The scheduling of a settlement conference or hearing shall not prevent the negotiation of a settlement of a violation prior to the conference or hearing. At any time, the air pollution control board may determine that a violation shall be resolved as a civil or criminal action in an appropriate court or referred for action to either the United States Environmental Protection Agency or the **Energy and Environment**~~Environmental and Public Protection~~ Cabinet instead of being resolved as a district action.
- (2) When permittees or persons not previously heard in connection with the issuance of an order or the making of a determination including, but not limited to, the issuance, denial, modification, or revocation of a permit, consider themselves aggrieved, they may file with the district a petition for a hearing. The petition shall allege that the order or determination is contrary to law or fact and is injurious to the petitioner, stating the grounds and reasons, and demanding a hearing. Unless the board considers the petition frivolous, the air pollution control officer shall serve written notice of the petition on each person named therein and shall schedule a hearing not less than sixty (60) days after the date of the petition unless the person complained against waives in writing the sixty (60) day period. The right to demand a hearing under this section shall be limited to a period of thirty (30) days after the petitioner has had actual notice, or could reasonably have had notice, of the order or determination complained of. Prior to the hearing, the air pollution control officer may require the parties to meet for settlement purposes.
- (3) Hearings of unresolved violations or petitions for a hearing on orders or determinations shall be held before a qualified hearing officer who, in the discretion of the district, may serve by contract, be paid on a per diem basis, or be a full-time employee of the county not assigned to the district. The district shall provide written notice of the hearing to the person alleged to be in violation or to the petitioner. After the conclusion of the hearing, the hearing officer shall, within thirty (30) days, make a report and recommended order, which shall contain findings of fact and conclusions of law, to the secretary-treasurer. If the secretary-treasurer finds upon written request of the hearing officer that additional time is needed, the secretary-treasurer may grant an extension. The hearing officer shall serve a copy of the report and recommended order upon all parties of record to the proceedings, and the parties shall be granted the right to file exceptions within fourteen (14) days of receipt. The secretary-treasurer shall schedule a time for the air pollution control board to consider the report, exceptions, and recommended order and to decide the case. The decision shall be served by mail upon all parties and shall be a final order of the board. No order of the board on a Title V permit shall become final

for appeal purposes until it is approved by the United States Environmental Protection Agency under the Federal Clean Air Act of 1963 as amended by the Clean Air Act Amendments of 1990.

- (4) The hearing officer shall preside at the hearing, shall keep order, and shall conduct the hearing in accordance with reasonable administrative practices. A party to a hearing under this section may be represented by counsel, make oral or written argument, offer testimony, cross-examine witnesses, or take any combination of these actions. The record of the hearing shall be open to public inspection, and copies thereof shall be made available to a person upon payment of the actual cost of reproducing the original, except as otherwise provided in district regulations.

➔Section 74. KRS 79.080 is amended to read as follows:

- (1) The term "health maintenance organization" for the purposes of this section, means a health maintenance organization as defined in KRS 304.38-030, which has been licensed by the Kentucky Health Facilities and Health Services Certificate of Need and Licensure Board and issued a certificate of authority by the ~~Department~~~~(Office)~~ of Insurance as a health maintenance organization and which is qualified under the requirements of the United States Department of Health, Education and Welfare, except as provided in subsection (4) of this section.
- (2) Cities of all classes, counties, and urban-county governments and the agencies of cities, counties, charter county, and urban-county governments are authorized to establish and operate plans for the payment of retirement, disability, health maintenance organization coverage, or hospitalization benefits to their employees and elected officers, and health maintenance organization coverage or hospitalization benefits to the immediate families of their employees and elected officers. The plan may require employees to pay a percentage of their salaries into a fund from which coverage or benefits are paid, or the city, county, charter county, urban-county government, or agency may pay out of its own funds the entire cost of the coverage or benefits. A plan may include a combination of contributions by employees and elected officers and by the city, county, charter county, urban-county government, or agency into a fund from which coverage or benefits are paid, or it may take any form desired by the city, county, charter county, urban-county government, or agency. Each city, county, charter county, urban-county government, or agency may make rules and regulations and do all other things necessary in the establishment and operation of the plan.
- (3) Cities of all classes, counties, charter counties, urban-county governments, the agencies of cities, counties, charter counties, and urban-county governments, and all other political subdivisions of the state may provide disability, hospitalization, or other health or medical care coverage to their officers and employees, including their elected officers, through independent or cooperative self-insurance programs and may cooperatively purchase the coverages.

Should any city, county, charter county, or urban-county government opt at any time to participate in the state health insurance coverage program, it shall do so for a minimum of three (3) consecutive years. If after the three (3) year participation period, the city, county, charter county, or urban-county government chooses to terminate participation in the state health insurance coverage program, it will be excluded from further participation for a period of three (3) consecutive years. If a city, county, charter county, or urban-county government, or one (1) of its agencies, terminates participation of its active employees in the state health insurance coverage program and there is a state appropriation for the employer's contribution for active employees' health insurance coverage, neither the unit of government, or its agency, nor the employees shall receive the state-funded contribution after termination from the state employee health insurance program. The three (3) year participation and exclusion cycles shall take effect each time a city, county, charter county, or urban-county government changes its participation status.
- (5) Any city, county, charter county, urban-county government, or other political subdivision of the state which employs more than twenty-five (25) persons and which provides hospitalization benefits or health maintenance organization coverage to its employees and elected officers, shall annually give its employees an option to elect either standard hospitalization benefits or membership in a qualified health maintenance organization which is engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of the employees reside; except that if any city, county, charter county, urban-county government, or agencies of any city, county, charter county, urban-county government, or any other political subdivision of the state which does not have a qualified health maintenance organization engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of the employees reside, the

Any premium due for health maintenance organization coverage over the amount contributed by the city, county, charter county, urban-county government, or other political subdivision of the state which employs more than twenty-five (25) persons for any other hospitalization benefit shall be paid by the employee.

- (6) If an employee moves his place of residence or employment out of the service area of a health maintenance organization, under which he has elected coverage, into either the service area of another health maintenance organization or into an area of the state not within a health maintenance organization service area, the employee shall be given an option, at the time of the move or transfer, to elect coverage either by the health maintenance organization into which service area he moves or is transferred or to elect standard hospitalization coverage offered by the employer.
- (7) Any plan adopted shall provide that any officer or member of a paid fire or police department who has completed five (5) years or more as a member of the department, but who is unable to perform his duties by reason of heart disease or any disease of the lungs or respiratory tract, is presumed to have contracted his disease while on active duty as a result of strain or the inhalation of noxious fumes, poison or gases, and shall be retired by the pension board under terms of the pension system of which he is a member, if the member passed an entrance physical examination and was found to be in good health as required.
- (8) The term "agency" as used herein shall include boards appointed to operate waterworks, electric plants, hospitals, airports, housing projects, golf courses, parks, health departments, or any other public project.
- (9) After August 1, 1988, except as permitted by KRS 65.156, no new retirement plan shall be created pursuant to this section, and cities which were covered by this section on or prior to August 1, 1988, shall participate in the County Employees Retirement System effective August 1, 1988. The city, county, charter county, urban-county, or agency thereof shall offer employees hired on or prior to August 1, 1988, membership in the County Employees Retirement System under the alternate participation plan as described in KRS 78.530(3), but such employees may elect to retain coverage under this section.

➔Section 75. KRS 91A.080 is amended to read as follows:

- (1) The legislative body of each local government which elects to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance may enact or change its license fee or rate of tax to be effective July 1 of each year on a prospective basis only and shall file with the *commissioner*~~(executive director)~~ of insurance at least one hundred (100) days prior to the effective date, a copy of all ordinances and amendments which impose a license fee or tax. No less than eighty-five (85) days prior to the effective date, the *commissioner*~~(executive director)~~ of insurance shall promptly notify each insurance company engaged in the business of insurance in the Commonwealth of those local governments which have elected to impose the license fees or taxes and the current amount of the license fee or rate of tax.
- (2) Any license fee or tax imposed by a local government upon an insurance company with respect to life insurance policies~~;~~ may be based upon the first year's premiums, and, if so based, shall be applied to the amount of the premiums actually collected within each calendar quarter upon the lives of persons residing within the corporate limits of the local government.
- (3) Any license fee or tax imposed by a local government upon any insurance company with respect to any policy which is not a life insurance policy shall be based upon the premiums actually collected by the insurance company within each calendar quarter on risks located within the corporate limits of the local government on those classes of business which the insurance company is authorized to transact, less all premiums returned to policyholders. In determining the amount of license fee or tax to be collected and to be paid to the local government, the insurance company shall use the tax rate effective on the first day of the policy term. When an insurance company collects a premium as a result of a change in the policy during the policy term, the tax rate

used shall be the rate in effect on the effective date of the policy change. With respect to premiums returned to policyholders, the license fee or tax shall be returned by the insurance company to the policyholder pro rata on the unexpired amount of the premium at the same rate at which it was collected and shall be taken as a credit by the insurance company on its next quarterly report to the local government.

- (4) The **Department**~~{Office}~~ of Insurance shall, by administrative regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting the tax, except that the collection fee shall not be more than fifteen percent (15%) of the fee or tax collected and remitted to the local government or two percent (2%) of the premiums subject to the tax, whichever is less. To facilitate computation, collection, and remittance of the fee or tax and collection fee provided in this section, the fees or taxes set out in subsection (1), (2), or (3) of this section, together with the collection fee in this section, may be rounded off to the nearest dollar amount.
- (5) Pursuant to KRS 304.3-270, if any other state retaliates against any Kentucky domiciliary insurer because of the requirements of this section, the **commissioner**~~{executive director}~~ of insurance shall impose an equal tax upon the premiums written in this state by insurers domiciled in the other state.
- (6) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee herein provided shall be determined by administrative regulations promulgated by the **Department**~~{Office}~~ of Insurance.
- (7)
 - (a) Upon written request of the legislative body of any local government, at the expense of the requesting local government, which shall be paid in advance by the local government to the **Department**~~{Office}~~ of Insurance, the **Department**~~{Office}~~ of Insurance shall audit, or cause to be audited by contract with qualified auditors, the books or records of the insurance companies or agents subject to the fee or tax to determine whether the fee or tax is being properly collected and remitted, and the findings of the audit shall be reported to the local government and the insurance company subject to the audit. An insurance company may appeal the findings of the audit conducted under this subsection and any assessment issued pursuant to the audit findings in accordance with the provisions of KRS 91A.0804(4).
 - (b) Willful failure to properly collect and remit the fee or tax imposed by a local government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.
 - (c) If the **Department**~~{Office}~~ of Insurance finds that an insurance company has willfully engaged in a pattern of business conduct that fails to properly collect and remit the fee or tax imposed by a local government pursuant to the authority granted by this section, the **Department**~~{Office}~~ of Insurance may assess the responsible insurance company an appropriate penalty fee no greater than ten percent (10%) of the additional license fees or taxes determined to be owed to the local government. The penalty fee shall be paid to the local government owed the license fee or tax less any administrative costs of the **Department**~~{Office}~~ of Insurance in enforcing this section. Any insurance company or agent held responsible for a penalty fee may request a hearing with the **Department**~~{Office}~~ of Insurance to be conducted pursuant to KRS 304.2-310 to 304.2-370 regarding the finding of a willful violation and the subsequent penalty fee.
- (8) The license fees or taxes provided for by subsections (2) and (3) of this section shall be due thirty (30) days after the end of each calendar quarter. Annually, by March 31, each insurance company shall furnish each local government to which the tax or fee is remitted with a breakdown of all collections in the preceding calendar year for the following categories of insurance:
 - (a) Casualty;
 - (b) Automobile;
 - (c) Inland marine;
 - (d) Fire and allied perils;
 - (e) Health; and
 - (f) Life.
- (9) Any license fee or tax not paid on or before the due date shall bear interest at the tax interest rate as defined in KRS 131.010(6) from the date due until paid. Such interest payable to the local government is separate of

penalties provided for in subsection (7) of this section. In addition, the local government may assess a ten percent (10%) penalty for a tax or fee not paid within thirty (30) days after the due date.

- (10) No license fee or tax imposed under this section shall apply to premiums received on:
- (a) Policies of group health insurance provided for state employees under KRS 18A.225;
 - (b) Policies insuring employers against liability for personal injuries to their employees or the death of their employees caused thereby, under the provisions of KRS Chapter 342;

 - (d) Policies issued through Kentucky Access created in Subtitle 17B of KRS Chapter 304; or
 - (e) Policies for high deductible health plans as defined in 26 U.S.C. sec. 223(c)(2).
- (11) No county may impose the tax authorized by this section upon the premiums received on policies issued to public service companies which pay ad valorem taxes.
- (12) Insurance companies which pay license fees or taxes pursuant to this section shall credit city license fees or taxes against the same license fees or taxes levied by the county, when the license fees or taxes are levied by the county on or after July 13, 1990. For purposes of this subsection, a consolidated local government, urban-county government, charter county government, or unified local government shall be considered a county.
- (13) No license fee or tax imposed under this section shall apply to premiums paid to insurers of municipal bonds, leases, or other debt instruments issued by or on behalf of a city, county, charter county government, urban-county government, consolidated local government, special district, nonprofit corporation, or other political subdivision of the Commonwealth. However, this exemption shall not apply if the bonds, leases, or other debt instruments are issued for profit or on behalf of for-profit or private organizations.
- (14) A county may impose a license fee or tax covering the entire county or may limit the application of the fee or tax to the unincorporated portions of the county.

- (3) "Tax period" means a twelve (12) month period ending on December 31 of each year.

➔Section 77. KRS 91A.0804 is amended to read as follows:

- (1) The provisions of this section shall provide the sole and exclusive method for the filing of amended returns and requests or assessments by any insurance company, local government, or policyholder for nonpayment, underpayment, or overpayment of any license fees or taxes imposed pursuant to KRS 91A.080 and the appeals from the denial or refusal thereof. For tax periods beginning after December 31, 2008, all amended returns, requests for refunds or credits, and assessments shall be made within two (2) years of the due date of the annual reconciliation provided for in KRS 91A.080(8) for the tax period during which the error was made, except that in the case of fraudulent failure to file a return or the filing of a fraudulent return, the underpayment may be assessed at any time. The provisions of this subsection shall not apply to any refund or credit to an insurance company or policyholder or assessment by a local government that is affected by litigation pending on July 15, 2008.
- (2)
 - (a) Any insurance company that has paid a license fee or tax imposed by a local government pursuant to KRS 91A.080 may request a refund or credit for any overpayment of a license fee or tax or any payment when no tax was due within the time provided in subsection (1) of this section.
 - (b) A request for a refund or credit by an insurance company shall be made by mailing an amended return and supporting documentation to the local government to which the fee or tax was paid. A complete refund request shall include the amended return and supporting documentation showing the total amount

of overpayment of license fee or tax that the insurance company believes was erroneously paid and a breakdown of information for each policy upon which a refund or credit is requested, including the location of the risk by street address or, if a street address is unavailable, another appropriate identifier of the physical location, the amount of the erroneous payment, the premium charged, the amount of tax or fee actually collected, the type or types of risk insured, and the period the policy was in force during the taxable year or years.

