 - (c) The limited liability partnership does not notify the Secretary of State within sixty (60) days that its registered agent or registered office has been changed, that its registered agent has resigned, or that its registered office has been discontinued.
- (2) If the Secretary of State determines that one (1) or more grounds exist under subsection (1) of this section for the administrative dissolution of a statement of qualification, then ***the Secretary of State***~~he~~ shall serve the partnership with written notice of ***the***~~his~~ determination by mailing such notice by first class mail to the limited liability partnership at the street address of the partnership's chief executive office as set forth in the partnership's most recent annual report filed pursuant to KRS 362.1-121 or, if none, that set forth in the statement of partnership qualification filed pursuant to KRS 362.1-1001 or the statement of foreign qualification filed by a foreign limited liability partnership pursuant to KRS 362.1-1102.
- (3) If the limited liability partnership does not correct each ground for dissolution or demonstrate to the reasonable satisfaction of the Secretary of State that each ground determined by the Secretary of State does not exist

within sixty (60) days from the date on which the notice was mailed, then the Secretary of State shall administratively dissolve the statement of qualification by signing a certificate of dissolution that recites the ground or grounds for dissolution and its effective date. The Secretary of State shall file the original certificate and serve a copy on the limited liability partnership by mailing such certificate by first class mail to the partnership at its **chief executive**~~[registered]~~ office **address**. The administrative dissolution of a statement of qualification shall not terminate the authority of the registered agent of the partnership.

When the revocation of the administrative dissolution is effective, it shall relate back to and take effect as of the effective date of the administrative dissolution, and the statement or statements shall be in full force and effect as if the administrative dissolution had never occurred.
- (7) If the Secretary of State denies a partnership's application for reinstatement of its statement of qualification following administrative dissolution, then ~~the Secretary of State~~~~[he]~~ shall serve the partnership with written notice that explains the reason or reasons for denial by mailing the notice by first class mail to the partnership at its **chief executive**~~[registered]~~ office **address**. The partnership may appeal the denial of reinstatement to the Franklin Circuit Court within thirty (30) days after the service of the notice of the denial transmitted to the partnership. - (3) If the foreign limited liability partnership does not correct each ground for revocation or demonstrate to the reasonable satisfaction of the Secretary of State that each ground determined by the Secretary of State does not exist within sixty (60) days after the mailing of the notice, then the Secretary of State may revoke the foreign limited liability partnership's statement of foreign qualification by signing a certificate of revocation that recites the ground or grounds for revocation and its effective date. The Secretary of State shall file the original of the certificate and serve a copy on the foreign partnership by mailing the notice by first class mail to the foreign limited liability partnership at the street address of the partnership's chief executive office as set forth in the most recent annual report filed pursuant to KRS 362.1-121 or, if none, that set forth in the statement of foreign qualification filed pursuant to KRS 362.1-1102.

- (1) This section provides the exclusive remedy by which the judgment creditor of a partner or the transferee of a partner may satisfy a judgment out of the judgment debtor's transferable interest.
- (2) On application to a court of competent jurisdiction by a judgment creditor of a partner or a partner's transferee, a court may charge the transferable interest of the judgment debtor with payment of the unsatisfied amount of the judgment. To the extent so charged, the judgment creditor has only the rights of a transferee and shall have no right to participate in the management of or to cause the dissolution of the partnership. The court may appoint a receiver of the share of the distributions due or to become due to the judgment debtor in respect of the partnership and make all other orders, directions, accounts, and inquiries the judgment debtor might have made or which the circumstances of the case may require to give effect to the charging order.
- (3) A charging order constitutes a lien on and the right to receive distributions made with respect to the judgment debtor's transferable interest in the partnership.
- (4) The court may order a foreclosure of the interest subject to the charging order at any time. The purchaser at the foreclosure sale has the rights of a transferee. A charging order does not of itself constitute an assignment of the transferable interest.

- (5) At any time before foreclosure, an interest charged may be redeemed:
 - (a) By the judgment debtor;
 - (b) With property other than partnership property, by one (1) or more of the other partners; or
 - (c) With partnership property, by one (1) or more of the other partners with the consent of all of the partners whose interests are not so charged.
- (6) This subchapter does not deprive a partner *or a partner's transferee* of a right under exemption laws with respect to the partner's *or transferee's* interest in the partnership.
- (7) ***The partnership is not a necessary party to an application for a charging order. Service of the charging order on a partnership may be made by the court granting the charging order or as the court may otherwise direct.***

➔Section 57. KRS 362.1-906 is amended to read as follows:

- (1) When a merger takes effect:

 - (c) All obligations of every partnership or limited partnership that is a party to the merger become the obligations of the surviving entity; and
 - (d) An action or proceeding pending against a partnership or limited partnership that is a party to the merger may be continued as if the merger had not occurred, or the surviving entity may be substituted as a party to the action or proceeding.
- (2) The Secretary of State of this Commonwealth is the agent for service of process in an action or proceeding against a surviving foreign partnership or limited partnership to enforce an obligation of a domestic partnership or limited partnership that is a party to a merger. The surviving entity shall promptly notify the Secretary of State of the mailing address of its chief executive office and of any change of address. Upon receipt of process, the Secretary of State shall mail a copy of the process to the surviving foreign partnership or limited partnership.
- (3) A partner of the surviving partnership or limited partnership is liable for:
 - (a) All obligations of a party to the merger for which the partner was personally liable before the merger;
 - (b) All other obligations of the surviving entity incurred before the merger by a party to the merger, but those obligations may be satisfied only out of property of the entity; and
 - (c) Except as otherwise provided in KRS 362.1-306, all obligations of the surviving entity incurred after the merger takes effect, but those obligations may be satisfied only out of property of the entity if the partner is a limited partner.
- (4) If the obligations incurred before the merger by a party to the merger are not satisfied out of the property of the surviving partnership or limited partnership, then the general partners of that party immediately before the effective date of the merger shall contribute the amount necessary to satisfy that party's obligations to the surviving entity, in the manner provided in KRS 362.1-807 or in the Limited Partnership Act of the jurisdiction in which the party was formed, as the case may be, as if the merged party were dissolved.
- (5) A partner of a party to a merger who does not become a partner of the surviving partnership or limited partnership is dissociated from the entity, of which that partner was a partner, as of the date the merger takes effect. The surviving entity shall cause the partner's interest in the entity to be purchased under KRS 362.1-701 or another statute specifically applicable to that partner's interest with respect to a merger. The surviving entity is bound under KRS 362.1-702 by an act of a general partner dissociated under this subsection, and the partner is liable under KRS 362.1-703 for transactions entered into by the surviving entity after the merger takes effect.
- (6) Unless otherwise provided in the partnership agreement, a partner has no right to dissent from a merger.

- (7) ***If the surviving business entity is a partnership, the written partnership agreement provided for in the plan of merger, if any, shall be binding upon each partner in that partnership.***

- (3) Subject to KRS 362.2-110(2), it shall be the public policy of the Commonwealth in this subchapter to give maximum effect to the principles of freedom of contract and the enforceability of partnership agreements. Unless displaced by particular provisions of this subchapter, the principles of law and equity shall supplement this subchapter. Although this subchapter is in derogation of the common law, the rules of construction that require strict construction of statutes that are in derogation of common law shall not apply to its provisions. Except as otherwise expressly provided herein, this subchapter shall not be construed to impair the obligation of any contract existing when this subchapter, or any amendment thereto, becomes effective, nor to affect any action or proceeding begun or right accrued before this subchapter or any amendment thereto takes effect.

- (4) ***Action validly taken pursuant to a provision of this chapter shall not be deemed invalid solely because it is identical or similar in substance to an action that could have been taken pursuant to some other provision of this chapter but fails to satisfy one (1) or more requirements prescribed by such other provision.***

➔Section 60. KRS 362.2-110 is amended to read as follows:

 - (e) Eliminate the duty of loyalty under KRS 362.2-408, but the partnership agreement may:
 - 1. Identify specific types or categories of activities that do not violate the duty of loyalty, if not manifestly unreasonable; and

 - (f) Unreasonably reduce the duty of care under KRS 362.2-408(3);
 - (g) Eliminate the obligation of good faith and fair dealing under KRS 362.2-305(2) and 362.2-408(4), but the partnership agreement may prescribe the standards by which the performance of the obligation is to be measured, if the standards are not manifestly unreasonable;

- (3) If a written partnership agreement contains a provision to the effect that any amendment to the partnership agreement must be in writing and adopted in accordance with the provisions of the partnership agreement, that provision shall be enforceable in accordance with its terms, and any agreement among the partners concerning the partnership which is not in writing and adopted in accordance with the provisions of the partnership agreement shall not be part of the partnership agreement.
- (4) *A partnership agreement may provide that the interest of any partner who fails to make any contribution that the partner is obligated to make or who otherwise violates an obligation undertaken in the partnership agreement shall be subject to specified penalties for, or specified consequences of, such failure. Such penalty or consequence may take the form of reducing or eliminating the defaulting partner's proportionate interest in the partnership, subordinating the partner's interest to that of nondefaulting partners, a forced sale of that interest, forfeiture of his or her interest, the lending by other partners of the amount necessary to meet the defaulting partner's commitment, a fixing of the value of his or her interest by appraisal or by formula and redemption or sale of the interest in the partnership at such value, or other penalty or consequence.*

➔Section 62. KRS 362.2-404 is amended to read as follows:

A general partner is not personally liable, directly or indirectly, by way of indemnification, contribution, assessment, or otherwise, for such an obligation solely by reason of being or acting as a general partner. This subsection applies despite anything inconsistent in the partnership agreement that existed immediately before the consent required to become a limited liability limited partnership under KRS 362.2-406(2)(b).

CHAPTER 134

(SB 132)

AN ACT relating to school facilities and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔SECTION 1. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

It is the intent of Sections 1 and 2 of this Act to:

- (1) *Support the construction of new school buildings and the renovation of existing school buildings in a manner that will create a healthy environment for students and teachers while saving energy, resources, and operational expenses; and*
- (2) *Encourage the use of a life-cycle cost, holistic approach to building design that considers school design, construction, operation, and maintenance in the initial decision-making process.*

➔SECTION 2. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

(1) *As used in this section:*

- (a) *"Life-cycle cost analysis" means to calculate and compare different building designs to identify which is the best investment over the long term. Life-cycle costs include design and construction costs, operating costs, maintenance costs, and repair and replacement costs, adjusted for the time value of money;*
- (b) *"Net zero building" means a building in which the amount of energy provided by on-site renewable energy sources is equal to the amount of energy used by the building; and*
- (c) *"Efficient school design" means a school building design:*
 - 1. *That meets, at a minimum, the requirements of the United States Green Building Council's Leadership in Energy and Environmental Design (LEED) for schools at the "Certified" level or certification under a comparable system with equivalent requirements or other building performance certification systems, such as the United States Department of Energy's Energy Star program;*
 - 2. *That ensures energy savings from a building design that equates to or exceeds ten (10) percent over the American Society of Heating, Refrigerating, and Air Conditioning Engineers energy standard 90.1-2007; and*
 - 3. *For which whole building life-cycle cost analysis illustrates that the design is cost-effective.*

(2) *The General Assembly hereby finds that schools that are constructed or renovated using efficient school design are proven effective vehicles for accomplishing some or all of the following beneficial public purposes:*

- (a) *Lower operating costs and increased asset value;*
- (b) *Reduced waste sent to landfills;*
- (c) *Conservation of energy and water;*
- (d) *Reduced storm drainage runoff;*
- (e) *Healthier, safer environments for occupants;*
- (f) *Reduced emissions of greenhouse gases; and*
- (g) *Improved student attendance and performance by:*
 - 1. *Using the building as a teaching tool;*
 - 2. *Using the local environment as a context for curriculum integration;*
 - 3. *Providing rigorous, highly relevant, and applied learning; and*
 - 4. *Improving productivity by making buildings healthier for occupants, especially through the increased use of natural light.*

(3) *The Kentucky Department of Education and all school districts undertaking the construction of new school buildings or the major renovation of existing school buildings are strongly encouraged to:*

- (a) *Meet or exceed efficient school design standards in planning and designing all new buildings and major renovation projects;*
- (b) *Use life-cycle cost analysis to evaluate different design proposals; and*
- (c) *Consider the possibility that each new school building or major renovation of a building could be a net zero building, either during the construction or renovation, or at a later date as resources become available.*

(4) (a) *The Kentucky efficient school design trust fund is hereby created as a restricted account to be administered by the Department of Education.*

- (b) *The account may receive contributions, gifts, donations, appropriations, and any other moneys made available for the account. Notwithstanding KRS 45.229, any moneys remaining in the account at the close of a fiscal year shall not lapse, but shall be carried forward into the succeeding fiscal year to be*

used for the purposes set forth in this section. Interest on moneys in the account shall accrue to the account.

- (c) *Moneys in the account shall be used to offset the initial additional cost, if any, associated with the construction or renovation of school buildings using efficient school design.*
- (d) *The Kentucky Board of Education shall promulgate administrative regulations pursuant to KRS Chapter 13A to prescribe how a local school district may qualify for and use funds from the account created by this subsection.*
- (5) *The Department of Education shall develop and adopt guidelines for efficient school design, net zero buildings, and life-cycle cost analysis, including the identification of appropriate computer-based simulation programs for use in undertaking life-cycle cost analysis.*
- (6) *The Department of Education and Department for Energy Development and Independence shall assist school districts in:*
 - (a) *Developing methods for measuring ongoing operating savings resulting from the use of efficient school design;*
 - (b) *Identifying sources for training for school staff and students to ensure that efficient school design features and components are fully utilized; and*
 - (c) *Identifying ways that efficient school design and its energy-saving components can be integrated into the school curriculum.*
- (7) *The Department of Education and Department for Energy Development and Independence shall, by November 1, 2010, and each year thereafter, for the fiscal year ending on June 30 of that year, prepare a report that shall be submitted to the Legislative Research Commission and the Governor. The report shall address new school buildings or building renovations and shall include but not be limited to the following:*
 - (a) *An assessment of the implementation of efficient school design within Kentucky's education system;*
 - (b) *Documented energy savings from any buildings built using efficient school design or net zero school buildings in operation;*
 - (c) *A list of the new or renovated school buildings completed or identified for future construction during the prior year using efficient school design, including the name of the school district, name of the school, total project cost, additional cost or savings, if any, associated with efficient school design features, and efficient school design features included in the project;*
 - (d) *A list of all school buildings that operate as a net zero building, and school buildings which school districts plan to convert to net zero. The list shall include the name of the school district, the name of the school, the total cost associated with the school building becoming a net zero building, and the components that will be installed to make the building a net zero building;*
 - (e) *Any recommendations relating to efficient school design; and*
 - (f) *A list of new school buildings completed during the prior year without using efficient school design and an explanation of why efficient school design was not used.*

➔Section 3. KRS 157.420 is amended to read as follows:

Public school funds made available to the credit of each district during any year shall be received, held, and expended by the district board, subject to the provisions of law and administrative regulations of the Kentucky Board of Education. The following restrictions shall govern the expenditure of funds from the public school fund:

- (1) The salary paid any rank of teachers shall be at least equivalent to the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days for full-time service during the regular school year.
- (2) Beginning with the 2004-2006 biennium, the Kentucky Board of Education shall not approve any working budget or salary schedule for local boards of education for any school year unless the one hundred eighty-five (185) day salary schedule for certified staff has been adjusted over the previous year's salary schedule by a percentage increase at least equal to the cost-of-living adjustment that is provided state government workers under the biennial budget. The base funding level in the program for support education excellence in Kentucky

as defined in KRS 157.320 shall be increased by the statewide dollar value of the annual required cost-of-living percentage adjustment that shall be estimated on the sum of the previous year's statewide teachers' salaries.

