- (d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers or employees for use by teachers or employees who have exhausted all sick leave and other available paid leave days; and

- (2) Each district board of education shall allow to each teacher and full-time employee in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher or employee if he or she presents a personal affidavit or a certificate of a physician stating that the teacher or employee was ill, that the teacher or employee was absent for the purpose of attending to a member of his or her immediate family who was ill, or for the purpose of mourning a member of his or her immediate family. The ten (10) days of sick leave granted in this subsection may be taken by a teacher or employee on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher or employee under the provisions of subsection (4) of this section.
- (3) A school district shall coordinate among the income and benefits from workers' compensation, temporary disability retirement, and district payroll and benefits so that there is no loss of income or benefits to a teacher or employee for work time lost because of an assault while performing the teacher's or employee's assigned duties for a period of up to one (1) year after the assault. In the event a teacher or employee suffers an assault while performing his or her assigned duties that results in injuries that qualify the teacher or employee for workers' compensation benefits, the district shall provide leave to the teacher or employee for up to one (1) year after the assault with no loss of income or benefits under the following conditions:
- (a) The district shall pay the salary of the teacher or employee between the time of the assault and the time the teacher's or employee's workers' compensation income benefits take effect, or the time the teacher or employee is certified to return to work by a physician or surgeon duly qualified under KRS Chapter 342, whichever is sooner;
  - (b) The district shall pay, for up to one (1) year from the time of the assault, the difference between the salary of the teacher or employee and any workers' compensation income benefits received by the teacher or employee resulting from the assault. Payments by the district shall include payments for intermittent work time missed as a result of the assault during the one (1) year period. If the teacher's or employee's workers' compensation income benefits cease during the one (1) year period after the assault, the district shall also cease to make payments under this paragraph;
  - (c) The Commonwealth, through the Kentucky Department of Education, shall make the employer's health insurance contribution during the period that the district makes payments under paragraphs (a) and (b) of this subsection;
  - (d) The Commonwealth, through the Kentucky Department of Education, shall make the employer's contribution to the retirement system in which the teacher or employee is a member during the period that the district makes payments under paragraphs (a) and (b) of this subsection; and
  - (e) Payments to a teacher or employee under paragraphs (a) and (b) of this subsection shall be coordinated with workers' compensation benefits under KRS Chapter 342, disability retirement benefits for teachers under KRS 161.661 to 161.663, and disability retirement benefits for employees under KRS 61.600 to 61.621 and 78.545 so that the teacher or employee receives income equivalent to his or her full contracted salary, but in no event shall the combined payments exceed one hundred percent (100%) of the teacher's or employee's full contracted salary.
- (4) Days of sick leave not taken by an employee or a teacher during any school year shall accumulate without limitation and be credited to that employee or teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow employees or teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). Any accumulated sick leave days credited to an employee or a teacher shall remain so credited in the event he or she transfers his or her place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district.

