- (b) For a corporation filing a return under paragraph (a) of this subsection, the individual partner's, member's, or shareholder's distributive share of net income, gain, loss, or deduction shall be computed as nearly as practicable in a manner identical to that required for federal income tax purposes except to the extent required by differences between this chapter and the federal income tax law and regulations.
- (2) (a) Resident individuals who are members, partners, or shareholders of a corporation required to file a return under subsection (1)(a) of this section shall report and pay tax on the distributive share of net income, gain, loss, or deduction as determined in subsection (1)(b) of this section.
- (b) Nonresident individuals who are members, partners, or shareholders of a corporation required to file a return under subsection (1)(a) of this section shall report and pay tax on the distributive share of net income, gain, loss, or deduction as determined in subsection (1)(b) of this section multiplied by the apportionment fraction in KRS 141.120(8).
- (3) (a) Resident and nonresident individuals who are members, shareholders, or partners of a corporation required to file a return under paragraph (a) of subsection (1) of this section shall be entitled to a nonrefundable credit against the tax imposed under KRS 141.020.
- (b) The credit determined under this subsection shall be the member's, shareholder's, or partner's proportionate share of the tax due from the corporation as determined under KRS 141.040, before the application of any credits identified in KRS 141.0205(4) and reduced by the required minimum imposed by KRS 141.040(6).

- (c) Notwithstanding the provisions of paragraph (a) of this subsection, for taxable years beginning after December 31, 2004, and before January 1, 2007, the portion of the credit computed under paragraph (b) of this subsection that exceeds the credit that would have been utilized if the corporation's income were taxed at the rates in KRS 141.020 shall be refundable. The refundable portion of the credit shall be the individual member's, shareholder's, or partner's proportionate share of the amount computed by multiplying the amount the corporation's income exceeds two hundred sixteen thousand six hundred dollars (\$216,600) by one percent (1%).
- (d) The credit determined under paragraphs (a) and (b) of this subsection shall not operate to reduce the member's, shareholder's, or partner's tax due to an amount that is less than what would have been payable were the income attributable to doing business in this state by the corporation ignored.

The phrase "a corporation identified in KRS 141.010(24)(b) to (h) is a partner, shareholder, or member of another corporation identified in KRS 141.010(24)(b) to (h)" shall extend through each level of multitiered ownership.*
- (f) *The nonrefundable and refundable credits provided by this section shall be allowed only to the extent that the tax is paid by the corporation. If after the credits are disallowed the corporation subsequently pays the tax due, the nonrefundable and refundable credits shall then be allowed.*
- (4) For purposes of computing the basis of an ownership interest or stock in a corporation identified in KRS 141.010(24)(b) to (h), the basis attributable to a member, partner, or shareholder shall be adjusted by the distributive share of the items of net income, gain, loss and deduction as though the items had been passed through to the member, partner, or shareholder.
- (5) Except as otherwise provided in this chapter, distributions by or from a corporation shall be treated in the same manner as they are treated for federal tax purposes.

Section 18. KRS 141.990 is amended to read as follows:

- (3) Any corporation required by KRS 141.042 to file a declaration of estimated tax and required to pay the declaration of estimated tax by the installment method prescribed by subsection (1) of KRS 141.044 shall be subject to a penalty as provided in KRS 131.180 for any declaration underpayment or any installment not paid on time. Declaration underpayment, for purposes of this subsection, is determined by subtracting five thousand dollars (\$5,000) and declaration payments actually made from seventy percent (70%) of the total tax liability due under KRS 141.040 and computed by the taxpayer on the return filed for the tax year. *For taxable years beginning on or after January 1, 2006, the penalty imposed by this subsection shall not apply if estimated payments made under subsection (1) of KRS 141.044 are equal to the amount of tax due under KRS 141.040 for the previous taxable year, and the amount of tax due under KRS 141.040 for the previous year was equal to or less than twenty-five thousand dollars (\$25,000).*
- (4) Every tax imposed by this chapter, and all increases, interest, and penalties thereon, shall become, from the time it is due and payable, a personal debt to the state from the taxpayer or other person liable therefor.

- (5) In addition to the penalties herein prescribed, any taxpayer or employer, who willfully fails to make a return or willfully makes a false return, or who willfully fails to pay taxes owing or collected, with intent to evade payment of the tax or amount collected, or any part thereof, shall be guilty of a Class D felony.
- (6) Any person who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with any matter arising under this chapter of a return, affidavit, claim, or other document, which is fraudulent or is false as to any material matter, whether or not the falsity or fraud is with the knowledge or consent of the person authorized or required to present such return, affidavit, claim, or document, shall be guilty of a Class D felony.
- (7) A return for the purpose of this section shall mean and include any return, declaration, or form prescribed by the department and required to be filed with the department by the provisions of this chapter, or by the rules and regulations of the department or by written request for information to the taxpayer by the department.

- (4) Except as provided in subsection (7) of this section, no ordinance shall be enacted until it has been read on two (2) separate days. The reading of an ordinance may be satisfied by stating the title and reading a summary rather than the full text.
- (5) A city legislative body may adopt the provisions of any local, statewide, or nationally recognized standard code and codifications of entire bodies of local legislation by an ordinance that identifies the subject matter by title, source, and date and incorporates the adopted provisions by reference without setting them out in full, if a copy accompanies the adopting ordinance and is made a part of the permanent records of the city.
- (6) Unless otherwise provided by statute, a majority of a legislative body shall constitute a quorum and a vote of a majority of a quorum shall be sufficient to take action.
- (7) In an emergency, upon the affirmative vote of two-thirds (2/3) of the membership, a city legislative body may suspend the requirements of second reading and publication to provide for an ordinance to become effective by naming and describing the emergency in the ordinance. Publication requirements of subsection (9) of this section shall be complied with within ten (10) days of the enactment of the emergency ordinance.

- (14) All ordinances, and orders of the city may be proved by the signature of the city clerk; and when the ordinances are placed in a printed composite index or code of ordinances by authority of the city, the printed copy shall be received in evidence by any state court without further proof of the ordinances.

The news content shall be at least twenty-five percent (25%) of the total column space in more than one-half (1/2) of its issues during any twelve (12) month period.
  - (d) If, in a publication area there is more than one (1) newspaper which meets the above requirements, the newspaper having the largest bona fide paid circulation as shown by the average number of paid copies of each issue as shown in its published statement of ownership as filed on October 1 for the publication area shall be the newspaper where advertisements required by law to be published shall be carried.
  - (e) For the purposes of KRS Chapter 424, publishing shall be considered as the total recurring processes of producing the newspaper, embracing all of the included contents of reading matter, illustrations, and advertising enumerated in paragraphs (a) through (d) of this subsection. A newspaper shall not be

excluded from qualifying for the purposes of legal publications as provided in this chapter if its printing or reproduction processes take place outside the publication area.

Section 4. KRS 424.130 is amended to read as follows:

- (1) Except as otherwise provided in KRS 424.110 to 424.370 and notwithstanding any provision of existing law providing for different times or periods of publication, the times and periods of publications of advertisements required by law to be made in a newspaper shall be as follows:

  - (b) When an advertisement is for the purpose of informing the public or the members of any class of persons that on or before a certain day they may or shall file a petition or exceptions or a remonstrance or protest or objection, or resist the granting of an application or petition, or present or file a claim, or submit a bid, the advertisement shall be published at least once, but may be published two (2) or more times, provided that one (1) publication occurs not less than seven (7) days nor more than twenty-one (21) days before the occurrence of the act or event.
  - (c) ~~{Excepting counties with a city of the first class or a consolidated local government, when an advertisement is for the purpose of informing the public and the advertisement is of a sale of property or is a notice of delinquent taxes, the advertisement shall be published once a week for three (3) successive weeks. The advertisement shall include the business address of the city or county and the Uniform Resource Locator (URL) for the Internet Web site where the document can be viewed. The Internet Web site shall be affiliated with the city or county and contain other information about the city or county government. The delinquent tax list shall be posted on the Internet Web site for a minimum of thirty (30) days and shall be updated weekly.*** The provisions of this paragraph shall not be construed to require the advertisement of notice of delinquent state taxes which are collected by the state.

- (d) Any advertisement not coming within the scope of paragraph (a), (b), or (c) of this subsection, such as one for the purpose of informing the public or the members of any class of persons of the holding of an election, or of a public hearing, or of an examination, or of an opportunity for inspection, or of the due date of a tax or special assessment, shall be published at least once but may be published two (2) or more times, provided that one (1) publication occurs not less than seven (7) days nor more than twenty-one (21) days before the occurrence of the act or event, or in the case of an inspection period, the inspection period commences.
  - (e) If the particular statute requiring that an advertisement be published provides that the day upon or by which, or the period within which, an act may or shall be done or a right exercised, or an event may or shall take place, is to be determined by computing time for the day of publication of an advertisement, the advertisement shall be published at least once, promptly, in accordance with the statute, and the computation of time shall be from the day of initial publication.

Newspapers shall give all local public agencies a written notice of at least thirty (30) days of an advertising rate increase.***
- (2) If by law or by the nature of the matter to be published, a display form of advertisement is required, or if the person or officer responsible for causing an advertisement to be published determines in his discretion that a display form is practicable or feasible, and so directs the newspaper, the advertisement shall be published in display form and the newspaper shall be entitled to receive its established display rate.
- (3) If it is provided by statute that an advertisement shall be published of the filing of a petition or application seeking official action, the filing, if required by other than a governmental official or agency, shall not be deemed complete unless there is deposited with the petition or application an amount sufficient to pay the cost of publication.

The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny, or condition a construction permit, shall consider the following:

- (a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;
- (b) An evaluation of the public health, safety, and environmental aspects of the proposals;
- (c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety, and the environment;
- (d) An evaluation of mitigation measures to alleviate problems identified in paragraphs (b) and (c) of this subsection; and
- (e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste incinerators, landfills, or other sites or facilities for the land disposal of hazardous waste, the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.40-310(6); in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.46-820.

- (2) The cabinet may prohibit the land disposal of any hazardous wastes. The criteria and list of hazardous waste to be prohibited by the cabinet from land disposal shall be identical to any such criteria and list promulgated by the United States Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, as amended, (Public Law 94-580). The land disposal of hazardous waste may be permitted for methods determined by the cabinet to be protective of human health and the environment for as long as the waste remains hazardous.
- (3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:
  - (a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased and an estimate of the cost of post-closure care. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued, the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit, or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company, or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure;
  - (b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost shall then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit, or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all

of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure, and annually thereafter for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement shall be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan, or otherwise justified, the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility shall likewise be released to the applicant; and

- (c) All applicants for any hazardous waste permit shall provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of corrective action on and off-site and satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one (1) or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility shall be maintained during the entire operation of the facility and until termination. The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment, or disposal facility shall be one million dollars (\$1,000,000) per occurrence with an annual aggregate of two million dollars (\$2,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be three million dollars (\$3,000,000) per occurrence with an annual aggregate of six million dollars (\$6,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage. The cabinet shall accept a demonstration of financial responsibility during the post-closure period of a facility for a lesser amount for sudden or non-sudden occurrences where it is shown that a lesser amount of financial responsibility will be adequate to provide compensation for third-party injury or property damage and corrective action, considering site and facility conditions and other site-specific factors. Financial responsibility in post-closure for sudden and non-sudden occurrences and corrective action may be demonstrated through a letter of credit, surety or other bond, corporate guarantee, trust fund, liability insurance, self-insurance, or combination of these or other methods as approved by the cabinet.
- (4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility. ~~The permittee[, and]~~ may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time **during the thirty (30) year post-closure monitoring and maintenance period** ~~after the site has been closed for at least thirty (30) years~~. Upon receipt of such application, the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding, the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required, in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment. **The cabinet may require additional monitoring, site maintenance, or remedial measures consistent with KRS Chapter 224 any time after termination of the post-closure monitoring and maintenance of the permitted facility in the event that the cabinet determines such actions are necessary for the protection of human health and the environment.**
- (5) In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the Federal Bankruptcy Code or where jurisdiction cannot be obtained with reasonable diligence in any state court or any federal court over an owner or operator likely to be insolvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility shall be provided under this section may be

asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this subsection, such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

- (6) The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under Section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.
- (7) For the purpose of this subsection, the term guarantor means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.
- (8) Any hazardous waste treatment, storage, or disposal facility shall close in accordance with the permit and this chapter, if the site or facility has not been maintained in operational condition in conformance with this chapter, for any period of six (6) months or longer. The permittee shall be afforded an opportunity to be heard on the proposed termination of authorization to operate, and termination under this section shall not be required where the permittee demonstrates that steps have been taken to bring the facility, within a reasonable time not to exceed ninety (90) days, into full operational status in accordance with this chapter and applicable regulations. Within ninety (90) days, the cabinet shall review existing hazardous waste treatment, storage, or disposal permits to determine compliance with this section.

The telecommunications industry shall not be required to absorb the cost of funding the **Telecommunications Access**~~[TDD distribution]~~ program.
- (2) The Public Service Commission shall distribute the funds collected from this funding mechanism to the Commission on the Deaf and Hard of Hearing for the purpose of implementing and operating the **Telecommunications Access**~~[TDD distribution]~~ program. The secretary of the cabinet to which the Commission on the Deaf and Hard of Hearing is attached by statute or executive order shall establish oversight conditions with the Commission on the Deaf and Hard of Hearing to ensure the funds are being used solely for the purposes consistent with this section and KRS 163.525.
- (3) The Public Service Commission, with the advice of the Commission on the Deaf and Hard of Hearing, shall initiate an investigation, conduct public hearings, and determine the appropriate funding mechanism for the **Telecommunications Access**~~[TDD distribution]~~ program no later than January 1, 1995. As part of this determination, the commission may review the funding mechanism for the telecommunications relay service pursuant to KRS 278.549. The commission shall consider whether a telecommunications utility experiences a competitive disadvantage resulting from the funding mechanism when compared to other telecommunication utilities.

## CHAPTER 36

(SB 75)

AN ACT relating to the hazardous waste assessment fee.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 224.46-580 is amended to read as follows:

- (1) The General Assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes and the release of toxic chemicals regulated under Title III, Section 313 of the Superfund Amendments and Reauthorization Act of 1986, including disposal, treatment, recycling, storage, and transportation. The intent of the General Assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management, toxic chemical manufacture, processing, or other use, and to leave the primary burden and responsibility for hazardous waste and toxic chemical reduction on private industry; and further to finance assistance and coordination by imposing assessments on the generation of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with the generation of hazardous waste. The General Assembly further finds that Kentucky's industries need assistance in developing and implementing pollution prevention goals and that a fund should be established to provide technical and financial assistance to those industries.

- (2) The Environmental and Public Protection Cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.
- (3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:
  - (a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances, as defined in KRS 224.01-400, into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized. The provisions of KRS 45A.695 to 45A.725 may be suspended by the cabinet if necessary to respond to an environmental emergency.
  - (b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.
  - (c) Identify, investigate, classify, contain, or clean up any release, threatened release, or disposal of a hazardous substance where responsible parties are economically or otherwise unavailable to properly address the problem and the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.
- (4) The cabinet shall have the authority to finance the nonfederal share of the cost for clean up of sites under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (Pub. L. 96-510).
- (5) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section. Any expenditures recovered shall be placed in the hazardous waste management fund.
- (6) It is the expressed purpose of this section to accomplish effective hazardous waste and toxic chemical management that results in a reduction of the generation of hazardous wastes and the release of toxic chemicals within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste and toxic chemical management to those industries whose products are reasonably related to the generation of hazardous waste.
- (7) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste assessment to be determined pursuant to this section according to the quantity by weight of hazardous waste generated, except that no assessment shall be levied against generators for any quantity of "special wastes," waste oil, or spent material from air pollution control devices controlling emissions from coke manufacturing facilities. The assessment shall not be imposed upon any person for any quantities of hazardous waste generated by others for which that person is a secondary handler that stores, processes, or reclaims the waste. The assessment shall be reported and paid to the Environmental and Public Protection Cabinet for the generation of hazardous waste on an annual basis on January 1 of each year. The payment shall be accompanied by a report or return in a form that the cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon the business under this section shall be reduced by the amount of the federal assessment or tax upon the business. The reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal moneys are available to carry out the duties imposed by subsection (3) of this section, the assessment shall cease to be levied and collected until such time as federal moneys are no longer available to the Commonwealth for these purposes. The assessment shall be charged against generators of hazardous waste until June 30, ~~2008~~~~[2006]~~. After this date, no further hazardous waste management assessment shall be charged against generators. ***The hazardous waste assessment shall be waived for any generator owing less than fifty dollars (\$50) for the year. However, a return must be filed by generators to whom a payment waiver applies.***
- (8) The assessment on generators shall be one and two-tenths cents (\$0.012) per pound if the waste is liquid, or two-tenths of a cent (\$0.002) per pound if the waste is solid.
  - (a) Hazardous waste that is injected into a permitted underground injection well shall be assessed on a dry weight basis;
  - (b) Hazardous waste treated, detoxified, solidified, neutralized, recycled, incinerated, or disposed of on-site shall be assessed at one-half (1/2) of the appropriate rate, except for recycled waste used in the steel manufacturing process which shall be exempt;

- (c) Waste that is subject to regulation under Section 402 or 307B of the Federal Clean Water Act shall be exempt; and
  - (d) Emission control dust and sludge from the primary production of steel that is recycled by high temperature metals recovery or managed by stabilization of metals shall be exempt.
- (9) Except for waste brought into the state by a company to an affiliated manufacturing facility of the company receiving the waste, any person who transports hazardous waste into the state for land disposal or treatment which is generated outside of the state shall pay an assessment to the hazardous waste facility which first receives the waste for storage, treatment, or land disposal. The assessment rate shall be identical to the rate described in subsection (8) of this section. The facility shall remit the assessment to the cabinet on an annual basis on January 1 of each year. The payment shall be accompanied by a return the cabinet shall prescribe.
  - (10) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails or refuses to file a return or furnish any information requested in writing by the cabinet, the cabinet may, from any information in its possession, make an estimate and issue an assessment against the generator or hazardous waste facility and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.
  - (11) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the cabinet, unless it is shown to the satisfaction of the cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it is filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.
  - (12) If the assessment imposed by this chapter, whether assessed by the cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the cabinet.
  - (13) There is hereby created within the State Treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The fund shall be deposited in an interest-bearing account. The cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the State Treasury shall be deposited in the hazardous waste management fund. All interest earned on the money deposited in the fund shall be deposited to the fund. When the State Treasurer certifies to the cabinet that the uncommitted balance of the hazardous waste management fund exceeds six million dollars (\$6,000,000), assessments shall not be collected until the State Treasurer certifies to the cabinet that the balance in the hazardous waste management fund is less than three million dollars (\$3,000,000). The implementation of the cap on the fund shall be suspended from July 13, 1990, until July 1, 1991. In addition, for assessments paid after July 1, 1991, the cabinet shall refund or grant a credit against the next assessment to come due, on a pro-rated basis, any money collected in one (1) year in excess of the cap.
  - (14) There is hereby created within the State Treasury a trust and agency account which shall not lapse to be known as the pollution prevention fund. The fund shall be placed in an interest-bearing account. The fund shall be administered by the Center for Pollution Prevention. The cabinet shall remit to the fund each fiscal year twenty percent (20%) of the funds received by the hazardous waste management fund subject to the enacted budget bill. The cabinet shall provide to the center estimates of the amount of the hazardous waste assessment expected to be collected during each upcoming fiscal year.
  - (15) Upon request of the secretary, moneys accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, moneys from the fund shall not be used when federal moneys are available to carry out these duties, except when immediate action is required to protect public health or the environment, in which case the cabinet shall actively pursue reimbursement of the fund by any available federal moneys.
  - (16) If any person responsible for a release or threatened release of a hazardous substance fails to take response actions or to make reasonable progress in completing response actions ordered by the cabinet, the cabinet may bring an action to compel performance or may take appropriate response actions and order the responsible person to reimburse the cabinet for the actual costs incurred by the cabinet.

- (17) If disposal activities have occurred at a hazardous waste site, the cabinet shall record in the office of the county clerk in the county in which a waste site is situated a notice containing a legal description of the property that discloses to any potential transferee that the land was used to dispose hazardous waste and that further information on the hazardous waste site may be obtained from the cabinet.
- (18) No person shall affect the integrity of the final cover, liners, or any other components of any containment system after closure of a hazardous waste site on or in which hazardous waste remains without prior written approval of the cabinet.

**Approved March 24, 2006.**

## CHAPTER 37

### (SB 136)

AN ACT relating to surface coal mining.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 350.060 is amended to read as follows:

- (1)
  - (a) No person shall engage in surface coal mining and reclamation operations without having first obtained from the cabinet a permit designating the area of land affected by the operation. Permits shall authorize the permittee to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period not to exceed five (5) years. However, if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for the specified longer term, the cabinet may grant a permit for the longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.
  - (b) Subject to the provisions of KRS 350.010(1) and (2), no person shall knowingly and willfully receive, transport, sell, convey, transfer, trade, exchange, donate, purchase, deliver, or in any way derive benefit from coal removed from any surface mining operation which does not have a permit as required under this section.
- (2) No permit or revision application shall be approved unless the application affirmatively demonstrates, and the cabinet finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.
- (3) A person desiring a permit to engage in surface coal mining operations shall file an application which shall state:
  - (a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;
  - (b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;
  - (c) The owner or owners of the coal to be mined;
  - (d) The source of the applicant's legal right to mine the coal on the land affected by the permit;
  - (e) The permanent and temporary post office addresses of the applicant, which shall be updated immediately if changed at any point prior to final bond release;
  - (f) Whether the applicant or any person, partnership, or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of the permits;
  - (g) The names and addresses of every officer, partner, director, or person performing a function similar to a director of the applicant, together with the names and addresses of any individual owning of record ten percent (10%) or more of any class of voting stock of the applicant, and whether the applicant or any person is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify. The permittee shall submit updates of this information as changes occur or as otherwise provided by administrative regulation; however, failure to submit updated information shall constitute a violation of

this chapter only upon the permittee's refusal or failure to timely submit the information to the cabinet upon request. Upon receipt of updated information satisfactory to the cabinet, the cabinet shall promptly update its computer system containing the information;

- (h) A listing of any violations of this chapter, Public Law 95-87, and any law, rule, or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three (3) year period prior to the date of an application. The list shall indicate the final resolution of the violations; and
  - (i) Whether the area of land to be affected by the operation has been previously mined and is in compliance with current reclamation standards, and, if not, identify the needed reclamation work.
- (4) The application for a permit shall be accompanied by an official document, and an affidavit attesting to the document's authenticity, which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, an affidavit so stating.
- (5) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of a United States Geological Survey topographic map or other map acceptable to the cabinet on which the applicant has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which the drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.
- (6) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of an enlarged United States Geological Survey topographic map or other map acceptable to the cabinet meeting the requirements of paragraphs (a) to (i) of this subsection. The map shall:
- (a) Be prepared and certified by a professional engineer registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (8) of this section, except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection;
  - (b) Identify the area to correspond with the application;
  - (c) Show adjacent deep mining;
  - (d) Show the boundaries of surface properties and names of owners of the affected area and adjacent to any part of the affected area;
  - (e) Be of a scale of 1:24,000 or larger;
  - (f) Show the names and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of the area;
  - (g) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;
  - (h) Show the date on which the map was prepared, the north point, and the quadrangle name; and
  - (i) Show the drainage plan on and away from the area of land affected. The plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.
- (7) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions, and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the cabinet of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability. This determination shall not be required until the time hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. The permit shall not be approved until the information is available and is incorporated into the application.

