CHAPTER 1

(SB 113)

AN ACT relating to elections and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. Notwithstanding the deadline established by 2013 (1st Extra. Sess.) Ky. Acts. ch. 1, sec. 141, and the prohibition on precinct modifications after the last date for filing notification and declaration forms in KRS 117.055(3), county boards of elections may create, divide, abolish, consolidate, or change the boundaries of election precincts consistent with Section 2 of this Act.

➔Section 2. The State Board of Elections is authorized to:

- (1) Review any precinct establishment order submitted by a county on or before January 28, 2014;
- (2) Request and receive any supplemental materials from the county to complete the review or to correct any errors found in the review; and
- (3) Approve any previously submitted precinct establishment order that meets the statutory requirements found in KRS 117.055 to 117.058 no later than the close of business on February 28, 2014.

➔Section 3. The extension of time in this Act shall not affect any other dates relating to elections in 2014 or subsequent years.

➔Section 4. It is the intent of the General Assembly to make the provisions of this Act apply retroactively, and any action taken by the State Board of Elections to review and approve precinct establishment orders submitted by a county on or before January 28, 2014, during the period of time between January 28, 2014, and the effective date of this Act, shall not affect the validity of any precinct establishment order.

➔Section 5. Whereas county boards of elections, candidates, and voters need to know the boundaries of all county election precinct boundaries as soon as possible to prepare for the 2014 primary, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

Signed by Governor February 13, 2014.

CHAPTER 2

(SB 7)

AN ACT relating to nurses.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔SECTION 1. A NEW SECTION OF KRS CHAPTER 314 IS CREATED TO READ AS FOLLOWS:

- (1) *There is hereby established the Collaborative Prescribing Agreement Joint Advisory Committee, designed to serve in an advisory role regarding the "Collaborative Agreement for the Advanced Practice Registered Nurse's Prescriptive Authority for Nonscheduled Legend Drugs" (CAPA-NS), as authorized under subsection (8) of Section 2 of this Act. The committee shall be composed of six (6) members selected as follows:*
 - (a) *Three (3) members shall be advanced practice registered nurses who currently prescribe nonscheduled legend drugs, each appointed by the Kentucky Board of Nursing; and*
 - (b) *Three (3) members shall be physicians who currently have or previously had a signed CAPA-NS with an advanced practice registered nurse who prescribes nonscheduled legend drugs, each appointed by the Kentucky Board of Medical Licensure.*
- (2) *The committee may make recommendations to the Kentucky Board of Nursing and the Kentucky Board of Medical Licensure about the CAPA-NS agreements and shall perform other duties as required by this section. The committee may recommend a common CAPA-NS form for use by all advanced practice registered nurses and all physicians in Kentucky who enter into a CAPA-NS. The common CAPA-NS form shall only be required for CAPA-NS agreements if both the Kentucky Board of Nursing and the Kentucky*

Board of Medical Licensure approve the same version of the common CAPA-NS form. If those boards do not both approve the same version of the common CAPA-NS form, advanced practice registered nurses and physicians may use their own CAPA-NS forms as authorized by Section 2 of this Act.

- (3) (a) *An advanced practice registered nurse may request assistance from the committee and the Kentucky Board of Nursing to identify any physicians who are available to enter into the CAPA-NS in a non-emergency situation if the advanced practice registered nurse is not able to locate a physician to sign a CAPA-NS.*

(b) *If the committee and the Kentucky Board of Nursing receive a request from an advanced practice registered nurse under this subsection, both shall immediately forward the request to the Kentucky Board of Medical Licensure, which shall provide the committee and the Kentucky Board of Nursing with the names, contact information, and any fee requirements provided by any physicians who are available to enter into the CAPA-NS. The Kentucky Board of Nursing and the committee shall make those physician names, contact information, and any fee requirements available to the requesting advanced practice registered nurse.*

(c) *Beginning from the date the requesting advanced practice registered nurse first receives the physician information, whether from the committee or the Kentucky Board of Nursing, the requesting advanced practice registered nurse shall have sixty (60) days to sign a CAPA-NS agreement with a physician. If the requesting advanced practice registered nurse is unable to sign a CAPA-NS within the sixty (60) days, the committee shall furnish the requesting advanced practice registered nurse with a physician to sign a CAPA-NS. The physician shall be qualified in the same or a similar specialty to the requesting advanced practice registered nurse and shall not charge a fee to sign the CAPA-NS. The advanced practice registered nurse may prescribe under this CAPA-NS until that advanced practice registered nurse signs a CAPA-NS with a different physician as authorized by Section 2 of this Act.*
- (4) (a) *An advanced practice registered nurse may request assistance from the committee and the Kentucky Board of Nursing to identify any physicians who are available to enter into the CAPA-NS in an emergency situation where a collaborating physician is either unavailable or suddenly rescinds from a CAPA-NS with the advanced practice registered nurse who is providing care in an established practice, for any reason other than:*

 - 1. A disciplinary action against the advanced practice registered nurse that is directly related to prescribing or patient safety; or*
 - 2. The collaborating physician has filed a complaint with evidence against the advanced practice registered nurse with the Kentucky Board of Nursing related to prescribing or patient safety.*

(b) *While the advanced practice registered nurse is unable to locate a physician to sign the CAPA-NS in an emergency situation and after requesting assistance from the committee and the Kentucky Board of Nursing, the advanced practice registered nurse may prescribe as if he or she is prescribing with a CAPA-NS.*

(c) *If the committee and the Kentucky Board of Nursing receive a request from an advanced practice registered nurse under this subsection, both shall immediately forward the request to the Kentucky Board of Medical Licensure. The Kentucky Board of Medical Licensure shall provide the committee and the Kentucky Board of Nursing with the names, contact information, and any fee requirements provided by any physicians who are available to enter into a CAPA-NS. The Kentucky Board of Nursing and the committee shall make those physician names, contact information, and any fee requirements available to the requesting advanced practice registered nurse.*

(d) *Beginning from the date the requesting advanced practice registered nurse first receives the physician information, whether from the committee or the Kentucky Board of Nursing, the requesting advanced practice registered nurse shall have thirty (30) days to sign a CAPA-NS agreement with a physician. If no CAPA-NS is signed at the end of the thirty (30) days, the advanced practice registered nurse shall cease to prescribe until a CAPA-NS is signed. Once a new CAPA-NS goes into effect, the advanced practice registered nurse shall only prescribe within the terms of the new CAPA-NS until that CAPA-NS is no longer in effect.*
- (5) *If the committee receives a complaint about the prescribing, fee requirements, or other activities of an advanced practice registered nurse or physician under a CAPA-NS, the committee shall not discuss or review the complaint or any actions of any advanced practice registered nurse or physician, but shall*

immediately forward the complaint to the licensing board that has jurisdiction over the person who is the subject of the complaint.

- (6) *The Kentucky Board of Nursing and the Kentucky Board of Medical Licensure shall each maintain sole jurisdiction over their respective licensees and their licensees' practice.*
- (7) *The Kentucky Board of Nursing and the Kentucky Board of Medical Licensure shall each be responsible for and have exclusive authority over their respective members appointed to the committee. Each board may determine its own process for the appointment, removal, term length, or any other procedural matter relating to its members appointed to the committee.*
- (8) *The committee shall be attached to the Kentucky Board of Nursing for administrative purposes. The Kentucky Board of Nursing shall be responsible for the expenses of its members and for administering the committee. The Kentucky Board of Medical Licensure shall be responsible for the expenses of its members. The location for committee meetings shall alternate between the facilities of the Kentucky Board of Nursing and the facilities of the Kentucky Board of Medical Licensure.*

 - 2. *The advanced practice registered nurse will no longer be required to maintain a CAPA-NS and shall not be compelled to maintain a CAPA-NS as a condition to prescribe after the four (4) years have expired, but an advanced practice registered nurse may choose to maintain a CAPA-NS indefinitely after the four (4) years have expired; and*
 - 3. *If the advanced practice registered nurse's license is not in good standing, the CAPA-NS requirement shall not be removed until the license is restored to good standing.*

3. *An advanced practice registered nurse who has maintained a CAPA-NS for less than four (4) years shall be required to continue to maintain a CAPA-NS until the four (4) year period is completed, after which the CAPA-NS will no longer be required.*
- (10) (a) Before an advanced practice registered nurse engages in the prescribing of Schedules II through V controlled substances as authorized by KRS 314.011(8), the advanced practice registered nurse shall enter into a written "Collaborative Agreement for the Advanced Practice Registered Nurse's Prescriptive Authority for Controlled Substances" (CAPA-CS) with a physician that defines the scope of the prescriptive authority for controlled substances.
- (b)(a) The advanced practice registered nurse shall notify the Kentucky Board of Nursing of the existence of the CAPA-CS and the name of the collaborating physician and shall, upon request, furnish to the board or its staff a copy of the completed CAPA-CS. The Kentucky Board of Nursing shall notify the Kentucky Board of Medical Licensure that a CAPA-CS exists and furnish the collaborating physician's name.

1. Have been licensed to practice as an advanced practice registered nurse for one (1) year with the Kentucky Board of Nursing; or
 2. Be nationally certified as an advanced practice registered nurse and be registered, certified, or licensed in good standing as an advanced practice registered nurse in another state for one (1) year prior to applying for licensure by endorsement in Kentucky.
- (h)(g) Prior to prescribing controlled substances, the advanced practice registered nurse shall obtain a Controlled Substance Registration Certificate through the U.S. Drug Enforcement Agency.
- (i)(h) The CAPA-CS shall be reviewed and signed by both the advanced practice registered nurse and the collaborating physician and may be rescinded by either party upon written notice via registered mail to the other party, the Kentucky Board of Nursing, and the Kentucky Board of Medical Licensure.
- (j)(i) The CAPA-CS shall state the limits on controlled substances which may be prescribed by the advanced practice registered nurse, as agreed to by the advanced practice registered nurse and the collaborating physician. The limits so imposed may be more stringent than either the schedule limits on controlled substances established in KRS 314.011(8) or the limits imposed in regulations promulgated by the Kentucky Board of Nursing thereunder.

The school district shall continue with this arrangement until appropriate school personnel are delegated the responsibility for health care in subsection (2) of this section.
- (4) A school employee who has been properly delegated responsibility for performing a medical procedure under this section shall act as an agent of the school and be granted liability protection under the Federal Paul P. Coverdell Teacher Liability Protection Act of 2001, Pub. L. No. 107-110, unless the claimant establishes by clear and convincing evidence that harm was proximately caused by an act or omission of the school employee that constitutes negligence, willful or criminal misconduct, or a conscious, flagrant indifference to the rights and safety of the individual harmed.
- (5) Nothing in this section shall be construed to deny a student his or her right to attend public school and to receive public school services, or to deny, prohibit, or limit the administration of emergency first aid or emergency procedures.

The parent or guardian of the student shall sign a written statement acknowledging that the school shall incur no liability except as provided in this subsection, and the parent or guardian shall hold harmless the school and its employees against any claims made for any reaction to any medication ***listed under subsection (1)(a) of this section that a parent or guardian has authorized the school district to administer to a student*** to treat a hypoglycemic ***or hyperglycemic*** episode or a seizure or its administration if the reaction is not due to negligence or misconduct on behalf of the school or its employees.

- (5) The permission for the administration of **any of the medications listed under subsection (1)(a) of this section**~~[either glucagon or diazepam rectal gel]~~ shall be effective for the school year in which it is granted and shall be renewed each following school year upon fulfilling the requirements of subsections (2) to (4) of this section.

- (7) *Upon the written request of the parent or guardian of the student and written authorization by the student's health care practitioner, a student with diabetes shall be permitted to perform blood glucose checks, administer insulin through the insulin delivery system the student uses, treat hypoglycemia and hyperglycemia, and otherwise attend to the care and management of his or her diabetes in the school setting and at school-related activities. A student shall be permitted to possess on his or her person at all times necessary supplies and equipment to perform these monitoring and treatment functions. Upon request by the parent or student, the student shall have access to a private area for performing diabetes care tasks.*
- (8) (a) *Beginning July 15, 2014, a school district shall permit a student who has diabetes or a seizure disorder to attend the same school the student would attend if the student did not have diabetes or a seizure disorder. Such a student may only be transferred to a different school based on health care needs if the individualized education program team, the Section 504 team, or if appropriate, the student's health services team, makes the determination that the student's health condition requires that the student's care be provided by a licensed health care professional at a different school. For the purpose of this determination, the teams shall include the parent or guardian. The parent or guardian may invite the student's treating physician to the team meeting and the team shall consider the physician's input, whether in person or in written form, when making this determination. This determination shall be based on individualized factors related to the student's health conditions. A school district shall not prohibit a student who has diabetes or a seizure disorder from attending any school on the sole basis that:*
 1. *The student has diabetes or a seizure disorder;*

 3. *The school does not have school employees who are trained in accordance with KRS 156.502 and assigned to provide care under this section.*
- (b) *Parents or guardians of students who have diabetes or a seizure disorder shall not be required or pressured by school personnel to provide care for a student with diabetes or a seizure disorder during regular school hours or during school-related activities in which the student is a participant. For the purposes of this paragraph, a participant is not a student who merely observes the activity.*
- (9) The requirements of subsections (1) to ~~(8)~~~~(6)~~ of this section shall apply only to schools that have a student enrolled who:
 - (a) Has a seizure disorder and has **a seizure rescue medication approved by the United States Food and Drug Administration and any successor agency**~~[diazepam rectal gel in a prefilled unit dose delivery system]~~ prescribed by the student's health care provider; or
 - (b) Has diabetes mellitus and has **any of the medications listed under subsection (1)(a) of this section**~~[a glucagon emergency kit]~~ prescribed by the student's health care provider.
- ~~(10)~~~~(8)~~ Nothing in this section shall be construed to require a school employee to consent to administer **medications listed under subsection (1)(a) of this section**~~[glucagon or diazepam rectal gel]~~ to a student if the employee does not otherwise consent to provide the health service under KRS 156.502.
- (11) *Notwithstanding any other provision of the law to the contrary:*
 - (a) *The administration of the medications listed under subsection (1)(a) of this section by school employees shall not constitute the practice of nursing and shall be exempt from all applicable statutory and regulatory provisions that restrict the activities that may be delegated to or performed by a person who is not a licensed health care professional; and*

- (b) A licensed health care professional may provide training to or supervise school employees in the administration of the medications listed under subsection (1)(a) of this section.*

➔Section 3. Whereas children that live with diabetes deserve the same educational opportunities as their classmates, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

- (14) All ordinances, and orders of the city may be proved by the signature of the city clerk; and when the ordinances are placed in a printed composite index or code of ordinances by authority of the city, the printed copy shall be received in evidence by any state court without further proof of the ordinances.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

➔Section 1. KRS 286.4-530 is amended to read as follows:

- (1) Every licensee may lend any sum of money not exceeding fifteen thousand dollars (\$15,000), excluding charges, and may charge, contract for and receive thereon charges not in excess of three percent (3%) per month on *any loan where the original principal amount of the loan is* ~~that part of the unpaid principal balance~~ not in excess of ~~three~~^{one} thousand dollars ~~(\$3,000)~~^(\$1,000) and two percent (2%) per month on *any loan where the original principal amount of the loan exceeds* ~~that part of the unpaid principal balance exceeding~~ ~~three~~^{one} thousand dollars ~~(\$3,000)~~^(\$1,000) but not exceeding three thousand dollars (\$3,000); provided, however, that in any loan wherein the original principal amount of the loan (face amount less precomputed charges) exceeds three thousand dollars (\$3,000), the licensee may not charge at a rate per month in excess of two percent (2%) per month on the unpaid balances of the principal. Such charges shall be computed in advance at the agreed rate on scheduled unpaid principal balances of the cash advance on the assumption that all scheduled payments will be made when due. The total amount of such precomputed charges shall be added to the original cash advance and the resulting sum shall become the face amount of the note. Every payment may be applied to the combined total of the cash advance and precomputed charges until the contract is paid in full.
- (2) For the purposes of computation, whether at the maximum rate or less, a month shall be that period of time from any date in a month to the corresponding date in the next month and if there is no such corresponding date then to the last day of such month, and a day shall be considered one-thirtieth (1/30) of a month when such computation is made for a fraction of a month. The portion of the charges applicable to any particular monthly installment period, as originally scheduled or following a deferment, shall bear the same ratio to the total charges, excluding any adjustments made pursuant to subsection (3) of this section, as the balance scheduled to be outstanding during that monthly period bears to the sum of all monthly balances scheduled originally by the contract of loan.
- (3) A licensee and borrower may agree that the first installment date may be not more than fifteen (15) days more than one (1) month and the amount of such installment may be increased by one-thirtieth (1/30) of the portion of the charges applicable to a first installment period of one (1) month for each extra day.
- (4) If one-half (1/2) or more of any installment remains unpaid more than seven (7) days after it is due, the licensee may charge and collect a default charge not exceeding two cents (2¢) for each dollar of the scheduled installment, and such charge may be collected for each full month the installment remains unpaid.
- (5) If the payment of all wholly unpaid installments on which no default charge has been collected is deferred one or more full months, the licensee may charge and collect a deferment charge not exceeding two cents (2¢) for each one dollar (\$1) of the sum of the installments so deferred, multiplied by the number of months the maturity of the contract is extended; provided, however, that such number of months shall not exceed the number of installments which are due and wholly unpaid or due within fifteen (15) days from the date of deferment. The deferment charge may be collected at the time of deferment or at any time thereafter. Any payment received at the time of deferment may be applied first to the deferment charge and the remainder, if any, applied to the unpaid balance of the contract, provided, however, that if such payment is sufficient to pay, in addition to the appropriate deferment charge, any installment which is in default and the applicable default charge, it shall be first so applied and any such installment shall not be deferred or subject to the deferment charge. At the time a deferment is made the borrower shall be given a statement or receipt showing the amount of the deferment charge, the date and amount of the next scheduled payment and the number of remaining scheduled payments.
- (6) If the contract of loan is prepaid in full by cash, a new loan or otherwise before the final installment date, the portion of the charges applicable to the full installment periods following the installment date nearest the date of prepayment shall be refunded. Any default or deferment charges which are due and unpaid may be deducted from such refund. The tender by the borrower or at his request of an amount equal to the unpaid balance less the required refund must be accepted by the licensee in full payment of the contract. If judgment is obtained

before the final installment date the contract balance shall be reduced by the refund which would be required for prepayment in full as of the date judgment is obtained. No refund of less than one dollar (\$1) need be made; no refund for partial prepayments need be made.