- (5) Accumulated days of sick leave shall be granted to a teacher or employee if, prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher or employee is unable to commence his or her duties on the opening day of the school year, but will be able to assume his or her duties within a period of time that the board determines to be reasonable.
- (6) Any school teacher or employee may repurchase previously used sick leave days with the concurrence of the local school board by paying to the district an amount equal to the total of all costs associated with the used sick leave.
- (7) A district board of education may adopt a plan for a sick leave bank. The plan may include limitations upon the number of days a teacher or employee may annually contribute to the bank and limitations upon the number of days a teacher or employee may annually draw from the bank. Only those teachers or employees who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher or employee. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.
- (8) (a) A district board of education shall establish a sick leave donation program to permit teachers or employees to voluntarily contribute sick leave to teachers or employees in the same school district who are in need of an extended absence from school. A teacher or employee who has accrued more than fifteen (15) days' sick leave may request the board of education to transfer a designated amount of sick leave to another teacher or employee who is authorized to receive the sick leave donated. A teacher or employee may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.
- (b) A teacher or employee may receive donations of sick leave if:
1. a. The teacher or employee or a member of his or her immediate family suffers from a medically certified illness, injury, impairment, or physical or mental condition that has caused or is likely to cause the teacher or employee to be absent for at least ten (10) days; or
  - b. The teacher or employee suffers from a catastrophic loss to his or her personal or real property, due to either a natural disaster or fire, that either has caused or will likely cause the employee to be absent for at least ten (10) consecutive working days;
  2. The teacher's or employee's need for the absence and use of leave are certified by a licensed physician for leave requested under subparagraph 1.a. of this subsection;
  3. The teacher or employee has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and
  4. The teacher or employee has complied with the school district's policies governing the use of sick leave.
- (c) While a teacher or employee is on sick leave provided by this section, he or she shall be considered a school district employee, and his or her salary, wages, and other employee benefits shall not be affected.
- (d) Any sick leave that remains unused, is not needed by a teacher or employee, and will not be needed in the future shall be returned to the teacher or employee donating the sick leave.
- (e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.
- (9) A teacher or employee may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.
- (10) (a) After July 1, 1982, a district board of education may compensate, at the time of retirement or upon the death of a member in active contributing status at the time of death who was eligible to retire by reason of service, an employee or a teacher, or the estate of an employee or teacher, for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%). Payment for unused sick leave days shall be incorporated into the annual salary of the final year of service for inclusion in the calculation of ~~only~~ the employee's or teacher's ~~initial~~ retirement allowance **only at the time of his or her initial retirement**; provided that the member makes the regular

retirement contribution for members on the sick leave payment. The accumulation of these days includes unused sick leave days held by the employee or teacher at the time of implementation of the program.

- (b) For a teacher or employee who begins employment with a local school district on or after July 1, 2008, the maximum amount of unused sick leave days a district board of education may recognize in calculating the payment of compensation to the teacher or employee under this subsection shall not exceed three hundred (300) days.
- (11) Any statute to the contrary notwithstanding, employees and teachers who transferred from the Department of Education to a school district, from a school district to the Department of Education, or from one (1) school district to another school district after July 15, 1981, shall receive credit for any unused sick leave to which the employee or teacher was entitled on the date of transfer. This credit shall be for the purposes set forth in subsection (10) of this section.
- (12) The death benefit provided in subsection (10) of this section may be cited as the Baughn Benefit.

Any beneficiary designation made by the member, *including the estate should the estate become the beneficiary by default*, shall remain in effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except in the event of subsequent marriage or divorce. Subsequent marriage by the member shall void the primary beneficiary and any cobeneficiary designation, *even that of a trust*, and the spouse of the member at death shall be considered as the primary beneficiary, unless the member subsequent to marriage designates another beneficiary. A final divorce decree shall terminate an ex-spouse's status as either primary beneficiary, cobeneficiary, or contingent beneficiary, unless subsequent to divorce the member redesignates the former spouse as primary beneficiary, cobeneficiary, or contingent beneficiary. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of a member's contributions to the retirement system as provided under KRS 161.470(7). A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust. Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system. The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section.   - (c) Payments authorized by statute that are made to retiring members, who became members of the system before July 1, 2008, for not more than sixty (60) days of unused accrued annual leave shall be considered as part of the member's annual compensation, and shall be used only for the member's final year of active service. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance. In the event a member is awarded a court-ordered back salary payment the employer shall deduct and remit the member contribution on the salary payment, plus interest to be paid by the employer, to the retirement system unless otherwise specified by the court order.
- (2) Each public board, institution, or agency listed in KRS 161.220(4) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the member contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). The picked-up member contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the member contribution, and the picked-up member contribution shall be in lieu of a member contribution. Each employer shall pay these picked-up member contributions from the same source of funds which is used to pay earnings to the member. The member shall have no option to receive

the contributed amounts directly instead of having them paid by the employer to the system. Member contributions picked-up after August 1, 1982, shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as member contributions made prior to August 1, 1982.