- (3) A district that compensates its teachers or employees for unused sick leave at the time of retirement, pursuant to KRS 161.155, may create an escrow account to maintain the amount of funds necessary to pay teachers or employees who qualify for receipt of the benefit. The fund is limited to not more than fifty percent (50%) of the maximum liability for the current year to be determined according to the number of staff employed by the district on September 15. Interest generated by the account shall be calculated as part of the total amount. The funds shall not be used for any purpose other than compensation for unused sick leave at the time of retirement and shall not be considered as part of the general fund balance in determining available local revenue for purposes of KRS 157.620.
- (4)
 - (a) The per pupil capital outlay allotment for each district from the public school fund and from local sources shall be kept in a separate account and may be used by the district only for capital outlay projects approved by the commissioner of education in accordance with requirements of law, and based on a survey made in accordance with administrative regulations of the Kentucky Board of Education. These funds shall be used for the following capital outlay purposes:
 1. For direct payment of construction costs;
 2. For debt service on voted and funding bonds;
 3. For payment or lease-rental agreements under which the board eventually will acquire ownership of a school plant;
 4. For the retirement of any deficit resulting from overexpenditure for capital construction, if such deficit resulted from an emergency declared by the Kentucky Board of Education under KRS 160.550; and
 5. As a reserve fund for the above-named purposes, to be carried forward in ensuing budgets.
 - (b) A district may submit a request to the commissioner of education to use funds from the per pupil capital outlay allotment to purchase land for a new school or to modify an existing school if the project is included on the district facility plan for completion within eight (8) years. The land shall not be included in the calculation of the school district's unmet need. The commissioner may grant or deny the district's request at his or her discretion.
 - (c) A district which has experienced an increase in adjusted average daily attendance, as defined by administrative regulation, of twenty percent (20%) or more over a five (5) year period may submit a request to the commissioner of education to use capital outlay funds for the operation of a new school for the first two (2) years following its opening. The commissioner may grant or deny the district's request at his or her discretion.
 - (d) A local school district may submit a request to the commissioner of education to use capital outlay funds for maintenance expenditures or for the purchase of property insurance without forfeiting the district's participation in the School Facilities Construction Commission program. Maintenance requests may include other priorities that are not considered major renovations, such as repair, renovation, or system upgrades that are necessary to maintain the integrity of an existing school facility.
- (5) The district may contribute capital outlay funds for energy conservation measures under guaranteed energy savings contracts pursuant to KRS 45A.345, 45A.352, and 45A.353. Use of these funds, provided in KRS 45A.353, 56.774, and 58.600, shall be based on the following:
 - (a) The energy conservation measures shall include facility alteration;
 - (b) The energy conservation measures shall be identified in the district's approved facility plan;
 - (c) The current facility systems are consuming excess maintenance and operating costs;
 - (d) The savings generated by the energy conservation measures are guaranteed;
 - (e) The capital outlay funds contributed to the energy conservation measures shall be defined as capital cost avoidance as provided in KRS 45A.345(2) and shall be subject to the restrictions on usage as specified in KRS 45A.352(9); and

- (f) The equipment that is replaced shall have exceeded its useful life as determined by a life-cycle cost analysis.
- (6) If any district has a special levy for capital outlay or debt service that is equal to the capital outlay allotment or a proportionate fraction thereof, and spends the proceeds of that levy for the above-named purposes, the commissioner of education under administrative regulations of the Kentucky Board of Education, may authorize the district to use all or a proportionate fraction of its capital outlay allotment for current expenses. However, a district which uses capital outlay funds for current expenses shall not be eligible to participate in the School Facilities Construction Commission funds, except when the current expenditures are approved by the commissioner of education under subsection (4)(b) or (c) of this section.
- (7) If a survey shows that a school district has no capital outlay needs as shown in subsection (4)(a)1., 2., 3., and 4. of this section, upon approval of the commissioner of education, these funds may be used for school plant maintenance, repair, insurance on buildings, replacement of equipment, purchase of school buses, and the purchase of modern technological equipment, including telecommunications hardware, televisions, computers, and other technological hardware to be utilized for educational purposes only.
- (8) In surveying the schools, the Department of Education shall designate each school facility as a permanent, functional, or transitional center.
- (a) "Permanent center" means a center which meets the program standards approved by the Kentucky Board of Education, is located so that students are not subjected to an excessive amount of time being transported to the site, and has established an attendance area which will maintain enrollment at capacity but will also avoid overcrowding.
- (b) "Functional center" means a center which does not meet all the criteria established for a permanent facility, but is adequate to meet accreditation program standards to insure no substantial academic or building deficiency. The facility plan shall include additions and renovations necessary to meet current accreditation standards for which federal, state, and local funds may be used.
- (c) "Transitional center" means a center which the local board of education has determined shall no longer be designated permanent or functional. The center shall be destined to be closed and shall not be eligible for new construction, additions, or major renovation. However, the board of education shall maintain any operating transitional center to provide a safe and healthy environment for students.
- (9) ***Beginning in fiscal year 2011-2012, the Kentucky Department of Education shall standardize the process for evaluating the overall quality and condition of all school buildings across the state. The evaluation process shall:***
- (a) ***Result in consistent categorization of buildings for local planning purposes and for the distribution of state general fund moneys designated for capital construction;***
- (b) ***Be based on measurable, objective criteria;***
- (c) ***Include numerical scoring with weights to recognize building components and characteristics that address:***
- 1. Life safety issues;***
 - 2. Compliance with state and federal codes;***
 - 3. Compliance with requirements under the Americans with Disabilities Act;***
 - 4. Community spaces;***
 - 5. Instructional areas;***

- 11. Current use of temporary facilities; and*
- 12. Projected enrollment growth; and*
- (d) Use of a third-party evaluator that utilizes an already established software based system to perform the first, base-line evaluation.*
- (10) The Kentucky Board of Education shall promulgate an administrative regulation upon recommendation of the Kentucky Department of Education and the School Facilities Construction Commission to implement subsection (9) of this section.**
- (11)** If a local school board authorized elementary, middle, or secondary education classes in a facility of a historical settlement school on January 1, 1994, the board shall continue to use the facilities provided by the settlement school if the facilities meet health and safety standards for education facilities as required by administrative regulations. The local school board and the governing body of the settlement school shall enter into a cooperative agreement that delineates the role, responsibilities, and financial obligations for each party.
- (12)**~~(10)~~ Notwithstanding the provisions of subsections (4) and (6) of this section, a local district that has requested a mid-year adjustment in the support education excellence in Kentucky funding under KRS 157.360(15) may request permission from the commissioner of education to use capital outlay funds for the purchase of school buses or to use the capital outlay funds for increased operational expenses for the first three (3) years following the increased growth in the district without forfeiture of the district's participation in the School Facilities Construction Commission Program. - (3) (a) Beginning in state fiscal year 2000-2001 and continuing annually thereafter, provider tax revenues and state and federal matching funds shall be used to fund the disproportionate share program established by ***administrative regulations promulgated by the Cabinet for Health and Family Services***~~the commissioner of Medicaid services~~. Disproportionate share funds shall be divided into three (3) pools for distribution as follows:
 - 1. Forty-three and ninety-two hundredths percent (43.92%) of the total disproportionate share funds shall be allocated to acute care hospitals;
 - 2. Thirty-seven percent (37%) of the total disproportionate share funds shall be allocated to university hospitals;~~and~~
 - 3. ***The percentage allowable by federal law pursuant to 42 U.S.C. sec. 1396r-4(h), up to*** nineteen and eight hundredths percent (19.08%) of the total disproportionate share funds shall be allocated to private psychiatric hospitals and state mental hospitals, with the allocation to each respective group of hospitals established by the biennial budget;~~and~~
 - 4. ***If there are any remaining disproportionate share funds from private psychiatric hospitals and state mental hospitals, fifty-four percent (54%) of those funds shall be distributed to the acute care hospitals and forty-six percent (46%) shall be distributed to the university hospitals; and***
 - 5. If, in any year, one (1) or both university hospitals fail to provide state matching funds necessary to secure federal financial participation for the funds allocated to university hospitals under this subsection, the portion of the funding allocation applicable to the hospital or hospitals that fail to provide state matching funds shall be made available to acute care hospitals.
- (b) The MART fund shall be used to compensate acute care hospitals, private psychiatric hospitals, ***state mental hospitals***, and university hospitals ***participating in***~~qualifying for~~ the disproportionate share program for uncompensated service provided by the hospitals to individuals and families with total

annual incomes and resources up to one hundred percent (100%) of the federal poverty level, as determined by the hospital pursuant to administrative regulations promulgated by the Cabinet for Health and Family Services in accordance with this section.

- (c) An individual hospital shall receive distributions for indigent care provided by that hospital *if the hospital meets the requirements of the disproportionate share program* ~~[that meets the guidelines established in paragraph (a) of this subsection]~~.
- (d) Distributions to acute care and private psychiatric hospitals shall be made as follows:
 - 1. The department shall calculate an indigent care factor for each hospital annually. The indigent care factor shall be determined by calculating the percentage of each hospital's annual indigent care costs toward the sum of the total annual indigent care costs for all hospitals within each respective pool. For purposes of this paragraph, "indigent care costs" means the hospital's inpatient and outpatient care as reported to the department multiplied by the hospital's Medicaid rate, or at a rate determined by the department in administrative regulation that, when multiplied by the hospital's reported indigent care, is equivalent to the amount that would be payable by the department under the fee-for-service Medicaid program for the hospital's total reported indigent care.
 - 2. Each hospital's annual distribution shall be calculated by multiplying the hospital's indigent care factor by the total fund allocated to all hospitals within the respective pool under paragraph (a) of this subsection.
 - a. Hospitals shall report uncompensated care provided to qualified individuals and families with total annual incomes and resources up to one hundred percent (100%) of the federal poverty level, including care rendered to indigent persons age twenty-two (22) to sixty-four (64) in a psychiatric hospital to the Cabinet for Health and Family Services on a quarterly basis. However, all data for care provided during the state fiscal year shall be submitted no later than August 15 of each year.
 - b. ~~[The department shall use indigent care data for services delivered from October 1, 1998, through September 30, 1999, as reported by hospitals to calculate each hospital's indigent care factor for state fiscal year 2000-2001.]~~ For state fiscal year 2001-2002 and each year thereafter, the department shall use data reported by the hospitals for indigent care services rendered for the twelve (12) month period ending June 30 of each year as reported by the hospital to the department by August 15 in calculating each hospital's indigent care factor. The hospital shall, upon request by the Cabinet for Health and Family Services, submit any supporting documentation to verify the indigent care data submitted for the calculation of an indigent care factor and annual payment.
 - c. By September 1 of each year, the department shall calculate a preliminary indigent care factor and preliminary annual payment amount for each hospital, and shall notify each hospital of their calculation. The notice shall contain a listing of each hospital's indigent care costs, their indigent care factor, and the estimated annual payment amount. Hospitals shall notify the department by September 15 of any adjustments in the department's preliminary calculations. The department shall make adjustments identified by hospitals and shall make a final determination of each hospital's indigent care factor and annual payment amount by October 1. *The department shall make a final determination of each hospital's annual payment amount upon notification through the Federal Register of the annual federal disproportionate share hospital allotment for the Commonwealth.*
 - (e) ~~[For fiscal year 2000-2001 and continuing annually thereafter,]~~ The department shall issue to each hospital one (1) lump-sum payment on October 15, or later as soon as federal financial participation becomes available *through notification by publication of the Federal Register*, for the disproportionate share funds available during the corresponding federal fiscal year. *The department may pay a portion of the expected annual payment prior to the publication of the annual federal allotment.*
- (4) Notwithstanding any other provision to contrary, total annual disproportionate share payments made to state mental hospitals, university hospitals, acute care hospitals, and private psychiatric hospitals in each state fiscal

year shall be equal to the maximum amount of disproportionate share payments established under the Federal Balanced Budget Act of 1997 and any amendments thereto. Disproportionate share payments shall be subject to the availability of adequate state matching funds and shall not exceed total uncompensated costs.

- (5) Hospitals receiving reimbursement shall not bill patients for services submitted for reimbursement under this section and KRS 205.641. Services provided to individuals who are eligible for medical assistance or the Kentucky Children's Health Insurance Program do not qualify for reimbursement under this section and KRS 205.641. Hospitals shall make a reasonable determination that an individual does not qualify for these programs and shall request the individual to apply, if appropriate, for medical assistance or Kentucky Children's Health Insurance on forms supplied by and in accordance with procedures established by the Department for Medicaid Services. The hospital shall document any refusal to apply and shall inform the patient that the refusal may result in the patient being billed for any services performed. The hospital shall not be eligible for reimbursement if the patient was eligible for medical assistance or Kentucky Children's Health Insurance and did not apply. Hospitals receiving reimbursement under this section and KRS 205.641 shall not bill patients for services provided to patients not eligible for medical assistance with family incomes up to one hundred percent (100%) of the federal poverty level.
- (6) The secretary of the Cabinet for Health and Family Services shall promulgate administrative regulations~~{necessary}~~, pursuant to KRS Chapter 13A, for the administration and implementation of this section.
- (7) All hospitals receiving reimbursement under this section and KRS 205.641 shall display prominently a sign which reads as follows: "This hospital will accept patients regardless of race, creed, ethnic background, or ability to pay."
- (8) *The hospital shall, upon request by the Cabinet for Health and Family Services, submit any supporting documentation to substantiate compliance with the audit requirements established by 42 C.F.R. sec. 455.*

➔Section 2. KRS 333.150 is amended to read as follows:

- (1) A medical laboratory shall examine human specimens only at the request of a licensed physician, podiatrist, dentist, or other person authorized by law to use the findings of medical laboratory examinations. The results of a test shall be reported ~~{directly}~~ to the licensed **health care provider** ~~{physician, dentist, or other authorized person}~~ who requested it.
- (2) *Medical laboratory results may be transmitted to:*
 - (a) *Any health care provider who is treating the patient;*
 - (b) *An electronic health information exchange or network for the purposes of transmitting medical laboratory results to the ordering provider and to any other provider for the purposes of treatment, payment, or operations if patient consent has been obtained under the federal Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191); and*
 - (c) *An electronic health information exchange or network for the purpose of meeting the requirements of the American Recovery and Reinvestment Act of 2009 (P.L. 111-5) and its related federal regulations.*
- (3) *All transactions under subsection (2) of this section shall be in compliance with the federal Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191).*
- (4) *Laboratory reports* ~~{Such report}~~ shall include the name of the director and the name and address of the medical laboratory in which the test was actually performed. All specimens accepted by a medical laboratory shall be tested on the premises except that specimens for infrequently performed tests may be forwarded for examination to another medical laboratory licensed under this chapter or to a medical laboratory located outside this state if licensed or approved by the appropriate agency of the state concerned.

