- (b) The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status, except as provided in subsection (8) of this section. Notwithstanding the provisions of any other statute, recipients shall be included in the same class as current state employees in determining medical insurance policies and premiums.
- (c) For recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky having the same Medicare hospital and medical insurance eligibility status, the board shall provide a medical insurance reimbursement plan as described in subsection (7) of this section.
- (2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.
- (3) (a) The premium required to provide hospital and medical benefits under this section shall be paid:

1. Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or otherwise;
  2. Wholly or partly from funds contributed by the Kentucky Retirement Systems insurance fund;
  3. Wholly or partly from funds contributed by another state-administered retirement system under a reciprocal arrangement, except that any portion of the premium paid from the Kentucky Retirement Systems insurance fund under a reciprocal agreement shall not exceed the amount that would be payable under this section if all the member's service were in one (1) of the systems administered by the Kentucky Retirement Systems;
  4. Partly from subparagraphs 1., 2., or 3., except that any premium for hospital and medical insurance over the amount contributed by the Kentucky Retirement Systems insurance fund or another state-administered retirement system under a reciprocal agreement shall be paid by the recipient. If the board provides for cross-referencing of insurance premiums, the employer's contribution for the working member or spouse shall be applied toward the premium, and the Kentucky Retirement Systems insurance fund shall pay the balance, not to exceed the monthly contribution.
  5. In full from the Kentucky Retirement Systems insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement systems (not a beneficiary or dependent child receiving benefits) and had two hundred and forty (240) months or more of service upon retirement. Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred eighty (180) months of service but have at least one hundred twenty (120) months of service, fifty percent (50%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining fifty percent (50%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred twenty (120) months of service but have at least forty-eight (48) months of service, twenty-five percent (25%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining seventy-five percent (75%) by payroll deduction from his retirement allowance or by another method. Notwithstanding the foregoing provisions of this subsection, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who becomes disabled in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have his premium paid in full as if he had two hundred forty (240) months or more of service. Further, an employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems who is killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, shall have the premium for the beneficiary, if the beneficiary is the member's spouse, and for each dependent child paid so long as they individually remain eligible for a monthly retirement benefit. "Months of service" as used in this section shall mean the total months of combined service used to determine benefits under any or all of the three (3) retirement systems, except service added to determine disability benefits shall not be counted as "months of service." For current and former employees of the Council on Postsecondary Education who were employed prior to January 1, 1993, and who earn at least fifteen (15) years of service credit in the Kentucky Employees Retirement System, "months of service" shall also include vested service in another retirement system other than the Kentucky Teachers' Retirement System sponsored by the Council on Postsecondary Education.
- (b) For a member electing insurance coverage through the Kentucky Retirement Systems, "months of service" shall include, in addition to service as described in paragraph (a) of this subsection, service credit in one of the other state-administered retirement plans.
1. Effective August 1, 1998, the Kentucky Retirement Systems shall compute the member's combined service, including service credit in another state-administered retirement plan, and calculate the portion of the member's premium to be paid by the insurance fund, according to the criteria established in paragraph (a) of this subsection. Each state-administered retirement plan

annually shall pay to the insurance fund the percentage of the system's cost of the retiree's monthly contribution for single coverage for hospital and medical insurance which shall be equal to the percentage of the member's number of months of service in the other state-administered retirement plan divided by his total combined service. The amounts paid by the other state-administered retirement plans and the insurance fund shall not be more than one hundred percent (100%) of the monthly contribution adopted by the respective boards of trustees.

2. A member may not elect coverage for hospital and medical benefits under this subsection through more than one (1) of the state-administered retirement plans.
  3. A state-administered retirement plan shall not pay any portion of a member's monthly contribution for medical insurance unless the member is a recipient or annuitant of the plan.
- (4) (a) Group rates under the hospital and medical insurance plan shall be made available to the spouse, each dependent child, and each disabled child, regardless of the disabled child's age, of a recipient who is a former member or the beneficiary, if the premium for the hospital and medical insurance for the spouse, each dependent child, and each disabled child, or beneficiary is paid by payroll deduction from the retirement allowance or by another method. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.
- (b) The other provisions of this section notwithstanding, the insurance fund shall pay a percentage of the monthly contribution for the spouse and for each dependent child of a recipient who was a member of the General Assembly and is receiving a retirement allowance based on General Assembly service, of the Kentucky Employees Retirement System and determined to be in a hazardous position, of the County Employees Retirement System, and determined to be in a hazardous position or of the State Police Retirement System. The percentage of the monthly contribution paid for the spouse and each dependent child of a recipient who was in a hazardous position shall be based solely on the member's service with the State Police Retirement System or service in a hazardous position using the formula in subsection (3)(a) of this section, except that for any recipient of a retirement allowance from the County Employees Retirement System who was contributing to the system on January 1, 1998, for service in a hazardous position, the percentage of the monthly contribution shall be based on the total of hazardous service and any nonhazardous service as a police or firefighter with the same agency, if that agency was participating in the County Employees Retirement System but did not offer hazardous duty coverage for its police and firefighters at the time of initial participation.
- (c) The insurance fund shall continue the same level of coverage for a recipient who was a member of the County Employees Retirement System after the age of sixty-five (65) as before the age of sixty-five (65), if the recipient is not eligible for Medicare coverage. If the insurance fund provides coverage for the spouse or each dependent child of a former member of the County Employees Retirement System, the insurance fund shall continue the same level of coverage for the spouse or each dependent child after the age of sixty-five (65) as before the age of sixty-five (65), if the spouse or dependent child is not eligible for Medicare coverage.
- (5) After July 1, 1998, notwithstanding any other provision to the contrary, a member who holds a judicial office but did not elect to participate in the Judicial Retirement Plan and is participating instead in the Kentucky Employees Retirement System, the County Employees Retirement System, or the State Police Retirement System, as provided in KRS 61.680, and who has at least twenty (20) years of total service, one-half (1/2) of which is in a judicial office, shall receive the same hospital and medical insurance benefits, including paid benefits for spouse and dependents, as provided to persons retiring under the provisions of KRS 21.427. The Administrative Office of the Courts shall pay the cost of the medical insurance benefits provided by this subsection.
- (6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient. No commission shall be paid for hospital and medical insurance procured under authority of this section.
- (7) The board shall promulgate an administrative regulation to establish a medical insurance reimbursement plan to provide reimbursement for hospital and medical insurance premiums of recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky and having the same Medicare hospital and medical insurance eligibility status. An eligible recipient shall file proof of payment for hospital and medical insurance at the retirement office. Reimbursement to eligible recipients

shall be made on a quarterly basis. The recipient shall be eligible for reimbursement of substantiated medical insurance premiums for an amount not to exceed the total monthly premium determined under subsection (3) of this section. The plan shall not be made available if all recipients are eligible for the same coverage as recipients living in Kentucky.

- (8) For employees having a membership date on or after July 1, 2003, participation in the insurance benefits provided under this section shall not be allowed until the employee has earned at least one hundred twenty (120) months of service in the state-administered retirement systems.
  - (a) An employee who earns at least one hundred twenty (120) months of service in the state-administered retirement systems shall be eligible for benefits as follows:
    1. For employees who are not in a hazardous position, a monthly insurance contribution of ten dollars (\$10) for each year of service as a participating employee.
    2. For employees who are in a hazardous position or who participate in the State Police Retirement System, a monthly insurance contribution of fifteen dollars (\$15) for each year of service as a participating employee in a hazardous position or as a participating member of the State Police Retirement System. Upon the death of the retired member, the beneficiary, if the beneficiary is the member's spouse, shall be entitled to a monthly insurance contribution of ten dollars (\$10) for each year of service the member attained as a participating employee in a hazardous position or as a participating member of the State Police Retirement System.
  - (b) The one hundred twenty (120) months of service requirement shall be waived for a member who is disabled or killed in the line of duty as defined in KRS 16.505(19) or KRS 61.621, and the member or his beneficiary shall be entitled to the benefits payable under this subsection as though the member had twenty (20) years of service in a hazardous position.
  - (c) The monthly insurance contribution amount shall be increased July 1 of each year by the percentage change in the annual average of the consumer price index for all urban consumers for the most recent calendar year as published by the federal Bureau of Labor Statistics, not to exceed five percent (5%). The increase shall be cumulative and shall continue to accrue after the member's retirement for as long as a monthly insurance contribution is payable to the retired member or beneficiary.
  - (d) The benefits of this subsection provided to a member whose participation begins on or after July 1, 2003, shall not be considered as benefits protected by the inviolable contract provisions of KRS 61.692, 16.652, and 78.852. The General Assembly reserves the right to suspend or reduce the benefits conferred in this subsection if in its judgment the welfare of the Commonwealth so demands.

Section 4. KRS 161.675 is amended to read as follows:

- (1) The board of trustees shall arrange by appropriate contract or on a self-insured basis to provide a broad program of group hospital and medical insurance for present and future eligible recipients of a retirement allowance from the Teachers' Retirement System. The board of trustees may also arrange to provide health insurance coverage ***through an insurer licensed pursuant to KRS Chapter 304 Subtitle 38 and offering a managed care plan as defined in KRS 304.17A-500***~~by health maintenance organizations as defined in KRS 18A.225~~ as an alternative to group hospital and medical insurance for persons eligible for hospital and medical benefits under this section. The board of trustees may authorize present and future eligible recipients of a retirement allowance from the Teachers' Retirement System who are less than age sixty-five (65) to be included in the state-sponsored health insurance that is provided to active teachers and state employees under KRS 18A.225. Members who are sixty-five (65) or older and retired for service shall not be eligible to participate in the state employee health insurance program as described in KRS 18A.225.
- (2) The coverage provided shall be as set forth in the contracts and the administrative regulations of the board of trustees. The board of trustees may change the levels of coverage and eligibility conditions to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and administrative regulations shall provide for but not be limited to hospital room and board, surgical procedures, doctors' care in the hospital, and miscellaneous hospital costs. An annuitant whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years' creditable Kentucky service in the Teachers' Retirement System or five (5) years of combined creditable service in the state-administered retirement systems if the member is retiring under the reciprocity provisions of KRS 61.680 and 61.702. A member retiring under the

reciprocity provisions of KRS 61.680 and 61.702 may not elect coverage through more than one (1) of the state-administered retirement systems. The board of trustees shall offer coverage to the disabled child of an annuitant regardless of the disabled child's age if the annuitant pays the entire premium for the disabled child's coverage. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

- (3) All expenses for benefits under this section shall be paid from the funding provisions contained in KRS 161.420(5), premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute.
- (4)
  - (a) The board of trustees shall determine the amount of health insurance supplement payments that the Teachers' Retirement System will provide to assist eligible annuitants in paying the cost of their health insurance, based on the funds available in the medical insurance fund. The board of trustees shall establish the maximum monthly amounts of health insurance supplement payments that will be made by the retirement system for eligible annuitants. The board of trustees shall annually establish the percentage of the maximum monthly health insurance supplement payment that will be made, based on age and years of service credit of eligible recipients of a retirement allowance. Monthly health insurance supplement payments made by the retirement system may not exceed the amount of the single coverage insurance premium chosen by the eligible annuitants. In order to qualify for health insurance supplements made by the retirement system, the annuitant must agree to pay the difference between the insurance premium and the applicable supplement payment, by payroll deduction from his retirement allowance, or by a payment method approved by the retirement system.
  - (b) The board of trustees may offer, on a full-cost basis, health care insurance coverage provided by the retirement system to spouses and dependents of eligible annuitants not otherwise eligible for regular coverage. Recipients of a retirement allowance from the retirement system must agree to pay the cost of this coverage by payroll deduction from their retirement allowance or by a payment method approved by the retirement system.
  - (c) The board of trustees shall offer, on a full-cost basis, health insurance coverage provided by the retirement system to the disabled child of an annuitant, regardless of the age of the disabled child. A child shall be considered disabled for purposes of this section if the child has been determined to be eligible for federal Social Security disability benefits.
- (5) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the hospital and medical insurance program. The board of trustees is empowered to pay the expenses for insurance coverage from the medical insurance fund, from the premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute. The board may provide insurance coverage by making payment to insurance carriers including health insurance plans that are available to active and retired state employees and active teachers, institutions, and individuals for services performed, or the board of trustees may elect to provide insurance on a "self-insurance" basis or a combination of these provisions.
- (6) The board of trustees may approve health insurance supplement payments to eligible annuitants who are less than sixty-five (65) years of age, as reimbursement for hospital and medical insurance premiums made by annuitants for their individual coverage. Eligible annuitants or recipients are those annuitants who are not eligible for Medicare and who do not reside in Kentucky or in an area outside of Kentucky where comparable coverage is available. The reimbursement payments shall not exceed the minimum supplement payment that would have been made had the annuitant lived in Kentucky. Eligible annuitants or recipients shall submit proof of payment to the retirement system for hospital and medical insurance that they have obtained. Reimbursement payments shall be made on a quarterly basis.
- (7) Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.
- (8) The board of trustees is empowered to promulgate administrative regulations to assure efficient operation of the hospital and medical insurance program.
- (9) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

- (10) In the event that a member is providing services on less than a full-time basis under KRS 161.605, the retirement system may pay the full cost of the member's health insurance coverage for the full fiscal year that the member is providing those services, at the conclusion of which, the retirement system may then bill the active employer and the active employer shall reimburse the retirement system for the cost of the health insurance coverage incurred by the retirement system on a pro rata basis for the time that the member was employed by the active employer.

- (1) A person shall not operate a motorcycle on a highway:
  - (a) Except when that person is in possession of a valid motorcycle operator's license; and
  - (b) Unless that person uses an approved eye-protective device, in the manner prescribed by the secretary of the Transportation Cabinet, at all times such vehicle is in motion; and
  - (c) Unless the motorcycle is equipped with a rear-view mirror ***as required under Section 9 of this Act.***
- (2) A person shall not operate or ride as a passenger on a motorcycle:
  - (a) Except on a seat permanently attached to that vehicle and specifically designed to carry the operator or passenger in a safe manner; and
  - (b) Except when using a footrest permanently attached to that vehicle and specifically designed to carry that person in a safe manner.
- (3) The following persons shall be required to wear protective headgear, in the manner prescribed by the secretary of the Transportation Cabinet, at all times the motorcycles they are riding are in motion on a public highway:
  - (a) A person under the age of twenty-one (21) years who is operating a motorcycle or who is a passenger on a motorcycle or in a sidecar attachment;
  - (b) A person who possesses a motorcycle instruction permit and who is operating a motorcycle; and
  - (c) A person who has held a valid motorcycle operator's license, or combination motor vehicle-motorcycle operator's license, for less than one (1) year and who is operating a motorcycle.
- (4) A motorcycle operator authorized to drive a motorcycle on an instruction permit shall not be authorized to carry passengers.

- (5) The secretary of the Transportation Cabinet shall by regulation fix minimum standards for approved protective headgear and for approved eye-protective devices, and prescribe the manner in which they shall be used. The secretary shall maintain and cause to be published a list of approved protective headgear and of approved eye-protective devices. The secretary may prescribe by regulation minimum standards for other protective devices and require the use of those devices.
- (6) As used in this chapter:
  - (a) "Motorcycle" means any motor driven vehicle having a seat or saddle for the use of the operator and designed to travel on not more than three (3) wheels in contact with the ground, but excluding tractors and vehicles on which the operator and passengers ride in an enclosed cab and excluding a moped as defined in this subsection; and
  - (b) "Moped" means either a motorized bicycle whose frame design may include one (1) or more horizontal crossbars supporting a fuel tank so long as it also has pedals, or a motorized bicycle with a step-through type frame which may or may not have pedals rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour.

Section 11. KRS 189.287 is amended to read as follows:

The Transportation Cabinet ~~shall~~~~may~~ promulgate ***administrative regulations pursuant to KRS Chapter 13A to set forth standards for bicycle equipment and the safe operation of a*** bicycle ~~safety regulations and standards~~. ***The regulations shall include requirements for lights, reflectors, and audible warning devices***~~Bicycle riders and bicycles complying with such regulations and standards are exempt from the provisions of KRS 189.040(9), 189.050(1), 189.050(5), and 189.080. [Such ]Bicycles and riders which comply with the regulations promulgated under this section are~~~~also~~ exempt from municipal and other local government regulations concerning safety equipment but not method of operation. In promulgating ***the administrative*** regulations ~~and standards~~ the Transportation Cabinet shall permit use of lightweight modern technological substitutes for lights, reflectors, and bells. The purpose of this section is to encourage bicycling and bicycle touring in this state by enabling bicycle riders to make use of modern technology to make their presence known to other users of the road. The Transportation Cabinet may consult with organizations of bicycle riders to aid it in the search for bicycle safety equipment and rules convenient for long distance bicycle riders.

Section 12. KRS 189.300 is amended to read as follows:

- (1) The operator of any vehicle when upon a highway shall travel upon the right side of the highway whenever possible, and unless the left side of the highway is clear of all other traffic or obstructions ***for a sufficient distance ahead to permit the overtaking and passing of another vehicle to be completed without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle being overtaken. The overtaking vehicle shall return to the proper traffic lane as soon as practicable and, if the passing vehicle enters the oncoming traffic lane, before coming within two hundred (200) feet of any approaching vehicle***~~and presents a clear vision for a distance of at least one hundred and fifty (150) feet ahead~~.
- (2) The operator of any vehicle moving slowly upon a highway shall keep his vehicle as closely as practicable to the right-hand boundary of the highway, allowing more swiftly moving vehicles reasonably free passage to the left.

Section 13. KRS 189.310 is amended to read as follows:

- (1) Two (2) vehicles passing or about to pass each other in opposite directions shall have the right-of-way, and no other vehicle to the rear of those two (2) vehicles shall pass or attempt to pass either of those vehicles.
- (2) Vehicles proceeding from opposite directions shall pass each other from the right, each giving to the other one-half (1/2) of the highway as nearly as possible.
- (3) Every person operating a vehicle on a highway and approaching any animal being ridden or driven, shall exercise every reasonable precaution to prevent frightening the animal and to insure the safety of the person riding or driving it.~~[ If the animal appears frightened, the operator, when requested by a signal of the hand by the driver or rider of the animal, shall not proceed further toward the animal, unless the movement is necessary to avoid injury or accident, until the animal is under the control of its rider or driver.]~~

Section 14. KRS 189.330 is amended to read as follows:

- (1) When two (2) vehicles approach or enter an intersection from different roadways at approximately the same time, the operator of the vehicle on the left shall yield the right-of-way to the vehicle on the right.
- (2) The right-of-way rule declared in subsection (1) is modified at highways and through intersections and as otherwise stated in this chapter.
- (3) Preferential right-of-way may be indicated by stop signs or yield signs. The state highway commissioner with reference to state highways and local authorities with reference to other highways under their jurisdiction may designate any intersection as a stop intersection or as a yield intersection and erect stop signs or yield signs at one (1) or more entrances to such intersections.
- (4) Except when directed to proceed by a police officer, every operator of a vehicle approaching a stop sign shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the operator has view of approaching traffic on the intersecting roadway before entering it. After having stopped the operator shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time when such operator is moving across or within the intersection or junction of roadways.
- (5) The operator of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions and, if required for safety to stop, shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the operator has a view of approaching traffic on the intersecting roadway before entering it. After slowing and stopping, the operator shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such operator is moving across or within the intersection or junction of roadways. Provided, however, that if such an operator is involved in a collision with a vehicle in the intersection or junction of roadways after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of his failure to yield right-of-way.
- (6) The operator of a vehicle intending to turn shall do so as follows:
  - (a) Right turns - both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway;
  - (b) Left turns - the operator of a vehicle intending to turn left shall approach the turn in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle. Whenever practicable the left turn shall be made to the left of the center of the intersection and so as to leave the intersection or other location in the extreme right-hand lane lawfully available to traffic moving in the same direction as such vehicle on the roadway being entered.
- (7) The Transportation Cabinet and local authorities in their respective jurisdictions may cause official traffic control devices to be placed and thereby require and direct that a different course from that specified in this section be traveled by turning vehicles and when such devices are so placed no operator shall turn a vehicle other than as directed and required by such devices.
- (8) The operator of any vehicle shall not turn such vehicle so as to proceed in the opposite direction unless such movement can be made in safety without interfering with other traffic.
- (9) The operator of a vehicle intending to turn to the left within an intersection or into an alley, private road or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.
- (10) The operator of a vehicle about to enter or cross a roadway from any place other than another roadway shall yield the right-of-way to all vehicles approaching on the roadway to be entered or crossed.
- (11) ***On highways with a center lane restricted for left turns off the highway by vehicles proceeding in both directions:***
  - (a) ***A left turn shall not be made from any other lane; and***
  - (b) ***A vehicle shall not be driven in a center lane as described in this subsection except when preparing for or making a left turn off the highway or merging onto the highway after making a left turn from a side road or other entrance.***

Section 15. KRS 189.337 is amended to read as follows:

- (1) As used in this chapter "official traffic control devices" shall mean all signs, signals, markings, and devices placed or erected by authority of a public body or official having jurisdiction, for the purpose of regulating, warning, or dividing traffic.
- (2) The Department of Highways shall promulgate and adopt a manual of standards and specifications for a uniform system of official traffic control devices for use upon all roads and streets *open to public travel*. The manual and its future revisions and supplements shall be applicable to all roads and streets under the control of the Department of Highways or any county or incorporated city.
- (3) All traffic control devices installed on any road or street after the adoption of the manual shall conform to the provisions thereof. Satisfactory operating traffic devices in use on the date of the adoption of the manual may continue to be used; however, if such devices are replaced or revised, they must be replaced or revised in conformance with the provisions of the manual.
- (4) *No person shall place, maintain, or display on or in the view of any highway any authorized sign, signal, marking, or device which resembles, purports to be, or is an imitation of an official traffic control device or signal.*
- (5) *A person shall not attempt to or in fact alter, twist, deface, injure, knock down, or interfere with the effective operation of any official traffic control device or signal, or any part thereof.*

Section 16. KRS 189.338 is amended to read as follows:

Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend *or symbolic message*, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