➔Section 8. KRS 161.585 is amended to read as follows:

- (1) ***For purposes of this section, the term "records" shall include retirement estimates, affidavits and other documents prepared by the Kentucky Teachers' Retirement system in response to information requested in a lawful subpoena or order issued by a court of law.***
- (2) Each member's account shall be administered in a confidential manner and specific data regarding a member shall not be released for publication unless authorized by the member; however, the board of trustees may release member account information to the employer or to other state and federal agencies as it deems necessary ***or in response to a lawful subpoena or order issued by a court of law.***
- ~~(3)~~~~(2)~~ Medical records which are included in a member's file maintained by the Teachers' Retirement System are confidential and shall not be released unless authorized by the member in writing or as otherwise provided by law ***or in response to a lawful subpoena or order issued by a court of law.***

- (4) (a) *When a subpoena is served upon any employee of the Kentucky Teachers' Retirement System requiring the production of any data, information or records, it is sufficient if the employee of the Kentucky Teachers' Retirement System charged with the responsibility of being custodian of the original, or his or her designated staff, delivers within five (5) working days by certified mail or by personal delivery to the person specified in the subpoena either of the following:*
1. *Legible and durable copies of records certified by the employee or designated staff; or*
  2. *An affidavit stating the information required by the subpoena.*
- (b) *The production of documents or an affidavit shall be in lieu of any personal testimony of any employee of the Kentucky Teachers' Retirement System unless, after the production of documents or affidavit, a separate subpoena is served upon the retirement system specifically directing the testimony of an employee of the retirement system. When a subpoena is served on any employee of the retirement system requiring the employee to give testimony or produce records for any purpose, in the absence of a court order requiring the testimony of or production of documents by a specific employee, the systems may designate an employee to give testimony or produce documents upon the matter referred to in the subpoena. The board of trustees may promulgate an administrative regulation for the recovery of reasonable travel and administrative expenses for those occasions when an employee of the retirement system is required to travel from his or her home or office to provide testimony or records. Recoverable expenses may include the wages, salary, and overtime paid to the employee by the retirement system for the period of time that the employee is away from the office. The cost of these expenses shall be borne by the party issuing the subpoena compelling the employee's travel. The board of trustees may also promulgate an administrative regulation establishing a reasonable fee for the copying, compiling and mailing of requested records.*
- (5) *The certification shall be signed before a notary public by the employee and shall include the full name of the member, the member identification number assigned to the member by the retirement system, and a legend substantially to the following effect: "The records are true and complete reproductions of the original, microfiched, or electronically stored records which are housed in the retirement system's office. This certification is given in lieu of the undersigned's personal appearance."*
- (6) *When an affidavit or copies of records are personally delivered, a receipt shall be presented to the person receiving the records for his or her signature and shall be immediately signed and returned to the person delivering the records. When an affidavit or copies of records are sent via certified mail, the receipt used by the postal authorities shall be sufficient to prove receipt of the affidavit or copies of records.*
- (7) *When the affidavit or copies of records are delivered to a party for use in deposition they shall, after termination of the deposition, be delivered personally or by certified mail to the clerk of the court or other body before which the action or proceeding is pending.*

- (9) *Records of the Kentucky Teachers' Retirement System that are susceptible to reproduction may be proved as to foundation, identity, and authenticity without preliminary testimony, by use of legible and durable copies, certified in accordance with the provisions of this section.*
- (10) *The provisions of this section shall not be construed to prohibit the Kentucky Teachers' Retirement System from asserting any exemption, exception or relief provided under the Kentucky Rules of Civil Procedure or other applicable law.*

➔Section 9. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

- (1) Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits

provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. Nonqualified service credit purchased under the provisions of KRS 161.5465 or elsewhere with any state-administered retirement system shall not be used to meet the thirty (30) year requirement set forth in this subsection. Out-of state teaching service provided in public schools for kindergarten through grade twelve (12) may count toward the thirty (30) year requirement set forth in this subsection even if it is not purchased as service credit, if the member obtains from his or her out-of-state employer certification of this service on forms prescribed by the retirement system;