- (c) For refund and credit requests submitted for payments made during tax periods after December 31, 2009, the insurance company shall produce proof that it employed risk location systems or programs meeting the requirements of KRS 91A.0806 during the time for which the refund or credit is requested or a copy of a **Department**~~{an Office}~~ of Insurance order issued pursuant to the administrative regulation promulgated under KRS 91A.0806(3). If the insurance company fails or is unable to produce such proof or a copy of the **Department**~~{Office}~~ of Insurance order, the local government shall be entitled to keep a penalty in the amount of ten percent (10%) of the refund or credit that would have otherwise been due the insurance company. Any dispute regarding the imposition of a penalty shall be resolved under paragraph (d) of this subsection.
 - (d) If a local government fails to accept the completed amended return or refuses to issue the requested refund or credit within ninety (90) days of its receipt, the insurance company may make application to the **Department**~~{Office}~~ of Insurance to review the claim. The application shall be filed with the **Department**~~{Office}~~ of Insurance within thirty (30) days of receipt of the response from the local government or, in the case of a local government's failure to respond, within thirty (30) days of the end of the ninety (90) day period provided in this paragraph. The **Department**~~{Office}~~ of Insurance shall, within sixty (60) days of the receipt of the complete application, issue an order of final agency action that the request for refund or credit is or is not warranted in whole or in part. As provided in KRS 304.2-310, either party may file an administrative appeal from the order of the **Department**~~{Office}~~ of Insurance within sixty (60) days of the issuance of the order.
 - (e) No insurance company shall apply a credit to taxes or fees imposed by KRS 91A.080 without written agreement from the local government, without an order of final agency action from the **Department**~~{Office}~~ of Insurance order that the refund is due, or without an administrative ruling from the **Department**~~{Office}~~ of Insurance order that a refund is due. Each violation of this paragraph shall be punishable as provided in KRS 91A.080(7)(b) and (c).
- (3) (a) Any policyholder who has paid to an insurance company a license fee or tax imposed by a local government pursuant to KRS 91A.080 may request a refund or credit for an overpayment of a license fee or tax or any payment when no tax was due within the time provided in subsection (1) of this section.
- (b) A request for a refund or credit by a policyholder shall be made by mailing the request to the insurance company to which the fee or tax was paid. The request shall include the name of the policyholder, the address of the location of the risk insured, the amount of overpayment of license fee or tax that was erroneously paid, the dates of coverage, the amount of the fee or tax that was paid, and the type of risk insured.

The application shall be filed with the **Department**~~{Office}~~ of Insurance within thirty (30) days of receipt of the response from the insurance company or, in the case of an insurance company's failure to respond, within thirty (30) days of the end of the ninety (90) day period provided in this paragraph. The **Department**~~{Office}~~ of Insurance shall, within sixty (60) days of the receipt of the complete application, issue an order of final agency action that the request for refund or credit is or is not warranted in whole or in part. The **commissioner**~~{executive director}~~ of the **Department**~~{Office}~~ of Insurance may grant one (1) extension of thirty (30) days for the issuance of the order. As provided in KRS 304.2-310, either party may file an administrative appeal from the order of the **Department**~~{Office}~~ of Insurance within sixty (60) days of the issuance of the order.
- (4) (a) If a local government has a reasonable basis to believe that a license fee or tax imposed by it in accordance with KRS 91A.080 has not been paid or has been underpaid, the local government shall

- request the **Department**{Office} of Insurance to conduct an audit pursuant to the provisions of KRS 91A.080(7) within the time provided in subsection (1) of this section.
- (b) If the findings of the audit show that an insurance company did not pay or underpaid the local government, the local government may send an assessment by mail to the insurance company. The notice of assessment shall state the total amount of payment due from the insurance company based upon the findings of the audit conducted pursuant to KRS 91A.080(7), the geographic area affected, and the applicable license fee or tax rate.
 - (c) The insurance company may respond to the assessment by either paying the assessment in full within ninety (90) days of its receipt or by filing an appeal of the findings of the audit and the assessment with the **Department**{Office} of Insurance within ninety (90) days of the receipt of the assessment. An insurance company appealing the audit findings and assessment shall make application to the **Department**{Office} of Insurance and provide notice of the challenge to the local government by certified mail. The **Department**{Office} of Insurance shall, within sixty (60) days of the receipt of the completed application, issue an order of final agency action upon the findings of the audit and a determination that the assessment is or is not warranted in whole or in part. The ~~commissioner~~{executive director} of the **Department**{Office} of Insurance may grant one (1) extension of thirty (30) days for the issuance of the order. As provided in KRS 304.2-310, either party may file an administrative appeal from the order of the **Department**{Office} of Insurance within sixty (60) days of the issuance of the order.
 - (d) If the insurance company fails to make the full payment as requested by the local government or fails to file an application of appeal with the **Department**{Office} of Insurance within ninety (90) days of receipt of the assessment, the findings of the audit and the assessment shall be deemed final, and the local government may provide notification to the **Department**{Office} of Insurance to impose a penalty in accordance with KRS 91A.080(7)(c). Any penalty imposed because of an insurance company's failure to timely pay the assessment shall be in addition to any penalties imposed as a result of the audit. The notification shall be filed with the **Department**{Office} of Insurance within thirty (30) days of the end of the ninety (90) day period provided in paragraph (c) of this subsection. The **Department**{Office} of Insurance shall issue an order to the insurance company to pay the assessment and any additional penalties imposed within thirty (30) days of the order, or the **Department**{Office} of Insurance may revoke the license of the insurance company under the provisions of KRS 91A.080(7) and KRS Chapter 304.
 - (e) The **Department**{Office} of Insurance may determine the scope of any audit requested under this subsection and KRS 91A.080. Nothing in this chapter shall preclude the **Department**{Office} of Insurance from exercising its discretion to conduct an audit or examination of any insurance company under its authority as otherwise provided in KRS Chapter 304.
- (5) An administrative hearing held pursuant to this section shall be conducted pursuant to KRS Chapter 13B. The hearing officer may compel any information necessary to make a determination. Information concerning rates, the names and addresses as of policyholders, and the expiration date of policies shall be proprietary and confidential, shall not be divulged to any person or organization not a party to the hearing, shall not be subject to disclosure or to the provisions of KRS 61.870 to 61.884, and the record shall be sealed at the conclusion of the hearing.
 - (6) If a refund or credit is received by an insurance company that passed the fee or tax on to the policyholder, and the amount refunded or credited is not owed to another local government, the insurance company shall pass the full amount of the refund or credit, including any collection fee that has been retained by the insurance company pursuant to KRS 91A.080(4), on to the policyholder from whom the fee or tax was collected within ninety (90) days of receipt of the refund or credit. For a refund or credit received by an insurance company for tax periods after December 31, 2009, that is not owed to another local government, the insurance company shall pay a penalty fee of ten percent (10%) of the total amount of the refund or credit due to the policyholder if the insurance company is unable to produce proof of the use of a risk location system as required under subsection (2)(c) of this section.
 - (7) No legal action shall be filed by any party prior to the exhaustion of all administrative remedies provided under this section.

- (8) (a) Information on specific policies and policyholders provided to local governments pursuant to subsection (2) of this section shall be considered confidential and proprietary information of an insurance company and shall not be disclosed or subject to disclosure under KRS 61.870 to 61.884. No present or former official or employee of a local government or any other person shall, intentionally and without authorization, inspect or divulge any information acquired by him or her of the affairs of any insurance company, or information regarding specific policies, policyholders, tax schedules, returns, or reports required to be filed with a local government, or any information produced by a hearing or investigation, insofar as the information may have to do with the proprietary information of the insurance company. All county judges/executive, mayors, local government legislative body members, and local government employees whose duties include the fiscal affairs of their local government, shall be deemed to have the necessary authorization to inspect such information. Any person who violates the provisions of this paragraph shall be guilty of a Class A misdemeanor for each offense and the disclosure of information on each policyholder shall constitute a separate offense.
- (b) Except for local governments that have been certified by the Internal Revenue Service or its agent as being in compliance with IRS safeguard requirements and authorized to receive federal tax information, any proprietary information provided to a local government for the purposes of compliance with subsection (2) of this section and all copies or other records related to such information shall be destroyed in an irreversible, secure, and confidential manner in accordance with KRS 171.410 to 171.740 and the administrative regulations promulgated or approved thereunder. A local government failing to destroy proprietary information in accordance with this paragraph shall be subject to a civil penalty payable to the insurance company of five hundred dollars (\$500) for each offense, and the disclosure of information on each policyholder shall constitute a separate offense. An insurance company may commence a civil action in a court of competent jurisdiction for payment of the civil penalty. The total civil penalty shall not exceed ten thousand dollars (\$10,000) per incident.
- (c) This subsection shall not preclude the disclosure of information to the **Department**~~{Office}~~ of Insurance or to the legal representative of the local government for purposes of administrative hearings or legal appeals therefrom, nor shall it prohibit the local government from verifying the accuracy of the information with an individual policyholder to whom the information pertains.
- (9) The filing of amended returns, requests for refunds or credits, assessments, and all applications and notification by any party to the **Department**~~{Office}~~ of Insurance for review under this section, shall be sent to the designated party or parties by certified mail, return receipt requested.

The criteria for verification shall include but not be limited to a requirement that the municipal and county boundary information of a risk location system or program uses the municipal and county boundary data available from the Commonwealth Office of Technology that is based upon municipal and other filings with the Secretary of State.
- (2) Upon application of a vendor or insurance company for verification and payment of a two thousand five hundred dollar (\$2,500) application fee to the **Department**~~{Office}~~ of Insurance, the **department**~~{office}~~ shall test the risk location system or program to determine whether the program shall be verified as meeting the criteria promulgated in the administrative regulation required by subsection (1) of this section. The **Department**~~{Office}~~ of Insurance shall maintain a list of verified risk location systems or programs and shall make the list available to insurance companies and the public. The verification of a risk location system or program shall remain valid for a period of three (3) years unless revoked by the **Department**~~{Office}~~ of Insurance.

 - (c) Shall not be subject to penalties under KRS 91A.0804(2)(c).
- (6) On and after January 1, 2010, an insurance company shall use a verified risk location system or program during the calendar year if the total policies issued and renewed by the insurance company in Kentucky in the preceding calendar year is more than two thousand (2,000).

- (9) Moneys withheld pursuant to subsection (8) of this section shall be distributed only under the following terms and conditions:
 - (a) A volunteer fire department has lost or damaged beyond repair items of personal protective clothing or equipment due to that equipment having been lost or damaged as a result of an incident in which a hazardous material (as defined in any state or federal statute or regulation) was the causative agent of the loss;
 - (b) The volunteer fire department has made application in writing to the commission for reimbursement in a manner approved by the commission and the loss and the circumstances thereof have been verified by the commission;
 - (c) The loss of or damage to the equipment has not been reimbursed by the person responsible for the hazardous materials incident or by any other person;
 - (d) The commission has determined that the volunteer fire department does not have the fiscal resources to replace the equipment;

 - (f) The fire department has agreed in writing to subrogate all claims for and rights to reimbursement for the lost or damaged equipment to the Commonwealth to the extent that the Commonwealth provides reimbursement to the department; and

- (g) The department has shown to the satisfaction of the commission that it has made reasonable attempts to secure reimbursement for its losses from the person responsible for the hazardous materials incident and has been unsuccessful in the effort.
- (10) If a volunteer fire department has met all of the requirements of subsection (9) of this section, the commission may authorize a reimbursement of equipment losses not exceeding ten thousand dollars (\$10,000) or the actual amount of the loss, whichever is less.
- (11) Moneys which have been withheld during any fiscal year which remain unexpended at the end of the fiscal year shall be distributed in the normal manner required by subsection (2) of this section during the following fiscal year.
- (12) No volunteer fire department may receive funding for equipment losses more than once during any fiscal year.
- (13) The commission shall make reasonable efforts to secure reimbursement from the responsible party for any moneys awarded to a fire department pursuant to this section.
- (14) There shall be allotted each year of the 1992-93 biennium one million dollars (\$1,000,000), and each year of the 1994-95, 1996-97, 1998-99, and 2000-01 bienniums one million dollars (\$1,000,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund for the purpose of creating a revolving low-interest loan fund, which shall thereafter be self-sufficient and derive its operating revenues from principal and interest payments. The commission, in accordance with the procedures in subsection (4) of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. Loans shall be made to departments which achieve the training standards necessary to qualify for volunteer fire department aid allotted pursuant to subsection (2) of this section, and which do not have other sources of funds at rates which are favorable given their financial resources. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. Money in the low-interest loan fund shall be used only for the purposes specified in this subsection. Any funds remaining in the fund at the end of a fiscal year shall be carried forward to the next fiscal year for the purposes of the fund.
- (15) For fiscal year 2004-2005 and each fiscal year thereafter, there is allotted one million dollars (\$1,000,000) from the fund established in KRS 95A.220 to be used by the commission to conduct training-related activities.

➔Section 89. KRS 109.011 is amended to read as follows:

The General Assembly of the Commonwealth of Kentucky hereby finds, determines, and declares, as follows:

- (1) That an ever-increasing volume of solid waste both within and outside the Commonwealth is being generated as a result of increasing economic and commercial activity, continuing technological progress, and changes in methods of manufacturing, packaging, and marketing of consumer products, which results in additional solid wastes discarded by the users of these products;
- (2) That the continued economic and population growth of the Commonwealth has required increased industrial and commercial expansion and has made necessary the demolition of obsolete structures, the construction of

new structures, the provision of highways and other avenues of transportation, and the construction and installation of public works which, together with pre-existing commercial, industrial, and agricultural operations, have resulted in the generation of further volumes of solid waste;

- (3) That the handling of solid wastes has been primarily carried out through the dumping of wastes on open soil and in landfills, which in some cases are inimical to the public health, safety, and welfare;
- (4) That by the enactment by the Congress of the United States of the Resource Conservation and Recovery Act of 1976 (Public Law 94-580), as amended, the collection, sanitary disposal, and recovery of solid waste has been determined to be a matter of nationwide importance, recognizing that the management of solid waste should continue to be primarily the function of state, regional, and local agencies; and that pursuant to this federal law, the Commonwealth has taken and will take certain actions in respect to the planning and implementation of solid waste plans within the guidelines of time requirements set forth in this federal law;
- (5) That as a result of the conditions described in the foregoing findings, problems of solid waste collection, management, and treatment, and resource recovery activities in connection therewith have become a matter of statewide concern necessitating action by the General Assembly to:
 - (a) Enable responsible planning and management agencies to be created to define solid waste management requirements, with all of the foregoing subject to regulation by the ***Energy and Environment***~~(Environmental and Public Protection)~~ Cabinet;
 - (b) Assist those units of government primarily responsible for the management of solid waste and the acquisition, financing and operation of facilities to dispose of solid waste to fulfill their functions in a responsible and proper manner with primary emphasis on the regionalization of these functions; and
 - (c) Reduce the amount of solid waste generated and disposed in Kentucky;
- (6) That it is the intent of the General Assembly of the Commonwealth of Kentucky that the primary responsibility for adequate solid waste collection, management, treatment, disposal, and resource recovery shall rest with combinations of counties and waste management districts, subject to standards set by administrative regulations adopted by the ***Energy and Environment***~~(Environmental and Public Protection)~~ Cabinet. In those cities currently operating solid waste management systems, the city and county may assume joint responsibility of preparing a solid waste management plan. If it is in the best public interest to do so and with the mutual agreement of both the county and city, a county may delegate responsibility for adequate collection, management, treatment, disposal, or materials recovery to a city. This delegation of responsibility is contingent upon the approval of a solid waste management plan by the cabinet. The purpose of delegating responsibilities shall be to effectuate the safe and sanitary management, use, and handling of solid waste, the protection of the health, welfare, and safety of the citizens and inhabitants of the Commonwealth, and for making the most efficient use of all resources for the benefit of the citizens and inhabitants of the Commonwealth;
- (7) That the General Assembly recognizes the generation of solid waste is inevitable, but much of it is unnecessary and should be discouraged. However, where solid waste does exist, it should be considered to the extent possible as a valuable resource, and be made use of wherever and whenever desirable and economically justifiable. Therefore, it shall be the policy of the Commonwealth to, above all things, encourage resource conservation and preservation of our natural resources before waste contributes in a needless fashion to the volumes of solid waste and litter produced by our society; but in dealing with existing solid waste, materials recovery from the solid waste stream is deemed to be the most environmentally sound alternative for handling waste;
- (8) It is not the intent of this chapter to prohibit or discourage the participation of the private sector in any aspect of solid waste management. Moreover, it is preferable for solid waste management functions to be performed by the private sector when it is in the best interests of the public and conforms with the policies and provisions in this chapter;
- (9) It is the intent of the General Assembly that counties and waste management districts cooperate to develop and implement the solid waste management plans mandated by KRS Chapter 224 and the administrative regulations adopted by the cabinet with the goal of regionalizing the management of solid waste;
- (10) It is the intent of the General Assembly that waste requiring disposal in municipal solid waste disposal facilities be reduced and that solid waste be managed in an environmentally protective manner;

