirty-four thousand dollars (\$3,034,000), which represents one-twelfth (1/12) of the total potential collections, shall be designated as the "monthly hold-harmless amount"; and*
  - (d) *Each political subdivision's, school district's, and special district's local historical percentage shall be multiplied by the monthly hold-harmless amount to determine its monthly distribution from the fund.*
- (3) *If during the period between June 30, 2005, and December 31, 2005, any political subdivision had a substantial change in its base revenue by enacting or modifying the rate of a local franchise fee prior to June 30, 2005, the political subdivision may request the cabinet to determine its certified collection amount.*

In addition, the cabinet shall distribute one-twelfth (1/12) of the sheriff department's fixed hold-harmless amount as defined in subsection (2)(b) of Section 113 of this Act. For tax collections received in January and February of 2006, the cabinet shall make the distribution by April 25, 2006. For all other periods, the cabinet shall make distribution by the twenty-fifth day of the next calendar month following the tax receipts.*
- (3) *After the distribution required by subsection (2) of this section, the cabinet shall deposit one million two hundred fifty thousand dollars (\$1,250,000) in the state general fund. This amount shall be adjusted on a prospective basis after the collection of the first twelve (12) months of tax receipts from the taxes imposed by Sections 90 and 96 of this Act to equal the average monthly tax receipts attributable to the taxation of satellite broadcast and wireless cable services under Sections 90 and 96 of this Act. The amount shall then become the fixed amount distributed to the general fund.*
- (4) *Money remaining in the gross revenues and excise tax fund after the distribution required by subsection (3) of this section shall be transferred to the state baseline and local growth fund established in Section 112 of this Act.*

SECTION 115. A NEW SECTION OF KRS CHAPTER 136 IS CREATED TO READ AS FOLLOWS:

"Total tax receipts" shall not include revenue from nontax sources, such as intergovernmental revenues, charges for services, tuition, interfund transfers, interest and investment income, rental income, income from asset sales, beginning balances, or revenue from licenses and permits. "Total tax receipts" shall include the following:*

This amount shall be used to calculate the percentage of each school district's and special district's portion of the account labeled under its county's name within the state baseline and local growth fund as described in subsection (3)(b) of this section. For tax years with no assessments under KRS Chapter 132, the local historical percentage as defined in Section 113 of this Act shall be used.*
- (3) *Each political subdivision's, school district's, and special district's monthly portion of the state baseline and local growth fund shall be computed as follows:*
- (a) *A "local growth portion" shall be determined as an amount of money that when added to the hold-harmless amount identified in paragraph (c) of subsection (2) of Section 113 of this Act equals fifteen and six-tenths percent (15.6%) of the total amount deposited in the gross revenues and excise tax fund, minus the amount of distributions made under subsections (1) and (3) of Section 114 of this Act.*
  - (b) *The local growth portion shall be accounted for by county within the state baseline and local growth fund based on the ratio of the gross revenues tax collected on multichannel video programming services and communications services provided in each county to the total statewide collections of the gross revenues tax. The county-by-county allotment of the local growth portion shall be known as the "county growth portion."*
  - (c) *The county growth portion shall be further segregated into the political subdivision allotment, the school district allotment, and the special district allotment based upon the ratio of each allotment category's total historical collections as calculated under subsection (2) of Section 113 of this Act to the total overall county historical collections as calculated from the certified collections under subsection (1) of Section 113 of this Act.*
  - (d) *On or before April 25, 2006, each political subdivision's share of the political subdivision allotment shall be determined by multiplying the political subdivision allotment of the local growth portion as determined in paragraph (b) of this subsection by the percentage calculated in subsection (1) of this section.*
  - (e) *On or before April 25, 2006, each school district's share of the school district allotment shall be determined by multiplying the school district allotment as determined in paragraph (c) of this subsection by the percentage calculated in subsection (2) of this section.*
  - (f) *On or before April 25, 2006, each special district's share of the special district allotment shall be determined by multiplying the special district allotment as determined in paragraph (c) of this subsection by the percentage calculated in subsection (2) of this section.*
  - (g) *The respective allotment share for each participating political subdivision, school district, and special district shall be adjusted every July 1 following the year 2006, to account for any change in its percentages based on annual certifications required in subsections (1) and (2) of this section.*
  - (h) *Notwithstanding the annual certifications required in subsection (1) of this section, following the year 2006, political subdivisions may choose to determine their respective shares of the political subdivision allotment pursuant to an interlocal agreement as authorized under KRS 65.240. Activation or termination of an interlocal agreement shall comply with the notification requirements of subsection (1) of this section and shall become effective the following July 1. The terms of a timely interlocal agreement governing the distribution of a political subdivision allotment shall remain in effect until its timely termination by one of the participating political subdivisions.*

A separate designation of sites where a remedial action involving on-site containment or treatment has been performed and other sites where restoration of the environment has not been achieved shall be maintained. A review of environmental conditions at sites remediated by on-site containment or treatment and other sites where restoration or remediation of the environment is not achieved shall be conducted by the cabinet every five (5) years to determine whether additional action is necessary to protect human health or the environment.

or
  - (d) Any combination of paragraphs (a) to (c) of this subsection.
- (19) Unless otherwise required by the cabinet, a person required to characterize the extent of a release and correct the effect of the release on the environment under subsection (18) of this section may take those actions without making the demonstrations to the cabinet required by subsections (18) to (21) of this section, if:

- (a) The release is less than the reportable quantity of a hazardous substance, pollutant, or contaminant;
  - (b) The release is of a pollutant or contaminant for which a reportable quantity has not been established by administrative regulation promulgated pursuant to subsection (2) of this section, if the release does not present an imminent or substantial danger to the public health or welfare; or

For purposes of this paragraph, the financial institution shall have undertaken, at the time of acquisition, all appropriate inquiries into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. What actions constitute all appropriate inquiries shall be determined by taking into account any specialized knowledge or experience on the part of the financial institution, the relationship of the market value of the site to the value of the site if uncontaminated, commonly known or reasonably ascertainable information about the site, the obviousness of the presence or likely presence of contamination at the site, the ability to detect the contamination by appropriate inspection, and any other relevant factor;

*The department shall promulgate administrative regulations prescribing the reports which shall be filed with the department by persons holding property presumed abandoned, including the date for filing reports, the contents of the reports, the coverage period of the reports, identifying information concerning the property and presumptive owner if known, the manner in which property shall be transferred from the person holding it to the department, requirements for providing notice to a person who may be the owner of property presumed abandoned, legal actions that may be taken to claim property presumed abandoned, and any other necessary and relevant information needed by the department to carry out the responsibilities concerning unclaimed property prescribed in this chapter. The department shall, notwithstanding KRS 424.180 and 424.190, provide on an annual basis notice or published advertisement of property transferred to it. Any procedures prescribed by the department in accordance with this section shall employ the most cost-effective methods available for the submission of reports to the department and the notice or advertisement of property transferred to the department.* ~~(1) — A holder of property presumed abandoned shall make an annual report to the department concerning the property. The report shall be filed on or before November 1 of each year and shall cover the twelve (12) months ending on July 1 of that year. All property so reported shall be turned over by November 1 to the department. The report shall be verified and shall include:~~