- (2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered;
- (3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis;
- (4) Under this section, an employer may employ full-time a number of retired members not to exceed three percent (3%) of the membership actively employed full-time by that employer. The board of trustees may reduce this three percent (3%) cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the three percent (3%) cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by KRS 161.220(21). A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met. A district's written request to exceed its quota shall be submitted no sooner than two (2) weeks after the start of the school year;
- (5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will contribute to an account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account, or any other account from which the member is eligible to draw a retirement allowance. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under KRS 161.540. The new account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this new account shall be calculated pursuant to KRS 161.620(1)(b). This new account shall not entitle the member to a duplication of the benefits offered under KRS 161.620(7) or 161.675, nor shall this new account provide the benefits offered by KRS 161.520, 161.525, 161.620(3), 161.655, 161.661, or 161.663. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the

member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by KRS 161.470;

- (6) The board of trustees may annually, on July 1, adjust the current daily rate of a member's last annual compensation, for each full twelve (12) month period that has elapsed subsequent to the member earning his or her last annual compensation, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. Each annual adjustment shall become part of the member's daily rate base. Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations. Notwithstanding any other provision of law to the contrary, a member retiring from a local school district who returns to work for a local school district under subsection (1) or (2) of this section shall be entitled, without any reduction to his or her retirement allowance or any other retirement benefit, to earn a minimum amount equal to ***one hundred seventy dollars (\$170) per day***~~the base contract salary for a beginning Rank III teacher on the certified teachers' salary schedule effective at the school district for which the retiree returns to work~~;
- (7) (a) A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer.
- (b) As an alternative to the separation-from-service requirements in paragraph (a) of this subsection, a retired member who is returning to work for the same employer in a full-time position under subsections (1) and (2) of this section may elect a separation-from-service of not less than two (2) months followed by a forfeiture of the retired member's retirement allowance on a month-to-month basis for each month that the member has separated from service for less than twelve (12) full months. A retired member returning to work for the same employer in a part-time position, or for a different employer in a full-time position, may elect an alternative separation-from-service requirement of at least two (2) months followed by a forfeiture of the member's retirement allowance for one (1) month. During the period that the member forfeits his or her retirement allowance and thereafter, member and employer contributions shall be made to the retirement system as a result of employment in any position subject to membership in the retirement system. The member shall contribute to an account with the retirement system subject to the conditions set forth in subsection (5) of this section. For purposes of measuring the separation-from-service requirements set forth throughout this section, a member's separation-from-service begins on the first day following the last day of paid employment for the member prior to retirement.
- (c) Failure to comply with the separation-from-service requirements in this subsection voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service;
- (8) (a) Effective July 1, 2004, local school districts may employ retired members in full-time or part-time teaching or administrative positions without limitation on the compensation of the retired members that is otherwise required by subsections (1) and (2) of this section. Under provisions of this subsection, a local school district may only employ retired members to fill critical shortage positions for which there are no other qualified applicants as determined by the local superintendent. The number of retired members that a local school district may employ under this subsection shall be no more than two (2) members per local school district or one percent (1%) of the total active members employed by the local school district on a full-time basis as defined under KRS 161.220(21), whichever number is greater.

Retired members returning to work under this subsection shall be subject to the separation-from-service requirements set forth in subsection (7) of this section. Retired members returning to work under this subsection shall waive their medical insurance coverage with the retirement system during their period of reemployment and receive medical insurance coverage that is offered to other full-time members employed by the local school district. Retired members returning to work under this subsection shall contribute to an account subject to the conditions set forth in subsection (5) of this section. Retired members returning to work under this subsection shall make contributions to the retirement system at the rate provided under KRS 161.540. The employer shall make contributions at the rate provided under KRS 161.550. Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at the rates determined by the retirement system's actuary that reflect any accrued liability resulting from the reemployment of these members.