➔Section 249. KRS 198B.050 is amended to read as follows:

- (1) Within one (1) year from its initial meeting, after adequate notice in accordance with KRS Chapter 13A, the board shall adopt and promulgate a mandatory Uniform State Building Code which shall establish standards for the construction of all buildings, as defined in KRS 198B.010, in the state. The code shall provide that the review and approval, as necessary, of building plans for conformance with the Uniform State Building Code prior to construction approval shall be conducted only by the ~~department~~~~office~~ or a local government or governments delegated such responsibilities by this chapter, and any exceptions to this policy shall be explicitly stated in the code.
- (2) The code shall be comprehensive and shall include but not be limited to provisions for general construction; structural quality; mechanical systems to include heating, cooling, and ventilation; electrical systems; and life safety from hazards of fire, explosion, and other disasters, whether caused by acts of nature or man. The code shall encompass the Kentucky State Plumbing Code promulgated pursuant to KRS 318.130, boiler rules and regulations issued pursuant to KRS 236.030, and the national electrical code.

- (3) This code shall be designed after and may be selected from the models offered by such model code agencies as the Building Officials and Code Administrators, International, Inc.; the International Conference of Building Officials; the Southern Building Code Congress; and other nationally recognized organizations which may include governmental agencies. The code shall:
 - (a) Provide uniform standards and requirements for construction and construction materials;
 - (b) To the extent practicable, set forth standards, specifications and requirements in terms of performance objectives, so as to facilitate the use of new technologies, techniques, and materials. The code shall not discriminate in favor of particular suppliers' materials, techniques, or technologies;
 - (c) Protect the public health, safety, and welfare within the state.
- (4) Adoption of a code shall include provisions for the continuing review of, and the board shall adopt when deemed justified to fulfill the purposes of this chapter, new materials, technologies, and techniques in the building industry. The board may adopt a model code promulgated by a model code agency only if that agency provides a method for democratic participation by the board and any local governments which may enforce the code, in a continuing review and possible adoption of new materials, technologies, and techniques in the building industry.
- (5) The board shall issue regulations, after notice in accordance with KRS Chapter 13A, which are necessary to implement the Uniform State Building Code or to carry out any other responsibility assigned to said board by this chapter.
- (6) The board shall monitor the effectiveness of agencies designated by local governments to enforce the provisions of the Uniform State Building Code.
- (7) If the board determines that an agency is not enforcing the provisions of the Uniform State Building Code, it shall direct the *department*~~{office}~~ to determine where deficiencies exist. The *department*~~{office}~~ shall require the local government to correct the deficiencies within sixty (60) days and report to the *department*~~{office}~~ its method of correcting the deficiencies.
- (8) If the local government fails to correct the deficiencies, the *department*~~{office}~~ shall recommend to the board that the *department*~~{office}~~ be permitted to preempt the local program as provided for in KRS 198B.060(4).
- (9) The board shall provide for the supply, including amendments and revisions thereto, of sufficient copies of the Uniform State Building Code for all interested parties.

➔Section 250. KRS 198B.060 is amended to read as follows:

- (1) Each local government shall employ a building official or inspector and other code enforcement personnel as necessary, or shall contract for inspection and code enforcement services in accordance with subsections (8) and (11) of this section to enforce the Uniform State Building Code within the boundaries of its jurisdiction, except that permits, inspections, and certificates of occupancy shall not be mandatory for single-family residences unless a local government passes an ordinance requiring inspections of single-family residences.
- (2) Local governments shall be responsible for the examination and approval or disapproval of plans and specifications for churches having a capacity of four hundred (400) or less persons, and six thousand (6,000) or less square feet of total floor area, and buildings of no more than three (3) stories in height, exclusive of attic and basement, which do not contain more than twenty thousand (20,000) square feet of floor area, and are not intended for educational, institutional, or high hazard occupancy; or assembly, business, or industrial occupancy in excess of one hundred (100) persons, except churches as stated in this subsection, or for use as a frozen food locker plant as defined in KRS 221.010. Local governments shall be responsible for the issuance and revocation of building permits, licenses, certificates, and similar documents which cover activities within their area of responsibility, and the inspection of all buildings pursuant to the provisions of this chapter and the Uniform State Building Code. Each local government issuing a building or demolition permit or an initial certificate of occupancy on a new structure shall send a copy of the permit or certificate to the *commissioner*~~{executive director}~~ for his or her use in maintaining an accurate housing inventory for Kentucky.
- (3) Urban-county governments may determine service districts within their boundaries within which farm dwellings and other farm buildings, not used in the business of retail trade or as a place of regular employment for ten (10) or more people, shall be exempt from the requirements of the Uniform State Building Code. The determination may be reviewed and altered by the board.

- (4) With the exception of single-family dwellings, the **department**~~{office}~~ shall be responsible for the examination and approval or disapproval of plans and specifications for all buildings which are not the responsibility of local governments. The **department**~~{office}~~ may issue and revoke permits, licenses, certificates, and similar documents within its area of responsibility, and shall have concurrent jurisdiction with local governments for the inspection of all buildings pursuant to the provisions of this chapter and the Uniform State Building Code. If the **commissioner**~~{executive director}~~ determines that the local jurisdiction is not adequately performing any portion of its program, he or she may recommend to the board that the **department**~~{office}~~ preempt that portion of a local program, except that the **commissioner**~~{executive director}~~ shall not preempt or assert jurisdiction for the enforcement of the code on single-family dwellings. The **commissioner**~~{executive director}~~ shall explain his or her reasons for preemption in writing and provide a copy to the board and the local jurisdiction. The local jurisdiction may appeal the recommended preemption directly to the board, and the board shall review the appeal according to the procedures found in subsections (8) to (10) of KRS 198B.070. No preemption by the **department**~~{office}~~ shall take place until the final decision of the board. If the **department**~~{office}~~ preempts any portion of a local program, it shall collect the fees applicable to that portion of the program.
- (5) Any local government may petition the **commissioner**~~{executive director}~~ requesting that additional plan review functions be allocated to that local government. The petition shall include evidence of the local government's capability to perform additional plan review functions. The **commissioner**~~{executive director}~~, after review of the petition and supporting evidence, may grant or deny to the local government any part of a request for additional responsibility. If the **commissioner**~~{executive director}~~ denies any part of a petition, he or she shall explain his or her reasons for denial in writing, and provide a copy to the board and the local government. A local government may appeal the denial directly to the board, and the board shall review the appeal according to the procedures found in subsections (8) to (10) of KRS 198B.070. If the local government is granted additional responsibility by the **commissioner**~~{executive director}~~ or the board, the **department**~~{office}~~ shall hold concurrent jurisdiction over the additional responsibility, but the local government shall collect any fees for functions it performs pursuant to the additional responsibility.
- (6) Any local government may also petition the **commissioner**~~{executive director}~~ requesting that plans and specifications inspection, building inspection, and approval responsibility relating to the application of local plumbing permits for local installations be allocated to the local government. The petition shall not be granted unless the local government has demonstrated to the **commissioner**~~{executive director}~~ that it can perform these functions in accordance with the provisions of KRS 198B.050 to 198B.090.
- (7) The **commissioner**~~{executive director}~~ shall expedite the review of plans and specifications by assigning responsibilities and coordinating review activities among the **department's**~~{office's}~~ various functional divisions so as to prevent unnecessary duplication in the review of plans and specifications.
- (8) No building shall be constructed in this state until a local building official and an official representing the **department**~~{office}~~, if the **department**~~{office}~~ has jurisdiction, issue a permit for the construction. Nothing in this subsection shall require a single-family dwelling to be permitted or inspected unless a local government has established a building inspection program as set out in this section.
- (9) The local building official or the representative of the **department**~~{office}~~ shall issue a permit if the proposed building satisfies the requirements of the Uniform State Building Code and if the party desiring to construct the building has complied with all other legal requirements concerning the location and construction of the building. The applicant for a building permit, by the act of applying for the permit, shall be deemed to have consented to inspection by the local government or the **department**~~{office}~~, of the building during construction and upon the completion of construction for the purpose of determining that the building is constructed in compliance with the Uniform State Building Code.
- (10) (a) No permit for building, construction, reconstruction, renovation, demolition, or maintenance or for any activity related to building, construction, reconstruction, renovation, demolition, or maintenance shall be issued by any building department or by any political subdivision of the Commonwealth of Kentucky to any person seeking the permit unless the person shall assure, by affidavit, that all contractors and subcontractors employed, or that will be employed, on activity covered by the permit shall be in compliance with Kentucky requirements for workers' compensation insurance according to KRS Chapter 342 and unemployment insurance according to KRS Chapter 341.

- (b) Any person who fails to comply with the assurances required under paragraph (a) of this subsection upon such finding by a court of competent jurisdiction, shall be fined an amount not to exceed four thousand dollars (\$4,000) or an amount equal to the sum of all uninsured and unsatisfied claims brought under the provisions of KRS Chapter 342 and unemployment insurance claims for which no wages were reported as required by KRS Chapter 341, whichever is greater.
 - (c) The penalty imposed in paragraph (b) of this subsection shall be enforced by the county attorney for the county in which the violation occurred.
- (11) A certified electrical inspector shall be employed by, or contracted for, or contracted with a local government having responsibility over buildings as set out in this section as part of its building inspection program. After a certified electrical inspector has been provided for by the local government or the ~~department~~~~office~~, no utility shall initiate permanent electrical service to any new building, or any building which has been moved, until a final certificate of approval has been issued by a certified electrical inspector. Unless the ~~department~~~~office~~ shall notify the utility in writing as to which buildings are subject to ~~department~~~~office~~ approval, it shall be presumed by the utility that the building is subject to the jurisdiction of the local government. However, nothing in this section shall prohibit the supply or use of necessary electrical services during the construction and testing process.
- (12) This section shall apply to industrialized building systems, but destructive disassembly of industrialized building systems which carry a seal of approval pursuant to a manufactured building law in the state in which they were manufactured, which seal of approval is accepted by the Board of Housing, Buildings and Construction, shall not be performed in order to conduct the tests or inspections.
- (13) No building on which construction was begun nor any industrialized building system on which site preparation and assembly were begun after the Uniform State Building Code became effective shall be occupied until the local building official or a representative of the ~~department~~~~office~~ issues a certificate of occupancy certifying that the building was constructed in conformance with the standards of the Uniform State Building Code, or assembled or installed in conformance with applicable instructions. Nothing in this subsection shall be construed to require a certificate of occupancy to be issued for any single-family dwelling unless a local government has established jurisdiction for the enforcement of the Uniform State Building Code under this section.
- (14) A local government may associate with other local governments, and may seek the technical assistance of other agencies or area development districts in order to provide for the local enforcement of the Uniform State Building Code.
- (15) Local governments or associations of local governments may contract with a person, firm, or company to perform the plans and specifications inspection or building inspection functions required of the local government by the provisions of this section if:
- (a) The person performing the plans and specifications inspection is certified by the ~~department~~~~office~~ as having successfully completed the test requirements provided by KRS 198B.090 to practice as a certified plans and specifications inspector;
 - (b) The person performing the building inspection is certified by the ~~department~~~~office~~ as having successfully completed the test requirements provided in KRS 198B.090 to practice as a certified building inspector;
 - (c) The person, firm, or company does not have a conflict of interest between its plan review or inspection functions and any other employment or business activities;
 - (d) The person performing the plumbing inspection is certified by the ~~department~~~~office~~ as having successfully completed the requirements provided in KRS 318.140 to practice as a certified plumbing inspector; and
 - (e) The person, firm, or company does not have a conflict of interest between its plan review or inspection functions and any other employment or business activities.
- (16) If the ~~department~~~~office~~ has reason to believe that an inspector is not enforcing, or is improperly enforcing, the provisions of the Kentucky building codes, it shall conduct an informal hearing to review the inspector's procedures and return in written form the required corrections resulting from the hearing to the inspector, or may take action to suspend or revoke the inspector's certificate.

- (17) If, after written notification from the *department*~~{office}~~ to the inspector of any corrections required, the inspector fails to comply within sixty (60) days, the *department*~~{office}~~ shall suspend the inspector's certification until the inspector complies. Any action to suspend or revoke an inspector's certificate may be appealed to the board, and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B.
- (18) Each local government and the *department*~~{office}~~ may establish a schedule of fees for the functions performed under the provisions of this chapter. The fees shall be designed to fully cover the cost of the service performed but shall not exceed the cost of the service performed. Fees payable to the *department*~~{office}~~ shall be paid into the State Treasury and credited to a trust and agency fund to be used by the *department*~~{office}~~ in carrying out the provisions of this chapter. No part of this fund shall revert to the general fund of the Commonwealth.