- (b) ~~The nature and identifying number, if any, or description of the property and the amount appearing from the records to be due, except that items of value under one hundred dollars (\$100) each may be reported in the aggregate. The holder of abandoned property shall maintain its records for a period of five (5) years from the date of its report for items reported in the aggregate. If the owner of property reported in the aggregate makes a valid claim within five (5) years, the holder shall refund the property and deduct the amount refunded from the next report due to the department;~~
- (c) ~~The date when the property became payable, demandable, or returnable, and the date of the last known transaction with the owner with respect to the property if readily available; and~~
- (d) ~~Any other information which the department prescribes by administrative regulations necessary for the administration of this chapter.~~

~~The report shall be retained by the department. The department shall publish, in accordance with KRS Chapter 424, an annual advertisement listing the names of persons included in the report. The cost of the publication shall be paid by the state. The list shall be published as required on or before October 1 following the year when it is made, and the publishing shall be constructive notice to all interested parties.~~

- (2) ~~The holder of property presumed abandoned shall send written notice to the apparent owner, not more than one hundred twenty (120) days or less than sixty (60) days before filing the report, stating that the holder is in possession of the property subject to this section; except the holder shall not be required to mail a notice to any apparent owner where the fair cash value of the property is one hundred dollars (\$100) or less. The notice shall contain:
 
  - (a) ~~A statement that according to a report filed with the department properties are being held to which the addressee appears entitled;~~
  - (b) ~~The name and address of the person holding the property and any necessary information regarding changes of name and address of the holder; and~~
  - (c) ~~A statement that, if satisfactory proof of claim is not presented by the owner to the holder by the date specified in the published notice, the property will be placed in the custody of the department to whom all further claims must be directed.~~~~
- (3) ~~Any person who has made a report of any estate or property presumed abandoned, as required by this chapter, shall, by November 1 of each year, turn over to the department all property so reported; but if the person making the report or the owner of the property shall certify to the department that any or all of the statutory conditions necessary to create a presumption of abandonment no longer exist or never did exist, or shall report the existence of any fact or circumstance which has a substantial tendency to rebut the presumption, then, the person reporting or holding the property shall not be required to turn the property over to the department except on order of court. If a person files an action in court claiming any property which has been reported under the provisions of this chapter, the person reporting or holding the property shall be under no duty while the action is pending to turn the property over to the department, but shall have the duty of notifying the department of the pendency of the action.~~
- (4) ~~The person reporting or holding the property or any claimant of it shall always have the right to a judicial determination of his rights under this chapter, and nothing in this chapter shall be construed otherwise. The Commonwealth may institute an action to recover the property presumed abandoned, whether it has been reported or not, and may include in one (1) petition all the property within the jurisdiction of the court in which the action is brought if the property of different persons is set out in separate paragraphs].~~

Section 2. KRS 393.280 is amended to read as follows:

Records shall be considered relevant to the examination of the preceding reporting period if they document the period necessary, for that type of property, to establish presumed abandonment. *The Department may avail itself of enforcement technologies and programs designed to increase compliance among businesses with Kentucky's unclaimed property law.*
- (2) The Department of Financial Institutions may at reasonable times and upon reasonable notice examine all relevant records of any banking organization or financial organization if there is reason to believe that there has

been or is a failure to report property that should be reported under this chapter during the preceding reporting period.

- (4) The State Treasurer may promulgate administrative regulations pursuant to KRS Chapter 13A and any reasonable and necessary rules for the enforcement of this chapter, and govern hearings held before him. He may delegate in writing to any employee of the department authority to perform any of the duties imposed on him by this chapter, except the promulgation of rules.

(1) **Capital Construction Fund Appropriations and Reauthorizations:** Moneys in the Capital Construction Fund are appropriated for the following capital projects subject to the conditions and procedures in this Act. Items listed without appropriated amounts are previously authorized for which no additional amount is required. These items are listed in order to continue their current authorization into the 2004-2006 fiscal biennium. Unless otherwise specified, reauthorized projects shall conform to the original authorization enacted by the General Assembly.

(2) **Expiration of Existing Line-Item Capital Construction Projects:** All appropriations to existing line-item capital construction projects expire on June 30, 2005, unless reauthorized in this Act with the following exceptions: (a) A construction contract for the project shall have been awarded by June 30, 2005; (b) Permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds; (c) Grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties; and (d) Any capital construction project authorized pursuant to actions approved by the 2003 General Assembly in House Bill 269 (2003 Ky. Acts ch. 156, Part II, R. Coal Severance Tax Projects), unless otherwise provided for in this Act, is deemed to be reauthorized up to the total amount of receipts allocated to the single county account at the end of fiscal year 2003-2004. Notwithstanding the criteria set forth in this section, the disposition of 2002-2004 biennium nonstatutory appropriated maintenance pools funded from Capital Construction Investment Income shall remain subject to the provisions of KRS 45.770(4)(c) and (d).

(3) **New Bond Projects:** Bond projects authorized for the first time in this Part which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium. Debt service has been included effective July 1, 2005, for those projects that have progressed sufficiently to warrant the immediate sale of bonds, subject to the approval of the State Budget Director and the Secretary of the Finance and Administration Cabinet. The sale of all other bonds to finance the remaining projects shall occur after August 1, 2005.

(4) **Lapse of General Fund Debt Service Appropriations for Canceled Projects:** If any authorized capital construction or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund.

(5) **Bond Proceeds Investment Income:** Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties and excess bond proceeds upon the completion of a bond-financed capital project may be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations. Notwithstanding KRS 48.010(13)(b), 48.720, or any section of this Act, any funds appropriated but not required to pay debt service because of this fund source substitution shall be credited to the Statewide Deferred Maintenance Fund account each year. Unneeded debt service resulting from any other circumstance shall lapse in accordance with KRS 48.010(13)(b), 48.720, and other provisions of this Act except for the following: if the fund balance in the Emergency Repair, Maintenance, and Replacement Fund falls below \$5,000,000 in fiscal year 2004-2005, any debt service lapse necessary to bring the fund balance to \$5,000,000 in that fiscal year shall be credited to the Emergency Repair, Maintenance, and Replacement Fund. No transfer to the Emergency Repair, Maintenance, and Replacement Fund, or the Statewide Deferred Maintenance Pool Account, shall

be made based on the above provisions if the lapse from other General Fund accounts is insufficient to meet appropriations approved in other Parts of this Act.

**(6) Appropriations for Projects Not Line-Itemized:** Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Kentucky Infrastructure Authority Water and Sewer Projects; Repair of State-Owned Dams; Land Acquisition; Property Demolition; Guaranteed Energy Savings projects; Wetland and Stream Mitigation; Phase I Tobacco Settlement Agricultural Development Initiative; Economic Development projects which shall include authorization for the High-Tech Construction Pool and the High-Tech Investment Pool; Military Affairs Various Facilities Deferred Maintenance; Parks Renovation Pool; Education - Various Major Maintenance, Kentucky School for the Deaf; Statewide Repair, Maintenance, and Replacement Pool; Infrastructure projects; Various Projects Pool - KSU; and University Major Items of Equipment Pools. ### PART III

#### GENERAL PROVISIONS

**1. Funds Designations and Sources:** Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Fund, State Enterprise Funds (State Parks, State Fair Board, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Fleet Management, Computer Services, Correctional Industries, Central Printing, Risk Management, and Property Management), and selected Fiduciary Funds (Other Expendable Trust Funds). Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, and other miscellaneous federal receipts received by a budget unit, the Unemployment Compensation Fund, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund

account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

**2. Expenditure of Excess Restricted Funds or Federal Funds Receipts:** If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 2004-2005 or fiscal year 2005-2006, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act, for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810 and this Act, and with the authorization of the State Budget Director and approval of the Secretary of the Finance and Administration Cabinet.