CHAPTER 143

(HB 504)

AN ACT relating to wet weather discharges from sanitary sewers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔SECTION 1. A NEW SECTION OF SUBCHAPTER 16 OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

When issuing permits under KRS 224.16-050 for discharges consisting of combined sewer overflows, requiring and approving long-term control plans for wet weather discharges from combined or separate sanitary sewer systems, or enforcing provisions of the Federal Water Pollution Control Act, 33 U.S.C. secs. 1251 et seq., the cabinet shall consider the following, to the extent allowable under this chapter and the Federal Water Pollution Control Act:

- (1) *Limitations on a community's financial capabilities and ability to raise or secure necessary funding;*
- (2) *Affordability of control options;*
- (3) *An evaluation of the effectiveness and affordability of control technologies;*
- (4) *Promotion of green infrastructure;*
- (5) *Reducing economic impacts on regulated entities, other state and local governmental entities, and residents of the Commonwealth;*
- (6) *Allowing for reasonable accommodations for regulated entities and other state and local governmental entities when inflexible standards and fines would impose a disproportionate financial hardship in light of the environmental benefits to be gained;*
- (7) *Giving preference, where proposed by a permittee, to control options that meet presumption approach performance criteria and demonstrate significant pollution reduction rather than mandating specific designs;*
- (8) *Allowing adequate time and flexibility for implementation schedules when justified by a clear environmental benefit, a community's ability to raise or secure adequate funds, an analysis concluding that the costs of a shorter implementation schedule outweigh the benefits of faster implementation, or other factors; and*
- (9) *Factors set forth in the United States Environmental Protection Agency's "Combined Sewer Overflow Control Policy" that may ease the cost burdens of implementing long-term control plans, including but not limited to small system considerations, the attainability of water quality standards, and the development of wet weather standards.*

Signed by Governor April 13, 2010.

➔Section 1. (1) There is appropriated out of the general fund and the transportation fund in the State Treasury for the purpose of compensating persons and companies named below for claims which have been duly audited and approved according to law, but have not been paid because of lapsing or insufficiency of former appropriations against which the claims were chargeable, or the lack of an appropriate procurement document in place, the amounts listed below:

CHAPTER 146**(HB 327)**

AN ACT relating to school athletics and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 156.070 is amended to read as follows:

- (1) The Kentucky Board of Education shall have the management and control of the common schools and all programs operated in these schools, including interscholastic athletics, the Kentucky School for the Deaf, the Kentucky School for the Blind, and community education programs and services.
- (2) The Kentucky Board of Education may designate an organization or agency to manage interscholastic athletics in the common schools, provided that the rules, regulations, and bylaws of any organization or agency so designated shall be approved by the board, and provided further that any administrative hearing conducted by the designated managing organization or agency shall be conducted in accordance with KRS Chapter 13B.

- (a) The state board or its designated agency shall assure through promulgation of administrative regulations that if a secondary school sponsors or intends to sponsor an athletic activity or sport that is similar to a sport for which National Collegiate Athletic Association members offer an athletic scholarship, the school shall sponsor the athletic activity or sport for which a scholarship is offered. The administrative regulations shall specify which athletic activities are similar to sports for which National Collegiate Athletic Association members offer scholarships.
- (b) Beginning with the 2003-2004 school year, the state board shall require any agency or organization designated by the state board to manage interscholastic athletics to adopt bylaws that establish as members of the agency's or organization's board of control one (1) representative of nonpublic member schools who is elected by the nonpublic school members of the agency or organization from regions one (1) through eight (8) and one (1) representative of nonpublic member schools who is elected by the nonpublic member schools of the agency or organization from regions nine (9) through sixteen (16). The nonpublic school representatives on the board of control shall not be from classification A1 or D1 schools. Following initial election of these nonpublic school representatives to the agency's or organization's board of control, terms of the nonpublic school representatives shall be staggered so that only one (1) nonpublic school member is elected in each even-numbered year.
- (c) The state board or any agency designated by the state board to manage interscholastic athletics shall not promulgate rules, administrative regulations, or bylaws that prohibit pupils in grades seven (7) to eight (8) from participating in any high school sports except for high school varsity soccer and football, or from participating on more than one (1) school-sponsored team at the same time in the same sport. The Kentucky Board of Education, or an agency designated by the board to manage interscholastic athletics, may promulgate administrative regulations restricting, limiting, or prohibiting participation in high school varsity soccer and football for students who have not successfully completed the eighth grade.
- (d) Every local board of education shall require an annual medical examination performed and signed by a physician, physician assistant, advanced registered nurse practitioner, or chiropractor, if performed within the professional's scope of practice, for each student seeking eligibility to participate in any high school athletic activity or sport. The Kentucky Board of Education or any organization or agency designated by the state board to manage interscholastic athletics shall not promulgate administrative regulations or adopt any policies or bylaws that are contrary to the provisions of this paragraph.
- (e) Any student who turns nineteen (19) years of age prior to August 1 shall not be eligible for high school athletics in Kentucky. Any student who turns nineteen (19) years of age on or after August 1 shall remain eligible for that school year only. An exception to the provisions of this paragraph shall be made, and the student shall be eligible for high school athletics in Kentucky if the student:
 1. Qualified for exceptional children services and had an individual education program developed by an admissions and release committee (ARC) while the student was enrolled in the primary school program;
 2. Was retained in the primary school program because of an ARC committee recommendation; and
 3. Has not completed four (4) consecutive years or eight (8) consecutive semesters of eligibility following initial promotion from grade eight (8) to grade nine (9).
- (f)
 1. ~~If~~ The state board or any agency designated by the state board to manage interscholastic athletics ***shall promulgate*** ~~promulgates~~ administrative regulations that permit a school district to employ or assign nonteaching ***or noncertified*** personnel ***or personnel without postsecondary education credit hours*** to serve in a coaching position ~~those administrative regulations shall apply to all sports and sports activities, including basketball and football~~. The administrative regulations shall give preference to the hiring or assignment of certified personnel ~~over nonteaching personnel~~ in coaching positions.
 2. ***A person employed in a coaching position shall be a high school graduate and at least twenty-one (21) years of age and shall submit to a criminal background check in accordance with KRS 160.380.***
 3. ***The administrative regulations shall specify post-hire requirements for persons employed in coaching positions.***

4. *The regulations shall permit a predetermined number of hours of professional development training approved by the state board or its designated agency to be used in lieu of postsecondary education credit hour requirements.*
 5. *A local school board may specify post-hire requirements for personnel employed in coaching positions in addition to those specified in subparagraph 3. of this paragraph.*
- (3) (a) The Kentucky Board of Education is hereby authorized to lease from the State Property and Buildings Commission, or others, whether public or private, any lands, buildings, structures, installations, and facilities suitable for use in establishing and furthering television and related facilities as an aid or supplement to classroom instruction, throughout the Commonwealth, and for incidental use in any other proper public functions. The lease may be for any initial term commencing with the date of the lease and ending with the next ensuing June 30, which is the close of the then-current fiscal biennium of the Commonwealth, with exclusive options in favor of the board to renew the same for successive ensuing bienniums, July 1 in each even year to June 30 in the next ensuing even year; and the rentals may be fixed at the sums in each biennium, if renewed, sufficient to enable the State Property and Buildings Commission to pay therefrom the maturing principal of and interest on, and provide reserves for, any revenue bonds which the State Property and Buildings Commission may determine to be necessary and sufficient, in agreement with the board, to provide the cost of acquiring the television and related facilities, with appurtenances, and costs as may be incident to the issuance of the bonds.
- (b) Each option of the Kentucky Board of Education to renew the lease for a succeeding biennial term may be exercised at any time after the adjournment of the session of the General Assembly at which appropriations shall have been made for the operation of the state government for such succeeding biennial term, by notifying the State Property and Buildings Commission in writing, signed by the chief state school officer, and delivered to the secretary of the Finance and Administration Cabinet as a member of the commission. The option shall be deemed automatically exercised, and the lease automatically renewed for the succeeding biennium, effective on the first day thereof, unless a written notice of the board's election not to renew shall have been delivered in the office of the secretary of the Finance and Administration Cabinet before the close of business on the last working day in April immediately preceding the beginning of the succeeding biennium.
- (c) The Kentucky Board of Education shall not itself operate leased television facilities, or undertake the preparation of the educational presentations or films to be transmitted thereby, but may enter into one (1) or more contracts to provide therefor, with any public agency and instrumentality of the Commonwealth having, or able to provide, a staff with proper technical qualifications, upon which agency and instrumentality the board, through the chief state school officer and the Department of Education, is represented in such manner as to coordinate matters of curriculum with the curricula prescribed for the public schools of the Commonwealth. Any contract for the operation of the leased television or related facilities may permit limited and special uses of the television or related facilities for other programs in the public interest, subject to the reasonable terms and conditions as the board and the operating agency and instrumentality may agree upon; but any contract shall affirmatively forbid the use of the television or related facilities, at any time or in any manner, in the dissemination of political propaganda or in furtherance of the interest of any political party or candidate for public office, or for commercial advertising. No lease between the board and the State Property and Buildings Commission shall bind the board to pay rentals for more than one (1) fiscal biennium at a time, subject to the aforesaid renewal options. The board may receive and may apply to rental payments under any lease and to the cost of providing for the operation of the television or related facilities not only appropriations which may be made to it from state funds, from time to time, but also contributions, gifts, matching funds, devises, and bequests from any source, whether federal or state, and whether public or private, so long as the same are not conditioned upon any improper use of the television or related facilities in a manner inconsistent with the provisions of this subsection.
- (4) The state board may, on the recommendation and with the advice of the chief state school officer, prescribe, print, publish, and distribute at public expense such administrative regulations, courses of study, curriculums, bulletins, programs, outlines, reports, and placards as each deems necessary for the efficient management, control, and operation of the schools and programs under its jurisdiction. All administrative regulations published or distributed by the board shall be enclosed in a booklet or binder on which the words "informational copy" shall be clearly stamped or printed.

- (5) Upon the recommendation of the chief state school officer or his designee, the state board shall establish policy or act on all matters relating to programs, services, publications, capital construction and facility renovation, equipment, litigation, contracts, budgets, and all other matters which are the administrative responsibility of the Department of Education.

➔Section 2. KRS 158.070 is amended to read as follows:

- (1) The minimum school term shall be one hundred eighty-five (185) days, including no less than the equivalent of one hundred seventy-five (175) six (6) hour instructional days. A board of education may extend its term beyond the minimum term.
- (2) The local board of education, upon recommendation of the local school district superintendent, shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, instructional days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.
- (3) Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:
 - (a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30;
 - (b) A pupil's required attendance in school shall be for at least the minimum instructional term; and
 - (c) No teacher shall be required to teach more than the minimum term during the school year.
- (4)
 - (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of pupils pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.
 - (b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.
 1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.
 2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement or consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.
 - (c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.
 - (d) Each local board may use two (2) days for planning activities without the presence of pupils.
 - (e) Each local board may use the number of days deemed necessary for:

1. National or state disaster or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;
 2. Local disaster which would endanger the health or safety of children; and
 3. Mourning when so designated by the local board of education and approved by the Kentucky Board of Education upon recommendation of the commissioner of education.
- (5) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of school days, including days missed from the regular school day as a result of local disaster, as defined in subsection (4)(e)2. of this section, and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for professional development and planning activities for the professional staff.
- (6) (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit teachers who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The commissioner of education shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings shall not be counted as a part of the minimum school term. School shall be closed on the day of a regular election and on the day of a primary election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences.
- (b) All schools shall be closed on the third Monday of January in observance of the birthday of Martin Luther King, Jr. Districts may:
1. Designate the day as one (1) of the four (4) holidays permitted under subsection (4)(c) of this section; or
 2. Not include the day in the minimum school term specified in subsection (1) of this section.
- (7) (a) ***The Kentucky Board of Education, or the organization or agency designated by the board to manage interscholastic athletics, shall be encouraged to schedule athletic competitions outside the regularly scheduled school day.***
- (b) ***Beginning with the 2009-2010 school year, any member of a school-sponsored interscholastic athletic team who competes in a regional tournament or state tournament sanctioned by the Kentucky Board of Education, or the organization or agency designated by the board to manage interscholastic athletics, and occurring on a regularly scheduled school day may be counted present at school on the date or dates of the competition, as determined by local board policy, for a maximum of two (2) days per student per year. The student shall be expected to complete any assignments missed on the date or dates of the competition.***
- (c) ***The school attendance record of any student for whom paragraph (b) of this subsection applies shall indicate that the student was in attendance on the date or dates of competition.***
- (8) Students applying for excused absence for attendance at the Kentucky State Fair shall be granted one (1) day of excused absence.
- ~~(9)~~~~(8)~~ Schools shall provide continuing education for those students who are determined to need additional time to achieve the outcomes defined in KRS 158.6451, and schools shall not be limited to the minimum school term in providing this education. Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts and shall include criteria by which the commissioner of education may approve a district's request for a waiver to use an alternative service delivery option, including providing services during the school day on a limited basis. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional

time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the school day.

~~(10)(9)~~ Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.

~~(11)(10)~~ Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. In the event of an unforeseen bus delay, the administrator of a school that participates in the Federal School Breakfast Program may authorize up to fifteen (15) minutes of the six (6) hour instructional day if necessary to provide the opportunity for children to eat breakfast not to exceed eight (8) times during the school year within a school building.

~~(12)(11)~~ Notwithstanding any other statute to the contrary, the following provisions shall apply to a school district that misses school days due to emergencies, including weather-related emergencies:

(a) A certified school employee shall be considered to have fulfilled the minimum one hundred eighty-five (185) day contract with a school district under KRS 157.350 and shall be given credit for the purpose of calculating service credit for retirement under KRS 161.500 for certified school personnel if:

1. State and local requirements under this section are met regarding the equivalent of the number and length of instructional days, professional development days, holidays, and days for planning activities without the presence of pupils; and
2. The provisions of the district's school calendar to make up school days missed due to any emergency, as approved by the Kentucky Department of Education, including but not limited to a provision for additional instructional time per day, are met.

(b) Additional time worked by a classified school employee shall be considered as equivalent time to be applied toward the employee's contract and calculation of service credit for classified employees under KRS 78.615 if:

1. The employee works for a school district with a school calendar approved by the Kentucky Department of Education that contains a provision that additional instructional time per day shall be used to make up full days missed due to an emergency;
2. The employee's contract requires a minimum six (6) hour work day; and
3. The employee's job responsibilities and work day are extended when the instructional time is extended for the purposes of making up time.

(c) Classified employees who are regularly scheduled to work less than six (6) hours per day and who do not have additional work responsibilities as a result of lengthened instructional days shall be excluded from the provisions of this subsection. These employees may be assigned additional work responsibilities to make up service credit under KRS 78.615 that would be lost due to lengthened instructional days.