➔Section 251. KRS 198B.070 is amended to read as follows:

- (1) The mayor or county judge/executive of a local government which is enforcing the Uniform State Building Code may, upon the approval of the local legislative body, appoint a local appeals board, consisting of five (5) technically qualified persons with professional experience related to the building industry, to hear appeals from the decisions of the local building official. At least three (3) members of the appeals board must not be employed by the local government hearing the appeal.
- (2) Local governments which are enforcing the Uniform State Building Code may cooperate with each other to provide a local appeals board and shall adhere to the provisions of KRS Chapter 65 when entering such cooperative agreements. No member of a local appeals board shall hear an appeal in a case in which he or she has a private interest.
- (3) Any party to a decision by the local building official may appeal that decision to the local appeals board. Upon receipt of an appeal from a qualified party, the local appeals board shall convene a hearing to consider the appeal within fifteen (15) days of receipt. All parties to the appeal shall be notified of the time and place of the hearing by letter mailed by certified mail no later than ten (10) days prior to the date of the hearing. The local appeals board shall render a decision within five (5) working days after the hearing.
- (4) A local appeals board may uphold, amend, or reverse the decision of a local building official, and there shall be no appeal from the decision of a local appeals board other than by appeal to the Board of Housing, Buildings and Construction. Appeals to the Board of Housing, Buildings and Construction shall include citation of those provisions of the Uniform State Building Code which are at issue, and an explanation of why the decision of the local appeals board or the local building official relative to those provisions is being contested.
- (5) The Board of Housing, Buildings and Construction shall serve to hear appeals from the decisions of local appeals boards, when these boards exist, or to hear appeals directly from the decisions of local building officials in cases where no local appeals board has jurisdiction. In no case shall the board hear an appeal directly from a party aggrieved by the decision of a local building official when there is a local appeals board with jurisdiction in the case.
- (6) The board shall hear appeals directly from a party aggrieved by the decision of an agent of the *department*~~{office}~~. These appeals shall include citations of those provisions of the Uniform State Building Code which are at issue, and an explanation of why the decision of the agent of the *department*~~{office}~~ relative to those provisions is being contested.
- (7) Appeals to the Board of Housing, Buildings and Construction shall be addressed to the *commissioner*,~~{executive director}~~ who shall immediately notify the board when an appeal is received. The *commissioner*~~{executive director}~~ or a designated employee of his or her *department*~~{office}~~ shall then investigate the evidence pertaining to the appeal and, based upon the results of the investigation, make recommendations to the board on the disposition of the case in question. No employee of the *department*~~{office}~~ shall investigate or make recommendations on an appeal to his or her own decision, but shall defer in such cases to employees who were not party to the decision which led to the appeal. In conducting an investigation, the *commissioner*~~{executive director}~~ or his or her designated representatives, acting for the *department*~~{office}~~, shall have the authority to administer oaths and affirmations, issue subpoenas authorized by law, rule upon offers of proof and receive relevant evidence, take or cause

depositions to be taken, regulate the course of any informal or fact-finding hearings they may schedule, and hold conferences for the settlement or simplification of the issues by consent of the parties. The ~~commissioner~~~~executive director~~ shall complete his or her investigations and forward a written report to the board within thirty (30) days after receiving an appeal.

- (8) If the matter is not settled by agreement of the parties through the procedure established in subsection (7) of this section, the board shall schedule an administrative hearing that shall be conducted in accordance with KRS Chapter 13B.
- (9) The board may appoint five (5) or more of its members, excluding the chairman of the board, to conduct the hearing, and those so appointed shall act in all matters concerning the appeal for the entire board.
- (10) The board may uphold, amend, or reverse the decision of a local appeals board, a local building official, or an agent of the ~~department~~~~office~~ by final order, and appeal from the board's final order shall be to the Circuit Court within whose jurisdiction the property in question is located in accordance with KRS Chapter 13B.

➔Section 252. KRS 198B.080 is amended to read as follows:

- (1) Any interested party may suggest amendments to the Uniform State Building Code to the ~~Department~~~~Office~~ of Housing, Buildings and Construction. The ~~department~~~~office~~ shall transmit all suggested amendments to the board with recommendations on the advisability of the suggested amendments.
- (2) The board may amend the Uniform State Building Code at any time, but only after notice in accordance with KRS Chapter 13A. Such amendments shall be effective statewide.

- (4) On or before July 1, 1983, the ~~department~~~~office~~ shall create and administer an educational program designed to prepare building officials, code enforcement officers and other persons interested in obtaining from the ~~department~~~~office~~ a certification as a building inspector, plans and specifications inspector, or plumbing inspector. The program shall be so designed as to insure uniform statewide enforcement of the applicable state building and plumbing codes. Training material coverage shall be adequate to prepare the participants with a working knowledge of construction design, specification terms, and the state building codes applicable to the particular field in which the applicant requests certification.
- (5) Plumbing inspectors who are in compliance with KRS 318.090 as state inspectors and KRS 318.140 as city-county inspectors, shall be considered in accordance with subsections (1)(c) and (2) of this section and shall not be required to be retested by the ~~department~~~~office~~ prior to consideration for certification as a plumbing inspector. The ~~department~~~~office~~ shall review the plumbing inspector's qualifications and credentials for compliance with KRS 318.090 or 318.140 prior to issuing a certification to the inspector's certificate applicant.
- (6) Attendance at the training sessions shall not be mandatory prior to testing for certification if the applicant's previous education or experience qualifies the applicant to obtain a passing score on the required certification test.

- (7) Training sessions shall be held as frequently as is felt necessary by the *commissioner*~~{executive director}~~ to adequately provide for local and state building inspection needs.
- (8) The *department's*~~{office's}~~ plans and specifications review staff and the field inspection staff shall attend the training and become certified in accordance with the provisions of this section.

The fees shall not exceed the actual cost of the services performed by the *department*~~{office}~~ to administer the programs listed in this section.
- (11) The *department*~~{office}~~ may reimburse building officials, code enforcement officers and other employees of the state and its subdivisions for related expenses incurred by them for attendance at in-service training programs approved by the *department*~~{office}~~.

➔Section 254. KRS 198B.095 is amended to read as follows:

- (1) The Board of Housing, Buildings and Construction may establish a building inspectors training program through the promulgation of administrative regulations in accordance with the provisions of KRS Chapter 13A. ➔Section 348. KRS 224.01-410 is amended to read as follows:

- (1) The General Assembly finds that properties contaminated with hazardous chemical residues created by the manufacture of methamphetamine endanger innocent members of the public due to exposure to these residues where properties are not properly decontaminated prior to the subsequent rental, sale, or use of the properties. Remediation of properties has been frustrated by a lack of comprehensive standards and procedures for decontamination of properties found to have been involved with methamphetamine production. The purpose of this section where law enforcement has found evidence of the manufacture of methamphetamine is to protect the public health, safety, and welfare by providing specific cleanup standards and procedures.
- (2) As used in this section, the following definitions shall apply:
 - (a) "Clandestine methamphetamine lab" means any inhabitable property used for the manufacture of methamphetamine as defined by KRS 218A.1431;
 - (b) "Contaminated property" means any inhabitable property that has been used to manufacture methamphetamine and has been assessed as containing methamphetamine contamination;
 - (c) "Decontamination standards" means standards used to determine that a contaminated property has become decontaminated;
 - (d) "Inhabitable property" means any building or structure and any related curtilage, water, water system, or sewer system used as a clandestine methamphetamine drug lab that is intended to be primarily occupied by people, including a mobile home or an individual unit of a multifamily housing unit, that may be sold, leased, or rented for any length of time. "Inhabitable property" shall not include a hotel, as defined in KRS 219.011;
 - (e) "Surface material" means any porous or nonporous substance common to the interior of a building or structure, including but not limited to ceilings and walls, window coverings, floor and floor coverings, counters, furniture, heating and cooling duct work, and any other surface to which inhabitants of the building or structure may be exposed; and

- (f) "Related hazardous material or hazardous waste" means any hazardous waste as defined in this chapter or hazardous material as defined in KRS 174.405 that is related to the clandestine production of methamphetamine.
- (3) (a) The cabinet shall promulgate administrative regulations providing for decontamination standards for contaminated property, including:
1. Decontamination standards for methamphetamine and methamphetamine precursors;
 2. Decontamination standards for materials used in methamphetamine production, including related hazardous material or hazardous waste; and
 3. Sampling and testing standards for contaminated properties with a tiered response system for decontamination services.
- (b) Absent administrative regulations described in this subsection, the decontamination standard for methamphetamine inside inhabitable property is less than or equal to one-tenth of one (0.1) microgram of methamphetamine per one hundred (100) square centimeters of surface material.
- (4) The Department of Kentucky State Police shall promulgate administrative regulations establishing assessment procedures for determining if an inhabitable property is a contaminated property.
- (5) Upon a determination that an inhabitable property is a contaminated property under subsection (4) of this section, the state or local law enforcement agency shall notify the cabinet of its findings and results of assessment.
- (6) (a) The cabinet shall promulgate administrative regulations to establish a reasonable, appropriate, and protective tiered response system to address the level of decontamination services required for a contaminated property based upon the degree of methamphetamine production and the degree of potential contamination resulting from methamphetamine production as indicated by the results of assessment by responding state or local law enforcement.
- (b) Tier 1 shall be for a transient contaminated property where the manufacturing of methamphetamine with anhydrous ammonia was initiated but only limited amounts of reagents or precursors are present and open, and where minimal spill and staining may be observed.
- (c) Tier 2 shall be for a transient contaminated property where the manufacturing of methamphetamine with moderate activity or the use of red phosphorous is evident but only limited amounts of methamphetamine, reagents, or precursors were produced over a relatively short period of time, and where spills and staining may be observed.
- (d) Tier 3 shall be for an entrenched contaminated property where precursors and reagent production has occurred over an extended period of time, from many weeks to several months, and where spills, staining, and burn pits may be observed. This tier designation shall be considered as the default tier designation for homes and rental property with recurring methamphetamine production.
- (e) Tier 4 shall be for a mass production contaminated property where large quantities, such as multiple pounds, of methamphetamine, reagents, or precursors are present, and where potentially severe environmental effects may be indicated because of the large quantities of drummed or buried waste is discovered. Due to the potential for significant releases of hazardous substances, pollutants, or contaminants, law enforcement agencies shall consult with the cabinet prior to making this tier recommendation.
- (7) Any contaminated property, regardless of the initial level of methamphetamine contamination, shall meet the decontamination standard set forth in subsection (3) of this section and, regardless of the results of testing or assessment, shall require at least a Tier 1 cleanup response. A property owner shall certify to the cabinet that the property has been cleaned to the standard set forth in subsection (3) of this section.
- (8) (a) Only contractors certified by the cabinet shall be authorized to conduct the decontamination services for inhabitable properties following the protocols of the tiered response system. The cabinet shall maintain a list of vendors and contractors with current certification to provide decontamination services. In order to become a certified contractor, a contractor shall:
1. Register with the cabinet;

2. Post a surety bond or obtain other financial assurance, which shall include but is not limited to a corporate guarantee, financial test-based self-insurance, irrevocable letter of credit, or any combination of assurances, in the amount of one hundred thousand dollars (\$100,000) for a Tier 1, 2, or 3 cleanup and two hundred fifty thousand dollars (\$250,000) for a Tier 4 cleanup, which may be aggregated;
 3. Provide a certificate issued by an insurance company licensed to do business in Kentucky, certifying that the contractor has a public liability insurance policy in an amount deemed sufficient by the cabinet for any personal or property damages that might occur to third parties arising from the performance of decontamination services for inhabitable properties by the contractor or his or her employees or agents;
 4. Certify that decontamination will be performed safely and in accordance with 803 KAR 2:403; and
 5. Certify that each cleanup conducted meets the decontamination standard required by subsection (3) of this section.
- (b) Any contractor who is certified by the cabinet, and whose certification is in good standing, prior to July 15, 2008, shall retain that certification without having to be recertified.
- (c) Upon registration, the cabinet shall either accept or deny the contractor's certification. The cabinet may revoke the certification of any contractor for cause and may collect the forfeited financial assurance of any contractor found to be in violation of this section. Forfeited financial assurance may be used by the cabinet to decontaminate inhabitable properties.
- (d) The cabinet shall promulgate administrative regulations to establish standards and procedures for contractor certification and to establish reasonable fees to implement this section.
- (9) When a state or local law enforcement agency investigates an inhabitable property that it has reason to believe has been used as a clandestine methamphetamine drug lab, the state or local law enforcement agency shall, at the request of the state or local health department under its respective authority pursuant to KRS Chapter 211 or 212, post a methamphetamine contamination notice on each exterior door of the inhabitable property, except that in the case of a multifamily housing unit, it shall post the notice on each entrance door to the individual unit. The Department for Public Health shall promulgate administrative regulations establishing the notice requirements and the process for removing the notice from inhabitable properties. Any homeowner listed on the deed of the dwelling may request an administrative hearing pursuant to KRS Chapter 13B to determine whether the methamphetamine contamination notice is proper by filing a request for appeal with the Department for Public Health within thirty (30) days of the methamphetamine contamination notice having been posted on the property. The responding state or local law enforcement agency shall, within three (3) business days of when the notice is posted, report it by fax or e-mail to the local health department.
- (10) Any owner of contaminated property who leases, rents, or sells contaminated property upon which a methamphetamine contamination notice has been posted under subsection (9) of this section shall disclose in writing to any potential lessee, tenant, or buyer that the property is contaminated with methamphetamine and has not been decontaminated pursuant to the requirements set forth in this section. If the property has been decontaminated and released by the cabinet from the need for further action, notice under this subsection shall not be required. The Department for Public Health shall promulgate administrative regulations setting forth the disclosure requirements.
- (11) Once contaminated property has been decontaminated in accordance with standards set forth in subsection (3) of this section, the cabinet shall make available to owners of contaminated property who lease or rent the inhabitable property information about federal income tax deductions or credits available to compensate for damage done to the property in commission of a crime, including methamphetamine production done by someone other than the owner.
- (12) To effect the provisions and promote the purposes of this section, the ***Energy and Environment***~~(Environmental and Public Protection)~~ Cabinet, the Cabinet for Health and Family Services, and the Justice and Public Safety Cabinet shall integrate their efforts with other state agencies to provide information and training to the public about the health hazards associated with methamphetamine laboratories.

- (13) The ***Energy and Environment***~~[Environmental and Public Protection]~~ Cabinet, the Cabinet for Health and Family Services, and the Justice and Public Safety Cabinet shall pursue funds from the federal government, through grants or any other funding source, to help pay for the cost of assessment and decontamination of inhabitable properties.

➔Section 371. KRS 224.46-505 is amended to read as follows:

The General Assembly of the Commonwealth of Kentucky hereby finds, determines, and declares as follows:

- (1) That technological progress and increases in the amounts of manufacturing are continuing to result in increasing quantities of hazardous waste being generated and prohibiting the generation of hazardous waste would result in a competitive economic disadvantage for the Commonwealth;
- (2) That the Commonwealth is the site of much improper and inadequately regulated handling, treatment, transportation, storage, and disposal of hazardous waste which presents a threat to the public health, safety, and welfare and the environment;
- (3) That by the enactment by the Congress of the United States of the Resource Conservation and Recovery Act of 1976, as amended (PL 94-580), the generation, transportation, treatment, storage, recycling, and disposal of hazardous waste has been determined to be a matter of national importance, recognizing that hazardous waste presents, in addition to the problems generally associated with nonhazardous waste, special dangers to health and requires a greater degree of regulation than does nonhazardous waste;
- (4) That the primary responsibility for proper hazardous waste management rests with the generators, transporters, treaters, storers, recyclers, and disposers of hazardous waste, subject to rules, regulations, guidelines, and standards promulgated by the *Energy and Environment* ~~(Environmental and Public Protection)~~ Cabinet and

also subject to registration or permitting by the cabinet for the purpose of effectuating safe and proper management at all steps in the hazardous waste cycle;

- (5) That the participation of the private sector and the interested public in any aspect of hazardous waste management not expressly reserved as state or federal authority as set forth in KRS 224.46-510 to 224.46-570 or other statutes is encouraged, moreover, it is preferable for hazardous waste management functions to be performed by the private sector when such is in the best interest of the public and conforms with the policies and provisions set forth in KRS 224.46-510 to 224.46-570;
- (6) That as a matter of policy the prevention of pollution or reduction of waste at its source is the preferred management option. Pollutants that cannot be prevented should be recycled in an environmentally-safe manner whenever feasible. Pollution that cannot be prevented or recycled should be treated; and, disposal or other release into the environment should only be employed when no other feasible option is available; and
- (7) That as a result of the conditions described in the foregoing findings, the problems of hazardous waste generation, transportation, treatment, storage, recycling, and disposal have become a matter of extreme state concern necessitating action by the General Assembly to protect the public health, safety, and welfare and the environment of the Commonwealth.