- (7) If two (2) or more full installments are in default for one (1) full month or more at any installment date and if the contract so provides, the licensee may reduce the contract balance by the refund or credit which would be required for prepayment in full on such installment date. Thereafter, in lieu of charging, collecting or receiving charges as provided in subsections (1) to (6) inclusive of this section, charges may be charged, collected and received as provided by subsection (8) of this section until the contract is fully paid.
- (8) In lieu of computing and collecting charges as provided in subsections (1) to (6) inclusive of this section a licensee may contract for, collect and receive on loans of fifteen thousand dollars (\$15,000) or less charges as permitted in subsection (1) computed on the unpaid principal balance of the loan from time to time outstanding. Such charges shall not be paid, deducted, received in advance or compounded but shall be computed, collected and received only on unpaid principal balances for the time actually outstanding. The definition of a month and of a day in subsection (2) of this section shall apply for the purposes of such computations.
- (9) If part or all of the consideration for a contract of loan is the unpaid principal balance of a prior loan with the same licensee then the principal amount payable under such contract of loan shall not include any unpaid charges on the prior loan except such charges which have accrued within sixty (60) days before the making of such new contract of loan and may include the balance remaining after giving the refund required by subsection (6) of this section.
- (10) In addition to the charges provided for in this subtitle no further charge or amount whatsoever for any examination, service, brokerage, commission, expense, fee, or bonus or other thing shall be directly or indirectly charged, contracted for, or received, except the lawful fees actually and necessarily paid out by the licensee to any public official for filing, recording or releasing in any public office any instrument securing the loan; the identifiable charge of premium for insurance provided for in KRS 286.4-560; or fees for noting or releasing a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this subtitle. If any amount in excess of the amounts authorized by this subtitle is charged, contracted for or received, except as the result of an accidental or bona fide error, the lender shall have no right to collect or receive any charges whatsoever.
- (11) No licensee shall induce or permit any borrower to split up or divide any loan nor permit any one borrower to become indebted to him under more than one (1) contract of loan at the same time if the actual amount of the indebtedness on any one of such contracts is in the amount or of the value of fifteen thousand dollars (\$15,000) or less and there is charged, contracted for, or received thereon, directly or indirectly, by any device, subterfuge, or pretense whatsoever, any interest, or consideration therefor greater than would otherwise be permitted by this subtitle.
- (12) No licensee shall directly or indirectly charge, contract for or receive any interest or consideration greater than the lender would be permitted by law to charge if he were not a licensee hereunder upon any loan in the amount or of the value of more than fifteen thousand dollars (\$15,000) excluding charges, or in any case in which the licensee permits any individual as borrower, indorser, guarantor, or surety for any borrower, or otherwise, to owe on any loan or loans directly or contingently, or both, to the licensee at any time the sum of more than fifteen thousand dollars (\$15,000) for principal, excluding charges.

Signed by Governor March 25, 2014.

➔Section 3. KRS 158.070 is amended to read as follows:

(1) *As used in this section:*

- (a) *"Minimum school term" or "school term" means not less than one hundred eighty-five (185) days composed of the student attendance days, teacher professional days, and holidays;*
- (b) *"School calendar" means the document adopted by a local board of education that establishes the minimum school term, student instructional year, and days that school will not be in session;*
- (c) *"Student attendance day" means any day that students are scheduled to be at school to receive instruction, and encompasses the designated start and dismissal time;*
- (d) *"Student instructional year" means at least one thousand sixty-two (1,062) hours of instructional time for students delivered on not less than one hundred seventy (170) student attendance days; and*
- (e) *"Teacher professional day" means any day teachers are required to report to work as determined by a local board of education, with or without the presence of students*~~[The minimum school term shall be one hundred eighty five (185) days, including no less than the equivalent of one hundred seventy-five (175) six (6) hour instructional days. A board of education may extend its term beyond the minimum term].~~

- (2) The local board of education, upon recommendation of the local school district superintendent, shall **annually** adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, **student attendance**~~[instructional]~~ days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.

- ~~(3) [Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:~~

- ~~(a) The year round school program shall be operated on a fiscal year beginning July 1 and ending June 30;~~
- ~~(b) A pupil's required attendance in school shall be for at least the minimum instructional term; and~~
- ~~(c) No teacher shall be required to teach more than the minimum term during the school year.~~

- ~~(4)]~~ (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of **students**~~[pupils]~~ pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.
- (b) In addition to the four (4) days required under paragraph (a) of this subsection, a minimum of two (2) hours of self-study review of suicide prevention materials shall be required for all high school and middle school principals, guidance counselors, and teachers each school year.
- (c) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and

receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.
 2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement or consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.
- (d) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.
- (e) Each local board may use two (2) days for planning activities without the presence of **students**~~[pupils]~~.
- (f) Each local board may **close schools for**~~[use]~~ the number of days deemed necessary for:
1. National or state **emergency**~~[disaster]~~ or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;
 2. Local **emergency**~~[disaster]~~ which would endanger the health or safety of children; and
 3. Mourning when so designated by the local board of education and approved by the Kentucky Board of Education upon recommendation of the commissioner of education.

~~(4)(5)~~ (a) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of **student attendance**~~[school]~~ days~~[, including days missed from the regular school day]~~ as a result of **a local emergency**~~[local disaster]~~, as **described**~~[defined]~~ in subsection **(3)(f)2.**~~[(4)(f)2.]~~ of this section, and regulations setting forth the guidelines and procedures to be observed for the approval of **waivers from the requirements of a student instructional year in subsection (1)(d) of this section for districts that wish to adopt innovative instructional calendars, or for circumstances that would create extreme hardship**~~[the days utilized for the opening and closing of school and the days utilized for professional development and planning activities for the professional staff]~~.

- (b) *If a local board of education amends its school calendar after its adoption due to an emergency, it may lengthen or shorten any remaining student attendance days by thirty (30) minutes or more, as it deems necessary, provided the amended calendar complies with the requirements of a student instructional year in subsection (1)(d) of this section. No student attendance day shall contain more than seven (7) hours of instructional time unless the district submitted and received approval from the commissioner of education for an innovative alternative calendar.*

~~(5)(6)~~ (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit **employees**~~[teachers]~~ who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The commissioner of education shall designate one (1) additional day during the school year when schools **may**~~[shall]~~ be closed to permit professional school employees to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings **may**~~[shall not]~~ be counted as a part of the minimum school term. School shall be closed on the day of a regular election and on the day of a primary election, and those days may be used for professional development activities, professional meetings, or parent-teacher conferences.

➔SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The Kentucky General Assembly hereby finds and declares that:

- (1) *The United States Environmental Protection Agency intends to adopt guidelines to reduce carbon dioxide emissions from existing fossil fuel-fired electric generating units under 42 U.S.C. sec. 7411(d);*
- (2) *The United States Congress charges states, rather than the United States Environmental Protection Agency, with establishing standards of performance under 42 U.S.C. sec. 7411(d) for existing stationary sources including fossil fuel-fired electric generating units as a means of furthering the scheme of cooperative federalism under the federal Clean Air Act and with ensuring that the states have the primary role in managing their own economic and environmental resources; and*
- (3) *Providing reliable and affordable electricity through using various energy feedstocks for electric generation including coal, natural gas, nuclear, and renewable resources, as well as using energy efficiently will provide economic and environmental benefits for the citizens of the Commonwealth of Kentucky;*

➔SECTION 2. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

- (1) *In developing and implementing any plan to control emissions of carbon dioxide the cabinet shall establish separate standards of performance for carbon dioxide emissions in accordance with:*
 - (a) *Section 3 of this Act for existing coal-fired electric generating units; and*
 - (b) *Section 4 of this Act for existing natural gas-fired electric generating units.*
- (2) *Performance standards shall be adjusted on a case-by-case basis in accordance with Section 5 of this Act and shall be implemented in accordance with Section 6 of this Act.*

➔SECTION 3. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

Except for adjustments of the performance standard on a case-by-case basis under Section 5 of this Act, the performance standard that shall be established for existing coal-fired electric generating units shall be based on the following:

- (1) *The best system of emission reduction which has been adequately demonstrated for coal-fired electric generating units subject to the performance standard. Best system of emission reduction shall take into account the cost of:*
 - (a) *Achieving the emission reduction;*
 - (b) *Impacting non-air quality health and the environment; and*
 - (c) *Maintaining energy requirements needed to serve the load on the electric generating unit;*
- (2) *Reductions in emissions of carbon dioxide that can reasonably be achieved through measures undertaken at each coal-fired electric generating unit; and*
- (3) *Efficiency and other measures that can be undertaken at each coal-fired electric generating unit to reduce its carbon dioxide emissions without doing the following:*
 - (a) *Switching from coal to other fuels;*
 - (b) *Co-firing other fuels with coal; or*
 - (c) *Limiting the utilization of the electric generating unit.*

➔SECTION 4. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

Except for adjustments of the performance standard on a case-by-case basis under Section 5 of this Act, the performance standard that shall be established for existing gas-fired electric generating units shall be based on the following:

- (1) *The best system of emission reduction which has been adequately demonstrated for gas-fired electric generating units subject to the performance standard. Best system of emission reduction shall take into account the cost of:*
 - (a) *Achieving the emission reduction;*
 - (b) *Impacting non-air quality health and the environment; and*
 - (c) *Maintaining energy requirements needed to serve the load of the electric generating unit;*
- (2) *Reductions in emissions of carbon dioxide that can reasonably be achieved through measures undertaken at each gas-fired electric generating unit; and*
- (3) *Efficiency and other measures that can be undertaken at the unit to reduce carbon dioxide emissions from the unit without switching from natural gas to other fuels that emit less carbon dioxide than natural gas or by limiting the utilization of the electric generating unit.*

➔SECTION 5. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

In establishing a performance standard for any existing fossil fuel-fired electric generating unit, the cabinet shall consider, in all cases, whether to adopt less stringent performance standards or longer compliance schedules for those units than are established in applicable federal rules or guidelines. The decision to adopt a less stringent performance standard or longer compliance schedules shall be based on the following:

- (1) *Consumer impacts including any disproportionate energy price increases on lower income populations;*
- (2) *Unreasonable costs of reducing emissions of carbon dioxide resulting from the age, location, or basic process design of the electric generating unit;*
- (3) *Physical difficulties with or the impossibility of implementing emission reduction measures for carbon dioxide;*
- (4) *The absolute cost of applying the performance standard to the electric generating unit;*
- (5) *The expected remaining useful life of the electric generating unit;*
- (6) *The economic impacts of closing the electric generating unit, including expected job losses, if the unit is unable to comply with the performance standard; and*
- (7) *Any other factors specific to the electric generating unit that make application of a less stringent performance standard or longer compliance schedule more reasonable.*

➔SECTION 6. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

To the maximum extent permissible, the cabinet may develop a method for electric generating units to implement the performance standards that gives the electric generating units flexibility to comply with the performance standards.

➔SECTION 7. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

- (1) *The cabinet shall not propose or submit to the United States Environmental Protection Agency any plan establishing performance standards for existing fossil fuel-fired electric generating units unless the plan is:*
 - (a) *Consistent with Sections 1 to 7 of this Act; and*
 - (b) *Prepared in consultation with the Kentucky Public Service Commission to:*
 1. *Ensure that the plan minimizes the impacts on current and future industrial, commercial, and residential consumers; and*
 2. *Does not threaten the affordability of Kentucky's rates or the reliability of electricity service.*
- (2) *The cabinet shall promulgate administrative regulations for the establishment and implementation of any state plan to regulate emissions of carbon dioxide from existing fossil fuel-fired electric generating units under 42 U.S.C. sec. 7411(d).*

- (3) *Any state plan established by the cabinet to regulate emissions of carbon dioxide pursuant to Sections 1 to 7 of this Act shall have no legal effect if:*

(a) *The United States Environmental Protection Agency:*

1. *Fails to issue federal rules or guidelines for reducing carbon dioxide emissions from existing fossil fuel-fired electric generating units under 42 U.S.C. sec. 7411(d); or*
2. *Withdraws its federal rules or guidelines for reducing carbon dioxide emissions from existing fossil fuel-fired electric generating units; or*

- (b) *A court of competent jurisdiction invalidates the United State Environmental Protection Agency's federal rules or guidelines issued to regulate emissions of carbon dioxide from existing fossil fuel-fired electric generating units.*

- (6) Amendment or change of route or abandonment of a certificate or permit shall be granted upon the same basis that an original certificate or permit is granted.