- (b) The Department of Education may employ retired members in full-time or part-time teaching or nonteaching positions without the limitations on compensation otherwise required by subsections (1) and (2) of this section to fill critical shortage areas in the schools it operates, including the Kentucky School for the Blind, the Kentucky School for the Deaf, and the Kentucky Virtual High School, *and* to serve on~~[scholastic] audit teams[, and to provide technical assistance to schools and districts required under federal law]~~. The department shall be subject to the same requirements as local school districts as provided in paragraph (a) of this subsection, except the Kentucky Teachers' Retirement System shall determine the maximum number of employees that may be employed under this paragraph;
- (9) The return to work limitations set forth in this section shall apply to retired members who are returning to work in the same position from which they retired, or a position substantially similar to the one from which they retired, or a position described in KRS 161.046 or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the return to work limitations set forth in this section. The board of trustees shall determine whether employment in a nonteaching position is subject to this subsection;
- (10) The provisions of subsections (1) to (8) of this section are not subject to KRS 161.714;
- (11) Any member retired by reason of service may waive his or her annuity and return to full-time employment in a position covered by the Kentucky Teachers' Retirement System under the following conditions:
  - (a) The member shall receive no annuity payments while employed in a covered position, shall waive his or her medical insurance coverage with the Kentucky Teachers' Retirement System during the period of reemployment, and shall receive the medical insurance coverage that is generally offered by the member's active employer to the other members of the retirement system employed by the active employer. The member's estate or, if there is a beneficiary applicably designated by the member, then the beneficiary, shall continue to be eligible for life insurance benefits as provided in KRS 161.655. Service subsequent to retirement shall not be used to improve an annuity, except as provided in paragraphs (b) and (c) of this subsection;
  - (b) Any member who waives regular annuity benefits and returns to teaching or covered employment shall be entitled to make contributions on the salaries received for this service and have his retirement annuity recalculated as provided in the regular retirement formula in KRS 161.620(1), less any applicable actuarial discount applied to the original retirement allowance due to the election of a joint and last survivor option. Retirement option and beneficiary designation on original retirement shall not be altered by postretirement employment, and dependents and spouses of the members shall not become eligible for benefits under KRS 161.520, 161.525, or 161.661 because of postretirement employment;
  - (c) When a member returns to full-time teaching or covered employment as provided in subsection (b) of this section, the employer is required to withhold and remit regular retirement contributions. The member must be employed full-time for at least one (1) consecutive contract year to be eligible to improve an annuity. The member shall be returned to the annuity rolls on July 1 following completion of the contract year or on the first day of the month following the month of termination of service if full-time employment exceeds one (1) consecutive contract year. Any discounts applied at the time of the original retirement due to service or age may be reduced or eliminated due to additional employment if full-time employment is for one (1) consecutive contract year or longer; and

- (d) A member retired by reason of service who has been employed the equivalent of twenty-five (25) days or more during a school year under KRS 161.605 may waive the member's retirement annuity and return to regular employment covered by the Kentucky Teachers' Retirement System during that school year a maximum of one (1) time during any five (5) year period, beginning with that school year;
- (12) Retired members may be employed in a part-time teaching capacity by an agency described in KRS 161.220(4)(b) or (n), not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year. Retired members may be employed for a period not to exceed the equivalent of one hundred (100) days in any one (1) fiscal year in a part-time administrative or nonteaching capacity by an agency described in KRS 161.220(4)(b) or (n) in a position that would otherwise be covered by the retirement system. The return to work provisions set forth in subsections (1) to (8) of this section shall not apply to retired members who return to work solely for an agency described in KRS 161.220(4)(b) or (n). Calculation of the number of days and teaching hours for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service. Any member who exceeds the twelve (12) hour or one hundred (100) day limitations of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding twelve (12) hours, one hundred (100) days, or any apportionment of the two (2) combined;
- (13) When a retired member returns to employment in a part-time teaching capacity or in a nonteaching capacity as provided in subsection (12) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for retired members who return to work under subsection (12) of this section; and
- (14) For retired members who return to work during any one (1) fiscal year in both a position described in KRS 161.220(4)(b) or (n) and in a position described under another provision under KRS 161.220(4), and for retired members who return to work in a position described under KRS 161.220(4)(b) or (n) in both a teaching and an administrative or nonteaching capacity, the board of trustees shall adopt a methodology for a pro rata apportionment of days and hours that the retired member may work in each position.