Prior to authorizing the appropriation of any excess, unbudgeted Restricted Funds pursuant to this section, the State Budget Director and the Secretary of the Finance and Administration Cabinet shall review the adequacy of the General Fund Surplus Account with respect to its availability to support Necessary Government Expenses. In the event that General Fund Surplus Account moneys are determined by this review to be adequate to meet known or anticipated Necessary Government Expenses during fiscal year 2004-2005 or fiscal year 2005-2006, respectively, then the appropriation increase may be approved. In the event that the review indicates that there are insufficient funds available or reasonably estimated to become available to the General Fund Surplus Account to meet known or projected Necessary Government Expenses for the fiscal years enumerated above, the State Budget Director, with the concurrence of the Secretary of the Finance and Administration Cabinet, may disapprove the request for additional Restricted Funds expenditure authority and may direct the excess Restricted Funds identified to the General Fund Surplus Account in order to meet Necessary Government Expense obligations. The results of any review shall be reported to the Interim Joint Committee on Appropriations and Revenue in accordance with KRS 48.400, 48.500, 48.600, 48.605, 48.610, 48.620, 48.630, 48.700, 48.705, 48.710, 48.720, 48.730, 48.800, and 48.810.

Any request made by a budget unit pursuant to KRS 48.630 that relates to Restricted Funds or Federal Funds shall include documentation showing a comparative statement of revised estimated receipts by fund source and the proposed expenditures by proposed use, with the appropriated sums specified in the Budget of the Commonwealth, and statements which explain the cause, source, and use for any variances which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the fiscal biennium 2004-2006 Branch Budget Request Manual and according to the following schedule in each fiscal year: (a) On or before the beginning of each fiscal year; (b) On or before October 1; (c) On or before January 1; and (d) On or before April 1.

Compliance with the provisions of this section shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

**4. Permitted Appropriation Obligations:** No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly, legislative and executive records, and the statutory budget memorandum.

**5. **12. Interpretation of Appropriations:** All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

The receipts and allotments under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

**16. Construction of Budget Provisions Regarding Executive Reorganization Orders:** Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless the executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in an Act of the 2003 Regular Session of the General Assembly or another Act of the 2004 Regular Session of the General Assembly. **PART VI**

**GENERAL FUND BUDGET REDUCTION PLAN**

Pursuant to KRS 48.130 and 48.600, a General Fund Budget Reduction Plan is enacted for state government in the event of an actual or projected deficit in estimated General Fund revenue receipts of \$7,449,855,500 in fiscal year 2004-2005 and \$7,825,036,700 in fiscal year 2005-2006 as modified by related Acts and actions of the General Assembly in an extraordinary or regular session. Direct services, obligations essential to the minimum level of constitutional functions, and other items that may be specified in this Act, are exempt from the requirements of this Plan. Each branch head shall prepare a specific plan to address a proportionate share of the General Fund revenue shortfall applicable to the respective branch. No budget revision action shall be taken by a branch head in excess of the actual or projected deficit.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary as well as take other measures which shall be consistent with the provisions of this Part and general branch budget bills.

In the event of a revenue shortfall under the provisions of KRS 48.120, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of the Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582 as modified by the provisions of this Act.

(2) Transfers of excess unappropriated and unbudgeted Restricted Funds other than fiduciary funds shall be applied as determined by the head of each branch for its respective budget units.

(3) Excess General Fund appropriations which accrue as a result of personnel vacancies and turnover, and reduced requirements for operating expenses, grants, and capital outlay shall be determined and applied by the heads of the executive, judicial, and legislative departments of state government for their respective branches. The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of the Finance and Administration Cabinet and the Legislative Research Commission. The Secretary of the Finance and Administration Cabinet shall execute the certified actions as transmitted by the branch heads.

Branch heads shall take care, by their respective actions, to protect, preserve, and advance the fundamental health, safety, legal and social welfare, and educational well-being of the citizens of the Commonwealth.

(4) Funds available in the Budget Reserve Trust Fund shall be applied in an amount not to exceed 25 percent of the trust fund balance in fiscal year 2004-2005 and 50 percent of the trust fund balance in fiscal year 2005-2006.

(5) Notwithstanding KRS 48.130 and 48.600, if the actions contained in subsections (1) to (4) of this section are insufficient to eliminate an actual or projected revenue shortfall in the enacted General Fund revenue receipts, then the Governor is empowered and directed to take necessary actions with respect to the Executive Branch budget units to balance the budget by such actions conforming with the criteria expressed in this Part.

## **PART VII**

Pursuant to the enactment of the Surplus Expenditure Plan, General Fund moneys in the General Fund undesignated fund balance in excess of the amount specified in Part III, General Provisions, Section 45, of this Act are appropriated to the following: (a) Increased funding necessary to increase certified classroom teacher salaries to the average level of the contiguous states; (b) Additional funding to public education (P-16) necessary to return base appropriations to the pre-Budget Reduction Order/Stability Initiative of fiscal year 2003-2004; (c) The amount of a funding shortage in the Medicaid program not susceptible to timely or sufficient management control or adjustment as certified as to necessity and amount by the Secretary of the Health and Family Services Cabinet and approved by the State Budget Director; (d) Necessary Government Expenses including, but not limited to, Emergency Orders formally declared by the Governor in an Executive Order; and (e) Increased support to the Budget Reserve Trust Fund up to an amount necessary to provide a balance equaling 1.5 percent of estimated General Fund revenues for fiscal year 2005-2006.

(2) The Secretary of the Finance and Administration Cabinet shall determine, within 30 days after the close of the fiscal year 2004-2005, and the close of fiscal year 2005-2006, based on the official financial records of the Commonwealth, the amount of actual General Fund undesignated fund balance for the General Fund Surplus Account

that may be available for expenditure pursuant to the Plan respectively in fiscal year 2004-2005 and fiscal year 2005-2006. The Secretary of the Finance and Administration Cabinet shall certify the amount of actual General Fund undesignated fund balance available for expenditure to the Legislative Research Commission.

## PART X

### PHASE I TOBACCO SETTLEMENT

(1) **General Purpose:** This Part of the Act prescribes the policy implementing aspects of the national settlement agreement between the tobacco industry and the collective states as described in KRS 248.701 to 248.727. In furtherance of that agreement, the General Assembly recognizes that the Commonwealth of Kentucky is a party to the Phase I Master Settlement Agreement (MSA) between the Participating Tobacco Manufacturers and 46 Settling States which provides reimbursement to states for smoking-related expenditures made over time.

(2) **State's MSA Share:** The Commonwealth's share of the MSA is equal to 1.7611586 percent of the total settlement amount. Payments under the MSA are made to the states annually in April of each year.

(3) **MSA Payment Amount Variables:** The total settlement amount to be distributed each payment date is subject to change pursuant to several variables provided in the MSA, including inflation adjustments, volume adjustments, previously settled states adjustments, and the nonparticipating manufacturers adjustment.

(4) **Distinct Identity of MSA Payment Deposits:** The General Assembly has determined that it shall be the policy of the Commonwealth that all Phase I Tobacco Settlement payments shall be deposited to the credit of the General Fund and shall maintain a distinct identity as Phase I Tobacco Settlement payments that shall not lapse to the credit of the General Fund surplus, but shall continue forward from each fiscal year to the next fiscal year to the extent that any balance is unexpended.