➔Section 3. KRS 158.649 is amended to read as follows:

- (1) "Achievement gap" means a substantive performance difference on each of the tested areas by grade level of the state assessment program between the various groups of students including male and female students, students with and without disabilities, students with and without English proficiency, minority and nonminority students, and students who are eligible for free and reduced lunch and those who are not eligible for free and reduced lunch.
- (2) By November 1 of each year, the Department of Education shall provide each school council, or the principal if a school council does not exist, data on its students' performance as shown by the state assessment program described in KRS 158.6453. The data shall include, but not be limited to, information on performance levels of all students tested, and information on the performance of students disaggregated by race, gender, disability, English proficiency, and participation in the federal free and reduced price lunch program. The information from the department shall include an equity analysis that shall identify the substantive differences among the various groups of students identified in subsection (1) of this section. Beginning with the 2012-2013 school

year, the reporting requirement in this subsection shall be no later than seventy-five (75) days following the first day the assessment can be administered.

- (3) Each local board of education upon the recommendation of the local district superintendent shall adopt a policy for reviewing the academic performance on the state assessments required under KRS 158.6453 for various groups of students, including major racial groups, gender, disability, free and reduced price school lunch eligibility, and limited English proficiency. The local board policy shall be consistent with Kentucky Board of Education administrative regulations. Upon agreement of the school-based decision making council, or the principal if there is not a council, and the superintendent, the local board shall establish a biennial target for each school for reducing identified gaps in achievement as set out in subsection (4) of this section.
- (4) By February 1, 2003, and each February 1 in odd-numbered years thereafter, the school-based decision making council, or the principal if there is not a council, with the involvement of parents, faculty, and staff shall set the school's biennial targets for eliminating any achievement gap and submit them to the superintendent for consideration. The superintendent and the school-based decision making council, or the principal if there is not a council, shall agree on the biennial targets before they are submitted to the local board of education for adoption. Beginning with the 2012-2013 school year, the reporting requirement in this subsection shall be October 1 of each year.
- (5) By April 1, 2003, and each April 1 in odd-numbered years thereafter, the school council, or the principal if a school council does not exist, with the involvement of parents, faculty, and staff, shall review the data and revise the consolidated plan to include the biennial targets, strategies, activities, and a time schedule calculated to eliminate the achievement gap among various groups of students to the extent it may exist. The plan shall include but not be limited to activities designed to address the following areas:
 - (a) Curriculum alignment within the school and with schools that send or receive the school's students;
 - (b) Evaluation and assessment strategies to continuously monitor and modify instruction to meet student needs and support proficient student work;
 - (c) Professional development to address the goals of the plan;
 - (d) Parental communication and involvement;
 - (e) Attendance improvement and dropout prevention; and
 - (f) Technical assistance that will be accessed.

Beginning with the 2012-2013 school year, the reporting requirement in this subsection shall be October 1 of each year.

- (6) The principal shall convene a public meeting at the school to present and discuss the plan prior to submitting it to the superintendent and the local board of education for review, in the public meeting required under KRS 160.340.
- (7) Based on the disaggregated assessment results, the local board shall determine if each school achieved its targets for each group of students. Only data for a group of students including ten (10) or more students shall be considered.
- (8) Notwithstanding KRS 160.345(8) and 158.070(9)(8), if a local board determines that a school has not met its target to reduce the identified gap in student achievement for a group of students, the local board shall require the council, or the principal if no council exists, to submit its revisions to the school improvement plan describing the use of professional development funds and funds allocated for continuing education to reduce the school's achievement gap for review and approval by the superintendent. The plan shall address how the school will meet the academic needs of the students in the various groups identified in subsection (1) of this section.
- (9) The superintendent shall report to the commissioner of education if a school fails to meet its targets to reduce the gap in student achievement for any student group for two (2) consecutive years. The school's improvement plan shall be subject to review and approval by the Kentucky Department of Education and the school shall submit an annual status report. The Department of Education may provide assistance to schools as it deems necessary to assist the school in meeting its goals.

This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. - (5) Effective July 1, 2008, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed three and one-half percent (3.5%) of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. The level of increase provided for in this subsection shall be determined by the funding provided in the 2008-2010 biennium budget appropriation.

Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

- (2) (a) At the time a breath, blood, or urine test is requested, the person shall be informed:
 - 1. That, if the person refuses to submit to such tests, the fact of this refusal may be used against him in court as evidence of violating KRS 189A.010 and will result in revocation of his driver's license, and if the person refuses to submit to the tests and is subsequently convicted of violating KRS 189A.010(1) then he will be subject to a mandatory minimum jail sentence which is twice as long as the mandatory minimum jail sentence imposed if he submits to the tests, and that if the person refuses to submit to the tests he will be unable to obtain a hardship license; and
 - 2. That, if a test is taken, the results of the test may be used against him in court as evidence of violating KRS 189A.010(1), and that if the results of the test are **0.15**~~0.18~~ or above and the person is subsequently convicted of violating KRS 189A.010(1), then he will be subject to a sentence that is twice as long as the mandatory minimum jail sentence imposed if the results are less than **0.15**~~0.18~~; and

3. That if the person first submits to the requested alcohol and substance tests, the person has the right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested.

However, if the incident involves a motor vehicle accident in which there was a fatality, the investigating peace officer shall seek such a search warrant for blood, breath, or urine testing unless the testing has already been done by consent. If testing done pursuant to a warrant reveals the presence of alcohol or any other substance that impaired the driving ability of a person who is charged with and convicted of an offense arising from the accident, the sentencing court shall require, in addition to any other sentencing provision, that the defendant make restitution to the state for the cost of the testing.
- (3) During the period immediately preceding the administration of any test, the person shall be afforded an opportunity of at least ten (10) minutes but not more than fifteen (15) minutes to attempt to contact and communicate with an attorney and shall be informed of this right. Inability to communicate with an attorney during this period shall not be deemed to relieve the person of his obligation to submit to the tests and the penalties specified by KRS 189A.010 and 189A.107 shall remain applicable to the person upon refusal. Nothing in this section shall be deemed to create a right to have an attorney present during the administration of the tests, but the person's attorney may be present if the attorney can physically appear at the location where the test is to be administered within the time period established in this section.
- (4) Immediately following the administration of the final test requested by the officer, the person shall again be informed of his right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested. He shall then be asked "Do you want such a test?" The officer shall make reasonable efforts to provide transportation to the tests.

- (2) The peace officer had reasonable grounds to believe that the person was operating a motor vehicle in violation of KRS 189A.010(1)(a), (b), (c), ~~(d), or (e)~~ (d), **or (e)**;
- (3) There is probable cause to believe that the person committed the violation of KRS 189A.010(1)(a), (b), (c), ~~(d), or (e)~~ (d), **or (e)** as charged; and
- (4) The person has been convicted of one (1) or more prior offenses as described in KRS 189A.010(5)(e) or has had his motor vehicle operator's license suspended or revoked on one (1) or more occasions for refusing to take an alcohol concentration or substance test, in the five (5) year period immediately preceding his arrest, then the court shall continue to suspend the person's operator's license or privilege to operate a motor vehicle. The provisions of this section shall not be construed as limiting the person's ability to challenge any prior convictions or license suspensions or refusals.

- (e) Nothing in this subsection shall prohibit the Personnel Cabinet from including other requirements or criteria in the request for proposal.

- (6) If the Secretary of State determines that the application contains the information required by subsection (5) of this section and that the information provided therein is correct, then the Secretary of State shall cancel the certificate of administrative dissolution and prepare a certificate reciting the cancellation of the administrative dissolution and the effective date thereof, file the original of the certificate, and serve a copy on the partnership by mailing the certificate by first class mail to the partnership at its registered office. When the revocation of the administrative dissolution is effective, it shall relate back to and take effect as of the effective date of the administrative dissolution, and the statement or statements shall be in full force and effect as if the administrative dissolution had never occurred.
- (7) If the Secretary of State denies a partnership's application for reinstatement of its statement of qualification following administrative dissolution, then he shall serve the partnership with written notice that explains the reason or reasons for denial by mailing the notice by first class mail to the partnership at its registered office.  3. The names and mailing addresses of all of the partners or of an agent appointed and maintained by the partnership for the purpose of subsection (2) of this section;

- (4) Except as otherwise provided in subsection (7) of this section, a filed statement of partnership authority supplements the authority of a partner to enter into transactions on behalf of the partnership as follows:
- (a) Except for transfers of real property, a grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person who gives value without notice to the contrary, so long as and to the extent that a limitation on that authority is not then contained in another filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.
- (b) A grant of authority to transfer real property held in the name of the partnership contained in a certified copy of a filed statement of partnership authority recorded in the office for recording transfers of that

real property is conclusive in favor of a person who gives value without having notice to the contrary, so long as and to the extent that a certified copy of a filed statement containing a limitation on that authority is not then of record in the office for recording transfers of that real property. The recording in the office for recording transfers of that real property of a certified copy of a filed cancellation of a limitation on authority revives the previous grant of authority.

- (5) A person not a partner has knowledge of a limitation on the authority of a partner to transfer real property held in the name of the partnership if a certified copy of the filed statement containing the limitation on authority is of record in the office for recording transfers of that real property.

- (7) Unless earlier canceled, a filed statement of partnership authority is canceled by operation of law five (5) years after the date on which the statement, or the most recent amendment to the statement of partnership authority expressly extending its term for not more than five (5) years from the date of the amendment, was filed with the Secretary of State.

➔Section 130. KRS 362.1-122 is amended to read as follows:

- (3) If the limited liability partnership does not correct each ground for dissolution or demonstrate to the reasonable satisfaction of the Secretary of State that each ground determined by the Secretary of State does not exist within sixty (60) days from the date on which the notice was mailed, then the Secretary of State shall administratively dissolve the statement of qualification by signing a certificate of dissolution that recites the ground or grounds for dissolution and its effective date. The Secretary of State shall file the original certificate and serve a copy on the limited liability partnership by mailing such certificate by first class mail to the partnership at its registered office. The administrative dissolution of a statement of qualification shall not terminate the authority of the registered agent of the partnership.
- (4) The administrative dissolution of a statement of qualification affects only the partnership's status as a limited liability partnership and is not an event of dissolution of the partnership.
- (5) The partnership whose statement of qualification has been administratively dissolved may apply to the Secretary of State for reinstatement of the statement at any time after the effective date of the dissolution by filing an application that:

 - (c) States that the name of the partnership satisfies the requirements of KRS 362.1-114; and
 - (d) Is accompanied by the reinstatement penalty and the current fee for filing each delinquent annual report.

When the revocation of the administrative dissolution is effective, it shall relate back to and take effect as of the effective date of the administrative dissolution, and the statement or statements shall be in full force and effect as if the administrative dissolution had never occurred.
- (7) If the Secretary of State denies a partnership's application for reinstatement of its statement of qualification following administrative dissolution, then he shall serve the partnership with written notice that explains the reason or reasons for denial by mailing the notice by first class mail to the partnership at its registered office. The partnership may appeal the denial of reinstatement to the Franklin Circuit Court within thirty (30) days after the service of the notice of the denial transmitted to the partnership. The partnership may appeal by petitioning the court to set aside the administrative dissolution and attaching to the petition copies of the Secretary of State's certificate of administrative dissolution, the partnership's application for reinstatement, and the Secretary of State's notice of denial. The court may summarily order the Secretary of State to reinstate the statement of qualification or may take any other action the court considers appropriate. CHAPTER 152

(HB 287)

AN ACT relating to economic development.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 154.22-050 is amended to read as follows:

The authority may enter into, with any approved company, a tax incentive agreement with respect to its economic development project, upon adoption of a resolution authorizing the tax incentive agreement. Subject to the inclusion of the mandatory provisions set forth below, the terms and provisions of each tax incentive agreement shall be determined by negotiations between the authority and the approved company.

- (1) The tax incentive agreement shall set forth the maximum amount of inducements available to the approved company for recovery of the approved costs authorized by the authority and expended by the approved company.
- (2) The approved company shall expend the authorized approved costs for the economic development project within three (3) years of the date of the final approval by the authority.
- (3) The approved company shall provide the authority with documentation as to the expenditures for approved costs in a manner acceptable to the authority.

- (4) (a) The term of the tax incentive agreement shall commence upon the activation date and ~~shall~~^{will} terminate upon the earlier of the full receipt of the maximum amount of inducements by the approved company or fifteen (15) years after the activation date *unless paragraph (b) of this subsection applies.*
- (b) 1. *An approved company may request an extension of the fifteen (15) year term as provided in this paragraph. The extension may be granted by the authority for up to ten (10) years under the following conditions:*
- a. *The approved company commits to an additional investment or the creation of additional jobs at the approved economic development project;*
 - b. *The approved company consolidates operations, facilities, or services currently located in another state to the Kentucky facility;*
 - c. *At the time the extension is granted, the approved company has used less than sixty percent (60%) of the inducements awarded under the tax incentive agreement; and*
 - d. *The authority shall not increase the maximum amount of incentives established by the existing tax incentive agreement.*
2. *If the authority approves the extension, the tax incentive agreement shall be amended as necessary to extend the term, and to incorporate any additional requirements established by the authority as required by this paragraph.*
- (5) The tax incentive agreement shall include the activation date. To implement the activation date, the approved company shall notify the authority, the Department of Revenue, and the approved company's employees of the activation date when the implementation of the inducements authorized in the tax incentive agreement shall occur. If the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.22-040(3) by the activation date, the approved company shall not be entitled to receive inducements pursuant to this subchapter until the approved company satisfies the requirements; however, the fifteen (15) year period for the term of the tax incentive agreement shall begin from the activation date. Notwithstanding the previous sentence, if the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.22-040(3) within two (2) years from the date of final approval of the tax incentive agreement, then the approved company shall be ineligible to receive inducements under this subchapter unless an extension is approved by the authority.
- (6) The tax agreement shall also state that if the total number of new full-time employees at the site of the economic development project who are residents of the Commonwealth and subject to the Kentucky income tax is less than fifteen (15) at any time after activation, the authorized inducements shall be suspended for a period of up to one (1) year. If the company does not have at least fifteen (15) new full-time employees at the site who are residents of the Commonwealth and subject to Kentucky income tax within one (1) year from the date of the initial suspension, the inducements may be terminated at the discretion of the authority.
- (7) The approved company shall comply with the hourly wage criteria set forth in KRS 154.22-040(4) and provide documentation in connection with hourly wages paid to its full-time employees hired as a result of the economic development project in a manner acceptable to the authority.
- (8) The approved company may be permitted the following inducements during the term of the tax incentive agreement:
- (a) A one hundred percent (100%) credit against the Kentucky income tax and the limited liability entity tax imposed under KRS 141.0401 that would otherwise be owed in the approved company's fiscal year, as determined under KRS 141.347, to the Commonwealth by the approved company on the income, Kentucky gross receipts, or Kentucky gross profits of the approved company generated by or arising from the economic development project. The ordering of the credits shall be as provided in KRS 141.0205; and
 - (b) The aggregate assessments withheld by the approved company in each year.
- (9) The credit allowed the approved company shall be applied against both the income tax imposed by KRS 141.020 or 141.040, and the limited liability entity tax imposed by KRS 141.0401, with credit ordering as provided in KRS 141.0205, for the fiscal year for which the tax return of the approved company is filed. The total inducements may not exceed authorized cumulative approved costs paid by the approved company in the period commencing with the date of final approval.