The second trust may be a trust created under the same trust instrument as the original trust or under a different trust instrument.
 - (2) A trustee of an original trust may, without authorization by the court, exercise the discretionary power to distribute principal or income to or for the benefit of one (1) or more current beneficiaries of the original trust by appointing all or part of the principal or income of the original trust subject to the power in favor of the trustee of a second trust. The trustee of the original trust may exercise this power whether or not there is a current need to distribute principal or income under any standard provided in the terms of the original trust. The trustee's special power to appoint trust principal or income in further trust under this section includes the power to create the second trust.
 - (3) The second trust may be a trust created or administered under the laws of any jurisdiction, within or without the United States.
 - (4) The terms of the second trust shall be subject to all of the following:
 - (a) The beneficiaries of the second trust may include only beneficiaries of the original trust;
 - (b) A beneficiary who has only a future beneficial interest, vested or contingent, in the original trust cannot have the future beneficial interest accelerated to a present interest in the second trust;
 - (c) The terms of the second trust may not reduce any fixed income, annuity, or unitrust interest of a beneficiary in the assets of the original trust, including an interest which is to take effect in the future;
 - (d) If any contribution to the original trust qualified for a marital or charitable deduction for federal income, gift, or estate tax purposes under the Internal Revenue Code, then the second trust shall not contain any provision that, if included in the original trust, would have prevented the original trust from qualifying for the deduction or that would have reduced the amount of the deduction;
 - (e) If contributions to the original trust have been excluded from the gift tax by the application of Sections 2503(b) and 2503(c) of the Internal Revenue Code, then the second trust shall provide that the beneficiary's remainder interest in the contributions shall vest and become distributable no later than the date upon which the interest would have vested and become distributable under the terms of the original trust;

- (f) If any beneficiary of the original trust has a currently exercisable power of withdrawal over trust property, then either:
 - a. The terms of the second trust shall provide a power of withdrawal in the second trust identical to the power of withdrawal in the original trust; or
 - b. Sufficient trust property shall remain in the original trust to satisfy the currently exercisable power of withdrawal;
 - (g) If the original trust holds stock of an S corporation, the terms of the second trust shall not prevent or eliminate an election to be a qualified subchapter S trust or an electing small business trust or result in the termination of the S election of such corporation;
 - (h) If the power to distribute principal or income in the original trust is subject to an ascertainable standard, then the power to distribute income or principal in the second trust shall be subject to the same or a more restrictive ascertainable standard as in the original trust when the trustee exercising the power described in subsection (2) of this section is a possible beneficiary under the standard; and
 - (i) The second trust may confer a power of appointment upon a beneficiary of the original trust to whom or for the benefit of whom the trustee has the power to distribute principal or income of the original trust. The permissible appointees of the power of appointment conferred upon a beneficiary may include persons who are not beneficiaries of the original or second trust. The power of appointment conferred upon a beneficiary shall be subject to KRS 381.224, 381.225, and 381.226 covering the time at which the permissible period of the rule against perpetuities and suspension of power of alienation begins and the law that determines the permissible period of the rule against perpetuities and suspension of power of alienation of the original trust.
- (5) The court may appoint a special fiduciary with the authority to exercise the power to appoint principal or income under subsection (2) of this section.
- (6) The exercise of the power to appoint principal or income under subsection (2) of this section:
- (a) Shall be considered an exercise of a power of appointment, other than a power to appoint to the trustee, the trustee's creditors, the trustee's estate, or the creditors of the trustee's estate;
 - (b) Shall be subject to KRS 381.224, 381.225, and 381.226 covering the time at which the permissible period of the rule against perpetuities and suspension of power of alienation begins and the law that determines the permissible period of the rule against perpetuities and suspension of power of alienation of the original trust; and
 - (c) Is not prohibited by a spendthrift provision or by a provision in the original trust instrument that prohibits amendment or revocation of the trust.
- (7) To effect the exercise of the power to appoint principal or income under subsection (2) of this section, all of the following shall apply:
- (a) The exercise of the power to appoint shall be made by an instrument in writing, signed and acknowledged by the trustee, setting forth the manner of the exercise of the power, including the terms of the second trust and the effective date of the exercise of the power. The instrument shall be filed with the records of the original trust;
 - (b) The trustee shall give written notice of the trustee's intention to exercise the power to all current beneficiaries of the original trust and all beneficiaries of the oldest generation of remainder beneficiaries of the first trust, by certified mail with restricted delivery and return receipt, at least sixty (60) days prior to the effective date of the exercise of the power to appoint. The notice shall include a copy of the instrument described in paragraph (a) of this subsection;
 - (c) If all beneficiaries entitled to notice have received the notice as evidenced by the certified mail return receipt and waive the notice period by a signed written instrument delivered to the trustee, the trustee's power to appoint principal or income shall be exercisable after notice is waived by all such beneficiaries, notwithstanding the effective date of the exercise of the power;
 - (d) A current beneficiary or a beneficiary who is not a current beneficiary but is a member of the oldest generation of the remainder beneficiaries of the original trust may, no later than thirty (30) days from the date of receiving notice under paragraph (b) of this subsection, commence a judicial proceeding ~~in District Court~~ pursuant to **Section 13 of this Act** ~~[KRS 386.675]~~ to object to the proposed exercise of

the power under subsection (2) of this section. In such case the proposed exercise of the power shall require consent of the ~~the District court as defined by KRS 386.450(3). Any determination of the District Court shall be subject to KRS 386.454(5);~~ and

- (e) In the event that a beneficiary did not receive the notice as evidenced by the certified mail return receipt, and no other beneficiary has commenced a proceeding under paragraph (d) of this subsection, the trustee may seek the approval of the District Court to exercise the power.
- (8) Nothing in this section shall be construed to create or imply a duty of the trustee to exercise the power to distribute principal or income, and no inference of impropriety shall be made as a result of a trustee not exercising the power to appoint principal or income conferred under subsection (2) of this section. Nothing in this section shall be construed to abridge the right of any trustee who has the power to appoint property in further trust that arises under the terms of the original trust or under any provision of law or under common law.
- (9) This section shall not apply to any charitable remainder trust as defined in 26 U.S.C. sec. 664(d).
- (10) A trustee or beneficiary may commence a judicial proceeding ~~in the District Court~~ pursuant to **Section 13 of this Act** ~~KRS 386.675~~ to approve or disapprove of a proposed exercise of the trustee's special power to appoint to a second trust pursuant to subsection (2) of this section. ~~In such case approval by the District Court shall have the same meaning as provided in KRS 386.450(3) and the approval shall be subject to KRS 386.454(5).]~~

➔Section 105. KRS 386.452 is amended to read as follows:

- (1) In allocating receipts and disbursements to or between principal and income, and with respect to any matter within the scope of Articles 2 and 3 of the Kentucky Principal and Income Act, a fiduciary:
 - (a) Shall administer a trust or estate in accordance with the terms of the trust or the will, even if there is a different provision in KRS 386.450 to 386.504;
 - (b) May administer a trust or estate by the exercise of a discretionary power of administration given to the fiduciary by the terms of the trust or the will, even if the exercise of the power produces a result different from a result required or permitted by KRS 386.450 to 386.504;
 - (c) Shall administer a trust or estate in accordance with KRS 386.450 to 386.504 if the terms of the trust or the will do not contain a different provision or do not give the fiduciary a discretionary power of administration; and
 - (d) Shall add a receipt or charge a disbursement to principal to the extent that neither the terms of the trust nor KRS 386.450 to 386.504 provide a rule for allocating the receipt or disbursement to or between principal and income.
- (2) In exercising the power to adjust under KRS 386.454(1) or (2) ~~or (3)~~ or a discretionary power of administration regarding a matter within the scope of KRS 386.450 to 386.504, whether granted by the terms of a trust, a will, or KRS 386.450 to 386.504, a fiduciary shall administer a trust or estate impartially, based on what is fair and reasonable to all of the beneficiaries, except to the extent that the terms of the trust or the will clearly manifest a contrary intention. Except as provided in this subsection, determination in accordance with KRS 386.450 to 386.504 shall be presumed to be fair and reasonable to all of the beneficiaries.

➔Section 106. KRS 386.454 is amended to read as follows:

- (1)~~Notwithstanding any provision of Kentucky law to the contrary, the fiduciary of a trust or estate to which by law KRS 286.3-277 does not apply may elect to have such provisions apply to the administration of the trust or estate by providing the notice as required under subsection (2)(g) of this section.~~
- (2)~~(1)~~ (a) A fiduciary may, after providing notice as required under paragraph (g) of this subsection, adjust between principal and income to the extent the fiduciary considers necessary~~[if KRS 286.3-277 applies by law or by election made under subsection (1) of this section]~~, the terms of the trust or will describe the amount that may or shall be distributed to a beneficiary by referring to the trust's or estate's income, and the fiduciary determines, after applying the rules in KRS 386.452(1), that the fiduciary is unable to comply with KRS 386.452(2). Additionally, a fiduciary may reserve the right to convert the trust to a unitrust under subsection (2)~~(3)~~ of this section in the future.
- (b) In deciding whether and to what extent to exercise the power conferred by this subsection, a fiduciary shall consider all factors relevant to the trust or estate and its beneficiaries, including the following factors to the extent they are relevant:
 1. The nature, purpose, and expected duration of the trust or estate;
 2. The intent of the settlor or testator;
 3. The identity and circumstances of the beneficiaries;
 4. The needs for liquidity, regularity of income, and preservation and appreciation of capital;
 5. The assets held in the trust or estate and:
 - a. The extent to which they consist of financial assets, interests in closely held enterprises, tangible and intangible personal property, or real property;

- b. The extent to which an asset is used by a beneficiary; and
 - c. Whether an asset was purchased by the fiduciary or received from the settlor or testator;
 - 6. The net amount allocated to income under the other sections in this chapter and the increase or decrease in the value of the principal assets, which the fiduciary may estimate as to assets for which market values are not readily available;
 - 7. Whether and to what extent the terms of the trust or will give the fiduciary the power to invade principal or accumulate income or prohibit the fiduciary from invading principal or accumulating income, and the extent to which the fiduciary has exercised a power from time to time to invade principal or accumulate income;
 - 8. The actual and anticipated effect of economic conditions and market volatility on principal and income and effects of inflation and deflation; and
 - 9. The anticipated tax consequences of an adjustment.
- (c) A fiduciary shall not make an adjustment:
- 1. That diminishes the income interest in a trust that requires all of the income to be paid at least annually to a spouse and for which an estate tax or gift tax marital deduction would be allowed, in whole or in part, if the fiduciary did not have the power to make the adjustment;
 - 2. That reduces the actuarial value of the income interest in a trust to which a person transfers property with the intent to qualify for a gift tax exclusion;
 - 3. That changes the amount payable to the beneficiary as a fixed annuity or a fixed fraction of the value of the trust assets;
 - 4. From any amount that is permanently set aside for charitable purposes under a will or the terms of a trust unless both income and principal are so set aside;
 - 5. If possessing or exercising the power to make an adjustment causes an individual to be treated as the owner of all or part of the trust or estate for income tax purposes, and the individual would not be treated as the owner if the fiduciary did not possess the power to make an adjustment;
 - 6. If possessing or exercising the power to make an adjustment causes all or part of the trust or estate assets to be included for estate tax purposes in the estate of an individual who has the power to remove a fiduciary or appoint a fiduciary, or both, and the assets would not be included in the estate of the individual if the fiduciary did not possess the power to make an adjustment;
 - 7. If the fiduciary is a beneficiary of the trust or estate; or
 - 8. If the fiduciary is not a beneficiary, but the adjustment would benefit the fiduciary directly or indirectly; except that any effect on the fiduciary's compensation shall not preclude an adjustment so long as the fiduciary's fees are reasonable and otherwise comply with the applicable law.
- (d) If paragraph (c)5., 6., 7., or 8. of this subsection applies to a fiduciary and there is more than one (1) fiduciary or an additional fiduciary who is appointed by court order, a binding agreement, or otherwise as provided by law, a co-fiduciary to whom the provision does not apply may make an adjustment unless the exercise of the power by the remaining fiduciary or fiduciaries is not permitted by the terms of the trust or will. If paragraph (c)5., 6., 7., or 8. of this subsection restricts all fiduciaries from possessing or exercising a power under this section, the fiduciary may petition the District Court for the court to effect the intended conversion or action.
- (e) A fiduciary may release the entire power conferred by this subsection or may release only the power to adjust from income to principal or the power to adjust from principal to income if the fiduciary is uncertain about whether possessing or exercising the power will cause a result described in paragraph (c)1. to 6. of this subsection or if the fiduciary determines that possessing or exercising the power will or may deprive the trust or estate of a tax benefit or impose a tax burden not described in paragraph (c) of this subsection. The release may be permanent or for a specified period, including a period measured by the life of an individual. Further, a fiduciary may divide a trust or estate into one (1) or more fractional shares if the division does not change the beneficial interests.

- (f) Terms of a trust or will that limit the power of a fiduciary to make an adjustment between principal and income do not affect the application of this section unless it is clear from the terms of the trust or will that the terms are intended to deny the fiduciary the power of adjustment conferred by this subsection.
- (g) A fiduciary shall not make an election or adjustment under this section unless all of the following apply:
 1. A fiduciary shall give written notice of the fiduciary's intention to make an adjustment, ~~for any intention to make an election to have the provisions of KRS 286.3-277, if applicable, apply to the trust,~~ to each beneficiary, by certified mail with restricted delivery and return receipt, who, on the date the notice is given:
 - a. Is a distributee or permissible distributee of trust income or principal; or
 - b. Would be a distributee or permissible distributee of principal if the interests of the distributees described in subparagraph 1.a. of this paragraph terminated and the trust then terminated immediately before the notice was given and if no powers of appointment were exercised;
 2. There is at least one (1) beneficiary under subparagraph 1.a. of this paragraph and at least one (1) other reasonably ascertainable person who is a remainder beneficiary under subparagraph 1.b. of this paragraph; and
 3. Every beneficiary to whom notice was sent pursuant to subparagraph 1. of this paragraph has received the notice as evidenced by the certified mail return receipt and no beneficiary objects to the adjustment or election in writing delivered to the fiduciary within thirty (30) days after the notice is given under subparagraph 1. of this paragraph.
- (h) The fiduciary may petition the District Court under this subsection to order an adjustment or an election if any of the following apply:
 1. A beneficiary timely objects to the adjustment or the election, or a beneficiary has not received the notice as evidenced by the certified mail return receipt;
 2. There is no reasonably ascertainable beneficiary under paragraph (g)1.a. of this subsection; or
 3. There is no reasonably ascertainable beneficiary under paragraph (g)1.b. of this subsection.
- ~~(2)(3)~~ The following rules shall govern a fiduciary's conversion of a trust to a unitrust:
 - (a) Unless expressly prohibited by the terms of a trust, a fiduciary may release the power to make adjustments under subsection ~~(1)(2)~~ of this section and convert to a unitrust as described in this subsection, if all of the following apply:
 1. The fiduciary determines that the conversion will enable the fiduciary better to carry out the intent of the settlor or testator and the purposes of the trust;
 2. The fiduciary gives written notice of the fiduciary's intention to release the power to adjust and to convert the trust into a unitrust and of how the unitrust will operate, including what initial decisions the fiduciary will make under this subsection, to each beneficiary, by certified mail with restricted delivery and return receipt, who, on the date the notice is given:
 - a. Is a distributee or permissible distributee of trust income or principal; or
 - b. Would be a distributee or permissible distributee of trust principal if the interests of the distributees described in subparagraph 2.a. of this paragraph terminated and the trust then terminated immediately before the notice was given and if no powers of appointment were exercised;
 3. There is at least one (1) beneficiary under subparagraph 2.a. of this paragraph and at least one (1) other reasonably ascertainable person who is a remainder beneficiary under subparagraph 2.b. of this paragraph; and
 4. Every beneficiary to whom notice was sent pursuant to subparagraph 2. of this paragraph has received the notice as evidenced by the certified mail return receipt and no beneficiary objects to the conversion to a unitrust in a writing delivered to the fiduciary within thirty (30) days after the notice is given under subparagraph 2. of this paragraph;