- (8) All certifications required by this chapter to be made by professional engineers shall be done in the form prescribed by the cabinet and shall be reasonably specific as to the work being certified. The cabinet may reject any document or map as incomplete if it is not properly certified.
- (9) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation; the manner, time, and distance for backfilling; grading work; and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and administrative regulations adopted pursuant thereto.
- (10) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the cabinet for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by administrative regulations of the cabinet. The coverage shall be maintained in full force and effect during the terms of the permit and any permit renewal, and until reclamation operations are completed.
- (11) A basic fee set by administrative regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed three hundred seventy-five dollars (\$375), plus a fee set by administrative regulation but not to exceed seventy-five dollars (\$75), for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required in this section shall be issued; provided that if the cabinet approves an incremental bonding plan submitted by the applicant, the acreage fees may be paid in increments and at times corresponding to the approved plan. The applicant shall file with the cabinet a bond payable to the Commonwealth of Kentucky with surety satisfactory to the cabinet in the sum to be determined by the cabinet for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars (\$10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the administrative regulations of the cabinet. The cabinet shall forfeit the entire amount of the bond for the permit area or increment in the event of forfeiture. In determining the amount of the bond, the cabinet shall take into consideration the character and nature of the overburden; the future suitable use of the land involved; the cost of backfilling, grading, and reclamation to be required; and the probable difficulty of reclamation, giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture. The cabinet shall promulgate administrative regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of bonds.
- ~~(12) Surface coal mining and reclamation operations which affected two (2) acres or less, as defined by administrative regulations of the cabinet, which were conducted pursuant to two (2) acre or less permits issued by the cabinet, which were commenced on or before June 5, 1987, and on which mining ceased on or before November 7, 1987, shall be exempt from the requirements of this chapter, except as follows. Reclamation of the operations shall be accomplished in accordance with administrative regulations promulgated by the cabinet for operations of two (2) acres or less. The cabinet shall not require that the highwalls left by the operations be eliminated. Bond shall be maintained until reclamation is successfully completed. All procedural provisions and the penalty provisions of KRS 350.990 shall apply to operations conducted pursuant to this subsection. The cabinet shall enforce this subsection consistent with this chapter, except that the cabinet shall not issue orders requiring cessation of operations for mere failure to abate a violation.~~
- ~~(13)}~~ The cabinet shall promulgate administrative regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The cabinet shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the cabinet shall require that all the areas overlying underground workings be permitted but that the areas overlying underground workings not affected by operations and facilities occurring on the surface shall not be subject to the payment of acreage fees or bond requirements of subsection (11) of this section, KRS 350.070, or KRS 350.151.
- ~~(13)}~~~~(14)}~~ Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. An applicant for renewal of a permit shall pay a basic fee set by regulation, not to exceed three hundred seventy-five dollars (\$375). The holders of the permit may apply for renewal and the renewal shall be issued, provided that on application for renewal the burden shall be on the opponents of renewal, subsequent to the fulfillment of the public notice requirements of this chapter, unless it is established and written findings by the cabinet are made that:

- (a) The terms and conditions of the existing permit are not being satisfactorily met;
- (b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;
- (c) The renewal requested substantially jeopardizes the applicant's continuing responsibility on existing permit areas;
- (d) The applicant has not provided evidence that the performance bond in effect for the operation will continue in full force and effect for any renewal requested in the application as well as any additional bond the cabinet might require; or
- (e) Any additional revised or updated information required by the cabinet has not been provided.

Prior to the approval of any renewal of permit, the cabinet shall provide notice to the appropriate public authorities.

~~(14)(15)~~ If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

~~(15)(16)~~ Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred twenty (120) days prior to the expiration of the valid permit. ~~However, if a permit has expired or if a permit renewal application has not been timely filed, and the operator or permittee desires to continue the surface coal mining operation, the cabinet shall forthwith cause a notice of noncompliance to be issued. The notice of noncompliance shall be deemed to have been complied with, and the permit may be renewed, if the cabinet receives a permit renewal application within thirty (30) days of the receipt of the notice of noncompliance. Upon the submittal of a permit renewal application, the operator or permittee shall be deemed to have timely filed the permit renewal application and shall be entitled to continue, under the terms of the expired permit, the surface coal mining operation, pending the issuance of the permit renewal. Failure to comply with the remedial measures of the notice of noncompliance shall result in the cessation of the surface coal mining operation.~~

~~(16)(17)~~ Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by the permit within three (3) years of the issuance of the permit. However, the cabinet may grant reasonable extensions of time upon a showing that the extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at the time the construction of the synthetic fuel or generating facility is initiated.

~~(17)(18)~~ Each application for a permit or revision for auger mining on a previously mined area shall contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the cabinet determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The cabinet shall, consistent with all applicable requirements of this chapter, issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The cabinet shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum of four (4) feet above the coal seam being mined.

~~(18)(19)~~ All operations involving the loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter.

Section 2. KRS 350.075 is amended to read as follows:

- (1) In order to bring about a more desirable land use or promote the public interest and the environment, the cabinet may, at its discretion, issue special permits for the remining of previously affected areas, including but

not limited to, secondary coal recovery operations, such as coal extraction from coal refuse piles and coal recovery from slurry ponds. Such permits may provide for alternate requirements for revegetation, topsoil, bonding, premining data collection requirements, water quality requirements where there are pre-existing pollutional discharges resulting from previous mining, and other provisions which may encourage remining and secondary coal recovery.

- (2) The cabinet is hereby authorized to promulgate administrative regulations as necessary in order to implement the provisions of this section.

~~{(3) The cabinet shall, on or before August 1, 1986, submit to the Federal Office of Surface Mining proposed regulations to amend the state program to provide for such permits.}~~

Section 3. KRS 350.090 is amended to read as follows:

- (1) Under the provisions of this chapter and administrative regulations adopted by the cabinet, a permittee shall prepare and the permittee or operator shall carry out a method of operation, plan of grading and backfilling, and a reclamation plan for the area of land affected by his operation. In developing a method of operation, and the plans of backfilling, grading, and reclamation, all measures shall be taken to eliminate damages to members of the public, their real and personal property, public roads, streams, and all other public property from soil erosion, rolling stones and overburden, water pollution, and hazards dangerous to life and property. The permit application containing the required plans and other information as required shall be submitted to the cabinet and~~[-, except for applications or renewals submitted in compliance with KRS 350.060(2),]~~ the cabinet shall notify the applicant by certified mail, return receipt requested, within sixty-five (65) cumulative working days after receipt of a complete application whether it is acceptable. If applicable notice, hearing, and conference procedures prevent a decision from being issued within the sixty-five (65) cumulative working day period, the cabinet shall have additional reasonable time to issue its decision, not to exceed twenty (20) days from the completion of the notice, hearing, and conference procedures. If the permit application is not acceptable, the cabinet shall set forth the reasons for which the application or plans are not acceptable and it may propose modifications, delete areas, or reject the entire application. If the applicant disagrees with the decision of the cabinet, he may, by written notice, request a hearing conducted by the cabinet in the manner provided by KRS 350.0305. The cabinet shall notify the applicant by certified mail, return receipt requested, within twenty (20) days after the hearing of its decision. Any person aggrieved by a final order of the cabinet may appeal through the courts as set forth in KRS 350.0305.
- (2) If the permittee desires to seek funds from the reclamation development fund to develop an economic development unit during reclamation, the permittee shall submit, along with the reclamation plan, a reclamation development plan outlining the reclamation development project and showing how it will conform with the reclamation standards of this chapter.
- (3) No permittee, operator, or person shall throw, dump, pile, or permit the dumping, piling, or throwing, or otherwise placing any overburden, stones, rocks, coal, particles of coal, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060 or place these materials in such a way that normal erosion or slides brought about by natural physical causes will permit the materials to go beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060.

Section 4. KRS 350.093 is amended to read as follows:

- (1) As determined by administrative regulations of the cabinet, time and distance limits shall be established requiring backfilling, grading, and planting to be kept current, so that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable under regulations promulgated by the cabinet. All backfilling and grading shall be completed before necessary equipment is moved from the operation; except that the cabinet may for good cause approve the moving of equipment before all backfilling and grading is completed.
- (2) (a) The cabinet may allow a permittee to defer the time criteria of contemporaneous reclamation requirements on specified areas if the permittee can demonstrate that the deferment is necessary to address at least one (1) of the following:
  1. Adverse condition including weather, labor, and other conditions clearly beyond the permittee's control;
  2. Other bona fide mining operations carried out on a strip mined area, pursuant to KRS 350.080; or

3. Coal marketing problems.

- (b) Application for a deferment pursuant to this section shall be in the form prescribed by the cabinet. The applicant shall have the burden of establishing the need for the deferment. The applicant for the deferment shall demonstrate that reclamation on the site is contemporaneous as of the date of the request for deferment and that distance requirements for contemporaneous reclamation will be met during the period of the deferment. Approval of the deferment request shall be made in writing. The approval shall state that the deferment is justified and that no environmental damage will occur during the period of deferment. Reclamation deferments may be approved for a period reasonably related to the specified conditions justifying the deferment, but the aggregate deferral period shall not exceed thirty (30) months. The deferral shall not extend beyond the expiration date of the permit. The cabinet shall periodically reexamine and update the amount of the bond on the permit area so that the amount of the bond is sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture.
- (3) If the permittee or operator desires to conduct drift mining or other underground mining upon the premises or use the openings for haulageways or other lawful purposes, the permittee or operator may designate locations to be used for purposes at which places it will not be necessary to backfill until the drift or other underground mining or other use is completed, during which time the bond on file for that portion of the operation shall not be released. That portion of the locations shall be described and designated on the map attached thereto. If the permittee or operator wishes to combine surface operations with underground mining operations to assure maximum practical recovery of coal resources, the cabinet may grant a variance, pursuant to regulations promulgated by the cabinet, for specific areas within the reclamation plan from the requirement that reclamation efforts proceed pursuant to subsection (1) of this section so as to permit underground mining operations prior to reclamation.
- (4) The cabinet may release in whole or in part the reclamation bond or deposit for a particular operation if the cabinet is satisfied that the reclamation covered by the bond or deposit or portion thereof has been accomplished as required by this chapter. These bond releases shall be made in accordance with the following schedule:
  - (a) When the permittee completes the backfilling, regrading, and drainage control of a bonded area in accordance with his approved reclamation plan, the release of sixty percent (60%) of the bond or collateral for the applicable permit area.
  - (b) After revegetation has been established on the regraded mined lands in accordance with the approved reclamation plan, additional bond or collateral for the applicable permit shall be released. When determining the amount of bond to be released after successful revegetation has been established, the cabinet shall retain that amount of the bond for the revegetated area which would be sufficient for a third party to cover the cost of reestablishing revegetation; this amount shall be retained for the period specified for permittee responsibility for reestablishing revegetation. No part of the bond or deposit shall be released under this subsection as long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of requirements set by this chapter or until soil productivity for prime farm lands has returned to levels of yield equivalent to those of unmined land of the same soil type in the surrounding area under equivalent management practices as determined from soil surveys that may be required to be included in the permit application. If a sedimentation pond is to be retained as a permanent impoundment, the portion of bond may be released under this subsection so long as provisions for sound future maintenance by the permittee or the landowner have been made with the cabinet.
  - (c) When the permittee has completed successfully all surface coal mining and reclamation activities, the release of the remaining portion of the bond, or collateral, but not before the expiration of the period specified for permittee responsibility. No bond shall be fully released until all reclamation requirements of this chapter are fully met.
- (5) Upon satisfying the requirements of subsections (4)(a), (b), or (c) of this section, the permittee may file, or the cabinet shall initiate, an application for total or partial bond release.
  - (a) A permittee shall have the right to begin public advertisement of its request for bond release at the time it files its request for the release. The cabinet may undertake, at permittee expense, public advertisement of any cabinet initiated bond release. If the cabinet initiates a bond release pursuant to this subsection

but chooses not to advertise the release pursuant to this section, and the permittee does not advertise the request for the release within the time schedules established by this subsection, the bond release application shall be denied. All public advertisements of bond release applications, whether authorized by the permittee or the cabinet, shall begin within sixty (60) days after either the filing of a bond release request by the permittee or the initiation of a bond release by the cabinet. Public advertisement shall occur at least once a week for four (4) successive weeks in a newspaper of general circulation in the locality of the surface coal mining operation.

- (b) The public advertisement required by this subsection shall include: the permit number and permit approval date, notification of the precise location of the land affected, the number of acres, the type and amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, a description of the results achieved as they relate to the operator's approved reclamation plan, and the name and address of the cabinet to which written comments, objections, or requests for public hearings and informal conferences on the specific bond release may be submitted. Proof of advertisement shall be placed with the bond release application within thirty (30) days after the advertisement.
- (c) Within thirty (30) days of filing of any bond release request, the permittee shall submit copies of letters which it has sent to adjoining property owners, local governmental bodies, planning agencies, sewage and water treatment authorities, and water companies in the locality in which the surface coal mining and reclamation operation took place, notifying them of the intention to seek release from the bond. For bond releases initiated by the cabinet, the cabinet shall undertake the notification requirements set forth in this subsection.
- (d) Upon the filing of an application for bond release by a permittee, or the initiation of the release by the cabinet, the cabinet shall notify, within thirty (30) days of the filing or initiation, the municipality where the surface coal mining operation is located, pursuant to regulations promulgated by the cabinet.
- (6) Upon the filing of any partial or total bond release request by a permittee, the cabinet shall within thirty (30) days conduct an inspection and evaluation of the reclamation work involved. The evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface or subsurface water is occurring, the probability of continuance of future occurrence of the pollution, and the estimated cost of abating the pollution.
- (7) The cabinet shall notify the permittee in writing of its decision to release or not to release all or part of the performance bond or deposit within five (5) days following receipt of proof of public advertisement as required in subsection (5)(b), or the end of the thirty (30) day public comment period, whichever is later, if no public hearing is held pursuant to subsection (10) of this section; and if there has been a public hearing held pursuant to subsection (10) of this section, within thirty (30) days thereafter.
- (8) If the cabinet disapproves the application for release of the bond or portion thereof, the cabinet shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to serve the release and allowing opportunity for a public hearing. The cabinet shall not disapprove an application for release of a surety bond or a bond secured by a letter of credit as provided for under subsection (4)(a) or (b) of this section or under the partial release provisions applicable to an interim permit, or take any action to forfeit the surety bond, or bond secured by letter of credit, solely upon the permittee's failure to pay penalties or fines, if applicable reclamation requirements for the requested release have been fully met. The cabinet shall not continue to hold under the interim or permanent program remaining surety bond proceeds or the remaining bond secured by a letter of credit where a forfeiture has occurred solely as a result of a failure to pay penalties or fines, if the reclamation requirements of this chapter have been fully met.
- (9) The bond liability of the permittee shall include only those actions which the permittee is obliged to take under the permit, including completion of the reclamation plan. ~~Actions of third parties which are beyond the control and influence of the permittee and for which the permittee is not responsible under the permit shall not be covered by the bond.~~
- (10) Any person having a valid legal interest which might be adversely affected by release of the bond, and the responsible officer or head of any governmental agency so designated by cabinet regulations, shall have the right to file written objections to the proposed bond release with the cabinet, and to request a hearing in accordance with procedural regulations promulgated by the cabinet.

Section 5. KRS 350.445 is amended to read as follows:

The following performance standards shall be applicable to steep-slope strip mining and shall be in addition to those general performance standards required by KRS 350.405 to 350.435; provided, however, that the provisions of this section shall not apply to those situations in which a permittee or operator is mining on flat or gently rolling terrain, on which an occasional steep slope is encountered through which the mining operation is to proceed, leaving a plain or predominantly flat area, or where a permittee or operator is in compliance with the provisions of KRS 350.450(2):

- (1) The permittee or operator shall insure that when performing strip mining on steep slopes, debris, abandoned or disabled equipment, spoil material, or waste mineral matter not be placed on the downslope below the bench or mining cut; provided, that spoil material in excess of that required for the reconstruction of the approximate original contour under the provisions of KRS 350.410 or 350.445(2) shall be permanently stored pursuant to KRS 350.440.
- (2) The permittee or operator shall complete backfilling with spoil material and shall be required to cover completely the highwall and return the site to the approximate original contour, which material will maintain stability following mining and reclamation.
- (3) The permittee or operator may not disturb land above the top of the highwall unless the cabinet finds that the disturbance will facilitate compliance with the environmental protection standards of this subsection; provided, however, that the land disturbed above the highwall shall be limited to that amount necessary to facilitate compliance. The land above the highwall may be disturbed for construction of a permanent road only where the applicant affirmatively demonstrates, and the cabinet makes a detailed and written determination, that the proposed disturbance facilitates compliance with this chapter and provided that the land disturbed shall be limited to that amount necessary to facilitate such compliance. The cabinet shall make this determination upon a demonstration by the permittee that:
  - (a) The permittee will completely eliminate the production highwall and backfill the mined areas to approximate original contour with no road remaining on the bench;
  - (b) The road will be placed on a solid base rather than on fill material and drainage will be diverted from the mining area;
  - (c) The road will comply with all applicable design criteria, including a drainage plan for avoiding seepage or uncontrolled discharge of water into the backfilled areas;
  - (d) The spoil calculations and spoil disposal plans include the road cut material and the extent, if any, that road cut material will be used to eliminate a production highwall;
  - (e) The road will connect to another road or roads and is necessary in order to support the approved postmining land uses;
  - (f) Where practical and feasible, an undisturbed barrier will be left between the production highwall and the road itself. When an undisturbed barrier is not feasible, witness monuments will be left at a minimum of two (2) locations above the production highwall;
  - (g) The road will be constructed to a size and design appropriate to ~~support coal mining activities and~~ the proposed post-mining land use;
  - (h) The proposed mine plan and sequencing of the road construction in relation to the mining activity will minimize placement of spoil material into valley or hollow fills and will maximize permanent retention of mined spoil on the mine bench;
  - (i) There will be no coal removal from the construction of the permanent road except for incidental nonmerchantable coal that is disposed of in an approved manner; and
  - (j) All other performance standards of the chapter are met.
- (4) For the purposes of this section, the term "steep slope" is any slope above twenty (20) degrees or such lesser slope as may be defined by the cabinet, by regulation, after consideration of soil, climate, and other characteristics of the region.

Section 6. The following KRS section is repealed:

350.285 Removal of coal on private land -- Implementation of section.

  - (g) The group's lettering, logo, image, or message to be placed on the license plate, if created, shall not be obscene, as determined by the cabinet.
- (10) If the cabinet denies to issue a group a special license plate based upon the conditions specified in subsection (9) of this section, the group may appeal the denial to the next regularly scheduled session of the General Assembly for review of the denial and action on the group's request for a special license plate. AN ACT clarifying that state lottery prizes paid in installments over time may be assigned under certain circumstances.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 154A.110 is amended to read as follows:

- (1) Proceeds of lottery prizes shall be subject to Kentucky state income tax. Any attachments, garnishments, or executions authorized and issued pursuant to statute shall also be withheld if served upon the process agent of the corporation. This section shall not apply to a retailer.
- (2) The board shall adopt rules to establish a system of verifying the validity of tickets claimed to win prizes and to effect payment of such prizes, except that:
  - (a) No prize, nor any portion of a prize, nor any right of any person to a prize awarded shall be assignable, ***except as provided in subsection (6) of this section.*** Any prize, or portion thereof, remaining unpaid at the death of a prize winner shall be paid to the estate of such deceased prize winner or to the trustee under a revocable living trust established by the deceased prize winner as settlor, provided that a copy of such a trust has been filed with the corporation along with a notarized letter of direction from the settlor and no written notice of revocation has been received by the corporation prior to the settlor's death. Following such a settlor's death and prior to any payment to such a successor trustee, the corporation shall obtain from the trustee and each trust beneficiary a written agreement to indemnify and hold the corporation harmless with respect to any claims that may be asserted against the corporation arising from payment to or through the trust. Notwithstanding any other provisions of this section, any person, pursuant to an appropriate judicial order, shall be paid the prize to which a winner is entitled.
  - (b) No ticket shall knowingly be sold to any person under the age of eighteen (18), but this section does not prohibit the purchase of a ticket by a person eighteen (18) years of age or older for the purpose of making a gift to any person of any age. In such case, the corporation shall direct payment to an adult member of the person's family or the legal guardian of the person on behalf of such person. The person named as custodian shall have the same powers and duties as prescribed for a custodian pursuant to the Uniform Transfers to Minors Act.
  - (c) No prize shall be paid arising from claimed tickets that are stolen, counterfeit, altered, fraudulent, unissued, produced or issued in error, unreadable, not received or not recorded by the corporation within applicable deadlines, lacking in captions that conform and agree with the play symbols as appropriate to the lottery game involved, or not in compliance with such additional specific rules and public or confidential validation and security tests of the corporation appropriate to the particular lottery game involved.
  - (d) No particular prize in any lottery game shall be paid more than once, and in the event of a binding determination that more than one claimant is entitled to a particular prize, the sole remedy of such claimants is the award to each of them of an equal share in the prize.
  - (e) A holder of a winning cash ticket from a Kentucky lottery game shall claim a prize within three hundred sixty-five (365) days (for a ticket issued before January 1, 1995), and within one hundred eighty (180) days (for a ticket issued on or after January 1, 1995), or for a multistate lottery game within one hundred eighty (180) days, after the drawing in which the prize was won. In any Kentucky lottery game in which the player may determine instantly if he has won or lost, he shall claim a prize within three hundred sixty-five (365) days (for lottery games commenced or tickets printed or reprinted before January 1, 1995), and within one hundred eighty (180) days (for lottery games commenced or tickets printed or reprinted on or after January 1, 1995), or for a multistate lottery game within one hundred eighty (180) days, after the end of the lottery game as announced by the corporation. However, a holder of a pull-tab

lottery ticket shall claim a prize within the time period and in the manner printed on the ticket. If a valid claim is not made for a prize within the applicable period, the prize shall constitute an unclaimed prize for purposes of subsection (3) of this section.

- (f) No prize shall be paid upon a ticket purchased or sold in violation of this chapter. Any such prize shall constitute an unclaimed prize for purposes of subsection (3) of this section.
- (3) Any unclaimed prize money may be retained by the corporation and added to the pool from which future prizes are to be awarded or used for special prize promotions, or may be appropriated by the General Assembly directly from the corporation for any public purpose. For fiscal years 2000-2001 and 2001-2002, any unclaimed prize money in excess of six million dollars (\$6,000,000) shall be transferred to the affordable housing trust fund established by KRS 198A.710.
- (4) The corporation is discharged of all liability upon payment of a prize.
- (5) No ticket shall be purchased by and no prize shall be paid to any of the following persons:
  - (a) Any member of the board of directors, officers, or employees of the corporation;
  - (b) Any vendors or related entities, or any member of the board of directors, officers, employees of, partners in, or owners of any vendors or related entities to the vendors; or

- (6) *The right of any person to receive payments due under a prize that is paid in installments over time by the corporation, excluding prizes payable for the winner's life, may be voluntarily assigned, in whole or in part, if the assignment is made to a person or entity designated pursuant to an order of the Circuit Court located in the judicial circuit where the headquarters of the corporation is located. The Circuit Court shall issue an order approving a voluntary assignment, specifying the exact dollar amount of each prize payment or payments assigned, or any portion thereof, the dates of the payments being assigned, the name of the assignor as it appears on the lottery claim form or the full legal name of the assignor if different than the name as it appears on the lottery claim form, and the full legal name of the assignee to whom the assigned payments will be made, and directing the corporation to make the specified payments to the assignee, if all of the following conditions have been met:*
  - (a) *The assignment is in writing, executed by the assignor either before or after the effective date hereof, and by its terms, subject to the laws of this Commonwealth.*

    - 5. *Has been provided with a one (1) page written disclosure statement in bold type, fourteen (14) point font or larger, setting forth:*
      - a. *The payments being assigned, by amounts and payment dates;*
      - b. *The purchase price being paid; and*
      - c. *The amount, if any, of any origination or closing fees that will be charged to the lottery winner; and*
    - 6. *Has disclosed the existence or non-existence of a current spouse; and, if married, unless the court finds the assignor may make the assignment without the spouse's consent, the assignor has submitted to the court a signed and notarized statement wherein the spouse consents to the assignment.*

- (7) *Written notice of any petition seeking court approval of an assignment under subsection (6) of this section and of a court hearing, if any, concerning the proposed assignment shall be delivered by certified mail, return receipt requested, to the corporation's registered agent at least fifteen (15) days prior to entry of the court order or a court hearing, if any. The corporation is not a necessary or indispensable party and is not required to appear in or be named as a party to any action seeking court approval of a voluntary assignment, but may intervene as of right in any such proceeding.*
- (8) *A voluntary assignment under subsection (6) of this section shall not include or cover payments or portions of payments that are, at the time of entry of the court order, subject to offset or withholding due to:*
- (a) *A defaulted or delinquent child support obligation;*
  - (b) *A debt owed to a state agency; or*
  - (c) *Any attachments, garnishments, or executions authorized and issued pursuant to statute and served upon the process agent of the corporation as set forth in subsection (1) of this section;*

Each court order shall provide that any delinquent child support obligation owed by the assignor as of the date of the court order and any debts owed to a state agency by the assignor as of the date of the court order shall be offset by the corporation first against remaining payments or portions thereof then due the assignor and then against payments due the assignee each year until paid in full.*
- (9) *A court order approving a voluntary assignment under subsection (6) of this section, together with any other order issued in connection with any one (1) prize drawn, shall not require the corporation to divide any single prize payment among more than three (3) different persons or entities.*
- (10) *The Commonwealth, the corporation, and their respective officials and employees shall be discharged of all further liability upon payment of a prize pursuant to court order issued under subsection (6) of this section. It shall be the responsibility of the assignor or the assignee to provide the corporation information necessary for the corporation to identify the parties to any assignment under subsection (6) of this section and to make the payments assigned.*
- (11) *The Kentucky Lottery Corporation may establish a reasonable fee, not to exceed one thousand dollars (\$1,000), to defray any administrative expenses associated with processing each assignment made pursuant to subsection (6) of this section. The fee amount shall reflect the direct and indirect costs associated with processing the assignments. A court order approving an assignment under subsection (6) of this section shall direct the assignee to pay the fee to the corporation no later than ten (10) days after entry of the order.*
- (12) *A certified copy of a court order approving a voluntary assignment under subsection (6) of this section shall be delivered by certified mail, return receipt requested, to the corporation's registered agent at least thirty (30) days prior to the date upon which the first assigned payment is to be paid to the assignee. Within ten (10) days of receipt of the court order, the corporation shall acknowledge in writing to both the assignor and the assignee its receipt of the court order and that the corporation shall thereafter make the prize payments in accordance with the court order.*
- (13) *Subsection (6) of this section supersedes and prevails over any provision in the Uniform Commercial Code, including KRS 355.9-406.*
- (14) *The right to assign prize payments pursuant to subsection (6) of this section shall be suspended upon:*
- (a) *The publication by the United States Internal Revenue Service, hereinafter referred to in this subsection as the "Service," of a revenue ruling or other public ruling of the Service, which rules that, based upon the right of assignment provided in subsection (6) of this section, Kentucky lottery prizewinners who do not assign any prize payments would be subject to an immediate income tax liability for the value of the entire prize rather than annual income tax liability for each installment when paid; or*

- (b) *The issuance by a court of competent jurisdiction of a published decision holding that, based upon the right of assignment provided in subsection (6) of this section, a lottery prizewinner who does not assign any prize payments under that subsection would be subject to an immediate income tax liability for the value of the entire prize rather than annual income tax liability for each installment when paid.*

  - (b) *When a security freeze is in place, information from a consumer's consumer report shall not be released to a third party without prior express authorization from the consumer. This subsection does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's consumer report.*
- (2) *The consumer reporting agency shall, no later than ten (10) business days after the date the agency receives the request for a security freeze, provide the consumer with a unique personal identification number or password to be used by the consumer when providing authorization for the access to his or her credit file for a specific period of time. ## CHAPTER 52

### (SB 51)

AN ACT relating to public employees.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 156.026 is amended to read as follows:

- (1) For purposes of this section, full-time service in a local school for not less than one hundred forty (140) days during the school year entitles an employee who transfers to the Department of Education to a full year of experience credit on the Personnel Cabinet pay schedule and a full year for the purpose of accumulation of annual leave and sick leave in the Department of Education.
- (2) An employee of a local school district who transfers to become an employee of the Department of Education after June 30, 1983, shall be allowed to transfer accrued sick leave up to the maximum allowed for transfers for teachers between school districts as provided by KRS 161.155(4)~~[(3)]~~. The employee shall be allowed credit for each year of experience in the local school system for the purposes of determining salary in accordance with the current Personnel Cabinet pay schedule, and the rate of accumulation of annual and sick leave in the Department of Education.