- (10) The approved company shall not be required to pay estimated tax payments as prescribed in KRS 141.042 on the Kentucky taxable income, Kentucky gross receipts or Kentucky gross profits generated by or arising from the economic development project.
- (11) The tax incentive agreement may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to that effect.
- (12) The tax incentive agreement shall provide that if an approved company fails to comply with its obligations under the tax incentive agreement then the authority shall have the right, at its option, to:
 - (a) Suspend the tax credits and assessments available to the approved company;
 - (b) Pursue any remedy provided under the tax incentive agreement, including termination thereof; and
 - (c) Pursue any other remedy at law to which it may be entitled.
- (13) All remedies provided in subsection (12) of this section shall be deemed to be cumulative.

Signed by the Governor April 13, 2010.

Any political subdivision may purchase materials and supplies in accordance with a contract for supplies and materials entered into by the Finance and Administration Cabinet for the Commonwealth, including those contracts negotiated by the cabinet with vendors who maintain a General Services Administration price agreement as provided in KRS 45A.045(8). - (4) The Finance and Administration Cabinet shall inform the Governor's Office for Local Development, which shall then inform the appropriate purchasing agent of each political subdivision interested in participating under this section, of all state agency contracts in effect between the Commonwealth and vendors.

➔Section 7. KRS 45A.070 is amended to read as follows:

As used in KRS 45A.070 to 45A.180, unless the context in which they are used clearly requires a different meaning:

- (1) ***"Best value" means a procurement in which the decision is based on the primary objective of meeting the specific business requirements and best interests of the Commonwealth. These decisions shall be based on objective and quantifiable criteria that shall include price and the reciprocal preference for a resident bidder required under Section 3 of this Act that have been communicated to the offerors as set forth in the invitation for bids.***
- (2) "Cost-reimbursement contract" means a contract under which the Commonwealth reimburses the contractor for those contract costs, within a stated ceiling, which are allowable and allocable in accordance with cost principles as provided in KRS 45A.215, and a fee, if any.

~~{(3) "Best value" means a procurement in which the decision is based on the primary objective of meeting the specific business requirements and best interests of the Commonwealth. These decisions shall be based on objective and quantifiable criteria that shall include price and that have been communicated to the offerors as set forth in the invitation for bids.}~~

- (4) "Invitation for bids" means all documents, whether attached or incorporated by reference, utilized for soliciting bids in accordance with the procedures set forth in KRS 45A.080 of this code.
- (5) "Request for proposals" means all documents, whether attached or incorporated by reference, utilized for soliciting proposals in accordance with the procedures set forth in KRS 45A.085, 45A.090, 45A.095, 45A.100, or 45A.180.
- (6) "Responsible bidder or offeror" means a person who has the capability in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.
- (7) "Responsive bidder" means a person who has submitted a bid under KRS 45A.080 which conforms in all material respects to the invitation for bids, so that all bidders may stand on equal footing with respect to the method and timeliness of submission and as to the substance of any resulting contract.

➔Section 8. KRS 45A.085 is amended to read as follows:

- (1) When, under administrative regulations promulgated by the secretary or under KRS 45A.180, the purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in KRS 45A.095 and 45A.100, a contract may be awarded by competitive negotiation.
- (2) Adequate public notice of the request for proposals shall be given in the same manner and circumstances as provided in KRS 45A.080(3).
- (3) Contracts other than contracts for projects utilizing an alternative project delivery method under KRS 45A.180 may be competitively negotiated when it is determined in writing by the purchasing officer that the bids received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate.
- (4) Contracts for projects utilizing an alternative project delivery method shall be processed in accordance with KRS 45A.180.
- (5) The request for proposals shall indicate the relative importance of price and other evaluation factors.
- (6) Award shall be made to the responsible *and responsive* offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals *and the reciprocal preference for resident bidders required under Section 3 of this Act*.
- (7) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:
- With respect to prices, where the prices are fixed by law or administrative regulation, except that consideration shall be given to competitive terms and conditions;
 - Where time of delivery or performance will not permit discussions; or
 - Where it can be clearly demonstrated and documented from the existence of adequate competition or prior experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable best value procurement, and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

➔Section 9. KRS 45A.090 is amended to read as follows:

- (1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.080 result in bid prices in excess of the funds available for the purchase, and the chief purchasing officer determines in writing:

- (a) That there are no additional funds available from any source so as to permit an award to the responsive and responsible bidder whose bid offers the best value; and
 - (b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in KRS 45A.080, then a negotiated award may be made as set forth in subsections (2) or (3) of this section.
- (2) Where there is more than one (1) bidder, competitive negotiations pursuant to KRS 45A.085(3) shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing to be the most responsive and responsible bidders, based on criteria contained in the bid invitation ***and the reciprocal preference for resident bidders under Section 3 of this Act.*** Such competitive negotiations shall be conducted under the following restrictions:
- (a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and
 - (b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of best value.
- (3) Where, after competitive sealed bidding, it is determined in writing that there is only one (1) responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.095.

➔Section 10. KRS 45A.180 is amended to read as follows:

- (1) The secretary of the Finance and Administration Cabinet shall promulgate administrative regulations by October 15, 2003, providing for as many alternative methods of management of construction contracting as he ***or she*** may determine to be feasible; setting forth criteria to be used in determining which method of management of construction is to be used for a particular project; establishing a model process parallel to the selection committee procedures established in 45A.810 for the procurement of alternative project services of "construction management-at-risk" and "design-build," and for a "construction manager-agency;" and providing that the chief purchasing officer shall execute and include in the contract file a written statement setting forth the facts recommending that a particular method of management of construction contracting be used. The administrative regulations shall include the establishment of:
 - (a) The relative weighing between qualifications and price, ***including the reciprocal preference for resident bidders required under Section 3 of this Act;*** and
 - (b) The level of stipend, if any, available for the various types of projects.
- (2) When a request for proposal for a project utilizing an alternative project delivery method is issued, the contracting body shall transmit a copy of the request for proposal to the Capital Projects and Bond Oversight Committee staff.
- (3) Upon issuance of the contract for a project utilizing an alternative project delivery method, the contracting body shall submit the contract to the Government Contract Review Committee for review in accordance with KRS 45A.690 to 45A.725. The contracting body shall insure the contract clearly identifies to the committee that an alternative project delivery method is being utilized. Upon disapproval of or objection to the contract by the committee, the contracting body shall determine whether the contract shall be revised to comply with the objections of the committee, be canceled, or remain in effect. Subsequent contract amendments relating to change orders shall not be required to be submitted to the Government Contract Review Committee.
- (4) A request for proposal for a project utilizing an alternative project delivery method under this section shall specifically state the evaluation factors and the relative weight of each to be used in the scoring of awards.
- (5) Any governing body of a postsecondary institution that manages its capital construction program under KRS 164A.580 shall adhere to the regulations promulgated under this section when utilizing an alternative project delivery method for capital projects, and shall report to legislative committees as specified in this section.
- (6) Any corporation as described by KRS 45.750(2)(c) or as created under the Kentucky Revised Statutes as a governmental agency and instrumentality of the Commonwealth that manages its capital construction program

shall adhere to the regulations promulgated under this section when utilizing an alternative project delivery method for capital projects, and shall report to legislative committees as specified in this section.

➔Section 11. KRS 45A.182 is amended to read as follows:

- (1) When a capital project is to be constructed utilizing the design-build method in accordance with KRS 45A.180, a process parallel to the selection committee procedures established in KRS 45A.810 shall apply when procuring a design-build team and shall incorporate the following:
 - (a) The evaluation process may include a multiple phased proposal that is based on qualifications, experience, technical requirements, guaranteed maximum price, and other criteria as set forth in the request for proposal. The guaranteed maximum price component shall be submitted by the offeror independently of other documents and shall be held by the executive director of the Office of Facility Development and Efficiency.
 - (b) Each evaluator shall independently score each phase and indicate a total score for all evaluation factors as set forth in the request for proposal.
 - (c) Final phase proposals from the offerors on the short list shall be evaluated and scored by the evaluation committee members who shall not have knowledge of the guaranteed maximum price component. Each evaluator shall independently score the final phase proposals and indicate a total score. A total average score shall be calculated for each offeror. Then each offeror's respective score for the guaranteed maximum price ***and any reciprocal preference for resident bidders required under Section 3 of this Act*** shall be added. The offeror with the highest point total in the final phase shall receive the contract award unless the guaranteed maximum price proposal is in excess of the authorized budget. If two (2) or more of the offerors achieve the same highest point total at the end of the final phase scoring, the purchasing officer shall request best-and-final proposals from each offeror.
 - (d) If the guaranteed maximum price of the offeror with the highest point total in the final phase is greater than the amount of funds identified in the request for proposal, then competitive negotiations may be conducted with the offerors under the following restrictions:
 1. If discussion pertaining to the revision of the specifications or quantities are held, the offerors shall be afforded an opportunity to take part in such discussions.
 2. Written revisions of the specifications shall be made available to each of the offerors and shall provide for an expeditious response.
 3. Information derived from revised maximum guaranteed price proposals shall not be disclosed to competing offerors.
- (2) A request for proposal or other solicitation may be canceled, or all proposals may be rejected, if it is determined in writing that such action is taken in the best interest of the Commonwealth and approved by the purchasing officer.

➔Section 12. KRS 45A.365 is amended to read as follows:

- (1) All contracts or purchases shall be awarded by competitive sealed bidding, except as otherwise provided by KRS 45A.370 to 45A.385 and for the purchase of wholesale electric power by municipal utilities as provided in KRS 96.901(1).
- (2) The invitation for bids shall state that the award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids. ***The invitation for bids shall include the reciprocal preference for resident bidders described in Section 3 of this Act.***
- (3) Adequate public notice of the invitation for bids shall be given prior to the date set forth for the opening of bids. The notice may include posting on the Internet or publication in a newspaper of general circulation in the local jurisdiction not less than seven (7) days before the date set for the opening of the bids. The public notice shall include the time and place the bids will be opened and the time and place where the specifications may be obtained.
- (4) The bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection. Electronic bid opening and posting of the required information for public viewing shall satisfy the requirements of this subsection.

- (5) A contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or the lowest evaluated bid price *after the application of any reciprocal preference for resident bidders required by Section 3 of this Act*.
- (6) The local public agency may allow the withdrawal of a bid where there is a patent error on the face of the bid document, or where the bidder presents sufficient evidence, substantiated by bid worksheets, that the bid was based upon an error in the formulation of the bid price.

➔Section 13. KRS 45A.370 is amended to read as follows:

- (1) A local public agency may contract or purchase through competitive negotiation upon a written finding that:
 - (a) Specifications cannot be made sufficiently specific to permit award on the basis of either the lowest bid price or the lowest evaluated bid price, including, but not limited to, contracts for experimental or developmental research work, or highly complex equipment which requires technical discussions, and other nonstandard supplies, services, or construction; or
 - (b) Sealed bidding is inappropriate because the available sources of supply are limited, the time and place of performance cannot be determined in advance, the price is regulated by law, or a fixed price contract is not applicable; or
 - (c) The bid prices received through sealed bidding are unresponsive or unreasonable as to all or part of the requirements, or are identical or appear to have been the result of collusion; provided each responsible bidder is notified of the intention to negotiate and is given a reasonable opportunity to negotiate, and the negotiated price is lower than the lowest rejected bid by any responsible bidder.
- (2) Proposals shall be solicited through public notice pursuant to KRS 45A.365(3) or any other means which can be demonstrated to notify an adequate number of qualified sources to permit reasonable competition consistent with the nature and requirement of the procurement. The request for proposals shall indicate the factors to be considered in the evaluation, *including the reciprocal preference for resident bidders required by Section 3 of this Act*, and the relative importance of each factor.
- (3) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:
 - (a) With respect to prices, where such prices are fixed by law or regulation except that consideration shall be given to competitive terms and conditions; or
 - (b) Where time of delivery or performance will not permit discussions; or
 - (c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with that particular supply, service, or construction item that acceptance of an initial offer without discussion would result in fair and reasonable prices and the request for proposal notifies all offerors of the possibility that award may be made on the basis of initial offers.
- (4) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions. A request for proposals based on revised specifications or quantities shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price *after application of the reciprocal preference for resident bidders required by Section 3 of this Act* submitted by any responsive and responsible offeror. No discussion shall be conducted with offerors after submission of revised proposals except for a compelling reason as determined in writing by the local public agency. The request for proposals shall state that an award is to be made without discussion except as herein provided.
- (5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the local public agency based upon the evaluation factors set forth in the request for proposals *and the reciprocal preference for resident bidders required by Section 3 of this Act*.

➔Section 14. KRS 45A.375 is amended to read as follows:

- (1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.365 result in bid prices in excess of the funds available for the purchase, and the local public agency determines in writing:

- (a) That there are no additional funds then available from any source so as to permit an award to the lowest responsive and responsible bidder; and
 - (b) The best interest of the local public agency will not permit the delay attendant to a resolicitation under revised specifications or revised quantities under competitive sealed bidding as provided in KRS 45A.365; then a negotiated award may be made as set forth in subsections (2) or (3) of this section.
- (2) Where there is more than one (1) bidder, competitive negotiations pursuant to KRS 45A.370 shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing by the local public agency to be the lowest responsive and responsible bidders to the competitive sealed bid invitation ***after application of the reciprocal preference for resident bidders required in Section 3 of this Act***. Such competitive negotiations shall be conducted under the following restrictions:
- (a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and
 - (b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror ***after application of the reciprocal preference for resident bidders required in Section 3 of this Act***. No discussion shall be conducted with offerors after submission of proposals except for a compelling reason as determined in writing by the local public agency. The request for proposals shall state that award is to be made without discussions except as herein provided.
- (3) Where, after competitive sealed bidding, it is determined in writing that there is only one (1) responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.380.
- (4) Where, after invitation for bids has been made in accordance with KRS 45A.365 and no bids have been received from responsive and responsible bidders, the local public agency may proceed to acquire the supplies, services, or construction by noncompetitive negotiations in accordance with KRS 45A.380.

➔Section 15. KRS 45A.695 is amended to read as follows:

- (1) Except as provided in subsection (8) of this section, no one shall begin work on a personal service contract entered into by any contracting body or incur expenditures under a tax incentive agreement until notification of the personal service contract or tax incentive agreement is filed with the committee. Each personal service contract shall have a cancellation clause not to exceed thirty (30) days notice to the contractee.
- (2) Each personal service contract, tax incentive agreement, and memorandum of agreement shall be filed with the committee prior to the effective date and shall be accompanied by a completed proof of necessity form as established by the committee by promulgation of an administrative regulation, or equivalent information if submitted electronically. The proof of necessity form shall document:
 - (a) The need for the service or benefit to the Commonwealth of the tax incentive agreement;
 - (b) For personal service contracts and memoranda of agreement, the unavailability of state personnel or the nonfeasibility of utilizing state personnel to perform the service;
 - (c) The total projected cost of the contract or agreement and source of funding;
 - (d) The total projected duration of the contract or tax incentive agreement;
 - (e) Payment information, in detail;
 - (f) In the case of memoranda of agreement or similar device, the reason for exchanging resources or responsibilities; and
 - (g) Such other information as the committee deems appropriate.
- (3) Adequate notice of the need for a personal service contract shall be given by the contracting body through a request for proposals. The request for proposals shall describe the services required, list the type of information and data required of each offeror, ~~and~~ state the relative importance of particular qualifications, ***and include the reciprocal preference for resident bidders required by Section 3 of this Act***.