(5) **MSA Payment Estimates and Adjustments:** Based on the current estimates as reviewed by the Consensus Revenue Forecasting Group, the amount of MSA payments expected to be received in fiscal year 2004-2005 is \$108,800,000 and in fiscal year 2005-2006 is \$108,600,000. It is recognized that payments to be received by the Commonwealth are estimated and are subject to change. Any appropriations made from the estimated receipts are subject to adjustments based on actual receipts as received and certified by the Secretary of the Finance and Administration Cabinet.

a. **State Enforcement:** Notwithstanding KRS 248.654, a total of \$175,000 of the MSA payments received each fiscal year of the 2004-2006 biennium is appropriated to the Finance and Administration Cabinet, Department of Revenue for the state's enforcement of noncompliant nonparticipating manufacturers.

b. **Agricultural Development Initiatives:** Fifty percent of the MSA payments, less the above enforcement appropriations, received in fiscal year 2004-2005, estimated to be \$54,312,500, and in fiscal year 2005-2006, estimated to be \$54,212,500, is appropriated to the Kentucky Agricultural Development Fund to be used for agricultural development initiatives.

**c. Early Childhood Development Initiatives:** Twenty-five percent of the MSA payments, less the above enforcement appropriations, received in fiscal year 2004-2005, estimated to be \$27,156,200, and in fiscal year 2005-2006, estimated to be \$27,106,200, is appropriated for Early Childhood Development Initiatives as specified below.

The tax herein imposed shall be paid by the dealer receiving the gasoline or special fuel to the State Treasurer in the manner and within the time specified in KRS 138.230 to 138.340 and all such tax may be added to the selling price charged by the dealer or other person paying the tax on gasoline or special fuel sold in this state. Nothing herein contained shall authorize or require the collection of the tax upon any gasoline or special fuel after it has been once taxed under the provisions of this section, unless such tax was refunded or credited.
- (2) In addition to the excise tax provided in subsection (1) of this section, there is hereby levied a supplemental highway user motor fuel tax to be paid in the same manner and at the same time as the tax provided in subsection (1) of this section. Such tax shall be calculated, starting with the quarter beginning July 1, 1986, by taking the excise tax resulting from the calculation provided for in subsection (1) of this section and adjusting such tax calculated, for each quarter, to reflect decreases in the average wholesale price, as defined in KRS 138.210(10)(a). The adjustment shall be made by calculating the difference between the average wholesale price computed for the quarter beginning October 1, 1985, as provided for in subsection ~~(4)~~~~(3)~~ of this section, and the average wholesale price computed for the quarter beginning July 1, 1986 and each succeeding quarter, as provided for in subsection ~~(4)~~~~(3)~~ of this section. The upward adjustment shall equal one-half (1/2) of the decrease between the two (2) quarterly periods, rounded to the third decimal. In no case shall the adjustment provided by this subsection result in a supplemental highway user motor fuel tax greater than five cents (\$0.05) on gasoline or two cents (\$0.02) on special fuel and, notwithstanding any adjustment which may be calculated as provided by this subsection, in no case shall the supplemental highway user motor fuel tax for any quarter be less than the previous quarter. The supplemental highway user motor fuel tax provided by this subsection and the provisions of ~~subsections~~~~subsection~~ ~~(1) and (3)~~ of this section shall constitute the tax on motor fuels imposed by KRS 138.220.
- (3) ***Effective July 1, 2005, one cent (\$0.01) of the tax collected under subsection (1) of this section shall be excluded from the calculations in KRS 177.320(1) and (2) and 177.365. The funds identified in this subsection shall be deposited into the state road fund.***
- ~~(4)~~~~(3)~~ Effective with the calendar quarter beginning July 1, 1980, the cabinet shall determine on a consistent basis the average wholesale price for each calendar quarter, on the basis of sales data accumulated for the first month of the preceding quarter. Notification of the average wholesale price shall be given to all licensed dealers at least twenty (20) days in advance of the first day of each calendar quarter.
- ~~(5)~~~~(4)~~ Dealers with a tax-paid gasoline or special fuel inventory at the time an average wholesale price becomes effective, shall be subject to additional tax or appropriate tax credit to reflect the increase or decrease in the average wholesale price for the new quarter. The cabinet shall promulgate such rules and regulations to properly administer this provision.

- (2) The cabinet may certify pursuant to 33 U.S.C. sec. 1341 that applicants for a federal permit for the construction or operation of facilities which may result in a discharge into the waters of the Commonwealth will comply with the applicable provisions of the Federal Water Pollution Control Act (33 U.S.C. secs. 1251 et seq.).

## CHAPTER 175

### (SB 16)

AN ACT relating to adoption.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 199.470 is amended to read as follows:

- (1) Any person who is eighteen (18) years of age and who is a resident of this state or who has resided in this state for twelve (12) months next before filing may file a petition for leave to adopt a child in the Circuit Court of the county in which the petitioner resides.
- (2) If the petitioner is married, the husband or wife shall join in a petition for leave to adopt a child unless the petitioner is married to a biological parent of the child to be adopted, except that if the court finds the requirement of a joint petition would serve to deny the child a suitable home, the requirement may be waived.
- (3) If a child is placed for adoption by the cabinet, by an agency licensed by the cabinet, or with written approval by the secretary of the cabinet, the petition may be filed at the time of placement. In all other adoptions, the petition shall not be filed until the child has resided continuously in the home of the petitioner for at least ninety (90) days immediately prior to the filing of the adoption petition.
- (4) No petition for adoption shall be filed unless prior to the filing of the petition the child sought to be adopted has been placed for adoption by a child-placing institution or agency, or by the cabinet, or the child has been placed with written approval of the secretary; but no approval shall be necessary in the case of:

- (a) A child sought to be adopted by a stepparent, grandparent, sister, brother, aunt, ~~or~~ uncle, **great grandparent, great aunt, or great uncle; however, the court in its discretion may order a report in accordance with KRS 199.510 and a background check as provided in subsection (8) of Section 2 of this Act;**
  - (b) A child received by the proposed adopting parent or parents from an agency without this state with the written consent of the secretary; *or*
  - (c) **A child adopted under the provisions of subsection (1) of Section 4 of this Act.**
- (5) Subsection (4) of this section shall not apply to children placed for adoption prior to June 14, 1962.

Section 2. KRS 199.473 is amended to read as follows:

- (1) All persons other than a child-placing agency or institution, the department, or persons excepted by KRS 199.470(4) or (5) who wish to place or receive a child shall make written application to the secretary for permission to place or receive a child.
- (2) Prior to the approval of an application to place or receive a child, ~~together with~~ the fee required pursuant to subsection (13) ~~(6)~~ of this section **shall be paid and a home study shall be completed. The purpose of the home study shall be to review the background of the applicant and determine the suitability of the applicant to receive a child, taking into account at all times the best interest of the child for whom application to receive has been made.**
- (3)
  - (a) **The home study shall be made in accordance with administrative regulations promulgated by the cabinet in accordance with KRS Chapter 13A.**
  - (b) **The cabinet shall conduct the home study for an applicant whose total gross income is equal to or less than two hundred fifty percent (250%) of the federal poverty level guidelines issued each year by the federal government, unless the applicant submits a written request for the home study to be conducted by a licensed child-placing agency or institution. Upon request, the cabinet shall make information available to an applicant who does not meet the requirements of this paragraph to assist the applicant in obtaining a home study from a licensed child-placing agency approved to provide adoption services.**
  - (c) **A licensed child-placing agency approved to provide adoption services shall conduct the home study for an applicant whose gross total income is more than two hundred fifty percent (250%) of the federal poverty level guidelines issued each year by the federal government.**
  - (d) **Calculation of family size for this subsection shall include each child requested to be adopted** ~~the secretary shall cause the investigation to be made by a Cabinet for Families and Children social worker unless the applicant specifies in the application that the investigation shall be done by an adoption worker of the home and the background of the person or persons wishing to receive the child.~~
  - (e) The portion of the **home study** ~~investigation~~ pertaining to the home and family background shall be valid for one (1) year following the date of its completion by an adoption worker. ~~The purpose of the investigation shall be to determine the suitability of the applicants to receive a child, taking into account at all times the best interest of the child for whom application to receive has been made.~~
- (4) The adoption worker making the **home study** ~~investigation~~ shall make a finding in writing recommending either that the application be granted or that the application be denied. ~~In either case, reasons for the adoption worker's recommendation shall be given in writing.~~ The recommendation of the adoption worker shall then be reviewed by the secretary.
- (5) Based on the report and recommendation of the adoption worker making the **home study** ~~investigation~~, the secretary shall grant or refuse permission for the applicant to place or receive a child as early as practicable, but, in any case, the decision shall be made within sixty (60) days after the receipt of the application. In reaching a decision, the secretary shall be guided by the ability of the persons wishing to receive the child to give the child a suitable home, and shall at all times consider the best interest of the child from a financial, medical, psychological, and psychiatric standpoint.
- (6) If the application is refused, the secretary shall in general terms furnish in writing the reasons for his *or her* refusal.

- ~~(7)(2)~~ ***Any person who seeks temporary custody of a child prior to the secretary's ruling on an application for adoption shall file a petition seeking temporary custody, with a notice of intent to adopt, with the Circuit Court that will have jurisdiction of the adoption proceedings. The clerk of the court shall send a notice of the filing of the petition to the cabinet. A hearing on the petition shall occur no later than seventy-two (72) hours after the filing of the petition, excluding weekends and holidays. Proceedings under this subsection shall be incorporated into the court's adoption file. If the adoption is not finalized within six (6) months of the filing of the petition and notice of intent, the court shall conduct a hearing on the status and custody of the child.***
- (8) Upon a finding by the Circuit Court that the child should be placed prior to the secretary's ruling on the application, the Circuit Court may grant the applicant temporary custody of the child pending the decision of the secretary. ***Temporary custody shall not be granted to an applicant unless a background check, including but not limited to a criminal records check by the Justice Cabinet or the Administrative Office of the Courts and a background check of child abuse and neglect records maintained by the cabinet, has been submitted to and reviewed by the court. The background check required for temporary custody shall be part of the home study required under subsection (2) of this section.*** If the application is denied ***by the secretary***, the temporary custody order shall be set aside and, upon motion of the cabinet or of the child's parent or parents, the Circuit Court may order the child returned to the biological parent or parents or the child's custody may be awarded to the cabinet, another licensed child-placing agency, or other individuals deemed appropriate by the court. This section shall not be deemed to permit the completion of any adoption proceeding without the approval of the secretary and compliance with KRS 615.030, if required.
- ~~(9)(3)~~ In any case where the cabinet refuses to approve the placement of a child for adoption when requested by the parent or parents of the child, or refuses the request of any person or persons that a child be placed with that person or those persons for adoption, the decision of the secretary in so refusing shall be final unless within ten (10) days after notice of refusal, the biological or proposed adopting parent or parents shall appeal to the Circuit Court of the county in which the adoption is proposed. No placement shall be disapproved on the basis of the religious, ethnic, racial, or interfaith background of the adoptive applicant, if the placement is made with the consent of the parent.
- (10) The cabinet may refuse to approve the placement of a child for adoption if the child's custodial parent is unwilling for the child to be placed for adoption with the proposed adoptive family. The cabinet may approve or deny the placement, in spite of the fact that the custodial parent or parents are unwilling to be interviewed by the cabinet or other approving entity, or if, after diligent efforts have been made, the adoption worker is unable to locate or interview the custodial parent or parents. The cabinet shall be made a party defendant to the appeal. In the hearing of an appeal, the court shall review the findings of the secretary and shall determine if the secretary has acted arbitrarily, unlawfully, or in a manner that constitutes an abuse of discretion.
- ~~(11)(4)~~ If a child who does not fall within the exception provided for in KRS 199.470(4) or (5) is placed or received in a home without ***the court's review of the background check required under this section or*** the permission of the secretary for families and children, or if permission to receive a child has been denied, a representative of the cabinet ***shall notify in writing or*** may petition the juvenile session of District Court of the county in which the child is found setting out the facts concerning the child. When the petition has been filed, the court shall take jurisdiction of the child and shall provide for it as it would provide for a dependent, neglected, or abused child under KRS Chapter 620, except that the child may not be placed in the home of the applicants who are to receive the child unless permission to do so is granted by the secretary or the action is ordered by a Kentucky court of competent jurisdiction.
- ~~(12)(5)~~ When either the custodial parent or parents of the child to be placed or the persons wishing to receive the child reside out-of-state, the requirement of KRS 615.030, Interstate Compact on the Placement of Children, shall be met before the cabinet gives approval for the child's placement.
- ~~(13)(6)~~ The secretary of the Cabinet for Families and Children shall be paid a nonrefundable fee of ~~two~~~~one~~ hundred ~~fifty~~ dollars ~~(\$200)~~~~(\$150)~~ upon the filing of the written application for permission to place or receive a child. Payment shall be made by certified or cashier's check only. All funds collected under this section shall be deposited in a restricted account, which is hereby created, for the purpose of subsidizing an adoptive parent for suitable care of a special-needs child as authorized in KRS 199.555.

~~(14)(7)~~ Nothing in this statute shall be construed to limit the authority of the cabinet or a child-placing institution or agency to determine the proper disposition of a child committed to it by the juvenile session of District Court or the Circuit Court, prior to the filing of an application to place or receive.

Section 3. KRS 199.555 is amended to read as follows:

- (1) A "special-needs child" means:
- (a) A child which the state has determined cannot or should not be returned to the home of the child's parents; and
  - (b) A child which the state has first determined:
    1. That there exists a specific factor or condition the existence of which leads to the reasonable conclusion that the child cannot be placed with adoptive parents without providing adoption assistance under this section or medical assistance under Title XIX; and
    2. That except where it would be against the best interests of the child because of such factors as the existence of significant emotional ties with prospective adoptive parents while in the care of these parents as a foster child, a reasonable, but unsuccessful, effort has been made to place the child with appropriate adoptive parents without providing adoption assistance under this section or medical assistance under Title XIX.
- (2) "State-funded adoption assistance" means payment of monthly maintenance to assist in meeting the special needs of a child which was placed by the Cabinet for Families and Children. The state-funded adoption assistance shall also include payment of nonrecurring adoption expenses, and may include reimbursement of extraordinary medical expenses.
- (3) "Nonrecurring adoption expenses" means those expenses which are incurred in the legal adoption of a special-needs child for which parents are ultimately responsible which include reasonable and necessary adoption fees, court costs, attorney fees, and other expenses which are directly related to the special-needs adoption and which are not incurred in violation of state or federal law.
- (4) "Extraordinary medical expenses" means those expenses which are related to the child's special needs which existed prior to the adoption and are not reimbursed by private insurance, Medicaid, or other third-party payors or government programs.
- (5) If the secretary of the Cabinet for Families and Children or his designated representative finds that a child may benefit from being adopted and that the payment of a subsidy to adoptive parents after the adoption will increase the likelihood of adoption, funds may be paid to the adoptive parents after completion of the adoption of the child if the following conditions exist:
- (a) The child was considered a special-needs child prior to the adoption;
  - (b) The child is committed to the Cabinet for Families and Children and the cabinet has authority to consent to the child's adoption; and
  - (c) The adoptive parents can give suitable care to the child if a subsidy is paid.
- (6) Agreements for the payments of funds under this section shall be made prior to the adoption of the child. However, if the secretary for families and children or his designated representative finds that the adoption is likely to disrupt, extraordinary medical expenses may be reimbursed contingent upon availability of resources, if the following conditions exist:
- (a) The child was placed for adoption by the Cabinet for Families and Children;
  - (b) The child was considered a special-needs child prior to the adoption;
  - (c) The parents have made a reasonable effort under the circumstances to meet the needs of the child without reimbursement for extraordinary medical expenses.