- (1) Green indication.
  - (a) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
  - (b) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.
  - (c) Unless otherwise directed by a pedestrian-control signal, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.
  - (d) *Vehicular traffic that entered an intersection on a circular green or yellow indication is allowed to complete a left turn during the red indication.*
- (2) Steady yellow indication.
  - (a) Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.
  - (b) Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian-control signal, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.
- (3) Steady red indication.
  - (a) Vehicular traffic facing a circular red signal alone shall stop at a clearly marked stop line, but if none, then before entering the crosswalk on the near side of the intersection, or if none, then before entering the intersection and shall remain standing until a green indication is shown, except as follows:

1. The driver of a vehicle which is stopped as required by subsection (3)(a) with the intention of making a right turn, may make such right turn, after stopping, unless an official sign has been erected prohibiting such movement, but shall yield the right-of-way to pedestrians and other traffic lawfully proceeding through the intersection.
2. The driver of a vehicle which is stopped as required by subsection (3)(a) whose vehicle is in the left lane of a one-way highway with the intention of making a left turn onto the left lane of another one-way highway with the flow of traffic, may make such left turn, after stopping, unless an official sign has been erected prohibiting such movement, but shall yield the right-of-way to pedestrians and other traffic lawfully proceeding through the intersection.
3. ***In instances where there are two (2) right or left turn lanes, an allowable turn under this paragraph may be made from either lane unless a regulatory sign specifically prohibits it.***
  - (b) Cities and counties may, by ordinance, and the department of highways may, by regulation, prohibit any such right or left turn against a steady red signal at any intersection, which prohibition shall be effective when an official sign prohibiting such movement is erected at the intersection.
  - (c) Unless otherwise directed by a pedestrian-control signal, pedestrians facing a steady red signal alone shall not enter the roadway.
- (4) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.
- (5) Whenever an illuminated flashing red or yellow light is used in a traffic signal or with a traffic sign it shall require obedience by vehicular traffic as follows:
  - (a) Flashing red (stop signal) - When a red lens is illuminated with rapid intermittent flashes, operators of vehicles shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then at the point nearest the intersecting roadway where the operator has a view of approaching traffic on the intersecting roadway before entering it, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.
  - (b) Flashing yellow (caution signal) - When a yellow lens is illuminated with rapid intermittent flashes, operators of vehicles may proceed through the intersection or past such signal only with caution.
- ~~[(6) To ensure that the provisions of this section are fully understood by the citizens of the Commonwealth, an intensive campaign to inform all Kentuckians of this change shall be undertaken by the Transportation Cabinet's Office of Public Information utilizing the statewide news media, especially Kentucky Educational Television (KET). This campaign shall begin June 17, 1978, and shall be thirty (30) days in duration.]~~

Section 17. KRS 189.340 is amended to read as follows:

- (1) Vehicles overtaking other vehicles proceeding in the same direction shall pass to the left of them and shall not again drive to the right until reasonably clear of those vehicles. Vehicles overtaking streetcars may pass either to the right or left when so directed by a police officer, when on a one (1) way street or where the location of the tracks prevents compliance with this section, with regard for other traffic.
- (2) The operator of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:
  - (a) When the vehicle overtaken is making or about to make a left turn;
  - (b) Upon a roadway with unobstructed pavement of sufficient width for two (2) or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.
- (3) The operator of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movements in safety. Such movement shall not be made by driving off the roadway unless passing vehicle comes to a complete stop and such movement may be made safely.
- (4) No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit overtaking and passing to be completely made without interfering with the

safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within ~~two~~~~one~~ hundred (200) feet~~[(100)]~~ of any vehicle approaching from the opposite direction.

- (5) The commissioner of highways is hereby authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones, and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.
- (6) Whenever any roadway has been divided into three (3) clearly marked lanes for travel, the following additional rules shall apply:
  - (a) A vehicle shall be driven as nearly as may be practical entirely within a single lane and shall not be moved from that lane until the driver has first ascertained that the movement can be made with safety;
  - (b) A vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance, or in preparation for a left turn or where a center lane is at the time allocated exclusively to traffic moving in the direction in which the vehicle is proceeding and is signposted to give notice of the allocation;
  - (c) Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and operators of vehicles shall obey the directions of such signs.
- (7) A vehicle shall not be driven in the left lane of any limited access highway of four (4) lanes or more with a posted speed limit of sixty-five (65) miles per hour, except in overtaking a slower vehicle, yielding to traffic coming onto such a highway or when traffic conditions exist which would prohibit safe use of the right or center lanes.
- (8)
  - (a) The operator of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having regard for the speed of the vehicle and the traffic upon and condition of the highway.
  - (b) The operator of any motor truck, semitrailer truck, bus or heavy construction equipment unit when traveling upon a highway outside of a business or residential district shall not follow within two hundred fifty (250) feet of another such vehicle or equipment unit. This subsection shall not prevent overtaking and passing, nor shall it apply to any lane specially designated for use of motor trucks or semitrailer trucks, buses or heavy construction equipment units.

Section 18. KRS 189.375 is amended to read as follows:

No school or church bus shall be licensed or operated for the transportation of school children unless it is equipped with bus alternating flashing signal lamps and a stop arm folding sign. The bus body shall be equipped with a system of four (4) red signal lamps, two (2) on the front and two (2) on the rear of the bus, and four (4) amber signal lamps. Each amber signal lamp shall be located near each red signal lamp, at the same level, but closer to the vertical centerline of the bus. The bus body shall be equipped with a stop arm folding sign on the driver's side with letters at least six (6) inches in height displaying the word "stop" on both sides. Prior to stopping the school bus for the purpose of receiving or discharging school children, the driver shall activate the amber flashing signal lamps. Once the bus comes to a complete stop, the driver shall extend the stop arm and activate the red flashing signal lights prior to opening the door so it shall be plainly visible to traffic approaching from both directions that the bus is in the process of receiving or discharging passengers. No driver shall stop a school or church bus for receiving or discharging passengers in a no passing zone which does not afford reasonable visibility to approaching motor vehicles from both directions ***unless a "School Bus Stop Ahead" sign has been installed a reasonable distance before that spot in the roadway.*** No driver shall stop a school or church bus for the purpose of receiving passengers from or discharging passengers to the opposite side of the road on a highway of four (4) or more lanes; provided, that this provision does not prohibit the discharging of passengers at a marked pedestrian crossing.

Section 19. KRS 189.450 is amended to read as follows:

- (1) No person shall stop a vehicle, leave it standing or cause it to stop or to be left standing upon any portion of the roadway; provided, however, that this section shall not be construed to prevent parking in front of a private residence off the roadway or street in a city or suburban area where such parking is otherwise permitted, as long as the vehicle so parked does not impede the flow of traffic. This subsection shall not apply to:

- (a) A vehicle that has been disabled on the right-of-way of such a highway in such a manner and to such extent that it is impossible to avoid the occupation of the shoulder of a state-maintained highway or impracticable to remove it from the shoulder of the highway until repairs have been made or sufficient help obtained for its removal. In no event shall a disabled vehicle remain on the shoulder of a state-maintained highway for twenty-four (24) hours or more;
  - (b) Motor vehicles when required to stop in obedience to the provisions of any section of the Kentucky Revised Statutes or any traffic ordinance, regulation or sign or the command of any peace officer;
  - (c) Vehicles operating as common carriers of passengers for hire and school buses taking passengers on such vehicle or discharging passengers therefrom, provided that no such vehicle shall stop for such purposes at a place on the highway which does not afford reasonable visibility to approaching motor vehicles from both directions; or
  - (d) Any vehicle required to stop by reason of an obstruction to its progress.
- (2) When any police officer finds a vehicle standing upon such a highway in violation of this section, he may move or cause to be moved the vehicle, or require the operator or other person in charge of the vehicle to move it. The police officer may cause the vehicle to be removed by ordering any person engaged in the business of storing or towing motor vehicles to remove the vehicle to a site chosen by such person. Ownership of the vehicle shall be determined by the police officer's enforcement agency through the vehicle's license plates, serial number or other means of determining ownership. As soon as practicable, the police officer's enforcement agency shall notify the owner by mail that the vehicle was illegally upon public property; the name and address of the storage facility where the vehicle is located; that removal of the vehicle from the storage facility will involve payment of towing and storage charges; and that the vehicle may be sold pursuant to the provisions of KRS 376.275 if not claimed within sixty (60) days. No notification shall be required if ownership cannot be determined. In the event of a sale pursuant to KRS 376.275, the state shall receive any proceeds after the satisfaction of all liens placed on the vehicle.
- (3) No vehicle shall be parked, stopped, or allowed to stand on the shoulders of any toll road, interstate highway, or other fully controlled access highway, including ramps thereto, nor shall any vehicle registered at a gross weight of over forty-four thousand (44,000) pounds be parked, stopped or allowed to stand on the shoulders of any state-maintained highway except that in the case of emergency, or in response to a peace officer's signal, vehicles shall be permitted to stop on the shoulders to the right of the traveled way with all wheels and projecting parts of the vehicles, including the load, completely clear of the traveled way. Parking of any vehicle which is disabled on the shoulders of a toll road, interstate highway, other fully controlled access highway, including ramps thereto, or any state-maintained highway not mentioned in this section for twenty-four (24) hours continuously is prohibited and vehicles violating this provision may be towed away at the cost of the owner.
- (4) When any police officer finds a vehicle unattended upon any bridge or causeway or in a tunnel where the vehicle constitutes an obstruction to traffic, the officer may provide for the removal of the vehicle to the nearest garage or other place of safety as provided in subsection (2) of this section.
- (5) No person shall stop or park a vehicle except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control device, in the following places:
- (a) On a sidewalk;
  - (b) In front of sidewalk ramps provided for persons with disabilities;
  - (c) In front of a public or private driveway;
  - (d) Within an intersection ***or on a crosswalk***;
  - (e) At any place where official signs prohibit stopping or parking;~~{or}~~
  - (f) Within thirty (30) feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway;
  - (g) ***On any controlled access highway***;
  - (h) ***Within a highway tunnel***;
  - (i) ***Within fifteen (15) feet of a fire hydrant; or***

(j) *In an area between the roadways of a divided highway.*

- (6) No person shall move a vehicle not lawfully under his control into any such prohibited area.
- (7) The restrictions in subsection (5)(e) of this section shall not apply to sheriffs and their deputies or police officers when operating properly identified vehicles during performance of their official duties.

Section 20. KRS 189.480 is amended to read as follows:

No vehicle shall haul with a towline more than one (1) other vehicle. The towline shall not be over fifteen (15) feet in length, and a white cloth or flag shall be fastened to the towline at or near the center of the line, during both day and night so as to make it plainly discernible. No vehicle shall at one (1) time haul more than two (2) vehicles connected in such a manner as to keep them uniformly spaced. ***Any vehicle being towed under the provisions of this chapter shall have the brake lights required under Section 3 of this Act.***

Section 21. KRS 189.560 is amended to read as follows:

- (1) The operator of a vehicle shall stop and remain standing at a railroad grade crossing when any of the following conditions exist:
  - (a) A visible electric or mechanical signal device warns of the immediate approach of a railroad train;
  - (b) A crossing gate is lowered warning of the immediate approach or passage of a railroad train;
  - (c) An approaching train is visible and in hazardous proximity; or
  - (d) A human flagman signals the approach or passage of a train.
- (2) Whenever the tracks of any railroad or interurban railway over which trains or cars are regularly operated cross a state maintained highway at grade, the cabinet may designate that crossing as "unsafe," and no operator of any vehicle shall cross the crossing without first bringing his vehicle to a full stop ***no closer than a marked stop line or fifteen (15) feet***~~at not less than ten feet (10')~~, nor more than thirty (30) feet~~-(30')~~, from the nearest rail of the tracks.
- (3) At crossings designated "unsafe," the cabinet shall place and maintain on each side of the tracks on the right side of the highway, at the marked stopping position, or, if the stopping position is not marked, on the pavement not more than ***twenty-five (25) feet***~~25'~~ in advance of the track, an octagonal shape sign of a type and size currently approved for use by the cabinet bearing the word "Stop" in white letters not less than ***ten (10) inches***~~10"~~ in height.
- (4) The cabinet shall install the signs described in subsection (3), within sixty (60) days after the crossing is designated unsafe.
- (5) Subsections (2) to (4) shall not apply to grade crossings at which have been constructed and maintained gates, electric warning signals, or other automatic audible signals, or which are protected by watchmen.
- (6) The failure to observe subsections (2) to (5) shall not change the liability of any railroad or interurban railway in the trial of any civil case against the railroad or interurban railway for death or injuries, to person or property.
- (7) If subsection (6) is declared unconstitutional, then subsections (2) to (7) shall be ineffective.

Section 22. KRS 189.565 is amended to read as follows:

The operator of any motor vehicle used in the transportation of inflammable liquids or explosives shall stop such motor vehicle before crossing at grade the main track of any railroad or interurban electric railway, except where the crossing is a guarded crossing protected by gates or a flag controlled crossing or operated by an employee of the railroad or interurban company. The stop shall be made ***no closer than a marked stop line or fifteen (15) feet***~~at not less than ten feet (10')~~ nor more than thirty (30) feet~~-(30')~~ from the nearest track to be crossed. After making the stop, the operator shall look carefully in each direction for approaching cars or trains, and shall not start his vehicle until he has ascertained that no cars or trains are approaching in either direction.

Section 23. KRS 189.752 is amended to read as follows:

- (1) "State highway" means any public road maintained by the State Department of Highways.
- (2) "Motor vehicle" means any vehicle propelled by an internal combustion engine capable of transporting persons or property. Motor vehicle shall not mean "moped" as defined in KRS 189.285.

- (3) "Abandoned vehicle" means any *motor vehicle*~~automobile~~ that is left upon the right-of-way of a state highway for three (3) days, whether or not it is fit for future use.

- (2) As used in KRS 189.920 to 189.950, "public safety vehicle" means public utility repair vehicle; wreckers; state, county, or municipal service vehicles and equipment; highway equipment which performs work that requires stopping and standing or moving at slow speeds within the traveled portions of highways; and vehicles which are escorting wide-load or slow-moving trailers or trucks.

Section 25. KRS 189.920 is amended to read as follows:

- (1) All fire department, rescue squad, or publicly owned emergency management agency emergency vehicles and all ambulances shall be equipped with one (1) or more flashing, rotating, or oscillating red lights, visible under normal atmospheric conditions from a distance of five hundred (500) feet to the front of the vehicle, and a siren, whistle, or bell, capable of emitting a sound audible under normal conditions from a distance of not less than five hundred (500) feet. This equipment shall be in addition to any other equipment required by the motor vehicle laws.
- (2) All state, county, or municipal police vehicles and all sheriffs' vehicles used as emergency vehicles shall be equipped with one (1) or more flashing, rotating, or oscillating blue lights, visible under normal atmospheric conditions from a distance of five hundred (500) feet to the front of the vehicle, and a siren, whistle, or bell, capable of emitting a sound audible under normal conditions from a distance of not less than five hundred (500) feet. This equipment shall be in addition to any other equipment required by the motor vehicle laws.

- (2) For the purposes of a hearing conducted under KRS 13B.125 on an emergency order issued under subsection (1) of this section, the findings of fact in the emergency order shall constitute a rebuttable presumption of substantial evidence of a violation of law that constitutes immediate danger to the health, welfare, or safety of patients or the general public. For the purposes of this hearing only, hearsay shall be admissible and may serve as a basis of the board's findings.

- (3) An emergency order as described in subsection (1) of this section shall not be issued unless grounds exist for the issuance of a complaint ***or a motion to revoke probation or an order of indefinite restriction or limitation***. The inquiry panel shall issue a complaint ***or a motion to revoke probation or indefinite restriction or limitation*** prior to the date of the emergency hearing or the emergency order shall become void.
- (4) An order of temporary suspension, restriction, or limitation shall not be maintained after a final order is served on the charged physician pursuant to the proceeding on the complaint ***or on the motion to revoke***. An appeal of an emergency order shall not prejudice the board from proceeding upon the complaint ***or the motion to revoke***.

- (1) When a hearing panel imposes discipline in a final order pursuant to KRS 13B.120 and 311.591(7), the panel may fix the appropriate sanction for the violation, but withhold imposition of the sanction under an order of probation for a period of not more than five (5) years, ***or under an order of indefinite restriction or limitation***, with the requirement that the physician fully comply with the terms and conditions specified by the panel as necessary for the protection of the public and rehabilitation of the physician's practice.
- (2) If the board receives information that a licensee has violated a term or condition of an order of probation, ***or an order of indefinite restriction or limitation***, issued under subsection (1) of this section during the effective period of that order, the board shall investigate the allegations as necessary. The board shall have all of the powers outlined in KRS 311.591(2) and 311.605(2) to conduct its investigation.
- (3) Upon completion of its inquiry relating to a violation of probation, the hearing panel shall make a finding that:
  - (a) The investigation does not disclose a violation of the order of probation ***or the order of indefinite restriction or limitation***;
  - (b) The investigation discloses a violation of a term or condition of the order of probation ***or the order of indefinite restriction or limitation*** but that revocation of probation ***or the order of indefinite restriction or limitation*** and imposition of the previously fixed sanction may not be necessary for protection of the public, and the panel may admonish or issue a letter of concern to the physician stating its findings and cautioning that another violation shall result in revocation of probation ***or the order of restriction or limitation*** and imposition of the previously fixed sanction; or
  - (c) The investigation discloses one (1) or more violations of the terms and conditions of the order of probation ***or of the order of indefinite restriction or limitation***, and the panel shall cause a motion to revoke probation ***or a motion to revoke the order of indefinite restriction or limitation***, to be prepared and signed by the presiding officer. The motion shall identify the term or condition violated and include a general statement of the nature of the violation and shall set a date and time for a revocation hearing.
- (4) The hearing panel shall cause the motion to revoke probation ***or the motion to revoke the indefinite restriction or limitation***, to be served on the physician by personal delivery or by certified mail to the last address on record with the board for the physician or the physician's representative.
- (5) The hearing on the motion to revoke probation ***or the motion to revoke the order of indefinite restriction or limitation*** shall be conducted in accordance with KRS Chapter 13B, but the single issue to be decided shall be whether the physician has violated a term or condition of the order of probation ***or the order of indefinite restriction or limitation***. Any recommended order issued under KRS 13B.110 shall be limited to recommended findings of fact and recommended conclusions of law.
- (6) Upon completion of the hearing on the motion to revoke probation ***or the motion to revoke the indefinite restriction or limitation***, the hearing panel shall issue an order that:
  - (a) Denies the motion upon a conclusion that the order of probation has not been violated;
  - (b) Finds a violation of the order of probation ***or the order of indefinite restriction or limitation*** but does not impose the previously fixed sanction and the panel may:
    - 1. Modify the terms and conditions of probation ***or the indefinite restriction or limitation*** to address issues presented during the hearing; or
    - 2. Admonish the physician or issue a letter of concern to the physician; or
  - (c) Imposes the previously fixed sanction.

A violent offender who is found to be a persistent felony offender in the first degree shall not be eligible for parole except as provided in KRS 439.3401.
  - (8) No conviction, plea of guilty, or Alford plea to a violation of KRS 218A.500 shall bring a defendant within the purview of or be used as a conviction eligible for making a person a persistent felony offender under this section.
  - (9) The provisions of this section amended by 1994 Ky. Acts ch. 396, sec. 11, shall be retroactive.
- Section 46. KRS 532.100 is amended to read as follows:
- (1) When an indeterminate term of imprisonment is imposed, the court shall commit the defendant to the custody of the Department of Corrections for the term of his sentence and until released in accordance with the law.
  - (2) When a definite term of imprisonment is imposed, the court shall commit the defendant to the county or city correctional institution or to a regional correctional institution for the term of his sentence and until released in accordance with the law.
  - (3) When a sentence of death is imposed, the court shall commit the defendant to the custody of the Department of Corrections with directions that the sentence be carried out according to law.
  - (4) (a) The provisions of KRS 500.080(5) notwithstanding, if a Class D felon is sentenced to an indeterminate term of imprisonment of five (5) years or less, he shall serve that term in a county jail in a county in which the fiscal court has agreed to house state prisoners; except that, when an indeterminate sentence of two (2) years or more is imposed on a Class D felon convicted of a sexual offense enumerated in KRS 197.410(1), or a crime under KRS 17.510(11) or (12), the sentence shall be served in a state

institution. Counties choosing not to comply with the provisions of this paragraph shall be granted a waiver by the commissioner of the Department of Corrections.

- (b) 1. The provisions of KRS 500.080(5) notwithstanding, and except as provided in subparagraph 2. of this paragraph, a Class C or D felon with a sentence of more than five (5) years who is classified by the Department of Corrections as community custody shall serve that term in a county jail in a county in which the fiscal court has agreed to house state prisoners if:
  - a. Beds are available in the county jail;
  - b. State facilities are at capacity; and
  - c. Halfway house beds are being utilized at the contract level as of July 15, 2000.
- 2. When an indeterminate sentence of two (2) years or more is imposed on a felon convicted of a ***sex crime, as defined in Section 5 of this Act or any similar offense in another jurisdiction***~~sexual offense enumerated in KRS 197.410(1)~~, the sentence shall be served in a state institution.
- 3. Counties choosing not to comply with the provisions of this paragraph shall be granted a waiver by the commissioner of the Department of Corrections.
- (c) Any jail that houses state inmates under paragraph (a) or (b) of this subsection shall offer programs as recommended by the Jail Standards Commission. The Department of Corrections shall adopt the recommendations of the Jail Standards Commission and promulgate administrative regulations establishing required programs for a jail that houses state inmates under paragraph (a) or (b) of this subsection.
- (5) The jailer of a county in which a Class D felon or a Class C felon is incarcerated may request the commissioner of the Department of Corrections to incarcerate the felon in a state corrections institution if the jailer has reasons to believe that the felon is an escape risk, a danger to himself or other inmates, an extreme security risk, or needs protective custody beyond that which can be provided in a county jail. The commissioner of the Department of Corrections shall evaluate the request and transfer the inmate if he deems it necessary. If the commissioner refuses to accept the felon inmate, and the Circuit Judge of the county that has jurisdiction of the offense charged is of the opinion that the felon cannot be safely kept in a county jail, the Circuit Judge, with the consent of the Governor, may order the felon transferred to the custody of the Department of Corrections.
- (6) Class D felons and Class C felons serving their time in a local jail shall be considered state prisoners, and the Department of Corrections shall pay the jail in which the prisoner is incarcerated a per diem amount determined according to KRS 431.215(2). For other state prisoners and parole violator prisoners, the per diem payments shall also begin on the date prescribed in KRS 431.215(2).