- (4) The head of the contracting body or his or her designee may conduct discussions with any offeror who has submitted a proposal to determine the offeror's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other offerors.
- (5) Award shall be made to the offeror determined by the head of the contracting body, or his or her designee, to be the best qualified of all offerors based on the evaluation factors set forth in the request for proposals and the negotiation of fair and reasonable compensation. If compensation cannot be agreed upon with the best qualified offeror and if proposals were submitted by one (1) or more other offerors determined to be qualified, negotiations may be conducted with the other offeror or offerors in the order of their respective qualification ranking. In this case, the contract may be awarded to the next best ranked offeror for a fair and reasonable compensation. All determinations of the qualification rankings of offerors by the head of the contracting body or a designee of the officer based on evaluation factors set forth in the request for proposals shall be made in writing. Written documentation shall be maintained concerning the final results of negotiation with each vendor and reasoning as to why each vendor was chosen.
- (6) The committee shall maintain a record or have readily accessible records of the date on which each personal service contract, tax incentive agreement, and memorandum of agreement was received and shall maintain or have access to electronic or paper files on all personal service contracts, tax incentive agreements, and memoranda of agreement. Except for records exempt from inspection under KRS 61.870 to 61.884, all personal service contracts, tax incentive agreements, and memoranda of agreement shall be made available for public inspection.
- (7) Payment on personal service contracts, tax incentive agreements, and memoranda of agreement submitted to the committee for approval shall not be made for services rendered or projects undertaken after committee disapproval, unless the decision of the committee is overridden by the secretary of the Finance and Administration Cabinet or agency head, if the agency has been granted delegation authority by the secretary of the Finance and Administration Cabinet. All personal service contracts, tax incentive agreements, and memoranda of agreement shall contain a provision that stipulates that payments on personal service contracts and memoranda of agreement shall not be authorized for services rendered after committee disapproval, unless the decision of the committee is overridden by the secretary of the Finance and Administration Cabinet or agency head, if the agency has been granted delegation authority.
- (8) In the event of a governmental emergency as defined under KRS 45A.690, work may begin prior to filing notification of the personal service contract with the committee, if the secretary of the Finance and Administration Cabinet or his designee determines that the time involved in the normal review process would be detrimental to the Commonwealth's ability to act or procure the services and the normal process will not accommodate the governmental emergency. Payment shall not be made until written notification and explanation of the reasons for this action are forwarded to the committee.
- (9) If a governmental emergency exists as defined under KRS 45A.690 and work is authorized to begin on a personal service contract immediately, a copy of a statement, approved by the secretary of the Finance and Administration Cabinet or his designee, setting forth in detail the nature of the emergency shall be filed with the committee, along with a copy of the personal service contract.

➔Section 16. KRS 45A.745 is amended to read as follows:

- (1) A local public agency shall evaluate those firms submitting statements of interest in a proposed project according to the following criteria:

 - (c) Past record and experience;
 - (d) Performance data on file;
 - (e) Willingness to meet time and budget requirements;
 - (f) Location;
 - (g) Workload; and

- (h) Any other factors that the local public agency has set forth in writing, ***including the reciprocal preference for resident bidders required by Section 3 of this Act.***
- (2) The local public agency may then conduct discussions and require interviews with firms deemed to be the most qualified according to the criteria in subsection (1) of this section. Bids for the cost of the proposed project shall not be a factor in the evaluation of firms until negotiations are begun in accordance with KRS 45A.750.
- (3) The local public agency shall select, on the basis of the evaluations done in subsections (1) and (2) of this section, at least three (3) firms that are judged to be the most qualified and rank them accordingly. If fewer than three (3) firms are judged to be qualified, then those firms that remain shall be ranked in like manner.

➔Section 17. KRS 45A.825 is amended to read as follows:

The ten (10) days of sick leave granted in this subsection may be taken by a teacher or employee on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher or employee under the provisions of subsection (4) of this section.
- (3) A school district shall coordinate among the income and benefits from workers' compensation, temporary disability retirement, and district payroll and benefits so that there is no loss of income or benefits to a teacher or employee for work time lost because of an assault while performing the teacher's or employee's assigned duties for a period of up to one (1) year after the assault. In the event a teacher or employee suffers an assault while performing his or her assigned duties that results in injuries that qualify the teacher or employee for workers' compensation benefits, the district shall provide leave to the teacher or employee for up to one (1) year after the assault with no loss of income or benefits under the following conditions:

- (a) The district shall pay the salary of the teacher or employee between the time of the assault and the time the teacher's or employee's workers' compensation income benefits take effect, or the time the teacher or employee is certified to return to work by a physician or surgeon duly qualified under KRS Chapter 342, whichever is sooner;
 - (b) The district shall pay, for up to one (1) year from the time of the assault, the difference between the salary of the teacher or employee and any workers' compensation income benefits received by the teacher or employee resulting from the assault. Payments by the district shall include payments for intermittent work time missed as a result of the assault during the one (1) year period. - (4) Days of sick leave not taken by an employee or a teacher during any school year shall accumulate without limitation and be credited to that employee or teacher. Accumulated sick leave may be taken in any school year. Any accumulated sick leave days credited to an employee or a teacher shall remain so credited in the event he or she transfers his or her place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district.
- (5) Accumulated days of sick leave shall be granted to a teacher or employee if, prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher or employee is unable to commence his or her duties on the opening day of the school year, but will be able to assume his or her duties within a period of time that the board determines to be reasonable.

The plan may include limitations upon the number of days a teacher or employee may annually contribute to the bank and limitations upon the number of days a teacher or employee may annually draw from the bank. Only those teachers or employees who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher or employee. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.
- (8) (a) A district board of education shall establish a sick leave donation program to permit teachers or employees to voluntarily contribute sick leave to teachers or employees in the same school district who are in need of an extended absence from school. A teacher or employee who has accrued more than fifteen (15) days' sick leave may request the board of education to transfer a designated amount of sick leave to another teacher or employee who is authorized to receive the sick leave donated. A teacher or employee may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.
- (b) A teacher or employee may receive donations of sick leave if:

 3. The teacher or employee has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and

 - (d) Any sick leave that remains unused, is not needed by a teacher or employee, and will not be needed in the future shall be returned to the teacher or employee donating the sick leave.
 - (e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.
- (9) A teacher or employee may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.
 - (10) (a) After July 1, 1982, a district board of education may compensate, at the time of retirement or upon the death of a member in active contributing status at the time of death who was eligible to retire by reason of service, an employee or a teacher, or the estate of an employee or teacher, for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%). This certification is given in lieu of the undersigned's personal appearance."*
- (6) *When an affidavit or copies of records are personally delivered, a receipt shall be presented to the person receiving the records for his or her signature and shall be immediately signed and returned to the person delivering the records. When an affidavit or copies of records are sent via certified mail, the receipt used by the postal authorities shall be sufficient to prove receipt of the affidavit or copies of records.*
- (7) *When the affidavit or copies of records are delivered to a party for use in deposition they shall, after termination of the deposition, be delivered personally or by certified mail to the clerk of the court or other body before which the action or proceeding is pending.*
- (8) *Upon completion of delivery by the retirement system of copies of records by their deposit in the mail or by their personal delivery to the requesting party, the retirement system shall cease to have any responsibility or liability for the records and their continued maintenance in a confidential manner.*
- (9) *Records of the Kentucky Teachers' Retirement System that are susceptible to reproduction may be proved as to foundation, identity, and authenticity without preliminary testimony, by use of legible and durable copies, certified in accordance with the provisions of this section.*
- (10) *The provisions of this section shall not be construed to prohibit the Kentucky Teachers' Retirement System from asserting any exemption, exception or relief provided under the Kentucky Rules of Civil Procedure or other applicable law.*

➔Section 9. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

- (1) Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. Nonqualified service credit purchased under the provisions of KRS 161.5465 or elsewhere with any state-administered retirement system shall not be used to meet the thirty (30) year requirement set forth in this subsection. Out-of state teaching service provided in public schools for kindergarten through grade twelve (12) may count toward the thirty (30) year requirement set forth in this subsection even if it is not purchased as service credit, if the member obtains from his or her out-of-state employer certification of this service on forms prescribed by the retirement system;
- (2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered;
- (3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the

position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis;

- (4) Under this section, an employer may employ full-time a number of retired members not to exceed three percent (3%) of the membership actively employed full-time by that employer. The board of trustees may reduce this three percent (3%) cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the three percent (3%) cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by KRS 161.220(21). A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met. A district's written request to exceed its quota shall be submitted no sooner than two (2) weeks after the start of the school year;
- (5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will contribute to an account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account, or any other account from which the member is eligible to draw a retirement allowance. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under KRS 161.540. The new account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this new account shall be calculated pursuant to KRS 161.620(1)(b). This new account shall not entitle the member to a duplication of the benefits offered under KRS 161.620(7) or 161.675, nor shall this new account provide the benefits offered by KRS 161.520, 161.525, 161.620(3), 161.655, 161.661, or 161.663. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by KRS 161.470;
- (6) The board of trustees may annually, on July 1, adjust the current daily rate of a member's last annual compensation, for each full twelve (12) month period that has elapsed subsequent to the member earning his or her last annual compensation, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. Each annual adjustment shall become part of the member's daily rate base. Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations. Notwithstanding any other provision of law to the contrary, a member retiring from a local school district who returns to work for a local school district under subsection (1) or (2) of this section shall be entitled, without any reduction to his or her retirement allowance or any other retirement benefit, to earn a minimum amount equal to **one hundred seventy dollars (\$170) per day** [the base contract salary for a beginning Rank III teacher on the certified teachers' salary schedule effective at the school district for which the retiree returns to work];

- (7) (a) A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer.
- (b) As an alternative to the separation-from-service requirements in paragraph (a) of this subsection, a retired member who is returning to work for the same employer in a full-time position under subsections (1) and (2) of this section may elect a separation-from-service of not less than two (2) months followed by a forfeiture of the retired member's retirement allowance on a month-to-month basis for each month that the member has separated from service for less than twelve (12) full months. A retired member returning to work for the same employer in a part-time position, or for a different employer in a full-time position, may elect an alternative separation-from-service requirement of at least two (2) months followed by a forfeiture of the member's retirement allowance for one (1) month. During the period that the member forfeits his or her retirement allowance and thereafter, member and employer contributions shall be made to the retirement system as a result of employment in any position subject to membership in the retirement system. The member shall contribute to an account with the retirement system subject to the conditions set forth in subsection (5) of this section. For purposes of measuring the separation-from-service requirements set forth throughout this section, a member's separation-from-service begins on the first day following the last day of paid employment for the member prior to retirement.
- (c) Failure to comply with the separation-from-service requirements in this subsection voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service;
- (8) (a) Effective July 1, 2004, local school districts may employ retired members in full-time or part-time teaching or administrative positions without limitation on the compensation of the retired members that is otherwise required by subsections (1) and (2) of this section. Under provisions of this subsection, a local school district may only employ retired members to fill critical shortage positions for which there are no other qualified applicants as determined by the local superintendent. The number of retired members that a local school district may employ under this subsection shall be no more than two (2) members per local school district or one percent (1%) of the total active members employed by the local school district on a full-time basis as defined under KRS 161.220(21), whichever number is greater. Retired members returning to work under this subsection shall be subject to the separation-from-service requirements set forth in subsection (7) of this section. Retired members returning to work under this subsection shall waive their medical insurance coverage with the retirement system during their period of reemployment and receive medical insurance coverage that is offered to other full-time members employed by the local school district. Retired members returning to work under this subsection shall contribute to an account subject to the conditions set forth in subsection (5) of this section. Retired members returning to work under this subsection shall make contributions to the retirement system at the rate provided under KRS 161.540. The employer shall make contributions at the rate provided under KRS 161.550. Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at the rates determined by the retirement system's actuary that reflect any accrued liability resulting from the reemployment of these members.
- (b) The Department of Education may employ retired members in full-time or part-time teaching or nonteaching positions without the limitations on compensation otherwise required by subsections (1) and (2) of this section to fill critical shortage areas in the schools it operates, including the Kentucky School for the Blind, the Kentucky School for the Deaf, and the Kentucky Virtual High School, *and* to serve on ~~scholastic~~ audit teams ~~and to provide technical assistance to schools and districts required under federal law~~. The department shall be subject to the same requirements as local school districts as provided in paragraph (a) of this subsection, except the Kentucky Teachers' Retirement System shall determine the maximum number of employees that may be employed under this paragraph;
- (9) The return to work limitations set forth in this section shall apply to retired members who are returning to work in the same position from which they retired, or a position substantially similar to the one from which they retired, or a position described in KRS 161.046 or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four

- (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the return to work limitations set forth in this section. The board of trustees shall determine whether employment in a nonteaching position is subject to this subsection;
- (10) The provisions of subsections (1) to (8) of this section are not subject to KRS 161.714;
- (11) Any member retired by reason of service may waive his or her annuity and return to full-time employment in a position covered by the Kentucky Teachers' Retirement System under the following conditions:
- (a) The member shall receive no annuity payments while employed in a covered position, shall waive his or her medical insurance coverage with the Kentucky Teachers' Retirement System during the period of reemployment, and shall receive the medical insurance coverage that is generally offered by the member's active employer to the other members of the retirement system employed by the active employer. The member's estate or, if there is a beneficiary applicably designated by the member, then the beneficiary, shall continue to be eligible for life insurance benefits as provided in KRS 161.655. Service subsequent to retirement shall not be used to improve an annuity, except as provided in paragraphs (b) and (c) of this subsection;
 - (b) Any member who waives regular annuity benefits and returns to teaching or covered employment shall be entitled to make contributions on the salaries received for this service and have his retirement annuity recalculated as provided in the regular retirement formula in KRS 161.620(1), less any applicable actuarial discount applied to the original retirement allowance due to the election of a joint and last survivor option. Retirement option and beneficiary designation on original retirement shall not be altered by postretirement employment, and dependents and spouses of the members shall not become eligible for benefits under KRS 161.520, 161.525, or 161.661 because of postretirement employment;
 - (c) When a member returns to full-time teaching or covered employment as provided in subsection (b) of this section, the employer is required to withhold and remit regular retirement contributions. The member must be employed full-time for at least one (1) consecutive contract year to be eligible to improve an annuity. The member shall be returned to the annuity rolls on July 1 following completion of the contract year or on the first day of the month following the month of termination of service if full-time employment exceeds one (1) consecutive contract year. Any discounts applied at the time of the original retirement due to service or age may be reduced or eliminated due to additional employment if full-time employment is for one (1) consecutive contract year or longer; and
 - (d) A member retired by reason of service who has been employed the equivalent of twenty-five (25) days or more during a school year under KRS 161.605 may waive the member's retirement annuity and return to regular employment covered by the Kentucky Teachers' Retirement System during that school year a maximum of one (1) time during any five (5) year period, beginning with that school year;
- (12) Retired members may be employed in a part-time teaching capacity by an agency described in KRS 161.220(4)(b) or (n), not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. Retired members may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by an agency described in KRS 161.220(4)(b) or (n) in a position that would otherwise be covered by the retirement system. The return to work provisions set forth in subsections (1) to (8) of this section shall not apply to retired members who return to work solely for an agency described in KRS 161.220(4)(b) or (n). Calculation of the number of days and teaching hours for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service. Any member who exceeds the twelve (12) hour or one hundred (100) day limitations of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding twelve (12) hours, one hundred (100) days, or any apportionment of the two (2) combined;
- (13) When a retired member returns to employment in a part-time teaching capacity or in a nonteaching capacity as provided in subsection (12) of this section, the employer shall contribute annually to the retirement system on

the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for retired members who return to work under subsection (12) of this section; and

- (14) For retired members who return to work during any one (1) fiscal year in both a position described in KRS 161.220(4)(b) or (n) and in a position described under another provision under KRS 161.220(4), and for retired members who return to work in a position described under KRS 161.220(4)(b) or (n) in both a teaching and an administrative or nonteaching capacity, the board of trustees shall adopt a methodology for a pro rata apportionment of days and hours that the retired member may work in each position.