- (3) For purposes of determining eligibility for additional leave or other benefits based on longevity of service, an employee transferring from a school district to the Department of Education after June 30, 1983, shall be given credit for each year of service in the school district, as determined under subsection (1) of this section.

Section 2. KRS 161.155 is amended to read as follows:

- (1) As used in this section:
- (a) "Teacher" shall mean any person for whom certification is required as a basis of employment in the common schools of the state;
  - (b) "Employee" shall mean any person, other than a teacher, employed in the public schools, whether on a full or part-time basis;
  - (c) "Immediate family" shall mean the teacher's or employee's spouse, children including stepchildren and foster children, grandchildren, daughters-in-law and sons-in law, brothers and sisters, parents and spouse's parents, and grandparents and spouse's grandparents, without reference to the location or residence of said relative, and any other blood relative who resides in the teacher's or employee's home;~~and~~
  - (d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers or employees for use by teachers or employees who have exhausted all sick leave and other available paid leave days;  
*and*
  - (e) *"Assault" shall mean an act that intentionally causes injury so significant that the victim is determined to be, by certification of a physician or surgeon duly qualified under KRS Chapter 342, incapable of performing the duties of his or her job.*
- (2) Each district board of education shall allow to each teacher and full-time employee in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher or employee if he or she presents a personal affidavit or a certificate of a physician stating that the teacher or employee was ill, that the teacher or employee was absent for the purpose of attending to a member of his or her immediate family who was ill, or for the purpose of mourning a member of his or her immediate family. The ten (10) days of sick leave granted in this subsection may be taken by a teacher or employee on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher or employee under the provisions of subsection ~~(4)~~~~(3)~~ of this section.
- (3) *A school district shall coordinate among the income and benefits from workers' compensation, temporary disability retirement, and district payroll and benefits so that there is no loss of income or benefits to a teacher or employee for work time lost because of an assault while performing the teacher's or employee's assigned duties for a period of up to one (1) year after the assault. In the event a teacher or employee suffers an assault while performing his or her assigned duties that results in injuries that qualify the teacher or employee for workers' compensation benefits, the district shall provide leave to the teacher or employee for up to one (1) year after the assault with no loss of income or benefits under the following conditions:*
- (a) *The district shall pay the salary of the teacher or employee between the time of the assault and the time the teacher's or employee's workers' compensation income benefits take effect, or the time the teacher or employee is certified to return to work by a physician or surgeon duly qualified under KRS Chapter 342, whichever is sooner;*
  - (b) *The district shall pay, for up to one (1) year from the time of the assault, the difference between the salary of the teacher or employee and any workers' compensation income benefits received by the teacher or employee resulting from the assault. Payments by the district shall include payments for intermittent work time missed as a result of the assault during the one (1) year period. If the teacher's or employee's workers' compensation income benefits cease during the one (1) year period after the assault, the district shall also cease to make payments under this paragraph;*
  - (c) *The Commonwealth, through the Kentucky Department of Education, shall make the employer's health insurance contribution during the period that the district makes payments under paragraphs (a) and (b) of this subsection;*

- (d) *The Commonwealth, through the Kentucky Department of Education, shall make the employer's contribution to the retirement system in which the teacher or employee is a member during the period that the district makes payments under paragraphs (a) and (b) of this subsection; and*
  - (e) *Payments to a teacher or employee under paragraphs (a) and (b) of this subsection shall be coordinated with workers' compensation benefits under KRS Chapter 342, disability retirement benefits for teachers under KRS 161.661 to 161.663, and disability retirement benefits for employees under KRS 61.600 to 61.621 and KRS 78.545 so that the teacher or employee receives income equivalent to his or her full contracted salary, but in no event shall the combined payments exceed one hundred percent (100%) of the teacher's or employee's full contracted salary.*
- (4) Days of sick leave not taken by an employee or a teacher during any school year shall accumulate without limitation and be credited to that employee or teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow employees or teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). Any accumulated sick leave days credited to an employee or a teacher shall remain so credited in the event he or she transfers his or her place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district.
- ~~(5)(4)~~ Accumulated days of sick leave shall be granted to a teacher or employee if, prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher or employee is unable to commence his or her duties on the opening day of the school year, but will be able to assume his or her duties within a period of time that the board determines to be reasonable.
- ~~(6)(5)~~ Any school teacher or employee may repurchase previously used sick leave days with the concurrence of the local school board by paying to the district an amount equal to the total of all costs associated with the used sick leave.
- ~~(7)(6)~~ A district board of education may adopt a plan for a sick leave bank. The plan may include limitations upon the number of days a teacher or employee may annually contribute to the bank and limitations upon the number of days a teacher or employee may annually draw from the bank. Only those teachers or employees who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher or employee. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.
- ~~(8)(7)~~ (a) A district board of education shall establish a sick leave donation program to permit teachers or employees to voluntarily contribute sick leave to teachers or employees in the same school district who are in need of an extended absence from school. A teacher or employee who has accrued more than fifteen (15) days' sick leave may request the board of education to transfer a designated amount of sick leave to another teacher or employee who is authorized to receive the sick leave donated. A teacher or employee may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.
- (b) A teacher or employee may receive donations of sick leave if:
1. a. The teacher or employee or a member of his or her immediate family suffers from a medically certified illness, injury, impairment, or physical or mental condition that has caused or is likely to cause the teacher or employee to be absent for at least ten (10) days; or
  - b. The teacher or employee suffers from a catastrophic loss to his or her personal or real property, due to either a natural disaster or fire, that either has caused or will likely cause the employee to be absent for at least ten (10) consecutive working days;
  2. The teacher's or employee's need for the absence and use of leave are certified by a licensed physician for leave requested under subparagraph 1.a. of this subsection;
  3. The teacher or employee has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and
  4. The teacher or employee has complied with the school district's policies governing the use of sick leave.

- (c) While a teacher or employee is on sick leave provided by this section, he or she shall be considered a school district employee, and his or her salary, wages, and other employee benefits shall not be affected.
- (d) Any sick leave that remains unused, is not needed by a teacher or employee, and will not be needed in the future shall be returned to the teacher or employee donating the sick leave.
- (e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.
- ~~(9)(8)~~ A teacher or employee may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.
- ~~(10)(9)~~ After July 1, 1982, a district board of education may compensate, at the time of retirement or upon the death of a member in active contributing status at the time of death who was eligible to retire by reason of service, an employee or a teacher, or the estate of an employee or teacher, for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%). Payment for unused sick leave days shall be incorporated into the annual salary of the final year of service; provided that the member makes the regular retirement contribution for members on the sick leave payment. The accumulation of these days includes unused sick leave days held by the employee or teacher at the time of implementation of the program.
- ~~(11)(10)~~ Any statute to the contrary notwithstanding, employees and teachers who transferred from the Department of Education to a school district, from a school district to the Department of Education, or from one (1) school district to another school district after July 15, 1981, shall receive credit for any unused sick leave to which the employee or teacher was entitled on the date of transfer. This credit shall be for the purposes set forth in subsection ~~(10)(9)~~ of this section.
- ~~(12)(11)~~ The death benefit provided in subsection ~~(10)(9)~~ of this section may be cited as the Baughn Benefit.

Section 3. KRS 161.157 is amended to read as follows:

An employee of the Department of Education or the Education Professional Standards Board who transfers to become an employee of the local school district shall be allowed credit for accrued sick leave up to the maximum allowed for transfers for teachers between school districts as provided by KRS 161.155~~(4)(3)~~ and shall be allowed credit for each full year of employment with the Department of Education or the Education Professional Standards Board for the determination of pay under the school districts' single salary schedule.

Section 4. KRS 161.623 is amended to read as follows:

- (1) Effective July 1, 1982, and thereafter, a district board of education or other employer of members of the Teachers' Retirement System may compensate, at the time of retirement for service, an active contributing member for unused sick-leave days in accordance with this section.
- (2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. Such sick-leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance.
- (3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.
- (4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155~~(10)(9)~~ or any other statutory provision.
- (5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

- (6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.
- (7) Payments to the retirement system for service credit obtained under this section or for compensation credit obtained under KRS 161.155(10){(9)} shall be based on the full actuarial cost as defined in KRS 161.220(22).

Section 5. KRS 61.680 is amended to read as follows:

- (1) Prior to August 1, 1982, every employee shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852, and to all other provisions thereof. Thereafter, employee contributions shall be picked up by the employer pursuant to KRS 61.560(4).
- (2)
  - (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement, a member's accounts under the Legislators' Retirement Plan, State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, and Teachers' Retirement System, except for service prohibited by KRS 161.623(2), shall be consolidated for the purpose of determining eligibility and amount of benefits. Vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education and accepted by the Kentucky Employees Retirement System or the County Employees Retirement System, may be used to determine eligibility for twenty-seven (27) year retirement but not the amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation, excluding compensation earned under KRS 161.155(10){(9)}, shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he shall obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate the prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits, each system shall pay the applicable percentage of total benefits.
  - (b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the system of his desire to maintain separate retirement accounts in the State Police Retirement System, Kentucky Employees Retirement System, or County Employees Retirement System.
  - (c) If the member has not contributed at least one (1) year in a system in which he has prior service, his current service in the system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.
- (3) A member with service credit in the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System who becomes the holder of an office entitling him to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, but who does not elect within thirty (30) days after taking office in such service to participate in the plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System. In that event, the agency employing the member shall withhold employee contributions, or picked-up employee contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, who does not elect within thirty (30) days after taking office to participate in the plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the Teachers' Retirement System, shall participate in the Kentucky Employees Retirement System. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the system in which the employer of the nonelected position participates. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is not employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the Kentucky Employees Retirement System.
- (4)
  - (a) Prior to July 1, 1976, a person entering the service of an employer participating in the Kentucky Employees Retirement System or the County Employees Retirement System with service credit in the Teachers' Retirement System and who desires to retain membership in the Teachers' Retirement System,

and who is permitted by that system to continue, shall be exempt from participating in the Kentucky Employees Retirement System or the County Employees Retirement System.

- (b) Any person who has elected to retain membership in the Teachers' Retirement System as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, if he elects to cancel his option prior to January 1, 1977.
  - (c) Any member of the General Assembly who upon election is a contributing member of the Teachers' Retirement System and who does not elect within thirty (30) days after taking office to participate in the Legislators' Retirement Plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky Employees Retirement System unless an election to retain membership in the Teachers' Retirement System is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the Teachers' Retirement System for the same period of service under the Legislators' Retirement Plan or the Kentucky Employees Retirement System as a member of the General Assembly, but contributions made to the Teachers' Retirement System while a member of the General Assembly shall be transferred to the Legislators' Retirement Plan, as provided for in KRS 6.535, when the member elects to join the Legislators' Retirement Plan, and service credit in the Legislators' Retirement Plan shall be granted as provided for in KRS 6.505(5).
- (5) Effective July 1, 1974, any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in a position covered by one (1) of these retirement systems and his employee contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up the employee contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership, as subsection (2) of this section eliminates the necessity of the transfers.
  - (6) Any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in more than one (1) position covered by the same retirement system, shall have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, an accumulation of all hours worked within the same retirement system shall be used to determine eligibility under KRS 61.510(21).
  - (7) Notwithstanding the provisions of subsection (2) of this section, a person who does not have the amount of service required for service retirement in the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System, but who is a member of one (1) of the systems or is a former member of one (1) or more of the systems with valid service credit therein, shall become eligible for service retirement benefits attributable to the amount of his actual service credit in each system in which he has service credit when his combined service credit in all the systems, plus any service credit he has in the Judicial Retirement Plan, is equal to that required for service retirement in each respective system. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, except that total service in all systems, unless prohibited by KRS 161.623(2), shall be used to determine the reduction for early retirement, if any. Except as provided in KRS 21.360, the final compensation shall be determined by using the creditable compensation reported to the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System and only as much of the compensation earned in the Judicial Retirement Plan as is needed to satisfy the final compensation requirement applicable in the respective retirement systems.
  - (8) Each retirement system from which the member retires shall pay a retirement allowance upon receipt of required forms and documents, except that no retirement system shall pay a retirement allowance or annuity until all forms and documents are filed at all retirement systems in compliance with each system's requirements.

- (2) *Upon satisfaction of paragraphs (a) through (d) of subsection (1) of this section and all other obligations provided for in this section, the entity responsible for the performance of reclamation shall be deemed by operation of law to have an "easement of necessity to conduct reclamation operations" for such property as was under the expired or terminated lease. The easement of necessity to conduct reclamation operations shall exist for a period of time that is reasonably necessary for the entity responsible for the reclamation to complete any reclamation operations required by the permit and by KRS Chapter 350, but in no case shall the easement of necessity to conduct reclamation operations exist longer than eight (8) years from the date the easement is created pursuant to this section.*
- (3) *In order to create the easement of necessity to conduct reclamation operations, the entity responsible for the performance of reclamation shall:*
  - (a) *Provide to the permitting agency, with a certified copy to the current surface owner, documentation to establish the satisfaction of the conditions imposed by this section and receive from the permitting agency a written determination that the permitted area for which the easement of necessity is requested falls within the conditions of this section; and*

    - 2. *The surface owner and the entity responsible for the reclamation shall attempt to reach agreement as to the amount of the appropriate compensation; and*
    - 3. *If no agreement is reached as to the amount of appropriate compensation within fifteen (15) days following receipt by the surface owner of the written offer of compensation from the entity responsible for reclamation and the appraisal report, the entity responsible for reclamation shall pay into an escrow account for the benefit of the current surface owner in a bank authorized to do business in the Commonwealth an amount equal to the written offer by the entity responsible for reclamation, which shall be not less than fifteen thousand dollars (\$15,000) for the first three (3) years of the reclamation and liability period. The entity responsible for the reclamation shall provide the current owner with the location of the escrow account.*
- (4) *After subparagraph 3. of paragraph (b) of subsection (3) of this section is satisfied, the entity responsible for reclamation shall have the immediate right of entry solely to perform reclamation as required by the permit and state law.*
- (5) *If the surface owner believes the amount placed in escrow is insufficient compensation, the owner may bring an action in the Circuit Court in the county in which the property in question is located for a determination of the fair rental value of the property.*
- (6) *Following the first payment, five thousand dollars (\$5,000) or the appraised fair rental value, whichever is greater, shall be paid to the current surface owner for each year of reclamation and extended liability period until the final bond release and shall be paid on the first day of each subsequent year beginning with the fourth year.*

  - (a) Except as provided in subsection (8) of this section, the circuit clerk shall issue a color photo personal identification card to any person who is a Kentucky resident and who resides in the county who complies with the provisions of this section and who applies in person in the office of the circuit clerk. An application for a personal identification card shall be accompanied by the same information as is required for an operator's license under subsection (2) of this section, except if a person does not have a fixed, permanent address, the person may use as proof of residency a signed letter from a homeless shelter, health care facility, or social service agency currently providing the person treatment or services and attesting that the person is a resident of Kentucky.
  - (b) It shall be permissible for the application form for a personal identification card to include as a person's most current resident address a mailing address, post office box, or an address provided on a voter registration card.
  - (c) Every applicant for a personal identification card shall make an oath to the circuit clerk as to the truthfulness of the statements contained on the application form. If the applicant is not the legal owner or possessor of the address provided on the application form, the applicant shall swear that he or she has permission from the legal owner, authorized agent for the legal owner or possessor to use the address for purposes of obtaining the personal identification card. The personal identification card shall designate by color coding and by use of the phrase "under 21" if the applicant is under the age of twenty-one (21).
  - (d) A personal identification card shall be valid for a period of four (4) years from the date of issuance. Except as provided in this subsection, an initial or renewal personal identification card issued to a person who is not a United States citizen and who has not been granted status as a permanent resident of the United States and who is not a special status individual, but who is a Kentucky resident, shall be valid for a period equal to the length of time the person's documentation from the United States Department of Justice, Immigration and Naturalization Service is issued, or four (4) years, whichever time period is shorter. An initial or renewal personal identification card shall be valid for a period of two (2) years if the person is not a special status individual and the person's documentation issued by the United States Department of Justice, Immigration and Naturalization Service, is issued for an indefinite period of time and does not have an expiration date. The fee shall be the same as for a regular personal identification card.
  - (e) A personal identification card may be suspended or revoked if the person who was issued the card presents false or misleading information to the cabinet when applying for the card.
- (8) A person may be issued a personal identification card if the person currently holds a valid Kentucky instruction permit or operator's license. If a person's instruction permit or operator's license has been suspended or revoked, the person may be issued a temporary personal identification card. A temporary personal identification shall be renewed annually and may be surrendered when the person applies to have his or her instruction permit or operator's license reinstated.
- (9) The Transportation Cabinet shall implement a voluntary statewide child identification program. The program shall issue a color photo personal identification card to a child two (2) to fifteen (15) years of age. The card shall contain the child's name and the toll-free number of the Kentucky Missing Persons Clearinghouse, Kentucky State Police. The card shall not contain the child's Social Security number. The cabinet shall set a four dollar (\$4) fee for the child identification card. Two dollars (\$2) of the fee shall be used to cover the cabinet's cost for equipment and supplies. Two dollars (\$2) of the fee shall be an administrative fee of the circuit clerk for issuing the card which shall be deposited by the Administrative Office of the Courts into a trust and agency account for the circuit clerks and used for the purposes of hiring additional deputy clerks and providing salary adjustments to deputy clerks. The card shall expire every four (4) years on the child's birthday. Within the time period that the child identification card is valid, the card may be updated with a new photograph and information. The fee for an updated card shall be four dollars (\$4), with two dollars (\$2) of the fee going to the cabinet and two dollars (\$2) going to the Administrative Office of the Courts in the same manner as the fee for an initial card as described in this subsection. The descriptive data and a photo image of the child shall be stored in the Kentucky Driver's License Information System and may be retrieved and used by public agencies subject to the provisions of the Driver Privacy Protection Act, 18 U.S.C. sec. 2721, and may also be used by the Kentucky Missing Persons Clearinghouse.

- (10) If a citizen of the Commonwealth currently serving in the United States military is stationed or assigned to a base or other location outside the boundaries of the Commonwealth, the citizen may renew a Class D operator's license issued under this section by mail. If the citizen was issued an "under 21" operator's license, upon the date of his or her twenty-first birthday, the "under 21" operator's license may be renewed for an operator's license that no longer contains the outdated reference to being "under 21."
- (11) A citizen of the Commonwealth renewing an operator's license by mail under subsection (10) of this section may have a personal designee apply to the circuit clerk on behalf of the citizen to renew the citizen's operator's license. An operator's license being renewed by mail under subsection (10) of this section shall be issued a license without a photograph. The license shall show in the space provided for the photograph the legend "valid without photo and signature."
- (12) If a citizen of the Commonwealth has been serving in the United States military and has allowed his operator's license to expire, he shall, within ninety (90) days of returning to the Commonwealth, be permitted to renew his license without having to take a written test or road test. A citizen who does not renew his license within ninety (90) days of returning to the Commonwealth shall be required to comply with the provisions of this chapter governing renewal of a license that has expired. If a citizen of the Commonwealth has been issued an "under 21" or "under 21 CDL" operator's license and the person is unable to renew the license on the date of his twenty-first birthday, the "under 21" or "under 21 CDL" operator's license shall be valid for ninety (90) days beyond the date of the person's twenty-first birthday.