- (1) When multiple sentences of imprisonment are imposed on a defendant for more than one (1) crime, including a crime for which a previous sentence of probation or conditional discharge has been revoked, the multiple sentences shall run concurrently or consecutively as the court shall determine at the time of sentence, except that:
  - (a) A definite and an indeterminate term shall run concurrently and both sentences shall be satisfied by service of the indeterminate term;
  - (b) The aggregate of consecutive definite terms shall not exceed one (1) year;~~and~~
  - (c) The aggregate of consecutive indeterminate terms shall not exceed in maximum length the longest extended term which would be authorized by KRS 532.080 for the highest class of crime for which any of the sentences is imposed. In no event shall the aggregate of consecutive indeterminate terms exceed seventy (70) years; ***and***
  - (d) ***The sentences of a defendant convicted of two (2) or more felony crimes, as defined in Section 5 of this Act, involving two (2) or more victims shall run consecutively.***

- (2) If the court does not specify the manner in which a sentence imposed by it is to run, the sentence shall run concurrently with any other sentence which the defendant must serve unless the sentence is required by subsection (3) of this section or KRS 533.060 to run consecutively.
- (3) Notwithstanding any provision in this section to the contrary, if a person is convicted of an offense that is committed while he is imprisoned in a penal or reformatory institution, during an escape from imprisonment, or while he awaits imprisonment, the sentence imposed for that offense may be added to the portion of the term which remained unserved at the time of the commission of the offense. The sentence imposed upon any person convicted of an escape or attempted escape offense shall run consecutively with any other sentence which the defendant must serve.
- (4) Notwithstanding any provision in this chapter to the contrary, if a person is convicted of an offense that is committed while he is imprisoned in a penal or reformatory institution, the sentence imposed for that offense may, upon order of the trial court, be served in that institution. The person may be transferred to another institution pursuant to administrative regulations of the Department of Corrections.

Section 48. KRS 533.030 is amended to read as follows:

- (1) The conditions of probation and conditional discharge shall be such as the court, in its discretion, deems reasonably necessary to insure that the defendant will lead a law-abiding life or to assist him to do so. The court shall provide as an explicit condition of every sentence to probation or conditional discharge that the defendant not commit another offense during the period for which the sentence remains subject to revocation.
- (2) When imposing a sentence of probation or conditional discharge, the court may, in addition to any other reasonable condition, require that the defendant:
  - (a) Avoid injurious or vicious habits;
  - (b) Avoid persons or places of disreputable or harmful character;
  - (c) Work faithfully at suitable employment as far as possible;
  - (d) Undergo available medical or psychiatric treatment and remain in a specific institution as required for that purpose;
  - (e) Post a bond, without surety, conditioned on performance of any of the prescribed conditions;
  - (f) Support his dependents and meet other family responsibilities;
  - (g) Pay the cost of the proceeding as set by the court;
  - (h) Remain within a specified area;
  - (i) Report to the probation officer as directed;
  - (j) Permit the probation officer to visit him at his home or elsewhere;
  - (k) Answer all reasonable inquiries by the probation officer and promptly notify the probation officer of any change in address or employment; and
  - (l) Submit to periodic testing for the use of controlled substances or alcohol, if the defendant's record indicates a controlled substance or alcohol problem, and to pay a reasonable fee, as determined by the court, which fee shall not exceed the actual cost of the test and analysis and shall be paid directly to the agency or agencies responsible for testing and analysis as compensation for the cost of the testing and analysis, as specified by written order of the court, performed under this subsection. For good cause shown, the testing fee may be waived by the court.
- (3) When imposing a sentence of probation or conditional discharge in a case where a victim of a crime has suffered monetary damage as a result of the crime due to his property having been converted, stolen, or unlawfully obtained, or its value substantially decreased as a result of the crime, or where the victim suffered actual medical expenses, direct out-of-pocket losses, or loss of earning as a direct result of the crime, ***or where the victim incurred expenses in relocating for the purpose of the victim's safety or the safety of a member of the victim's household***, or if as a direct result of the crime the victim incurred medical expenses that were paid by the Cabinet for Health and Family Services, the Crime Victims Compensation Board, or any other governmental entity, the court shall order the defendant to make restitution in addition to any other penalty provided for the commission of the offense. Payment of restitution to the victim shall have priority over payment of restitution to any government agency. Restitution shall be ordered in the full amount of the

damages, unless the damages exceed one hundred thousand dollars (\$100,000) or twice the amount of the gain from the commission of the offense, whichever is greater, in which case the higher of these two (2) amounts shall be awarded. The court may, in lieu of ordering monetary restitution, order the defendant to make restitution by working for or on behalf of the victim. The court shall determine the number of hours of work necessary by applying the then-prevailing federal minimum wage to the total amount of monetary damage caused by or incidental to the commission of the crime. The court may, with the consent of the agency, order the defendant to work as specified in KRS 533.070. Any work ordered pursuant to this section shall not be deemed employment for any purpose, nor shall the person performing the work be deemed an employee for any purpose. Where there is more than one (1) defendant or more than one (1) victim, restitution may be apportioned. Restitution shall be subject to the following additional terms and conditions:

- (a) Where property which is unlawfully in the possession of the defendant is in substantially undamaged condition from its condition at the time of the taking, return of the property shall be ordered in lieu of monetary restitution;
  - (b) The circuit clerk shall assess an additional fee of five percent (5%) to defray the administrative costs of collection of payments or property. This fee shall be paid by the defendant and shall inure to a trust and agency account which shall not lapse and which shall be used to hire additional deputy clerks and office personnel or increase deputy clerk or office personnel salaries, or combination thereof;
  - (c) When a defendant fails to make restitution ordered to be paid through the circuit clerk or a court-authorized program run by the county attorney or the Commonwealth's attorney, the circuit clerk or court-authorized program shall notify the court; and
  - (d) An order of restitution shall not preclude the owner of property or the victim who suffered personal physical or mental injury or out-of-pocket loss of earnings or support or other damages from proceeding in a civil action to recover damages from the defendant. A civil verdict shall be reduced by the amount paid under the criminal restitution order.
- (4) When requiring fees for controlled substances or alcohol tests, or other fees and payments authorized by this section or other statute, except restitution, to be paid by the defendant, the court shall not order the payments to be paid through the circuit clerk.
  - (5) When a defendant is sentenced to probation or conditional discharge, he shall be given a written statement explicitly setting forth the conditions under which he is being released.
  - (6) When imposing a sentence of probation or conditional discharge, the court, in addition to conditions imposed under this section, may require as a condition of the sentence that the defendant submit to a period of imprisonment in the county jail or to a period of home incarceration at whatever time or intervals, consecutive or nonconsecutive, the court shall determine. The time actually spent in confinement or home incarceration pursuant to this provision shall not exceed twelve (12) months or the maximum term of imprisonment assessed pursuant to KRS Chapter 532, whichever is the shorter. Time spent in confinement or home incarceration under this subsection shall be credited against the maximum term of imprisonment assessed for the defendant pursuant to KRS Chapter 532, if probation or conditional discharge is revoked and the defendant is sentenced to imprisonment. Any prohibitions against probation, shock probation, or conditional discharge under KRS 533.060(2) or 532.045 shall not apply to persons convicted of a misdemeanor or Class D felony and sentenced to a period of confinement or home incarceration under this section.

Section 49. KRS 533.250 is amended to read as follows:

- (1) A pretrial diversion program shall be operated in each judicial circuit. The chief judge of each judicial circuit, in cooperation with the Commonwealth's Attorney, shall submit a plan for the pretrial diversion program to the Supreme Court for approval on or before December 1, 1999. The pretrial diversion program shall contain the following elements:
  - (a) The program may be utilized for a person charged with a Class D felony offense who has not, within ten (10) years immediately preceding the commission of this offense, been convicted of a felony under the laws of this state, another state, or of the United States, or has not been on probation or parole or who has not been released from the service of any felony sentence within ten (10) years immediately preceding the commission of the offense.

- (b) The program shall not be utilized for persons charged with offenses for which probation, parole, or conditional discharge is prohibited under KRS 532.045.
  - (c) No person shall be eligible for pretrial diversion more than once in a five (5) year period.
  - (d) *No person shall be eligible for pretrial diversion who has committed a sex crime as defined in Section 5 of this Act. A person who is on pretrial diversion on the effective date of this Act may remain on pretrial diversion if the person continues to meet the requirements of the pretrial diversion and the registration requirements of Section 6 of this Act.*
  - (e) Any person charged with an offense not specified as precluding a person from pretrial diversion under paragraph (b) of this subsection may apply in writing to the trial court and the Commonwealth's attorney for entry into a pretrial diversion program.
  - ~~(f)(e)~~ Any person shall be required to enter an Alford plea or a plea of guilty as a condition of pretrial diversion.
- (2) The Commonwealth's attorney shall make a recommendation upon each application for pretrial diversion to the Circuit Judge in the court in which the case would be tried. The court may approve or disapprove the diversion.
  - (3) The court shall assess a diversion supervision fee of a sufficient amount to defray all or part of the cost of participating in the diversion program. Unless the fee is waived by the court in the case of indigency, the fee shall be assessed against each person placed in the diversion program. The fee may be based upon ability to pay.

Section 50. KRS 605.090 is amended to read as follows:

- (1) Unless precluded by law, any child committed to the Department of Juvenile Justice or the cabinet may by the decision of the Department of Juvenile Justice or the cabinet or its designee, at any time during the period of his commitment, be:
  - (a) Upon fourteen (14) days' prior written notice to the court, discharged from commitment. Written notice of discharge shall be given to the committing court and to any other parties as may be required by law;
  - (b) Placed in the home of the child's parents, in the home of a relative, a suitable foster home, or boarding home, upon such conditions as the Department of Juvenile Justice or the cabinet may prescribe and subject to visitation and supervision by a social service worker or juvenile probation and parole officer.
    - 1. At the time a committed child is placed in the home of his parents by the Department of Juvenile Justice or the cabinet, the parents shall be informed in writing of the conditions of the placement and the criteria that will be used to determine whether removal is necessary.
    - 2. At the time a committed child is placed anywhere other than the home of the child's parents, the cabinet or the Department of Juvenile Justice shall inform the foster home, the relative, or the governing authority of any private facility or agency in which the child has been placed whether the minor placed is a juvenile sexual offender as defined in KRS 635.505(2) or of any inappropriate sexual acts or sexual behavior by the child specifically known to the cabinet or Department of Juvenile Justice, and any behaviors of the child specifically known to the cabinet or Department of Juvenile Justice that indicate a safety risk for the placement. Information received by any private facility or agency under this paragraph shall be disclosed immediately and directly to the individual or individuals who have physical custody of the child.
    - 3. If, after a placement is made, additional information is obtained by the cabinet or the Department of Juvenile Justice about inappropriate sexual behavior or other behavior of the committed child that may indicate a safety risk for the placement, the cabinet or the Department of Juvenile Justice shall as soon as practicable, but no later than seventy-two (72) hours after the additional information is received, inform the foster parent, relative, or private facility or agency. Additional information received by any private facility or agency shall be disclosed immediately and directly to the individual or individuals who have physical custody of the child.
    - 4. Information disclosed under this paragraph shall be limited to the acts or behaviors of the committed child and shall not constitute a violation of confidentiality under KRS Chapter 610 or 620. No foster parent, relative, or other person caring for a committed child shall divulge the information received under this paragraph to persons who do not have a legitimate interest or responsibility relating to the case. *Nothing in this subparagraph shall prohibit the disclosure or*

*sharing of information between a foster parent, custodial, private facility, or governmental entity for the protection of any child.* A violation of this subparagraph is a Class B misdemeanor;

- (c) Placed in one (1) of the facilities or programs operated by the Department of Juvenile Justice or the cabinet, except that no child committed under the provisions of KRS 610.010(1)(b), (c), or (d) shall be placed in a facility operated by the Department of Juvenile Justice for children adjudicated as a public offender unless the cabinet and the department agree, and the court consents, that the placement is in the best interest of the child and that the placement does not exceed a group home level;
  - (d) Placed in a child-caring facility operated by a local governmental unit or by a private organization willing to receive the child, upon such conditions as the cabinet may prescribe;
  - (e) ***However, under no circumstances shall a child committed under KRS Chapter 620 be placed in a home, facility, or other shelter with a child who has been committed to the Department of Juvenile Justice for commission of a sex crime, as that term is defined in Section 5 of this Act, unless the child committed for the commission of a sex crime is kept segregated from other children in the home, facility, or other shelter that have not been committed for the commission of a sex crime;***
  - (f) Treated as provided in KRS Chapter 645;
  - ~~(g)~~~~(f)~~ Following the transfer or placement of a child pursuant to paragraphs (b), (c), (d), ~~(e)~~, **or (f)** of this subsection, the Department of Juvenile Justice or the cabinet shall, within fourteen (14) days, excluding weekends and holidays, give written notice to the court of the transfer, the placement, and the reasons therefor.
- (2) No child ten (10) years of age or under shall be placed in a facility operated by the Department of Juvenile Justice for children adjudicated as public offenders, except that a child charged with the commission of a capital offense or with an offense designated as a Class A or Class B felony may be detained in a state-operated detention facility when there is no available less restrictive alternative.
  - (3) If a child committed to the cabinet as dependent, neglected, or abused is placed in the home of the child's parents, the child shall not be removed except in accordance with the following standards and procedures:
    - (a) If the social service worker believes that the committed child continues to be dependent, neglected, or abused, but immediate removal is unnecessary to protect the child from imminent death or serious physical injury, the casework situation and evidence shall be reviewed with his supervisor to determine whether to continue work with the family intact or to remove the child. There shall be documentation that the social service worker, prior to the court hearing, made an effort to contact the parents to inform them of the specific problems that could lead to removal so they have an opportunity to take corrective action. If the parents are unavailable or do not respond to attempts to communicate, the specific circumstances shall be documented;
    - (b) If it appears that the child's health or welfare or physical, mental, or emotional condition is subjected to or threatened with real and substantial harm and there is not reasonably available an alternative less drastic than removal of the child from the home, the cabinet shall petition the District Court to review the commitment pursuant to KRS 610.120 in relation to the cabinet's intention to remove the child from the parent's home. The petition shall set forth the facts which constitute the need for removal of the child. The court shall serve notice of the petition and the time and place of the hearing on the parents; however, the social service worker shall also contact the parents to ensure that they received the notice and are aware of the right to be represented by counsel. If the parents' whereabouts are unknown, notice may be mailed to the last known address of an adult who is a near relative. If the court fails to find that the child's health or welfare or physical, mental, or emotional condition is subjected to or threatened with real and substantial harm, or recommends a less drastic alternative that is reasonably available, the child shall not be removed from the parents' home;
    - (c) If a social service worker finds a committed, unattended child who is too young to take care of himself, the social service worker shall make reasonable efforts to arrange for an emergency caretaker in the child's home until the parents return or fail to return within a reasonable time. If no in-home caretaker is available for the child, the social service worker shall request any appropriate law enforcement officer to take the child into protective custody. If, after a reasonable time, it appears the child has been abandoned, the cabinet shall petition the District Court to review the case; or

- (d) If there exist reasonable grounds to believe that the child is in danger of imminent death or serious physical injury or is being sexually abused and that the parents are unable or unwilling to protect the child, the social service worker shall, with the assistance of a law enforcement officer, immediately remove the child prior to filing a petition for review. Within seventy-two (72) hours after the removal, the cabinet shall file a petition for review in District Court pursuant to KRS 610.120 with a request for an expeditious hearing. If the court fails to find that the child's health or welfare or physical, mental, or emotional condition is subjected to or threatened with real and substantial harm, or recommends a less drastic alternative that is reasonably available, the child shall be returned to the parents' home.
- (4) The cabinet or the Department of Juvenile Justice, as appropriate, shall notify the juvenile court of the county of placement with the conditions of supervised placement of each child placed in that county from one (1) of the residential treatment facilities operated by the Department of Juvenile Justice or the cabinet. Notice of the conditions of such placement may be made available by the court to any law enforcement agency.
- (5) The person in charge of any home to which a child is probated, and the governing authority of any private facility or agency to which a child is committed, shall make such reports to the court as the court may require, and such reports as the Department of Juvenile Justice or the cabinet may require in the performance of its functions under the law. The Department of Juvenile Justice or the cabinet shall have the power to make such visitations and inspections of the homes, facilities, and agencies in which children who have committed public offenses have been placed as it deems necessary to carry out its functions under the law.
- (6) The Department of Juvenile Justice or the cabinet shall provide a written transfer summary to the person in charge of any foster home or any governing authority of any private facility or agency in which the Department of Juvenile Justice or the cabinet has placed a child. The written summary shall include, at a minimum, demographic information about the child, a narrative statement detailing the child's prior placements, the length of time the child has been committed, a description of the services and assistance provided to the child or the child's family since the most current case plan, a copy of the current case plan for the child and the child's family, and a copy of the child's medical and educational passport, if available, provided that no information shall be provided that violates any statutory confidentiality requirements. The transfer summary shall state whether the child placed is a juvenile sexual offender as defined in KRS 635.505(2), and include information required under subsection (1) of this section. The transfer summary shall be provided by the Department of Juvenile Justice if it is responsible for the child, or the cabinet if it is responsible for the child, within seven (7) days of the placement of the child with the person, agency, or facility providing care to the child.
- (7) The Department of Juvenile Justice may assist the courts in placing children who have committed public offenses in boarding homes, and, under agreements with the individual courts, may assume responsibility for making such placements. Counties may pay or contribute towards the expenses of maintaining such children and, to the extent authorized by the fiscal court, the Department of Juvenile Justice may incur obligations chargeable to the county for such expenses.

Section 51. KRS 620.090 is amended to read as follows:

- (1) If, after completion of the temporary removal hearing, the court finds there are reasonable grounds to believe the child is dependent, neglected or abused, the court shall issue an order for temporary removal and shall grant temporary custody to the cabinet or other appropriate person or agency. Preference shall be given to available and qualified relatives of the child considering the wishes of the parent or other person exercising custodial control or supervision, if known. The order shall state the specific reasons for removal and show that alternative less restrictive placements and services have been considered. The court may recommend a placement for the child.
- (2) In placing a child under an order of temporary custody, the cabinet or its designee shall use the least restrictive appropriate placement available. Preference shall be given to available and qualified relatives of the child considering the wishes of the parent or other person exercising custodial control or supervision, if known. The child may also be placed in a facility or program operated or approved by the cabinet, including a foster home, or any other appropriate available placement. ***However, under no circumstance shall the child be placed in a home, facility, or other shelter with a child who has been committed to the Department of Juvenile Justice for commission of a sex crime as that term is defined in Section 5 of this Act, unless the child committed for the commission of a sex crime is kept segregated from other children in the home, facility, or other shelter that have not been committed for the commission of a sex crime.***
- (3) If the court finds there are not reasonable grounds to believe the child is dependent, neglected or abused, or if no action is taken within seventy-two (72) hours, the emergency custody order shall be dissolved automatically

and the cabinet or its designee shall return the child to the parent or other person exercising custodial control or supervision. A request for a continuance of the hearing by the parent or other person exercising custodial control or supervision shall constitute action precluding automatic dissolution of the emergency custody order.

- (4) When the court issues a temporary order for the custody of a child, the court may order that, within two (2) weeks, arrangements be made for the child to receive a thorough medical, visual, and dental examination by a professional authorized by the Kentucky Revised Statutes to conduct such examinations. The costs of the examination shall be paid by the cabinet.
- (5) The child shall remain in temporary custody with the cabinet for a period of time not to exceed forty-five (45) days from the date of the removal from his home. The court shall conduct the adjudicatory hearing and shall make a final disposition within forty-five (45) days of the removal of the child. The court may extend such time after making written findings establishing the need for the extension and after finding that the extension is in the child's best interest.

Section 52. KRS 620.230 is amended to read as follows:

- (1) For each child placed in the custody of the cabinet by an order of commitment, the cabinet shall file a case permanency plan for the child with the court and send a copy to the Administrative Office of the Courts Citizen Foster Care Review Board Program as soon as the plan is prepared but no later than thirty (30) days after the effective date of the order. Notwithstanding the provisions of KRS 620.090(5), if a child remains in the temporary custody of the cabinet for longer than forty-five (45) days and if a request is submitted by the Administrative Office of the Courts Citizen Foster Care Review Board Program, the cabinet shall provide a copy of the case permanency plan for the child.
- (2) The case permanency plan shall include, but need not be limited to:
  - (a) A concise statement of the reasons why the child is in the custody of the cabinet;
  - (b) A statement of the actions which have been taken with regard to the child to the date of the plan;
  - (c) A statement of the proposed actions which may be taken or are contemplated with regard to the child during the next six (6) months and during the entire duration of the time the child is in the custody of the cabinet;
  - (d) Contemplated placements for the child;
  - (e) If the child is placed outside the home, reasons why the child cannot be protected adequately in the home, the harms the child may suffer if left in the home, factors which may indicate when the child can be returned to the home, and efforts the cabinet or others are making to return the child to the home;
  - (f) If the child is placed outside the home, the steps that the cabinet will take to minimize the harm to the child as a result of the action, both at the time of removal and on a long-term basis;
  - (g) A description of the type of home, child-caring facility, child-placing agency or facility in which the child is to be placed or has been placed, and a statement why the placement is appropriate for the child, including but not limited to:
    - 1. Age;
    - 2. Educational needs;
    - 3. Medical needs;
    - 4. Emotional needs;
    - 5. Relationship with parents; and
    - 6. Number of children the home is authorized to care for and the number of children currently residing in the home;
  - (h) If the placement is outside the child's original county of residence, documentation that no closer placement is appropriate or available, and the reasons why the placement made was chosen;
  - (i) A description of the services for the child and his family to be provided or arranged by the cabinet to facilitate the return of the child to his own home or to another permanent placement;

- (j) A list of objectives and specific tasks, together with specific time frames for each task, for which the parents have agreed to assume responsibility, including a schedule of regular visits with the child;
  - (k) A projected schedule of time intervals by which each of the services, objectives, and tasks outlined in the case permanency plan should be accomplished and a schedule of time intervals which have already been accomplished or are in the process of accomplishment;
  - (l) If the child is to remain at home, a description of the potential harm which could befall the child and measures that are being taken to prevent or minimize such harm; and
  - (m) If the child is to remain at home, reasons why he cannot be placed in foster care or why such care is not needed.
- (3) ***Under no circumstance shall a child be placed in a home, facility, or other shelter with a child who has been committed to the Department of Juvenile Justice for commission of a sex crime as defined in Section 5 of this Act, unless the child committed for the commission of a sex crime is kept segregated from other children in the home, facility, or other shelter that have not been committed for the commission of a sex crime.***

Section 53. KRS 635.527 is amended to read as follows:

~~[Any other statute to the contrary notwithstanding,]~~ Communications made in the application for or in the course of a **child** sexual offender's diagnosis and treatment in the program, between a sexual offender or member of the sexual offender's family and any employee of the department who is assigned to work in the program, or any approved provider **as defined in Section 5 of this Act**, shall be privileged from disclosure **in any civil or criminal proceeding, other than proceedings to determine the sentence**, unless the sexual offender consents in writing to the disclosure or the communication is related to an ongoing criminal investigation. The privilege created by this section shall not extend to disclosures made for the purpose of determining whether the sexual offender should continue to participate in the program. **The provisions of KRS 620.030 shall not apply to a communication made, received, or overheard if the communication is made pursuant to this section**~~[, to any communication regarding conduct in which the sexual offender was not a participant, or to any disclosure involving a homicide].~~ The **child** sexual offender shall be informed in writing of the limits of the privilege created by this section.