This subsection shall apply to any child meeting the conditions of this subsection who at the time of application for the post-adoption extraordinary medical expenses is under the age of eighteen (18). This subsection shall have retroactive as well as prospective effect.

- (7) The payments shall be out of funds appropriated to the cabinet and those funds collected pursuant to KRS 199.473(13),~~(6)~~ which shall be deposited in a restricted account for the purpose of subsidizing special-needs

adoptions, and shall be in accordance with regulations promulgated by the secretary. The payments shall not exceed the amount which would be paid for foster care for the child. Monthly maintenance payments shall not exceed the amount which would be paid for foster care for the child and may include reimbursement for extraordinary medical expenses. Payment of nonrecurring adoption expenses shall only be reimbursed up to the limit established by the secretary for families and children in accord with 42 U.S.C. sec. 673. However, payments under agreements entered into under subsection (6) of this section shall be limited to reimbursement of authorized extraordinary medical expenses related to problems or conditions that existed prior to the adoption.

- (8) State-funded adoption assistance payments shall not be made to parents if:
- (a) The child has attained the age of eighteen (18), except that if the child is enrolled in a state or federal educational program, the payments may continue through age twenty-one (21);
  - (b) The cabinet determines the parents are no longer legally responsible for the support of the child; or
  - (c) The cabinet determines that the child is no longer receiving any support from the parents.
- (9) Parents who have been receiving adoption assistance payments under this section shall keep the cabinet informed of circumstances which would, pursuant to subsection (8) of this section, make them ineligible for assistance, or eligible for assistance in a different amount.
- (10) The cabinet shall establish criteria to be followed for the adoption of children under provisions of this section and shall promulgate the criteria by administrative regulations.

SECTION 4. A NEW SECTION OF KRS CHAPTER 199 IS CREATED TO READ AS FOLLOWS:

- (1) *The Commonwealth of Kentucky shall recognize a decree, judgment, or final order of adoption issued by a court or other governmental authority with appropriate jurisdiction in a foreign country when the child to be adopted has been approved for United States citizenship, or as otherwise provided by federal law.*
- (2) *Upon presentation of an original decree, judgment, or final order of adoption issued by a court or other governmental authority with appropriate jurisdiction in a foreign country, the secretary or his or her designee shall issue, within thirty (30) days, a certified notice that the foreign adoption is registered in the Commonwealth of Kentucky. The secretary or his or her designee may require a translated copy if the original decree, judgment, or final order is not in English. The cabinet shall maintain all records and notices of foreign adoptions in a manner similar to other adoption records.*
- (3) *A petition for adoption under KRS 199.470 shall be required for a child born outside the United States without a decree, judgment, or final order of adoption issued by a court or other governmental authority with appropriate jurisdiction in a foreign country, or for any child born outside of the United States who does not qualify for United States citizenship upon entry into the United States.*

AN ACT relating to education.

  - (a) "Relative" shall mean father, mother, brother, sister, husband, wife, son, daughter, aunt, uncle, son-in-law, and daughter-in-law.
  - (b) "Vacancy" shall mean any certified position opening created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member of a local school district, or a new position created in a local school district for which certification is required. However, if an employer-employee bargained contract contains procedures for filling certified position openings created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member, or creation of a new position for which certification is required, a vacancy shall not exist, unless certified positions remain open after compliance with those procedures.
- (2) (a) All appointments, promotions, and transfers of principals, supervisors, teachers, and other public school employees shall be made only by the superintendent of schools, who shall notify the board of the action taken. All employees of the local district shall have the qualifications prescribed by law and by the administrative regulations of the Kentucky Board of Education and of the employing board.

Supervisors, principals, teachers, and other employees may be appointed by the superintendent for any school year at any time after February 1 preceding the beginning of the school year. No superintendent of schools shall appoint or transfer himself to another position within the school district.

- (b) When a vacancy occurs in a local school district, the superintendent shall notify the chief state school officer thirty (30) days before the position shall be filled.   - (c) When a vacancy needs to be filled in less than thirty (30) days' time to prevent disruption of necessary instructional or support services of the school district, the superintendent may seek a waiver from the chief state school officer. If the waiver is approved, the appointment shall not be made until the person recommended for the position has been approved by the chief state school officer. The chief state school officer shall respond to a district's request for waiver or for approval of an appointment within two (2) working days.
  - (d) When a vacancy occurs in a local district, the superintendent shall conduct a search to locate minority teachers to be considered for the position. A superintendent's spouse may supervise teacher aides and student teachers. However, the superintendent shall not promote a relative who continues employment under an exception of this subsection.

A relative employed in 1989-90 and initially hired during the tenure of a board member serving on July 13, 1990, may continue to be employed during the remainder of the board member's term. - (b) The superintendent shall require that each new certified hire and student teacher, as set forth in paragraph (a) of this subsection, submit to a national and state criminal history background check by the Kentucky State Police and the Federal Bureau of Investigation.
- (c) All fingerprints requested under this section shall be on an applicant fingerprint card provided by Kentucky State Police. The fingerprint cards shall be forwarded to the Federal Bureau of Investigation from the Kentucky State Police after a state criminal background check is conducted. Any fee charged by the Kentucky State Police shall be an amount no greater than the actual cost of processing the request and conducting the search.
- (6) (a) If a school term has begun and a certified or classified position remains unfilled or if a vacancy occurs during a school term, a superintendent may employ an individual, who will have supervisory or disciplinary authority over minors, on probationary status pending receipt of the criminal history background check. Application for the criminal record of a probationary employee shall be made no later than the date probationary employment begins.
- (b) Employment shall be contingent on the receipt of the criminal history background check documenting that the probationary employee has no record of a sex crime nor as a violent offender as defined in KRS 17.165.
- (c) Notwithstanding KRS 161.720 to 161.800 or any other statute to the contrary, probationary employment under this section shall terminate on receipt by the school district of a criminal history background check documenting a record of a sex crime or as a violent offender as defined in KRS 17.165 and no further procedures shall be required.
- (d) The provisions of KRS 161.790 shall apply to terminate employment of a certified employee on the basis of a criminal record other than a record of a sex crime or as a violent offender as defined in KRS 17.165.