- (15) An operator's license pursuant to this section shall be designated a Class D license.
- (16) A person shall not have more than one (1) license.
- (17) Upon marriage, a woman applying for an operator's license or a color photo personal identification card shall provide the circuit clerk with her marriage license and complete an affidavit form provided by the circuit court clerk. This provision shall not apply to purchases from a state agency that are available on the same terms to the general public or that are made at public auction. AN ACT relating to nursing.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

SECTION 1. A NEW SECTION OF KRS CHAPTER 314 IS CREATED TO READ AS FOLLOWS:

*The Nurse Licensure Compact is hereby enacted and entered into with all other jurisdictions that legally join in the Compact, which is, in form, substantially as follows:*

### ARTICLE I

#### *Findings and Declaration of Purpose*

*a. The party states find that:*

- 1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;*
- 2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;*
- 3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's healthcare delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;*
- 4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;*
- 5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.*

*b. The general purposes of this Compact are to:*

- 1. Facilitate the states' responsibility to protect the public's health and safety;*
- 2. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;*
- 3. Facilitate the exchange of information between party states in the areas of nurse regulation, investigation and adverse actions;*
- 4. Promote compliance with the laws governing the practice of nursing in each jurisdiction;*
- 5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.*

### ARTICLE II

#### *Definitions*

*As used in this Compact:*

- a. "Adverse action" means a home or remote state action.*
- b. "Alternative program" means a voluntary, non-disciplinary monitoring program approved by a nurse licensing board.*

- d. *"Current significant investigative information" means investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.*
- e. *"Home state" means the party state which is the nurse's primary state of residence.*
- f. *"Home state action" means any administrative, civil, equitable or criminal action permitted by the home state's laws which are imposed on a nurse by the home state's licensing board or other authority including actions against an individual's license such as: revocation, suspension, probation or any other action which affects a nurse's authorization to practice.*
- g. *"Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.*
- h. *"Multistate licensure privilege" means current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical/vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse's privilege such as: revocation, suspension, probation or any other action which affects a nurse's authorization to practice.*
- i. *"Nurse" means a registered nurse or licensed practical/vocational nurse, as those terms are defined by each party's state practice laws.*
- j. *"Party state" means any state that has adopted this Compact.*
- k. *"Remote state" means a party state, other than the home state, where the patient is located at the time nursing care is provided, or, in the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing practice is located.*

- m. *"State" means a state, territory, or possession of the United States, the District of Columbia or the Commonwealth of Puerto Rico.*
- n. *"State practice laws" means those individual party's state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline.*
- o. *"State practice laws" does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.*

### ARTICLE III

#### General Provisions and Jurisdiction

- a. *A license to practice registered nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical/vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state's qualifications for licensure and license renewal as well as all other applicable state laws.*
- b. *Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the*

*coordinated licensure information system shall promptly notify the home state of any such actions by remote states.*

- c. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing will subject a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.*
- d. This Compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.*
- e. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.*

#### ARTICLE IV

##### *Applications for Licensure in a Party State*

- a. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.*
- b. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.*
- c. A nurse who intends to change primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses will not be issued by a party state until after a nurse provides evidence of change in primary state of residence satisfactory to the new home state's licensing board.*
- d. When a nurse changes primary state of residence by:*
  - 1. Moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid;*
  - 2. Moving from a non-party state to a party state, and obtains a license from the new home state, the individual state license issued by the non-party state is not affected and will remain in full force if so provided by the laws of the non-party state;*
  - 3. Moving from a party state to a non-party state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.*

#### ARTICLE V

##### *Adverse Actions*

*In addition to the General Provisions described in Article III, the following provisions apply:*

- a. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.*
- b. The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action(s), and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.*

- c. *A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state.*
- d. *For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.*
- e. *The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.*
- f. *Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain non-public if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.*

#### ARTICLE VI

##### *Additional Authorities Invested in Party State Nurse Licensing Boards*

*Notwithstanding any other powers, party state nurse licensing boards shall have the authority to:*

- a. *If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse;*
- b. *Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. WHEREAS, Kentucky's leaders, in partnership with both the public and private sectors, are implementing various programs to address the obesity crisis, including Kentucky's Nutrition and Physical Activity State Action Plan, which includes recommendations for increasing the number of safe and accessible bicycle and pedestrian facilities in Kentucky's workplaces, schools and communities; and

WHEREAS, Kentucky's traffic safety risks grow as the numbers of bicyclists and pedestrians increase, and Kentucky's Transportation Center, in 2004, reported that motorists in Kentucky had nine hundred six (906) pedestrian collisions, with fifty (50) of these resulting in fatalities, and also reported four hundred fifty-two (452) collisions involving bicyclists and six were fatalities; and

NOW, THEREFORE,

*Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:*

Section 1. The Legislative Research Commission is directed to conduct a study of the economic and public health impacts of bicycling and pedestrian transportation activities in Kentucky. The study should review those model programs which are conducted at minimal cost and which have positive economic impact on communities.

(3) A review, examination, and analysis of Kentucky's bicycle safety and accidents, reporting trends and reviewing options for increasing public safety.

Section 2. In conducting research and preparing the report, input shall be sought from appropriate state and local agencies and organizations, such as Kentucky's Health Services, Transportation, and Commerce Cabinets, local and regional planning and public health agencies, local governments, local and statewide health, hiking, bicycle,

AN ACT relating to the Firefighters Foundation Program fund.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 95A.250 is amended to read as follows:

- (1) Beginning July 1, 1982, an eligible local government shall be entitled to receive annually a supplement of two thousand seven hundred fifty dollars (\$2,750) for each qualified professional firefighter it employs, and beginning on July 1, 1999, an annual supplement of three thousand dollars (\$3,000) for each qualified professional firefighter it employs, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan, or to a plan qualified under Section 401(a) or Section 457 of the Internal Revenue Code of 1954 as amended, provided that the employer's contribution on the supplement to any of these plans shall not exceed that amount which is required of employers under the County Employees Retirement System pursuant to KRS Chapter 78, to which the officer belongs, but no more than the required employer's contribution to the County Employees Retirement System hazardous duty category. In the case of County Employees Retirement System membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage. The local unit of government shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. Should the foundation program funds be insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.
- (2) Each qualified professional firefighter, whose local government receives a supplement pursuant to subsection (1) of this section, shall be paid by that local government the supplement which his qualifications brought to the local government. The supplement paid each qualified firefighter shall be in addition to his regular salary.
- (3) ***Beginning July 1, 2006:***
  - (a) *The Kentucky Community and Technical College System shall be entitled to receive annually a supplement equal to the amount determined in subsection (1) of this section for each Kentucky fire and rescue training coordinator employed by the Kentucky Community and Technical College System who meets the qualifications for individual firefighters required in KRS 95A.230, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan; and*
  - (b) *The Department of Military Affairs shall be entitled to receive annually a supplement equal to the amount determined in subsection (1) of this section for each civilian firefighter employed by the Department of Military Affairs who meets the qualifications for individual firefighters required in KRS 95A.230, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan.*

*Each fire and rescue training coordinator employed by the Kentucky Community and Technical College System and each civilian firefighter employed by the Department of Military Affairs, whose employer receives a supplement pursuant to this subsection, shall be paid by that employer the supplement which his or her qualifications brought to the employer. The supplements paid shall be in addition to his or her regular salary.*

Section 2. KRS 95A.262 is amended to read as follows:

- (1) The Commission on Fire Protection Personnel Standards and Education shall, in cooperation with the Cabinet for Health and Family Services, develop and implement a continuing program to inoculate every paid and volunteer firefighter in Kentucky against hepatitis B. The program shall be funded from revenues allocated to the Firefighters Foundation Program fund pursuant to KRS 136.392 and 42.190. Any fire department which has inoculated its personnel during the period of July 1, 1991 to July 14, 1992, shall be reimbursed from these revenues for its costs incurred up to the amount allowed by the Cabinet for Human Resources for hepatitis B inoculations.
- (2) Except as provided in subsection (3) of this section, the Commission on Fire Protection Personnel Standards and Education shall allot on an annual basis a share of the funds accruing to and appropriated for volunteer fire department aid to volunteer fire departments in cities of all classes, fire protection districts organized pursuant to KRS Chapter 75, county districts established under authority of KRS 67.083, and volunteer fire departments created as nonprofit corporations pursuant to KRS Chapter 273. The commission shall allot eight thousand dollars (\$8,000) annually to each qualifying department, and beginning on July 1, 2001, the commission shall allot eight thousand two hundred fifty dollars (\$8,250) annually to each qualifying department. Any qualifying department which fails to participate satisfactorily in the Kentucky fire incident reporting system as described in KRS 304.13-380 shall forfeit annually five hundred dollars (\$500) of its allotment. If two (2) or more qualified volunteer fire departments, as defined in KRS 95A.500 to 95A.560, merge after January 1, 2000, then the allotment shall be in accordance with the provisions of KRS 95A.500 to 95A.560. The commission shall recommend to the executive director of the Office of Housing, Buildings and Construction the promulgation of administrative regulations in accordance with the provisions of KRS Chapter 13A to define satisfactory participation in the Kentucky fire incident reporting system. Administrative regulations for determining qualifications shall be based on the number of both paid firefighters and volunteer firemen within a volunteer fire department, the amount of equipment, housing facilities available, and such other matters or standards as will best effect the purposes of the volunteer fire department aid law. A qualifying department shall include at least twelve (12) firefighters, a chief, and at least one (1) operational fire apparatus or one (1) on order. Fifty percent (50%) of the firefighters shall have completed at least one-half (1/2) of one hundred fifty (150) training hours toward certification within the first six (6) months of the first year of the department's application for certification, and there shall be a plan to complete the one hundred fifty (150) training hours within the second year. These personnel, equipment, and training requirements shall not be made more stringent by the promulgation of administrative regulations. No allotment shall exceed the total value of the funds, equipment, lands, and buildings made available to the local fire units from any source whatever for the year in which the allotment is made. A portion of the funds provided for above may be used to purchase group or blanket health insurance and shall be used to purchase workers' compensation insurance, and the remaining funds shall be distributed as set forth in this section.
- (3) There shall be allotted two hundred thousand dollars (\$200,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund that shall be allocated each fiscal year of the biennium to the firefighters training center fund, which is hereby created and established, for the purposes of constructing new or upgrading existing training centers for firefighters. If any moneys in the training center fund remain uncommitted, unobligated, or unexpended at the close of the first fiscal year of the biennium, then such moneys shall be carried forward to the second fiscal year of the biennium, and shall be reallocated to and for the use of the training center fund, in addition to the second fiscal year's allocation of two hundred thousand dollars (\$200,000). Prior to funding any project pursuant to this subsection, a proposed project shall be approved by the Commission on Fire Protection Personnel Standards and Education as provided in subsection (4) of this section and shall comply with state laws applicable to capital construction projects.
- (4) Applications for funding low-interest loans and firefighters' training centers shall be submitted to the Commission on Fire Protection Personnel Standards and Education for their recommendation, approval, disapproval, or modification. The commission shall review applications periodically, and shall, subject to

funds available, recommend which applications shall be funded and at what levels, together with any terms and conditions the commission deems necessary.

- (5) Any department or entity eligible for and receiving funding pursuant to this section shall have a minimum of fifty percent (50%) of its personnel certified as recognized by the Commission on Fire Protection Personnel Standards and Education.
- (6) Upon the written request of any department, the Commission on Fire Protection Personnel Standards and Education shall make available a certified training program in a county of which such department is located.
- (7) The amount of reimbursement for any given year for costs incurred by the Kentucky Community and Technical College System for administering these funds, including, but not limited to, the expenses and costs of commission operations, shall be determined by the commission and shall not exceed five percent (5%) of the total amount of moneys accruing to the Firefighters Foundation Program fund which are allotted for the purposes specified in this section during any fiscal year.
- (8) The commission shall withhold from the general distribution of funds under subsection (2) of this section an amount which it deems sufficient to reimburse volunteer fire departments for equipment lost or damaged beyond repair due to hazardous material incidents.
- (9) Moneys withheld pursuant to subsection (8) of this section shall be distributed only under the following terms and conditions:
  - (a) A volunteer fire department has lost or damaged beyond repair items of personal protective clothing or equipment due to that equipment having been lost or damaged as a result of an incident in which a hazardous material (as defined in any state or federal statute or regulation) was the causative agent of the loss;
  - (b) The volunteer fire department has made application in writing to the commission for reimbursement in a manner approved by the commission and the loss and the circumstances thereof have been verified by the commission;
  - (c) The loss of or damage to the equipment has not been reimbursed by the person responsible for the hazardous materials incident or by any other person;
  - (d) The commission has determined that the volunteer fire department does not have the fiscal resources to replace the equipment;
  - (e) The commission has determined that the equipment sought to be replaced is immediately necessary to protect the lives of the volunteer firefighters of the fire department;
  - (f) The fire department has agreed in writing to subrogate all claims for and rights to reimbursement for the lost or damaged equipment to the Commonwealth to the extent that the Commonwealth provides reimbursement to the department; and
  - (g) The department has shown to the satisfaction of the commission that it has made reasonable attempts to secure reimbursement for its losses from the person responsible for the hazardous materials incident and has been unsuccessful in the effort.
- (10) If a volunteer fire department has met all of the requirements of subsection (9) of this section, the commission may authorize a reimbursement of equipment losses not exceeding ten thousand dollars (\$10,000) or the actual amount of the loss, whichever is less.
- (11) Moneys which have been withheld during any fiscal year which remain unexpended at the end of the fiscal year shall be distributed in the normal manner required by subsection (2) of this section during the following fiscal year.
- (12) No volunteer fire department may receive funding for equipment losses more than once during any fiscal year.
- (13) The commission shall make reasonable efforts to secure reimbursement from the responsible party for any moneys awarded to a fire department pursuant to this section.
- (14) There shall be allotted each year of the 1992-93 biennium one million dollars (\$1,000,000), and each year of the 1994-95, 1996-97, 1998-99, and 2000-01 bienniums one million dollars (\$1,000,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund for the purpose of creating a revolving low-interest loan fund, which shall thereafter be self-sufficient and derive its operating revenues

from principal and interest payments. The commission, in accordance with the procedures in subsection (4) of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. Loans shall be made to departments which achieve the training standards necessary to qualify for volunteer fire department aid allotted pursuant to subsection (2) of this section, and which do not have other sources of funds at rates which are favorable given their financial resources. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. Money in the low-interest loan fund shall be used only for the purposes specified in this subsection. Any funds remaining in the fund at the end of a fiscal year shall be carried forward to the next fiscal year for the purposes of the fund.

- (15) For fiscal year 2004-2005 and each fiscal year thereafter, there is allotted one million dollars (\$1,000,000) from the fund established in KRS 95A.220 to be used by the commission to conduct training-related activities.
- (16) *If funding is available from the fund established in KRS 95A.220, the Commission on Fire Protection Personnel Standards and Education may implement the following:*
  - (a) *A program to prepare emergency service personnel for handling potential man-made and non-man-made threats. The commission shall work in conjunction with the fire marshal's office and other appropriate agencies and associations to identify and make maps of gas transmission and hazardous liquids pipelines in the state;*
  - (b) *A program to provide and maintain a mobile test facility in each training region established by the Commission on Fire Protection Personnel Standards and Education with equipment to administer Comprehensive Physical Aptitude Tests (CPAT) to ascertain a firefighter's ability to perform the physical requirements necessary to be an effective and safe firefighter;*
  - (c) *A program to provide defensive driving training tactics to firefighters. The commission shall purchase, instruct in the use of, and maintain mobile equipment in each of the training regions, and fund expenses related to equipment replacement;*
  - (d) *A program to annually evaluate equipment adequacy and to provide for annual physical examinations for instructors, adequate protective clothing and personal equipment to meet NFPA guidelines and to establish procedures for replacing this equipment as needed;*
  - (e) *A program to establish a rotational expansion and replacement program for mobile fleet equipment currently used for training and recertification of fire departments;*
  - (f) *A program to expand and update current EMS, first responder, EMT, and paramedic training and certification instruction; and*
  - (g) *A program to purchase thermal vision devices to comply with the provisions of KRS 95A.400 to 95A.440.*

SECTION 1. A NEW SECTION OF KRS CHAPTER 72 IS CREATED TO READ AS FOLLOWS:

*The Division of Kentucky State Medical Examiners Office and its laboratory services shall prepare an annual report to the secretary of the Justice Cabinet which includes the number of drug-related deaths, the counties in which those deaths occurred, and the major categories or generic names of the drugs involved.*

Section 2. KRS 189A.105 is amended to read as follows:

- (1) A person's refusal to submit to tests under KRS 189A.103 shall result in revocation of his driving privilege as provided in this chapter.
- (2) (a) At the time a breath, blood, or urine test is requested, the person shall be informed:
  - 1. That, if the person refuses to submit to such tests, the fact of this refusal may be used against him in court as evidence of violating KRS 189A.010 and will result in revocation of his driver's license, and if the person refuses to submit to the tests and is subsequently convicted of violating KRS 189A.010(1) then he will be subject to a mandatory minimum jail sentence which is twice as long as the mandatory minimum jail sentence imposed if he submits to the tests, and that if the person refuses to submit to the tests he will be unable to obtain a hardship license; and
  - 2. That, if a test is taken, the results of the test may be used against him in court as evidence of violating KRS 189A.010(1), and that if the results of the test are 0.18 or above and the person is subsequently convicted of violating KRS 189A.010(1), then he will be subject to a sentence that is twice as long as the mandatory minimum jail sentence imposed if the results are less than 0.18; and
  - 3. That if the person first submits to the requested alcohol and substance tests, the person has the right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested.

- (b) Nothing in this subsection shall be construed to prohibit a judge of a court of competent jurisdiction from issuing a search warrant or other court order requiring a blood or urine test, or a combination thereof, of a defendant charged with a violation of KRS 189A.010, or other statutory violation arising from the incident, when a person is killed or suffers physical injury, as defined in KRS 500.080, as a result of the incident in which the defendant has been charged. ***However, if the incident involves a motor vehicle accident in which there was a fatality, the investigating peace officer shall seek such a search warrant for blood, breath, or urine testing unless the testing has already been done by consent. If testing done pursuant to a warrant reveals the presence of alcohol or any other substance that impaired the driving ability of a person who is charged with and convicted of an offense arising from the accident, the sentencing court shall require, in addition to any other sentencing provision, that the defendant make restitution to the state for the cost of the testing.***
- (3) During the period immediately preceding the administration of any test, the person shall be afforded an opportunity of at least ten (10) minutes but not more than fifteen (15) minutes to attempt to contact and communicate with an attorney and shall be informed of this right. Inability to communicate with an attorney during this period shall not be deemed to relieve the person of his obligation to submit to the tests and the penalties specified by KRS 189A.010 and 189A.107 shall remain applicable to the person upon refusal. Nothing in this section shall be deemed to create a right to have an attorney present during the administration of the tests, but the person's attorney may be present if the attorney can physically appear at the location where the test is to be administered within the time period established in this section.
- (4) Immediately following the administration of the final test requested by the officer, the person shall again be informed of his right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested. Notwithstanding any provision herein to the contrary, no action of the commission with respect to the promulgation of a uniform standard shall be effective unless two-thirds (2/3) of the members vote in favor thereof.*

  - (b) *The commission shall establish two (2) advisory committees, one (1) of which shall comprise consumer representatives independent of the insurance industry, and the other comprising insurance industry representatives.*

- (a) *The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.*
  - (b) *The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.*
  - (c) *The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.*

## ARTICLE VI

- (1) *The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.*
- (2) *Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.*
- (3) *The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.*

## ARTICLE VII

- (1) *Rulemaking Authority. The commission shall promulgate reasonable rules, including uniform standards, and operating procedures in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect.*
- (2) *Rulemaking Procedure, Rules, and Operating Procedures. Rulemaking procedure, rules, and operating procedures shall be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committee in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. The commission in adopting a uniform standard shall consider fully all submitted materials and issue a concise explanation of its decision.*
- (3) *Effective Date and Opt Out of a Uniform Standard. A uniform standard shall become effective ninety (90) days after its promulgation by the commission or such later date as the commission may determine; provided, however, that a compacting state may opt out of a uniform standard as provided in this article. "Opt out" shall be defined as any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure or amendment.*
- (4) *Opt Out Procedure. A compacting state may opt out of a uniform standard, either by legislation or regulation duly promulgated by the insurance department under the compacting state's administrative procedure act. If a compacting state elects to opt out of a uniform standard by regulation, it must give written notice to the commission no later than ten (10) business days after the uniform standard is promulgated, or at the time the state becomes a compacting state, and find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state. The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following factors and find that the conditions in the state and needs of the citizens of the state outweigh:*
  - (a) *The intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this Act; and*
  - (b) *The presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.*

*Notwithstanding the foregoing, a compacting state may, at the time of its enactment of this compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for such opt out in the enacted compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in this compact. Such an opt out shall be effective at the time of enactment of this compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.*

- (5) *Effect of Opt Out. If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time the opt out legislation is*

*enacted into law or the regulation opting out becomes effective. Once the opt out of a uniform standard by a compacting state becomes effective as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under Article XIV for withdrawals.*

- (6) *Stay of Uniform Standard. If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the commission, at least fifteen (15) days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension thereof may postpone the effective date by up to ninety (90) days, unless affirmatively extended by the commission; provided, a stay may not be permitted to remain in effect for more than one (1) year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rule-making process has been terminated.*
- (7) *Not later than thirty (30) days after a rule or operating procedure is promulgated, any person may file a petition for judicial review of the rule or operating procedure; provided, that the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission's authority.*

#### ARTICLE VIII

- (1) *The commission shall promulgate rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records, and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.*
- (2) *Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of the duty to disclose any relevant records, data, or information to the commission; provided, that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in this Act, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.*
- (3) *The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any non-complying compacting state in writing of its noncompliance with commission bylaws, rules, or operating procedures. If a non-complying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in Article XIV.*
- (4) *The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the compact is governed by the following provisions:*
  - (a) *With respect to the commissioner's market regulation of a product or advertisement that is approved or certified to the commission, the content of the product or advertisement shall not constitute a violation of the provisions, standards, or requirements of the compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission;*
  - (b) *Before a commissioner may bring an action for violation of any provision, standard, or requirement of the compact relating to the content of an advertisement not approved or certified to the*

*commission, the commission, or an authorized commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission's action on such requests.*

#### ARTICLE IX

*The commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this compact and which may arise between two (2) or more compacting states, or between compacting states and non-compacting states, and the commission shall promulgate an operating procedure providing for resolution of such disputes.*

#### ARTICLE X

- (1) Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. Nothing in this Act shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.*
- (2) The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision herein to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.*
- (3) Any product approved by the commission may be sold or otherwise issued in those compacting states for which the insurer is legally authorized to do business.*

#### ARTICLE XI

- (1) Not later than thirty (30) days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall promulgate rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in disapproving a product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with Article III, Section (4).*
- (2) The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in Section (1) above.*

#### ARTICLE XII

- (1) The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.*
- (2) The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.*
- (3) The commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in Article VII of this compact.*
- (4) The commission shall be exempt from all taxation in and by the compacting states.*
- (5) The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.*

- (6) *The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three (3) years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the Governor and legislature of the compacting states, which shall include a report of the independent audit. The commission's internal accounts shall not be confidential and such materials may be shared with the commissioner of any compacting state upon request; provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.*
- (7) *No compacting state shall have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.*

#### ARTICLE XIII

- (1) *Any state is eligible to become a compacting state.*
- (2) *The compact shall become effective and binding upon legislative enactment of the compact into law by two (2) compacting states; provided, the commission shall become effective for purposes of adopting uniform standards for, reviewing, and giving approval or disapproval of, products filed with the commission that satisfy applicable uniform standards only after twenty-six (26) states are compacting states or, alternatively, by states representing greater than forty percent (40%) of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the National Association of Insurance Commissioners for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state.*
- (3) *Amendments to the compact may be proposed by the commission for enactment by the compacting states. No amendment shall become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.*

#### ARTICLE XIV

- (1) *Withdrawal.*
  - (a) *Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided, that a compacting state may withdraw from the compact ("withdrawing state") by enacting a statute specifically repealing the statute which enacted the compact into law.*
  - (b) *The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state, unless the approval is rescinded by the withdrawing state as provided in paragraph (e) of this section.*
  - (c) *The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this compact in the withdrawing state.*

**CHAPTER 124****(HB 388)**

AN ACT relating to workers' compensation and declaring an emergency.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 342.122 is amended to read as follows:

- (1) (a) For calendar year 1997 and for each calendar year thereafter, for the purpose of funding and prefunding the liabilities of the special fund, financing the administration and operation of the Kentucky Workers' Compensation Funding Commission, and financing the expenditures for all programs in the Department of Labor, except the Division of Employment Standards, Apprenticeship and Training and the Office of Labor-Management Relations and Mediation, as reflected in the enacted budget of the Commonwealth

and enacted by the General Assembly, the funding commission shall impose a special fund assessment rate of nine percent (9%) upon the amount of workers' compensation premiums received on and after January 1, 1997, through December 31, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying his or her own risk.

- (b) The funding commission shall, for calendar year 1998 and thereafter, establish for the special fund an assessment rate to be assessed against all premium received during that calendar year which, when added to the coal severance tax appropriated to the special fund in accordance with paragraph (c) of this section, shall produce enough revenue to amortize on a level basis the unfunded liability of the special fund as of ~~June 30~~ ~~September 1~~ preceding January 1 of each year, for the period remaining until December 31, 2018. The interest rate to be used in this calculation shall reflect the funding commission's investment experience to date and the current investment policies of the commission. This assessment shall be imposed upon the amount of workers' compensation premiums received by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying his own risk. ***On or before October 1 of each year, the commission shall notify each insurance carrier writing workers' compensation insurance in the Commonwealth, every group of self-insured employers, and each employer carrying his or her own risk, of the rates which shall become effective on January 1 of each year, unless modified by the General Assembly.***
  - (c) In addition to the assessment imposed in paragraph (a) or (b) of this subsection, and notwithstanding and prior to the transfer of funds to the Local Government Economic Assistance Program under KRS 42.450 to 42.495, the Kentucky Department of Revenue shall credit nineteen million dollars (\$19,000,000) in coal severance tax revenues levied under KRS 143.020 to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission each year beginning with fiscal year 1998 and all fiscal years thereafter. The annual transfer of nineteen million dollars (\$19,000,000) shall occur in four (4) equal quarterly payments. These transfers shall occur not later than the last day of each quarter of each calendar year and shall consist of four (4) equal payments of four million, seven hundred fifty thousand dollars (\$4,750,000).
  - (d) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission.
  - (e) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on workers' compensation premiums.
- (2) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received. Receipt shall be considered timely through actual physical receipt or by postmark of the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.
  - (3) The assessments imposed by this section may be collected by the insurance carrier from his insured. However, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. If the insurance carrier collects the assessment from an insured, the assessment shall be collected at the same time and in the same proportion as the premium is collected. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages imposed by this chapter. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. The percentages imposed by this chapter for an insurance policy issued by an insurance company shall be those percentages in effect on the annual effective date of the policy, regardless of the date that the premium is actually received by the insurance company.