Section 54. KRS 635.510 is amended to read as follows:

- (1) A child, thirteen (13) years of age or older at the time of the commission of the offense, shall be declared a juvenile sexual offender if the child has been adjudicated guilty of an offense listed in KRS 635.505(2)(a), (b), (c), (d), (e), or (f).
- (2)

If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon conviction of such a crime, the judgment and sentence is presumptive evidence at the ensuing disciplinary hearing of the guilt of the licensee or applicant of the crime described in the indictment or information and of the person's violation of the statute on which it is based. For the purpose of this subsection, conviction includes all

instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended;

  - (4) Three (3) years from the date of a revocation, any person whose license has been revoked may petition the board for reinstatement. The board shall investigate his or her petition and may reinstate his or her license upon finding that the former licensee has complied with the provisions of this chapter and administrative regulations

promulgated by the board and is again able to engage in the practice of psychology with reasonable skill, competency, and safety to the public.

- (5) The board may, at its own discretion, reconsider, modify, or reverse its probations, suspensions, revocations, restrictions, or refusals to issue or renew licenses at any time.

Conviction includes all instances in which a plea of no contest is the basis of the conviction;

- (2) Five (5) years from the date of a revocation, any person whose license has been revoked may petition the board for reinstatement. The board shall investigate the petition and may reinstate the license upon a finding that the individual has complied with any terms prescribed by the board and is again able to engage competently in the practice of social work.
- (3) If an alleged violation is not of a serious nature and the evidence presented to the board, after the investigation and appropriate opportunity for the licensee to respond, provides a clear indication that the alleged violation did in fact occur, the board may issue a written admonishment to the licensee. A copy of the admonishment shall be placed in the permanent file of the licensee. The licensee shall have the right to file a response within thirty (30) days of its receipt and to have the response placed in the licensee's permanent file. Alternatively, the licensee may file a request for a hearing, within thirty (30) days of the receipt of the written admonishment. Upon receipt of this request, the board shall set aside the written admonishment and set the matter for hearing.
- (4) At any time during the investigative or hearing processes, the board may enter into an agreed order with, or accept an assurance of voluntary compliance from, the licensee that effectively satisfies the complaint.
- (5) The board may reconsider, modify, or reverse its decision regarding probation, suspension, or any other disciplinary action.
- (6) Upon proof substantiating that sexual contact occurred between a social worker licensed by the board and a client while the client was under the care of or in a professional relationship with the social worker, the social worker's license may be revoked or suspended with mandatory treatment of the social worker as prescribed by the board. The board may require the social worker to pay a specified amount for mental health services for the client which are needed as a result of the sexual contact.

## CHAPTER 184

(HB 299)

AN ACT relating to energy independence.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

SECTION 1. A NEW SECTION OF KRS CHAPTER 152 IS CREATED TO READ AS FOLLOWS:

*The General Assembly finds and determines that:*

- (1) The United States currently imports almost sixty percent (60%) of its petroleum needs and nearly half of these imports come from highly unstable regions and countries. It is projected that this percentage will grow to over seventy percent (70%) by 2025 unless the United States changes its policy on producing liquid fuels.*
- (2) Events in the Middle East, Africa, and South America, coupled with China's efforts to secure world oil reserves and production facilities, demonstrate that increasing reliance on foreign sources of petroleum threatens the homeland security of the United States. America's military is increasingly looking at the potential of alternate liquid fuels produced from fossil energy resources or agricultural materials as a reliable, secure source of fuel.*
- (3) Petroleum imports are the single largest cause of the nation's negative balance of trade with the rest of the world and are a major cause of inflation and economic slowdown.*
- (4) Experts project that world oil prices will remain very high because production is at or near its peak while world demand for oil is increasing rapidly. This increase in demand is due largely to economic growth in developing nations, especially China, where oil demand grew by twenty percent (20%) in 2004 and is expected to grow by a similar amount in 2005.*
- (5) The price of crude oil is the major factor driving up prices for gasoline as well as for oil used for home heating in addition to commercial and industrial purposes. Natural gas for home heating and other purposes has been driven to record-high prices as a result of supply constriction and increased demand from the industrial sector.*
- (6) Technologies have long existed for producing transportation fuels from indigenous fossil and biomass energy resources in the United States, and research has demonstrated that coal-based alternate fuel technologies are cost-effective when the world price of petroleum exceeds thirty-five dollars (\$35) per barrel.*
- (7) The United States has trillions of tons of indigenous fossil energy resources and agricultural capacity that rival total worldwide conventional oil reserves. These domestic resources are capable of producing alternate transportation fuels sufficient to make the United States independent of foreign petroleum imports. Kentucky has hundreds of years of fossil energy resources, and the Commonwealth's agriculture produces substantial biomass materials for production of premium-quality liquid transportation fuels.*

- (8) *The development of an alternate transportation fuels industry in the United States will create long-term reliable demand for Kentucky's energy and agricultural resources, stabilizing both the energy industries and the agriculture community.*
- (9) *Coal-based alternate transportation fuel technologies are capable of producing environmentally superior transportation fuels from near-zero-emission plants with removal or capture of virtually all pollutants including sulfur dioxide, nitrous oxides, mercury, and carbon dioxide, and from biomass-based technologies that are very environmentally positive. The United States can set an example for the world by implementing these technologies and Kentucky is poised to lead the way.*
- (10) *Coal-based technologies in the United States are capable of producing pipeline-quality natural gas and industrial-quality natural gas at prices which are below current annual market prices for natural gas.*
- (11) *Kentucky's universities have for several decades been among the leading entities in the United States doing research on transportation fuels from coal and oil shale. The Kentucky Department of Agriculture has provided support relating to development of transportation fuels from Kentucky agricultural materials.*
- (12) *Although developing an alternate fuels industry capable of reducing America's dependence on foreign sources of petroleum requires the large-scale financial and technical resources of the federal government and private industry, only government and industry in the states can ensure the most efficient and productive on-site joining of technologies, energy resources, industrial and transportation infrastructure.*
- (13) *The economic, national security, and environmental advantages of establishing thriving domestic alternative liquid fuels and synthetic natural gas industries vastly outweigh the development costs. In contrast, doing little or nothing subjects America to continued and repeated energy supply disruptions and to potentially severe economic consequences.*
- (14) *Embarking on a national mission to achieve energy security and move toward liquid and synthetic fuels independence will not only reduce risk and lower oil prices, natural gas prices, and oil price volatility, it will also facilitate an industrial rebirth, create jobs, foster new technology, and enhance economic growth.*
- (15) *Kentucky, through its universities, has done the research and testing of these environmentally responsible alternative liquid fuel technologies. Kentucky has the natural resources to be the leader in achieving energy security and independence for the United States.*

A copy of the mine ventilation plan and any revisions to that plan shall be available to the miners and their representatives.***
- (2) The ventilation of all underground coal mines shall be produced by means of mechanically operated fans located outside the mine in fireproof housing and offset at least fifteen (15) feet to one (1) side or above the opening, protected by explosion doors or weak walls and arranged so that ventilating current may be reversed if necessary. The fan shall be installed so as to prevent recirculation of mine air. The main fan shall be operated from a power circuit independent from the mine circuit. If inside auxiliary fans are required to ventilate working places the commissioner must first approve the installation.

- (3)~~(2)~~ The licensee, superintendent, or foreman of every coal mine worked by shaft, slope, or drift shall provide and maintain for every mine two (2) separate and distinct escapeways, one (1) of which is vented by the intake air. However, if a mine was originally licensed prior to January 1, 1990, the commissioner may approve an alternate ventilation plan. Each active working section shall be ventilated by a separate split of intake air. In all mines the quantity of air passing through the last open crosscut between the intake and return in any pair or sets of entries shall be not less than nine thousand (9,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. All working faces from which coal is being cut, mined, or loaded in a working section between the intake and return airway entries shall be ventilated with a minimum quantity of three thousand (3,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. The quantity of air reaching the last crosscut in pillar sections may be less than nine thousand (9,000) cubic feet of air per minute if at least nine thousand (9,000) cubic feet of air per minute is being delivered to the intake of the pillar line. The air current shall under any conditions have a sufficient volume and velocity to reduce and carry away smoke from blasting and any flammable or harmful gases.~~[- All active underground working places in a mine shall be ventilated by a current of air containing not less than nineteen and one half percent (19.5%) of oxygen, and no harmful quantities of other noxious or poisonous gases.-]~~
- (4)~~(3)~~ All mines shall maintain at least nine thousand (9,000) cubic feet of air per minute at the points mentioned in subsection (3)~~(2)~~ of this section. The commissioner shall have the authority to require additional air in any mine when he deems it necessary for the safety of the employees.
- (5)~~(4)~~ When the air from a split has passed through and has ventilated all the working places in an air split of a mine it shall then be designated as return air. ***Return air courses shall not be designated as primary escapeways.***
- (6)~~(5)~~ As working places advance, breakthroughs for air shall be made not more than ninety (90) feet apart, except that where longwall or modern systems of mining are used the commissioner or his authorized representative may approve a greater distance between breakthroughs or the method of ventilating such longwall or modern systems of mining. If any breakthroughs between intake and return airways are not required for the passage of air ***or the travel of equipment***, they shall be closed with stoppings. All permanent stoppings shall be substantially built with suitable incombustible or fire resistant material subject to the approval of the mine inspector so as to keep the working places well ventilated. All brattice cloth and ventilation tubing shall be flame resistant. Doors on the main haulways shall be avoided where practicable, and overcasts, built of concrete or other suitable material and of ample strength, shall be adopted. Where doors are used they shall be built in a substantial manner, and shall be hung so as to close automatically when unobstructed.
- (7)~~(6)~~ In a mine where methane can be found to an extent of one percent (1%) or more on the return of any one (1) split, the inspector, with the approval of the commissioner may require the mine to be ventilated by the exhaust system, requiring the haulage roads and all ~~[- trolley and]~~ feed wires to be located on the intake air and the electrical system to be so arranged that no wires carrying electrical current shall be on return air. A period of not more than ninety (90) days from date of notification shall be allowed to make the changes required.
- (8) ***The ventilation plan shall require all fans utilized in the ventilation plan to be in operation for a sufficient period to ensure air quality and equalization of the mine atmosphere prior to the entry of workers into underground areas.***

This subsection does not apply to the openings of a new entry that is being worked for the purpose of making connection between the two (2) outlets so long as not more than twenty (20) persons are employed at one (1) time in making the connection or driving the second opening, or to any mine in which the second opening has been rendered unavailable by reason of final robbing or removal of pillars so long as not more than twenty (20) persons are employed therein at one (1) time, and the workings are no farther than five hundred (500) feet from the bottom of the shaft or slope or from the drift opening.

- (3) *It shall be a Class D felony for any person to remove a self-rescuer from the cache for purposes other than use during an emergency, or for repair, maintenance, or replacement or as authorized by the licensee.*

Section 17. KRS 352.135 is amended to read as follows:

*In all ~~Where return airways are~~ designated ~~as~~ escapeways, each operator shall provide lifeline cords, with attached reflective material at not to exceed twenty-five (25) foot intervals **and devices indicating the direction to the surface at not to exceed one hundred (100) foot intervals**, from ~~outby the loading point~~ **outby the loading point** ~~the last open crosscut to the surface~~; provided, that in case of a shaft mine, such lifeline cords shall extend from ~~outby to the loading point~~ **outby to the loading point** ~~the last open crosscut~~ to the bottom of the designated escape shaft. - (2) *The cost of providing the transitional funding for the state medical insurance fund stabilization contribution as provided by KRS 160.550(2) may be funded by annual appropriations from the state on an amortized basis. The schedule in this subsection is the annual appropriation which shall be made by the state in the respective fiscal years or biennium prior to July 1, 2008:*

<i>Amortization of</i>	<i>2006-2007</i>	<i>Each Succeeding Fiscal Year</i>
<i>Transitional Funding</i>	<i>\$13,325,100</i>	<i>\$13,325,100 through 2014-2015</i>
		<i>and</i>
		<i>\$9,075,500 in 2015-2016</i>

- (3) *The Kentucky Teachers' Retirement System is directed to study the feasibility of stabilizing the employer contribution rate set forth in KRS 161.550 should the state use the funding provided under this section to issue pension obligation bonds, the proceeds of which would be deposited with Kentucky Teachers' Retirement System for investment and payment of retirement benefits. The cost of the feasibility study shall be paid by the Kentucky Teachers' Retirement System.*

- (4) The present values of providing statutory cost-of-living increases for annuitants not included in subsection (1) of this section are to be assigned to the unfunded obligations of the retirement system and are identified as follows:

1986-1988	\$34,689,893
1990-1992	\$68,107,473
1992-1994	\$15,749,976

Section 2. KRS 161.620 is amended to read as follows:

- (1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:
- For retirements effective July 1, 1998, and thereafter, except as otherwise provided by this section, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed by members of the Teachers' Retirement System who are members under the provisions of KRS 161.220(4)(b) or (n) shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section.
  - For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned less than ten (10) full years of service credit, the retirement allowance shall be two percent (2%) of the member's final average salary for each year of service. For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned at least ten (10) full years of service credit, the annual allowance for each year of service shall be two and one-half percent (2.5%) of the member's final average salary.
  - The board of trustees may approve for members who initially retire on or after July 1, 2004, except those persons who are members under KRS 161.220(4)(b) or (n), a retirement allowance of three

percent (3%) of the member's final average salary for each year of service credit earned in excess of thirty (30) years. This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. This subsection is optional with the board of trustees and shall not be subject to KRS 161.714.

- (d) The retirement allowance of a member at retirement, as measured on a life annuity, shall not exceed the member's last yearly salary or the member's final average salary, whichever is the greater amount. For purposes of this section, "yearly salary" means the compensation earned by a member during the most recent period of contributing service, either consecutive or nonconsecutive, preceding the member's effective retirement date and shall be subject to the provisions of KRS 161.220(9) and (10).
- (2) Effective July 1, 2002, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option shall be increased in the amount of one and one-half percent (1.5%), provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase.
- (3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than four hundred dollars (\$400) effective July 1, 2002, and not less than four hundred forty dollars (\$440) effective July 1, 2003, multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection.
- (4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.
- (5) Effective July 1, ~~2006~~~~[2004]~~, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed eight-tenths of one percent (0.8%) of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the ~~2006-2008~~~~[2002-2004]~~ biennium budget appropriation.
- (6) Effective July 1, ~~2007~~~~[2005]~~, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed ~~six-tenths~~~~[seven-tenths]~~ of one percent (~~0.6%~~~~[(0.7%)]~~) of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the ~~2006-2008~~~~[2002-2004]~~ biennium budget appropriation.
- (7) Effective July 1, 1990, monthly payments of two hundred dollars (\$200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

- (8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code.
- (9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's retirement annuity. The limitation on compensation for eligible members shall not be less than the amount which was allowed to be taken into account by the retirement system in effect on July 1, 1993. For this purpose, an eligible member is an individual who was a member of the retirement system before the first plan year beginning after December 31, 1995.

Section 3. KRS 161.661 is amended to read as follows:

- (1) Any member who has completed five (5) or more years of accredited service in the public schools of Kentucky after July 1, 1941, may retire for disability and be granted a disability allowance if found to be eligible as provided in this section. Application for disability benefits shall be made within one (1) year of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of employment in a position covered by the Teachers' Retirement System and subsequent to the completion of five (5) years of teaching service in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service. The annual disability allowance shall be equal to sixty percent (60%) of the member's final average salary. Members with twenty-seven (27) or more years of service credit are eligible for service retirement only.
- (2) The provisions of KRS 161.520, 161.525, and subsections (3), (4), and (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of these members.
- (3) Members shall earn one (1) year of entitlement to disability retirement, at sixty percent (60%) of the member's final average salary, for each four (4) years of service in a covered position, but any member meeting the service requirement for disability retirement shall be credited with no less than five (5) years of eligibility.
- (4) A member retired by reason of disability shall continue to earn service credit at the rate of one (1) year for each year retired for disability. This service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of a medical review committee, and this service shall be used in calculating benefits as provided in subsection (5) of this section, but under no circumstances shall this service be used to provide the member with more than twenty-seven (27) years of total service credit. The service credit shall be valued at the same level as service earned by active members as provided under KRS 161.600 and 161.620.
- (5) Any member retired by reason of disability and remaining disabled at the expiration of the entitlement period shall have his disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) of this section. The retirement allowance shall be calculated as set forth in KRS 161.620, except that those persons less than sixty (60) years of age shall be considered as sixty (60) years of age. Members having their disability benefits recalculated under this subsection shall not be entitled to a benefit based upon an average of their three (3) highest salaries as set forth in KRS 161.220(9), unless approved otherwise by the board of trustees.
- (6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy (70) or until the member's eligibility is discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period. Members who have their disability retirement allowance recalculated at the expiration of their entitlement period shall be entitled to a minimum monthly allowance of five hundred dollars (\$500) as the basic straight life annuity. The minimum allowance shall be effective July 1, 1992, and shall apply to those members who have had their allowance recalculated prior to that date and to disability retirees who will have their benefit allowance recalculated on or after that date.

- (7) Effective July 1, 1992, members retired for disability prior to July 1, 1964, shall be entitled to a minimum monthly allowance of five hundred dollars (\$500) as their basic straight life annuity and their surviving spouse shall be eligible for survivor benefits as provided in KRS 161.520(1)(a) and (b).
- (8) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or any member, who is age sixty (60) years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.
- (9) In order to qualify for retirement by reason of disability a member must suffer from a physical or mental condition presumed to be permanent in duration and of a nature as to render the member incapable of being gainfully employed in a covered position. The incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of a medical review committee.
- (10) A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of a medical review committee indicate the disability no longer exists, the allowance shall be discontinued.
- (11) Eligibility for payment shall begin on the first day of the month following receipt of the application in the Teachers' Retirement System office, or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.
- (12) No person who receives a disability allowance may be employed in a position that entails duties or qualification requirements similar to positions subject to participation in the retirement system either within or without the State of Kentucky. So doing shall constitute a misdemeanor and shall result in loss of the allowance from the first date of this service. A member who applies for and is approved for disability retirement on or after July 1, 2002, and whose annual disability benefit is less than forty thousand dollars (\$40,000) may earn income in any occupation other than covered employment only to the extent that the annual income from the other employment when added to the annual disability benefit does not exceed forty thousand dollars (\$40,000). For any member who exceeds this limit as a result of income from other employment, the Kentucky Teachers' Retirement System shall reduce the member's disability benefit on a dollar-for-dollar basis for each dollar that the member's combined annual disability benefit and annual income from other employment exceeds forty thousand dollars (\$40,000). The board of trustees may annually increase the forty thousand dollar (\$40,000) limit by the percentage increase in the annual average of the consumer price index for all urban consumers for the most recent calendar year as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%).
- (13) All members who applied for disability retirement before July 1, 2002, and were approved as a result of that application shall be subject to the income limitations as they existed on June 30, 2002, ***until July 1, 2006. Effective July 1, 2006, the twenty-seven thousand dollar (\$27,000) limitation shall be increased to forty thousand dollars (\$40,000) and may be adjusted by the board of trustees by the consumer price index in the manner described in this subsection (12) of this section.*** The recipient of a disability allowance who engages in any gainful occupation other than covered employment must make a report of the duties involved, compensation received, and any other pertinent information required by the board of trustees.
- ~~(14)~~~~(13)~~ The board of trustees shall designate medical review committees, each consisting of three (3) licensed physicians. A medical review committee shall pass upon all applications for disability retirement and upon all applicant statements, medical certifications, and examinations submitted in connection with disability applications. The disposition of each case shall be recommended by a medical review committee in writing to the retirement system. Members of a medical review committee shall follow administrative regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The retirement system may secure additional medical examinations and information as it deems necessary. A member may appeal any final agency decision denying his or her disability retirement application pursuant to the provisions of KRS 161.250(2).
- ~~(15)~~~~(14)~~ A disability may be presumed to be permanent if the condition creating the disability may be reasonably expected to continue for one (1) year or more from the date of application for disability benefits.
- ~~(16)~~~~(15)~~ Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of a medical review committee, may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve (12) months of

the date disability benefits terminated. If the termination of benefits were voluntary, the reinstatement may be made without medical examination if application is made within three (3) months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

~~(17)(16)~~ No person who is receiving disability benefits under this section may be employed in a position which qualifies the person for membership in a retirement system financed wholly or in part with public funds. Employment in a position prohibited by this subsection shall result in disqualification for those disability benefits from the date of employment in the prohibited position.