➔Section 372. KRS 224.46-580 is amended to read as follows:

- (1) The General Assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes and the release of toxic chemicals regulated under Title III, Section 313 of the Superfund Amendments and Reauthorization Act of 1986, including disposal, treatment, recycling, storage, and transportation. The intent of the General Assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management, toxic chemical manufacture, processing, or other use, and to leave the primary burden and responsibility for hazardous waste and toxic chemical reduction on private industry; and further to finance assistance and coordination by imposing assessments on the generation of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with the generation of hazardous waste. The General Assembly further finds that Kentucky's industries need assistance in developing and implementing pollution prevention goals and that a fund should be established to provide technical and financial assistance to those industries.
- (2) The **Energy and Environment** ~~(Environmental and Public Protection)~~ Cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.
- (3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:
 - (a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances, as defined in KRS 224.01-400, into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized. The provisions of KRS 45A.695 to 45A.725 may be suspended by the cabinet if necessary to respond to an environmental emergency.
 - (b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.
 - (c) Identify, investigate, classify, contain, or clean up any release, threatened release, or disposal of a hazardous substance where responsible parties are economically or otherwise unavailable to properly address the problem and the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.
- (4) The cabinet shall have the authority to finance the nonfederal share of the cost for clean up of sites under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (Pub. L. 96-510).

- (5) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section. Any expenditures recovered shall be placed in the hazardous waste management fund.
- (6) It is the expressed purpose of this section to accomplish effective hazardous waste and toxic chemical management that results in a reduction of the generation of hazardous wastes and the release of toxic chemicals within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste and toxic chemical management to those industries whose products are reasonably related to the generation of hazardous waste.
- (7) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste assessment to be determined pursuant to this section according to the quantity by weight of hazardous waste generated, except that no assessment shall be levied against generators for any quantity of "special wastes," waste oil, or spent material from air pollution control devices controlling emissions from coke manufacturing facilities. The assessment shall not be imposed upon any person for any quantities of hazardous waste generated by others for which that person is a secondary handler that stores, processes, or reclaims the waste. The assessment shall be reported and paid to the ***Energy and Environment***~~(Environmental and Public Protection)~~ Cabinet for the generation of hazardous waste on an annual basis on January 1 of each year. The payment shall be accompanied by a report or return in a form that the cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon the business under this section shall be reduced by the amount of the federal assessment or tax upon the business. The reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal moneys are available to carry out the duties imposed by subsection (3) of this section, the assessment shall cease to be levied and collected until such time as federal moneys are no longer available to the Commonwealth for these purposes. The assessment shall be charged against generators of hazardous waste until June 30, 2016. After this date, no further hazardous waste management assessment shall be charged against generators. The hazardous waste assessment shall be waived for any generator owing less than fifty dollars (\$50) for the year. However, a return must be filed by generators to whom a payment waiver applies.
- (8) The assessment on generators shall be one and two-tenths cents (\$0.012) per pound if the waste is liquid, or two-tenths of a cent (\$0.002) per pound if the waste is solid.
 - (a) Hazardous waste that is injected into a permitted underground injection well shall be assessed on a dry weight basis;
 - (b) Hazardous waste treated, detoxified, solidified, neutralized, recycled, incinerated, or disposed of on-site shall be assessed at one-half (1/2) of the appropriate rate, except for recycled waste used in the steel manufacturing process which shall be exempt;
 - (c) Waste that is subject to regulation under Section 402 or 307B of the Federal Clean Water Act shall be exempt;
 - (d) Emission control dust and sludge from the primary production of steel that is recycled by high temperature metals recovery or managed by stabilization of metals shall be exempt; and
 - (e) Waste that is delivered from the generator to an on-site or off-site industrial boiler or furnace and burned for energy recovery in accordance with state and federal laws and regulations shall be assessed at one-half (1/2) of the appropriate rate.
- (9) Except for waste brought into the state by a company to an affiliated manufacturing facility of the company receiving the waste, any person who transports hazardous waste into the state for land disposal or treatment which is generated outside of the state shall pay an assessment to the hazardous waste facility which first receives the waste for storage, treatment, or land disposal. The assessment rate shall be identical to the rate described in subsection (8) of this section. The facility shall remit the assessment to the cabinet on an annual basis on January 1 of each year. The payment shall be accompanied by a return the cabinet shall prescribe.
- (10) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails or refuses to file a return or furnish any information requested in writing by the cabinet, the cabinet may, from any information in its possession, make an estimate and issue an assessment against the generator or hazardous waste facility and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

- (11) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the cabinet, unless it is shown to the satisfaction of the cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it is filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.
- (12) If the assessment imposed by this chapter, whether assessed by the cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the cabinet.
- (13)
 - (a) There is hereby created within the State Treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The fund shall be deposited in an interest-bearing account. The cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the State Treasury shall be deposited in the hazardous waste management fund. All interest earned on the money deposited in the fund shall be deposited to the fund. When the State Treasurer certifies to the cabinet that the uncommitted balance of the hazardous waste management fund exceeds six million dollars (\$6,000,000), assessments shall not be collected until the State Treasurer certifies to the cabinet that the balance in the hazardous waste management fund is less than three million dollars (\$3,000,000). The implementation of the cap on the fund shall be suspended from July 13, 1990, until July 1, 1991. In addition, for assessments paid after July 1, 1991, the cabinet shall refund or grant a credit against the next assessment to come due, on a pro-rated basis, any money collected in one (1) year in excess of the cap.
 - (b) In any fiscal year in which the fees assessed under this section total less than one million eight hundred thousand dollars (\$1,800,000) in fiscal year 2007-2008 dollars, adjusted annually to reflect any increase in the cost-of-living index, the difference between the fee receipts and the adjusted minimum balance shall be transferred from funds collected pursuant to KRS 224.60-130.
 - (c) The cabinet shall file with the Legislative Research Commission a biennial report, beginning two (2) years after July 15, 2008, on the revenues and expenditures of the fund.
- (14) There is hereby created within the State Treasury a trust and agency account which shall not lapse to be known as the pollution prevention fund. The fund shall be placed in an interest-bearing account. The fund shall be administered by the Center for Pollution Prevention. The cabinet shall remit to the fund each fiscal year twenty percent (20%) of the funds received by the hazardous waste management fund subject to the enacted budget bill.
- (15) Upon request of the secretary, moneys accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, moneys from the fund shall not be used when federal moneys are available to carry out these duties, except when immediate action is required to protect public health or the environment, in which case the cabinet shall actively pursue reimbursement of the fund by any available federal moneys.
- (16) If any person responsible for a release or threatened release of a hazardous substance fails to take response actions or to make reasonable progress in completing response actions ordered by the cabinet, the cabinet may bring an action to compel performance or may take appropriate response actions and order the responsible person to reimburse the cabinet for the actual costs incurred by the cabinet.
- (17) If disposal activities have occurred at a hazardous waste site, the cabinet shall record in the office of the county clerk in the county in which a waste site is situated a notice containing a legal description of the property that discloses to any potential transferee that the land was used to dispose hazardous waste and that further information on the hazardous waste site may be obtained from the cabinet.
- (18) No person shall affect the integrity of the final cover, liners, or any other components of any containment system after closure of a hazardous waste site on or in which hazardous waste remains without prior written approval of the cabinet.

➔Section 373. KRS 224.46-810 is amended to read as follows:

As used in this chapter, unless the context clearly indicates otherwise:

- (1) "Board" means the Kentucky Regional Integrated Waste Treatment and Disposal Facility Siting Board.
- (2) "Certificate" means a certificate of environmental safety and public necessity.
- (3) "Cabinet" means the *Energy and Environment*~~{Environmental and Public Protection}~~ Cabinet.

- (1) The ***Energy and Environment***~~(Environmental and Public Protection)~~ Cabinet, Department for Environmental Protection, Division of Waste Management, shall:
- (a) Establish by administrative regulation the policy, guidelines, and procedures to administer the financial responsibility and petroleum storage tank accounts of the petroleum storage tank environmental assurance fund. In adopting administrative regulations to carry out this section, the division may distinguish between types, classes, and ages of petroleum storage tanks. The division may establish a range of amounts to be paid from the fund, or may base payments on methods such as pay for performance, task order, or firm fixed pricing, which are designed to provide incentives for contractors to more tightly control corrective action costs, and shall establish criteria to be met by persons who contract to perform corrective action to be eligible for reimbursement from the fund. The criteria may include the certification of individuals, partnerships, and companies. Criteria shall be established to certify laboratories that contract to perform analytical testing related to the underground storage tank program. Owners and operators shall have all required analytical testing performed by a certified laboratory to be eligible for fund participation. Persons who contract with petroleum storage tank owners or operators shall not be paid more than the amount authorized by the division for reimbursement from the fund for the performance of corrective action. At a minimum, the division shall promulgate administrative regulations that will insure an unobligated balance in the fund adequate to meet financial assurance requirements and corrective action requirements of KRS 224.60-135(2) and (4). If the unobligated balance in the fund is not adequate to meet the requirements of this paragraph, the division shall obligate funds necessary to meet these requirements;
- (b) Establish by administrative regulation the criteria to be met to be eligible to participate in the financial responsibility and petroleum storage tank accounts and to receive reimbursement from these accounts. The division may establish eligibility criteria for the petroleum storage tank account based upon the financial ability of the petroleum storage tank owner or operator. Owners or operators seeking coverage under the petroleum storage tank account shall file for eligibility and for financial assistance with the division. To ensure cost effectiveness, the division shall promulgate administrative regulations specifying the circumstances under which prior approval of corrective action costs shall be required for those costs to be eligible for reimbursement from the fund. In promulgating administrative regulations to carry out this section, the division may distinguish between types, classes, and ages of petroleum storage tanks and the degree of compliance of the facility with any administrative regulations of the cabinet promulgated pursuant to KRS 224.60-105 or applicable federal regulations;
- (c) Establish a financial responsibility account within the fund which may be used by petroleum storage tank owners and operators to demonstrate financial responsibility as required by administrative regulations of the cabinet or the federal regulations applicable to petroleum storage tanks, consistent with the intent of the General Assembly as set forth in KRS 224.60-120(5). The account shall receive four-tenths of one cent (\$0.004) from the one and four-tenths cent (\$0.014) paid on each gallon of gasoline and special fuels received in this state pursuant to KRS 224.60-145. To be eligible to use this account to demonstrate compliance with financial responsibility requirements of the cabinet or federal regulations, or to receive reimbursement from this account for taking corrective action and for compensating third parties for bodily injury and property damage, the petroleum storage tank owner or operator shall meet the eligibility requirements established by administrative regulation promulgated by the division;

- (d) Establish a small operator assistance account within the fund which may be used by the division to make or participate in the making of loans, to purchase or participate in the purchase of the loans, which purchase may be from eligible lenders, or to insure loans made by eligible lenders;
- (e) Establish a petroleum storage tank account within the fund to be used to pay the costs of corrective action due to a release from a petroleum storage tank not eligible for reimbursement from the financial responsibility account. Reimbursements of corrective action projects performed under the petroleum storage tank account shall be carried out on or before July 15, 2013. Any corrective action costs incurred after this date shall not be eligible for reimbursement under the petroleum storage tank account. The account shall receive one cent (\$.01) from the one and four-tenths cent (\$.014) paid on each gallon of gasoline and special fuels received in this state pursuant to KRS 224.60-145. This account shall not be used to compensate third parties for bodily injury and property damage. Within three (3) months after July 15, 2004, the division shall develop a plan to address the payment of claims and completion of corrective action at facilities eligible for reimbursement from this account. The division shall establish a ranking system to be used for the distribution of amounts from this account for the purpose of corrective action. In promulgating administrative regulations to carry out this section, the division shall consider the financial ability of the petroleum storage tank owner or operator to perform corrective action and the extent of damage caused by a release into the environment from a petroleum storage tank;
- (f) Hear complaints brought before the division regarding the payment of claims from the fund in accordance with KRS 224.10-410 to 224.10-470;
- (g) Establish and maintain necessary offices within this state, appoint employees and agents as necessary, and prescribe their duties and compensation;
- (h) Employ, in accordance with the procedures found in KRS 45A.690 to 45A.725 for awarding personal service contracts, a qualified actuary to perform actuarial studies, as directed by the division, for determining an appropriate reserve in the financial responsibility account and the petroleum storage tank account sufficient to satisfy the obligations in each account for all eligible facilities and to satisfy future liabilities and expenses necessary to operate each account. The division shall, by administrative regulation, set the entry level for participation in the fund;
- (i) Authorize expenditures from the fund to carry out the purpose of KRS 224.60-105 to 224.60-160, including reasonable costs of administering the fund, the procurement of legal services, and the procurement of analytical testing services when necessary to confirm the accuracy of analytical testing results obtained by a petroleum storage tank owner or operator. The expenditures shall be paid from the appropriate account;
- (j) Establish a small operators' tank removal account within the fund to reimburse the reasonable cost of tank system removal for small owners and operators. The account shall not be used when an owner or operator is removing the tank with the intention of replacing or upgrading the tank. In promulgating administrative regulations to carry out this paragraph, the division may distinguish among owners and operators based on income, number of tanks, number of facilities, and types and classes of tanks;
- (k) Establish by administrative regulation the policy, guidelines, and procedures to perform financial audits of any petroleum storage tank owner or operator receiving reimbursement from the fund or any entity contracting or subcontracting to provide corrective action services for facilities eligible for fund reimbursement. Financial audits shall be limited to those files, records, computer records, receipts, and other documents related to corrective action performed at a facility where the costs of corrective action have been reimbursed by the fund. Files, records, computer records, receipts, and other documents related to corrective action reimbursed by the fund shall be subject to a financial audit for a period of three (3) years after the date of final reimbursement from the fund. Results of the audits shall be protected from disclosure as allowed by KRS 61.878(1)(c). Financial auditing services may be contracted for or personnel may be employed as needed to implement the requirements of this paragraph;
- (l) Be authorized to enter and inspect any facility intending to seek reimbursement for the cost of corrective action to determine the reasonableness and necessity of the cost of corrective action. The division may collect soil or water samples or require storage tank owners or operators to split samples with the

division for analytical testing. Refusal to allow entry and inspection of a facility or refusal to allow the division to collect or split samples shall make the facility ineligible for fund participation;

- (m) Have inspectors on site at all tank system removals. Failure to comply with this provision shall make the facility ineligible for fund participation. A petroleum storage tank owner or operator may request through certified mail that the division schedule an inspector to be present at an upcoming tank removal. If the request is made at least two (2) weeks before the time for the removal and an inspector fails to be present at the time scheduled, the tank removal may proceed without making the facility ineligible for fund participation unless the owner is notified by the division no later than ten (10) days prior to the proposed date that an inspector is not available on the proposed date, in which event a representative of the division shall contact the operator and schedule a new date. If no inspector is present at the rescheduled date, the removal may then proceed without penalty; and
 - (n) Establish that the deadline for submission of final reimbursement requests under the petroleum storage tank account is two (2) years after receipt of a no further action letter.
- (2) The division may advise the cabinet on the promulgation of administrative regulations concerning petroleum storage tanks.
 - (3) The division may sue and be sued in its own name.
 - (4) The division may transfer funds from the petroleum storage tank account to the small operator tank removal account as needed to satisfy the obligations, future liabilities, and expenses necessary to operate that account. The division may transfer funds to the financial responsibility account as needed to maintain within that account sufficient funds to demonstrate financial responsibility and to ensure payment of claims as provided in subsection (1)(c) of this section.