- (4) A self-insured group may elect to report its premiums and to have its assessments computed in the same manner as insurance companies. This election may not be rescinded for at least ten (10) years, nor may this election be made a second time for at least another ten (10) years, except that the board of directors of the funding commission may, at its discretion, waive the ten (10) year ban on a case-by-case basis after formal petition has been made to the funding commission by a self-insured group.
- (5) The funding commission, as part of the collection and auditing of the special fund assessments required by this section, shall annually require each insurance carrier and each self-insured group to provide a list of employers which it has insured or which are members and the amount collected from each employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or self-insured group may require its insureds or members to furnish the SIC code for each of their employees. However, the failure of any employer to furnish said codes shall not relieve the insurance carrier or self-insured group from the obligation to furnish same to the funding commission. The Department for Employment Services, Cabinet for Workforce Development is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.
- (6) Each self-insured employer, self-insured group, or insurance carrier shall provide any information and submit any reports the Department of Revenue or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.
- (7) The special fund shall be required to maintain a central claim registry of all claims to which it is named a party, giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. The registry shall be established by January 26, 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund.
- (8) The fund heretofore designated as the subsequent claim fund is abolished, and there is substituted therefor the special fund as set out by this section, and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.
- (9) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.
- (10) All assessment rates imposed for periods prior to January 1, 1997, under KRS 342.122 shall forever remain applicable to premiums received on policies with effective dates prior to January 1, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provision of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.

Section 2. KRS 342.1242 is amended to read as follows:

- (1) There is created the Kentucky coal workers' pneumoconiosis fund which shall have one-half (1/2) of the liability for income benefits, including retraining benefits, payable for claims brought under KRS 342.732 for last exposure incurred on or after December 12, 1996. Income benefit payments by the Kentucky coal workers' pneumoconiosis fund shall be made contemporaneous with the payments made by the employer, except that the employer shall make all payments due under a final award or approved settlement until the liability of the Kentucky coal workers' pneumoconiosis fund is established under subsection (2) of this section and the coal workers' pneumoconiosis fund shall reimburse the employer for such payments to the extent of its liability.
- (2) The employer shall defend any claim brought under KRS 342.732 and upon conclusion shall seek participation in payment of the final award or settlement by the Kentucky coal workers' pneumoconiosis fund by making written request upon the director in the manner prescribed by administrative regulation to be promulgated by the executive director of the Office of Workers' Claims.

Commonwealth and by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, from employers engaged in the severance or processing of coal. Likewise, on and after January 1, 1997, through December 31, 1997, an assessment at the rate of three percent (3%) of premium shall be paid by every employer engaged in the severance or processing of coal who is carrying his or her own risk.

- (b) In addition to the assessment imposed in paragraph (a) of this subsection, an additional Kentucky coal workers' pneumoconiosis fund assessment at the rate of two and one-half cents (\$0.025) per ton is hereby imposed upon the total annual amount of tons of coal severed on or after January 1, 1997, through December 31, 1997, by every entity engaged in the severance of coal as required pursuant to KRS Chapter 143.
- (c) As of **June 30, 2006**~~September 1, 1997~~, and each year thereafter, the funding commission shall determine the assets of the fund and the claim and administrative expense liability incurred by the fund for all previous years and shall establish the rates under the provisions of paragraphs (a) and (b) of this subsection necessary as of January 1 of the next year to fully fund and prefund all claim liabilities and administrative expenses through December 31 of the next year of operations. The assessment rate authorized by this section for premiums received and tons of coal severed shall be set so as to receive fifty percent (50%) of the needed revenue from each assessment. Notice of any rate changes shall be provided no later than **October 1**~~December 1~~ of the year preceding the rate change.
- (4) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to a separate account within the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission. In addition, the powers and responsibilities of the Kentucky Workers' Compensation Funding Commission including its fiduciary duties and responsibilities relating to assessments collected for the special fund pursuant to KRS 342.122, 342.1222, 342.1223, 342.1226, 342.1229, and 342.1231 shall apply to assessments collected for the Kentucky coal workers' pneumoconiosis fund created pursuant to this section. Each entity subject to assessments for the Kentucky coal workers' pneumoconiosis fund shall provide any and all information requested by the Kentucky Workers' Compensation Funding Commission necessary to carry out its powers and responsibilities relating thereto.
- (5) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received or the coal is processed or severed. Receipt shall be considered timely through actual physical receipt or by postmark by the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments. Penalty and interest penalties imposed pursuant to KRS 342.1221 and the authority of the Kentucky Workers' Compensation Funding Commission to waive part or all of the penalty shall apply to assessments for the Kentucky coal workers' pneumoconiosis fund in the same manner and amount as they are imposed on assessments for the special fund under KRS 342.122.
- (6) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.
- (7) Claims for benefits by reason of the development of coal workers' pneumoconiosis shall be maintained pursuant to KRS 342.732, and the Kentucky coal workers' pneumoconiosis fund shall be liable for payment of a part of the liability only for employees of employers engaged in the severance or processing of coal as defined in KRS 342.0011(23)(a) and (b).

- (2) The cabinet shall review the corrective action completion report in the same manner as it reviewed the corrective action plan.
- (3) The cabinet may conduct its own investigation, including, but not limited to, its own characterization to verify that remediation has been completed in compliance with the approved corrective action plan. The reasonable actual and necessary costs of this verification shall be considered oversight costs reimbursable under KRS 224.01-518(2)(c). Any confirmatory sampling by the cabinet shall be completed within the deadline agreed to by the parties.
- (4) If the cabinet determines that no further remediation is required under the approved corrective action plan, and upon the applicant's payment of the cabinet's costs for review and oversight of the remediation, the cabinet shall issue the applicant a covenant not to sue.
- (5) With respect to the releases identified in the corrective action plan, the covenant not to sue shall preclude **any suit or claim by the Commonwealth for** the ~~cabinet's~~ prosecution of civil or administrative enforcement action against the applicant for failure to perform remediation under KRS 224.01-400, 224.01-405, any administrative regulations promulgated under these statutes, or the Federal Comprehensive Environmental Response Compensation and Liability Act as amended, 42 U.S.C. sec. 9601 et seq., for injunctive relief, lien assertion, reimbursement of costs, or civil penalties imposed under KRS 224.99-010 for failure to perform remediation under KRS 224.01-400 or 224.01-405 and any administrative regulations promulgated under these statutes.

  - (a) Releases other than those expressly identified in the corrective action plan;
  - (b) Claims based on the failure of the applicant, or the failure of any successive landowner as applicable, to comply with a requirement of KRS 224.01-510 to 224.01-532, the agreed order, the approved corrective action plan, or the approved corrective action completion report, including any required land use restrictions and engineering or institutional controls;

  - (h) Claims based on changes in the development of scientific knowledge, as reflected in published peer-reviewed health or environmental standards, that indicate that the remediation is no longer protective of human health, safety, and the environment;
  - (i) An environmental emergency as defined in KRS 224.01-400;
  - (j) Any cabinet action for damages for injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction, or loss resulting from such a release pursuant to the Federal Comprehensive Environmental Response Compensation and Liability Act as amended, 42 U.S.C. sec. 9601 et seq.; and
  - (k) Any administrative or civil action by the cabinet not expressly identified in subsection (5) of this section.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

SECTION 1. A NEW SECTION OF KRS CHAPTER 403 IS CREATED TO READ AS FOLLOWS:

- (1) *If another section of this chapter or KRS 407.5311 or 407.5602 requires the provision of a personal identifier in a pleading, document, or exhibit filed with the court, the party making the filing shall provide the personal identifier in accordance with the Kentucky Rules of Civil Procedure.*
- (2) *The clerk of the court shall allow the unredacted sealed copy of the pleading, document, or exhibit containing personal identifiers to be accessed only by a party to the case, an attorney of record in the case, a judge of the court or other authorized court personnel, a duly authorized employee or agent of the Cabinet for Health and Family Services involved in child support matters attendant to the case, or a person authorized to view the copy by specific order of the court.*
- (3) *As used in this section, "personal identifier" means a Social Security number, name of minor child, date of birth, or financial account number.*

Section 2. KRS 403.150 is amended to read as follows:

- (1) All proceedings under this chapter are commenced in the manner provided by the Rules of Civil Procedure.

- (2) The verified petition in a proceeding for dissolution of marriage or legal separation shall allege the marriage is irretrievably broken and shall set forth:
  - (a) The age, occupation, Social Security number, and residence of each party, *provided in accordance with Section 1 of this Act*, and his length of residence in this state. If domestic violence and abuse, as defined in KRS 403.720, is alleged by either party, the party filing the petition shall certify the existence and status of any domestic violence protective orders. The party filing the petition and alleging the abuse may substitute the party's attorney's address as the address of the party and any minor children;
  - (b) The date of the marriage and the place at which it was registered;
  - (c) That the parties are separated and the date on which the parties separated;
  - (d) The names, ages, Social Security numbers, and addresses, *provided in accordance with Section 1 of this Act*, of any living infant children of the marriage, and whether the wife is pregnant;
  - (e) Any arrangements as to custody, visitation, and support of the children and the maintenance of a spouse; and
  - (f) The relief sought.
- (3) Either or both parties to the marriage may initiate the proceeding.
- (4) If a proceeding is commenced by one of the parties, the other party must be served in the manner provided by the Rules of Civil Procedure and may file a verified response.
- (5) Previously existing defenses to divorce and legal separation, including but not limited to condonation, connivance, collusion, recrimination, insanity, and lapse of time, are abolished.
- (6) The court may join additional parties proper for the exercise of its authority to implement this chapter.
- (7) When the wife is pregnant at the time the petition is filed, the court may continue the case until the pregnancy is terminated.

Section 3. KRS 403.160 is amended to read as follows:

- (1) In a proceeding for dissolution of marriage or for legal separation, or in a proceeding for disposition of property or for maintenance or support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, either party may move for temporary maintenance. The motion shall be accompanied by an affidavit setting forth the factual basis for the motion and the amounts requested.
- (2)
  - (a) In a proceeding for dissolution of marriage, legal separation, or child support, either party, with notice to the opposing party, may move for temporary child support. The motion shall be accompanied by an affidavit setting forth the number of children of the marriage and the information required to calculate the combined adjusted parental gross income set forth in KRS 403.212(2)(g), and the Social Security numbers, *provided in accordance with Section 1 of this Act*, of all parties subject to the motion. The court shall, within fourteen (14) days from the filing of said motion, order an amount of temporary child support based upon the child support guidelines as provided by law, and the ordered child support shall be retroactive to the date of the filing of the motion unless otherwise ordered by the court.
  - (b) Upon a showing of good cause, either party may move the court to enter an order for temporary child support without written or oral notice to the adverse party. After reviewing the affidavit required by paragraph (a) of this subsection, the court may issue a temporary child support order based upon the child support guidelines. The order shall provide that the order becomes effective seven (7) days following service of the order and movant's affidavit upon the adverse party unless the adverse party, within the seven (7) day period, files a motion for a hearing before the court. The motion for hearing shall be accompanied by the affidavit required by paragraph (a) of this subsection. Pending the hearing, the adverse party shall pay child support in an amount based upon the guidelines and the adverse party's affidavit. The child support order entered following the hearing shall be retroactive to the date of the filing of the motion for temporary support unless otherwise ordered by the court.
- (3) As part of a motion for temporary maintenance or support or by independent motion accompanied by affidavit, either party may request the court to issue a temporary injunction or restraining order pursuant to the Rules of Civil Procedure.

- (4) If the court or agent of the court is made aware that there is reasonable evidence of domestic violence or child abuse, the court shall determine whether disclosure to any other person of the information could be harmful to the parent or child, and if the court determines that disclosure to any person could be harmful, the court and its agents shall not make the disclosure.
- (5) On the basis of the showing made and in conformity with KRS 403.200, the court may issue a temporary injunction or restraining order and an order for temporary maintenance in amounts and on terms just and proper in the circumstances.
- (6) A temporary order or temporary injunction:
  - (a) Does not prejudice the rights of the parties or the child which are to be adjudicated at subsequent hearings in the proceeding;
  - (b) May be revoked or modified before final decree on a showing of the facts necessary to revocation or modification under the circumstances; and
  - (c) Terminates when the final decree is entered or when the petition for dissolution or legal separation is voluntarily dismissed.

Section 4. KRS 403.211 is amended to read as follows:

- (1) An action to establish or enforce child support may be initiated by the parent, custodian, or agency substantially contributing to the support of the child. The action may be brought in the county in which the child resides or where the defendant resides.
- (2) At the time of initial establishment of a child support order, whether temporary or permanent, or in any proceeding to modify a support order, the child support guidelines in KRS 403.212 shall serve as a rebuttable presumption for the establishment or modification of the amount of child support. Courts may deviate from the guidelines where their application would be unjust or inappropriate. Any deviation shall be accompanied by a written finding or specific finding on the record by the court, specifying the reason for the deviation.
- (3) A written finding or specific finding on the record that the application of the guidelines would be unjust or inappropriate in a particular case shall be sufficient to rebut the presumption and allow for an appropriate adjustment of the guideline award if based upon one (1) or more of the following criteria:
  - (a) A child's extraordinary medical or dental needs;
  - (b) A child's extraordinary educational, job training, or special needs;
  - (c) Either parent's own extraordinary needs, such as medical expenses;
  - (d) The independent financial resources, if any, of the child or children;
  - (e) Combined monthly adjusted parental gross income in excess of the Kentucky child support guidelines;
  - (f) The parents of the child, having demonstrated knowledge of the amount of child support established by the Kentucky child support guidelines, have agreed to child support different from the guideline amount. However, no such agreement shall be the basis of any deviation if public assistance is being paid on behalf of a child under the provisions of Part D of Title IV of the Federal Social Security Act; and
  - (g) Any similar factor of an extraordinary nature specifically identified by the court which would make application of the guidelines inappropriate.
- (4) "Extraordinary" as used in this section shall be determined by the court in its discretion.
- (5) When a party has defaulted or the court is otherwise presented with insufficient evidence to determine gross income, the court shall order child support based upon the needs of the child or the previous standard of living of the child, whichever is greater. An order entered by default or due to insufficient evidence to determine gross income may be modified upward and arrearages awarded from the date of the original order if evidence of gross income is presented within two (2) years which would have established a higher amount of child support pursuant to the child support guidelines set forth in KRS 403.212.
- (6) The court shall allocate between the parents, in proportion to their combined monthly adjusted parental gross income, reasonable and necessary child care costs incurred due to employment, job search, or education leading to employment, in addition to the amount ordered under the child support guidelines.

- (7) (a) If health care insurance coverage is reasonable and available at the time the request for coverage is made, the court shall allocate between the parents, in proportion to their combined monthly adjusted parental gross income, the cost of health care insurance coverage for the child, in addition to the support ordered under the child support guidelines.
- (b) A parent, who has one hundred percent (100%) of the combined monthly adjusted parental gross income, shall be entitled to a reduction in gross income of the entire amount of premiums incurred and paid.
- (c) The court shall order the cost of health care of the child to be paid by either or both parents of the child regardless of who has physical custody. The court order shall include:
1. A judicial directive designating which parent shall have financial responsibility for providing health care for the dependent child, which shall include, but not be limited to, insurance coverage, payments of necessary health care deductibles or copayments; and
  2. A statement providing that if the designated parent's health care coverage provides for covered services for dependent children beyond the age of majority, then any unmarried children up to twenty-five (25) years of age who are full-time students enrolled in and attending an accredited educational institution and who are primarily dependent on the insured parent for maintenance and support shall be covered.
- (d) If health care insurance coverage is not reasonable and available at the time the request for the coverage is made, the court order shall provide for health care insurance coverage at the time it becomes reasonable and available.
- (8) The cost of extraordinary medical expenses shall be allocated between the parties in proportion to their combined monthly adjusted parental gross incomes. "Extraordinary medical expenses" means uninsured expenses in excess of one hundred dollars (\$100) per child per calendar year. "Extraordinary medical expenses" includes, but is not limited to, the costs that are reasonably necessary for medical, surgical, dental, orthodontal, optometric, nursing, and hospital services; for professional counseling or psychiatric therapy for diagnosed medical disorders; and for drugs and medical supplies, appliances, laboratory, diagnostic, and therapeutic services.
- (9) The court order shall include the Social Security numbers, *provided in accordance with Section 1 of this Act*, of all parties subject to a support order.
- (10) In any case administered by the Cabinet for Health and Family Services, if the parent ordered to provide health care coverage is enrolled through an insurer but fails to enroll the child under family coverage, the other parent or the Cabinet for Health and Family Services may, upon application, enroll the child.
- (11) In any case administered by the cabinet, information received or transmitted shall not be published or be open for public inspection, including reasonable evidence of domestic violence or child abuse if the disclosure of the information could be harmful to the custodial parent or the child of the parent. Necessary information and records may be furnished as specified by KRS 205.175.
- (12) In the case in which a noncustodial parent provides health care coverage, and changes employment, and the new employer provides health care coverage, the Cabinet for Health and Family Services shall transfer notice of the provision for coverage for the child to the employer, which shall operate to enroll this child in the noncustodial parent's health plan, unless the noncustodial parent contests the notice as specified by KRS Chapter 13B.
- (13) Notwithstanding any other provision of this section, any wage or income shall not be exempt from attachment or assignment for the payment of current child support or owed or to-be-owed child support.
- (14) A payment of money received by a child as a result of a parental disability shall be credited against the child support obligation of the parent. A payment shall not be counted as income to either parent when calculating a child support obligation. An amount received in excess of the child support obligation shall be credited against a child support arrearage owed by the parent that accrued subsequent to the date of the parental disability, but shall not be applied to an arrearage that accrued prior to the date of disability. The date of disability shall be as determined by the paying agency.

Section 5. KRS 407.5311 is amended to read as follows:

- (1) A petitioner seeking to establish or modify a support order or to determine parentage in a proceeding under KRS 407.5101 to 407.5902 must verify the petition. Unless otherwise ordered under KRS 407.5312, the petition or accompanying documents must provide, so far as known, the name, residential address, and Social Security numbers of the obligor and the obligee, and the name, sex, residential address, Social Security number, and date of birth of each child for whom support is sought, *with the obligor's, obligee's, and children's personal identifiers provided in accordance with Section 1 of this Act*. The petition must be accompanied by a certified copy of any support order in effect. The petition may include any other information that may assist in locating or identifying the respondent.
- (2) The petition must specify the relief sought. The petition and accompanying documents must conform substantially with the requirements imposed by the forms mandated by federal law for use in cases filed by a support enforcement agency.

Section 6. KRS 407.5602 is amended to read as follows:

- (1) A support order or income-withholding order of another state may be registered in this state by sending the following documents and information to the Cabinet for Health and Family Services or the appropriate tribunal within this state wherein the obligor resides, works, or owns property:
  - (a) A letter of transmittal to the tribunal requesting registration and enforcement;
  - (b) Two (2) copies, including one (1) certified copy, of all orders to be registered, including any modification of an order;
  - (c) A sworn statement by the party seeking registration or a certified statement by the custodian of the records showing the amount of any arrearage;
  - (d) The name of the obligor and, if known;
    1. The obligor's address and *the obligor's* Social Security number *provided in accordance with Section 1 of this Act*;
    2. The name and address of the obligor's employer and any other source of income of the obligor; and
    3. A description and the location of property of the obligor in this state not exempt from execution; and
  - (e) The name and address of the obligee and, if applicable, the agency or person to whom support payments are to be remitted.
- (2) On receipt of a request for registration, the registering tribunal shall cause the order to be filed as a foreign judgment, together with one (1) copy of the documents and information, regardless of their form.
- (3) A petition or comparable pleading seeking a remedy that must be affirmatively sought under other law of this state may be filed at the same time as the request for registration or later. The pleading shall specify the grounds for the remedy sought.

- (2) *The authority shall establish an incentive program that allocates funds from the broadband deployment account in accordance with the provisions of this section. Incentives may be used by government or private sector entities for broadband deployment projects.*
- (3) *The incentive program shall be developed to give highest funding priority to those projects which most effectively provide broadband service to the greatest number of unserved Kentucky citizens and at the lowest cost. Funding shall not be used for projects with an intent to deploy broadband service to areas where broadband service already exists; however, the authority may consider funding for projects that, in providing broadband service for an unserved area, create an overlap in existing broadband coverage for less than twenty percent (20%) of households in the proposed coverage area.*
- (4) *The authority shall develop funding criteria and prioritization schedules for broadband deployment projects in accordance with this section and with consideration given to recommendations submitted by Area Development Districts, telecommunications businesses, information services, technology industries, governmental entities, and by Kentucky-based nonprofit organizations, including ConnectKentucky.*

### **(HB 626)**

AN ACT relating to the Public Service Commission.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 278.020 is amended to read as follows:

- (1) No person, partnership, public or private corporation, or combination thereof shall commence providing utility service to or for the public or begin the construction of any plant, equipment, property, or facility for furnishing to the public any of the services enumerated in KRS 278.010, except retail electric suppliers for service connections to electric-consuming facilities located within its certified territory and ordinary extensions of existing systems in the usual course of business, until that person has obtained from the Public Service Commission a certificate that public convenience and necessity require the service or construction. Upon the filing of an application for a certificate, and after any public hearing which the commission may in its discretion conduct for all interested parties, the commission may issue or refuse to issue the certificate, or issue

it in part and refuse it in part, except that the commission shall not refuse or modify an application submitted under KRS 278.023 without consent by the parties to the agreement. The commission, when considering an application for a certificate to construct a base load electric generating facility, may consider the policy of the General Assembly to foster and encourage use of Kentucky coal by electric utilities serving the Commonwealth. ***The commission, when considering an application for a certificate to construct an electric transmission line, may consider the interstate benefits expected to be achieved by the proposed construction or modification of electric transmission facilities in the Commonwealth.*** Unless exercised within one (1) year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.

- (2) For the purposes of this section, construction of any electric transmission line of one hundred thirty-eight (138) kilovolts or more and of more than five thousand two hundred eighty (5,280) feet in length shall not be considered an ordinary extension of an existing system in the usual course of business and shall require a certificate of public convenience and necessity. However, ordinary extensions of existing systems in the usual course of business not requiring such a certificate shall include:
  - (a) The replacement or upgrading of any existing electric transmission line; or
  - (b) The relocation of any existing electric transmission line to accommodate construction or expansion of a roadway or other transportation infrastructure; or
  - (c) An electric transmission line that is constructed solely to serve a single customer and that will pass over no property other than that owned by the customer to be served.
- (3) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one (1) year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.
- (4) No utility shall apply for or obtain any franchise, license, or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.
- (5) No person shall acquire or transfer ownership of, or control, or the right to control, any utility under the jurisdiction of the commission by sale of assets, transfer of stock, or otherwise, or abandon the same, without prior approval by the commission. The commission shall grant its approval if the person acquiring the utility has the financial, technical, and managerial abilities to provide reasonable service.
- (6) No individual, group, syndicate, general or limited partnership, association, corporation, joint stock company, trust, or other entity (an "acquirer"), whether or not organized under the laws of this state, shall acquire control, either directly or indirectly, of any utility furnishing utility service in this state, without having first obtained the approval of the commission. Any acquisition of control without prior authorization shall be void and of no effect. As used in this subsection, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a utility, whether through the ownership of voting securities, by effecting a change in the composition of the board of directors, by contract or otherwise. Control shall be presumed to exist if any individual or entity, directly or indirectly, owns ten percent (10%) or more of the voting securities of the utility. This presumption may be rebutted by a showing that ownership does not in fact confer control. Application for any approval or authorization shall be made to the commission in writing, verified by oath or affirmation, and be in a form and contain the information as the commission requires. The commission shall approve any proposed acquisition when it finds that the same is to be made in accordance with law, for a proper purpose and is consistent with the public interest. The commission may make investigation and hold hearings in the matter as it deems necessary, and thereafter may grant any application under this subsection in whole or in part and with modification and upon terms and conditions as it deems necessary or appropriate. The commission shall grant, modify, refuse, or prescribe appropriate terms and conditions with respect to every such application within sixty (60) days after the filing of the application therefor, unless it is necessary, for good cause shown, to continue the application for up to sixty (60) additional days. The order continuing the application shall state fully the facts that make continuance necessary. In the absence of that action within that period of time, any proposed acquisition shall be deemed to be approved.