~~(18)(17)~~ Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section, or becomes disqualified from receiving a portion of those benefits due to income from other than covered employment, shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits. The Kentucky Teachers' Retirement System may, in order to collect an outstanding debt, reduce or terminate any benefit that a member is otherwise entitled to receive.

Section 4. KRS 161.520 is amended to read as follows:

Upon the death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

- (1) Where there is a surviving widow or widower who is named as the primary beneficiary of the member's retirement account, the benefit shall be:
  - (a) One hundred eighty dollars (\$180) per month with no restriction on other income;
  - (b) Two hundred forty dollars (\$240) per month when the surviving widow or widower's total income from all sources does not exceed six thousand six hundred dollars (\$6,600) per year or five hundred fifty dollars (\$550) per month; or
  - (c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life, except as provided in subsection (6) of this section. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower of a member who dies after July 1, 1978, shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.
- (2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be two hundred dollars (\$200) per month in the case of one (1) child, three hundred forty dollars (\$340) per month in the case of two (2) children, four hundred dollars (\$400) per month in the case of three (3) children, and four hundred forty dollars (\$440) per month in the case of four (4) or more children. Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (3) of this section.
- (3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars (\$200) per month, payable for the life of the child or until the time as the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The mental or physical condition of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(~~14~~)(~~13~~). Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (2) of this section.

- (4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars (\$200) per month for one (1) parent or two hundred ninety dollars (\$290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.
- (5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars (\$165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home, or other institution at the member's expense for same period.
- (6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19), if a full-time student in high school, or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent, or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.
- (7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating to eligibility or dependency, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems this action necessary.
- (8) No payment of benefits shall be made unless the board of trustees authorizes the payment. The board shall promulgate administrative regulations for the administration of the provisions in this section and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable.
- (9) In the event that there are no eligible survivors as defined in subsections (1) to (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of the accumulated contributions.
- (10) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits.

Section 5. Whereas, retirement annuity adjustments are implemented at the beginning of the fiscal year, an emergency is declared to exist, and this Act takes effect July 1, 2006.

- (1) The cabinet shall regulate the construction, installation, or alteration of on-site sewage disposal systems except for systems that have a surface discharge. ***The cabinet shall create and maintain an electronic database for Kentucky on-site wastewater systems information which for each system shall include but not be limited to permit application date, permit application status, system installation date, system type, latitude and longitude of system, records of system plan and site evaluations, inspection dates, and the condition of system at time of inspection. The cabinet shall within twenty-four (24) months of the effective date of this Act annually report to the Governor and the Legislative Research Commission on the status of on-site systems statewide, including numbers and types of systems, summaries of conditions of systems, geographic distribution, observations of trends, and recommendation for future protection of public health and safety with on-site sewage disposal systems.***
- (2) ***The Department for Public Health shall maintain a current list of approved and experimental on-site wastewater treatment technologies and shall make this list available, and guidance and expertise, to local health departments, which will provide it to on-site wastewater professionals and permit applicants.***
- (3) ***Site evaluations shall be completed by the local health department within fifteen (15) working days of receipt of the application. If further information is required, the local health department shall promptly notify the applicant and shall have an additional ten (10) working days after that submittal of additional information in which to evaluate and issue or deny the permit. It shall be the responsibility of the property owner or owner's agent to protect and maintain the suitability of an approved site and to notify the local health department for a reinspection if site conditions substantively change. If a site previously determined to be suitable is thereafter declared unsuitable by the local health department, remedial measures shall be provided in writing to the property owner or owner's agent within fifteen (15) working days.***
- (4) ***After the conclusion of the site evaluation, the local health department shall, upon request, provide a list of all options that may be approved for the property, including new and emerging technologies. It shall be the responsibility of the owner of advanced treatment, alternative, experimental, or new and emerging technology systems to contract with a management entity, certified system operator, or trained system operator to develop and implement an approved operations and maintenance plan specific to, and appropriate for, the approved system.***
- (5)~~(2)~~ No person, firm, or corporation shall construct, install, alter, or cause to be constructed, installed, or altered, any on-site sewage disposal system subject to regulation by the cabinet without having first obtained an on-site sewage disposal permit from the local health department. In lieu of inspection and certification by the local health department a licensed professional engineer in private practice licensed by the Commonwealth of Kentucky may perform site evaluations and approve system designs for an on-site sewage disposal system for the person, firm, or corporation and apply for the permit from the local health department. The final systems installation inspection shall be performed by the local health department ***as soon as practicable***. All applicable provisions of KRS Chapter 322 shall govern the licensed professional engineer. A professional engineer shall not perform site evaluations, approve system designs, or certify system installations of an on-site sewage disposal system on property owned by himself, an employee, or a partner of an engineering firm by which he is employed, or on property owned by the engineering firm. Nothing in this section shall be construed to deny a farmstead owner the right to obtain a permit. Except for farmstead owners on their own property, the construction, installation, or alteration shall be performed only by a person certified by the cabinet pursuant to KRS 211.357.

- ~~(6)(3)~~ A local health department that issues a permit for an on-site sewage disposal system based on the site evaluation or system design of a licensed professional engineer in private practice licensed by the Commonwealth of Kentucky shall not be held liable for any defects or failures of the on-site sewage disposal system due to the site evaluation or system design.
- ~~(7)(4)~~ No person, firm, or corporation shall use or continue to use or permit the use or continued use of any on-site sewage disposal system that is constructed, installed, or altered under an on-site sewage disposal permit if the cabinet or local health department through a duly authorized inspector, employee, agent, or licensed professional engineer in private practice licensed by the Commonwealth of Kentucky finds that the system was not constructed, installed, or altered in conformance with the permit and regulations issued by the cabinet.
- ~~(8)(5)~~ No certified electrical inspector acting under authority of KRS 227.491 shall issue the certificates of approval of temporary or permanent electrical wiring unless the inspector has in his or her possession a notice of release as described in paragraphs (a) and (b) of this subsection. The inspector shall record the number of the notice of release on the certificate of approval. The person requesting approval of electrical wiring shall be responsible for obtaining the release from the local health department and providing it to the electrical inspector. This requirement shall only apply to dwellings, mobile homes, manufactured housing, buildings, or other structures that are constructed or installed after July 15, 1998. This requirement shall not apply to structures that do not have sewage waste fixtures or to those that are connected to a sewage waste disposal system approved by the Environmental and Public Protection Cabinet. Nothing in this section shall be construed to deny the continued use of any electrical service connected to wiring approved prior to July 15, 1998.
- (a) An initial notice of release to allow temporary electrical power for construction shall be issued to the property owner or owner's agent by the local health department upon the application for a site evaluation.
  - (b) A final notice of release to allow for permanent electrical power shall be issued to the property owner or owner's agent by the local health department upon approval of an on-site sewage disposal plan.
  - (c) This section shall not apply to any county that has adopted the Uniform State Building Code and has and enforces on-site sewage disposal permitting.
- ~~(9)(6)~~ All applications for on-site sewage disposal permits shall be accompanied by plans and specifications for the proposed system, including results of soils tests and other information as directed by the cabinet by regulation. If the site evaluation or approval of the system design is performed by a licensed professional engineer in private practice licensed by the Commonwealth of Kentucky, the application shall be accompanied by a statement by the engineer that he has met the requirements of the regulations issued by the cabinet for site evaluation and system design. Any action to deny an application shall be subject to appeal, and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B.
- ~~(10)(7)~~ The cabinet shall fix a schedule of fees for the functions performed by the cabinet relating to the regulation of on-site sewage disposal systems. The fees shall be designed to fully cover the cost of the service performed but shall not exceed the cost of the service performed. Fees payable to the cabinet shall be paid into the State Treasury and credited to a trust and agency fund to be used by the cabinet in carrying out its responsibilities relating to the regulation of on-site sewage disposal systems. No part of the fund shall revert to the general fund of the Commonwealth.
- ~~(11)(8)~~ Any regulation relating to on-site sewage disposal that is in effect on July 15, 1992, shall remain in effect until altered by the secretary. The secretary may issue additional regulations necessary to carry out the purposes of this section.
- ~~(12)(9)~~ Nothing in this section shall authorize or allow the cabinet to inspect or take enforcement action against on-site sewage disposal systems installed on farmsteads prior to July 15, 1992, or modifications to those systems unless the actions are determined in writing by the cabinet, upon a written, verified complaint, to be necessary to prevent imminent harm or damage to the safety, life, or health of a person. In this instance, the cabinet shall deliver to the landowner a copy of the written determination and the verified complaint prior to the commencement of the inspection or enforcement action.

Section 2. KRS 211.370 is amended to read as follows:

The commissioner of the Department for Public Health shall, upon written request from a local board of health, authorize the local board of health to serve as its agent to issue permits for on-site sewage disposal systems *as*

*described in Section 1 of this Act* within that area of local board jurisdiction. As agent, the authorized local board of health shall act for the cabinet in issuing permits and granting variances for on-site sewage disposal systems. Actions by the local board of health shall comply with the regulations established by the cabinet relating to on-site sewage disposal systems. The local board of health shall include in the written request a procedure for administering this section. The local board of health may adopt regulations relating to the proper operation and maintenance of on-site sewage disposal systems. In counties containing a city of the first class or a consolidated local government and in urban-counties, the local board of health may adopt regulations relating to the proper construction, installation, and alteration of on-site sewage disposal systems which are more stringent than the regulations adopted by the cabinet.

Section 3. KRS 212.230 is amended to read as follows:

  - (a) Appoint a health officer and fix his salary subject to the approval of the Cabinet for Health and Family Services;

The council shall determine the preliminary maximum credit available for each taxpayer and shall notify the taxpayer of that amount by May 31 of the year in which the application was filed. If total credits applied for in any year exceed the certified rehabilitation credit cap, plus any amounts added to the cap pursuant to paragraph (c) of this subsection, the provisions of subsection (5) of this section shall be applied to reduce the approved credits for all taxpayers with qualifying applications for that year.*
  - (b) An application for *a final determination of credit* ~~shall must~~ be submitted to the council within thirty (30) days following the close of ~~the~~ *the* calendar year *in which the project is completed*. The council shall determine the *final* amount of credit approved for each taxpayer *based upon the actual expenditures, preliminary determination of maximum credit, and a determination that the expenditures are qualified rehabilitation expenses. The council shall* ~~and~~ notify the taxpayer and Department of Revenue of the *final* approved credit amount by the thirty first day of the third month following the close of the calendar year.
  - (c)
    1. *If the total amount of credits finally approved for a taxpayer under paragraph (b) of this subsection are less than the credits initially approved for a taxpayer under paragraph (a) of this subsection, the difference between the two amounts shall be added to the certified rehabilitation credit cap for the next calendar year.*
    2. *If the total amount of credits approved under paragraph (a) of this subsection in any calendar year is less than three million dollars (\$3,000,000), the difference between the credits actually awarded and the cap amount of three million dollars (\$3,000,000) shall be added to the certified rehabilitation credit cap for the next calendar year.*
- (3)
  - (a) The maximum credit which may be claimed with regard to owner-occupied residential property shall be sixty thousand dollars (\$60,000) subject to the provisions of subsection (5) of this section. - (6) If the credit amount that may be claimed in any tax year as determined under subsections (3) to (5) of this section exceeds the taxpayer's total tax liabilities under KRS~~136.070,~~ 136.505, 141.020, or 141.040, the taxpayer may carry the excess tax credit forward until the tax credit is used, provided that any tax credits not used within seven (7) years of the taxable year the certified rehabilitation was complete shall be lost.

- (12) The council may impose fees for processing applications for tax credits, not to exceed the actual cost associated with processing the applications.
- (13) The council may authorize a local government to perform an initial review of applications for the credit allowed under this section and forward the applications to the council with its recommendations.
- (14) The council and the Department of Revenue may promulgate administrative regulations in accordance with the provisions of KRS Chapter 13A to establish policies and procedures to implement the provisions of subsections (1) to (13) of this section.

Section 3. KRS 161.790 is amended to read as follows:

- (1) The contract of a teacher shall remain in force during good behavior and efficient and competent service by the teacher and shall not be terminated except for any of the following causes:
  - (a) Insubordination, including but not limited to violation of the school laws of the state or administrative regulations adopted by the Kentucky Board of Education, the Education Professional Standards Board, or lawful rules and regulations established by the local board of education for the operation of schools, or refusal to recognize or obey the authority of the superintendent, principal, or any other supervisory personnel of the board in the performance of their duties;
  - (b) Immoral character or conduct unbecoming a teacher;
  - (c) Physical or mental disability; or

- (d) Inefficiency, incompetency, or neglect of duty, when a written statement identifying the problems or difficulties has been furnished the teacher or teachers involved.
- (2) Charges under subsections (1)(a) and (1)(d) of this section shall be supported by a written record of teacher performance by the superintendent, principal, or other supervisory personnel of the district, except when the charges are brought as a result of a recommendation made under KRS 158.6455.
- (3) No contract shall be terminated except upon notification of the board by the superintendent. Prior to notification of the board, the superintendent shall furnish the teacher with a written statement specifying in detail the charge against the teacher. The teacher may within ten (10) days after receiving the charge notify the commissioner of education and the superintendent of his intention to answer the charge, and upon failure of the teacher to give notice within ten (10) days, the dismissal shall be final.
- (4) ***Except as provided in Section 2 of this Act***, upon receiving the teacher's notice of his intention to answer the charge, the commissioner of education shall appoint a three (3) member tribunal, consisting of one (1) teacher, who may be retired, one (1) administrator, who may be retired, and one (1) lay person, none of whom reside in the district, to conduct an administrative hearing in accordance with KRS Chapter 13B within the district. Priority for selection as a tribunal member shall be from a pool of potential tribunal members who have been designated and trained to serve as tribunal members on a regular and ongoing basis, pursuant to administrative regulations promulgated by the Kentucky Board of Education. Funds appropriated to the Department of Education for professional development may be used to provide tribunal member training. The commissioner of education shall name the chairman and set the date and time for the hearing. The hearing shall begin no later than forty-five (45) days after the teacher files the notice of intent to answer the charge.
- (5) A hearing officer shall have final authority to rule on dispositive prehearing motions.
- (6) The hearing may be public or private at the discretion of the teacher. At the hearing, a hearing officer appointed by the commissioner of education shall preside with authority to rule on procedural matters, but the tribunal shall be the ultimate trier of fact. The local board shall pay each member of the tribunal a per diem of one hundred dollars (\$100) and travel expenses.
- (7) Upon hearing both sides of the case, the tribunal may by a majority vote render its decision or may defer its action for not more than five (5) days. Provisions of KRS Chapter 13B notwithstanding, the tribunal decision shall be a final order and may be rendered on the record.
- (8) The superintendent may suspend the teacher pending final action to terminate the contract, if, in his judgment, the character of the charge warrants the action. If after the hearing the decision of the tribunal is against termination of the contract, the suspended teacher shall be paid his full salary for any period of suspension.
- (9) The teacher shall have the right to make an appeal to the Circuit Court having jurisdiction in the county where the school district is located in accordance with KRS Chapter 13B. The review of the final order shall be conducted by the Circuit Court as required by KRS 13B.150.
- (10) As an alternative to termination of a teacher's contract, the superintendent upon notifying the board and providing written notification to the teacher of the charge may impose other sanctions, including suspension without pay, public reprimand, or private reprimand. The procedures set out in subsection (3) of this section shall apply if the teacher is suspended without pay or publicly reprimanded. The teacher may appeal the action of the superintendent if these sanctions are imposed in the same manner as established in subsections (4) to (9) of this section. Upon completion of a suspension period, the teacher may be reinstated.

The authority may extend this two (2) year period upon the written application of an eligible company requesting an extension.

In addition to the applicable base hourly wage calculated above, the eligible company shall provide employee benefits equal to at least fifteen percent (15%) of the applicable base hourly wage; however, if the eligible company does not provide employee benefits equal to at least fifteen percent (15%) of the applicable base hourly wage, the eligible company may qualify under this section if it provides the employees hired by the eligible company as a result of the economic development project total hourly compensation equal to or greater than one hundred fifteen percent (115%) of the applicable base hourly wage through increased hourly wages combined with employee benefits.
  - (c) The requirements of this subsection shall not apply to eligible companies which are nonprofit corporations established under KRS 273.163 to 273.387 and whose employees are handicapped and sheltered workshop workers employed at less than the established minimum wage as authorized by KRS 337.295.

- (5) No economic development project which will result in the replacement of agribusiness, manufacturing, or electric generation facilities existing in the state shall be approved by the authority; however, the authority may approve an economic development project that:

Any economic development project satisfying the requirements of this subsection shall only be eligible for inducements to the extent of the expansion, and no inducements shall be available for the equivalent of the agribusiness, manufacturing, or electric generation facility to be replaced. No economic development project otherwise satisfying the requirements of this subsection shall be approved by the authority which results in a lease abandonment or lease termination by the approved company without the consent of the lessor.
- (6) With respect to each eligible company making an application to the authority for inducements, and with respect to the economic development project described in the application, the authority shall request materials and make inquiries of the applicant as necessary or appropriate. Upon review of the application and completion of initial inquiries, the authority may, by resolution, give its preliminary approval by designating an eligible company as a preliminarily approved company and authorizing the undertaking of the economic development project. After preliminary approval, the authority may by final approval designate an eligible company to be an approved company.

Section 94. KRS 163.475 is amended to read as follows:

- (1) The General Assembly finds that the provision of industrial evaluation, training, and employment opportunities for individuals who are blind or visually impaired is a valuable and necessary component of vocational rehabilitation services. The *Office*~~[Department]~~ for the Blind has sole responsibility for and the obligation to operate and manage a Division of the Kentucky Industries for the Blind. This facility has struggled to meet these mandates but, faced with declining available state revenues, expects a continual diminishment to a submarginal operation with respect to providing viable long-term employment opportunities that are self-sustaining and sufficiently diversified for individuals who are blind or visually impaired.
- (2) The General Assembly finds that increased flexibility in contract negotiation, purchasing, and hiring will enhance the competitiveness of the Kentucky Industries for the Blind, resulting in additional production

contracts thereby guaranteeing continued and expanded jobs and other opportunities for individuals who are blind or visually impaired. This flexibility and competitiveness can be achieved through the operation of the Kentucky Industries for the Blind by a nonprofit corporation, the members of which have expertise in management skills and background pertaining to sound business practices and rehabilitation philosophy.

- (3) The General Assembly finds that a transition period from state division to a nonprofit operation is necessary to ensure the success and continuation of the important functions of the Kentucky Industries for the Blind. Therefore, the General Assembly shall continue to support the Division of the Kentucky Industries for the Blind through appropriations to the ~~Office~~~~Department~~ for the Blind for six (6) years in order to eliminate eventually the necessity for annual state appropriations. The ~~Office~~~~Department~~ for the Blind shall monitor and safeguard the expenditure of those public moneys for the use and benefit of the Kentucky Industries for the Blind and citizens who are blind and visually impaired in the Commonwealth.
- (4) The General Assembly finds that the continued employment of current employees of the Division of the Kentucky Industries for the Blind is a necessary and important outcome. The ~~Office~~~~Department~~ for the Blind shall ensure through contractual provisions that the nonprofit corporation it contracts with pursuant to KRS 163.480(2) offers employment to every employee of the Kentucky Industries for the Blind at the time the nonprofit corporation assumes total responsibility for the operation of the workshop. The ~~Office~~~~Department~~ for the Blind shall maximize the retirement benefits for each current employee of the Division of Kentucky Industries for the Blind at the time the ~~office~~~~department~~ contracts for total operation by the nonprofit corporation through the parted employer provisions of KRS 61.510 to 61.705.
- (5) The General Assembly finds that at the time the Kentucky Industries for the Blind is operated totally by the nonprofit corporation, the ~~Office~~~~Department~~ for the Blind shall have the authority to convey ownership of the workshop to any nonprofit corporation with which it contracts pursuant to KRS 163.480(2) without financial consideration, including real and personal property, inventory of materials, and stores for resale. The instrument of conveyance to such nonprofit corporation shall provide that the real property and production equipment conveyed, or sufficient remuneration therefor, shall revert to the state at any time the nonprofit corporation or its successor shall cease operating the Kentucky Industries for the Blind for the benefit of individuals who are blind or visually impaired.

Section 95. KRS 163.480 is amended to read as follows:

- (1) The ~~Office~~~~Department~~ for the Blind may contract, to the extent funds are available under this chapter and under conditions and standards established by the ~~office~~~~department~~, with any nonprofit corporation able to provide expertise in the operation of workshops for and rehabilitation of individuals who are blind or visually impaired and whose objectives are to carry out the purposes of KRS 163.470(12)~~(13)~~.
- (2) The ~~Office~~~~Department~~ for the Blind shall contract with a nonprofit corporation, effective July 1, 2000, to provide industrial evaluation, training, and employment opportunities for individuals who are blind or visually impaired~~[as previously provided by the Division of Kentucky Industries for the Blind]~~.

- (1) The secretary ***of the Education Cabinet*** may enter into arrangements with the appropriate agencies of other states or of the federal government, or both, for the purpose of assisting the secretary and such agencies in the payment of benefits and the furnishing of services to unemployed or underemployed workers. - (2) The secretary may enter into arrangements with the appropriate agencies of other states or the federal government whereby workers performing services in this and other states for a single employing unit under circumstances not specifically provided in KRS 341.050, or under similar provisions in the unemployment

compensation laws of such other states, shall be deemed to be engaged in employment performed entirely within this state or within one of such other states.