- (b) The fiduciary may petition the District Court under this subsection to order a conversion to a unitrust if any of the following apply:
 - 1. A party timely objects to the conversion to a unitrust, or a beneficiary has not received the notice as evidenced by the certified mail return receipt;
 - 2. There is no reasonably ascertainable beneficiary under paragraph (a)2.a. of this subsection; or
 - 3. There is no reasonably ascertainable beneficiary under paragraph (a)2.b. of this subsection;
- (c) Notwithstanding the provisions of paragraph (h) of this subsection, a beneficiary may request a fiduciary to convert to a unitrust. If the fiduciary does not convert, the beneficiary may petition the District Court to order the conversion. The court shall approve the conversion or direct the requested conversion if the court concludes that the conversion will enable the fiduciary to better carry out the intent of the settlor or testator and the purposes of the trust;
- (d) In deciding whether to exercise a power to convert to a unitrust under this section, a fiduciary may consider, among other things, the factors set forth in subsection ~~(1)(2)~~(b) of this section;
- (e) After a trust is converted to a unitrust, all of the following provisions shall apply:
 - 1. The fiduciary shall follow an investment policy seeking a total return for the investments held by the trust, whether the return is to be derived:
 - a. From appreciation of principal;
 - b. From earnings and distributions from principal; or
 - c. From both;
 - 2. The fiduciary shall make regular distributions in accordance with the terms of the trust, or the terms of the will, as the case may be, construed in accordance with the provisions of this section; and
 - 3. Unless expressly prohibited by the terms of the trust, the term "income" in the terms of a trust or will means an annual distribution, the "unitrust distribution," equal to the percentage, the "payout percentage," that is no less than three percent (3%) and no more than five percent (5%) and that the fiduciary may determine in the fiduciary's discretion from time to time, or, if the fiduciary makes no determination, that shall be four percent (4%), of the net fair market value of the trust's assets, whether such assets would be considered income or principal under other provisions of this chapter, averaged over the lesser of:
 - a. The three (3) preceding years; or
 - b. The period which the trust has been in existence;
- (f) The fiduciary may in the fiduciary's discretion from time to time determine all of the following:
 - 1. The effective date of a conversion to a unitrust;
 - 2. The provisions for prorating a unitrust distribution for a short year in which a beneficiary's right to payments commences or ceases;
 - 3. The frequency of unitrust distributions during the year;
 - 4. The effect of other payments from or contributions to the trust on the trust's valuation;
 - 5. Whether to value the trust's assets annually or more frequently;
 - 6. What valuation dates to use;
 - 7. How frequently to value nonliquid assets and whether to estimate their value;
 - 8. Whether to omit from the calculations trust property occupied or possessed by a beneficiary; and
 - 9. Any other matters necessary for the proper functioning of the unitrust;
- (g) The following provisions regarding unitrust distribution shall apply:
 - 1. Expenses which would be deducted from income if the trust were not a unitrust shall not be deducted from the unitrust distribution;

2. Unless otherwise provided by the terms of the trust, the unitrust distribution shall be paid from net income, as such term would be determined if the trust were not a unitrust. To the extent net income is insufficient, the unitrust distribution shall be paid from the net realized short-term capital gains. To the extent net income and net realized short-term capital gains are insufficient, the unitrust distribution shall be paid from net realized long-term capital gains. To the extent net income and net realized short-term and long-term capital gains are insufficient, the unitrust distribution shall be paid from the principal of the trust; and
 3. To the extent necessary to cause gains from the sale or exchange of unitrust assets to be treated as income under any federal, state, or local income tax, such as section 643 of the Internal Revenue Code and its regulations, including Treasury Regulation sec. 1.643(b)-1, as amended or renumbered, the fiduciary has the discretionary power to allocate the gains to income, so long as the power is reasonably and impartially exercised;
- (h) Notwithstanding any other provision of this section to the contrary, a fiduciary or beneficiary may petition the District Court:
1. To change the payout percentage;
 2. To provide for a distribution of net income, as would be determined if the trust were not a unitrust, in excess of the unitrust distribution if such distribution is necessary to preserve a tax benefit;
 3. To average the valuation of the trust's net assets over a period other than three (3) years; and
 4. To reconvert from a unitrust to the preconversion terms of the trust;
- (i) Upon a reconversion, the power to adjust under subsection (1)~~(2)~~ of this section shall be revived, and a trustee shall not be precluded from seeking a later unitrust conversion;
- (j) A conversion to a unitrust does not affect a provision in the terms of a trust directing or authorizing the fiduciary to distribute principal or authorizing a beneficiary to withdraw a portion or all of the principal of the trust;
- (k) A fiduciary shall not possess or exercise any power under this subsection in any of the following circumstances:
1. The unitrust distribution would be made from any amount that is permanently set aside for charitable purposes under the terms of a trust and for which a charitable deduction from a federal gift or estate tax has been taken unless both income and principal are so set aside;
 2. The possession or exercise of the power would cause an individual to be treated as the owner of all or part of the trust for federal income tax purposes and the individual would not be treated as the owner if the fiduciary did not possess or exercise the power;
 3. The possession or exercise of the power would cause all or any part of the trust estate to be subject to any federal gift or estate tax with respect to the individual and the trust estate would not be subject to such taxation if the fiduciary did not possess or exercise the power;
 4. The possession or exercise of the power would result in the disallowance of a federal gift or estate tax marital deduction which would be allowed if the fiduciary did not have the power; or
 5. The fiduciary is a beneficiary of the trust;
- (l) If paragraph (k)2., 3., or 5. of this subsection applies to a fiduciary and there is more than one (1) fiduciary or an additional fiduciary who is appointed by a court order, binding agreement, or otherwise as provided by law, a co-fiduciary to whom paragraph (k)2., 3., or 5. of this subsection does not apply may possess and exercise the power unless the possession or exercise of the power by the remaining fiduciary or fiduciaries is not permitted by the terms of the trust or will. If paragraph (k)2., 3., or 5. of this subsection restricts all fiduciaries from possessing or exercising a power under this section, the fiduciary may petition the District Court for the court to effect the intended conversion or action; and
- (m) A fiduciary may release any power conferred by this section if any of the following applies:
1. The fiduciary is uncertain about whether possessing or exercising the power will cause a result described in paragraph (k)2., 3., or 5. of this subsection; or

2. The fiduciary determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in paragraph (k) of this subsection.

The release may be permanent or for a specified period, including a period measured by the life of an individual.

- ~~(3)~~~~(4)~~ Unless a beneficiary has requested the fiduciary in writing that the fiduciary consider an adjustment, unitrust conversion, or change in payout percentage, nothing in this section imposes a duty on the fiduciary to make an adjustment, conversion, or change in payout percentage under subsection ~~(2)~~~~(3)~~~~(e)~~3. of this section, and the fiduciary is not liable for not considering whether to make an adjustment, conversion, or change in payout percentage under this section.

~~[(5) If there shall be a District Court order approving or disapproving an election to apply KRS 286.3-277 to a trust or to an estate under subsection (1) of this section or a power to adjust under subsection (2) of this section or converting a trust to a unitrust under subsection (3) of this section, then an aggrieved party, no later than thirty (30) days from the date of such order, may institute an adversary proceeding in Circuit Court pursuant to KRS 24A.120(2).]~~

- ~~(4)~~~~(6)~~ This section is intended to further describe and clarify the powers previously granted under the immediately preceding version of this section. These clarifications and revisions shall apply to and be available for all applicable and qualifying trusts, including any trust which may have previously sought relief under a prior version of this section.

➔Section 107. KRS 386.478 is amended to read as follows:

If a trustee determines that an allocation between principal and income required by KRS 386.480, 386.482, 386.484, or 386.486 is unsubstantial, the trustee may allocate the entire amount to principal~~[unless one (1) of the circumstances described in KRS 386.454(5) applies to the allocation. This power may be exercised by a cotrustee in the circumstances described in KRS 386.454(5) and may be released for the reasons and in the manner described in KRS 386.454(7).]~~ An allocation is presumed to be insubstantial if:

- (1) The amount of the allocation would increase or decrease net income in an accounting period, as determined before the allocation, by less than ten percent (10%); or
- (2) The value of the asset producing the receipt for which the allocation would be made is less than ten percent (10%) of the total value of the trust's assets at the beginning of the accounting period.

➔Section 108. KRS 386.820 is amended to read as follows:

~~[(1) KRS 386.805 to 386.840 do not affect the power of a court of competent jurisdiction for cause shown and upon petition of the trustee or affected beneficiary and upon appropriate notice to the affected parties to relieve a trustee from any restrictions on his power that would otherwise be placed upon him by the trust or by this chapter.]~~

- ~~(2)~~ If the duty of the trustee and~~[his individual interest or]~~ his interest as trustee of another trust, conflict in the exercise of a trust power, the power may be exercised only by court authorization~~[(except as provided in KRS 386.810, subsections (3)(a), (d), (f), (r), and (x))]~~ upon petition of the trustee.~~[Under this section, personal profit or advantage to an affiliated or subsidiary company or association is personal profit to any corporate trustee.]~~

➔Section 109. KRS 387.880 is amended to read as follows:

The petition shall be docketed with the court and set for hearing unless the court shall otherwise determine. WHEREAS, Jim Sharpe of Somerset, Kentucky is credited with building the first houseboat in 1953, and that boat design served as the catalyst for the development of the modern houseboat industry as we know it today; and

WHEREAS, beginning in the 1990s, Kentucky's houseboat industry entered into international markets exporting houseboats made in Kentucky around the globe; and

- (a) Sustainable site development;
 - (b) Water savings;
 - (c) Energy efficiency;
 - (d) Material selection; and
 - (e) Environmental quality.

➔Section 2. KRS 56.772 is amended to read as follows:

The General Assembly finds and declares it to be the public policy of the Commonwealth to maximize the use of energy ~~conservation~~~~efficiency~~ measures in the construction, renovation, and maintenance of buildings owned or leased by the Commonwealth. In furtherance of this policy, the cabinet shall administer an energy efficiency program, to be known as the Energy Efficiency Program for State Government Buildings.

➔Section 3. KRS 56.774 is amended to read as follows:

- (1) The Energy Efficiency Program for State Government Buildings shall provide for implementation of low cost/no cost energy ~~conservation~~~~conservation~~ measures, engineering analyses, energy efficiency measures, building improvements, and monitoring of results for state-owned or state-leased buildings.
- (2) Any engineering analysis conducted on a state-owned building shall assess the energy efficiency of the building and make recommendations for improving the efficient use of energy within the building. The analyses shall be performed by qualified engineers, architects, or other persons trained in energy efficiency who may be employees of the cabinet or employed pursuant to KRS Chapter 45A, except that any engineers, architects or other persons trained in energy efficiency and retained under a guaranteed energy savings performance contract, shall not be subject to the provisions of KRS 45A.800 to 45A.835.
- (3) Except as provided in subsection (5) of this section, measures to improve the energy efficiency of a state-owned building, which have an aggregate simple payback period of five (5) years or less, shall be implemented as general fund appropriations become available. No more than five percent (5%) of the cost of energy ~~conservation~~~~efficiency~~ measures for a building may be utilized for monitoring the results.
- (4) If general fund appropriations are available for energy ~~conservation~~~~efficiency~~ improvements, the cabinet shall prioritize projects among the various state-owned buildings to determine which projects shall be implemented to best utilize the available funding.
- (5) If general fund appropriations are unavailable, energy ~~conservation~~~~efficiency~~ measures for a state-owned building may be financed by other means. These other means include but are not limited to guaranteed energy savings performance contracts as defined under KRS 56.770 entered into pursuant to KRS 45A.085 and KRS 45A.045(10). Guaranteed energy savings performance contracts shall not be subject to the provisions of KRS 45A.800 to 45A.835. These energy ~~conservation~~~~efficiency~~ measures shall not be limited to those that have an aggregate simple payback period of five (5) years or less, but shall result in reasonable economic benefit to the Commonwealth. Savings from the implementation of the energy ~~conservation~~~~efficiency~~ measures under the guaranteed energy savings performance contract shall be used to satisfy the obligations under the guaranteed energy savings performance contract and to repay the cost of the other means used to finance the energy ~~conservation~~~~efficiency~~ measures, and may be used to repay expenses incurred by the cabinet to reimburse the cabinet for expenses related to the guaranteed energy savings performance contract, including but not limited to staff time for monitoring, overseeing, and managing the project. Notwithstanding KRS 45.229, remaining savings shall remain in the state agency account and shall not lapse. All savings projected under a guaranteed energy savings performance contract shall be guaranteed to the Commonwealth.

➔Section 4. KRS 56.780 is amended to read as follows:

- (1) Any building which the Finance and Administration Cabinet considers for leasing or purchase shall be evaluated for cost-effective energy use and energy efficiency. This evaluation shall be considered in choosing between competing leases or building purchases. The cabinet shall consider the energy costs of operating a building to ensure the selection of a cost-effective lease, and the cabinet shall compare life-cycle energy cost analyses for competing leases.
- (2) A lease may be structured so that both the lessor and the state agency as lessee may share energy cost savings that can be accomplished by energy-efficient lease arrangements. The lease may incorporate financial incentives to make energy efficiency improvements that are cost effective in reducing the operating cost of the building. The lease may provide for the state agency to make lease payments which may be used to help fund the costs of energy ~~conservation~~~~[efficiency]~~ measures in the building, if the costs are amortized and returned to the state agency over a period of years not to exceed the useful life of the energy ~~conservation~~~~[efficiency]~~ measures. Thereafter, the state agency shall be entitled to a reduction in the lease amount based on any continued savings resulting from the energy ~~conservation~~~~[efficiency]~~ measures. The amount of reduction shall be negotiated between the lessor and the state agency.

- (4) The sale under this section shall be held at the self-service storage facility,~~or~~ the location of the self-contained storage unit where the personal property is stored, **or a publically accessible Web site.**
- (5) If a sale is held under this section, the operator shall:
 - (a) Satisfy the lien from the proceeds of the sale;
 - (b) Hold the balance, if any, for delivery to any other recorded lienholders who present claims within sixty (60) days. Notwithstanding Article 9 of KRS Chapter 355, claims shall be satisfied on a first come first served basis; and

- (c) Deliver, upon expiration of sixty (60) days, the balance of any remaining proceeds to the occupant.
- (6) A purchaser in good faith of any personal property sold under KRS 359.200 to 359.250 takes the property free and clear of any rights of:

- (11) ***If the rental agreement specifies a limit on the value of the personal property that may be stored in the occupant's leased space, the limit shall be deemed to be the maximum value of the stored personal property.***
- (12) ***If the occupant is in default for more than sixty (60) days and the personal property stored in the leased space is a motor vehicle as defined in KRS 376.268, the operator may, in lieu of a sale authorized in KRS Chapter 359, have the vehicle or watercraft towed or removed from the self-service storage facility, and the towing company shall execute the notice provisions as specified in KRS Chapter 376.275.***

- (3) ***For the purposes of this section, a late fee of twenty dollars (\$20) or twenty percent (20%) of the rental fee for each month an occupant does not pay rent, whichever is greater, is deemed reasonable and does not constitute a penalty.***
- (4) ***Any reasonable expense incurred as a result of rent collection or lien enforcement by an owner may be charged to the occupant in addition to the late fees permitted by this section.***

A health care provider shall refuse to honor the caregiver's decision to seek or refuse health care treatment if the provider has actual knowledge that a parent, de facto custodian, legal custodian, or guardian has made a superseding decision to authorize or refuse health care treatment for the minor. The provisions of this subsection shall not be construed to prohibit a health care provider from providing health care treatment for a condition that, left untreated, could reasonably be expected to substantially threaten the health or life of the minor.*
- (8) *A person who relies in good faith on a duly executed affidavit as described in subsection (2) of this section in providing or refusing health care treatment shall:*

 - (b) *Not be subject to criminal or civil liability or professional disciplinary action because of that reliance.*

 - (b) *A school shall honor a caregiver's authority to make school-related decisions for a minor residing in the caregiver's home if the caregiver presents the school with a duly executed affidavit as described in subsection (2) of Section 2 of this Act. The affidavit shall be valid in the school district in which the caregiver resides, but a school official charged with the responsibility of enrolling a minor shall not honor the affidavit if the official has reasonable grounds to believe that the affidavit is presented solely for the purpose of enrolling the minor in a school for the purpose of:*
 - 1. *Access to athletics programs, or*
 - 2. *Circumventing the school assignment, attendance, or boundaries policies of the school district to gain access to curricula, services, or programs unique to a particular school and not offered at other schools the minor would be eligible to attend.*
- (3) *A school-related decision made by a caregiver under the affidavit described in subsection (2) of Section 2 of this Act shall be superseded by a decision of a parent, de facto custodian as defined in KRS 403.270, guardian, or legal custodian of the minor. A school official shall refuse to honor a caregiver's decision if he or she has actual knowledge that a parent, de facto custodian as defined in KRS 403.270, guardian, or legal custodian has made a school-related decision superseding the decision of a caregiver.*
- (4) *A person who relies in good faith on a duly executed affidavit as described in subsection (2) of Section 2 of this Act shall be under no obligation to undertake further investigation into the circumstances forming the basis of the caregiver's authority to make school-related decisions for the minor to whom the affidavit applies.*
- (5) *A person who relies in good faith on a duly executed affidavit as described in subsection (2) of Section 2 of this Act in honoring a school-related decision of a caregiver shall not be subject to criminal or civil liability because of that reliance.*
- (6) *An affidavit described in subsection (2) of Section 2 of this Act may be revoked by the minor's parent, de facto custodian, guardian, legal custodian, or caregiver, and shall be revoked if the minor to whom it applies ceases to reside with the caregiver. If an affidavit is revoked, the caregiver shall give written notice of revocation to any school to which the affidavit was presented for the purposes of enrolling the minor and establishing the caregiver's authority to make school-related decisions for the minor.*
- (7) *The provisions of this section shall not supersede the provisions of:*
 - (a) *The Individuals with Disabilities Education Act, 20 U.S.C. secs. 1400 et seq., and its accompanying regulations at 34 C.F.R. pts. 300 et seq.;*
 - (b) *Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. secs. 705(20) and 794 to 794b, and its accompanying regulations at 34 C.F.R. pts. 104 et seq.; and*