➔Section 10. KRS 161.620 is amended to read as follows:

- (1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:
- (a) For retirements effective July 1, 1998, and thereafter, except as otherwise provided by this section, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed by members of the Teachers' Retirement System who are members under the provisions of KRS 161.220(4)(b) or (n) shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section;
 - (b) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, and before July 1, 2008, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned less than ten (10) full years of service credit, the retirement allowance shall be two percent (2%) of the member's final average salary for each year of service. For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, and before July 1, 2008, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned at least ten (10) full years of service credit, the annual allowance for each year of service shall be two and one-half percent (2.5%) of the member's final average salary;
 - (c) The board of trustees may approve for members who initially retire on or after July 1, 2004, and who become members before July 1, 2008, except those persons who are members under KRS 161.220(4)(b) or (n), a retirement allowance of three percent (3%) of the member's final average salary for each year of service credit earned in excess of thirty (30) years. This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. This subsection is optional with the board of trustees and shall not be subject to KRS 161.714;
 - (d) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2008, except those persons who become members under KRS 161.220(4)(b) or (n), the retirement allowance shall be:
 - 1. a. One and seven-tenths percent (1.7%) of the member's final average salary for each year of service if the member has earned ten (10) or less years of service at retirement;
 - b. Two percent (2%) of the member's final average salary for each year of service if the member has earned greater than ten (10) but no more than twenty (20) years of service at retirement;
 - c. Two and three-tenths percent (2.3%) of the member's final average salary for each year of service if the member has earned greater than twenty (20) but no more than twenty-six (26) years of service at retirement; or
 - d. Two and one-half percent (2.5%) of the member's final average salary for each year of service if the member has earned greater than twenty-six (26) but no more than thirty (30) years of service at retirement; and

2. Three percent (3%) of the member's final average salary for each year of service earned in excess of thirty (30) years of service at retirement *subject to the same terms and conditions as set forth in paragraph (c) of this subsection*;
- (e) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2008, who are members under KRS 161.220(4)(b) or (n), the retirement allowance shall be:
 1. One and one-half percent (1.5%) of the member's final average salary for each year of service if the member has earned ten (10) or less years of service at retirement;
 2. One and seven-tenths percent (1.7%) of the member's final average salary for each year of service if the member has earned greater than ten (10) but no more than twenty (20) years of service at retirement;
 3. One and eighty-five hundredths percent (1.85%) of the member's final average salary for each year of service if the member has earned greater than twenty (20) but less than twenty-seven (27) years of service at retirement; or
 4. Two percent (2%) of the member's final average salary for each year of service if the member has earned twenty-seven (27) or more years of service at retirement; and
- (f) The retirement allowance of a member at retirement, as measured on a life annuity, shall not exceed the member's last yearly salary or the member's final average salary, whichever is the greater amount. For purposes of this section, "yearly salary" means the compensation earned by a member during the most recent period of contributing service, either consecutive or nonconsecutive, preceding the member's effective retirement date and shall be subject to the provisions of KRS 161.220(9) and (10).
- (2) Effective July 1, 2002, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option shall be increased in the amount of one and one-half percent (1.5%), provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase.
- (3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than four hundred dollars (\$400) effective July 1, 2002, and not less than four hundred forty dollars (\$440) effective July 1, 2003, multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection. This subsection and subsection (4) of this section shall not apply to individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2008.
- (4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.
- (5) Effective July 1, 2008, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed three and one-half percent (3.5%) of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2008-2010 biennium budget appropriation.
- (6) Effective July 1, 2009, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed seven-tenths of one percent (0.7%) of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the

retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2008-2010 biennium budget appropriation.

- (7) Effective July 1, 1990, monthly payments of two hundred dollars (\$200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.
- (8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code.
- (9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's retirement annuity. The limitation on compensation for eligible members shall not be less than the amount which was allowed to be taken into account by the retirement system in effect on July 1, 1993. For this purpose, an eligible member is an individual who was a member of the retirement system before the first plan year beginning after December 31, 1995.

➔Section 11. KRS 161.630 is amended to read as follows:

- (1) A member, upon retirement, shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under options which the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).
- (2) The retirement option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:
 - (a) A divorce, annulment, or marriage dissolution following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement that provides continuing benefits to a spousal beneficiary and return the retiree to a single lifetime benefit equivalent as determined by the board; or
 - (b) Following marriage or remarriage, or the death of the designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of a single lifetime benefit at the time of the election, as determined by the board. The plan shall become effective the first of the month following receipt of an application on a form approved by the board.
- (3) Except as otherwise provided in this section, a beneficiary designation shall not be changed after the effective date of retirement except for retirees who elect the life annuity with refundable balance~~[option]~~ or the predetermined years certain and life thereafter option. A member may remove a beneficiary at any time, but shall not designate a substitute beneficiary. If a member elects to remove a beneficiary, the member's retirement allowance shall not change regardless of the retirement option selected by the member, even if the removed beneficiary predeceases the member.
- (4) A member who experiences a qualifying event under subsection (2) of this section and who elects a new optional plan of payment shall make that election within sixty (60) days of the qualifying event.

➔Section 12. KRS 161.655 is amended to read as follows:

- (1) Effective July 1, 2000, the Teachers' Retirement System shall:
 - (a) Provide a life insurance benefit in a minimum amount of five thousand dollars (\$5,000) for its members who are retired for service or disability. This life insurance benefit shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system; and
 - (b) Provide a life insurance benefit in a minimum amount of two thousand dollars (\$2,000) for its active contributing members. This life insurance benefit shall be payable upon the death of an active

contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system.

- (2) The member may name one (1) primary and one (1) contingent beneficiary for receipt of the life insurance benefit. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of the life insurance benefit. Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system. In the event that a member fails to designate a beneficiary, or all designated beneficiaries predecease the member, the member's estate shall be deemed to be the beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.
- (3) Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.
- (4) Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

➔Section 1. KRS 91A.0804 is amended to read as follows:

- (1) The provisions of this section shall provide the sole and exclusive method for the filing of amended returns and requests or assessments by any insurance company, local government, or policyholder for nonpayment, underpayment, or overpayment of any license fees or taxes imposed pursuant to KRS 91A.080 and the appeals from the denial or refusal thereof.
- (2) For tax periods beginning after December 31, 2008, all amended returns, requests for refunds or credits, and assessments shall be made within two (2) years of the due date of the annual reconciliation provided for in KRS 91A.080(8) for the tax period during which the error was made, except that in the case of fraudulent failure to file a return or the filing of a fraudulent return, the underpayment may be assessed at any time. The provisions of this subsection shall not apply to any refund or credit to an insurance company or policyholder or assessment by a local government that is affected by litigation pending on July 15, 2008.
- ~~(3)~~~~(2)~~ (a) Any insurance company that has paid a license fee or tax imposed by a local government pursuant to KRS 91A.080 may request a refund or credit for any overpayment of a license fee or tax or any payment when no tax was due within the time provided in subsection ~~(2)~~~~(4)~~ of this section.
- (b) A request for a refund or credit by an insurance company shall be made by mailing an amended return and supporting documentation to the local government to which the fee or tax was paid. A complete refund request shall include the amended return and supporting documentation showing the total amount of overpayment of license fee or tax that the insurance company believes was erroneously paid and a

breakdown of information for each policy upon which a refund or credit is requested, including the location of the risk by street address or, if a street address is unavailable, another appropriate identifier of the physical location, the amount of the erroneous payment, the premium charged, the amount of tax or fee actually collected, the type or types of risk insured, and the period the policy was in force during the taxable year or years.

- (c) For refund and credit requests submitted for payments made during tax periods after December 31, 2009, the insurance company shall produce proof that it employed risk location systems or programs meeting the requirements of KRS 91A.0806 during the time for which the refund or credit is requested or a copy of an Office of Insurance order issued pursuant to the administrative regulation promulgated under KRS 91A.0806(3). If the insurance company fails or is unable to produce such proof or a copy of the Office of Insurance order, the local government shall be entitled to keep a penalty in the amount of ten percent (10%) of the refund or credit that would have otherwise been due the insurance company. Any dispute regarding the imposition of a penalty shall be resolved under paragraph (d) of this subsection.
- (d) If a local government fails to accept the completed amended return or refuses to issue the requested refund or credit within ninety (90) days of its receipt, the insurance company may make application to the Office of Insurance to review the claim. The application shall be filed with the Office of Insurance within thirty (30) days of receipt of the response from the local government or, in the case of a local government's failure to respond, within thirty (30) days of the end of the ninety (90) day period provided in this paragraph. The Office of Insurance shall, within sixty (60) days of the receipt of the complete application, issue an order of final agency action that the request for refund or credit is or is not warranted in whole or in part. The executive director of the Office of Insurance may grant one (1) extension of thirty (30) days for the issuance of the order. As provided in KRS 304.2-310, either party may file an administrative appeal from the order of the Office of Insurance within sixty (60) days of the issuance of the order.
- (e) No insurance company shall apply a credit to taxes or fees imposed by KRS 91A.080 without written agreement from the local government, without an order of final agency action from the Office of Insurance order that the refund is due, or without an administrative ruling from the Office of Insurance order that a refund is due. Each violation of this paragraph shall be punishable as provided in KRS 91A.080(7)(b) and (c).
- ~~(4)(3)~~ (a) Any policyholder who has paid to an insurance company a license fee or tax imposed by a local government pursuant to KRS 91A.080 may request a refund or credit for an overpayment of a license fee or tax or any payment when no tax was due within the time provided in subsection ~~(2)(1)~~ of this section.
- (b) A request for a refund or credit by a policyholder shall be made by mailing the request to the insurance company to which the fee or tax was paid. The request shall include the name of the policyholder, the address of the location of the risk insured, the amount of overpayment of license fee or tax that was erroneously paid, the dates of coverage, the amount of the fee or tax that was paid, and the type of risk insured.
- (c) If an insurance company fails to make payment or to grant credit to a policyholder as requested within ninety (90) days of its receipt, the policyholder may make application to the Office of Insurance to review the request. The application shall be filed with the Office of Insurance within thirty (30) days of receipt of the response from the insurance company or, in the case of an insurance company's failure to respond, within thirty (30) days of the end of the ninety (90) day period provided in this paragraph. The Office of Insurance shall, within sixty (60) days of the receipt of the complete application, issue an order of final agency action that the request for refund or credit is or is not warranted in whole or in part. The executive director of the Office of Insurance may grant one (1) extension of thirty (30) days for the issuance of the order. As provided in KRS 304.2-310, either party may file an administrative appeal from the order of the Office of Insurance within sixty (60) days of the issuance of the order.
- ~~(5)(4)~~ (a) If a local government has a reasonable basis to believe that a license fee or tax imposed by it in accordance with KRS 91A.080 has not been paid or has been underpaid, the local government shall request the Office of Insurance to conduct an audit pursuant to the provisions of KRS 91A.080(7) within the time provided in subsection ~~(2)(1)~~ of this section.

- (b) If the findings of the audit show that an insurance company did not pay or underpaid the local government, the local government may send an assessment by mail to the insurance company. The notice of assessment shall state the total amount of payment due from the insurance company based upon the findings of the audit conducted pursuant to KRS 91A.080(7), the geographic area affected, and the applicable license fee or tax rate.
 - (c) The insurance company may respond to the assessment by either paying the assessment in full within ninety (90) days of its receipt or by filing an appeal of the findings of the audit and the assessment with the Office of Insurance within ninety (90) days of the receipt of the assessment. An insurance company appealing the audit findings and assessment shall make application to the Office of Insurance and provide notice of the challenge to the local government by certified mail. The Office of Insurance shall, within sixty (60) days of the receipt of the completed application, issue an order of final agency action upon the findings of the audit and a determination that the assessment is or is not warranted in whole or in part. The executive director of the Office of Insurance may grant one (1) extension of thirty (30) days for the issuance of the order. As provided in KRS 304.2-310, either party may file an administrative appeal from the order of the Office of Insurance within sixty (60) days of the issuance of the order.
 - (d) If the insurance company fails to make the full payment as requested by the local government or fails to file an application of appeal with the Office of Insurance within ninety (90) days of receipt of the assessment, the findings of the audit and the assessment shall be deemed final, and the local government may provide notification to the Office of Insurance to impose a penalty in accordance with KRS 91A.080(7)(c). Any penalty imposed because of an insurance company's failure to timely pay the assessment shall be in addition to any penalties imposed as a result of the audit. The notification shall be filed with the Office of Insurance within thirty (30) days of the end of the ninety (90) day period provided in paragraph (c) of this subsection. The Office of Insurance shall issue an order to the insurance company to pay the assessment and any additional penalties imposed within thirty (30) days of the order, or the Office of Insurance may revoke the license of the insurance company under the provisions of KRS 91A.080(7) and KRS Chapter 304.
 - (e) The Office of Insurance may determine the scope of any audit requested under this subsection and KRS 91A.080. Nothing in this chapter shall preclude the Office of Insurance from exercising its discretion to conduct an audit or examination of any insurance company under its authority as otherwise provided in KRS Chapter 304.
- ~~(6)(5)}~~ An administrative hearing held pursuant to this section shall be conducted pursuant to KRS Chapter 13B. The hearing officer may compel any information necessary to make a determination. - ~~(7)(6)}~~ If a refund or credit is received by an insurance company that passed the fee or tax on to the policyholder, and the amount refunded or credited is not owed to another local government, the insurance company shall pass the full amount of the refund or credit, including any collection fee that has been retained by the insurance company pursuant to KRS 91A.080(4), on to the policyholder from whom the fee or tax was collected within ninety (90) days of receipt of the refund or credit. For a refund or credit received by an insurance company for tax periods after December 31, 2009, that is not owed to another local government, the insurance company shall pay a penalty fee of ten percent (10%) of the total amount of the refund or credit due to the policyholder if the insurance company is unable to produce proof of the use of a risk location system as required under subsection ~~(3)(2)(c)~~ of this section.
- ~~(8)(7)}~~ No legal action shall be filed by any party prior to the exhaustion of all administrative remedies provided under this section.
- ~~(9)(8)}~~ (a) Information on specific policies and policyholders provided to local governments pursuant to subsection ~~(3)(2)~~ of this section shall be considered confidential and proprietary information of an insurance company and shall not be disclosed or subject to disclosure under KRS 61.870 to 61.884. All county judges/executive, mayors, local government legislative body members, and local government employees whose duties include the fiscal affairs of their local government, shall be deemed to have the necessary authorization to inspect such information. Any person who violates the provisions of this paragraph shall be guilty of a Class A misdemeanor for each offense and the disclosure of information on each policyholder shall constitute a separate offense.