- (3) (a) The secretary shall participate in any arrangements for the payment of benefits on the basis of combining an individual's wages and employment covered under this chapter with his wages and employment covered under the unemployment compensation laws of other states or the federal government which are approved by the United States Secretary of Labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of benefits in such situations and which include provisions for applying the base period of a single state law to a claim involving the combining of an individual's wages and employment covered under two (2) or more state unemployment compensation laws, and avoiding the duplicate use of wages and employment by reason of such combining. Reimbursements to another state or the federal government, paid from the fund pursuant to this subsection, shall be deemed to be benefits for the purposes of this chapter and charged to contributory employers' reserve accounts and reimbursing employers' accounts in accordance with the provisions of subsections (2) and (3) of KRS 341.530 to the extent of calculations made on wages paid during the base period established by KRS 341.090 and wages paid after such base period; provided, however, benefits based on a period previous to the base-wage period established by KRS 341.090 shall be charged to the pooled account for contributing employers only. Provided, that if the Secretary of Labor determines that the charging of reimbursements provided above is inconsistent with the requirements of the Federal Unemployment Tax Act, charges of such reimbursements shall then be made in accordance with regulations prescribed by the secretary.
- (b) In order that such reciprocal arrangements, when entered into, may be effectuated, wages for insured work under an employment security law of another state or of the federal government shall be deemed to be wages earned in covered employment from a subject employer for the purpose of determining his benefits under this chapter.
- (4) Notwithstanding any other provision of this chapter, benefits shall not be denied or reduced to an individual solely because he files a claim in another state (or a contiguous country with which the United States has an agreement with respect to unemployment compensation) or because he resides in another state (or such a contiguous country) at the time he files a claim for benefits.
- (5) To the extent permissible under the laws and Constitution of the United States, the secretary is authorized to enter into or cooperate in arrangements or reciprocal agreements with appropriate and duly authorized agencies of other states or the United States Secretary of Labor or both, whereby:
  - (a) Overpayments of unemployment benefits, as determined under this chapter, shall be recoverable (after due notice and opportunity for appeal has been provided to the claimant) by offset from unemployment benefits otherwise payable under the unemployment compensation law of another state, in either the current or any subsequent benefit year, in an amount equivalent to the amount of overpayment determined under this chapter, provided the **Office of Employment and Training, Department of Workforce Investment, ~~(department)~~** certifies to the other state the facts involved and that the claimant is liable to repay the benefits and the **office ~~(department)~~** requests the other state to recover the benefits; and
  - (b) Overpayments of unemployment benefits, as determined under the unemployment compensation law of another state, shall be recoverable (after such state has provided due notice and opportunity for appeal to the claimant) by offset from unemployment benefits otherwise payable under this chapter, in either the current or subsequent benefit year, in an amount equivalent to the amount of overpayment determined by such other state, provided such state certifies to the **office ~~(department)~~** the facts involved and that the individual is liable to repay the benefits and the state requests the **office ~~(department)~~** to recover the benefits; and
  - (c) Provided there is in effect a reciprocal agreement between this state and the United States Secretary of Labor, as authorized by Section 303(g)(2) of the Social Security Act, the overpayment of unemployment benefits or allowances for unemployment provided under a federal program administered by this state shall be recoverable by offset from benefits otherwise payable under this chapter or any such federal program. Such agreement shall also suffice to permit the offset from unemployment benefits, otherwise payable under a federal program administered by this state, the overpayment of unemployment benefits paid under this chapter.

If another state also has in effect a like agreement with the United States Secretary of Labor, then these provisions for cross-offset of state and federal unemployment benefits shall apply to benefits otherwise payable under this chapter, the laws of the other state or any federal unemployment program administered by either state.

Such services shall cease to be considered covered employment subject hereto as of January 1 of a calendar year subsequent to such two (2) calendar years, only if on or before April 15 of such year such employing unit has filed with the ~~office~~~~(department)~~ a written notice to that effect.
  - (c) Any employing unit having service performed in covered employment solely by reason of paragraph (h) of subsection (1) of KRS 341.050 may terminate such service as "covered employment" as of the first day of January of any calendar year if such service does not meet the provisions of paragraph (e), (f) or (g), but only if on or before April 15 of such year, the employing unit has filed with the ~~office~~~~(department)~~ a written request to terminate service as "covered employment."

- (2) Any contractor, who is or becomes a subject employer under the provisions of this chapter, who contracts with any subcontractor, who also is or becomes a subject employer under the provisions of this chapter, shall withhold sufficient moneys on said contract to guarantee that all contributions, penalties, and interest are paid upon completion of said contract, or shall require of said subcontractor a good and sufficient bond guaranteeing payment of all contributions, penalties, and interest due, or to become due with respect to wages paid for employment on said contract. Failure to comply with the provisions of this section shall render said contractor directly liable for such contributions, penalties, and interest due from said subcontractor and the wages paid by said subcontractor shall be deemed wages paid by the said contractor with respect to the same periods for all purposes under this chapter, and liens of the same nature are attachable and enforceable in the same manner as liens under KRS 341.310 and 341.315. - (2) Except as otherwise provided in this section, no subject employer's contribution rate shall be less than two and seven-tenths percent (2.7%), unless he has been an employer subject to the provisions of this chapter for twelve (12) consecutive calendar quarters ended as of the computation date. In any calendar year in which the rate schedule prescribed in paragraph (3)(a) of this section is in effect, no subject employer who was assigned an entry rate of three percent (3.0%) under the provisions of subsection (1) of this section prior to January 1, 1999, shall have a contribution rate less than two and eight hundred fifty-seven thousandths percent (2.857%), unless subject to this chapter for the minimum time period specified above.
- (3) For the calendar year 2001 and each calendar year thereafter, employer contribution rates shall be determined in accordance with "Table A" set out in subsection (4) of this section. For each calendar year, the secretary shall determine the rate schedule to be in effect based upon the "trust fund balance" as of December 31 of the preceding year. If the "trust fund balance":
  - (a) Equals or exceeds one and eighteen hundredths percent (1.18%) of the total wages paid in covered employment in the state during the state fiscal year ended as of June 30 of that year, the rates listed in the "Trust Fund Adequacy Rates" schedule of "Table A" shall be in effect.
  - (b) Equals or exceeds three hundred fifty million dollars (\$350,000,000) but is less than the amount required to effectuate the "Trust Fund Adequacy Rates" schedule as provided in paragraph (a) of this subsection, the rates listed in "Schedule A" of "Table A" shall be in effect.
  - (c) Equals or exceeds two hundred seventy-five million dollars (\$275,000,000) but is less than three hundred fifty million dollars (\$350,000,000), the rates listed in "Schedule B" of "Table A" shall be in effect.
  - (d) Equals or exceeds two hundred fifty million dollars (\$250,000,000) but is less than two hundred seventy-five million dollars (\$275,000,000), the rates listed in "Schedule C" of "Table A" shall be in effect.
  - (e) Equals or exceeds one hundred fifty million dollars (\$150,000,000) but is less than two hundred fifty million dollars (\$250,000,000), the rates listed in "Schedule D" of "Table A" shall be in effect.

- (f) Is less than one hundred fifty million dollars (\$150,000,000), the rates listed in "Schedule E" of "Table A" shall be in effect.
- (4) For the calendar year 1982 and each calendar year thereafter, contribution rates shall be determined upon the basis of an individual employer's reserve ratio as of the computation date and the schedule of rates established under subsection (3) of this section. Except as otherwise provided in this section, the contribution rate for each subject employer for the calendar year immediately following the computation date shall be the rate in that "Schedule" of "Table A," as set out below, effective with respect to the calendar year, which appears on the same line as his reserve ratio as shown in the "Employer Reserve Ratio" column of the same table.

(5) As used in this section and elsewhere in this chapter, unless the context clearly requires otherwise:

- (a) "Trust fund balance" means the amount of money in the unemployment insurance fund, less any unpaid advances made to the state under Section 1201 of the Social Security Act. In determining the amount in the fund as of a given date all money received by the ***Office of Employment and Training, Department of Workforce Investment,***~~[department]~~ on that date shall be considered as being in the fund on that date.
- (b) "Total wages" means all remuneration for services, as defined in KRS 341.030(1) to (7), paid by subject employers.
- (c) An employer's "reserve ratio" means the percentage ratio of his reserve account balance as of the computation date to his taxable payrolls for the twelve (12) consecutive calendar quarters ended as of September 30 immediately preceding the computation date.
- (d) For the purposes of this section, an employer's "reserve account balance" means the amount of contributions credited to his reserve account as of the computation date, less the benefit charges through September 30 immediately preceding the computation date. If benefits charged to an account exceed contributions credited to the account, the account shall be considered as having a debit balance and a reserve ratio of "less than zero."
- (e) "Computation date" is October 31 of each calendar year prior to the effective date of new rates of contributions.

Section 145. KRS 341.275 is amended to read as follows:

- (1) For the purpose of this section, a nonprofit organization is an organization (or group of organizations) described in Section 501(c)(3) of the United States Internal Revenue Code which is exempt from income tax under Section 501(a) of such code. For the purpose of this section, "cabinet" shall mean the ***Education Cabinet***~~[for Workforce Development]~~ and "secretary" shall mean the secretary ***of the Education Cabinet***~~[for workforce development]~~.
- (2) Any nonprofit organization which, pursuant to KRS 341.070(4), is, or becomes, a subject employer shall pay contributions under the provisions of KRS 341.270, unless it elects, in accordance with this section, to pay to the cabinet for the fund an amount equal to the amount of regular benefits and of one-half (1/2) of the extended

benefits paid to workers for weeks of unemployment that is attributable to service in the employ of the nonprofit organization, performed during the effective period of the election but only if the employer is the worker's most recent employer. No employer shall be deemed to be the most recent employer unless the eligible worker to whom benefits are payable shall have worked for that employer in each of ten (10) weeks whether or not consecutive.

- (a) Any nonprofit organization which is, or becomes, a subject employer on July 1, 1972, may elect to become liable for payments in lieu of contributions for a period of not less than the remainder of 1972 and the calendar year of 1973, provided it files with the cabinet a written notice of its election within the thirty (30) day period immediately following such date.
  - (b) Any nonprofit organization which becomes a subject employer after July 1, 1972, may elect to become liable for payments in lieu of contributions for a period of not less than the period of subjectivity during the year in which such subjectivity begins and the following calendar year by filing a written notice of its election with the cabinet not later than thirty (30) days immediately following the date of the determination of such subjectivity.
  - (c) Any nonprofit organization which makes an election in accordance with paragraph (a) or paragraph (b) of this subsection will continue to be liable for payments in lieu of contributions until it files with the secretary a written notice terminating its election not later than thirty (30) days prior to the beginning of the calendar year for which such termination shall first be effective, except that liability for payments in lieu of contributions shall continue thereafter with respect to wages paid prior to the effective date of such termination.
  - (d) Any nonprofit organization which has been paying contributions under this chapter for a period subsequent to July 1, 1972, may change to a reimbursable basis by filing with the cabinet not later than thirty (30) days prior to the beginning of any calendar year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by such organization for that and the following year.
  - (e) The secretary may for good cause extend the period within which a notice of election, or a notice of termination, must be filed and may permit an election to be retroactive but not any earlier than with respect to benefits paid after December 31, 1969.
  - (f) The secretary shall notify each nonprofit organization of any determination which may be made of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Such determinations shall be subject to appeal and review in accordance with the provisions of KRS 341.430(2).
- (3) Payments in lieu of contributions shall be made in accordance with the provisions of this subsection.
- (a) At the end of each calendar quarter, the cabinet shall bill each nonprofit organization (or group of such organizations) which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular benefits plus one-half (1/2) of the amount of extended benefits paid during such quarter plus any prior period adjustments, which are attributable to service performed in covered employment in the employ of such organization.
  - (b) Payment of any bill rendered under paragraph (a) shall be made not later than thirty (30) days after such bill was mailed to the last known address of the nonprofit organization or was otherwise delivered to it, unless there has been an application for review in accordance with paragraph (d) of this subsection.
  - (c) Payments made by any nonprofit organization under the provisions of this subsection shall not be deducted or deductible, in whole or in part, from the remuneration of workers in the employ of the organization.
  - (d) The amount due specified in any bill from the secretary shall be conclusive on the organization unless, not later than fifteen (15) days after the bill was mailed to its last known address or otherwise delivered to it, the organization files an appeal to the ~~commission~~<sup>cabinet</sup>, setting forth the grounds for such appeal. Proceedings on appeal to the ~~commission~~<sup>cabinet</sup> from the amount of a bill rendered under this subsection shall be in accordance with the provisions of KRS 341.430 and the decision of the ~~commission~~<sup>cabinet</sup> shall be subject to review under the provisions of KRS 341.460(1).

- (e) Past-due payments of amounts in lieu of contributions shall be subject to the same interest, penalties, collection service, and lien provisions that, pursuant to KRS 341.300 to 341.310, apply to past-due contributions.
- (4) (a) The secretary may, in accordance with regulations prescribed by the cabinet, require any nonprofit organization that elects to become liable for payments in lieu of contributions to deposit with the cabinet, within thirty (30) days after the effective date of its election as a condition thereof, money equal to two percent (2%) of the organization's total wages paid for employment as defined in KRS 341.050(1)(e) for the four (4) calendar quarters immediately preceding the effective date of such election. If the nonprofit organization did not pay wages in each of such four (4) calendar quarters, the amount of the deposit shall be as determined by the secretary.
- (b) Money deposited in accordance with this subsection shall be retained by the cabinet in an escrow account until all possible liability to the fund under the election is terminated, at which time it shall be returned to the organization, less any deductions as hereinafter provided. The cabinet may deduct from the money deposited under this subsection by a nonprofit organization to the extent necessary to satisfy any due and unpaid payments in lieu of contributions and any applicable interest and penalties provided for in paragraph (e) of subsection (3) of this section. The secretary shall require the organization within thirty (30) days following any deduction from a money deposit under the provisions of this subsection to deposit sufficient additional money to make whole the organization's deposit at the prior level. The secretary may, at any time, review the adequacy of the deposit made by any organization. If, as a result of such review, he determines that an adjustment is necessary, he shall require the organization to make additional deposit within thirty (30) days of written notice of his determination or shall return to it such portion of the deposit as he no longer considers necessary, whichever action is appropriate.
- (c) If any nonprofit organization fails to make a deposit, or to increase or make whole the amount of a previously made deposit, as provided under this subsection, the secretary may terminate such organization's election to make payments in lieu of contributions and such termination shall continue for not less than the remainder of that calendar year and the following calendar year beginning with the quarter in which such termination becomes effective; provided, that the secretary may extend for good cause the applicable filing, deposit, or adjustment period by not more than sixty (60) days.
- (5) If any nonprofit organization is delinquent in making payments in lieu of contributions as required under subsection (3) of this section, the secretary may terminate such organization's election to make payments in lieu of contributions as of the beginning of the next calendar year, and such termination shall be effective for that and the next calendar year.
- (6) Notwithstanding any other section of this chapter, no employing unit electing to make payments in lieu of contributions under the provisions of this section shall be entitled to relief of benefit charges.

Section 146. KRS 341.300 is amended to read as follows:

- (1) Contributions unpaid on the date on which they are due and payable, as prescribed by the secretary, shall be subject to interest at the rate of one and five-tenths percent (1.5%) per month or fraction thereof, not to exceed ninety percent (90%) of the amount of such contributions, from and after such date until payment is received by the **Office of Employment and Training, Department of Workforce Investment**~~department~~, irrespective of whether such delinquency has been reduced to a judgment or not as provided in subsection (2) of this section or is the subject of an administrative appeal or court action. Such interest shall be paid into the unemployment compensation administration fund.
- (2) If, after due notice, any subject employer defaults in any payment of contributions, interest or penalties thereon, the amount due shall be collected by a civil action instituted in the Franklin Circuit Court or the Franklin District Court depending upon the jurisdictional amount in controversy including interest and penalties in the name of the state, and the subject employer adjudged in default shall pay the costs of the action. Civil actions brought under this section shall be heard by the court, without the intervention of a jury, at the earliest possible date, and shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under this chapter and cases arising under the workers' compensation law.
- (3) At or after the commencement of an action under subsection (2) of this section attachment may be had against the property of the liable subject employer for such contributions, interest and penalties without the execution

of a bond, or after judgment has been entered an execution may be issued against the property of such employer without the execution of a bond.

- (4) An action for the recovery of contributions, interest or penalties under this section shall be barred and any lien therefor shall be canceled and extinguished unless collected or suit for collection has been filed within five (5) years from the due date of such contributions, except in the case of the filing of a false or fraudulent report the contributions due shall not be barred and may at any time be collected by the methods set out in this chapter, including action in a court of competent jurisdiction.

Section 147. KRS 341.360 is amended to read as follows:

No worker may be paid benefits for any week of unemployment:

- (1) With respect to which a strike or other bona fide labor dispute which caused him to leave or lose his employment is in active progress in the establishment in which he is or was employed, except that benefits may be paid unless the employer notifies the **Office of Employment and Training, Department of Workforce Investment,**~~[department]~~ in writing within seven (7) days after the beginning of such alleged strike or labor dispute of the alleged existence of such strike or labor dispute. For the purpose of this subsection a lockout shall not be deemed to be a strike or a bona fide labor dispute and no worker shall be denied benefits by reason of a lockout;
- (2) For which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States, except as otherwise provided by an arrangement between this state and such other state or the United States. But if the appropriate agency of such state or of the United States finally determines that he is not entitled to such unemployment compensation, this subsection shall not apply; or
- (3)
  - (a) Which, when based on service in an instructional, research, or principal administrative capacity in an institution of higher education as defined in subsection (2) of KRS 341.067 or in an educational institution as defined in subsection (4) of KRS 341.067, begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the worker performs such services in the first of such academic years or terms and if there is a contract or a reasonable assurance that the worker will perform such services in any such capacity for any institution or institutions of higher education or an educational institution in the second of such academic years or such terms; or
  - (b) Which, when based on service other than as defined in paragraph (a) of this subsection, in an institution of higher education or an educational institution, as defined in subsection (2) or (4) of KRS 341.067, begins during the period between two (2) successive academic years or terms, if the worker performs such services in the first of such academic years or terms and there is a reasonable assurance that the worker will perform such services in the second of such academic years or terms; except that if benefits are denied to any worker under this paragraph and such worker was not offered an opportunity to perform such services for such institution of higher education or such educational institution for the second of such academic years or terms, such worker shall be entitled to a retroactive payment of benefits for each week for which the worker filed a timely claim for benefits and for which benefits were denied solely by reason of this paragraph; or
  - (c) Which, when based on service in any capacity defined in paragraphs (a) and (b) of this subsection, begins during an established and customary vacation period or holiday recess if the worker performs any such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such worker will perform any such services in the period immediately following such vacation period or holiday recess; or
  - (d) Based on service in any capacity defined in paragraph (a) or (b) of this subsection when such service is performed by the worker in an institution of higher education or an educational institution, as defined in subsection (2) or (4) of KRS 341.067, while the worker is in the employ of an educational service agency, and such unemployment begins during the periods and pursuant to the conditions specified in paragraphs (a), (b), and (c) of this subsection. For purposes of this paragraph the term "educational service agency" means a governmental agency or governmental entity which is established and operated

exclusively for the purpose of providing such services to one (1) or more institutions of higher education or educational institutions.

- (4) Except that any benefits paid to a worker based on service other than as defined in subsection (3)(a) of this section performed in an institution of higher education as defined in subsection (2) of KRS 341.067 shall be deemed to have been paid as a result of **Office of Employment and Training, Department of Workforce Investment,**~~[departmental]~~ error and not recoverable by the cabinet or such institution if such payment is improper by virtue of the retroactive application to October 30, 1983, of subsection (3)(b) of this section.
- (5) Benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sport seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).
- (6)
  - (a) Benefits shall not be paid on the basis of services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act).
  - (b) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.
  - (c) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.
- (7) With respect to which the worker is suspended from work for misconduct, as defined in KRS 341.370(6), connected with the work.

Section 148. KRS 341.370 is amended to read as follows:

- (1) A worker shall be disqualified from receiving benefits for the duration of any period of unemployment with respect to which:
  - (a) He has failed without good cause either to apply for available, suitable work when so directed by the employment office or the secretary or to accept suitable work when offered him, or to return to his customary self-employment when so directed by the secretary; or
  - (b) He has been discharged for misconduct or dishonesty connected with his most recent work, or from any work which occurred after the first day of the worker's base period and which last preceded his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct; or
  - (c) He has left his most recent suitable work or any other suitable work which occurred after the first day of the worker's base period and which last preceded his most recent work voluntarily without good cause attributable to the employment. No otherwise eligible worker shall be disqualified from receiving benefits for leaving his next most recent suitable work which was concurrent with his most recent work, or for leaving work which is one hundred (100) road miles or more, as measured on a one (1) way basis, from his home to accept work which is less than one hundred (100) road miles from his home, or for otherwise accepting work which is a bona fide job offer with a reasonable expectation of continued employment.
- (2) A worker shall be disqualified from receiving benefits for any week with respect to which he knowingly made a false statement to establish his right to or the amount of his benefits, and, within the succeeding twenty-four (24) months, for the additional weeks immediately following the date of discovery, not to exceed a total of fifty-two (52), as may be determined by the secretary.
- (3) No worker shall be disqualified under paragraph (b) or (c) of subsection (1) of this section unless the employer, within a reasonable time as prescribed by regulations promulgated by the secretary, notifies the **Education Cabinet**~~[for Workforce Development]~~ and the worker in writing of the alleged voluntary quitting or the

discharge for misconduct. Nothing in this subsection shall restrict the right of the secretary to disqualify a worker whose employer has refused or failed to notify the **Education Cabinet**~~[for Workforce Development]~~ of the alleged voluntary quitting or discharge for misconduct, if the alleged voluntary quitting or discharge for misconduct is known to the secretary prior to the time benefits are paid to the worker. The exercise of the right by the secretary, in the absence of timely notice from the employer, shall not relieve the employer's reserve account or reimbursing employer's account of benefit charges under the provisions of subsection (3) of KRS 341.530.