ARTICLE I

PURPOSES

SECTION 1. Purposes.

The purposes of this compact are to:

1. Establish uniform requirements among the party states for the licensing of participants in live racing with pari-mutuel wagering, and ensure that all such participants who are licensed pursuant to this compact meet a uniform minimum standard of honesty and integrity.
2. Facilitate the growth of the pari-mutuel racing industry in each party state and nationwide by simplifying the process for licensing participants in live racing, and reduce the duplicative and costly process of separate licensing by the regulatory agency in each state that conducts live racing with pari-mutuel wagering.
3. Authorize the Kentucky Horse Racing *Commission ~~Authority~~* to participate in this compact.
4. Provide for participation in this compact by officials of the party states, and permit those officials, through the compact committee established by this compact, to enter into contracts with governmental agencies and nongovernmental persons to carry out the purposes of this compact.

5. Establish the compact committee created by this compact as an interstate governmental entity duly authorized to request and receive criminal history record information from the Federal Bureau of Investigation and other state and local law enforcement agencies.

ARTICLE II

"Participants in live racing" means participants in live racing with pari-mutuel wagering in the party states.

If as a result of withdrawals participation in this compact decreases to less than three (3) party states, this compact no longer shall be in force and effect unless and until there are at least three (3) or more party states again participating in this compact.

ARTICLE IV

COMPACT COMMITTEE

SECTION 6. Compact committee established.

There is hereby created an interstate governmental entity to be known as the "compact committee," which shall be comprised of one (1) official from the racing commission or its equivalent in each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the party state he represents. Pursuant to the laws of his party state, each official shall have the assistance of his state's racing commission or the equivalent thereof in considering issues related to licensing of participants in live racing and in fulfilling his responsibilities as the representative from his state to the compact committee. If an official is unable to perform any duty in connection with the powers and duties of the compact committee, the racing commission or equivalent thereof from his state shall designate another of its members as an alternate who shall serve in his place and represent the party state as its official on the compact committee until that racing commission or equivalent thereof determines that the original representative official is able once again to perform his duties as that party state's representative official on the compact committee. The designation of an alternate shall be communicated by the affected state's racing commission or equivalent thereof to the compact committee as the committee's bylaws may provide.

SECTION 7. Powers and duties of compact committee.

In order to carry out the purposes of this compact, the compact committee is hereby granted the power and duty to:

1. Determine which categories of participants in live horse racing, including but not limited to owners, trainers, jockeys, grooms, mutuel clerks, racing officials, veterinarians, and farriers, and which categories of equivalent participants in dog racing and other forms of live racing with pari-mutuel wagering authorized in two (2) or more of the party states, should be licensed by the committee, and establish the requirements for the initial licensure of applicants in each such category, the term of the license for each category, and the requirements for renewal of licenses in each category. Provided, however, that with regard to requests for criminal history record information on each applicant for a license, and with regard to the effect of a criminal record on the issuance or renewal of a license, the compact committee shall determine for each category of participants in live racing which licensure requirements for that category are, in its judgment, the most restrictive licensure requirements of any party state for that category and shall adopt licensure requirements for that category that are, in its judgment, comparable to those most restrictive requirements.
2. Investigate applicants for a license from the compact committee and, as permitted by federal and state law, gather information on such applicants, including criminal history record information from the Federal Bureau of Investigation and relevant state and local law enforcement agencies, and, where appropriate, from the Royal Canadian Mounted Police and law enforcement agencies of other countries, necessary to determine whether a license should be issued under the licensure requirements established by the committee as provided in paragraph 1 above. Only officials on, and employees of, the compact committee may receive and review such criminal history record information, and those officials and employees may use that information only for the purposes of this compact. No such official or employee may disclose or disseminate such information to any person or entity other than another official on or employee of the compact committee. The fingerprints of each applicant for a license from the compact committee shall be taken by the compact committee, its employees, or its designee and, pursuant to Public Law 92-544 or Public Law 100-413, shall be forwarded to a state identification bureau, or to an association of state officials regulating pari-mutuel wagering designated by the Attorney General of the United States, for submission to the Federal Bureau of Investigation for a criminal history record check. Such fingerprints may be submitted on a fingerprint card or by electronic or other means authorized by the Federal Bureau of Investigation or other receiving law enforcement agency.
3. Issue licenses to, and renew the licenses of, participants in live racing listed in paragraph 1 of this section who are found by the committee to have met the licensure and renewal requirements established by the committee. The compact committee shall not have the power or authority to deny a license. If it determines that an applicant will not be eligible for the issuance or renewal of a compact committee license, the compact committee shall notify the applicant that it will not be able to process his application further. Such notification does not constitute and shall not be considered to be the denial of a license. Any such applicant shall have the right to present additional evidence to, and to be heard by, the compact committee, but the final decision on issuance or renewal of the license shall be made by the compact committee using the requirements established pursuant to paragraph 1 of this section.
4. Enter into contracts or agreements with governmental agencies and with nongovernmental persons to provide personal services for its activities and such other services as may be necessary to effectuate the purposes of this compact.
5. Create, appoint, and abolish those offices, employments, and positions, including an executive director, as it deems necessary for the purposes of this compact, prescribe their powers, duties and qualifications, hire persons to fill those offices, employments and positions, and provide for the removal, term, tenure, compensation, fringe benefits, retirement benefits and other conditions of employment of its officers, employees and other positions.
6. Borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association, corporation or other entity.
7. Acquire, hold, and dispose of real and personal property by gift, purchase, lease, license, or in other similar manner, in furtherance of the purposes of this compact.
8. Charge a fee to each applicant for an initial license or renewal of a license.
9. Receive other funds through gifts, grants and appropriations.

SECTION 8. Voting requirements.

- A. Each official shall be entitled to one (1) vote on the compact committee.

- B. All action taken by the compact committee with regard to the addition of party states as provided in Section 3, the licensure of participants in live racing, and the receipt and disbursement of funds shall require a majority vote of the total number of officials (or their alternates) on the committee. All other action by the compact committee shall require a majority vote of those officials (or their alternates) present and voting.
- C. No action of the compact committee may be taken unless a quorum is present. A majority of the officials (or their alternates) on the compact committee shall constitute a quorum.

SECTION 9. Administration and management.

- A. The compact committee shall elect annually from among its members a chairman, a vice chairman, and a secretary/treasurer.
- B. The compact committee shall adopt bylaws for the conduct of its business by a two-thirds (2/3) vote of the total number of officials (or their alternates) on the committee at that time and shall have the power by the same vote to amend and rescind these bylaws. The committee shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendments thereto with the Secretary of State or equivalent agency of each of the party states.
- C. The compact committee may delegate the day-to-day management and administration of its duties and responsibilities to an executive director and his support staff.
- D. Employees of the compact committee shall be considered governmental employees.

SECTION 10. Immunity from liability for performance of official responsibilities and duties.

No official of a party state or employee of the compact committee shall be held personally liable for any good faith act or omission that occurs during the performance and within the scope of his responsibilities and duties under this compact.

ARTICLE V

RIGHTS AND RESPONSIBILITIES OF EACH PARTY STATE

SECTION 11. Rights and responsibilities of each party state.

- A. By enacting this compact, each party state:
 - 1. Agrees (i) to accept the decisions of the compact committee regarding the issuance of compact committee licenses to participants in live racing pursuant to the committee's licensure requirements, and (ii) to reimburse or otherwise pay the expenses of its official representative on the compact committee or his alternate.
 - 2. Agrees not to treat a notification to an applicant by the compact committee under paragraph 3 of Section 7 that the compact committee will not be able to process his application further as the denial of a license, or to penalize such an applicant in any other way based solely on such a decision by the compact committee.
 - 3. Reserves the right (i) to charge a fee for the use of a compact committee license in that state, (ii) to apply its own standards in determining whether, on the facts of a particular case, a compact committee license should be suspended or revoked, (iii) to apply its own standards in determining licensure eligibility, under the laws of that party state, for categories of participants in live racing that the compact committee determines not to license and for individual participants in live racing who do not meet the licensure requirements of the compact committee, and (iv) to establish its own licensure standards for the licensure of nonracing employees at pari-mutuel racetracks and employees to separate satellite wagering facilities. Any party state that suspends or revokes a compact committee license shall, through its racing commission or the equivalent thereof or otherwise, promptly notify the compact committee of that suspension or revocation.
- B. No party state shall be held liable for the debts or other financial obligations incurred by the compact committee.

ARTICLE VI

SECTION 12. Construction and severability.

This compact shall be liberally construed so as to effectuate its purposes. The provisions of this compact shall be severable, and, if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution of the United States or of any party state, or the applicability of this compact to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If all or some portion of this compact is held to be contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

➔Section 476. KRS 230.377 is amended to read as follows:

- (1) Other provisions of the Kentucky Revised Statutes notwithstanding, a track may apply to the **racing commission**~~{authority}~~ for simulcasting and intertrack wagering dates. Applications shall be submitted in accordance with KRS 230.300. The **racing commission**~~{authority}~~ shall not approve the establishment or relocation of a receiving track within a radius of seventy-five (75) miles of a race track duly licensed as of July 15, 1992, without the prior written consent of the licensed track within whose seventy-five (75) mile radius the new receiving track would be located.
- (2) On or before November 1 of each year, the **racing commission**~~{authority}~~ shall meet and award intertrack wagering dates to all tracks for the entire succeeding calendar year. In a geographic area containing more than one (1) track within a fifty (50) mile radius of another track, intertrack wagering, except for quarter horse racing, shall be limited to simulcasting and wagering on racing of the same breed of horse as the receiving track was licensed to race on or before July 15, 1998.
- (3) The **racing commission**~~{authority}~~ shall approve no more than nine (9) tracks for participation in horse racing, intertrack wagering, and simulcasting. Any approval by the **racing commission**~~{authority}~~ of a change in location of these tracks shall be subject to the local-approval process contained in KRS 230.380.
- (4) A track may by administrative regulation be required to simulcast its races to one (1) or more receiving tracks approved for simulcasting and intertrack wagering, as a prerequisite for the issuance of a license pursuant to KRS 230.300, provided that:
 - (a) Each track shall be permitted to exempt one (1) day of racing from simulcasting to both receiving tracks and simulcast facilities, at its discretion;
 - (b) Tracks in a county containing a city of the first class or a consolidated local government and tracks in an urban-county government shall not be required to simulcast to each other or to any other facility in those counties. This provision shall not be construed as requiring tracks within the same county to simulcast to each other; and
 - (c) In the absence of a contract between a host track and a receiving track, the commission shall be split as provided for in KRS 230.378(3).
- (5) A track may receive simulcasts and conduct interstate wagering thereon subject to the following limitations which shall be in addition to the limitations set forth in KRS 230.3771:
 - (a) A track licensed to conduct thoroughbred racing may receive simulcasts and conduct interstate wagering on all thoroughbred horse races designated as graded stakes races by the Graded Stakes Committee of the Thoroughbred Owners and Breeders Association, Inc., without further consents or approvals.
 - (b) A track licensed to conduct harness racing may receive simulcasts and conduct interstate wagering on all harness horse races (both final and elimination) having a final purse in excess of seventy-five thousand dollars (\$75,000) without further consents or approvals.
 - (c) A track licensed to conduct quarter horse racing may receive simulcasts and conduct interstate wagering on all quarter horse races designated as graded stakes races by the graded stakes committee of the American Quarter Horse Association, without further consents or approvals.
 - (d) A track which applies to the **racing commission**~~{authority}~~ to receive an interstate race of a different breed than the breed for which it is licensed by the **racing commission**~~{authority}~~ shall receive any simulcast of an interstate race through the intertrack wagering system upon approval by the **racing commission**~~{authority}~~. Notwithstanding the foregoing, a track licensed to conduct horse racing may receive simulcasts and conduct interstate wagering on quarter horse races, subject to the limitations of KRS 230.3771.

- (e) A track may receive simulcasts of special event races conducted in other states or foreign countries which are determined by the ***rac***ing ***com***mission~~[authority]~~ to be of sufficient national or international significance or interest to warrant interstate wagering and if the simulcast of these races has been approved by the Kentucky Thoroughbred Owners and Breeders Association, Inc., the Kentucky Division of the Horseman's Benevolent and Protective Association, for thoroughbred races, and the Kentucky Harness Horsemen's Association for harness racing, and any track conducting live horse races of the same breed at the same time as the simulcast race.
- (f) A track may also receive simulcasts and conduct interstate wagering on thoroughbred horse races other than those described in paragraphs (a) and (e) of this subsection if the simulcast of these races has been approved by the Kentucky Thoroughbred Owners and Breeders Association, Inc., and the Kentucky Horsemen's Benevolent and Protective Association, for thoroughbred races, and the Kentucky Harness Horsemen's Association, or its successor, for harness racing.
- (g) The consent required by paragraph (f) of this subsection or by subsections (1)(g) and (2)(g) of KRS 230.3771 shall not be withheld:
 - 1. For any reason not specifically related to financial harm to live horse racing; or
 - 2. As a condition to the granting of any contractual or other concession not specifically related to the effects of interstate simulcasting on live horse racing in this Commonwealth, taken as a whole.
- (h) A host track located in this state may receive simulcasting of not more than two (2) full cards of racing from another state, if both tracks race horses of the same breed and if:
 - 1. The race date was previously granted by the Kentucky Horse Racing ***Com***mission~~[Authority]~~ to conduct live racing at the track located in this state;
 - 2. Live racing was canceled due to weather conditions; and
 - 3. The consent required by paragraph (e) of this subsection is obtained.
- (i) The in-state track receiving the simulcast specified in paragraph (h) of this subsection shall offer that simulcast to all participating tracks and simulcast facilities in the intertrack wagering system.
- (j) All interstate simulcasting shall be conducted in accordance with applicable federal laws.
- (6) The ***rac***ing ***com***mission~~[authority]~~ may promulgate necessary and reasonable administrative regulations for the purpose of administering the conduct of intertrack or interstate wagering and regulating the conditions under which wagering shall be held and conducted. Administrative regulations shall provide for the prevention of practices detrimental to the public interest and to impose penalties for violations. All administrative regulations shall be in conformity with the provisions of KRS Chapter 13A, KRS 138.510, and this chapter.

➔Section 477. KRS 230.3771 is amended to read as follows:

- (1) A thoroughbred track licensed to conduct thoroughbred racing may receive interstate simulcasts of thoroughbred horse races and quarter horse races, and conduct interstate wagering thereon, subject to the following limitations:
 - (a) A thoroughbred receiving track may receive interstate simulcasts of thoroughbred races and conduct interstate wagering thereon at any time of day and during any live thoroughbred horse race meet conducted in the Commonwealth of Kentucky so long as the thoroughbred receiving track conducting interstate wagering remits to the thoroughbred host track conducting a live meet, from the first awarded day of its live meet through the last awarded day of the same live meet, the amounts provided in paragraph (j) of this subsection.
 - (b) A thoroughbred host track which receives interstate simulcasts and conducts interstate wagering thereon during the period of time from the first awarded day of its live meet through the last awarded day of its live meet shall offer the simulcasts to all thoroughbred receiving tracks, all harness tracks not subject to the provisions of KRS 230.377(2), and all simulcast facilities through the intertrack wagering system.
 - (c) Except as otherwise prohibited by law, a receiving track shall conduct intertrack wagering on all live races of all thoroughbred host tracks on any day on which it receives an interstate simulcast for the purpose of conducting interstate wagering.