- (1) *When a person is charged or convicted under this chapter, or with an offense which is not a violent crime as defined in KRS 17.165, and the person's participation in the offense is determined to be the direct result of being a victim of human trafficking, the person may make a motion in the court in which the charges were filed to expunge all records of the offense.*
- (2) *The motion shall be filed no sooner than sixty (60) days following the date the final judgment was entered by the court in which the charges were filed.*
- (3)
 - (a) *A motion filed under this section, any hearing conducted on the motion, and any relief granted, are governed by KRS 431.076, 431.078, and 431.079 unless otherwise provided in this section.*
 - (b) *For the purposes of expungement under KRS 431.076, a finding by the court that the person's participation in the offense was a direct result of being a victim of human trafficking shall deem the charges as dismissed with prejudice.*

CHAPTER 71

(SB 199)

AN ACT to revise and correct the Kentucky Revised Statutes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

PART A

LEGISLATIVE FINDINGS AND DECLARATIONS

➔Section 1. The General Assembly finds and declares as follows:

- (1) Section 2 of this Act repeals and reenacts KRS 38.030, which was amended in 2009 Ky. Acts ch. 95 (HB 541) to provide coordinated benefits for Kentucky National Guard members who were totally or permanently disabled while deployed for the January 2009 Winter Storm Response, Mission #090127G01. However, during the processing of the House Committee Substitute for HB 541, the enacting clause required by Kentucky Constitution Section 62 was inadvertently deleted from the bill. HB 541 was passed by the House and then by the Senate without

the missing enacting clause being discovered. Therefore, KRS 38.030 is being repealed and reenacted to ratify and confirm the General Assembly's action in enacting 2009 HB 541.

(2) Section 3 of this Act amends KRS 6.505 to correct a transposition of numbers in drafting language referring to the statute that established the Legislators' Retirement Fund, KRS 6.530. In the 2013 amendment of KRS 6.505, language in 2013 Ky. Acts ch. 120, sec. 13(1)(d)2.b. improperly referred to KRS 6.530 as KRS 6.350, which is the statute requiring that an actuarial analysis be prepared for certain retirement-related bills before the General Assembly.

(3) Section 4 of this Act amends KRS 75.031 to correct a citation in subsection (1)(f) of that statute to paragraphs of that subsection concerning how an elected firefighter can be removed from the board of trustees of a fire protection district or a volunteer fire department district. In the drafting of 1996 SB 189 (1996 Ky. Acts ch. 127, sec. 2), this statute was amended to add language concerning the removal procedures, but as the bill went through changes during the session, the subsection paragraphs changed, but the reference to the removal procedure paragraphs was not conformed accordingly. Section 4 of this Act corrects that drafting error.

(4) Section 5 of this Act amends KRS 81.010 relating to the classification of cities to correct the names of cities that have changed and to delete the names of listed cities that are no longer incorporated as cities.

(5) Section 6 of this Act amends KRS 134.452 to correct an improper formatting and an incorrect reference to text in subsection (1)(c)2.d. of that statute that was not conformed to the renumbered text contained in 2012 Ky. Acts ch. 161, sec. 13. Subsection (1)(c)2. of that statute has been correctly subdivided and renumbered and the corresponding reference in current subsection (1)(c)2. has been amended to conform.

(6) Section 7 of this Act amends KRS 161.046 to delete a reference to KRS 161.603, which was repealed in 2008 (1st Extra. Sess.) Ky. Acts ch. 1, sec. 42. This conforming amendment should have been included in that Act, but was inadvertently omitted.

(7) Section 8 of this Act amends KRS 186.574 to correct a reference to the statute requiring motor vehicle owners to have liability insurance, KRS 304.39-080. KRS 186.574 authorizes a county attorney to operate a pre-adjudication traffic school for traffic offenders. However, from the record, it is clear that persons charged with failure to have current motor vehicle liability insurance, among others, were to be ineligible for the county attorney-operated traffic school. The correct citation to the statute requiring motor vehicle liability insurance replaces the incorrect one included in 2012 Ky. Acts ch. 107, sec. 1.

(8) Section 9 of this Act amends KRS 189A.345 to correct two improper references to other statutes made when KRS 189A.345 was created in 2000. 2000 Ky. Acts ch. 467, sec. 28, created KRS 189A.345 and made a reference in subsection (2)(a) of that statute to "subsection (2) of Section 27 of this Act or under subsection (2)(b) of Section 17 of this Act." Section 27 of 2000 Ky. Acts ch. 467 created a new section of KRS Chapter 189A, which was subsequently numbered as KRS 189A.340. However, that reference was improperly codified as "KRS 189.340(2)" instead. KRS 189A.340 was again amended in 2002 to delete subsection (1), so subsection (2) then became subsection (1), making the correct citation now read "KRS 189A.340(1)." Section 17 of 2000 Ky. Acts ch. 467 amended KRS 189A.410, which should have made the reference read "KRS 189A.410(2)(b)." However, in codification, that reference was improperly codified as "KRS 189A.440(2)(b)" instead. Section 9 corrects these two codification errors.

(9) Section 10 of this Act amends KRS 218A.1438, to correct an incorrect citation to KRS 218A.1442 in subsection (1) of that statute. 2005 Ky. Acts ch. 150, sec. 11, amended KRS 218A.1438 and contained the phrase "Notwithstanding Section 3 of this Act," at the beginning of that section. Section 3 of that Act was a newly created section, which was codified as KRS 218A.1442, and deals with controlled substance endangerment to children. The drafter of that Act has indicated that the reference should have been to "Section 6 of this Act," a newly created section, which was codified as KRS 218A.1446, and deals with requirements for dispensing certain nonprescription drugs. KRS 218A.1438 is being amended to correct this manifest clerical or typographical error.

(10) Section 11 of this Act amends KRS 248.725 to correct a drafting oversight in the preparation of the Free Conference Committee Report for 2000 HB 611, relating to the Tobacco Master Settlement Agreement. In the Free Conference Committee Report, it was intended that "rural development advisory council" be changed to "agricultural development council" throughout. However, one reference in Section 13 of that report, which was codified as KRS 248.725, was inadvertently not changed. Therefore, KRS 248.725 is being amended to correct that oversight.

(11) Section 12 of this Act amends KRS 446.140 to change a reference to KRS 355.1-109, which was repealed in 2006, to correct the citation to current law, KRS 355.1-107.

(12) Section 13 of this Act repeals KRS 216B.0422. Two bills enacted during the 2000 Regular Session, SB 330 and SB 339, each created new sections of KRS Chapter 216B which contained identical text. In codification, two new statutes, KRS 216B.0422 and 216B.0445 were inadvertently created instead of only the one new statute that was necessary. As KRS 216B.0445 became effective earlier than KRS 216B.0422, KRS 216B.0445 is being retained and KRS 216B.0422 is being repealed to eliminate the confusion caused by the duplicative statutes.

PART B

REPEALED AND REENACTED STATUTE

➔Section 2. KRS 38.030 is repealed and reenacted to read as follows:

- (1) Only the Governor shall have the authority to order units and members of the Kentucky National Guard into state active duty.
 - (a) The Governor may order units and individual members of the Kentucky National Guard into state active duty for any of the following purposes:
 1. Protecting lives and property;
 2. Assisting in disaster relief or other humanitarian efforts;
 3. Preventing or suppressing riot or civil disorder;
 4. Enforcing the laws of the Commonwealth; or
 5. Other similar purpose.
 - (b) In addition to ordering personnel and units to state active duty, the Governor may order other members of the Kentucky National Guard to participate in or perform duty in support of state active duty missions notwithstanding the fact that they are then entitled to receive federal pay and allowances pursuant to Title 32 of the United States Code. The personnel may be ordered to perform state active duty support missions either prior to, during, or after the time that state active duty missions are planned or performed.
 - (c) Members of the National Guard who are ordered to perform duty as provided in subsection (1)(b) of this section while they are entitled to receive federal pay under Title 32 of the United States Code shall have all of the powers, immunities, and benefits conferred by law upon persons ordered to state active duty except that they shall receive no additional pay for the duty and the provisions of KRS 38.235 shall not apply to them. The powers, immunities, and benefits conferred upon those persons shall be in addition to, and not in place of, those powers, immunities, and benefits provided under federal law.
 - (d) Any member of the National Guard may, with his consent, be ordered to state active duty without pay.
- (2) The Governor may direct the commanding officer of the military forces ordered to state active duty to report to any civil officer, including, but not limited to, judge, county judge/executive, mayor, sheriff, or head of law enforcement or other public agency in whose jurisdiction the state active duty mission is to be performed. The civil officer may advise the commanding officer regarding the specific objectives to be accomplished by the military force, but the tactical direction and disposition of the troops and the particular means to be employed to accomplish the mission shall be left solely to the commanding officer of the National Guard.
- (3) Troops shall not be relieved from active field service except by order of the Governor.
- (4) National Guard officers, enlisted soldiers, and airmen who are temporarily or permanently disabled as a direct result of an injury or disease arising out of the performance of an act in the line of duty while on state active duty shall, at the discretion of the Governor, remain on paid state active duty status until a competent medical authority releases them to return to their normal activities or the Governor deems it appropriate to relieve the individual from state active duty status. Compensation paid to the soldier or airman by the department shall be adjusted and maintained at the soldier's or airman's regular rate of active duty pay; however, compensation paid by the department shall be reduced by the amount of payments received from workers' compensation insurance, Social Security benefits, and other federal or state-financed disability programs designed to supplement the soldier's or airman's income. Final compensation shall not be reduced by payments for medical care.

PART C

AMENDED STATUTES

➔Section 3. KRS 6.505 is amended to read as follows:

- (1) (a) Each legislator in office on July 1, 1980, may within thirty (30) days after that date, and any legislator thereafter taking office may within thirty (30) days after the date thereof, elect to make monthly contributions to the Legislators' Retirement Plan, in an amount equal to five percent (5%) of his monthly creditable compensation, as defined in KRS 61.510(13). The election shall be effective to establish membership in the plan as of July 1, 1980, or as of the date from which the thirty (30) day period is measured, as the case may be. Provided, however, that any legislator who was in office on July 1, 1980, and who is in office at the time he makes the election may, after the expiration of the thirty (30) day period and until May 1, 1982, make the election, in which event he shall pay to the Legislators' Retirement Plan, for the months between July 1, 1980, and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system under KRS 6.535, will equal the member's contribution required by this section. If the member makes his election after February 1, 1981, he shall in addition pay to the plan interest on the foregoing sum, at six percent (6%) per annum, calculated as if the sum consisted of equal monthly payments, one (1) of which was due at the end of each month between July 1, 1980, and the date the election was made. The election shall be addressed to and filed with the secretary of the Finance and Administration Cabinet and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five percent (5%) thereof, as a voluntarily elected contribution by the member towards the funding of the Legislators' Retirement Plan.
- (b)
 1. For a member who begins participating in the Legislators' Retirement Plan prior to January 1, 2014, the election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530.
 2.
 - a. For members who begin participating in the Legislators' Retirement Plan on or after January 1, 2014, the General Assembly reserves the right to amend, suspend, or reduce the benefits and rights provided under KRS 6.500 to 6.577 if, in its judgment, the welfare of the Commonwealth so demands, except that the amount of benefits the member has accrued at the time of amendment, suspension, or reduction shall not be affected.
 - b. For purposes of this subparagraph, the amount of benefits the member has accrued at the time of amendment, suspension, or reduction shall be limited to the accumulated account balance the member has accrued at the time of amendment, suspension, or reduction.
 - c. The provisions of this subsection shall not be construed to limit the General Assembly's authority to change any other benefit or right specified by KRS 6.500 to 6.577, for members who begin participating in the Legislators' Retirement Plan on or after January 1, 2014, except the benefits specified by subparagraph 2.b. of this paragraph.
 3. The provisions of this paragraph shall not be construed to limit the General Assembly's authority to amend, reduce, or suspend the benefits and rights of members of the Legislators' Retirement Plan as provided by KRS 6.500 to 6.577 that the General Assembly had the authority to amend, reduce, or suspend, prior to July 1, 2013.
- (c) An election once made under this section either to participate or not to participate in the Legislators' Retirement Plan, shall be considered to apply to all future service as a legislator, whether in the same or a different office as a legislator, and whether or not it is in successive terms.
- (d) Notwithstanding the provisions of this subsection:
 1. A legislator who becomes a member of the Legislators' Retirement Plan on or after September 1, 2008, but prior to January 1, 2014, shall make monthly contributions to the Legislators' Retirement Plan in an amount equal to six percent (6%) of his monthly creditable compensation, as defined in KRS 61.510(13).
 2. A legislator who becomes a member of the Legislators' Retirement Plan on or after January 1, 2014, shall make monthly contributions to the Legislators' Retirement Plan in an amount equal to six percent (6%) of his or her monthly creditable compensation, as defined in KRS 61.510(13), of which:
 - a. Five percent (5%) of his or her monthly creditable compensation, as defined in KRS 61.510(13), shall be used to provide funding for benefits provided under KRS 21.402; and

- b. One percent (1%) of his or her monthly creditable compensation, as defined in KRS 61.510(13), shall be used exclusively to help fund retiree health benefits as provided by KRS 6.577 and shall not be refunded to the member if the member withdraws his or her accumulated account balance as provided by KRS 21.460. The amounts deducted under this subdivision shall be credited to an account established pursuant to 26 U.S.C. sec. 401(h), within the fund established by KRS ~~6.530~~~~6.350~~.
- (2) A legislator entitled to elect membership in the retirement system who failed to elect membership within thirty (30) days after taking office may elect membership not later than August 31, 2005. An election, upon being made pursuant to this section, shall operate to create an inviolable contract between the member entitled to elect membership under this subsection and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of KRS 6.500 to 6.577.
- (3) When any legislator makes a delayed election of membership in the Legislators' Retirement Plan under subsection (2) of this section, his active membership in the Kentucky Employees Retirement System shall terminate, as of the date his membership in the Legislators' Retirement Plan becomes effective, and any credit in the Kentucky Employees Retirement System, earned for service as a legislator, which he then has or which he subsequently regains while being an active member of the Legislators' Retirement Plan, shall be transferred to and counted as service credit in the Legislators' Retirement Plan, and shall no longer constitute credit in the Kentucky Employees Retirement System, except for the purpose of validating any other credit in that system if the member pays the difference, if any, between the amount transferred from the Kentucky Employees Retirement System and the actuarial value of the transferred service. However, any credit he then has in the Kentucky Employees Retirement System, earned for service in any capacity other than a legislator, shall not be affected. No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section for the same period of service. When credit is transferred from the Kentucky Employees Retirement System to the Legislators' Retirement Plan, the Kentucky Employees Retirement System shall transfer to the Legislators' Retirement Fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the Kentucky Employees Retirement System in effect at the time the contributions were made, compounded annually at that same interest rate.
- (4) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). The picked-up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. The state shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 6.500 to 6.535 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.
- (5) When any legislator elects membership in the Legislators' Retirement Plan in accordance with this section, his active membership in the Kentucky Employees Retirement System, State Police Retirement System, County Employees Retirement System, or Teachers' Retirement System shall terminate, as of the date his membership in the Legislators' Retirement Plan becomes effective, and any credit in such other system or systems, earned for service as a legislator, which he then has or which he subsequently regains while being an active member of the Legislators' Retirement Plan, shall be transferred to and counted as service credit in the Legislators' Retirement Plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected. No person may attain credit in more than one (1) of the retirement plans or systems mentioned in this section, for the same period of service.
- (6) A member of the Legislators' Retirement Plan who would be entitled, under KRS 61.552, to repurchase credit in the Kentucky Employees Retirement System, for previous service as a legislator, which credit had been lost by refund of contributions, may pay the amount required by KRS 61.552 directly to the Legislators' Retirement Plan and thereby obtain credit in that plan for such service, rather than making payment to the Kentucky Employees Retirement System for credit which would be transferred to the Legislators' Retirement Plan. In such event, the Kentucky Employees Retirement System shall transfer to the Legislators' Retirement Plan an amount equal to the employer's contributions that originally were made to the Kentucky Employees Retirement System for the regained service credit, with interest as provided in KRS 6.535. Six (6) months'

current service shall be required in the Legislators' Retirement Plan in order for the repurchased credit to remain in force, the same as provided in KRS 61.552. Service purchased under this subsection on or after January 1, 2014, shall not be used to determine the member's participation date in the Legislators' Retirement Plan.