- (4) As used in this section and in subsection (3) of KRS 341.530, "most recent" work shall be construed as that work which occurred after the first day of the worker's base period and which last preceded the week of unemployment with respect to which benefits are claimed; except that, if the work last preceding the week of unemployment was seasonal, intermittent, or temporary in nature, most recent work may be construed as that work last preceding the seasonal, intermittent, or temporary work.
- (5) No worker shall be disqualified or held ineligible under the provisions of this section or KRS 341.350, who is separated from employment pursuant to a labor management contract or agreement, or pursuant to an established employer plan, program, or policy, which permits the employer to close the plant or facility for purposes of vacation or maintenance.
- (6) "Discharge for misconduct" as used in this section shall include, but not be limited to, separation initiated by an employer for falsification of an employment application to obtain employment through subterfuge; knowing violation of a reasonable and uniformly enforced rule of an employer; unsatisfactory attendance if the worker cannot show good cause for absences or tardiness; damaging the employer's property through gross negligence; refusing to obey reasonable instructions; reporting to work under the influence of alcohol or drugs or consuming alcohol or drugs on employer's premises during working hours; conduct endangering safety of self or co-workers; and incarceration in jail following conviction of a misdemeanor or felony by a court of competent jurisdiction, which results in missing at least five (5) days work.
- (7) "Duration of any period of unemployment," as that term is used in this section, shall be the period of time beginning with the worker's discharge, voluntary quitting, or failure to apply for or accept suitable work and running until the worker has worked in each of ten (10) weeks, whether or not consecutive, and has earned ten (10) times his weekly benefit rate in employment covered under the provisions of this chapter or a similar law of another state or of the United States.

Section 149. KRS 341.410 is amended to read as follows:

The ~~secretary~~~~[commissioner]~~ acting through his duly authorized representatives shall, upon request, determine the insured status of a worker. If a worker is found to have fully insured status, as defined in subsection (3) of KRS 341.090, the Division of **Unemployment Insurance** shall notify all interested parties. If found to be not fully insured, the division shall notify the worker. The ~~secretary~~~~[commissioner]~~ may, at any time within a worker's benefit year, make such further determinations as may affect the worker's eligibility for benefits or may set aside, reconsider, modify, or amend a determination at any time on the basis of additional information or to correct a clerical mistake. The commission may by regulation prescribe what constitutes a determination as used in this section and subsections (2) and (3) of KRS 341.420.

Section 150. KRS 341.415 is amended to read as follows:

- (1) Any person who has received any sum as benefits under this chapter or any other state's unemployment insurance statutes or any United States Department of Labor unemployment insurance benefit program providing the secretary has signed a reciprocal agreement with such other state or the United States Department of Labor as provided in KRS 341.145, while any condition for the receipt of such benefits was not fulfilled in his case, or while he was disqualified from receiving benefits, or if he has received benefits in weeks for which he later receives a back pay award, shall, in the discretion of the secretary, either have such sum deducted from any future benefits payable to him under this chapter or repay the **Office of Employment and Training, Department of Workforce Investment**~~[department]~~ for the fund a sum equal to the amount so received by him. If after due notice the recipient of such sum fails to remit or arrange for remittance of the sum, the sum may be collected in the manner provided in KRS 341.300(2) for collection of past-due contributions and any sums so collected shall be credited to the pooled account or the appropriate reimbursing employer account. However, if the benefit was paid as a result of ~~office~~~~[departmental]~~ error as defined by administrative regulation, there shall be no recoupment or recovery of an improperly paid benefit, except by deduction from any future benefits payable to him under this chapter. For purposes of this section, overpayments as a result of

a reversal of entitlement to benefits in the appeal or review process shall not be construed to be the result of ~~office[departmental]~~ error.

- (2) At or after the commencement of an action under subsection (1) of this section, attachment may be had against property of the recipient of improperly paid benefits in the manner provided in KRS 341.300(3).
- (3) A lien on a parity with state, county, and municipal ad valorem tax liens, is hereby created in favor of the ~~office[department]~~ upon all property of any recipient of improperly paid benefits. This lien shall be for a sum equal to the amount of the overpayment finally determined and shall continue until the amount of the overpayment plus any subsequent assessment of additional improperly paid benefits, interest, and fees are fully paid. The lien shall commence from such time as the recipient has exhausted or abandoned the appeal procedure set forth in this chapter and the amount of the overpayment is finally fixed. A notice of lien may be filed in the same manner as that provided for in KRS 341.310.
- (4) Any amount paid to a person as benefits, which he has been found liable to repay or to have deducted from future benefits under subsections (1), (2), and (3) of this section, which has neither been repaid nor so deducted within a period of five (5) years following the last day of the benefit year within which it was paid, may be deemed to be uncollectible and shall be permanently charged to the pooled account, except that if such payment was made by reason of fraudulent representations, no future benefits shall be paid such person within a period of ten (10) years of the last day of the benefit year within which such payments were made at which time these amounts may be declared uncollectible. Nothing in this subsection shall be deemed to affect collection of improperly paid benefits pursuant to a judgment or other legal remedy.
- (5) In the event benefits have been paid as a result of false statement, misrepresentation, or concealment of material information by a recipient of benefits and have not been repaid by the recipient within one (1) calendar year from the date of the first notice, interest at the rate of one and five-tenths percent (1.5%) per month or any part thereof, shall be imposed on and added to the unpaid balance each successive month, providing due notice has been given to the recipient. Such interest shall be paid into the unemployment compensation administration account.
- (6) The deduction from future benefits specified in subsection (1) of this section shall be limited to twenty-five percent (25%) of the benefit amount otherwise payable under this chapter unless the overpayment resulted from a backpay award, false statement, misrepresentation, or concealment of material information by a recipient of benefits. In these instances, the rate of deduction shall be one hundred percent (100%). The rate of deduction from benefits payable by another state or the United States of America shall be determined by the applicable state or federal statute.

Section 151. KRS 341.420 is amended to read as follows:

- (1) The secretary shall appoint one (1) or more impartial referees according to KRS 341.125 to hear and decide appealed claims.
- (2) A party to a determination may file an appeal to a referee as to any matter therein within fifteen (15) days after the date such determination was mailed to his last known address.
- (3) If benefits are allowed by a determination of the secretary, or a decision of a referee, *the commission*, the secretary, or a reviewing-court, such benefits shall be paid promptly without regard to the pendency of an appeal or period for filing an appeal therefrom. If a determination or decision allowing benefits is modified or reversed by a subsequent determination or decision, benefits shall be paid or denied for weeks of unemployment thereafter in accordance with such modification or denial. No injunction, supersedeas, stay or other writ or process suspending payment of such benefits shall be issued.
- (4) Unless such appeal is withdrawn, a referee, after affording the parties reasonable opportunity for a fair hearing, shall affirm or modify the determination. The parties shall be duly notified of his decision, together with the reasons therefor, which shall be deemed to be the final decision unless within fifteen (15) days after the date of mailing of such decision, further appeal is initiated under KRS 341.430.
- (5) No finding of fact or law, judgment, conclusion, or final order made with respect to a claim for unemployment compensation under this chapter may be conclusive or binding in any separate or subsequent action or proceeding in another forum, except proceedings under this chapter, regardless of whether the prior action was between the same or related parties or involved the same facts.

Section 152. KRS 341.440 is amended to read as follows:

- (1) The manner in which appeals are presented and hearings and appeals conducted shall be in accordance with regulations prescribed by the secretary for determining the rights of the parties, *and* such hearings to be conducted in a summary manner. A complete record shall be kept of all proceedings in connection with any appeal. All testimony at any hearing upon an appeal shall be recorded either stenographically or mechanically, but need not be transcribed unless further appealed. No examiner, referee or member of the commission shall participate in any hearing in which he is an interested party.
- (2) Witnesses subpoenaed pursuant to proceedings under KRS 341.420 and 341.430 shall be allowed fees in accordance with rates allowed by law. Such fees and all expenses of proceedings before the ***Office of Employment and Training, Department of Workforce Investment,***~~[Department]~~ or commission involving disputed claims shall be deemed a part of the expense of administering this chapter.
- (3) In the absence of an appeal therefrom, decisions of the commission shall become final twenty (20) days after the date they are made.

Section 153. KRS 341.470 is amended to read as follows:

- (1) No agreement by a worker to waive, release, or commute his rights to benefits or any other rights under this chapter shall be valid. No agreement by any worker to pay any portion of a subject employer's contributions, required under this chapter from such subject employer, shall be valid. No subject employer shall directly or indirectly make or require or accept any deductions from wages to finance the subject employer's contributions required of him. In cases involving awards to a worker by an arbitrator, court, or other administrative body or mediator, the secretary may require the employer to withhold benefits paid under this chapter from the award and pay the amount withheld into the unemployment insurance trust fund. All subject employers are required to notify the ***Office of Employment and Training, Department of Workforce Investment,***~~[Department for Employment Services, Cabinet for Workforce Development]~~ prior to paying any back pay award.
- (2) No worker claiming benefits shall be charged fees of any kind in any proceeding under this chapter by the commission, the secretary, or his *or her* representatives. Any worker claiming benefits in any proceeding before a referee or the commission may represent himself *or herself* or may be represented by counsel or other agent duly authorized by such worker and shall be afforded the opportunity to participate in the proceeding without restriction; but no counsel or agent shall either charge or receive for such service more than an amount approved by the commission.
- (3)
  - (a) Any employer in any proceeding before a referee or the commission may represent himself or may be represented by counsel or other agent duly authorized by such employer; and
  - (b) Any person appearing in any proceeding before a referee or the commission who is an officer of, or who regularly performs in a managerial capacity for, a corporation or partnership which is a party to the proceeding in which the appearance is made shall be permitted to represent such corporation or partnership and shall be afforded the opportunity to participate in the proceeding without restriction.
- (4) No assignment, pledge, or encumbrance of any right to benefits due or payable under this chapter shall be valid; and such rights to benefits shall be exempt from levy, execution, attachment, or any other remedy for the collection of debt. Benefits received by any worker, as long as they are not mingled with other funds of the recipient, shall be exempt from any remedy for the collection of all debts except debts incurred for necessities furnished to such worker or his spouse or dependents during the time such worker was unemployed. No waiver of any exemption provided for in this subsection shall be valid.
- (5) The provisions of this section shall not be applicable to child support deductions made in accordance with KRS 341.392 and withholding for federal and state income tax in accordance with KRS 341.395.

Section 154. KRS 341.530 is amended to read as follows:

- (1) The ***Office of Employment and Training, Department of Workforce Investment,***~~[Department]~~ shall maintain a reserve account for each subject employer making contributions to the fund and a reimbursing employer account for each subject employer making payment in lieu of contributions, and shall, except as provided in KRS 341.590, credit to such account the total amount of all contributions or benefit reimbursement paid by the employer on his own behalf. Nothing in this section or elsewhere in this chapter shall be construed to grant any employer or individual who is or was in his employ prior claims or rights to the amounts paid by him into the fund.

- (2) Except as provided in subsection (3) of this section, all regular benefits paid to an eligible worker in accordance with KRS 341.380 plus the extended benefits paid in accordance with KRS 341.700 to 341.740, subject to the provisions of paragraphs (a) and (b) below, shall be charged against the reserve account or reimbursing employer account of his most recent employer. No employer shall be deemed to be the most recent employer unless the eligible worker to whom benefits are payable shall have worked for such employer in each of ten (10) weeks whether or not consecutive back to the beginning of the worker's base period.
  - (a) Subject employers, which are not governmental entities as defined in KRS 341.069, shall be charged one-half (1/2) of the extended benefits paid in accordance with KRS 341.700 to 341.740; and
  - (b) Subject employers which are governmental entities, as defined in KRS 341.069, shall be charged for all extended benefits paid in accordance with KRS 341.700 to 341.740 for compensable weeks occurring on or after January 1, 1979, and for one-half (1/2) of the extended benefits paid for compensable weeks occurring prior to such date.
- (3) Notwithstanding the provisions of subsection (2) of this section, benefits paid to an eligible worker and chargeable to a contributing employer's reserve account under such subsection shall be charged against the pooled account if such worker was discharged by such employer for misconduct connected with his most recent work for such employer, voluntarily left his most recent work with such employer without good cause attributable to the employment, or the employer has continued to provide part-time employment and wages, without interruption, to the same extent that was provided from the date of hire, and the employer within a reasonable time, as prescribed by regulation of the secretary, notifies the ~~office~~~~department~~, in writing, of the alleged voluntary quitting, discharge for misconduct or continuing part-time employment; provided, however, that no employer making payments to the fund in lieu of contributions shall be relieved of charges by reason of this subsection.
- (4) Each subject employer's reserve account or reimbursing account shall, unless terminated as of the computation date (as defined in subsection (5) of KRS 341.270), be charged with all benefits paid to eligible workers which are chargeable to such reserve account or reimbursing account under subsection (2) of this section. A subject employer's reserve account or reimbursing account shall be deemed to be terminated if he has ceased to be subject to this chapter, and his account has been closed and any balance remaining therein has been transferred to the fund's pooled account or to a successor's account as provided in KRS 341.540 or has been refunded if the employer is a reimbursing employer.
- (5) Notwithstanding subsection (1) of this section, two (2) or more nonprofit (Internal Revenue Code sec. 501(c)(3)) organizations may jointly request the secretary to establish a group reserve account or reimbursing account for such nonprofit organizations. Two (2) or more governmental entities may jointly request the secretary to establish a group reserve account or reimbursing account, and once established, such account shall remain in effect at least two (2) calendar years and thereafter until either dissolved at the discretion of the secretary or upon filing application for dissolution by the group members. Each member of a group shall be jointly and severally liable for all payments due under this chapter from each or all of such group members. The secretary shall prescribe such procedures as he deems necessary for the establishment, maintenance, and dissolution of a group reserve account or reimbursing account.
- (6) Any subject contributing employer may at any time make voluntary payments to the fund, additional to the contributions required under KRS 341.260 and 341.270. Notwithstanding any other provision of this chapter, contributions paid on or before the computation date and voluntary payments made within twenty (20) days following the mailing of notices of new rates shall be credited to an employer's reserve account as of the computation date, provided no voluntary payments shall be used in computing an employer's rate unless the payment is made prior to the expiration of one hundred and twenty (120) days after the beginning of the year for which the rate is effective. Voluntary contributions by any employer subject to a minimum rate as provided in KRS 341.270(2) or KRS 341.272(1) shall not exceed any negative balance they may have in their reserve account as of the computation date. Any employer who is delinquent in the payment of contributions, penalties, or interest as of the computation date shall be entitled to make voluntary payments only after the amount of the delinquency is paid in full.

Section 155. KRS 341.990 is amended to read as follows:

- (1) Any employee of any state ~~agency~~~~department~~ who violates any of the provisions of KRS 341.110 to 341.230 shall be guilty of a Class B misdemeanor.

- (2) Any person subpoenaed to appear and testify or produce evidence in an inquiry, investigation, or hearing conducted under this chapter who fails to obey the subpoena shall be guilty of a Class B misdemeanor.
- (3) Any subject employer, or officer or agent of a subject employer, who violates subsection (1) of KRS 341.470 shall be guilty of a Class A misdemeanor.
- (4) Any person who violates subsection (2) of KRS 341.470 shall be guilty of a Class A misdemeanor.
- (5) Any person who knowingly makes a false statement or representation of a material fact or knowingly fails to disclose a material fact to the secretary to obtain or increase any benefit under this chapter or under an employment security law of any other state, or of the federal government, either for himself or for any other person, business entity, or organization shall be guilty of a Class A misdemeanor unless the value of the benefits procured or attempted to be procured is one hundred dollars (\$100) or more, in which case he shall be guilty of a Class D felony.
- (6)
  - (a) Any person who knowingly makes a false statement or representation, or who knowingly fails to disclose a material fact to prevent or reduce the payment of benefits to any worker entitled thereto, or to avoid becoming or remaining subject to this chapter, or to avoid or reduce any payment required of an employing unit under this chapter shall be guilty of a Class A misdemeanor unless the liability avoided or attempted to be avoided is one hundred dollars (\$100) or more, in which case he shall be guilty of a Class D felony.
  - (b) Any person who willfully fails or refuses to furnish any reports required, or to produce or permit the inspection or copying of records required in this chapter shall be guilty of a Class B misdemeanor. Each such false statement, representation or failure and each day of failure or refusal shall constitute a separate offense.
- (7) In any prosecution for the violation of subsection (5) or (6) of this section, it shall be a defense if the person relied on the advice of an employee or agent of the *Office of Employment and Training, Department of Workforce Investment*~~department~~.
- (8) Any person who willfully violates any provision of this chapter or any rule or regulation under it, the violation of which is made unlawful or the observance of which is required under the terms of this chapter, and for which no specific penalty is prescribed in this chapter or in any other applicable statute, shall be guilty of a violation. Each day the violation continues shall constitute a separate offense.
- (9) In addition to the higher rates imposed under KRS 341.540(7), any person, whether or not an employing unit, who knowingly advises or assists an employing unit in the violation or attempted violation of KRS 341.540 or any other provision of this chapter related to determining the assignment of a contribution rate shall be subject to a civil monetary penalty of not less than five thousand dollars (\$5,000).
- (10) Proceeds from all penalties imposed under subsection (9) of this section and KRS 341.540 shall be deposited in the unemployment compensation administration account and shall be expended solely for the cost of administration of this chapter consistent with KRS 341.240.

As used in this chapter, unless the context otherwise requires:

- (1) "Injury" means any work-related traumatic event or series of traumatic events, including cumulative trauma, arising out of and in the course of employment which is the proximate cause producing a harmful change in the human organism evidenced by objective medical findings. "Injury" does not include the effects of the natural aging process, and does not include any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.
- (2) "Occupational disease" means a disease arising out of and in the course of the employment.
- (3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the

employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

- (4) "Injurious exposure" shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which the claim is made.
- (5) "Death" means death resulting from an injury or occupational disease.

  - (c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability rating and has a complete and permanent inability to perform any type of work as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:
    - 1. Total and permanent loss of sight in both eyes;
    - 2. Loss of both feet at or above the ankle;
    - 3. Loss of both hands at or above the wrist;
    - 4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;
    - 5. Permanent and complete paralysis of both arms, both legs, or one (1) arm and one (1) leg;
    - 6. Incurable insanity or imbecility; or
    - 7. Total loss of hearing.
- (12) "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

- (17) "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel, or similar advantages received from the employer, and gratuities received in the course of employment from persons other than the employer as evidenced by the employee's federal and state tax returns.

- (18) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting, and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with the farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.
- (19) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.
- (20) "United States," when used in a geographic sense, means the several states, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.
- (21) "Alien" means a person who is not a citizen, a national, or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.
- (22) "Insurance carrier" means every insurance carrier or insurance company authorized to do business in the Commonwealth writing workers' compensation insurance coverage and includes the Kentucky Employers Mutual Insurance Authority and every self-insured group operating under the provisions of this chapter.

- (b) "Engaged in severance or processing of coal" shall include all individuals, partnerships, including registered limited liability partnerships, limited partnerships, limited liability companies, corporations, joint ventures, associations, or any other business entity in the Commonwealth which has employees on its payroll who perform any of the acts stated in paragraph (a) of this subsection, regardless of whether the acts are performed as owner of the coal or on a contract or fee basis for the actual owner of the coal. A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.
- (24) "Premium" for every self-insured group means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all membership dues, fees, or other payments by members of the group to associations or other entities used for underwriting, claims handling, loss control, premium audit, actuarial, or other services associated with the maintenance or operation of the self-insurance group.
- (25) (a) "Premiums received" for policies effective on or after January 1, 1994, for insurance companies means direct written premiums as reported in the annual statement to the Office of Insurance by insurance companies, except that "premiums received" includes premiums charged off or deferred, and, on insurance policies or other evidence of coverage with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all

expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

- (b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.
  - (c) "Premium," for policies effective on or after January 1, 1994, for insurance companies means all consideration, whether designated as premium or otherwise, for workers' compensation insurance paid to an insurance company or its representative, including, on insurance policies with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.
  - (d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors.
- (26) "Insurance policy" for an insurance company or self-insured group means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year.
  - (27) "Self-insurance year" for a self-insured group means the annual period of certification of the group created pursuant to KRS 342.350(4) and 304.50-010.
  - (28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the executive director using generally-accepted actuarial methods as follows:
    - (a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The executive director shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the

executive director. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.

- (b) The executive director shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the office and from the records of the *Office of Department for Employment and Training Services, Education Cabinet for Workforce Development*. The executive director shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.
  - (c) The executive director shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the office and the *Office of Department for Employment and Training Services* data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.
  - (d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the executive director, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.
  - (e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the executive director pursuant to KRS 342.340(1).
  - (f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.
  - (g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.
  - (h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents (\$0.30) per one hundred dollars (\$100) of the employer's most recent annualized payroll for employees covered by this chapter.
- (29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.
- (30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New

York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.

- (31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits.

Section 157. KRS 342.122 is amended to read as follows:

- (1) (a) For calendar year 1997 and for each calendar year thereafter, for the purpose of funding and prefunding the liabilities of the special fund, financing the administration and operation of the Kentucky Workers' Compensation Funding Commission, and financing the expenditures for all programs in the Department of Labor, except the Division of Employment Standards, Apprenticeship and Training and the Office of Labor-Management Relations and Mediation, as reflected in the enacted budget of the Commonwealth and enacted by the General Assembly, the funding commission shall impose a special fund assessment rate of nine percent (9%) upon the amount of workers' compensation premiums received on and after January 1, 1997, through December 31, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying his or her own risk.
- (b) The funding commission shall, for calendar year 1998 and thereafter, establish for the special fund an assessment rate to be assessed against all premium received during that calendar year which, when added to the coal severance tax appropriated to the special fund in accordance with paragraph (c) of this section, shall produce enough revenue to amortize on a level basis the unfunded liability of the special fund as of September 1 preceding January 1 of each year, for the period remaining until December 31, 2018. The interest rate to be used in this calculation shall reflect the funding commission's investment experience to date and the current investment policies of the commission. This assessment shall be imposed upon the amount of workers' compensation premiums received by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating under the provisions of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.
- (c) In addition to the assessment imposed in paragraph (a) or (b) of this subsection, and notwithstanding and prior to the transfer of funds to the Local Government Economic Assistance Program under KRS 42.450 to 42.495, the Kentucky Department of Revenue shall credit nineteen million dollars (\$19,000,000) in coal severance tax revenues levied under KRS 143.020 to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission each year beginning with fiscal year 1998 and all fiscal years thereafter. The annual transfer of nineteen million dollars (\$19,000,000) shall occur in four (4) equal quarterly payments. These transfers shall occur not later than the last day of each quarter of each calendar year and shall consist of four (4) equal payments of four million, seven hundred fifty thousand dollars (\$4,750,000).
- (d) All assessments imposed by this section shall be paid to the Kentucky Workers' Compensation Funding Commission and shall be credited to the benefit reserve fund within the Kentucky Workers' Compensation Funding Commission.
- (e) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on workers' compensation premiums.