➔Section 10. KRS 161.620 is amended to read as follows:

- (1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:
- (a) For retirements effective July 1, 1998, and thereafter, except as otherwise provided by this section, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed by members of the Teachers' Retirement System who are members under the provisions of KRS 161.220(4)(b) or (n) shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section;

- (f) The retirement allowance of a member at retirement, as measured on a life annuity, shall not exceed the member's last yearly salary or the member's final average salary, whichever is the greater amount. For purposes of this section, "yearly salary" means the compensation earned by a member during the most recent period of contributing service, either consecutive or nonconsecutive, preceding the member's effective retirement date and shall be subject to the provisions of KRS 161.220(9) and (10).
- (2) Effective July 1, 2002, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option shall be increased in the amount of one and one-half percent (1.5%), provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase.
- (3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than four hundred dollars (\$400) effective July 1, 2002, and not less than four hundred forty dollars (\$440) effective July 1, 2003, multiplied by the service credit years of the member. members retiring on or subsequent to the effective dates listed in this subsection. This subsection and subsection (4) of this section shall not apply to individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2008.

- (4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.
- (5) Effective July 1, 2008, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed three and one-half percent (3.5%) of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2008-2010 biennium budget appropriation.
- (6) Effective July 1, 2009, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed seven-tenths of one percent (0.7%) of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.
- (8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code.
- (9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's retirement annuity. The limitation on compensation for eligible members shall not be less than the amount which was allowed to be taken into account by the retirement system in effect on July 1, 1993. For this purpose, an eligible member is an individual who was a member of the retirement system before the first plan year beginning after December 31, 1995.

➔Section 11. KRS 161.630 is amended to read as follows:

- (1) A member, upon retirement, shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under options which the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).
- (2) The retirement option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:
  - (a) A divorce, annulment, or marriage dissolution following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement that provides continuing benefits to a spousal beneficiary and return the retiree to a single lifetime benefit equivalent as determined by the board; or

- (b) Following marriage or remarriage, or the death of the designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of a single lifetime benefit at the time of the election, as determined by the board. The plan shall become effective the first of the month following receipt of an application on a form approved by the board.
- (3) Except as otherwise provided in this section, a beneficiary designation shall not be changed after the effective date of retirement except for retirees who elect the life annuity with refundable balance~~[option]~~ or the predetermined years certain and life thereafter option. A member may remove a beneficiary at any time, but shall not designate a substitute beneficiary. If a member elects to remove a beneficiary, the member's retirement allowance shall not change regardless of the retirement option selected by the member, even if the removed beneficiary predeceases the member.
- (4) A member who experiences a qualifying event under subsection (2) of this section and who elects a new optional plan of payment shall make that election within sixty (60) days of the qualifying event.

➔Section 12. KRS 161.655 is amended to read as follows:

- (1) Effective July 1, 2000, the Teachers' Retirement System shall:
  - (a) Provide a life insurance benefit in a minimum amount of five thousand dollars (\$5,000) for its members who are retired for service or disability. This life insurance benefit shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system; and
  - (b) Provide a life insurance benefit in a minimum amount of two thousand dollars (\$2,000) for its active contributing members. This life insurance benefit shall be payable upon the death of an active contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system.
- (2) The member may name one (1) primary and one (1) contingent beneficiary for receipt of the life insurance benefit. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of the life insurance benefit. Members may designate as beneficiaries only presently identifiable and existing individuals, or trusts where otherwise permitted, without contingency instructions, on forms prescribed by the retirement system. In the event that a member fails to designate a beneficiary, or all designated beneficiaries predecease the member, the member's estate shall be deemed to be the beneficiary. Any beneficiary designation made by the member, ***including the estate should the estate become the beneficiary by default***, shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent ***marriage or divorce. A valid marriage license shall terminate any previously designated beneficiary, even that of a trust, and establish the spouse as beneficiary unless, subsequent proof of the marriage, the member or retired member redesignates someone other than the new spouse as the beneficiary.*** A final divorce decree shall terminate the beneficiary status of an ex-spouse unless, subsequent to divorce, the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.
- (3) Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.
- (4) Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

➔Section 13. Whereas, retirement annuity adjustments are implemented at the beginning of the fiscal year, an emergency is declared to exist, and this Act takes effect July 1, 2010.