- (b) Except for local governments that have been certified by the Internal Revenue Service or its agent as being in compliance with IRS safeguard requirements and authorized to receive federal tax information, any proprietary information provided to a local government for the purposes of compliance with subsection (3)~~(2)~~ of this section and all copies or other records related to such information shall be destroyed in an irreversible, secure, and confidential manner in accordance with KRS 171.410 to 171.740 and the administrative regulations promulgated or approved thereunder. A local government failing to destroy proprietary information in accordance with this paragraph shall be subject to a civil penalty payable to the insurance company of five hundred dollars (\$500) for each offense, and the disclosure of information on each policyholder shall constitute a separate offense. An insurance company may commence a civil action in a court of competent jurisdiction for payment of the civil penalty. The total civil penalty shall not exceed ten thousand dollars (\$10,000) per incident.
- (c) This subsection shall not preclude the disclosure of information to the Office of Insurance or to the legal representative of the local government for purposes of administrative hearings or legal appeals therefrom, nor shall it prohibit the local government from verifying the accuracy of the information with an individual policyholder to whom the information pertains.

~~(10)(9)~~ The filing of amended returns, requests for refunds or credits, assessments, and all applications and notification by any party to the Office of Insurance for review under this section, shall be sent to the designated party or parties by certified mail, return receipt requested.

➔ Section 10. KRS 304.33-430 is amended to read as follows:

The order of distribution of claims from the insurer's estate shall be as stated in this section. The first fifty dollars (\$50) of the amount allowed on each claim in the classes under subsections (3) to (7), inclusive, of this section, shall be deducted from the claim and included in the class under subsection (9) of this section. Claims may not be cumulated by assignment to avoid application of the fifty dollars (\$50) deductible provision. Subject to the fifty dollars (\$50) deductible provision, every claim in each class shall be paid in full or adequate funds retained for the payment before the members of the next class receive any payment. No subclasses shall be established within any class. No claim by a shareholder, policyholder, or other creditor shall be permitted to circumvent the priority classes through the use of equitable remedies.

- (1) Administration costs. The costs and expenses of administration, including but not limited to the following: the actual and necessary costs of preserving or recovering the assets of the insurer; compensation for all services rendered in the liquidation; any necessary filing fees; the fees and mileage payable to witnesses; and reasonable attorney's fees.
- (2) Health maintenance organization and limited health service organization out-of-network claims. In a liquidation of a health maintenance organization or limited health service organization, any claims for health plan benefits or for limited health service contract benefits for out-of-network claims that would have otherwise been covered.

Claims by policyholders, beneficiaries, and insureds arising from and within the coverage of and not in excess of the applicable limits of insurance policies and insurance contracts issued by the company, and liability claims against insureds which claims are within the coverage of and not in excess of the applicable limits of insurance policies and insurance contracts issued by the company, and claims of guaranty associations or foreign guaranty associations. Notwithstanding the foregoing, the following claims shall be excluded from Class 2 priority:
 - (a) Obligations of the insolvent insurer arising out of reinsurance contracts;
 - (b) Obligations incurred after the expiration date of the insurance policy or after the policy has been replaced by the insured or canceled at the insured's request or after the policy has been canceled as provided in this chapter. Notwithstanding this subsection, earned premium claims on policies, other than reinsurance agreements, shall not be excluded;
 - (c) Obligations to insurers, insurance pools, or underwriting associations and their claims for contribution, indemnity, or subrogation, equitable or otherwise;
 - (d) Any claim which is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer;

- (4) Claims of the federal government other than those claims included in Class 2.
- (5) Wages.
 - (a) Debts due to employees for services performed, not to exceed one thousand dollars (\$1,000) to each employee which have been earned within one (1) year before the filing of the petition for liquidation. Officers shall not be entitled to the benefit of this priority.

- (b) This priority shall be in lieu of any other similar priority authorized by law as to wages or compensation of employees.
- (6) Residual classification. All other claims including claims of the federal or any state or local government, not falling within other classes under this section. Claims, including those of any governmental body, for a penalty or forfeiture, shall be allowed in this class only to the extent of the pecuniary loss sustained from the act, transaction, or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs occasioned thereby. The remainder of such claims shall be postponed to the class of claims under subsection (9) of this section.
- (7) Judgments. Claims based solely on judgments. If a claimant files a claim and bases it both on the judgment and on the underlying facts, the claim shall be considered by the liquidator who shall give the judgment such weight as he deems appropriate. The claim as allowed shall receive the priority it would receive in the absence of the judgment. If the judgment is larger than the allowance on the underlying claim, the remaining portion of the judgment shall be treated as if it were a claim based solely on a judgment.
- (8) Interest on claims already paid. Interest at the legal rate compounded annually on all claims in the classes under subsections (1) to (7) of this section, inclusive, from the date of the petition for liquidation or the date on which the claim becomes due, whichever is later, until the date on which the dividend is declared. The liquidator, with the approval of the court, may make reasonable classifications of claims for purposes of computing interest, may make approximate computations, and may ignore certain classifications and time periods as de minimis.
- (9) Miscellaneous subordinated claims. The remaining claims or portions of claims not already paid, with interest as in subsection (8) of this section:
- (a) The first fifty dollars (\$50) of each claim in the classes under subsections ~~(3)~~~~(2)~~ to (7), inclusive, of this section, subordinated under this section;

- ➔Section 11. KRS 304.39-060 is amended to read as follows:
- (1) Any person who registers, operates, maintains or uses a motor vehicle on the public roadways of this Commonwealth shall, as a condition of such registration, operation, maintenance or use of such motor vehicle and use of the public roadways, be deemed to have accepted the provisions of this subtitle, and in particular those provisions which are contained in this section.
 - (2)
 - (a) Tort liability with respect to accidents occurring in this Commonwealth and arising from the ownership, maintenance, or use of a motor vehicle is "abolished" for damages because of bodily injury, sickness or disease to the extent the basic reparation benefits provided in this subtitle are payable therefor, or that would be payable but for any deductible authorized by this subtitle, under any insurance policy or other method of security complying with the requirements of this subtitle, except to the extent noneconomic detriment qualifies under paragraph (b) of this subsection.
 - (b) In any action of tort brought against the owner, registrant, operator or occupant of a motor vehicle with respect to which security has been provided as required in this subtitle, or against any person or organization legally responsible for his acts or omissions, a plaintiff may recover damages in tort for pain, suffering, mental anguish and inconvenience because of bodily injury, sickness or disease arising out of the ownership, maintenance, operation or use of such motor vehicle only in the event that the

benefits which are payable for such injury as "medical expense" or which would be payable but for any exclusion or deductible authorized by this subtitle exceed one thousand dollars (\$1,000), or the injury or disease consists in whole or in part of permanent disfigurement, a fracture to a bone, a compound, comminuted, displaced or compressed fracture, loss of a body member, permanent injury within reasonable medical probability, permanent loss of bodily function or death. Any person who is entitled to receive free medical and surgical benefits shall be deemed in compliance with the requirements of this subsection upon a showing that the medical treatment received has an equivalent value of at least one thousand dollars (\$1,000).

- (c) Tort liability is not so limited for injury to a person who is not an owner, operator, maintainer or user of a motor vehicle within subsection (1) of this section, nor for injury to the passenger of a motorcycle arising out of the maintenance or use of such motorcycle.
- (3) For purposes of this section and the provisions on reparation obligor's rights of reimbursement, subrogation, and indemnity, a person does not intentionally cause harm merely because his act or failure to act is intentional or done with his realization that it creates a grave risk of harm.
- (4) Any person may refuse to consent to the limitations of his tort rights and liabilities as contained in this section. Such rejection must be **completed** in writing **or electronically** in a form to be prescribed by the Office of Insurance and must have been executed and filed with the office at a time prior to any motor vehicle accident for which such rejection is to apply. ~~Such rejection form together with a reasonable explanation thereof shall be furnished by the reparation obligor with each policy to each prospective insurance applicant.~~ Such rejection form shall affirmatively state in bold print that acceptance of this form of insurance denies the applicant the right to sue a negligent motorist unless certain requirements contained in the policy of insurance are met. Rejection by a person who is under legal disability shall be made on behalf of such person by his legal guardian, conservator or his natural parent. The failure of such guardian or a natural parent of a person under legal disability to file a rejection, within six (6) months from the date that this subtitle would otherwise become applicable to such person, shall be deemed to be an affirmative acceptance of all provisions of this subtitle. Provided, however, any person who, at the time of an accident, does not have basic reparation insurance but has not formally rejected such limitations of his tort rights and liabilities and has at such time in effect security equivalent to that required by KRS 304.39-110 shall be deemed to have fully rejected such limitations within meaning of this section for that accident only.
- (5)
 - (a) Any rejection must be filed with the Office of Insurance and shall become effective on the date of its filing until revoked. ***Nothing in this section shall require a new rejection to be filed for each new motor vehicle policy issued;***
 - (b) Any rejection filed prior to June 30, 1980, shall be deemed to be effective from the date of its filing until revoked; and
 - (c) Any revocation shall be in writing and shall become effective upon the date of its filing with the Office of Insurance.
- (6) Every insurance company when issuing an automobile policy to a resident of this Commonwealth must inform the buyer in writing in a form to be prescribed by the insurance executive director of his right to reject the limitations of his tort rights and liabilities under this subtitle in the manner provided in subsections (4) and (7) of this section.
- (7) Any rejection shall result in the full retention by the individual of his tort rights and his tort liabilities. Any person injured by a motor vehicle operator who has such rejection on file may claim his full damages, including nonpecuniary damages, or, if such injured person has not rejected his own tort limitations, he may also claim basic reparation benefits from the appropriate security on the vehicle as established under KRS 304.39-050. If such provider of security is other than the one providing security for the operator who has rejected the limitations, such provider shall be subrogated to the rights of the injured person to the extent of reparation benefits paid against the owner and operator of the vehicle.
- (8) No person who has rejected the tort limitations under this section, except as provided in subsection (9) of this section or KRS 304.39-140(5), may collect basic reparation benefits.
- (9) Any owner or operator of a motorcycle, as defined in Kentucky Revised Statutes, may file a rejection as described in subsections (4) and (5) of this section, which will apply solely to the ownership and operation of a motorcycle but will not apply to injury resulting from the ownership, operation or use of any other type of motor vehicle.

 - (d) Any premium refund for medical professional liability insurance issued under subsection (2) of this section received for any reason by the charitable health care provider shall be promptly remitted to the office for transmittal to the general fund.

- (4) This section shall only apply to charitable health care providers and persons volunteering to perform medical services for charitable health care providers who are not otherwise covered by any policy of medical professional liability insurance for the charitable health care services provided, and that meet the terms for eligibility established pursuant to this section.
- (5) Coverage offered to charitable health care providers and persons volunteering at charitable health care providers shall be at least as broad as the coverage offered by the insurer to other noncharitable health care providers or facilities and to medical professionals working at noncharitable health care facilities.
- (6) The Office of Insurance shall retrospectively review on an annual basis the premiums paid pursuant to this section as opposed to the expenses incurred by the insurers covering risks under this section to determine if the profits made for those risks were consistent with reasonable loss ratio guidelines. If the determination is made that the profits were not consistent with reasonable loss ratio guidelines, the Office of Insurance shall determine the amount of the premiums to be refunded to the Commonwealth.
- (7) The Cabinet for Health and Family Services shall make available to the Office of Insurance information on its registration of charitable health care providers for the purpose of obtaining medical malpractice insurance.
- (8) The Office of Insurance shall not provide medical malpractice insurance as specified in subsection (3)(a) of this section to a charitable health care provider who has not registered with the Cabinet for Health and Family Services under KRS 216.941.

the property charged, and the plaintiff's interest in enforcing the lien. Lien-holders may unite in the action to enforce the lien as plaintiffs, and those who are not plaintiffs shall be made defendants. The debtor or the debtor's personal representative, heirs, devisees, and all other persons having liens on or interests in the property sought to be subjected shall be made defendants.

- (11) *The clerk of the court in which the petition is filed shall issue the proper process against the defendants. After the expiration of ten (10) days from the filing of the petition, the clerk of the court in which the petition was filed shall:*

 - (b) *Deliver the pleadings and papers of the action to the commissioner; and*
 - (c) *Make a memorandum of the action in the minute book.*
- (12) *If, for any cause, it should be improper to refer the case to the master commissioner, the master commissioner is directed to select some suitable person to act as a new commissioner for the case and refer the case to him or her. However, before proceeding to act on the case, the new commissioner shall take an oath before the clerk and execute bond with sufficient surety. The bond shall be preserved by the clerk and reported to the court.*
- (13) *The owner or claimant of property against which a lien has been asserted may file a bond for double the amount of the lien claimed with the county clerk in the county where the lien was filed. Bond may be asserted at any time before a judgment is rendered enforcing the lien and the bond shall have good sureties approved by the clerk and conditioned upon the obligors satisfying any judgment that may be rendered in favor of the person asserting the lien. The bond shall be preserved by the clerk, and upon its execution the lien upon the property shall be discharged. The person asserting the lien may make the obligors in the bond parties to any action to enforce its claim. Any judgment recovered may be against all or any of the obligors on the bond.*

The county board shall also present, in writing, its efforts to recruit and appoint election officers as prescribed in subsection (4) of this section. The state board, after its review, may approve any or all of the emergency appointments submitted by the county board or may direct the county board to take other action. - (9) An election officer shall be a qualified voter of the precinct; except that, where no qualified voter of the required political party is available within the precinct, the election officer shall be a qualified voter of the county. A minor seventeen (17) years of age who will become eighteen (18) years of age on or before the day of the regular election may serve as an election officer for the primary and regular elections in which he or she is qualified to vote; however, no precinct shall have more than one (1) person serving as an election officer who is a minor seventeen (17) years of age. If both representatives of the same political party are absent, qualified voters present affiliating with that party shall elect, viva voce, suitable persons to act in their places.
- (11) Each election officer shall be paid a minimum of sixty dollars (\$60) per election day served, and such an additional amount as compensation as may be determined by the county board of elections, with the approval of the governing body which would be responsible for funding the election officers' pay, for each election in which the election officer serves, to be paid by the county. For delivering the election packets to the polls, the precinct election officers shall receive in addition the mileage reimbursement provided for state employees, for each mile necessarily traveled in the delivery of the packets to the polls, or a flat fee if the fee equals or exceeds that amount. For delivering election returns, the precinct election judges shall receive in addition the mileage reimbursement provided for state employees for each mile necessarily traveled from the place of voting to and from the place of delivery, or a flat fee if the fee equals or exceeds that amount. The fee paid to the precinct election judges for delivering election returns shall be paid by the county.