- (2) These assessments shall be paid quarterly not later than the thirtieth day of the month following the end of the quarter in which the premium is received. Receipt shall be considered timely through actual physical receipt or by postmark of the United States Postal Service. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.
- (3) The assessments imposed by this section may be collected by the insurance carrier from his insured. However, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. If the insurance carrier collects the assessment from an insured, the assessment shall be collected at the same time and in the same proportion as the premium is collected. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages imposed by this chapter. The assessment for an insurance policy or other evidence of coverage providing a deductible may be collected in accordance with this chapter on a premium amount that equates to the premium that would have applied without the deductible. The percentages imposed by this chapter for an insurance policy issued by an insurance company shall be those percentages in effect on the annual effective date of the policy, regardless of the date that the premium is actually received by the insurance company.
- (4) A self-insured group may elect to report its premiums and to have its assessments computed in the same manner as insurance companies. This election may not be rescinded for at least ten (10) years, nor may this election be made a second time for at least another ten (10) years, except that the board of directors of the funding commission may, at its discretion, waive the ten (10) year ban on a case-by-case basis after formal petition has been made to the funding commission by a self-insured group.
- (5) The funding commission, as part of the collection and auditing of the special fund assessments required by this section, shall annually require each insurance carrier and each self-insured group to provide a list of employers which it has insured or which are members and the amount collected from each employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or self-insured group may require its insureds or members to furnish the SIC code for each of their employees. However, the failure of any employer to furnish said codes shall not relieve the insurance carrier or self-insured group from the obligation to furnish same to the funding commission. The ***Office of Employment and Training, Education Cabinet, [Department for Employment Services, Cabinet for Workforce Development]*** is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.
- (6) Each self-insured employer, self-insured group, or insurance carrier shall provide any information and submit any reports the Department of Revenue or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.
- (7) The special fund shall be required to maintain a central claim registry of all claims to which it is named a party, giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. The registry shall be established by January 26, 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund.
- (8) The fund heretofore designated as the subsequent claim fund is abolished, and there is substituted therefor the special fund as set out by this section, and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.
- (9) Notwithstanding any other provisions of this section or this chapter to the contrary, the total amount of funds collected pursuant to the assessment rates adopted by the funding commission shall not be limited to the provisions of this section.
- (10) All assessment rates imposed for periods prior to January 1, 1997, under KRS 342.122 shall forever remain applicable to premiums received on policies with effective dates prior to January 1, 1997, by every insurance carrier writing workers' compensation insurance in the Commonwealth, by every self-insured group operating

under the provision of KRS 342.350(4) and Chapter 304, and against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.

Section 158. KRS 342.143 is amended to read as follows:

For the purposes of this chapter, the average weekly wage of the state shall be determined by the executive director as follows: On or before September 1 of each year, the total wages reported by subject employers under the Kentucky Unemployment Insurance Law for the preceding calendar year shall be divided by the average monthly number of insured workers (determined by dividing the total number of insured workers reported for the preceding year by twelve (12)). The average annual wage thus obtained shall be divided by fifty-two (52) and the average weekly wage thus determined rounded to the nearest cent. The average weekly wage shall be certified to the executive director by the **Education** Cabinet ~~for Workforce Development~~ in a manner prescribed by the executive director by administrative regulation. The average weekly wage as so determined shall be applicable for the full period during which income or death benefits are payable, when the date of occurrence of injury or of disability in the case of disease, or of death, falls within the calendar year commencing January 1 following the September 1 determination. Whenever a change in the average weekly wage of the state is of such amount that the minimum weekly income benefits for total disability or for death are increased or decreased by one dollar (\$1) or more, or the maximum weekly income benefits for total disability or for death are increased or decreased by two dollars (\$2) or more, computed in each case and rounded to the nearest dollar, an adjustment in those minimums or maximums which are affected in the requisite amount by the change in the average weekly wage of the state shall be made which will reflect this increase or decrease, but no change in such limitations shall otherwise be made. Notwithstanding the provisions of this section, KRS 342.140, 342.740, or any other provisions of this chapter to the contrary, the average weekly wage for calendar years 1995 and 1996 shall be determined to be no higher than the average weekly wage determined by the executive director to be in effect in the calendar year of 1994. If the average weekly wage calculated by the executive director is determined to be lower than the 1994 calendar year wage, the average weekly wage may be lowered as provided by this section. Beginning in calendar year 1997 and annually thereafter, the average weekly wage shall be calculated based upon the state average weekly wage in effect two (2) years prior to that calculation.

Section 159. KRS 342.710 is amended to read as follows:

- (1) One of the primary purposes of this chapter shall be restoration of the injured employee to gainful employment, and preference shall be given to returning the employee to employment with the same employer or to the same or similar employment.
- (2) The executive director shall continuously study the problems of rehabilitation, both physical and vocational, and shall investigate and maintain a directory of all rehabilitation facilities, both private and public.
- (3) An employee who has suffered an injury covered by this chapter shall be entitled to prompt medical rehabilitation services for whatever period of time is necessary to accomplish physical rehabilitation goals which are feasible, practical, and justifiable. When as a result of the injury he is unable to perform work for which he has previous training or experience, he shall be entitled to such vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore him to suitable employment. In all such instances, the administrative law judge shall inquire whether such services have been voluntarily offered and accepted. The administrative law judge on his own motion, or upon application of any party or carrier, after affording the parties an opportunity to be heard, may refer the employee to a qualified physician or facility for evaluation of the practicability of, need for, and kind of service, treatment, or training necessary and appropriate to render him fit for a remunerative occupation. Upon receipt of such report, the administrative law judge may order that the services and treatment recommended in the report, or such other rehabilitation treatment or service likely to return the employee to suitable, gainful employment, be provided at the expense of the employer or his insurance carrier. Vocational rehabilitation training, treatment, or service shall not extend for a period of more than fifty-two (52) weeks, except in unusual cases when by special order of the administrative law judge, after hearing and upon a finding, determined by sound medical evidence which indicates such further rehabilitation is feasible, practical, and justifiable, the period may be extended for additional periods.
- (4) Where rehabilitation requires residence at or near the facility or institution, away from the employee's customary residence, reasonable cost of his board, lodging, or travel shall be paid for by the employer or his insurance carrier.
- (5) Refusal to accept rehabilitation pursuant to an order of an administrative law judge shall result in a fifty percent (50%) loss of compensation for each week of the period of refusal.

- (6) The executive director shall cooperate on a reciprocal basis with the ~~Office~~~~[Department]~~ of Vocational Rehabilitation and the ~~Office of~~~~[Department for]~~ Employment ~~and Training~~~~[Services]~~ of the ~~Education~~~~[Kentucky]~~ Cabinet~~[ for Workforce Development]~~. In the event medical treatment, medical rehabilitation services, or vocational rehabilitation services are purchased for an injured employee by the ~~Office~~~~[Department]~~ of Vocational Rehabilitation or ~~Office of~~~~[Department for]~~ Employment ~~and Training~~~~[Services]~~ following the refusal by the employer or his insurance carrier to provide such services, the administrative law judge, after affording the parties an opportunity to be heard, may order reimbursement of the cost of such treatment or services by the employer or his insurance carrier as apportioned in the award. This section shall not be interpreted to require mandatory evaluation of employees based on length of disability. Any administrative regulations promulgated pursuant to this section that require mandatory referral to a qualified rehabilitation counselor shall expire on April 4, 1994.
- (7) An employee who is enrolled and participating in a program of rehabilitation training pursuant to this section may elect to receive an acceleration of benefits as awarded under KRS 342.730. Such acceleration shall be available to the employee during the period of retraining, but in no event shall be paid in a weekly amount greater than sixty-six and two-thirds percent (66-2/3%) of the average weekly wage upon which the award is based, not to exceed one hundred percent (100%) of the state average weekly wage. Upon successful completion of the rehabilitation program, the total of all accelerated benefits paid shall be deducted on a dollar-for-dollar basis, without discount, from weekly benefits otherwise due the employee subject to the maximum amount of the award. Such remaining benefits, if any, shall then be divided by the number of weeks remaining payable under the award, and that amount shall be the weekly benefit due the employee. If a program of rehabilitation training is terminated by the employee prior to completion, all sums paid on an accelerated basis shall be discounted at the rate set forth in KRS 342.265 and then deducted on a dollar-for-dollar basis from weekly benefits otherwise due the employee subject to the maximum amount of the award. Such remaining benefits, after the discount, shall be divided by the number of weeks remaining payable under the award, and that amount shall be the weekly benefit due the employee. In no event shall this subsection be construed as requiring payment of benefits in excess of the total of those benefits which would otherwise be payable under the award.

Section 160. KRS 342.732 is amended to read as follows:

- (1) Notwithstanding any other provision of this chapter, income benefits and retraining incentive benefits for occupational pneumoconiosis resulting from exposure to coal dust in the severance or processing of coal shall be paid as follows:
- (a) 1. If an employee has a radiographic classification of category 1/0, 1/1 or 1/2, coal workers' pneumoconiosis and spirometric test values of eighty percent (80%) or more, the employee shall be awarded a one (1) time only retraining incentive benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined by KRS 342.740, but not more than seventy-five percent (75%) of the state average weekly wage, payable semimonthly for a period not to exceed one hundred four (104) weeks, except as provided in subparagraph 3. of this paragraph.
  2. Except as provided in subparagraph 3. of this paragraph, these benefits shall be paid only while the employee is enrolled and actively and successfully participating as a full-time student taking the equivalent of twelve (12) or more credit hours per week in a bona fide training or education program that if successfully completed will qualify the person completing the course for a trade, occupation, or profession and which program can be completed within the period benefits are payable under this subsection. The program must be approved under administrative regulations to be promulgated by the executive director. These benefits shall also be paid to an employee who is a part-time student taking not less than the equivalent of six (6) nor more than eleven (11) credit hours per week, except that benefits shall be an amount equal to thirty-three and one-third percent (33-1/3%) of the employee's average weekly wage as determined by KRS 342.740, but not more than thirty-seven and one-half percent (37-1/2%) of the state average weekly wage, payable biweekly for a period not to exceed two hundred eight (208) weeks.
  3. These benefits shall also be paid biweekly while an employee is actively and successfully pursuing a General Equivalency Diploma (GED) in accordance with administrative regulations promulgated by the executive director. These benefits shall be paid in the amount of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage not to exceed seventy-five

percent (75%) of the state average weekly wage for a maximum period not to exceed seventeen (17) weeks. These income benefits shall be in addition to the maximum amount of retraining incentive benefits payable under this paragraph.

4. The employer shall also pay, directly to the institution conducting the training or education program, instruction, tuition, and material costs not to exceed five thousand dollars (\$5,000).
  5. The period of weeks during which this benefit is payable shall begin no later than the thirtieth day after the administrative law judge's order awarding the benefit becomes final, except that an employee may elect to defer the beginning of such benefits up to the three hundred sixty-fifth day following the thirtieth day the order becomes final. Unless the employee has requested deferral of income benefits, those income benefits payable under subparagraphs 1. and 2. of this paragraph shall begin no later than thirty (30) days following conclusion of income benefits paid under subparagraph 3. if such benefits were paid.
  6. If an employee who is awarded retraining incentive benefits under this paragraph successfully completes a bona fide training or education program approved by the executive director, upon completion of the training or education program, the employer shall pay to that employee the sum of five thousand dollars (\$5,000) for successful completion of a program that requires a course of study of not less than twelve (12) months nor more than eighteen (18) months, or the sum of ten thousand dollars (\$10,000) for successful completion of a program that requires a course of study of more than eighteen (18) months. This amount shall be in addition to retraining incentive benefits awarded under this paragraph, and tuition expenses paid by the employer.
  7. An employee who is age fifty-seven (57) years or older on the date of last exposure and who is awarded retraining incentive benefits under subparagraph 1. to 4. of this paragraph, may elect to receive in lieu of retraining incentive benefits, an amount equal to sixty-six and two-thirds percent ( $66\frac{2}{3}\%$ ) of the employee's average weekly wage, not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of twenty-five percent (25%) for a period not to exceed four hundred twenty-five (425) weeks, or until the employee reaches sixty-five (65) years of age, whichever occurs first, KRS 342.730(4) notwithstanding.
  8. A claim for retraining incentive benefits provided under this section may be filed, but benefits shall not be payable, while an employee is employed in the severance or processing of coal as defined in KRS 342.0011(23).
  9. If an employer appeals an award of retraining incentive benefits, upon an employee's motion, an administrative law judge may grant retraining incentive benefits pending appeal as interlocutory relief.
  10. If an employee elects to defer payment of retraining incentive benefits for a period of retraining longer than three hundred sixty-five (365) days, benefits otherwise payable shall be reduced week-for-week for each week retraining benefits are further deferred.
- (b)
1. If an employee has a radiographic classification of category 1/0, 1/1, or 1/2 coal workers' pneumoconiosis and respiratory impairment evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, or category 2/1, 2/2, or 2/3 coal workers' pneumoconiosis and spirometric test values of eighty percent (80%) or more of the predicted normal values, there shall be an irrebuttable presumption that the employee has a disability rating of twenty-five percent (25%) resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent ( $66\frac{2}{3}\%$ ) of the employee's average weekly wage, but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of twenty-five percent (25%). The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks.
  2. An employee who is awarded benefits under this paragraph may, at the time of the award or before benefit payments begin, elect to receive retraining incentive benefits provided under subparagraphs 1. to 6. of paragraph (a) of this subsection, in lieu of income benefits awarded under this paragraph, provided that such option is available one (1) time only and is not revokable, and provided that in no event shall income benefits payable under this paragraph be

stacked or added to retraining incentive income benefits paid or payable under subparagraphs 1. to 6. of paragraph (a) of this subsection to extend the period of disability.

- (c) If it is determined that an employee has a radiographic classification of category 1/0, 1/1, or 1/2, and respiratory impairment resulting from exposure to coal dust as evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values, or category 2/1, 2/2, or 2/3 coal workers' pneumoconiosis and respiratory impairment evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, or category 3/2 or 3/3 coal workers' pneumoconiosis and spirometric test values of eighty percent (80%) or more, there shall be an irrebuttable presumption that the employee has a disability rating of fifty percent (50%) resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of fifty percent (50%). The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks.
  - (d) If it is determined that an employee has a radiographic classification of category 2/1, 2/2, or 2/3 coal workers' pneumoconiosis, based on the latest ILO International Classification of Radiographics, and respiratory impairment as evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values or category 3/2 or 3/3 pneumoconiosis and respiratory impairment evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, there shall be an irrebuttable presumption that the employee has a seventy-five percent (75%) disability rating resulting from exposure to coal dust and the employee shall be awarded income benefits which shall be equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740 multiplied by the disability rating of seventy-five percent (75%). The award shall be payable for a period not to exceed five hundred twenty (520) weeks. Income benefits awarded under this paragraph shall be payable to the employee during the disability.
  - (e) If it is determined that an employee has radiographic classification of 3/2 or 3/3 occupational pneumoconiosis and respiratory impairment evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values, or complicated pneumoconiosis (large opacities category A, B, or C progressive massive fibrosis), there shall be an irrebuttable presumption that the employee is totally disabled resulting from exposure to coal dust, and the employee shall be awarded income benefits equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the average weekly wage of the state as determined by KRS 342.740. Income benefits awarded under this paragraph shall be payable to the employee during such disability.
- (2) The presence of respiratory impairment resulting from exposure to coal dust shall be established by using the largest forced vital capacity (FVC) value or the largest forced expiratory volume in one second (FEV1) value determined from the totality of all such spirometric testing performed in compliance with accepted medical standards.
  - (3) When valid spirometric tests are not provided and a physician certifies to the administrative law judge that spirometric testing is not medically indicated because of the permanent physical condition of the employee, the administrative law judge shall make his decision on the basis of evidence admitted which establishes the existence of a diagnosis of occupational pneumoconiosis and respiratory impairment due to the occupational pneumoconiosis. The evidence submitted by the employee shall include one (1) or more arterial blood gas studies performed in accordance with accepted medical standards. Income benefits shall not be awarded in the absence of valid spirometric tests if the claimant's PO2 arterial blood gas value is equal to or higher than one (1) standard deviation from the normal value obtained by the formula  $(103.5 - 0.42X)$ , where X equals the claimant's age at the time of the arterial blood gas study.
  - (4) Upon request, the executive director shall refer an employee who has been awarded retraining incentive benefits under subsection (1)(a) of this section to the ~~Office of the Department~~ of Vocational Rehabilitation for evaluation and assessment of the training, education, or other services necessary to prepare the employee for a trade, occupation, or profession that will return the employee to remunerative employment, or services necessary and appropriate to prepare and enable the employee to successfully complete a bona fide training or education program approved by the executive director. The executive director shall contract with the

~~Office~~~~Department~~ of Vocational Rehabilitation to provide vocational rehabilitation or education services commensurate with the skill levels and abilities of the employee. Services provided under this subsection shall be funded by the coal workers' pneumoconiosis fund, KRS 342.1242 notwithstanding.

- (5) The executive director shall promulgate administrative regulations sufficient to effectuate the provisions relating to retraining incentive benefits provided under subsection (1)(a) of this section. The administrative regulations shall:
  - (a) Define a "bona fide training or education program" to mean a postsecondary education or training program, including but not limited to the postsecondary programs registered with the Higher Education Assistance Authority, and successful completion of which will qualify the person completing the course for a trade, occupation, or profession, and which program can be completed within the period benefits are payable under subsection (1)(a) of this section;
  - (b) Establish requirements for approval and certification of a bona fide training or education program;
  - (c) Provide that funds paid to the training or education program by the employer as required under subsection (1)(a)4. of this section shall be applied only to instruction, tuition, material costs, and any fees necessary for the completion of the program;
  - (d) Establish requirements for successful participation in and completion of an approved and certified bona fide training or education program, and eligibility standards that must be satisfied to receive sums to be paid by the employer pursuant to subsection (1)(a)6. of this section; and
  - (e) Establish attendance, performance and progress standards, and reporting requirements in consultation with the ~~Kentucky Department of~~ Adult Education ***Program within the Council on Postsecondary Education and Literacy*** as conditions that must be satisfied to receive retraining incentive income benefits pursuant to subsection (1)(a)3. of this section.
- (6) In no event shall income benefits awarded under this section be stacked or added to income benefits awarded under KRS 342.730 to extend the period of disability and in no event shall income or retraining incentive benefits be paid to the employee while the employee is working in the mining industry in the severance or processing of coal as defined in KRS 342.0011(23)(a).

Section 161. KRS 342.740 is amended to read as follows:

- (1) For the purposes of this chapter, the average weekly wage of the state shall be determined by the executive director as follows: On or before September 1 of each year, the total wages reported by subject employers under the Kentucky Unemployment Insurance Law for the preceding calendar year shall be divided by the average monthly number of insured workers (determined by dividing the total number of insured workers reported for the preceding year by twelve (12)). The average annual wage thus obtained shall be divided by 52 and the average weekly wage thus determined rounded to the nearest cent. This average weekly wage shall be certified to the executive director by the ***Education Cabinet***~~for Workforce Development~~ in a manner prescribed by the executive director by administrative regulation. The average weekly wage as so determined shall be applicable for the full period during which income or death benefits are payable, when the date of occurrence of injury or of disablement in the case of disease, or of death, falls within the calendar year commencing January 1 following the September 1 determination.
- (2) Whenever a change in the average weekly wage of the state is of an amount that increases or decreases the minimum weekly income benefits for total disability or death by \$1 or more, or the maximum weekly income benefits for total disability or for death by \$2 or more, computed in each case and rounded to the nearest dollar, an adjustment in those minimums or maximums which are affected in the requisite amount by the change in the average weekly wage of the state shall be made which will reflect the increase or decrease, but no change in these limitations shall otherwise be made.

Section 162. KRS 347.040 is amended to read as follows:

- (1) The secretaries of the Cabinet for Health and Family Services and the ~~Education, Arts, and Humanities~~ Cabinet and the chief state school officer shall jointly develop and implement a statewide plan, with adequate opportunity for public comment, to serve all persons with developmental disabilities not otherwise entitled to and receiving the same services under another state or federal act, which will include provisions for:

The method chosen shall be promulgated as a regulation under KRS 65.7633.

All amounts distributed to PSAPs under this subsection shall be used by the PSAPs solely for the purposes of answering, routing, and properly disposing of CMRS 911 calls, training PSAP staff, public education concerning appropriate use of 911, and of complying with the wireless E911 service requirements established by the FCC order and any rules and regulations which are or may be adopted by the Federal Communications Commission pursuant to the FCC order, including the payment of costs and expenses incurred in designing, upgrading, purchasing, leasing, programming, testing, installing, or maintaining all necessary data, hardware, and software required in order to provide wireless E911 service.

No payment shall be made to any provider who is not in compliance with all requirements of this chapter and the FCC order. In no event shall any invoice for reimbursement be approved for payment of costs that are not related to compliance with requirements established by the FCC order~~, or for payment of any costs incurred by a CMRS provider exceeding one hundred twenty five percent (125%) of the CMRS emergency service charges remitted by that CMRS provider, unless prior approval for the expenditures was given by the CMRS Board~~. If the total amount of invoices submitted to the CMRS Board and approved for payment exceeds the amount in the CMRS fund in any month, CMRS providers that have invoices approved for payment shall receive a pro rata share of the fund available that month, based on approved invoices, and the balance of the payments shall be carried over to the following months until all of the approved payments are made.

Section 6. KRS 65.7633 is amended to read as follows:

Application for the criminal record of a probationary employee shall be made no later than the date probationary employment begins.

The employee shall continue to be paid at the same rate of pay he or she received prior to the transfer.