➔Section 4. KRS 75.031 is amended to read as follows:

- (1) (a) Upon creation of a fire protection district or a volunteer fire department district as provided in KRS 75.010, the affairs of the district shall be conducted by the board of trustees consisting of seven (7) members, four (4) to be elected by the members of the district as hereinafter set out and three (3) to be appointed by the county judge/executive or mayor in a consolidated local government pursuant to the provisions of KRS 67C.139. Two (2) members of the board of trustees shall be elected by the members of the firefighters of the district and shall be members of the district. Two (2) members of the board of trustees shall be property owners who own real or personal property which is subject to the fire protection tax pursuant to KRS 75.040, who personally reside in the district, and who are not active firefighters and shall be elected by the property owners of the district. Property owners voting to select representatives to the board of trustees shall have attained the age of eighteen (18). The county judge/executive of the county in which the greater part of the district is located shall, with the approval of the fiscal court, appoint three (3) members of the board of trustees. In counties containing a city of the first class, trustees appointed by the county judge/executive to serve in volunteer fire prevention districts shall reside within the boundaries of that county. In counties governed by a consolidated local government, trustees appointed by the mayor to serve in volunteer fire prevention districts shall reside within the boundaries of the consolidated local government. At the first election held after the district is formed, one (1) firefighter shall be elected to serve on the board of trustees for a period of one (1) year and one (1) for a period of three (3) years, and one (1) nonfirefighter property owner shall be elected to serve on the board of trustees for a period of two (2) years and one (1) for a period of four (4) years. On the expiration of the respective terms, the successor to each shall have the same qualifications as his or her predecessor and shall be elected for a term of four (4) years. The original appointed members of the board of trustees shall be appointed for terms of one (1), two (2), and three (3) years respectively. On the expiration of the respective terms, the successors to each shall be appointed for a term of three (3) years. Upon the establishment of a consolidated local government, incumbent members shall continue to serve until the expiration of their current term of office. In the event of a vacancy in the term of an appointed or elected trustee, the county judge/executive shall appoint with the approval of the fiscal court a trustee for the remainder of the term, except in a county containing a consolidated local government. In a county containing a consolidated local government, the mayor pursuant to the provisions of KRS 67C.139 shall appoint a trustee for the remainder of the term.
- (b) An appointed trustee may be removed from office as provided by KRS 65.007.
- (c) No person shall be an elected trustee who, at the time of his or her election, is not a citizen of Kentucky and has not attained the age of twenty-one (21).
- (d) Unless otherwise provided by law, an elected firefighter trustee may be removed from office by the mayor of a consolidated local government, or in a county not containing a consolidated local government, by the county judge/executive of the county in which the greater part of the district is located. An elected firefighter trustee may be removed after a hearing with notice as required by KRS Chapter 424, for inefficiency, neglect of duty, malfeasance, or conflict of interest. The hearing shall be initiated and chaired by the county judge/executive of a county or the mayor of a consolidated local government, who shall prepare a written statement setting forth the reasons for removal. The trustee to be removed shall be notified of his or her proposed removal and the reasons for the proposed removal by registered mail sent to his or her last known address at least ten (10) days prior to the hearing. The person proposed to be removed may employ counsel to represent him or her. A record of the hearing shall be made by the county judge/executive or mayor respectively.
- (e) The removal of an elected firefighter trustee of a fire protection district shall be subject to the approval of the fiscal court of the county in which the greater part of the district is located in those counties not containing a consolidated local government or the legislative council in a county containing a consolidated local government.
- (f) An elected firefighter trustee removed pursuant to paragraphs ~~(c) and~~ (d) **and (e)** of this subsection may appeal, within ten (10) days of the rendering of the decision of the fiscal court or legislative council, respectively, to the Circuit Court of the county in which the greater part of the district is

located. The scope of the appeal shall be limited to whether the county judge/executive, mayor, legislative council, or the fiscal court respectively, abused their discretion in removing the trustee.

- (2) The elective offices of members of the board of trustees shall be filled by an election to be held once each year on the fourth Saturday of June between the hours of 11:00 a.m. and 2:00 p.m. The polls shall be located at the principal fire house in the district. The date, time, and place of the election shall be advertised in accordance with KRS 424.120. This notice shall be advertised at least thirty (30) days prior to the election date and shall include the names and addresses of the candidates to be voted on for each position of trustee. In lieu of the published notice for the election of the firefighter trustees, written notice containing the information required to be advertised may be sent by first-class mail to each member of the firefighters of the fire protection district or volunteer fire department district, addressed to the firefighter at his or her residence, at least thirty (30) days prior to the election date. The nominations for candidates for trustees both representing the firefighters and the property owners residing in the district shall be made in accordance with the bylaws of the department. The terms of the three (3) trustees appointed by the county judge/executive or mayor shall start at the same time as the terms of the elected trustees. On or before the beginning of the second fiscal or calendar year, depending on which basis the fire protection or volunteer fire department district is being operated, after June 16, 1966, all departments organized prior to June 16, 1966, shall increase their boards of trustees from three (3) to seven (7) members and elect the elective members in the manner set forth herein.
- (3) The trustees shall elect from their number a chairman, a secretary, and a treasurer, the latter of whom shall give bond in an amount as shall be determined by the county judge/executive of the county in which the greater part of the fire protection district is located or the mayor in a consolidated local government, conditioned upon the faithful discharge of the duties of his or her office, and the faithful accounting for all funds which may come into his or her possession as treasurer. The premiums on the bonds shall be paid out of the funds of the district.

➔Section 6. KRS 134.452 is amended to read as follows:

- (1) Notwithstanding any other provisions of this chapter, a third-party purchaser of a certificate of delinquency shall be entitled to collect only the following prelitigation fees:

- (a) The amount actually paid for the certificate of delinquency;
- (b) Interest as provided in KRS 134.125, calculated on the amount actually paid to the county clerk from the date the certificate of delinquency was purchased until paid; and
- (c)
 - 1. Prelitigation attorneys' fees, which may include amounts incurred for collection efforts and costs related to notification, processing, research, communication, compliance, legal costs, documentation, and similar expenses, from the date the third-party purchaser purchases the certificate of delinquency from the county clerk, to the date on which the notice required by KRS 134.490(2) is mailed by the third-party purchaser.
 - 2. The amount that may be collected by the third-party purchaser as prelitigation attorneys' fees shall be subject to the following limitations:
 - ~~[2.—]~~a. *i.* If the amount paid for a certificate of delinquency is between five dollars (\$5) and three hundred fifty dollars (\$350), actual reasonable fees incurred up to one hundred percent (100%) of the amount of the certificate of delinquency, not to exceed three hundred fifty dollars (\$350);
 - ii.*~~[b.—]~~ If the amount paid for a certificate of delinquency is between three hundred fifty-one dollars (\$351) and seven hundred dollars (\$700), actual reasonable fees incurred up to eighty percent (80%) of the amount of the certificate of delinquency, not to exceed five hundred sixty dollars (\$560); and
 - iii.*~~[c.—]~~ If the amount paid for a certificate of delinquency is above seven hundred one dollars (\$701), actual reasonable fees incurred up to seventy percent (70%) of the amount of the certificate of delinquency, not to exceed seven hundred dollars (\$700); *and*~~[d.—]~~
 - b.*~~[d.—]~~ If a third-party purchaser is the owner of more than one (1) certificate of delinquency against the same taxpayer, actual and reasonable prelitigation attorneys' fees for all certificates of delinquency against the same taxpayer shall not exceed one and one-half (1.5) times the maximum amount permitted in *subdivision a. of this*

~~subparagraph~~ ~~paragraph (a) of this subsection~~ for the largest tax bill owed by the taxpayer. ~~and~~

3. The amounts allowed by subparagraph 2. of this paragraph shall not accrue to the account of the delinquent taxpayer, nor be charged by the third-party purchaser against the delinquent taxpayer all at one (1) time unless the amount of certificate of delinquency is one hundred seventy-five dollars (\$175) or less. The third-party purchaser may accrue to the account of the delinquent taxpayer, and charge the delinquent taxpayer an amount equal to the lesser of prelitigation attorney's fees incurred by the third-party purchaser since the prior notice was sent or one hundred seventy-five dollars (\$175), for each notice sent to the delinquent taxpayer, provided that:
 - a. The total aggregate amount of prelitigation attorneys' fees that may accrue to the account of the delinquent taxpayer and be charged by the third-party purchaser against the delinquent taxpayer shall not exceed the limitations established by paragraph (a) of this subsection; and
 - b. Additional fees shall not accrue to the account of the delinquent taxpayer or be charged by the third-party purchaser against the delinquent taxpayer more frequently than every ninety (90) days, regardless of how many notices the third-party purchaser may send.
 - (2) If the delinquent taxpayer and the third-party purchaser enter into a payment agreement, the third-party purchaser may collect the installment payment processing fee authorized by KRS 134.490(5).
 - (3) (a) In addition to the fees established by subsections (1), (2), and (4) of this section, a third-party purchaser may collect actual, reasonable attorneys' fees and costs that arise due to the prosecution of collection remedies or the protection of a certificate of delinquency that is involved in litigation. Fees and costs permitted under this subsection include fees and costs incurred from the first day after the notice required by KRS 134.490(2) is sent through the day any litigation is finally concluded.
 - (b) For purposes of this subsection:
 1. Actual attorneys' litigation fees up to two thousand dollars (\$2,000) may be reasonable if the fees are based upon documented work performed at a rate commensurate with hourly rates customarily charged by private attorneys in that jurisdiction for similar services. A flat rate, without hours documented for work performed, may be reasonable if the flat fee is determined to be discounted from the usual and customary rates for comparable work; and
 2. Any attorneys' litigation fee in excess of two thousand dollars (\$2,000) shall be allowed if authorized by the court upon a finding that the third-party purchaser incurred actual attorneys' litigation fees in excess of two thousand dollars (\$2,000) and that those attorneys' litigation fees were warranted based upon the complexity of the issues presented in the litigation.
 - (4) The third-party purchaser may collect administrative fees incurred for preparing, recording, and releasing an assignment of the certificate of delinquency in the county clerk's office, not to exceed one hundred fifteen dollars (\$115).
 - (5) The General Assembly recognizes that third-party purchasers play an important role in the delinquent tax collection system, allowing taxing districts to receive needed funds on a timely basis. The General Assembly has carefully considered the fees and charges authorized by this section, and has determined that the amounts established are reasonable based on the costs of collection and fees and charges incurred in litigation.
 - (6) A certificate of delinquency owned by a third-party purchaser shall be deemed a general intangible for the purposes of Article 9 of KRS Chapter 355.
- ➔Section 7. KRS 161.046 is amended to read as follows:
- (1) For purposes of this section, "adjunct instructor" means an individual who has training or experience in a specific subject area and who has met the requirements for certification as an adjunct instructor established by the Education Professional Standards Board.
 - (2) The Education Professional Standards Board shall adopt administrative regulations governing the qualifications and utilization of adjunct instructors. These administrative regulations shall specify the minimum essential competencies which must be demonstrated by persons seeking an adjunct instructor certificate.

- (3) Holders of an adjunct instructor certificate shall be employed on an annual contract basis and shall not be eligible for continuing service status pursuant to KRS 161.740 or for the retirement provisions of KRS 161.220 through 161.714, except that the return to work limitations set forth in KRS ~~161.603 and~~ 161.605 shall apply to any retired member of the Kentucky Teachers' Retirement System who resumes employment as an adjunct instructor. The granting of successive annual contracts to the holder of an adjunct instructor certificate shall not give rise to a claim of expectation of continuing employment.
- (4) Local school boards may contract with certificated adjunct instructors for part-time services on an hourly, daily, or other periodic basis as best meets the needs of the board. An adjunct instructor shall not fill a position that will result in the displacement of a qualified teacher with a regular certificate who is already employed in the district.
- (5) An orientation program shall be developed and implemented for adjunct instructors by the local school board.

➔Section 8. KRS 186.574 is amended to read as follows:

- (1) The Transportation Cabinet shall establish a state traffic school for new drivers and for traffic offenders. The school shall be composed of uniform education and training elements designed to create a lasting influence on new drivers and a corrective influence on traffic offenders. District Courts may in lieu of assessing penalties for traffic offenses, other than for KRS 189A.010, sentence offenders to state traffic school and no other. The Transportation Cabinet shall enroll a person in state traffic school who fails to complete a driver's education course pursuant to KRS 186.410(5).
- (2) If a District Court stipulates in its judgment of conviction that a person attend state traffic school, the court shall indicate this in the space provided on the abstract of conviction filed with the Transportation Cabinet. Upon receipt of an abstract, the Transportation Cabinet, or its representative, shall schedule the person to attend state traffic school. Failure of the person to attend and satisfactorily complete state traffic school in compliance with the court order, may be punished as contempt of the sentencing court. The licensor may require in the application, or otherwise, information relating to the applicant's solvency, his financial standing, or other pertinent matter commensurate with the safeguarding of the public interest in the locality in which the applicant proposes to engage in business. The information may be considered by the licensor in determining the fitness of the applicant to engage in business as set forth in this section.
- (5) All licenses shall be granted or refused within thirty (30) days after submission of a complete application and shall expire, unless revoked or suspended, on December 31 of the calendar year for which they are granted. A change of location shall require a new application. ***A motor vehicle dealer who is not a new motor vehicle dealer licensee may conduct a temporary sale or display in the county where the dealer is licensed to conduct business. A new motor vehicle dealer may conduct a temporary sale or display in the dealer's market area as defined in KRS 190.047(6). A temporary sale or display under this subsection shall be allowed*** if the temporary sale or display is permitted under an enabling ordinance enacted by the city, county, urban-county, or consolidated local government within whose boundaries the temporary sale or display is to be conducted. The commission may promulgate administrative regulations to permit the applicant to submit evidence, in lieu of posting bond, that reliable financial arrangements, deposits, or commitments exist providing assurance, substantially equivalent to that afforded by a bond complying with this subsection, for payment on conditions and indemnity set forth in this subsection. In circumstances where a customer's or other person's vehicle is out of use because of breakdown, repair, or servicing and a motor vehicle is loaned, with or without consideration, the coverage mandated by this section shall be in excess of, and be deemed secondary to, the collision, bodily injury, and property damage liability coverage under a customer's or other person's own coverage for that person's own negligence; otherwise the coverage mandated by this section shall be primary.
- (2) The amount of insurance shall be ***two hundred fifty***~~one hundred~~ thousand dollars ***(\$250,000)***~~(\$100,000)~~ for bodily injury or death of any one (1) person; ***five***~~three~~ hundred thousand dollars ***(\$500,000)***~~(\$300,000)~~ for bodily injury or death in any one (1) accident; and ***two hundred fifty*** thousand dollars ***(\$250,000)***~~(\$50,000)~~ property damage. Upon the cancellation of any bond or insurance policy required, the right to engage in the business of a motor vehicle dealer or wholesaler shall immediately abate. If the bond or insurance policy is reinstated within thirty (30) days from the date of cancellation, the rights granted by the license shall again be in force and effect; otherwise, the license shall become void.
- (4) ***A dealer that has a certificate of authority from the Department of Insurance demonstrating proof of self-insurance is exempt from this section.***