- (d) No host track shall require that any receiving track or simulcast facility receive the interstate simulcast.
- (e) If more than one (1) thoroughbred track conducts live racing at the same time on the same day, no track or simulcast facility may receive an interstate simulcast of thoroughbred races unless all thoroughbred tracks conducting live racing at the same time of day agree upon all interstate simulcasts to be received and the division of the thoroughbred host track's commission. If more than one (1) thoroughbred track conducts live racing at different times on the same day, the thoroughbred host track with the highest average daily handle, based on the preceding year, shall be the host track for purposes of splitting the commissions earned on interstate wagering at receiving tracks within the Commonwealth. For purposes of this subsection, average daily handle includes live handle, intertrack wagering handle, and simulcast facility handle. Also for purposes of this subsection, the time of day during which a host track conducts live racing commences with its first published post time and concludes ten (10) minutes after the published post time of its last race of the day, regardless of actual post times.
- (f) Each thoroughbred track which desires to conduct interstate wagering pursuant to the provisions of this subsection shall during each year make application to the **racing commission**~~authority~~ for no less than one hundred percent (100%) of the number of racing days awarded to the track in 1994 and one hundred percent (100%) of the number of races scheduled to be run by the track in 1993.
- (g) Notwithstanding paragraph (f) of this subsection, any thoroughbred track may apply for less than one hundred percent (100%) of the number of racing days awarded to the track in 1994 or one hundred percent (100%) of the number of races scheduled to be run by the track in 1993, if written approval is obtained from the Kentucky Horsemen's Benevolent and Protective Association and the Kentucky Thoroughbred Owners and Breeders Association, Inc.
- (h) A separate accounting on all interstate simulcasting shall be submitted to the **racing commission**~~authority~~. The accounting shall be submitted in the same format and at the same time that the report for intertrack wagering is submitted.
- (i) If the only simulcast or simulcasts a track participating as a host track makes available for interstate wagering through this state's intertrack wagering system on any race day are thoroughbred horse races designated as graded stakes races by the Graded Stakes Committee of the Thoroughbred Owners and Breeders Association, Inc., then the commission of the receiving track on these interstate wagers shall be split as prescribed by KRS 230.378(3); otherwise, the commission of the receiving track shall be split as prescribed by paragraph (j) of this subsection. Interstate simulcasts received by a thoroughbred host track under the conditions set forth in this paragraph shall not be subject to the conditions set forth in paragraphs (b), (c), (e), and (f) of this subsection.
- (j) A receiving track's commission on interstate wagering, after deduction of applicable taxes and any amounts required to be paid by contract to the track from which the interstate simulcast originated, shall be split as follows:
 - 1. Twenty-five percent (25%) to the receiving track where the interstate wagering occurs;
 - 2. Twenty-five percent (25%) to the thoroughbred host track designated by paragraphs (a) and (e) of this subsection. However, if the race does not occur between the first awarded day of a live meet and the last awarded day of the same live meet, an additional twenty-five percent (25%) shall be retained by the receiving track where the interstate wagering occurs;
 - 3. Twenty-five percent (25%) to the purse program of the receiving track where the interstate wagering occurs; and
 - 4. Twenty-five percent (25%) to the purse program of the thoroughbred host track designated by paragraphs (a) and (e) of this subsection. However, if the race does not occur between the first awarded day of a live meet and the last awarded day of the same live meet, then an additional twenty-five percent (25%) shall be paid to the purse program of the receiving track where the interstate wagering occurs.
- (k) A simulcast facility's commission on interstate wagering on thoroughbred racing, after deduction of applicable taxes and any amounts required to be paid by contract to the track from which the interstate simulcast originated, shall be split as provided in KRS 230.380(9).

- (2) A harness track licensed to conduct harness racing may receive interstate simulcasts of harness horse races and conduct interstate wagering thereon subject to the following limitations:
- (a) A harness receiving track may receive interstate simulcasts of harness races and quarter horse races, and conduct interstate wagering thereon at any time of day and during the course of any live harness horse race meet conducted in the Commonwealth of Kentucky so long as the harness receiving track conducting interstate wagering remits to the harness host track conducting a live meet, from the first awarded day of its live meet through the last awarded day of the same live meet, the amounts provided in paragraph (j) of this subsection.
 - (b) A harness host track which receives an interstate simulcast and conducts interstate wagering thereon during its live race meet shall offer the simulcasts to all thoroughbred receiving tracks not subject to the provisions of KRS 230.377(2), all harness tracks, and all simulcast facilities through the intertrack wagering system.
 - (c) Except as otherwise prohibited by law, a harness receiving track or a simulcast facility shall conduct intertrack wagering on all live races of a harness host track on any day it receives an interstate simulcast from a harness host track.
 - (d) No host track shall require that any receiving track or simulcast facility receive the interstate simulcast.
 - (e) If more than one (1) harness track conducts live racing at the same time on the same day, no track or simulcast facility may receive an interstate simulcast on harness races unless all harness tracks conducting live racing at that time of day agree upon the interstate simulcast to be received and the division of the harness host track's commission. If more than one (1) harness track conducts live racing at different times on the same day, the harness host track with the highest average daily handle, based on the preceding year, shall be the host track for purposes of splitting the commissions earned on interstate wagering at receiving tracks within the Commonwealth. For purposes of this subsection, average daily handle includes live handle, intertrack wagering handle, and simulcast facility handle. Also for purposes of this subsection, the time of day during which a host track conducts live racing commences with its first published post time and conclude ten (10) minutes after the published post time of its last race of the day, regardless of actual post times.
 - (f) Each harness track which desires to conduct interstate wagering pursuant to the provisions of this subsection shall during each year make application to the **racine commission**~~authority~~ for no less than one hundred percent (100%) of the number of racing days awarded to the track in 1994 and one hundred percent (100%) of the number of races scheduled to be run by the track in 1993.
 - (g) Notwithstanding paragraph (f) of this subsection, any harness track may apply for less than one hundred percent (100%) of the number of racing days awarded to the track in 1994 or one hundred percent (100%) of the number of races scheduled to be run by the track in 1993, if written approval is obtained from the Kentucky Harness Horsemen's Association, or its successor.
 - (h) A separate accounting on all interstate simulcasting shall be submitted to the **racine commission**~~authority~~. This accounting shall be submitted in the same format and at the same time that the report for intertrack wagering is submitted.
 - (i) If the only simulcast or simulcasts a track participating as a harness host track makes available for interstate wagering through this state's intertrack wagering system on any race day are harness horse races (both final and elimination) having a final purse in excess of seventy-five thousand dollars (\$75,000), then the commission of the receiving track on these interstate wagers shall be split as prescribed by KRS 230.378(3); otherwise, the commission of the receiving track shall be split as prescribed by paragraph (j) of this subsection. Interstate simulcasts received by a harness host track under the conditions set forth in this paragraph shall not be subject to the conditions set forth in paragraphs (b), (c), (e), and (f) of this subsection.
 - (j) A receiving track's commission on interstate wagering, after deduction of applicable taxes and any amounts required to be paid by contract to the track from which the interstate simulcast originated, shall be split as follows:
 - 1. Twenty-five percent (25%) to the receiving track where the interstate wagering occurs;

2. Twenty-five percent (25%) to the harness host track designated by paragraphs (a) and (e) of this subsection. However, if no live meet is occurring, an additional twenty-five percent (25%) shall be retained by the receiving track where the interstate wagering occurs;
 3. Twenty-five percent (25%) to the purse program of the receiving track where the interstate wagering occurs; and
 4. Twenty-five percent (25%) to the purse program of the harness host track designated by paragraphs (a) and (e) of this subsection. However, if no live meet is occurring, an additional twenty-five percent (25%) shall be paid to the purse program of the receiving track where the interstate wagering occurs.
- (k) A simulcast facility's commission on interstate wagering on harness races, after deduction of applicable taxes and any amount required to be paid by contract to the track from which the interstate simulcast originated, shall be split as provided in KRS 230.380(9).
- (3) A harness track may only receive interstate simulcasts of thoroughbred horse races and conduct interstate wagering thereon as provided in subsection (1)(b) of this section.  2. Twenty-five percent (25%) to the host track; and
 3. Fifty percent (50%) to the quarter horse purse program within this state, to be allocated by the American Quarter Horse Association or its successor to supplement purses for quarter horse races in this state.
- (5) (a) A harness track licensed to conduct horse racing may receive interstate simulcasts of quarter horse races and conduct interstate wagering thereon, subject to the limitations stated in paragraphs (b) and (c) of this subsection.
- (b) A receiving track's commission on interstate wagering, after deduction of applicable taxes and any amounts required to be paid by contract to the track from which the interstate simulcast originated, shall be split as follows:

➔Section 478. KRS 230.3773 is amended to read as follows:

- (1) As used in this section, "interstate common wagering pool" means a pari-mutuel pool established in one (1) horse racing jurisdiction that is combined with comparable pari-mutuel pools from at least one (1) horse racing jurisdiction for the purpose of establishing payoff prices in the various jurisdictions.
- (2) Interstate wagers at a receiving track may form an interstate common wagering pool with wagers at a track in another jurisdiction, and the receiving track may adopt the commission and breakage rates of the track at which the race is being run. The **racine commission**~~authority~~ may also approve types of wagering, distribution of winnings, and rules of racing for interstate common wagering pools that are different from those that normally apply in Kentucky.
- (3) Wagers placed on any races run at track in Kentucky may be combined with wagers placed at tracks in other jurisdictions to form an interstate common wagering pool located either within or outside Kentucky.
- (4) A track's participation in an interstate common wagering pool does not cause that track to be considered to be doing business in any jurisdiction other than the jurisdiction where the track is physically located. Excise taxes and commission rates may not be imposed on any interstate common wagering pool other than on amounts actually wagered in Kentucky. The combination of pari-mutuel pools as provided in this section constitutes the communication of wagering information for purposes of calculating odds and payoffs only and does not constitute the transfer of wagers in interstate commerce.

➔Section 479. KRS 230.378 is amended to read as follows:

- (1) A receiving track may accept wagers only at the track where it is licensed to conduct its race meeting or conduct intertrack wagering. A receiving track may accept wagers through a telephone account wagering system. Wagers at a receiving track, simulcast facility, or on telephone account wagering shall form a common pool with wagers at a host track. This common pool requirement shall not apply to wagers made in connection with interstate simulcasting pursuant to KRS 230.3771; however, common pools shall be encouraged.
- (2) Except as provided in KRS 230.3771(2), the commission of a receiving track, simulcast facility, or on telephone account wagering shall be the same as the commission of the host track as determined in KRS 230.3615 or 230.750.
- (3) In the absence of a valid contract with a horsemen's organization, the commission of a receiving track, after deduction of applicable taxes and other applicable deductions, shall be split as follows: twenty-two percent (22%) to the host track, twenty-two percent (22%) to the purse program at the host track, twenty-two percent (22%) to the receiving track and twenty-two percent (22%) to the purse program at the receiving track. Twelve percent (12%) of the commission shall be allocated evenly between the host track and the receiving track to cover the cost of simulcasting, unless otherwise agreed to by contract.
- (4) The deduction for the backside improvement fund, as provided for in KRS 230.3615(4) shall not apply to the commission or pari-mutuel tax of a receiving track or telephone account wagering.
- (5) A receiving track shall be exempt from the admissions tax levied in KRS 138.480 and from any license fee imposed by statute or regulation by the **racine commission**~~authority~~.

➔Section 480. KRS 230.379 is amended to read as follows:

- (1) A track may engage in telephone account wagering, if all moneys used to place telephone account wagers are on deposit in an amount sufficient to cover the wagers at the track where the account is opened. All moneys wagered by telephone account wagering shall be subject to the applicable pari-mutuel tax levied in KRS 138.510 and shall form a common pool with other pari-mutuel pools at the track for each posted race. The **racine commission**~~authority~~ shall have authority to promulgate necessary and reasonable administrative regulations to regulate the conduct of telephone account wagering, including regulations for the deposit of funds by credit or debit cards or other means of electronic funds transfer.
- (2) A track shall accept and tabulate a telephone account wager only from the holder of a telephone wagering account. No person shall directly or indirectly act as an intermediary, transmitter, or agent in the placing of wagers for a holder of a telephone wagering account. No person shall in any manner place a wager through telephone account wagering, on behalf of a holder of a telephone wagering account. Only the holder of a telephone wagering account shall place a telephone wager. Any person violating this subsection shall be guilty of a Class A misdemeanor.
- (3) Telephone account wagering conducted in accordance with the provisions of this section shall not be considered a violation of KRS 528.110.