### (SB 7)

AN ACT relating to the closure of schools for elections.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 158.070 is amended to read as follows:

- (1) The minimum school term shall be one hundred eighty-five (185) days, including no less than the equivalent of one hundred seventy-five (175) six (6) hour instructional days. A board of education may extend its term beyond the minimum term.
- (2) The local board of education, upon recommendation of the local school district superintendent, shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, instructional days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.
- (3) Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:
  - (a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30;
  - (b) A pupil's required attendance in school shall be for at least the minimum instructional term; and
  - (c) No teacher shall be required to teach more than the minimum term during the school year.
- (4)
  - (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of pupils pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.
  - (b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.
    - 1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.
    - 2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is

required by the school improvement or consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.

- (c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.
- (d) Each local board may use two (2) days for planning activities without the presence of pupils.
- (e) Each local board may use the number of days deemed necessary for:
  - 1. National or state disaster or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;
  - 2. Local disaster which would endanger the health or safety of children; and
  - 3. Mourning when so designated by the local board of education and approved by the Kentucky Board of Education upon recommendation of the commissioner of education.
- (5) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of school days, including days missed from the regular school day as a result of local disaster, as defined in subsection (4)(e)2. of this section, and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for professional development and planning activities for the professional staff.
- (6) (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit teachers who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The commissioner of education shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings shall not be counted as a part of the minimum school term. School shall be closed on the day of a regular election~~[,]~~ and ~~[may be closed]~~ on the day of a primary election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences.
- (b) All schools shall be closed on the third Monday of January in observance of the birthday of Martin Luther King, Jr. Districts may:
  - 1. Designate the day as one (1) of the four (4) holidays permitted under subsection (4)(c) of this section; or
  - 2. Not include the day in the minimum school term specified in subsection (1) of this section.
- (7) Students applying for excused absence for attendance at the Kentucky State Fair shall be granted one (1) day of excused absence.
- (8) Schools shall provide continuing education for those students who are determined to need additional time to achieve the outcomes defined in KRS 158.6451, and schools shall not be limited to the minimum school term in providing this education. Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts and shall include criteria by which the commissioner of education may approve a district's request for a waiver to use an alternative service delivery option, including providing services during the school day on a limited basis. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional

time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the school day.

- (9) Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.
- (10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. In the event of an unforeseen bus delay, the administrator of a school that participates in the Federal School Breakfast Program may authorize up to fifteen (15) minutes of the six (6) hour instructional day if necessary to provide the opportunity for children to eat breakfast not to exceed eight (8) times during the school year within a school building.
- (11) Notwithstanding any other statute to the contrary, the following provisions shall apply to a school district that misses school days due to emergencies, including weather-related emergencies:
  - (a) A certified school employee shall be considered to have fulfilled the minimum one hundred eighty-five (185) day contract with a school district under KRS 157.350 and shall be given credit for the purpose of calculating service credit for retirement under KRS 161.500 for certified school personnel if:

- (16) The General Assembly finds as a matter of public policy that it is necessary to provide statewide uniform standards for issuing licenses to carry concealed firearms and to occupy the field of regulation of the bearing of concealed firearms to ensure that no person who qualifies under the provisions of this section is denied his rights. The General Assembly does not delegate to the Department of State Police the authority to regulate or restrict the issuing of licenses provided for in this section beyond those provisions contained in this section. having a valid Kentucky concealed deadly weapon license. The Department of State Police shall attempt to secure from each other state permission for Kentucky residents who hold a valid Kentucky concealed deadly weapon license to carry concealed deadly weapons in that state, either on the basis of the Kentucky license or on the basis that the Kentucky license is sufficient to permit the issuance of a similar license by the other state. The Department of State Police shall enter into a written reciprocity agreement with the appropriate agency in each state that agrees to permit Kentucky residents to carry concealed deadly weapons in the other state on the basis of a Kentucky-issued concealed deadly weapon license or that will issue a license to carry concealed deadly weapons in the other state based upon a Kentucky concealed deadly weapon license. If a reciprocity agreement is reached, the requirement to recontact the other state each six (6) months shall be eliminated as long as the reciprocity agreement is in force. The information shall be a public record and shall be available to individual requesters free of charge for the first copy and at the normal rate for open records requests for additional copies.

- (18) By March 1 of each year, the Department of State Police shall submit a statistical report to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the number of licenses issued, revoked, suspended, and denied since the previous report and in total and also the number of licenses currently valid. The report shall also include the number of arrests, convictions, and types of crimes committed since the previous report by individuals licensed to carry concealed weapons.
- (19) The following provisions shall apply to concealed deadly weapon training classes conducted by the Department of Criminal Justice Training or any other agency pursuant to this section:
- (a) No concealed deadly weapon instructor trainer shall have his or her certification as a concealed deadly weapon instructor trainer reduced to that of instructor or revoked except after a hearing conducted pursuant to KRS Chapter 13B in which the instructor is found to have committed an act in violation of the applicable statutes or administrative regulations;

The notice need not contain the names of the students. The notice may be made by mail, facsimile, e-mail, or other method which will result in the receipt of or production of a hard copy of the application. The postmark, facsimile date, or e-mail date shall be considered as the date on which the notice was sent;~~
  - (d) Each concealed deadly weapon instructor or instructor trainer who teaches a concealed deadly weapon applicant or concealed deadly weapon instructor class shall supply the Department of Criminal Justice Training with a class roster indicating which students enrolled but did not successfully complete the class, and which students enrolled and successfully completed the class which contains the name and address of each student, within five (5) working days of the completion of the class. That portion of a building in which the carrying of concealed deadly weapons is prohibited or limited shall be clearly identified by signs posted at the entrance to the restricted area. The statute or ordinance shall exempt any building used for public housing by private persons, highway rest areas, firing ranges, and private dwellings owned, leased, or controlled by that unit of government from any restriction on the carrying or possession of deadly weapons. The statute, administrative regulation, or ordinance shall not specify any criminal penalty for its violation but may specify that persons violating the statute or ordinance may be denied entrance to the building, ordered to leave the building, and if employees of the unit of government, be subject to employee disciplinary measures for violation of the provisions of the statute or ordinance. The provisions of this section shall not apply to any other unit of government.

- (4) Persons, except those specified in subsection (5) of this section, licensed to carry a concealed deadly weapon pursuant to KRS 237.110 may carry a firearm or other concealed deadly weapon on or about their persons at all times within the Commonwealth of Kentucky, if the firearm or concealed deadly weapon is carried in

conformity with the requirements of that section. Unless otherwise specifically provided by the Kentucky Revised Statutes or applicable federal law, no criminal penalty shall attach to carrying a concealed firearm or other deadly weapon with a permit at any location at which an unconcealed firearm or other deadly weapon may be constitutionally carried. No person or organization, public or private, shall prohibit a person licensed to carry a concealed deadly weapon from possessing a firearm, ammunition, or both, or other deadly weapon in his or her vehicle in compliance with the provisions of KRS 237.110 and 237.115. As used in this section, "detention facility" does not include courtrooms, facilities, or other premises used by the Court of Justice or administered by the Administrative Office of the Courts.*
- (c) A person specified in this section who is issued a concealed deadly weapon license shall be issued a license which bears on its face the statement that it is valid at all locations within the Commonwealth of Kentucky and may have such other identifying characteristics as determined by the Department of State Police.
- (6) (a) *Except provided in this subsection*, the following persons may carry concealed deadly weapons on or about their person at all times and at all locations within the Commonwealth of Kentucky:
1. ~~(a)~~ An elected sheriff and full-time and part-time deputy sheriffs certified pursuant to KRS 15.380 to 15.404 when expressly authorized to do so by the unit of government employing the officer;

- (b) *The provisions of this subsection shall not authorize a person specified in this subsection to carry a concealed deadly weapon in a detention facility as defined in KRS 520.010 or on the premises of a detention facility without the permission of the warden, jailer, or other person in charge of the facility, or the permission of a person authorized by the warden, jailer, or other person in charge of the detention facility to give such permission. As used in this section, "detention facility" does not include courtrooms, facilities, or other premises used by the Court of Justice or administered by the Administrative Office of the Courts.*
- (7) (a) A full-time paid peace officer of a government agency from another state or territory of the United States or an elected sheriff from another territory of the United States may carry a concealed deadly weapon in Kentucky, on or off duty, if the other state or territory accords a Kentucky full-time paid peace officer and a Kentucky elected sheriff the same rights by law. If the other state or territory limits a Kentucky full-time paid peace officer or elected sheriff to carrying a concealed deadly weapon while on

duty, then that same restriction shall apply to a full-time paid peace officer or elected sheriff from that state or territory.