As used in KRS 278.700 to 278.716, unless the context requires otherwise:

- (1) "Board" means the Kentucky State Board on Electric Generation and Transmission Siting created in KRS 278.702;
- (2) "Merchant electric generating facility" means, except for a qualifying facility as defined in subsection (7) of this section, an electricity generating **facility or facilities that plant**, together with **all** associated **structures and facilities**~~[-that]~~:
 - (a) ~~Are~~~~Is~~ capable of operating at **an aggregate**~~[-a]~~ capacity of ten megawatts (10MW) or more; and
 - (b) ~~Sell~~~~Sells~~ the electricity **they produce**~~[-it produces]~~ in the wholesale market, at rates and charges not regulated by the Public Service Commission;
- (3) "Person" means any individual, corporation, public corporation, political subdivision, governmental agency, municipality, partnership, cooperative association, trust, estate, two (2) or more persons having a joint or common interest, or any other entity, and no portion of KRS 224.10-280, 278.212, 278.214, 278.216, 278.218, and 278.700 to 278.716 shall apply to a utility owned by a municipality unless the utility is a merchant plant as defined in this section;
- (4) "Commence to construct" means physical on-site placement, assembly, or installation of materials or equipment which will make up part of the ultimate structure of the facility. In order to qualify, these activities must take place at the site of the proposed facility or must be site-specific. Activities such as site clearing and excavation work will not satisfy the commence to construct requirements;
- (5) "Nonregulated electric transmission line" means an electric transmission line and related appurtenances for which no certificate of public convenience and necessity is required; which is not operated as an activity regulated by the Public Service Commission; and which is capable of operating at or above sixty-nine thousand (69,000) volts;
- (6) "Residential neighborhood" means a populated area of five (5) or more acres containing at least one (1) residential structure per acre;
- (7) "Qualifying facility" means a cogeneration facility as defined in 16 U.S.C. sec. 796(18)(b) which does not exceed a capacity of one hundred fifty megawatts (150MW) that is located on site at a manufacturer's plant and that uses steam from the cogeneration facility in its manufacturing process, or an industrial energy facility as defined in KRS 224.1-010 that does not generate more than one hundred fifty megawatts (150MW) for sale and has received all local planning and zoning approvals; and
- (8) "Carbon dioxide transmission pipeline" means the in-state portion of a pipeline, including appurtenant facilities, property rights, and easements, that is used exclusively for the purpose of transporting carbon dioxide to a point of sale, storage, or other carbon management applications.

➔Section 2. KRS 278.704 is amended to read as follows:

- (1) No person shall commence to construct a merchant electric generating facility until that person has applied for and obtained a construction certificate for the facility from the board. The construction certificate shall be valid for a period of two (2) years after the issuance date of the last permit required to be obtained from the Energy and Environment Cabinet after which the certificate shall be void. The certificate shall be conditioned upon the applicant obtaining necessary air, water, and waste permits. If an applicant has not obtained all necessary permits and has not commenced to construct prior to the expiration date of the certificate, the applicant shall be required to obtain a valid certificate from the board.
- (2) Except as provided in subsections (3), (4), and (5) of this section, no **construction certificate shall be issued**~~[-person shall commence]~~ to construct a merchant electric generating facility unless the exhaust stack of the proposed facility **and any wind turbine** is at least one thousand (1,000) feet from the property boundary of any adjoining property owner and **all proposed structures or facilities used for generation of electricity are** two thousand (2,000) feet from any residential neighborhood, school, hospital, or nursing home facility. **For**

purposes of applications for site compatibility certificates pursuant to KRS 278.216, only the exhaust stack of the proposed facility to be actually used for coal or gas-fired generation or, beginning with applications for site compatibility certificates filed on or after January 1, 2015, the proposed structure or facility to be actually used for solar or wind generation shall be required to be at least one thousand (1,000) feet from the property boundary of any adjoining property owner and two thousand (2,000) feet from any residential neighborhood, school, hospital, or nursing home facility.

- (3) If the merchant electric generating facility is proposed to be located in a county or a municipality with planning and zoning, then setback requirements from a **property boundary**, residential neighborhood, school, hospital, or nursing home facility may be established by the planning and zoning commission. Any setback established by a planning and zoning commission for a facility in an area over which it has jurisdiction shall:
 - (a) Have primacy over the setback requirement in subsections (2) and (5) of this section; and
 - (b) Not be subject to modification or waiver by the board through a request for deviation by the applicant, as provided in subsection (4) of this section.
- (4) The board may grant a deviation from the requirements of subsection (2) of this section on a finding that the proposed facility is designed **to** and, **as** located, **would** ~~to~~ meet the goals of KRS 224.10-280, 278.010, 278.212, 278.214, 278.216, 278.218, and 278.700 to 278.716 at a distance closer than those provided in subsection (2) of this section.
- (5) If the merchant electric generating facility is proposed to be located on a site of a former coal processing plant in the Commonwealth where the electric generating facility will utilize on-site waste coal as a fuel source, then the one thousand (1,000) foot property boundary requirement in subsection (2) of this section shall not be applicable; however, the applicant shall be required to meet any other setback requirements contained in subsection (2) of this section.
- (6) *If requested, a merchant electric generating entity considering construction of a facility for the generation of electricity or a person acting on behalf of such an entity shall hold a public meeting in any county where acquisition of real estate or any interest in real estate is being considered for the facility. A request for such a meeting may be made by the commission, or by any city or county governmental entity, including a board of commissioners, planning and zoning, fiscal court, mayor, or county judge/executive. The meeting shall be held not more than thirty (30) days from the date of the request.*
- (7) *The purpose of the meeting under subsection (6) of this section is to fully inform landowners and other interested parties of the full extent of the project being considered, including the project time line. One (1) or more representatives of the entity with full knowledge of all aspects of the project shall be present and shall answer questions from the public.*
- (8) *Notice of the time, subject, and location of the meeting under subsection (6) of this section shall be posted in both a local newspaper, if any, and a newspaper of general circulation in the county. Notice shall also be placed on the Web sites of the unregulated entity, and any local governmental unit. Owners of real estate known to be included in the project and any person whose property adjoins at any point any property to be included in the project shall be notified personally by mail. All notices must be mailed or posted at least two (2) weeks prior to the meeting.*
- (9) *The merchant electric generating entity or a person acting on behalf of a merchant electric generating entity shall, on or before the date of the public meeting held under subsection (6) of this section, provide notice of all research, testing, or any other activities being planned or considered to:*
 - (a) *The Energy and Environment Cabinet;*
 - (b) *The Public Service Commission;*
 - (c) *The Transportation Cabinet;*
 - (d) *The Attorney General; and*
 - (e) *The Office of the Governor.*
- (10) *A person that, on or before the effective date of this Act, has started acquiring interests in real estate for a project as described in subsection (6) of this section shall hold a meeting that complies with this section within thirty (30) days of the effective date of this Act.*
- (11) *Subsections (6) to (10) of this section shall not apply to any facility or project that has already received a certificate of construction from the board.*

➔Section 3. KRS 278.706 is amended to read as follows:

- (2) When considering an application for a construction certificate for a merchant electric generating facility, the board may consider the policy of the General Assembly to encourage the use of coal as a principal fuel for electricity generation as set forth in KRS 152.210, provided that any facility, regardless of fuel choice, shall comply fully with KRS 224.10-280, 278.212, 278.216, and 278.700 to 278.716.

- (3) A person that has received a construction certificate for a merchant electric generating facility shall not transfer rights and obligation under the certificate without having first applied for and received a board determination that:
- (a) The acquirer has a good environmental compliance history; and
 - (b) The acquirer has the financial, technical, and managerial capacity to meet the obligations imposed by the terms of the approval or has the ability to contract to meet these obligations.

➔Section 6. KRS 278.714 is amended to read as follows:

- (1) No person shall commence to construct a nonregulated electric transmission line or a carbon dioxide transmission pipeline without a construction certificate issued by the board. An application for a construction certificate shall be filed at the offices of the Public Service Commission along with an application fee as set forth in subsection (6) of this section. The board may hire a consultant to review the transmission line or carbon dioxide pipeline and provide recommendations concerning the adequacy of the application and proposed mitigation measures. Action to grant the certificate shall be based on the board's determination that the proposed route of the pipeline will minimize significant adverse impact on the scenic assets of Kentucky and that the applicant will construct and maintain the line according to all applicable legal requirements. In addition, the board may consider the interstate benefits expected to be achieved by the proposed carbon dioxide transmission pipeline in the Commonwealth. If the board determines that locating the transmission line will result in significant degradation of scenic factors or if the board determines that locating the carbon dioxide transmission line will be in violation of applicable legal requirements, the board may deny the application or condition the application's approval upon relocation of the route of the pipeline.

➔SECTION 7. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

The fiscal court may also fix the reasonable maximum amount that the officer may expend each year for expenses of his office. If the member has not attained the age of fifty-one (51) or would not have attained the age of fifty-one (51) in the event the member is deceased, then the member or survivor shall receive increases of two percent (2%) compounded annually until the member attains or would have attained age fifty-one (51), at which time the same annual increase granted to retirees who retired pursuant to KRS 67A.690(1) shall apply. In addition, each annuitant or surviving spouse or eligible child shall receive a one-time lump-sum payment of five hundred dollars (\$500).

- (4) The provisions of subsection (3) of this section shall not apply to any retiree or surviving spouse who receives a minimum retirement annuity, annually adjusted, pursuant to 1972 Acts Chapter 185, Section 1, but each such retiree or surviving spouse shall receive a one-time lump-sum payment of five hundred dollars (\$500). If, in the future, any retiree or spouse annuity granted pursuant to this section falls below the adjusted minimum annuity, the affected retiree or spouse shall be granted, from that time forward, the adjusted minimum annuity calculated pursuant to 1972 Acts Chapter 185, Section 1.

- (1) The initial unit of the district embraces the area that is coterminous with the boundaries of the city ***forming a district pursuant to Section 47 of this Act***~~[of the first or second class]~~. The district also embraces the district area as defined in KRS 76.005. When territory which is part of a construction subdistrict is annexed to the city~~[of the first or second class]~~, that territory shall not become part of the district area during the existence of the construction subdistrict. When the existence of the construction subdistrict is wound up under KRS 76.271, the territory therein shall become a part of the district area if it is then a part of the city~~[of the first or second class]~~ or whenever it is annexed by the city~~[of the first or second class]~~. When a construction subdistrict consisting of territory outside the city~~[of the first or second class]~~ is wound up, the board of the district shall incorporate the territory into the district area under conditions of KRS 76.271. The district may also expand the district area by constructing and extending its initial sewer and drainage system and facilities beyond the corporate limits of the city~~[of the first or second class]~~ and within the county in which the city is located whenever the district and the owners of real property to be served and located outside the limits of the city, by appropriate written instrument, agree as to apportionment of any and all costs of construction work, subsequent maintenance and operation appertaining thereto, and as to payments by the owners of the real property, of rates, rentals and charges for the services and facilities to be thus afforded and for that portion of the district's capital costs, equitably allocable to the real property. Thereupon the real property served becomes a part of the district area. In a like manner and upon the same conditions, the district may construct and extend its sewer and drainage system and facilities so as to serve all or any part of any other city or other incorporated area located in the same county, pursuant to a written agreement between the district and the other city or incorporated area approved by their respective governing boards or bodies; provided, however, nothing in this subsection shall be construed as requiring the district to obtain the consent of any city ***with a population of less than three thousand (3,000) based upon the most recent federal decennial census located within a county containing a consolidated local government***~~[of the fifth or sixth class]~~ prior to constructing any sanitary or storm sewerage facilities within the limits of such a city, regardless of whether said facilities will serve the said city or not. All agreements referred to in this section shall be in appropriate form for recording and shall be filed of record with the county clerk as other instruments relating to transfer or creating a lien upon real estate. Any agreements entered into by the district pursuant to this section may provide that the district area shall include the real estate in such city or incorporated area, or part thereof, to be served pursuant to such agreement, and in such case when such instrument has been filed of record with the county clerk as aforesaid, the district area shall be thereby officially enlarged and extended to include same; except that the district area shall not be enlarged to include a construction subdistrict by agreement or otherwise.
- (2) The district may also expand the district area by constructing and extending its initial sewer and drainage system, or by constructing or extending new sewerage and drainage systems and facilities, into areas of the county outside of the city of the first class and annexing the areas to be served by such new or expanded systems or facilities to the district area, as provided in KRS 76.171.
- (3) The words "incorporated area" as used in this section do not mean or apply to any sanitation district organized under KRS Chapter 220.
- (4) The provisions of this section shall not apply in cases involving annexation by a city of the first class pursuant to KRS 81.300 to 81.360.

➔Section 52. KRS 76.172 is amended to read as follows:

- (1) The ordinance providing for the construction of sewerage or drainage facilities and appurtenances shall describe the nature and kind of facilities to be furnished and shall describe the particular area benefited by said sewerage or drainage facilities.
- (2) The costs of the sanitary sewers, combined sewers, drains, and appurtenances shall be assessed against the land in said benefited area according to the number of square feet in any lot or tract within the area described in the ordinance, or according to any other equitable basis. If the square foot method of assessment is used, the rate of apportionment shall be the same for each square foot of land in said benefited area, and shall be determined by dividing the cost of the assessable sanitary sewers, combined sewers, drains and appurtenances

by the total area of all land benefited in the area. No property which has been assessed for collector lines shall be reassessed for the installation or reinstallation of collector lines.

- (3) The costs of property service connections from the sewer to the property line or easement line as required shall be assessed against the individual lots or tracts to which such property service connections are furnished. The costs to be assessed for the property service connections shall be fixed by regulation of the metropolitan sewer district based on its experience of costs for such work.
- (4) All land included in said described territory shall be assessed, except such property dedicated to use for public roadways and property owned by cities *forming a district pursuant to Section 47 of this Act* ~~of the first or second class~~, counties containing cities *forming a district pursuant to Section 47 of this Act* ~~of the first or second class~~, and any joint agencies of such cities and counties.
- (5) When the board of a metropolitan sewer district determines that such construction of sanitary sewers, combined sewers, drains, appurtenances or property service connections at the cost of the property owners shall be recommended to the board of aldermen of a city of the first class, the metropolitan sewer district shall cause its engineering department to prepare complete drawings and specifications for the work and to keep same available for inspection in its offices.
- (6)
 - (a) The actual construction work of the sanitary sewers, combined sewers, drains, appurtenances or property service connections constructed pursuant to such ordinance shall be done by, or under the control of, the metropolitan sewer district.
 - (b) The cost of the sanitary sewers, combined sewers, drains, appurtenances or property service connections shall include not only the actual construction costs and the costs of any easements required for the sewers, but also costs of surveys, designs, plans, specifications, advertising, inspection and administration; however, these costs other than actual construction costs and costs of easements shall not exceed fifteen percent (15%) of the actual construction cost of the project. The costs of surveys, designs, plans, specifications, advertising, inspection and administration, but not exceeding a total of fifteen percent (15%) of the actual construction costs and the cost of any easements shall be paid by the contractor to the metropolitan sewer district at the completion of the work so that such costs may be included in the apportionment warrants.
- (7) A lien superior to all liens except the liens for state, county, city, school and road taxes and liens prior in time for other public improvements shall exist against the respective lots or tracts of land for the cost of the sanitary sewers, combined sewers, drains, appurtenances or property service connections for apportionment as hereinafter provided for, and interest thereon at the rate of six percent (6%) per annum.
- (8) No error in the proceedings of the city legislative body shall exempt such property from payment after the work has been done as required by either the ordinance or contract, but the city legislative body, or the courts in which suits shall be proceeding, shall make all corrections, rules and orders to do justice to all parties concerned. In no event, if the sanitary sewers, combined sewers, drains, appurtenances or property service connections are constructed as provided, by ordinance or contract, shall the city or the metropolitan sewer district be liable for the costs of the sanitary sewers, combined sewers, drains, appurtenances or property service connections without the right to enforce such costs against the property receiving the benefit.