- (7) Subsection (6) of this section shall not apply to any acquisition of control of any:
- (a) Utility which derives a greater percentage of its gross revenue from business in another jurisdiction than from business in this state if the commission determines that the other jurisdiction has statutes or rules which are applicable and are being applied and which afford protection to ratepayers in this state substantially equal to that afforded such ratepayers by subsection (6) of this section;
  - (b) Utility by an acquirer who directly, or indirectly through one (1) or more intermediaries, controls, or is controlled by, or is under common control with, the utility, including any entity created at the direction of such utility for purposes of corporate reorganization; or
  - (c) Utility pursuant to the terms of any indebtedness of the utility, provided the issuance of indebtedness was approved by the commission.
- (8) In a proceeding on an application filed pursuant to this section, any interested person, including a person over whose property the proposed transmission line will cross, may request intervention, and the commission shall, if requested, conduct a public hearing in the county in which the transmission line is proposed to be constructed, or, if the transmission line is proposed to be constructed in more than one county, in one of those counties. The commission shall issue its decision no later than ninety (90) days after the application is filed, unless the commission extends this period, for good cause, to one hundred twenty (120) days. The commission may utilize the provisions of KRS 278.255(3) if, in the exercise of its discretion, it deems it necessary to hire a competent, qualified and independent firm to assist it in reaching its decision. The issuance by the commission of a certificate that public convenience and necessity require the construction of an electric transmission line shall be deemed to be a determination by the commission that, as of the date of issuance, the construction of the line is a prudent investment.
- (9) If any provision of this section or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to that end the provisions are declared to be severable.

Section 2. KRS 278.714 is amended to read as follows:

- (1) No person shall commence to construct a nonregulated electric transmission line without a construction certificate issued by the board. An application for a construction certificate shall be filed at the offices of the Public Service Commission along with an application fee as set forth in subsection (5) of this section.
- (2) A completed application shall include the following:
  - (a) The name, address, and telephone number of the person proposing construction of the nonregulated transmission line;
  - (b) A full description of the proposed route of the transmission line and its appurtenances. The description shall include a map or maps showing:
    - 1. The location of the proposed line and all proposed structures that will support it;
    - 2. The proposed right-of-way limits;
    - 3. Existing property lines and the names of persons who own the property over which the line will cross; and
    - 4. The distance of the proposed line from residential neighborhoods, schools, and public and private parks within one (1) mile of the proposed facilities;
  - (c) A full description of the proposed line and appurtenances, including the following:
    - 1. Initial and design voltages and capacities;
    - 2. Length of line;
    - 3. Terminal points; and
    - 4. Substation connections;
  - (d) A statement that the proposed transmission line and appurtenances will be constructed and maintained in accordance with accepted engineering practices and the National Electric Safety Code;

- (e) Evidence that public notice has been given by publication in a newspaper of general circulation in the general area concerned. Public notice shall include the location of the proposed line, shall state that the proposed line is subject to approval by the board, and shall provide the telephone number and address of the Public Service Commission; and
  - (f) Proof of service of a copy of the application upon the chief executive officer of each county and municipal corporation in which the proposed line is to be located, and upon the chief officer of each public agency charged with the duty of planning land use in the general area in which the line is proposed to be located.
- (3) Within ninety (90) days of receipt of the application, or one hundred twenty (120) days if a local public hearing is held, the board shall, by majority vote, grant or deny the construction certificate either in whole or in part. Action to grant the certificate shall be based on the board's determination that the proposed route of the line will minimize significant adverse impact on the scenic assets of Kentucky and that the applicant will construct and maintain the line according to all applicable legal requirements. ***In addition, the board may consider the interstate benefits expected to be achieved by the proposed construction or modification of electric transmission facilities in the Commonwealth.*** If the board determines that locating the transmission line will result in significant degradation of scenic factors or if the board determines that the construction and maintenance of the line will be in violation of applicable legal requirements, the board may deny the application or condition the application's approval upon relocation of the route of the line, or changes in design or configuration of the line.
- (4) A public hearing on an application to construct a nonregulated electric transmission line may be held in accordance with the provisions of KRS 278.712.
- (5) The board shall promulgate administrative regulations to establish an application fee for a construction certificate for a nonregulated transmission line in accordance with KRS 278.706(3).

**Approved April 4, 2006.**

## CHAPTER 139

(HB 688)

AN ACT relating to expelled or suspended students.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 158.150 is amended to read as follows:

- (1) All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:
  - (a) Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities, constitutes cause for suspension or expulsion from school; and
  - (b) Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.
- (2) (a) Each local board of education shall adopt a policy requiring the expulsion from school for a period of not less than one (1) year for a student who is determined by the board to have brought a weapon to a school under its jurisdiction. ***In determining whether a student has brought a weapon to school, a local board of education shall use the definition of "unlawful possession of a weapon on school property" stated in KRS 527.070.***
- (b) The board shall also adopt a policy requiring disciplinary actions, up to and including expulsion from school, for a student who is determined by the board to have possessed prescription drugs or controlled substances for the purpose of sale or distribution at a school under the board's jurisdiction, or to have physically assaulted or battered or abused educational personnel or other students at a school or school function under the board's jurisdiction. The board may modify the expulsion requirement for students on a case-by-case basis. A board that has expelled a student from the student's regular school setting shall provide or assure that educational services are provided to the student in an appropriate alternative program or setting, unless the board has made a determination, on the record, supported by clear and convincing evidence, that the expelled student ~~posed~~~~poses~~ a threat to the safety of other students or school staff and ***could not***~~cannot~~ be placed into a state-funded agency program. ***Behavior which constitutes a threat shall include but not be limited to the physical assault, battery, or abuse of others; the threat of physical force; being under the influence of drugs or alcohol; the use, possession, sale, or transfer of drugs or alcohol; the carrying, possessing, or transfer of weapons or dangerous instruments; and any other behavior which may endanger the safety of others.*** Other intervention services as indicated for each student may be provided by the board or by agreement with

the appropriate state or community agency. A state agency that provides the service shall be responsible for the cost. ~~[In determining whether a student has brought a weapon to school, a local board of education shall use the definition of "unlawful possession of a weapon on school property" stated in KRS 527.070.]~~

- (3) ***For purposes of this subsection, "charges" means substantiated behavior that falls within the grounds for suspension or expulsion enumerated in subsection (1) of this section, including behavior committed by a student while enrolled in a private or public school, or in a school within another state. A school board may adopt a policy providing that if a student is suspended or expelled for any reason, or faces charges that may lead to suspension or expulsion but withdraws prior to a hearing, from any public or private school in this or any other state, the receiving district may review the details of the charges, suspension, or expulsion and determine if the student will be admitted, and if so, what conditions may be imposed upon the admission.***
- (4) School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the district transportation system pending any further disciplinary action that may occur. Each board of education shall adopt a policy to assure the implementation of this section and to assure the safety of the students and staff.
- (5)~~(4)~~ A pupil shall not be suspended from the common schools until after at least the following due process procedures have been provided:
- (a) The pupil has been given oral or written notice of the charge or charges against him which constitute cause for suspension;
  - (b) The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and
  - (c) The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

- (6)~~(5)~~ The superintendent, principal, assistant principal, or head teacher of any school may suspend a pupil but shall report the action in writing immediately to the superintendent and to the parent, guardian, or other person having legal custody or control of the pupil. The board of education of any school district may expel any pupil for misconduct as defined in subsection (1) of this section, but the action shall not be taken until the parent, guardian, or other person having legal custody or control of the pupil has had an opportunity to have a hearing before the board. The decision of the board shall be final.
- (7)~~(6)~~
- (a) Suspension of exceptional children, as defined in KRS 157.200, shall be considered a change of educational placement if:
    - 1. The child is removed for more than ten (10) consecutive days during a school year; or
    - 2. The child is subjected to a series of removals that constitute a pattern because the removals accumulate to more than ten (10) school days during a school year and because of other factors, such as the length of each removal, the total amount of time the child is removed, and the proximity of removals to one another.
  - (b) The admissions and release committee shall meet to review the placement and make a recommendation for continued placement or a change in placement and determine whether regular suspension or expulsion procedures apply. Additional evaluations shall be completed, if necessary.
  - (c) If the admissions and release committee determines that an exceptional child's behavior is related to his disability, the child shall not be suspended any further or expelled unless the current placement could result in injury to the child, other children, or the educational personnel, in which case an appropriate alternative placement shall be provided that will provide for the child's educational needs and will provide a safe learning and teaching environment for all. If the admissions and release committee determines that the behavior is not related to the disability, the local educational agency may pursue its regular suspension or expulsion procedure for the child, if the behavior so warrants. However,

educational services shall not be terminated during a period of expulsion and during a suspension after a student is suspended for more than a total of ten (10) days during a school year. A district may seek temporary injunctive relief through the courts if the parent and the other members of the admissions and release committee cannot agree upon a placement and the current placement will likely result in injury to the student or others.

- (8)~~(7)~~ Suspension of primary school students shall be considered only in exceptional cases where there are safety issues for the child or others.
- (9) *Any action under this section related to students with disabilities shall be in compliance with applicable federal law.*

**Approved April 4, 2006.**

### **(HCR 189)**

A CONCURRENT RESOLUTION relating to antibiotic resistance awareness.

WHEREAS, antibiotic resistance is emerging as a public health crisis; and

WHEREAS, in 1954, two million pounds of antibiotics were produced in the United States, compared to over 50 million pounds in 2000; and

WHEREAS, despite the extraordinary value of antibiotics, the overuse of these miracle drugs in medicine and agriculture endangers their continued effectiveness; and

WHEREAS, although national clinical practice guidelines do not recommend the use of an antibiotic for viral infections, 50 to 66 percent of doctors' office visits for colds, upper respiratory tract infections, and bronchitis culminated in an antibiotic prescription; and

WHEREAS, patients contribute to the drug-resistant infections by asking for antibiotics when they are not needed, or by not completing the entire course of antibiotics prescribed; and

WHEREAS, each year in the United States, humans consume over 235 million doses of antibiotics, with 20 to 50 percent of the use being unnecessary; and

WHEREAS, while the use of antibiotics among humans is probably the major contributor to the emergence of antibiotic resistance, agricultural uses also pose a problem since over 50 percent of antibiotics produced in the United States are used in livestock production; and

WHEREAS, every time a person takes an antibiotic, sensitive bacteria are killed, but some bacteria may become resistant to the medication and multiply, resulting in the drug becoming ineffective for treating infections caused by that strain of bacteria; and

WHEREAS, antibiotic-resistant microorganisms are becoming an increasing problem for Kentucky residents, especially children; and

WHEREAS, antibiotic-resistant microorganisms cause illness in day-care centers, schools, hospitals, and long-term care facilities; and

WHEREAS, there have been outbreaks of multidrug resistant strains of staphylococcal aureus among football players in Kentucky schools; and

WHEREAS, individuals infected with drug-resistant organisms are more likely to have longer hospital stays and require treatment with more potent antibiotics that may cause severe side effects and be more expensive; and

WHEREAS, the Institutes of Medicine estimated that the annual cost of infections caused by antibiotic-resistant bacteria to be four to five billion dollars; and

WHEREAS, antibiotic resistance is a growing menace to all people because the spread means that treatments for common infection will become increasingly limited and expensive or nonexistent; and

WHEREAS, antibiotic-resistant microorganisms present challenges to health care providers and infection control practitioners; and

WHEREAS, the average cost of developing and bring a new prescription drug to market is about \$802 million and usually takes between 10 to 15 years; and

WHEREAS, by teaching the public and health care providers to use antibiotics appropriately, the risk of antibiotic-resistant microorganisms may be reduced; and

WHEREAS, through educational campaigns, the Kentucky Cabinet for Health and Family Services, hospitals, health care providers, managed care plans, and pharmaceutical companies should unite to prevent the spread of antibiotic-resistant microorganisms in Kentucky;

NOW, THEREFORE,

*Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:*

Section 1. This honorable body declares October, 2006 as antibiotic resistance awareness month.

Section 2. The Interim Joint Committee on Health and Welfare is urged to hold hearings at its October, 2006 meeting on topics relating to the use and misuse of antibiotics in the Commonwealth, the emergence of antibiotic resistance, the effect of antibiotic resistance on the cost of health care in the Commonwealth, and recommendations to prevent antibiotic resistance from becoming a public health crisis.

### (HJR 145)

A JOINT RESOLUTION directing the Council on Postsecondary Education and the Kentucky Board of Education, in partnership with the Secretary of the State and other education entities, to develop strategies and a timeline for improving Kentucky students' knowledge and understanding of the Constitution of the United States and the democratic processes.

WHEREAS, there is growing evidence that a large number of students exit secondary and postsecondary education without an in-depth understanding of the rights and responsibilities of citizens under the Constitution of the United States; and

WHEREAS, education for citizenship is important to help all students evolve into active participants in a democratic society; and

WHEREAS, the United States was founded on the principle of "government by the people"; and

WHEREAS, evidence of apathy and decline in confidence that government can solve important national problems appears to be on the rise; and

WHEREAS, having comprehensive knowledge and understanding of the Constitution of the United States is fundamental to leadership in a democratic society; and

WHEREAS, knowledge and understanding is critical to developing "communication skills necessary to function in a complex and changing civilization," specified in KRS 158.645 as one of the capacities needed by all Kentucky students; and

WHEREAS, "understanding of governmental processes as they affect the community, state, and the nation" is also identified by the General Assembly in KRS 158.645 as an essential capacity for all Kentucky students; and

WHEREAS, students must have a core of basic knowledge about social and cultural issues and institutions in an ever-increasing diverse world to allow them to put their understanding of democracy in perspective; and

WHEREAS, the governing boards for P-16 schooling are ultimately responsible for providing the leadership to ensure Kentucky students leave school with the essential skills and knowledge for responsible citizenship;

NOW, THEREFORE,

*Be it resolved by the General Assembly of the Commonwealth of Kentucky:*

Section 1. During the 2006-2007 fiscal year, the Council on Postsecondary Education, the Education Professional Standards Board, and the Kentucky Board of Education, in partnership with the Secretary of State and other education entities shall examine the current level of skills and knowledge of Kentucky students relating to the Constitution of the United States and the democratic processes. They shall examine the curriculum requirements at the elementary, secondary, and postsecondary levels for all Kentucky students; assessments of student knowledge at these levels and results of these assessments; requirements for teacher competencies in these areas; and other relevant data and information that would inform the study.

Section 2. The entities identified in Section 1 of this Resolution shall devise implementation strategies, including a specific timeline to improve Kentucky students' knowledge and understanding of the Constitution of the United States, the democratic processes, and the students' civic engagement. In the development of these strategies, current state efforts to promote civic literacy shall be incorporated where appropriate.

Section 3. The Commissioner of Education, the Executive Director of the Education Professional Standards Board, and the President of the Council on Postsecondary Education shall provide a preliminary report of their findings to the P-16 Council and a final report to the Interim Joint Committee on Education by August 1, 2007, and shall present the draft implementation plan required under Section 2 of this Resolution by December 1, 2007, to the Interim Joint Committee on Education.

AN ACT relating to retirement for police and firefighters in urban-counties and declaring an emergency.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 67A.345 is amended to read as follows:

- (1) All members of the policemen's and firefighters' retirement fund of the urban-county government, operated pursuant to KRS 67A.360 to 67A.690, and all members of the urban-county government city employees pension fund who retired prior to July 1, 1999, and who did not terminate their participation in the group health insurance plan provided by the urban-county government before that date, and all members who retire on or after July 1, 1999, or who ~~withdrew~~~~[withdraw]~~ from service on a certificate **prior to September 18, 2002**~~[pursuant to KRS 67A.410(2)]~~, shall continue to be eligible to participate, at the member's cost, in a group health insurance plan approved by the urban-county council for such retirees.
- (2) The urban-county government shall provide, on behalf of all eligible members of the policemen's and firefighters' retirement fund and city employees pension, the following benefits:
  - (a) A sum equal to the single premium for the plan coverage selected by the retiree, but not more than one hundred percent (100%) of the urban-county government's contribution to the health insurance component of the benefit pool for current urban-county government employees; and
  - (b) Upon the death of a member of the policemen's and firefighters' retirement fund due to occupational causes, the urban-county government shall pay to the approved provider of the group health insurance plan one hundred percent (100%) of the cost of the family medical coverage for the member's surviving spouse and dependent children as long as they remain eligible for a monthly retirement allowance from the retirement fund.
- (3) No benefits shall be available under this section to retired members who were not, immediately prior to July 1, 1999, participants in the group health insurance plan coverage provided to urban-county government employees and retirees or who retire on or after July 1, 1999, and, at the time of their retirement, do not elect to participate in the group health insurance plan coverage provided pursuant to subsection (1) of this section.
- (4) Benefits shall be available under this section to members of the policemen's and firefighters' retirement fund who, **prior to September 18, 2002**, ~~withdrew~~~~[withdraw]~~ from service on a certificate ~~[pursuant to KRS 67A.410(2)]~~ when they attain the age of forty-six (46) years if, at the time they ~~withdrew~~~~[withdraw]~~ from service, they ~~elected~~~~[elect]~~ to participate in the group health insurance plan coverage provided pursuant to subsection (1) of this section upon attaining age forty-six (46).
- (5) All payments shall be made to the approved provider of the group health insurance plan, not to the retiree, and the retiree shall not be entitled to receive any portion of the government contribution remaining after payment is made to the approved provider.
- (6) Group rates under the group health insurance plan approved by the urban-county council under subsection (1) of this section shall be made available to the spouse, dependents, and disabled children, regardless of the disabled child's age, of a qualified and participating retiree, if the premium for the spouse, dependent, or disabled child is paid by the retired member, spouse, dependent, or disabled child, by payroll deduction or similar method.

Section 2. KRS 67A.402 is amended to read as follows:

- (1) (a) Except as otherwise provided in paragraph (b) of this subsection, any member who has at least five (5) years of total service credit as a member of the fund may purchase service credit, that is not otherwise purchasable, for up to a maximum of four (4) years of service. The member shall not be entitled to purchase any service credit for which he **or she** has been given credit in another defined benefit retirement fund; however, the member may purchase government service credit by transferring funds directly from another public defined benefit retirement plan if the member provides proof that he **or she** is not eligible for a retirement benefit from the other public defined benefit retirement fund.

- (b) Any provision of law to the contrary notwithstanding, no service credit purchase under this subsection shall be counted toward the accrual of a health or other medical insurance retirement benefit in this retirement system.
- (2) A member who purchases service credit shall file an application with the board ***no later than sixty (60) days prior to the anticipated service purchase payment date***~~[within the five (5) year period]~~. The member shall pay to the fund an amount which shall be determined by actuarial method consistent with the methods prescribed for determining the purchase of prior service credit which shall be the principal.
  - (3) Payment of the principal shall be made in a lump sum or payment of the principal and interest may be made by installments. Interest, at the annual rate of return on investments of the fund for the preceding year, shall be established by the commissioner of finance on or before August 31 of each year and shall be based on financial statements of the fund for the year ending June 30, except that the interest shall not be less than three percent (3%). Interest shall be added to the principal for the time period for which installments are to be made.
  - (4) If payments are made by installment, the cost of purchasing the service credit shall be recalculated annually based upon the member's current salary, the interest rate established by the commissioner of finance, and other factors required by the actuarial method. The member's payments shall be adjusted annually to reflect the annual recalculation of the cost of purchasing service credit. Installment payments shall be consecutive and the total number of monthly installments shall not be less than twelve (12) or more than two hundred forty (240). The member shall pay the installments by payroll deduction.
  - (5) Payments shall not be ~~[considered accumulated contributions of the member and shall not be]~~ picked up by the urban-county government. No employer contribution shall be paid on the installments. The board shall determine how much of the total cost represents payment for one (1) quarter of the service to be purchased and the member shall receive service credit for one (1) quarter of the service each time this amount is paid.
  - (6) If the member dies, retires, or ceases to be a member of the fund before he ***or she*** has made all installment payments for the purchase of service credit, the fund shall refund to the member, his ***or her*** qualified surviving spouse, or his ***or her*** estate, the portion of any payment that does not represent a full quarter of service.
  - (7) A member who does not repay a refund of contributions, as provided in KRS 67A.500(3), shall be entitled to purchase service credit for prior membership service.
  - (8) The member may cancel a purchase obligation at any time, but once canceled, a member shall have forever forfeited, waived, and relinquished the right to purchase service credit.

Section 3. KRS 67A.404 is amended to read as follows:

- (1) Any member who retires based on age and service on ***or after*** January 1, 1990, or ***based on service on or after September 18, 2002***~~[thereafter]~~, may purchase service credit for unused sick leave accrued while contributing to the retirement fund from which the retirement benefit is to be paid in accordance with this section.
- (2) A member retiring based on age and service, ***or based on service only, on or after September 18, 2002***, who chooses to purchase service credit for unused, accumulated sick leave as provided in this section shall notify the board of his ***or her*** intention upon submitting his ***or her*** retirement application to the board. The urban-county government shall certify the retiring member's unused, accumulated sick leave balance, up to a maximum of seven hundred and twenty (720) hours for members employed by the division of police and one thousand and eight (1,008) hours for members employed by the division of fire. The member's sick leave balance, expressed in days, shall be divided by the average number of working days per month and rounded to the nearest number of whole months. This number of months shall be added to the member's service credit for the purpose of determining his ***or her*** rate of retirement annuity pursuant to KRS 67A.430 and his ***or her*** total service credit pursuant to KRS 67A.400. The value of the unused, accumulated sick leave shall be based on the daily salary rate calculated from the member's last annual salary. Payment for unused sick leave, up to a maximum of seven hundred and twenty (720) hours for members employed by the division of police and one thousand and eight (1,008) hours for members employed by the division of fire, shall be incorporated into the annual salary of the final year of service, provided that the member contributes to the retirement fund the amount set forth in KRS 67A.510 and the urban-county government matches such contribution by the amount set forth in KRS 67A.520(1) on the unused, accumulated sick leave.

Section 4. KRS 67A.410 is amended to read as follows:

~~{(1) Beginning September 18, 2002, any member may, at his *or her* option, retire on a service retirement annuity upon or after attainment of the age of forty six (46) years,} if he *or she has* ~~{shall have}~~ completed at least twenty (20) years of total service. Upon fulfillment of *this term* ~~{these terms}~~, the board shall grant the retirement annuity upon receipt of the application of the member.~~

~~{(2) Any member who withdraws from service prior to age forty six (46) years after having completed at least twenty (20) years of total service, and who does not accept a refund of contributions, shall receive, upon application, a certificate entitling him to a service retirement annuity upon his attainment of age forty six (46) and specifying the amount of the annuity earned and accrued at the date of withdrawal from service.~~

~~(3) Upon the death, prior to age forty six (46), of a member holding a certificate granted pursuant to subsection (2) of this section, the surviving spouse shall receive an annuity equal to sixty percent (60%) of the annuity specified on the certificate, subject to the conditions and additional benefits found in KRS 67A.450(1)(a), 67A.450(1)(b), 67A.450(2), and 67A.450(3).~~

~~(4) The benefits provided in KRS 67A.600 and 67A.690 to an eligible member who retires or withdraws from service under the provisions of subsection (1) or (2) of this section after July 15, 1994, or to the member's surviving spouse or dependent children, shall be calculated when the member is retired for one (1) year or attains the age of forty seven (47), whichever is later, or would have been retired for one (1) year or reached the age of forty seven (47), whichever is later, if the member died before being retired one (1) year or reaching the age of forty seven (47).~~

~~(5) On or before March 3, 2003, the board shall provide for a vote by the full active membership on a provision that would allow members to retire with full benefits after twenty (20) years of total service, regardless of age. If a majority of the active membership voting votes in favor of a twenty (20) year service provision, the urban-county government, in coordination with the board, shall enact the twenty (20) year service provision within a period of six (6) months. Notwithstanding any statute to the contrary, any member retiring after the enactment of the twenty (20) year service provision, if enacted, shall be eligible to retire with twenty (20) years of service regardless of age.~~

Section 5. KRS 67A.430 is amended to read as follows:

(1) The rate of retirement annuity shall be two and one-half percent (2.5%) of average salary, as defined in KRS 67A.360(13), for each year of total service. Fractional periods of service shall be considered in the calculation of such annuities according to the aforesaid rate. Provided, however, that no retiree, or his *or her* surviving spouse ~~{widow}~~, whether *the member* ~~{he}~~ retired before or after June 16, 1972, under this section shall receive a pension of less than \$100 a month and when Social Security benefits are increased the minimum shall be increased by a like amount, provided that the increase shall not exceed five percent (5%).