➔Section 481. KRS 230.380 is amended to read as follows:

- (1) Any track licensed by the **racing commission**~~{authority}~~ to conduct horse racing and desiring to establish a simulcast facility shall apply for and may receive approval from the **racing commission**~~{authority}~~ for each simulcast facility. Prior to considering an application for approval of a simulcast facility, the **racing commission**~~{authority}~~ shall notify by regular mail, each state senator, state representative, county judge/executive, and mayor in the jurisdiction in which the proposed simulcast facility is located, at least ten (10) days in advance of the **racing commission**~~{authority}~~ meeting at which the application is to be considered or voted upon. Consideration of an application shall be based on criteria contained in administrative regulations promulgated under KRS 230.300. Approval, if granted, shall be granted for a term of one (1) calendar year.
- (2) A track or tracks may proceed with the establishment of a simulcast facility unless, within sixty (60) days of the date on which the **racing commission**~~{authority}~~ approved the facility, the governing body of the local government jurisdiction in which the facility is to be located votes, by simple majority of those voting, to disapprove the establishment of the simulcast facility. For the purposes of this section, "governing body" means, in an incorporated area, the board of aldermen, city council or board of commissioners; in a county, the fiscal court; in an urban-county government, the urban-county council, or in a charter county, the legislative body created in accordance with KRS 67.825 to 67.875.
- (3) The **racing commission**~~{authority}~~ shall not approve the establishment of any simulcast facility within a radius of fifty (50) miles of a licensed track. The **racing commission**~~{authority}~~ may approve the establishment of one (1) simulcast facility within a radius of greater than fifty (50) miles but less than seventy-five (75) miles of a licensed track, but the facility shall not be approved to operate without the prior written consent of the licensed track within whose seventy-five (75) mile radius the facility is located.
- (4) The **racing commission**~~{authority}~~ may promulgate administrative regulations as it deems appropriate to protect the integrity of pari-mutuel wagering at any simulcast facility.
- (5) Licensed tracks conducting horse racing may enter into joint agreements to establish or operate one (1) or more simulcast facilities, on terms and conditions as the participating tracks may determine. Any agreements respecting these arrangements shall be filed with the **racing commission**~~{authority}~~, and applications for simulcast facilities shall be filed by and licenses may be issued to, these licensed tracks by the **racing commission**~~{authority}~~.
- (6) A simulcast facility may be established and operated on property that is owned or leased and which is not used solely for the operation of a simulcast facility; provided however, that a simulcast facility may not be established on the premises of a lottery vendor.
- (7) A simulcast facility shall not be subject to and shall not pay any excise tax imposed pursuant to KRS 138.510, any license tax imposed under KRS 137.170, or any admission tax imposed under KRS 138.480.
- (8) One percent (1%) of all moneys wagered at a simulcast facility shall be dedicated for local economic development and shall be allocated as follows:
 - (a) If a simulcast facility is located in an incorporated area, seventy-five percent (75%) shall be allocated to the governing body of the city in which the facility is located, and twenty-five percent (25%) to the governing body of the county in which the facility is located.
 - (b) If a simulcast facility is located in an unincorporated area, all moneys shall be allocated to the governing body of the county or charter county in which the facility is located.
- (9) (a) After the deduction of moneys under subsection (8), simulcast facility shall deduct a commission allowed under KRS 230.3615 with respect to all wagers made at the simulcast facility. The commission, less moneys allocated in subsection (8) of this section, shall be split as follows:
 1. Thirty percent (30%) shall be allocated to the host track;
 2. Forty-six and one-half percent (46.5%) to the purse program at the host track;
 3. Thirteen and one-half percent (13.5%) to be retained by the track or tracks owning the simulcast facility for the purpose of application to expenses incurred in connection therewith;

4. Six percent (6%) to be allocated to the Kentucky Thoroughbred Owners and Breeders, Inc., to be expended as follows:
 - a. Up to three percent (3%) for capital improvements and promotion of off-track betting; and
 - b. The remainder for marketing and promoting the Kentucky thoroughbred industry; and
5. Four percent (4%) to be allocated to the **racing commission**~~[authority]~~ to be used for purses at county fairs in Kentucky licensed and approved by the **racing commission**~~[authority]~~, and for the standardbred sires stakes program established under KRS 230.770.
 - (b) The commission of a simulcast facility derived from interstate wagering shall be reduced by any amounts required to be paid by contract to the host track or track conducting the live race before it is divided as set forth in this section. No simulcast facility may receive any interstate simulcast except with the approval of the live Kentucky host track.
 - (c) The Kentucky Thoroughbred Owners and Breeders, Inc., shall annually report to the **racing commission**~~[authority]~~ on all money expended in accordance with subsection (9)(a)4. of this section. The report shall be in the form required, and provide all information required by the **racing commission**~~[authority]~~.
- (10) Subsections (1) and (2) of this section shall also apply to the establishment by a track of a noncontiguous facility in a county in which pari-mutuel racing and wagering is not being conducted. Subsection (8) of this section shall also apply to a noncontiguous race track facility referenced in this subsection, unless there is a written agreement to the contrary between the track establishing the facility and the governing body of the local government jurisdiction in which the facility is to be established.

The **racing commission**~~[authority]~~ shall have the authority to promulgate administrative regulations as may be necessary for the conduct of these races.

➔Section 483. KRS 230.400 is amended to read as follows:

Money to the credit of the Kentucky thoroughbred development fund shall be distributed by the Treasurer for the purposes of this section upon authorization of the Kentucky Horse Racing **Commission**~~[Authority]~~ and upon approval of the secretary of the Finance and Administration Cabinet. Money from the Kentucky thoroughbred development fund shall be allocated to each licensed association in an amount equal to the amount the association contributed to the fund. However, at no time shall a charitable organization's total limitations under this subsection exceed twenty-five thousand dollars (\$25,000).

- (2) Any charitable organization exempt from the process of applying for a license under subsection (1) of this section, shall notify the *department*~~{office}~~ in writing, on a simple form issued by the *department*~~{office}~~, of its intent to engage in exempt charitable gaming and the address at which the gaming is to occur. Any charitable

This report shall be filed on a form issued by the *department{office}*. Upon receipt of the yearly financial report, the *department{office}* shall notify the charitable organization submitting it that its exemption is renewed for the next year. If the *department{office}* determines that information appearing on the financial report renders the charitable organization ineligible to possess an exemption, the *department{office}* shall revoke the exemption. The organization may request an appeal of this revocation pursuant to KRS 238.565. If an exemption is revoked because an organization has exceeded the limit imposed in subsection (1) of this section, the organization shall apply for a retroactive license in accordance with subsection (3) of this section.

- (3) If an organization exceeds the limit imposed by any subsection of this section it shall:
 - (a) Report the amount to the *department{office}*; and
 - (b) Apply for a retroactive charitable gaming license.
- (4) Upon receipt of a report and application for a retroactive charitable gaming license, the *department{office}* shall investigate to determine if the organization is otherwise qualified to hold the license.
- (5) If the *department{office}* determines that the applicant is qualified, it shall issue a charitable gaming license retroactive to the date on which the exemption limit was exceeded. The retroactive charitable gaming license shall be issued in the same manner as regular charitable gaming licenses.
- (6) If the *department{office}* determines that the applicant is not qualified it shall deny the license and take enforcement action, if appropriate.
- (7) Once a retroactive or regular gaming license is issued to an organization, that organization shall not be eligible for exempt status in the future and shall maintain a charitable gaming license if it intends to continue charitable gaming activities, unless the charitable organization has not exceeded the exemption limitations of subsection (1) of this section for a period of two (2) years prior to its exemption request.
- (8) In order to qualify for licensure, a charitable organization shall:
 - (a)
 1. Possess a tax exempt status under 26 U.S.C. secs. 501(c)(3), 501(c)(4), 501(c)(8), 501(c)(10), or 501(c)(19), or be covered under a group ruling issued by the Internal Revenue Service under authority of those sections; or
 2. Be organized within the Commonwealth of Kentucky as a common school as defined in KRS 158.030, as an institution of higher education as defined in KRS 164A.305, or as a state college or university as provided for in KRS 164.290;

However, a charitable organization that has established and maintained an office or place of business in the county for a period of at least one (1) year may hold a raffle drawing or a charity fundraising event, including special limited charity fundraising events, in a Kentucky county other than that in which the organization's office or place of business is located. For raffles, the organization shall notify the ~~Department~~~~Office~~ of Charitable Gaming in writing of the organization's intent to change the drawing's location at least thirty (30) days before the drawing takes place. This written notification may be transmitted in any commercially reasonable means, authorized by the ~~department~~~~office~~, including facsimile and electronic mail. The notification shall set out the place and the county in which the drawing will take place. Approval by the ~~department~~~~office~~ shall be received prior to the conduct of the raffle drawing at the new location. Any charitable organization that was registered with the county clerk to conduct charitable gaming in a county on or before March 31, 1992, shall satisfy this requirement if it maintained a place of business or operation, other than for the conduct of charitable gaming, for one (1) year prior to application in a Kentucky county adjoining the county in which they were registered. Any licensed charitable organization that qualifies to conduct charitable gaming in an adjoining county under this paragraph, shall be permitted to conduct in its county of residence a charity fundraising event.
- (9) In applying for a license, the information to be submitted shall include but not be limited to the following:

 - (j) A statement signed by the presiding or other responsible officer of the charitable organization attesting that the information submitted in the application is true and correct and that the organization agrees to comply with all applicable laws and administrative regulations regarding charitable gaming;
 - (k) An agreement that the charitable organization's records may be released by the Federal Internal Revenue Service to the *department*~~{office}~~; and
 - (l) Any other information the *department*~~{office}~~ deems appropriate.
- (10) An organization or a group of individuals that does not meet the licensing requirements of subsection (8) of this section may hold a raffle if the gross receipts do not exceed one hundred fifty dollars (\$150) and all proceeds from the raffle are distributed to a charitable organization. The organization or group of individuals may hold up to three (3) raffles each year, and shall be exempt from complying with the notification, application, and reporting requirements of subsections (2) and (9) of this section.
- (11) The *department*~~{office}~~ may issue a license for a specified period of time, based on the type of charitable gaming involved and the desired duration of the activity.
- (12) The *department*~~{office}~~ shall charge a fee for each license issued and renewed, not to exceed three hundred dollars (\$300). - 1. The licensee notifies the *department*~~{office}~~ in writing that it desires to place its license in escrow; and
 - 2. The license is in good standing and the *department*~~{office}~~ has not initiated disciplinary action against the licensee.
- (b) During the escrow period, the licensee shall not engage in charitable gaming, and the escrow period shall not be included in calculating the licensee's retention rate under KRS 238.536.
- (c) A charitable organization may apply for reinstatement of its active license and the license shall be reinstated provided:
- 1. The charitable organization continues to qualify for licensure;

The new rate shall be calculated by multiplying one hundred ten percent (110%) by the amount determined in paragraph (a)2. of this subsection, and subtracting from that amount one-half (1/2) of any remaining balance in the account. ➔Section 665. KRS 286.4-560 is amended to read as follows:

Notwithstanding the provisions of this or any other law:

- (1) A licensee may request a borrower to insure tangible personal property, except household goods, offered as security for a loan exceeding three hundred dollars (\$300) under this subtitle against any substantial risk of loss, damage, or destruction for an amount not to exceed the actual value of such property or the approximate amount of the loan, whichever is greater, and for a term and upon conditions which are reasonable and appropriate considering the nature of the property and the maturity and other circumstances of the loan; provided such insurance is sold by a licensed agent, broker, or solicitor.
- (2) A licensee may also request, provide, obtain, or take as security for any loan obligation insurance on the life, unemployment, health, or disability, or all, of the borrower, or two (2) of them if there are two (2) or more. Life insurance shall be in the approximate amount of the indebtedness scheduled to be due the licensee under the loan contract. Not more than one (1) policy of life insurance may be written in connection with any loan transaction under this subtitle. commissioner~~{executive director}~~ of insurance. The **commissioner**~~{executive director}~~ of insurance shall, within thirty (30) days after the filing of any premium rate, disapprove such premium rate if it is excessive in relation to the benefits. In determining whether to approve or disapprove any premium rate, the **commissioner**~~{executive director}~~ of insurance shall give due consideration to the unemployment, mortality, and morbidity costs with respect to such insurance on borrowers under this subtitle or similar acts in other states, a reasonable margin for underwriting expenses and profit and contingencies to the insurer, and cost and compensation to the licensees for providing and servicing such insurance, plus the premium taxes payable on such insurance.

- (3) In accepting any insurance provided for by this section as security for a loan the licensee, its officers, agents, or employees may deduct the premiums or identifiable charge therefor from the proceeds of the loan, which premium or identifiable charge shall not exceed the rate filed with the **commissioner**~~{executive director}~~ of insurance and not disapproved and remit such premiums to the insurance company writing such insurance and any gain or advantage to the licensee or any employee, officer, director, agent, affiliate, or associate from such insurance or its sale shall not be considered as additional or further charge in connection with any loan made under this subtitle. The arranging for and collecting of an identifiable charge shall not be deemed the sale of insurance.
- (4) Every insurance policy or certificate written in connection with a loan transaction pursuant to subsection (2) of this section shall provide for cancellation of coverage and a refund of the premium or identifiable charge unearned upon the discharge of the loan obligation for which such insurance is security without prejudice to any claim. Such refund shall be under a formula filed by the insurer with the **commissioner**~~{executive director}~~ of insurance.
- (5) Whenever insurance is written in connection with a loan transaction pursuant to this section the licensee shall deliver or cause to be delivered to the borrower a policy, certificate, or other memorandum which shall show the coverages and the cost thereof, if any, to the borrower within thirty (30) days from the date of the loan.
- (6) All such insurance shall be written by a company authorized to conduct such business in this state and the licensee shall not require the purchase of such insurance from any agent or broker designated by the licensee nor shall the licensee decline existing coverages which equal or exceed the standards of this section.

➔Section 666. KRS 286.4-590 is amended to read as follows:

Each licensee shall annually on or before January 30, file with the **commissioner**~~{executive director}~~ a report for the preceding calendar year. Each licensee shall keep and use in his *or her* business and shall preserve for at least two (2) years after making the final entry therein, such books, accounts, records, or card systems in accordance with sound accounting principles and practices to enable the **commissioner**~~{executive director}~~ to determine whether the licensee is complying with the provisions of this subtitle, and with the regulations made pursuant thereto, and for at least three (3) years on loans secured by residential property.

➔Section 668. KRS 286.4-610 is amended to read as follows:

- (1) The provisions of this subtitle shall be enforced by the **commissioner**~~{executive director}~~, who may, after notice to licensees and a hearing, promulgate regulations, referenced to the section or sections which set forth the legislative standards they interpret or apply, for the proper conduct of the business licensed under this subtitle. All regulations of general application shall state the date of promulgation and the effective date. A copy of every such regulation shall be sent to all licensees before the effective date thereof and a copy shall be kept in an indexed permanent book in the office of the **commissioner**~~{executive director}~~ as a public record.
- (2) The **commissioner**~~{executive director}~~ shall make an annual examination of the affairs, business, office, and records of every licensee, and such further examinations or investigations as *the commissioner*~~{he}~~ deems necessary for the purpose of discovering violations of this subtitle or of securing information necessary for its

proper enforcement. Every licensee shall pay a fee sufficient to cover the cost of each examination based upon fair compensation for time and actual expenses.

- (3) For the purpose of making such examinations or investigations the **commissioner**~~{executive director}~~ and his **or her** representatives may require the attendance of and examine under oath all persons whose testimony he **or she** may require, relative to the loans or business of any such licensee, and shall have free access to the accounts, papers, records, files, safes, vaults, offices, and places of business used in connection with any business conducted under any license issued in accordance with this subtitle.

➔Section 671. KRS 286.4-630 is amended to read as follows:

In addition to any other available remedy, any person considering himself aggrieved by any act or omission of the **commissioner**~~{executive director}~~ may, within thirty (30) days from the date of such act or failure to act, bring an action in the Circuit Court in and for Franklin County to review such act or omission. The **commissioner**~~{executive director}~~ shall then inquire into the advisability of approving the application by investigating:
 - (a) The moral character and the financial responsibility of the incorporators and the principles of the applicant.
 - (b) The public necessity of such an association in the community to be served, and

In so doing he shall determine whether or not the savings and loan association can be established without undue injury to properly conducted existing savings and loan associations, in connection with which the incorporators and principals shall furnish such information as they may desire and as the **commissioner**~~{executive director}~~ may require.

- (2) (a) No person, unless lawfully authorized to do business in this state under the provisions of this subtitle, and is actually engaged in carrying on a savings and loan association business, shall do business under any name or title which contains the terms "savings association," "savings and loan association," "building and loan association," "building association," or any combination employing either or both of the words "building" or "loan" with one or more of the words "saving," "savings," "thrift," or words of similar import, or any combination employing one or more of the words "saving," "savings," "thrift," or words of similar import with one or more of the words "association," "institution," "society," "company," "corporation" or words of similar import, or use any name or sign or circulate or use any letterhead, billhead, circular or paper whatever, or advertise or represent in any manner which indicates or reasonably implies that his or its business is the character or kind of business carried on or transacted by an association or which is calculated to lead any person to believe that his or its business is that of an association.
- (b) Upon application by the **commissioner**~~[executive director]~~ or any association, a court of competent jurisdiction may issue an injunction to restrain any such entity from violating or continuing to violate any of the provisions of this subsection.
- (c) The prohibitions of this subsection shall not apply to any corporation or association formed for the purpose of promoting the interests of savings associations, the membership of which is comprised of savings associations, their officers or other representatives.