- (b) *The provisions of this subsection shall not authorize a person specified in this subsection to carry a concealed deadly weapon in a detention facility as defined in KRS 520.010 or on the premises of a detention facility without the permission of the warden, jailer, or other person in charge of the facility, or the permission of a person authorized by the warden, jailer, or other person in charge of the detention facility to give such permission. No person or organization, public or private, shall prohibit a person from keeping a firearm or ammunition, or both, or other deadly weapon in a glove compartment of a vehicle in accordance with the provisions of this subsection. Any attempt by a person or organization, public or private, to violate the provisions of this subsection may be the subject of an action for appropriate relief or for damages in a Circuit Court or District Court of competent jurisdiction.
- (9) Carrying a concealed weapon is a Class A misdemeanor, unless the defendant has been previously convicted of a felony in which a deadly weapon was possessed, used, or displayed, in which case it is a Class D felony.

Section 18. Since the Department of State Police is experiencing serious delays in the processing of concealed carry license renewals and licensees are, through no fault of their own, having their license to carry a concealed deadly weapon expire even though they have filed for renewal of their license an emergency is declared to exist, and Sections 11 to 18 of this Act take effect upon their passage and approval by the Governor or upon their otherwise becoming law.

**Approved March 31, 2005.**

- (1) (a) Notwithstanding any other provisions of this chapter to the contrary, each insurer that issues, delivers, or renews any health benefit plan to any market segment other than a large group shall, before use thereof, file with the commissioner its rates, fees, dues, and other charges paid by insureds, members, enrollees, or subscribers. The insurer shall also submit a copy of the filing to the Attorney General and shall comply with the provisions of this section. The insurer shall adhere to its rates, fees, dues, and other charges as filed with the commissioner. The insurer shall submit a new filing to reflect any material change to the previously filed and approved rate filing. For all other changes, the insurer shall submit an amendment to a previously approved rate filing.
- (b) Notwithstanding any other provisions of this chapter to the contrary, each insurer that issues, delivers, or renews any health benefit plan to a large group as defined in KRS 304.17A-005 shall file the rating methodology with the commissioner and shall submit a copy of the filing to the Attorney General.

- (b) In the circumstances of a filing that has been deemed approved or has been disapproved under paragraph (a) of this subsection, the commissioner shall have the authority to order a retroactive reduction of rates to a reasonable rate if the commissioner subsequently determines that the filing contained misrepresentations or was based on fraudulent information, and if after applying the factors in subsection (3) of this section the commissioner determines that the rates were unreasonable. If the commissioner seeks to order a retroactive reduction of rates and more than one (1) year has passed since the date of the filing, the commissioner shall consider the reasonableness of the rate over the entire period during which the filing has been in effect.
- (3) In approving or disapproving a filing under this section, the commissioner shall consider:
  - (a) Whether the benefits provided are reasonable in relation to the premium or fee charged;
  - (b) Whether the fees paid to providers for the covered services are reasonable in relation to the premium or fee charged;

  - (g) Other factors as deemed relevant by the commissioner.

- (4) The rates for each policyholder shall be guaranteed for twelve (12) months at the rate in effect on the date of issue or date of renewal.
- (5) At any time the commissioner, after a public hearing for which at least thirty (30) days' notice has been given, may withdraw approval of rates or fees previously approved under this section and may order an appropriate refund or future premium credit to policyholders, enrollees, and subscribers if the commissioner determines that the rates or fees previously approved are in violation of this chapter.
- (6) Notwithstanding subsection (2) of this section, premium rates may be used upon filing with the department of a policy form not previously used if the filing is accompanied by the policy form filing and a minimum loss ratio guarantee. Insurers may use the filing procedure specified in this subsection only if the affected policy forms disclose the benefit of a minimum loss ratio guarantee. An insurer may not elect to use the filing procedure in this subsection for a policy form that does not contain the minimum loss ratio guarantee. ~~Insurers may not amend policy forms to provide for a minimum loss ratio guarantee.~~ If an insurer elects to use the filing procedure in this subsection for a policy form or forms, the insurer shall not use a filing of premium rates that does not provide a minimum loss ratio guarantee for that policy form or forms.

    7. A guarantee that the actual Kentucky lifetime loss ratio shall meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph; and
    8. If the annual earned premium volume in Kentucky under the particular policy form is less than two million five hundred thousand dollars (\$2,500,000), the minimum loss ratio guarantee shall be based partially on the Kentucky earned premium and other credibility factors as specified by the commissioner.
  - (b) The actual Kentucky minimum loss ratio results for each year at issue shall be independently audited at the insurer's expense and the audit shall be filed with the commissioner not later than one hundred twenty (120) days after the end of the year at issue. - (d) A Kentucky policyholder affected by the guaranteed minimum loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund shall be made to all Kentucky policyholders insured under the applicable policy form during the year at issue if the refund would equal ten dollars (\$10) or more per policy. The refund shall include statutory interest from July 1 of the year at issue until the date of payment. Payment shall be made not later than one hundred eighty (180) days after the end of the year at issue.
  - (e) Premium refunds of less than ten dollars (\$10) per insured shall be aggregated by the insurer and paid to the Kentucky State Treasury.
  - (f) None of the provisions of subsections (2) and (3) of this section shall apply if premium rates are filed with the department and accompanied by a minimum loss ratio guarantee that meets the requirements of this subsection. Such filings shall be deemed approved. Each insurer paying a risk assessment under KRS 304.17B-021 may include the amount of the assessment in establishing premium rates filed with the commissioner under this section. The insurer shall identify any assessment allocated.
  - (g) The policy form filing of an insurer using the filing procedure with a minimum loss ratio guarantee will disclose to the enrollee, member, or subscriber as prescribed by the commissioner an explanation of the lifetime loss ratio guarantee, and the actual loss ratio, and any adjustments for duration.

When determining a loss ratio for the purposes of loss ratio guarantee, the insurer shall divide the total of the claims incurred, plus preferred provider organization expenses, case management and utilization review expenses, plus reinsurance premiums less reinsurance recoveries by the premiums earned less state and local premium taxes less other assessments. For purposes of determining the loss ratio for any loss ratio guarantee pursuant to this section, the commissioner may examine the insurer's expenses for preferred provider organization, case management, utilization review, and reinsurance used by the insurer in calculating the loss ratio guarantee for reasonableness. Only those expenses found to be reasonable by the commissioner may be used by the insurer for determining the loss ratio for purposes of any loss ratio guarantee.