(2) Any retiree or surviving spouse who as of July 1, 2005 ~~{2004}~~, *was* ~~{is}~~ receiving a monthly annuity of less than one thousand *two hundred fifty* dollars ~~(\$1,250) [(\$1,000)]~~ shall have the pension increased to one thousand *two hundred fifty* dollars ~~(\$1,250)~~. *Such increase shall be retroactive to July 1, 2005, and the retiree or surviving spouse shall receive a lump sum payment equal to the difference between the amount of the monthly annuities received between July 1, 2005, and July 15, 2006, and the amount that would have been received had the monthly annuity been increased on July 1, 2005.* ~~[((\$1,000), and]~~ The board shall increase this annuity at the same rate as annually provided by KRS 67A.690(1), and such increase shall be determined and granted annually thereafter by the board.

When the revocation of the administrative dissolution is effective, it shall relate back to and take effect as of the effective date of the administrative dissolution, and the statement or statements shall be in full force and effect as if the administrative dissolution had never occurred.*
- (7) *If the Secretary of State denies a partnership's application for reinstatement of its statement of qualification following administrative dissolution, then he shall serve the partnership with written notice that explains the reason or reasons for denial by mailing the notice by first class mail to the partnership at its registered office. The partnership may appeal the denial of reinstatement to the Franklin Circuit Court within thirty (30) days after the service of the notice of the denial transmitted to the partnership. The partnership may appeal by petitioning the court to set aside the administrative dissolution and attaching to the petition copies of the Secretary of State's certificate of administrative dissolution, the partnership's application for reinstatement and the Secretary of State's notice of denial. The court may summarily order the Secretary of State to reinstate the statement of qualification or may take any other action the court considers appropriate. The court's final decision may be appealed as in any other civil proceedings.*

SECTION 23. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *The Secretary of State may commence a proceeding under subsection (2) of this section to revoke the statement of foreign qualification of a foreign limited liability partnership authorized to transact business in this Commonwealth if:*
  - (a) *The foreign limited liability partnership does not file its annual report to the Secretary of State within sixty (60) days after it is due;*
  - (b) *The foreign limited liability partnership is without a registered agent or registered office in this Commonwealth for sixty (60) days or more;*
  - (c) *The foreign limited liability partnership does not inform the Secretary of State that its registered agent or registered office has changed, that its registered agent has resigned, or that its registered office has been discontinued within sixty (60) days of the change, resignation or discontinuance; or*
  - (d) *The Secretary of State receives a duly authenticated certificate from the Secretary of State or other official having custody of partnership records in the state or country under whose law the foreign limited liability partnership is formed stating that it has been dissolved or disappeared as the result of a merger, consolidation or conversion.*
- (2) *If the Secretary of State determines that one (1) or more grounds exist for the revocation of a statement of foreign qualification, then he shall serve the foreign limited liability partnership with written notice of his determination by mailing the notice by first class mail to the foreign limited liability partnership at the street address of the partnership's chief executive office as set forth in the most recent annual report filed pursuant to Section 21 of this Act or, if none, that set forth in the statement of foreign qualification filed pursuant to Section 72 of this Act.*
- (3) *If the foreign limited liability partnership does not correct each ground for revocation or demonstrate to the reasonable satisfaction of the Secretary of State that each ground determined by the Secretary of State does not exist within sixty (60) days after the mailing of the notice, then the Secretary of State may revoke the foreign limited liability partnership's statement of foreign qualification by signing a certificate of revocation that recites the ground or grounds for revocation and its effective date. The Secretary of State shall file the original of the certificate and serve a copy on the foreign partnership by mailing the notice by first class mail to the foreign limited liability partnership at the street address of the partnership's chief executive office as set forth in the most recent annual report filed pursuant to Section 21 of this Act or, if none, that set forth in the statement of foreign qualification filed pursuant to Section 72 of this Act.*
- (4) *The authority of a foreign limited liability partnership to transact business in this Commonwealth shall cease on the date shown on the certificate revoking its statement of foreign qualification.*
- (5) *The Secretary of State's revocation of a foreign limited liability partnership's statement of foreign qualification shall be considered to appoint the Secretary of State the foreign limited liability partnership's agent for service of process in any proceeding based on the cause of action that arose during the time the foreign limited liability partnership was authorized to transact business in this Commonwealth. Service of process on the Secretary of State under this subsection shall be service on the foreign limited liability partnership. Upon receipt of process, the Secretary of State shall mail a copy of the process to the foreign limited liability partnership at its principal office shown in its most recent annual report or any subsequent communication received from the foreign limited liability partnership stating the current mailing address of its principal office, or, if none are on file, in its statement of foreign qualification.*
- (6) *Revocation of a foreign limited liability partnership's statement of foreign qualification shall not terminate the authority of the registered agent of the partnership.*
- (7) *A foreign limited liability partnership may appeal the Secretary of State's revocation of its statement of foreign qualification to the Franklin Circuit Court within thirty (30) days after service of the certificate of revocation. The foreign limited liability partnership may appeal by petitioning the court to set aside the revocation and attaching to the petition copies of its statement of foreign qualification and the Secretary of State's certificate of revocation.*
- (8) *The court may summarily order the Secretary of State to reinstate the statement of foreign qualification or may take any other action the court considers appropriate.*
- (9) *The court's final decision may be appealed as in other civil proceedings.*

SECTION 25. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *Except as otherwise provided in subsection (2) of this section, the association of two (2) or more persons to carry on as co-owners a business for profit forms a partnership, whether or not the persons intend to form a partnership.*
- (2) *An association formed under a statute other than this subchapter, a predecessor statute, or a comparable statute of another jurisdiction is not a partnership under this subchapter.*
- (3) *In determining whether a partnership is formed, the following rules apply:*
  - (a) *Joint tenancy, tenancy in common, tenancy by the entireties, joint property, common property, or part ownership does not by itself establish a partnership, even if the co-owners share profits made by the use of the property.*
  - (b) *The sharing of gross returns does not by itself establish a partnership, even if the persons sharing them have a joint or common right or interest in property from which the returns are derived.*
  - (c) *A person who receives a share of the profits of a business is presumed to be a partner in the business, unless the profits were received in payment:*
    - 1. *Of a debt by installments or otherwise;*
    - 2. *For services as an independent contractor or of wages or other compensation to an employee;*
    - 3. *Of rent;*
    - 4. *Of an annuity or other retirement or health benefit to a beneficiary, representative, or designee of a deceased or retired partner;*

SECTION 26. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

*Property transferred to or otherwise acquired by a partnership is property of the partnership and not of the partners individually.*

SECTION 27. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *Property is partnership property if acquired in the name of:*
  - (a) *The partnership; or*
  - (b) *One (1) or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership but without an indication of the name of the partnership.*
- (2) *Property is acquired in the name of the partnership by a transfer to:*

  - (b) *One (1) or more partners in their capacity as partners in the partnership, if the name of the partnership is indicated in the instrument transferring title to the property.*
- (3) *Property is presumed to be partnership property if purchased with partnership assets, even if not acquired in the name of the partnership or of one or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership.*

- (4) *Property acquired in the name of one or more of the partners, without an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership and without use of partnership assets, is presumed to be separate property, even if used for partnership purposes.*

SECTION 28. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

*Subject to the effect of a statement of partnership authority under Section 30 of this Act:*

- (1) *Each partner is an agent of the partnership for the purpose of its business. An act of a partner, including the execution of an instrument in the partnership name, for apparently carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership, unless the partner had no authority to act for the partnership in the particular matter and the person with whom the partner was dealing had notice that the partner lacked authority.*
- (2) *An act of a partner which is not apparently for carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership only if the act was authorized by all of the other partners.*

SECTION 29. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *Partnership property may be transferred as follows:*

- (a) *Subject to the effect of a statement of partnership authority under Section 30 of this Act, partnership property held in the name of the partnership may be transferred by an instrument of transfer executed by a partner in the partnership name.*
- (b) *Partnership property held in the name of one (1) or more partners with an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, but without an indication of the name of the partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.*
- (c) *Partnership property held in the name of one (1) or more persons other than the partnership, without an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.*
- (2) *A partnership may recover partnership property from a transferee only if it proves that execution of the instrument of initial transfer did not bind the partnership under Section 28 of this Act and:*
- (a) *As to a subsequent transferee who gave value for property transferred under paragraph (a) or (b) of subsection (1) of this section, proves that the subsequent transferee had notice that the person who executed the instrument of initial transfer lacked authority to bind the partnership; or*
- (b) *As to a transferee who gave value for property transferred under subsection (1)(c) of this section, proves that the transferee had notice that the property was partnership property and that the person who executed the instrument of initial transfer lacked authority to bind the partnership.*
- (3) *A partnership shall not recover partnership property from a subsequent transferee if the partnership would not have been entitled to recover the property, under subsection (2) of this section, from any earlier transferee of the property.*
- (4) *If a person holds all of the partners' interests in the partnership, all of the partnership property vests in that person. The person may execute a document in the name of the partnership to evidence vesting of the property in that person and may file or record the document.*

SECTION 30. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *A partnership may file a statement of partnership authority, which:*

- (a) *Shall include:*

1. *The name of the partnership, which shall comply with Sections 14 and 70 of this Act;*

2. *The street address of its chief executive office and of one (1) office in this Commonwealth, if any;*
  3. *The names and mailing addresses of all of the partners or of an agent appointed and maintained by the partnership for the purpose of subsection (2) of this section;*
  4. *The names of the partners authorized to execute an instrument transferring real property held in the name of the partnership;*
  5. *The date any statement of qualification or statement of foreign qualification was previously filed by the partnership with the Secretary of State; and*
- (b) *May state the authority, or limitations on the authority, of some or all of the partners to enter into other transactions on behalf of the partnership and any other matter.*
- (2) *The agent named in the statement of partnership authority pursuant to subsection (1)(a)3. of this section, if any, shall maintain a list of the names and mailing addresses of all of the partners and make it available to any person on written request for good cause shown.*
  - (3) *If a filed statement of partnership authority is executed pursuant to subsection (3) of Section 5 of this Act and states the name of the partnership but does not contain all of the other information required by subsection (1) of this section, then the statement nevertheless operates with respect to a person not a partner as provided in subsections (4) and (5) of this section.*
  - (4) *Except as otherwise provided in subsection (7) of this section, a filed statement of partnership authority supplements the authority of a partner to enter into transactions on behalf of the partnership as follows:*
    - (a) *Except for transfers of real property, a grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person who gives value without notice to the contrary, so long as and to the extent that a limitation on that authority is not then contained in another filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.*
    - (b) *A grant of authority to transfer real property held in the name of the partnership contained in a certified copy of a filed statement of partnership authority recorded in the office for recording transfers of that real property is conclusive in favor of a person who gives value without having notice to the contrary, so long as and to the extent that a certified copy of a filed statement containing a limitation on that authority is not then of record in the office for recording transfers of that real property. The recording in the office for recording transfers of that real property of a certified copy of a filed cancellation of a limitation on authority revives the previous grant of authority.*
  - (5) *A person not a partner has knowledge of a limitation on the authority of a partner to transfer real property held in the name of the partnership if a certified copy of the filed statement containing the limitation on authority is of record in the office for recording transfers of that real property.*
  - (6) *Except as otherwise provided in subsections (4) and (5) of this section and Sections 50 and 56 of this Act, a person not a partner does not have notice of a limitation on the authority of a partner merely because the limitation is contained in a filed statement.*
  - (7) *Unless earlier canceled, a filed statement of partnership authority is canceled by operation of law five (5) years after the date on which the statement, or the most recent amendment to the statement of partnership authority expressly extending its term for not more than five (5) years from the date of the amendment, was filed with the Secretary of State.*

SECTION 31. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

*A partner or other person named as a partner in a filed statement of partnership authority or in a list maintained by an agent pursuant to subsection (2) of Section 30 of this Act may file a statement of denial stating the name of the partnership, the date of filing of the statement of partnership authority and the fact that is being denied, which may include denial of a person's authority or status as a partner. A statement of denial is a limitation on authority as provided in subsections (4) and (5) of Section 30 of this Act.*

SECTION 32. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *A partnership is liable for loss or injury caused to a person, or for a penalty incurred, as a result of a wrongful act or omission, or other actionable conduct, of a partner acting in the ordinary course of business of the partnership or with authority of the partnership.*
- (2) *If, in the course of the partnership's business or while acting with authority of the partnership, a partner receives or causes the partnership to receive money or property of a person not a partner, and the money or property is misapplied by a partner, then the partnership is liable for the loss.*

SECTION 33. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *Except as otherwise provided in subsections (2) and (3) of this section, all partners are liable jointly and severally for all obligations of the partnership unless otherwise agreed by the claimant or provided by law.*
- (2) *A person admitted as a partner into an existing partnership is not personally liable for any partnership obligation incurred before the person's admission as a partner.*
- (3) *An obligation of a partnership incurred while the partnership is a limited liability partnership, whether arising in contract, tort, or otherwise, is solely the obligation of the partnership. A partner is not personally liable, directly or indirectly, by way of indemnification, contribution, assessment or otherwise, for such an obligation solely by reason of being or so acting as a partner. This subsection applies notwithstanding anything inconsistent in the partnership agreement that existed immediately before the vote required to become a limited liability partnership under subsection (2) of Section 69 of this Act.*
- (4) *Subsection (3) of this section shall not affect the liability of a partner in a limited liability partnership for his own negligence, wrongful acts, or misconduct.*

SECTION 34. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *A partnership may sue and be sued in the name of the partnership.*
- (2) *An action may be brought against the partnership and, to the extent not inconsistent with Section 33 of this Act, any or all of the partners in the same action or in separate actions.*
- (3) *A judgment against a partnership is not by itself a judgment against a partner. A judgment against a partnership may not be satisfied from a partner's assets unless there is also a judgment against the partner.*
- (4) *A judgment creditor of a partner shall not levy execution against the assets of a partner to satisfy a judgment based on a claim against the partnership unless the partner is personally liable for the claim under Section 33 of this Act and:*
  - (a) *A judgment based on the same claim has been obtained against the partnership and a writ of execution on the judgment has been returned unsatisfied in whole or in part;*
  - (b) *The partnership is a debtor in bankruptcy;*
  - (c) *The partner has agreed that the creditor need not exhaust partnership assets;*
  - (d) *A court grants permission to the judgment creditor to levy execution against the assets of a partner based on a finding that partnership assets subject to execution are clearly insufficient to satisfy the judgment, that exhaustion of partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers; or*
  - (e) *Liability is imposed on the partner by law or contract independent of the existence of the partnership.*
- (5) *This section applies to any partnership liability or obligation resulting from a representation by a partner or purported partner under Section 35 of this Act.*
- (6) *A partner in a limited liability partnership is not a proper party to a proceeding against such a partnership solely by reason of being a partner.*

SECTION 35. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *If a person, by words or conduct, purports to be a partner or consents to being represented by another as a partner in a partnership or with one or more persons not partners, then the purported partner is liable to a person to whom the representation is made, if that person, relying on the representation, enters into a transaction with the actual or purported partnership and the purported partner would have been personally liable for obligations of the partnership under subsection (1) of Section 33 of this Act.*
- (2) *Subject to subsection (1) of this section, if the representation, either by the purported partner or by a person with the purported partner's consent, is made in a public manner, then the purported partner is liable to a person who relies upon the purported partnership even if the purported partner is not aware of being held out as a partner to the claimant. If partnership liability results, then the purported partner is liable with respect to that liability as if the purported partner were a partner. If no partnership liability results, then the purported partner is liable with respect to that liability jointly and severally with any other person consenting to the representation.*
- (3) *Subject to subsection (1) of this section, if a person is thus represented to be a partner in an existing partnership, or with one or more persons not partners, then the purported partner is an agent of persons consenting to the representation to bind them to the same extent and in the same manner as if the purported partner were a partner, with respect to persons who enter into transactions in reliance upon the representation. If all of the partners of the existing partnership consent to the representation, then a partnership act or obligation results. If fewer than all of the partners of the existing partnership consent to the representation, then the person acting and the partners consenting to the representation are jointly and severally liable.*
- (4) *A person is not liable as a partner merely because the person is named by another in a statement of partnership authority.*
- (5) *A person does not continue to be liable as a partner merely because of a failure to file a statement of dissociation or to amend a statement of partnership authority to indicate the partner's dissociation from the partnership.*
- (6) *Except as otherwise provided in subsections (1) and (2) of this section, persons who are not partners as to each other are not liable as partners to other persons.*

SECTION 36. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *Each partner is deemed to have an account that is:*
  - (a) *Credited with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, the partner contributes to the partnership and the partner's share of the partnership profits; and*
  - (b) *Charged with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, distributed by the partnership to the partner and the partner's share of the partnership losses.*
- (2) *Each partner is entitled to an equal share of the partnership profits and is chargeable with a share of the partnership losses in proportion to the partner's share of the profits.*
- (3) *A partnership shall reimburse a partner for payments made and indemnify a partner for liabilities incurred by the partner in the ordinary course of the business of the partnership or for the preservation of its business or property.*
- (4) *A partnership shall reimburse a partner for an advance to the partnership beyond the amount of capital the partner agreed to contribute.*
- (5) *A payment or advance made by a partner which gives rise to a partnership obligation under subsection (3) or (4) of this section constitutes a loan to the partnership which accrues interest from the date of the payment or advance.*
- (6) *Each partner has equal rights in the management and conduct of the partnership business.*
- (7) *A partner may use or possess partnership property only on behalf of the partnership.*

- (8) *A partner is not entitled to remuneration for services performed for the partnership, except for reasonable compensation for services rendered in winding up the business of the partnership.*
- (9) *A person may become a partner only with the consent of all of the partners.*
- (10) *A difference arising as to a matter in the ordinary course of business of a partnership may be decided by a majority of the partners. An act outside the ordinary course of business of a partnership and an amendment to the partnership agreement may be undertaken only with the consent of all of the partners.*
- (11) *This section does not affect the obligations of a partnership to other persons under Section 28 of this Act.*

SECTION 37. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *A partner, regardless of the nature of the partner's contribution, has no right to demand and receive any distribution in kind from a partnership. A partner shall not be compelled to accept a distribution of any asset in kind from a partnership to the extent that the percentage of the asset distributed to the partner exceeds a percentage of that asset which is equal to the percentage in which the partner shares in distributions from the partnership. A partner may be compelled to accept a distribution of any asset in kind from a partnership to the extent that the percentage of the asset distributed to the partner is equal to a percentage of that asset which is equal to the percentage in which the partner shares in distributions from the partnership.*
- (2) *The property of a partnership subject to this subchapter shall not be subject to KRS 381.135(1)(a)1.*

SECTION 38. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *A partnership shall keep its books and records, if any, at its chief executive office.*
- (2) *A partnership shall provide partners and their agents and attorneys access to its books and records. It shall provide former partners and their agents and attorneys access to books and records pertaining to the period during which they were partners. The right of access provides the opportunity to inspect and copy books and records during ordinary business hours. A partnership may impose a reasonable charge, covering the costs of labor and material, for copies of documents furnished.*
- (3) *Each partner and the partnership shall furnish to a partner, and to the legal representative of a deceased partner or partner under legal disability:*
  - (a) *Without demand, any information concerning the partnership's business and affairs reasonably required for the proper exercise of the partner's rights and duties under the partnership agreement or this subchapter; and*
  - (b) *On demand, any other information concerning the partnership's business and affairs, except to the extent the demand or the information demanded is unreasonable or otherwise improper under the circumstances.*
- (4) *The partnership agreement may impose reasonable limitations upon use of information obtained under this section and may define appropriate remedies, including liquidated damages, for the breach of any reasonable limitation on use.*

SECTION 39. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *The fiduciary duties a partner owes to the partnership and the other partners include the duty of loyalty and the duty of care set forth in subsections (2) and (3) of this section.*
- (2) *A partner's duty of loyalty to the partnership and the other partners includes, but is not limited to, the following:*
  - (a) *To account to the partnership and hold as trustee for it any property, profit, or benefit derived by the partner in the conduct and winding up of the partnership business or derived from a use by the partner of partnership property, including the appropriation of a partnership opportunity;*
  - (b) *To refrain from dealing with the partnership in the conduct or winding up of the partnership business as or on behalf of a party having an interest adverse to the partnership; and*

- (c) *To refrain from competing with the partnership in the conduct of the partnership business before the dissolution of the partnership.*
- (3) *A partner's duty of care to the partnership and the other partners in the conduct and winding up of the partnership business includes, but is not limited to, acting with the care that a reasonable person in a like position would exercise under similar circumstances and in a manner that the partner believes to be in the best interests of the partnership.*
- (4) *A partner shall discharge the duties to the partnership and the other partners under this subchapter or under the partnership agreement and exercise any rights consistently with the obligation of good faith and fair dealing.*
- (5) *A partner does not violate a duty or obligation under this subchapter or under the partnership agreement merely because the partner's conduct furthers the partner's own interest.*
- (6) *A partner may lend money to, borrow money from, act as a surety, guarantor or endorser for, guarantee or assume one or more specific obligations of, provide collateral for and transact other business with the partnership, and as to each loan or transaction the rights and obligations of the partner are the same as those of a person who is not a partner, subject to other applicable law.*
- (7) *This section applies to a person winding up the partnership business as the personal or legal representative of the last surviving partner as if the person were a partner.*

SECTION 40. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *A partnership may maintain an action against a partner for a breach of the partnership agreement, or for the violation of a duty to the partnership causing harm to the partnership.*

  - (a) *Enforce the partner's rights under the partnership agreement;*
  - (b) *Enforce the partner's rights under this subchapter, including:*
    - 1. *The partner's rights under Section 36, 38, or 39 of this Act;*
    - 2. *The partner's right on dissociation to have the partner's interest in the partnership purchased pursuant to Section 49 of this Act or enforce any other right under Sections 46 to 53 of this Act; or*
    - 3. *The partner's right to compel a dissolution and winding up of the partnership business under or enforce any other right under Sections 54 to 60 of this Act; or*
  - (c) *Enforce the rights and otherwise protect the interests of the partner, including rights and interests arising independently of the partnership relationship.*
- (3) *The accrual of, and any time limitation on, a right of action for a remedy under this section is governed by KRS Chapter 413. A right to an accounting upon a dissolution and winding up does not revive a claim barred by law.*

SECTION 41. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *If a partnership for a definite term or particular undertaking is continued, without an express agreement, after the expiration of the term or completion of the undertaking, then the rights and duties of the partners remain the same as they were at the expiration or completion, so far as is consistent with a partnership at will.*

SECTION 43. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

SECTION 44. A NEW SECTION OF SUBCHAPTER 1 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *A transfer, in whole or in part, of a partner's transferable interest in the partnership:*
  - (a) *Is permissible;*
  - (b) *Does not by itself cause the partner's dissociation or a dissolution and winding up of the partnership business; and*
  - (c) *Does not, as against the other partners or the partnership, entitle the transferee, during the continuance of the partnership, to participate in the management or conduct of the partnership business, to require access to information concerning partnership transactions, or to inspect or copy the partnership books or records.*
- (2) *A transferee of a partner's transferable interest in the partnership has a right:*
  - (a) *To receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled;*
  - (b) *To receive upon the dissolution and winding up of the partnership business, in accordance with the transfer, the net amount otherwise distributable to the transferor; and*
  - (c) *To seek under subsection (6) of Section 54 of this Act a judicial determination that it is equitable to wind up the partnership business.*
- (3) *In a dissolution and winding up, a transferee is entitled to an account of partnership transactions only from the date of the latest account agreed to by all of the partners.*
- (4) *Upon transfer, the transferor retains the rights and duties of a partner other than the transferable interest so transferred.*

- (7) *Limitations upon transfer set forth in Sections 42 to 45 of this Act or adopted by the partners in accordance with this subchapter are enforceable notwithstanding KRS 355.9-406 and 355.9-408.*

- (1) *If a partner is dissociated from a partnership without resulting in a dissolution and winding up of the partnership business under Section 54 of this Act, then the partnership shall cause the dissociated partner's*

*interest in the partnership to be purchased for a buyout price determined pursuant to subsection (2) of this section.*

- (2) *The buyout price of a dissociated partner's interest is the amount that would have been distributable to the dissociating partner under subsection (2) of Section 60 of this Act if, on the date of dissociation, the assets of the partnership were sold at a price equal to the greater of the liquidation value or the value based on a sale of the entire business as a going concern without the dissociated partner and the partnership were wound up as of that date. Interest shall be paid from the date of dissociation to the date of payment.*
- (3) *Damages for wrongful dissociation under subsection (2) of Section 47 of this Act, and all other amounts owing, whether or not presently due, from the dissociated partner to the partnership, shall be offset against the buyout price. Interest shall be paid from the date the amount owed becomes due to the date of payment.*

- (8) *A partner who wrongfully dissociates before the expiration of a definite term or the completion of a particular undertaking is not entitled to payment of any portion of the buyout price until the expiration of the term or completion of the undertaking, unless the partner establishes to the satisfaction of the court that earlier payment will not cause undue hardship to the business of the partnership. A deferred payment shall be adequately secured and bear interest.*
- (9) *A dissociated partner may maintain an action against the partnership, pursuant to subsection (2)(b)2. of Section 40 of this Act, to determine the buyout price of that partner's interest, any offsets under subsection (3) of this section, or other terms of the obligation to purchase. If deferred payment is authorized under subsection (8) of this section, then the court shall also determine the security for payment and other terms of the obligation to purchase. The court may assess reasonable attorney's fees and the fees and expenses of appraisers or other experts for a party to the action, in amounts the court finds equitable, against a party that the court finds acted arbitrarily, vexatiously, or not in good faith. The finding may be based on the partnership's failure to tender payment or an offer to pay or to comply with subsection (7) of this section.*

SECTION 120. A NEW SECTION OF SUBCHAPTER 2 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *Except as otherwise provided in subsection (2) of this section, a person that makes an investment in a business enterprise and erroneously but in good faith believes that the person has become a limited partner in the enterprise is not liable for the enterprise's obligations by reason of making the investment, receiving distributions from the enterprise, or exercising any rights of or appropriate to a limited partner, if, on ascertaining the mistake, the person:*

- (2) *A person that makes an investment described in subsection (1) of this section is liable to the same extent as a general partner to any third party that enters into a transaction with the enterprise, believing in good faith that the person is a general partner, before the Secretary of State files a statement of withdrawal, certificate of limited partnership, amendment, or statement of correction to show that the person is not a general partner.*
- (3) *If a person makes a diligent effort in good faith to comply with subsection (1)(a) of this section and is unable to cause the appropriate certificate of limited partnership, amendment, or statement of correction to be signed and delivered to the Secretary of State for filing, then the person has the right to withdraw from the enterprise pursuant to subsection (1)(a) of this section even if otherwise the withdrawal would breach an agreement with others that are or have agreed to become co-owners of the enterprise.*

SECTION 122. A NEW SECTION OF SUBCHAPTER 2 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (1) *Each general partner is an agent of the limited partnership for the purposes of its activities. An act of a general partner, including the signing of a record in the partnership's name, for apparently carrying on in the ordinary course the limited partnership's activities or activities of the kind carried on by the limited partnership, binds the limited partnership, unless the general partner did not have authority to act for the limited partnership in the particular matter and the person with which the general partner was dealing knew, had received a notification, or had notice under subsection (4) of Section 82 of this Act that the general partner lacked authority.*
- (2) *An act of a general partner which is not apparently for carrying on in the ordinary course the limited partnership's activities or activities of the kind carried on by the limited partnership binds the limited partnership only if the act was authorized by all the other partners.*

A general partner is not personally liable, directly or indirectly, by way of indemnification, contribution, assessment, or otherwise, for such an obligation solely by reason of being or acting as a general partner. This subsection applies despite anything inconsistent in the partnership agreement that existed immediately before the consent required to become a limited liability limited partnership under subsection (2)(b) of Section 126 of this Act.*

  - (d) *A court grants permission to the judgment creditor to levy execution against the assets of a general partner based on a finding that limited partnership assets subject to execution are clearly insufficient to satisfy the judgment, that exhaustion of limited partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers; or*
  - (e) *Liability is imposed on the general partner by law or contract independent of the existence of the limited partnership.*

SECTION 126. A NEW SECTION OF SUBCHAPTER 2 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

SECTION 127. A NEW SECTION OF SUBCHAPTER 2 OF KRS CHAPTER 362 IS CREATED TO READ AS FOLLOWS:

- (5) *If a general partner dies, then Section 148 of this Act applies.*
- (6) *The limited partnership may impose reasonable limitations on the use of information under this section. In any dispute concerning the reasonableness of a restriction under this subsection, the limited partnership has the burden of proving reasonableness.*
- (7) *A limited partnership may charge a person dissociated as a general partner that makes a demand under this section reasonable costs of copying, limited to the costs of labor and material.*
- (8) *A general partner or person dissociated as a general partner may exercise the rights under this section through an attorney or other agent. In that event, any limitation on availability and use under subsection (6) of this section applies to the attorney or other agent and the general partner or person dissociated as a general partner.*
- (9) *The rights under this section do not extend to a transferee, but:*
  - (a) *Subsection (3) of this section creates rights for a person dissociated as a general partner, and those rights extend to the legal representative of an individual who dissociated as a general partner under subsection (7)(b) or (7)(c) of Section 140 of this Act; and*

"Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.

The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

  - (c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability rating and has a complete and permanent inability to perform any type of work as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:
    1. Total and permanent loss of sight in both eyes;
    2. Loss of both feet at or above the ankle;
    3. Loss of both hands at or above the wrist;
    4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;

A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.
- (24) "Premium" for every self-insured group means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

- (26) "Insurance policy" for an insurance company or self-insured group means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year.

- (28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the executive director using generally-accepted actuarial methods as follows:
- (a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The executive director shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the executive director. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.
  - (b) The executive director shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the office and from the records of the Department for Employment Services, Cabinet for Workforce Development. The executive director shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.
  - (c) The executive director shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the office and the Department for Employment Services data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.
  - (d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the executive director, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.
  - (e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the executive director pursuant to KRS 342.340(1).
  - (f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to

carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.

- (g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.
- (h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents (\$0.30) per one hundred dollars (\$100) of the employer's most recent annualized payroll for employees covered by this chapter.
- (29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.
- (30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.

- (36) "Permanent disability rating" means the permanent impairment rating selected by an administrative law judge times the factor set forth in the table that appears at KRS 342.730(1)(b).

All fees established and regulated by this section shall be payable to the office except as may be provided in a specific written agreement between the executive director and any agency authorized to inspect elevators *or fixed guideway systems* by the provisions of this chapter.

Section 9. KRS 198B.500 is amended to read as follows:

Every passenger elevator *or fixed guideway system* shall be equipped, maintained, and operated, with respect to the supporting members, elevator *or fixed guideway system* car, shaftways, guides, cables, doors, and gates, safety stops and mechanism, electrical apparatus and wiring, mechanical apparatus, counterweights, and all other appurtenances, in accordance with the regulations as are authorized in respect thereto. Where reasonable safety is obtained without complying to the literal requirements of ~~the[such]~~ regulations as in cases of practical difficulty or unnecessary hardship, the literal requirements of ~~the[such]~~ regulations shall not be required.

Section 10. KRS 198B.510 is amended to read as follows:

No certificate of operation for any passenger elevator *or fixed guideway system* shall be issued until ~~the[such]~~ elevator *or fixed guideway system* has been inspected and the report thereof filed with the office. ~~The[Such]~~ certificate of operation, when issued, shall bear the date of inspection, and shall be renewed as of the date of the subsequent inspection, provided ~~the[such]~~ inspection is made at least one (1) year after the issuance of such certificate. If ~~the[such]~~ inspection is made during the year ~~the[such]~~ certificate is in force, the renewal date shall be one (1) year from the date of the certificate being renewed and the renewal certificate shall show the date of inspection.

Section 11. KRS 198B.520 is amended to read as follows:

Before any new installation of an elevator *or fixed guideway system* of permanent nature shall be erected or before any existing elevator is removed to a different location, an application of specifications in duplicate shall be submitted to the office giving such information concerning the construction, installation, and operation of said elevator *or fixed guideway system* as the office may require on forms to be furnished by the office, together with complete construction plans in duplicate. In all cases where any changes or repairs are made which alter its construction or classification, grade or rated lifting capacity, except when made pursuant to a report of an inspector, an application of specifications in duplicate shall be submitted to the office, containing such information, for approval, except *for elevators* in those municipal corporations which maintain their own elevator inspection departments, in which event ~~the[such]~~ specifications shall be submitted to the elevator department of the municipal corporation for its approval, and if approved, a permit for the erection or repair of ~~the[such]~~ elevator shall be issued by the municipal corporation. Upon approval of ~~the[such]~~ application and construction plans the office shall issue a permit for the erection or repair of ~~the[such]~~ elevator *or fixed guideway system*. No new elevator *or fixed guideway system* shall be operated until completion in accordance with the approved plans and specifications, unless a temporary permit is granted by the office.

Section 12. KRS 198B.530 is amended to read as follows:

No person shall violate any law relative to the operation, construction, maintenance, and repair of passenger elevators **or fixed guideway systems**. All fines collected for a violation of this section shall be forwarded to the office, which shall pay the same into the State Treasury to the credit of the general revenue fund.

Section 13. KRS 198B.540 is amended to read as follows:

- (1) If the **office's inspector of elevators and fixed guideway systems**~~[office]~~ or a general inspector of elevators **or fixed guideway systems** finds that a passenger elevator, **fixed guideway system**, or a part thereof does not afford reasonable safety, the office or the general inspector may post a notice upon ~~the[such]~~ elevator **or fixed guideway system** prohibiting further use of the elevator **or fixed guideway system** until the changes or alterations set forth in the notice have been made to the satisfaction of the office or the inspector. Said notice shall contain a statement that operators or passengers are subject to injury by its continued use, a description of the alteration or other change necessary to be made in order to secure safety of operation, date of ~~the[such]~~ notice, name and signature of the office or inspector issuing the notice.
- (2) If any inspector of elevators **or fixed guideway systems** finds a passenger elevator **or fixed guideway system** to be so unsafe as can be reasonably expected to offer imminent danger of death or physical injury, that unit shall be sealed out of service, a hazard notice posted thereon, and the office shall be notified immediately as to the location and condition of the unit.
- (3) Any passenger elevator **or fixed guideway system**, once sealed, shall not be operated except for the purpose of effecting repairs and in ~~the[such a]~~ manner~~[as]~~ prescribed by the office, until all defects are corrected and the unit has been inspected and certified as safe by the office.
- (4) Sealing shall consist of rendering a passenger elevator unit **or fixed guideway system** inoperable by disconnecting power and/or by placing a sealing device on the operation switch and ordering~~[such]~~ additional measures to be effected by the owner, such as erection of barricades, as may be required to prevent use of or public access to the unit.
- (5) No seal, notice or barricade placed on or around an elevator **or fixed guideway system** in accordance with the provisions of this chapter shall be removed, obstructed or in any way altered without the written consent of the office.

## CHAPTER 158

(SB 226)

AN ACT relating to water districts.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 353.651 is amended to read as follows:

The following provisions of this section shall apply to any deep well:

- (1) Drilling units:
  - (a) The commission shall, after notice and a hearing, to be conducted in accordance with KRS Chapter 13B, regulate the drilling and location of wells in any pool and the production therefrom so as to prevent reasonably avoidable net drainage from each developed unit (that is, drainage which is not equalized by counterdrainage) so that each owner in a pool shall have the right and opportunity to recover his fair and equitable share of the recoverable oil and gas in such pool.
  - (b) For the prevention of waste, to protect and enforce the correlative rights of the owners in a pool, and to avoid the augmenting and accumulation of risks arising from the drilling of an excessive number of wells, the commission shall, after notice and a hearing, to be conducted in accordance with KRS Chapter 13B, establish drilling units for each pool. The spacing of wells in proved oil and gas fields shall be governed by administrative regulations promulgated for that particular field. Wells drilled in

areas not covered by special field administrative regulations shall be governed by statewide administrative regulations promulgated by the commission.

- (c) Each well permitted to be drilled upon any drilling unit shall be drilled in accordance with the administrative regulations promulgated by the commission and in accordance with a spacing pattern fixed by the commission for the pool in which the well is located, with any exceptions that may be reasonably necessary where it is shown, in accordance with administrative regulations promulgated by the commission, that the unit is partly outside the pool or for some other reason a well otherwise located on the unit would not be likely to produce in paying quantities, or topographical conditions are such as to make the drilling at the location unduly burdensome. Whenever an exception is granted, the commission shall take action as will offset any advantage which the person securing the exception may have over other owners by reason of the drilling of the well as an exception.
  - (d) No drilling unit established by the commission shall be smaller than the maximum area which can be drained efficiently by one (1) deep well so as to produce the reasonable maximum recoverable oil or gas in such area, unless an exception is granted in accordance with administrative regulations promulgated by the commission.
  - (e) An order establishing drilling units may be modified, altered, extended, amended, or vacated by the commission after notice and hearing as prescribed above.
- (2) Pooling of interests in drilling units:
- (a) When two (2) or more separately owned tracts are embraced within a drilling unit, or when there are separately owned interests in all or a part of a drilling unit, the interested persons may pool their tracts or interests for the development and operation of the drilling unit. In the absence of voluntary pooling and upon application of any operator having an interest in the drilling unit, and after the commission has given notice to all persons reasonably known to own an interest in the oil or gas in the drilling unit, and after a hearing conducted in accordance with KRS Chapter 13B, the commission shall enter an order pooling all tracts or interests in the drilling unit for the development and operation thereof and for the sharing production therefrom. Each pooling order shall be upon terms and conditions which are just and reasonable.
  - (b) All operations, including, but not limited to, the commencement, drilling, or operation of a deep well, upon any portion of a drilling unit for which a pooling order has been entered, shall be deemed for all purposes the conduct of those operations upon each separately owned tract in the drilling unit by the several owners thereof. That portion of the production allocated to a separately owned tract included in a drilling unit shall, when produced, be deemed for all purposes to have been actually produced from the tract by a deep well drilled thereon.
  - (c) Any pooling order under the provisions of subsection (2) of this section shall authorize the drilling and operation of a deep well for the production of oil or gas from the pooled acreage; shall designate the operator to drill and operate such deep well; shall prescribe the time and manner in which all owners of operating interests in the pooled tracts or portions of tracts may elect to participate therein; shall provide that all reasonable costs and expenses of drilling, completing, equipping, operating, plugging, and abandoning the deep well shall be borne, and all production therefrom shared, by all owners of operating interests in proportion to the acreage in the pooled tracts owned or under lease to each owner; and shall make provision for payment of all reasonable costs thereof, including reasonable charge for supervision and for interest on past due accounts, by all those who elect to participate therein. Upon the application of any operator having an interest in the drilling unit, the person or persons selected to drill and operate the deep well shall be determined by competitive bids ~~under the procedure set out in KRS 74.260~~.
  - (d) Upon request, any pooling order shall provide just and equitable alternatives whereby an owner of an operating interest who does not elect to participate in the risk and cost of the drilling of a deep well may elect to surrender his interest or a portion thereof to the participating owners on a reasonable basis and for a reasonable consideration, which, if not agreed upon, shall be determined by the commission; or to participate in the drilling of the deep well on a limited or carried basis on terms and conditions which, if not agreed upon, shall be determined by the commission to be just and reasonable.
  - (e) If an operator owning an interest in a pooled drilling unit elects not to participate in the risk and cost of drilling of a deep well thereon, and another operator owning an interest therein, shall drill and operate,

or pay the costs of drilling and operating a deep well as provided in the commission's order, then the operating owner shall be entitled to the share of production from the tracts or portions thereof accruing to the interest of the nonparticipating owner, exclusive of any royalty or overriding royalty reserved in any leases, assignments thereof or agreements relating thereto, of the tracts or portions thereof, or exclusive of one-eighth (1/8) of the production attributable to all unleased tracts or portions thereof, until the market value of the nonparticipating owner's share of the production, exclusive of any royalty, overriding royalty or one-eighth (1/8) of production, equals two (2) times the share of the costs payable by or charged to the interest of the nonparticipating owner.

- (f) If a dispute shall arise as to the costs of drilling and operating a deep well, the commission shall determine and apportion the costs, within ninety (90) days from the date of written notification to the commission of the existence of such dispute.
- (3) This section shall not apply to wells drilled, deepened, or reopened for the injection of water, gas, or other fluids into any subsurface formation.

Section 2. The following KRS section is repealed:

74.260 Letting of work -- Notice -- Procedure -- Bond of bidder.

SECTION 2. A NEW SECTION OF KRS CHAPTER 150 IS CREATED TO READ AS FOLLOWS:

- (1) *Within sixty (60) days of the effective date of Sections 1 to 3 of this Act, the Department of Fish and Wildlife Resources shall promulgate administrative regulations amending existing requirements for a permit to hold captive cervids in accordance with the provisions of Sections 1 to 3 of this Act. All other fencing and holding requirements specified in existing administrative regulation for a permit to hold captive cervids adopted on January 5, 2004, shall not be amended in a manner that is in conflict with Sections 1 to 3 of this Act or that increases the stringency of those requirements, except when as ordered by the State Veterinarian for disease control and as provided by law or in administrative regulations for the Department of Fish and Wildlife Resources to control emergency conditions that detrimentally affect wildlife.*
- (2) *The department shall have thirty (30) days from the date it receives a completed application to either issue or deny captive permits for propagation and taking of captive cervids by any legal hunting or slaughter methods. If an application demonstrates that the applicant complies with the statutory and administrative requirements for a permit, and the applicant removes all wild cervids from the facility, the department shall issue the permit.*

SECTION 3. A NEW SECTION OF KRS CHAPTER 150 IS CREATED TO READ AS FOLLOWS:

- (1) *An applicant may place his or her primary containment fence on the property line. The department shall not require applicants to set primary containment fences any distance away from the property line.*

- (2) *Any person who operates a captive cervid facility in accordance with this chapter may petition the department at any time to expand his or her captive cervid facility, provided the expansion is adjacent and connected to his or her existing facility and continues to comply with all applicable statutes and regulations.*
- (3) *A lawful permit for an existing captive cervid facility may be transferred, along with any related benefits, rights, responsibilities, and liabilities, to any person who purchases or otherwise takes ownership of the land area on which the captive cervid facility exists. - (4) *If any person holding captive cervids is determined in violation of Kentucky statute or administrative regulation pertaining to the holding of those cervids, then that person shall have sixty (60) days from when the violation was identified to come into compliance. Failure to come into compliance may cause the captive cervids to be immediately seized by the department. The individual whose cervids were seized may request an administrative hearing pursuant to KRS Chapter 13B within thirty (30) days of the department's seizure and may appeal the final decision to Franklin Circuit Court in accordance with KRS Chapter 13B. Pending the final outcome from all appeals, the seized cervids may be disposed of by the department without compensation to the owner.*

SECTION 4. A NEW SECTION OF KRS CHAPTER 150 IS CREATED TO READ AS FOLLOWS:

- (1) *There shall be a ban on the importation of the members of the animal family Cervidae into the Commonwealth. A person shall be guilty of a Class D Felony upon conviction for violating this subsection. Upon conviction of a second violation of this subsection and in addition to all other penalties, a person shall be permanently ineligible for renewal of a captive cervid permit. On or before November 1 of each year, the Department of Fish and Wildlife Resources and the Department of Agriculture, Office of the State Veterinarian, respectively shall issue reports to the Interim Joint Committee on Agriculture and Natural Resources on the status of chronic wasting disease and the reports may include the status of other animal or wildlife diseases in Kentucky and the United States. The reports shall be used for the purpose of determining the continuing need for a statutory ban on the importation of cervids into the Commonwealth or a need for lifting the ban.*
- (2) *The Department of Fish and Wildlife Resources shall have the authority to immediately, and without compensation to the owner, seize captive cervids that have been imported into the Commonwealth contrary to this section. The individual whose cervids were seized may request an administrative hearing pursuant to KRS Chapter 13B within thirty (30) days of the department's seizure and may appeal the final decision to Franklin Circuit Court in accordance with KRS Chapter 13B. Pending the final outcome of all appeals, the seized cervids may be disposed of by the department without compensation to the owner.*
- (3) *The department shall have the authority to immediately, and without compensation to the owner, seize and destroy captive cervids that are in the process of being imported into the Commonwealth contrary to this section.*

Approved April 5, 2006.

## CHAPTER 160

(SB 237)

AN ACT relating to the bonding of oil and gas wells.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 353.180 is amended to read as follows:

- (1) No person shall abandon or remove casings from any oil or gas well, either dry or producing, without first plugging the well in a secure manner approved by the department and consistent with its administrative regulations. Upon the department's plugging of an abandoned well in accordance with the requirements of this

subsection, the department may sell, by sealed bid, or include as part of compensation in the contract for the plugging of the well, all equipment removed from that well and deposit the proceeds of the sale into the oil and gas well plugging fund, established in *subsection (24) of Section 2 of this Act* ~~[KRS 353.590(9)]~~.

- (2) Not less than thirty (30) days before advertising for bids for the plugging of wells, the department shall publish, in a newspaper of general circulation, and in locally published newspapers serving the areas in which the wells proposed for plugging are located, notices of all wells on which there is salvageable equipment, described as to farm name and Carter Coordinate location, for which the department intends to seek bids for plugging. If a person other than the operator claims an interest in the equipment of a well proposed for plugging, he shall provide documentation of that interest to the department within thirty (30) days of the date of publication of the notice of the department's intent to plug a well. Prior to the department's advertising of bids for the plugging of a well, the department shall release the well's equipment to the person deemed to have an interest in that equipment and it shall be the duty of the interest holder to remove the equipment before the well is plugged. If documentation as to an asserted interest is not provided to the department in the manner described in this subsection or a person deemed to be an interest holder fails to remove the equipment before a well is plugged, the department may sell or otherwise dispose of the equipment in accordance with this subsection.
- (3) If a person fails to comply with subsection (1), any person lawfully in possession of land adjacent to the well or the department may enter on the land upon which the well is located and plug the well in the manner provided in subsection (1), and may maintain a civil action against the owner or person abandoning the well, jointly or severally, to recover the cost of plugging the well. This subsection shall not apply to persons owning the land on which the well is situated, and drilled by other persons.

Section 2. KRS 353.590 is amended to read as follows:

- (1) Any person seeking a permit required by KRS 353.570 shall submit to the department a written application in a form prescribed by the department.
- (2) Each application shall be accompanied by a specified fee as follows:
  - (a) The fee shall be three hundred dollars (\$300) for each well to be drilled, deepened, or reopened for any purpose relating to the production, repressuring, or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole.
  - (b) If the department receives delegation of authority for administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Pub. L. 93-523 as amended), the department may, by administrative regulation, establish a fee or schedule of fees in an amount not to exceed fifty dollars (\$50) per well, in addition to the fees imposed by paragraph (a) of this subsection, upon each application to drill, deepen, or reopen a well for any purpose relating to the production, repressuring, or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole. The fees or schedule of fees to be established by administrative regulation shall not exceed an amount sufficient to recover the costs incurred by the department in administering the Underground Injection Control Program less any other state or federal funds which are made available for this purpose.
  - (c) All money paid to the State Treasurer for fees required by paragraph (b) of this subsection shall be for the sole use of the department in the administration of the Underground Injection Control Program under Section 1425 of the Safe Drinking Water Act (Pub. L. 93-523 as amended).
- (3) All money paid to the State Treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the General Assembly for the use of the department.
- (4) Each application shall be accompanied by a plat, which shows the location and elevation of each well, prepared according to the administrative regulations promulgated under KRS 353.500 to 353.720. The plat shall be certified as accurate and correct by a professional land surveyor licensed in accordance with the provisions of KRS Chapter 322.
- (5) When any person submits to the Department for Natural Resources an application for a permit to drill a well, or to reopen, deepen, or temporarily abandon any well which is not covered by surety bond, the department shall, except as provided in this section, require from the well operator *the posting of* a bond. *Except for*

*bonds for well depths greater than four thousand (4,000) feet, the bond shall be posted in accordance with the following schedule:*

- (7) ~~All~~*The* bonds *required to be posted under this section* shall:
- Be made in favor of the Department for Natural Resources;
  - ~~Be~~*+* conditioned that the wells upon abandonment shall be plugged in accordance with the administrative regulations of the department and that all records required by the department be filed as specified; *and*
  - Remain in effect until the plugging of the well is approved by the department, or the bond is released by the department.*
- (8) An operator may petition the department to amend the drilling depth and bond amount applicable to a particular well and shall not proceed to drill to a depth greater than that authorized by the department until the operator is so authorized except pursuant to administrative regulations promulgated by the department~~[- The commission may establish a bond in a sum greater than five thousand dollars (\$5,000) for any well to be drilled to a depth of more than four thousand (4,000) feet if the members of the commission determine that the particular circumstances of the drilling of the well warrant an increase in the bond amount established above. - (9) (a) Any *qualified* well operator in lieu of the *individual* bond may file with the department a blanket bond according to the following tiered structure:
- One (1) to twenty-five (25) wells require a ten thousand dollar (\$10,000) bond;

No regulation promulgated pursuant to this section shall authorize the endangerment of an underground source of drinking water or be more stringent than regulations promulgated by the Environmental Protection Agency pursuant to the Underground Injection Control Program of the Safe Drinking Water Act, 42 U.S.C. sec. 300f et seq.