- (1) The city legislative body in cities of the first class may enact ordinances providing for a system of pensions for retired and disabled members of the police and fire divisions of the department of public safety and their dependents, may appropriate funds for the purpose of paying such pensions, may allot and pay to the policemen's pension fund or the firefighters' pension fund or either or both of them, all fines and forfeitures imposed upon members of the respective divisions, and may provide for, assess, and collect contributions from the members for the benefit of the fund.
- (2) There shall be a governing body of the policemen's pension fund, and a governing body of the firefighters' pension fund. The governing bodies of the respective funds shall hold title to all assets in their respective funds, and shall have exclusive authority relating to investment of the assets of the funds, including contracting with investment advisors or managers to perform investment services as deemed necessary and prudent by the board. A majority of the governing body of each fund shall be comprised of persons receiving pension benefits

from the respective pension systems, and no more than one (1) member of the city legislative body may be a member of the governing body of either the policemen's or the firefighters' pension fund. To be effective, an action of the governing body of a fund shall require only a simple majority of the votes cast at a properly convened meeting of the governing body where a quorum is present, with a quorum being a majority of the members of a governing body.

- (3) Any policemen's pension fund or any firefighters' pension fund established under the provisions of this section shall be held or distributed for, and only for, any of the following purposes of the respective fund as applicable:
- (a) Paying pensions, and any bonus payments under applicable ordinances;
 - (b) Making payments to the city for transfer to the County Employees Retirement System for alternate participation pursuant to KRS 78.530(3)(a) and 78.531(2);
 - (c) Transferring pension assets through investment contract or other financial instrument for the purpose of amortizing unfunded service liabilities; and
 - (d) Payment from the city to the County Employees Retirement System for future pension contributions required pursuant to KRS 61.565.

Pursuant to the terms of this section, if policemen of the city of the first class elect entry into the County Employees Retirement System and thereby create excess funds over those required to provide for the purposes set forth in paragraphs (a), (b), and (c) of this subsection, these excess funds shall be distributed to the city for use by the city for any other purpose it may elect, including, but not limited to, the establishment of a reserve for payment under paragraph (d) of this subsection. The governing board of the fund may annually expend for the necessary expenses connected with the fund, including but not limited to expenses for medical, actuarial, accounting, and legal services, the amount such governing board deems proper.

- (e) Payment from the city to the County Employees Retirement System for future pension contributions required pursuant to KRS 61.565. Pursuant to the terms of this section, if firefighters of the city of the first class elect entry into the County Employees Retirement System and thereby create excess funds over those required to provide for the purposes set forth in paragraphs (a), (b), and (c) of this subsection, these excess funds shall be distributed according to the terms of an agreement negotiated between the city and the union organization representing the firefighters. The city may use its share of the distributed excess funds for any purpose it may elect, including, but not limited to, the establishment of a reserve for payment under paragraph (e) of this subsection.
- (4) (a) The governing body of each pension fund shall insure that all of the assets in the fund are distributed for the purposes in subsection (3) of this section, and only for these purposes. If in any calendar year the assets in either fund exceed those needed for the actuarial liability for payment of pension benefits and any anticipated liabilities under subsection (3)(b) and (c) of this section, the legislative body of the city establishing the pension system shall insure by pension bonus ordinance that a portion of these excess funds be distributed in an equitable manner to all eligible pension recipients. Nothing in this subsection shall be construed to require any change to be made to any pension ordinance as it exists on July 15, 1998.
- (b) The governing board of either fund may annually expend for the necessary expenses connected with the fund, including but not limited to expenses for medical, actuarial, accounting, and legal or other professional services, the amount such governing board deems proper.
- (5) Any ordinance establishing a pension fund under this section shall make equitable provision for the rights of persons having an interest in assets transferred to the fund from any fund heretofore established by statute.
- (6) To assure equal protection for the beneficiaries of either fund, any action taken by the city executive or legislative body in cities of the first class that affects a policemen's pension fund or a firefighters' pension fund established under this section shall, to the maximum extent permitted by law, treat each fund in a uniform manner and shall not cause any change to be made to the structure or operation of either fund, whether through legislation, litigation, compromise, settlement, or otherwise, unless any proposed change is offered to the other fund before it takes effect. Nothing in this subsection shall be construed to require any change to be made to any pension ordinance as it exists on July 15, 1998.
- (7) The legislative body in a city of the first class shall issue the appropriate order, pursuant to KRS 78.530(1), directing participation for policemen in the County Employees Retirement System. All new employees who would have been granted membership in the local policemen's pension system shall be members of the County

Employees Retirement System. All active members of the local policemen's pension system at the time of transition to the County Employees Retirement System may choose membership in the County Employees Retirement System or may retain membership in the local system. The city shall elect the alternate participation plan, pursuant to KRS 78.530(3), for policemen who transfer to the County Employees Retirement System. Notwithstanding the provisions of KRS 78.530(3)(b), the city may, at its option, extend the payment period for the cost of alternate participation to a maximum of twenty (20) years with the interest at the rate actuarially assumed by the board. The city shall have the right to use assets in the local pension fund, other than assets necessary to pay benefits to the remaining active members of the local policemen's pension system and to retirees and their survivors as determined by actuarial evaluation, to assist in the payment of the annual installment cost of alternate participation. All policemen who become members of the County Employees Retirement System pursuant to this section shall be granted hazardous duty coverage, and the city may, at its option, purchase accumulated sick leave for each policeman upon retirement pursuant to KRS 78.616.

- (8) The legislative body in a city of the first class may issue the appropriate order, pursuant to KRS 78.530(1), directing participation for firefighters in the County Employees Retirement System. In the event that the legislative body in a city of the first class issues such an order, then all new employees who would have been granted membership in the local firefighters' pension system shall be members of the County Employees Retirement System. All active members of the local firefighters' pension system at the time of transition to the County Employees Retirement System may choose membership in the County Employees Retirement System or may retain membership in the local system. The city shall elect the alternate participation plan, pursuant to KRS 78.530(3), for firefighters who transfer to the County Employees Retirement System. Notwithstanding the provisions of KRS 78.530(3)(b), the city may, at its option, extend the payment period for the cost of alternate participation to a maximum of twenty (20) years with the interest at the rate actuarially assumed by the board. The city shall have the right to use assets in the local firefighters' pension fund, other than assets necessary to pay benefits to the remaining active members of the local firefighters' pension system and to retirees and their survivors as determined by actuarial evaluation, to assist in the payment of the annual installment cost of alternate participation. After certification by the County Employees Retirement System of eligibility for hazardous duty coverage, each firefighter who becomes a member of the County Employees Retirement System pursuant to this section shall be granted hazardous duty coverage.
- (9) Notwithstanding the provisions of KRS 61.565, which relate to the contributions required of participating employers, any city of the first class participating in the County Employees Retirement System hazardous duty pension plan which has in effect a collective bargaining agreement with a group of employees who participate in said plan, shall have the right to enter into agreement with its employees or with their respective collective bargaining representatives. This agreement may include, but is not limited to, specifications of what portion of the required employer contribution shall be borne by the participating employer and what portion shall be borne by the participating employee. This provision in no way modifies the employer's obligation to remit the contributions required by the County Employees Retirement System pursuant to KRS 61.565, whether such contributions are borne by the city or by its participating employees.
- (10) With regard to the employer participation or employer contributions pursuant to KRS 61.565 as it relates to future pension contribution requirements or as it relates to payback period or interest charge for service liability cost under alternate participation, if any statute or any resolution of the appropriate state board of trustees having authority over employer participation or employer contribution grants any terms or conditions to any city of the *home rule*~~[second through the sixth]~~ class, or to any county, or to any urban-county government, which are more favorable in terms of participation than terms or conditions granted to any city of the first class, then said provisions for employer participation or contribution shall be available to the city of the first class, at its option and effective upon adoption by the city of the first class and notification to the County Employees Retirement System.

It shall be the duty of the person or persons proposing the map amendment to furnish to the planning commission the names and addresses of the owners of all property as described in this subsection. Records maintained by the property valuation administrator may be relied upon conclusively to determine the identity and address of said owner. In the event such property is in condominium or cooperative forms of ownership, then the person notified by mail shall be the president or chairman of the owner group which administers property commonly owned by the condominium or cooperative owners. A joint notice may be mailed to two (2) or more co-owners of an adjoining property who are listed in the property valuation administrator's records as having the same address;
- (3) If the hearing has been scheduled for a time during normal working hours, and if, within ten (10) days of the scheduled date of the hearing the planning commission shall receive a petition from two hundred (200) property owners living within the planning unit requesting that the hearing be rescheduled for a time after normal working hours, then the planning commission shall reschedule the hearing for a time after normal working hours on a date no earlier than the date of the original hearing. - (4) Notice by mail shall include a list of the names and addresses of each person so notified, and a description of the procedure by which those notified can petition for a change in the hearing time.

➔Section 194. KRS 100.217 is amended to read as follows:

- (1) (a) Before any zoning regulation may have legal effect within the planning unit, a board or boards of adjustment shall be appointed for the planning unit as stated in the agreement under which the unit operates. The agreement may provide for additional boards of adjustment with jurisdiction of a particular city or area within the planning unit. Provided, that the jurisdiction of the boards of adjustment so established shall be clearly defined as to territorial limits, that all territory within the planning unit is within the jurisdiction of some board of adjustment so established and, that no territory is subject to the jurisdiction of more than one (1) board of adjustment, except as provided in KRS 100.203(5).
- (b) ***Except as provided by paragraph (c) of this subsection,*** in a county containing a consolidated local government where a planning agreement is not required, there shall be one (1) board of adjustment which shall be established by ordinance of the consolidated local government. Until such time as the consolidated local government establishes and appoints a board of adjustment pursuant to this subsection, the existing board of adjustment for the county shall serve as the board of adjustment for the entire planning unit.
- (c) A city ***with a population equal to or greater than twenty thousand (20,000) based upon the most recent federal decennial census***~~[of the second class]~~ within a county containing a consolidated local government where a planning agreement is not required may establish, by ordinance, a board of zoning adjustment under the provisions of this section. If ***such*** a city ~~[of the second class]~~ creates a board of zoning adjustment, then that board of zoning adjustment shall have exclusive jurisdiction within that city's territorial boundaries.
- (2) A board of adjustment shall consist of either three (3), five (5), or seven (7) members, all of whom must be citizen members, and not more than two (2) of whom may be citizen members of the planning commission.
- (3) The mayor shall be the appointing authority for cities, and the county judge/executive shall be the appointing authority for counties, subject to the approval of their respective legislative bodies. The mayor shall be the appointing authority for a consolidated local government pursuant to the provisions of KRS 67C.139.
- (4) The term of office for the board of adjustment shall be four (4) years, but the term of office of members first appointed shall be staggered so that a proportionate number serve one (1), two (2), three (3), and four (4) years respectively.
- (5) Vacancies on the board of adjustment shall be filled within sixty (60) days by the appropriate appointing authority. If the authority fails to act within that time, the planning commission shall fill the vacancy. When a vacancy occurs other than through expiration of the term of office, it shall be filled for the remainder of that term.
- (6) All members of boards of adjustment shall, before entering upon their duties, qualify by taking the oath of office prescribed by Section 228 of the Constitution of the Commonwealth of Kentucky before any judge, county judge/executive, notary public, clerk of a court, or justice of the peace within the district or county in which he resides.
- (7) Reimbursement for expenses or compensation or both may be authorized for members on a board of adjustment.
- (8) Any member of a board of adjustment may be removed by the appropriate appointing authority for inefficiency, neglect of duty, malfeasance, or conflict of interest. Any appointing authority who exercises the power to remove a member of the board of adjustment shall submit a written statement to the commission setting forth the reasons for removal, and the statement shall be read at the next meeting of the board of adjustment, which shall be open to the general public. The member so removed shall have the right of appeal from the removal to the Circuit Court of the county in which he resides.

- (9) Notwithstanding subsection (4) of this section, when a city of the first class and a county containing such city have in effect a compact pursuant to KRS 79.310 to 79.330, the terms of the members on the board shall be for three (3) years and until their successors are appointed and qualified. Upon the effective date of the compact, if the board is not reorganized pursuant to subsection (1) of this section, the mayor, and county judge/executive with approval of the fiscal court, shall adjust the terms of the sitting members to provide that the terms of one-third (1/3) plus one (1) of the members expire in one (1) year, the terms of one-third (1/3) of the members in two (2) years, and the terms of one-third (1/3) of the members expire in three (3) years. Upon expiration of these staggered terms, successors shall be appointed for a term of three (3) years. Notwithstanding subsection (4) of this section, upon the establishment of a consolidated local government in a county where a city of the first class and a county containing such city have had in effect a cooperative compact pursuant to KRS 79.310 to 79.330, the terms of the members on the board shall be for three (3) years and until their successors are appointed and qualified. Upon expiration of the terms of incumbent members, their successors shall be appointed to three (3) year terms which are staggered.
- (10) Each board of adjustment annually shall elect a chairman, vice chairman, and secretary and any other officers it deems necessary, and any officer shall be eligible for reelection at the expiration of his term.

➔Section 195. KRS 100.237 is amended to read as follows:

The board shall have the power to hear and decide applications for conditional use permits to allow the proper integration into the community of uses which are specifically named in the zoning regulations which may be suitable only in specific locations in the zone only if certain conditions are met:

- (1) The board may approve, modify, or deny any application for a conditional use permit. If it approves such permit it may attach necessary conditions such as time limitations, requirements that one (1) or more things be done before the request can be initiated, or conditions of a continuing nature. Any such conditions shall be recorded in the board's minutes and on the conditional use permit, along with a reference to the specific section in the zoning regulation listing the conditional use under consideration. The board shall have power to revoke conditional use permits, or variances for noncompliance with the condition thereof. Furthermore, the board shall have a right of action to compel offending structures or uses removed at the cost of the violator and may have judgment in personam for such cost.
- (2) Granting of a conditional use permit does not exempt the applicant from complying with all of the requirements of building, housing, and other regulations.
- (3) In any case where a conditional use permit has not been exercised within the time limit set by the board, or within one (1) year if no specific time limit has been set, such conditional use permit shall not revert to its original designation unless there has been a public hearing. "Exercised," as set forth in this section, shall mean that binding contracts for the construction of the main building or other improvement have been let; or in the absence of contracts that the main building or other improvement is under construction to a substantial degree, or that prerequisite conditions involving substantial investment under contract, in development, are completed. When construction is not a part of the use, "exercised" shall mean that the use is in operation in compliance with the conditions as set forth in the permit.
- (4) The administrative official shall review all conditional use permits, except those for which all conditions have been permanently satisfied, at least once annually and shall have the power to inspect the land or structure where the conditional use is located in order to ascertain that the landowner is complying with all of the conditions which are listed on the conditional use permit. If the landowner is not complying with all of the conditions listed on the conditional use permit, the administrative official shall report the fact in writing to the chairman of the board of adjustment. The report shall state specifically the manner in which the landowner is not complying with the conditions on the conditional use permit, and a copy of the report shall be furnished to the landowner at the same time that it is furnished to the chairman of the board of adjustment. The board shall hold a hearing on the report within a reasonable time, and notice of the time and place of the hearing shall be furnished to the landowner at least one (1) week prior to the hearing. If the board of adjustment finds that the facts alleged in the report of the administrative official are true and that the landowner has taken no steps to comply with them between the date of the report and the date of the hearing, the board of adjustment may authorize the administrative official to revoke the conditional use permit and take the necessary legal action to cause the termination of the activity on the land which the conditional use permit authorizes.
- (5) Once the board of adjustment has completed a conditional use permit and all the conditions required are of such type that they can be completely and permanently satisfied, the administrative official, upon request of the applicant, may, if the facts warrant, make a determination that the conditions have been satisfied, and enter the facts which indicate that the conditions have been satisfied and the conclusion in the margin of the copy of

the conditional use permit which is on file. Thereafter said use, if it continues to meet the other requirements of the regulations, will be treated as a permitted use.

- (6) When an application is made for a conditional use permit for land located within or abutting any residential zoning district, written notice shall be given at least fourteen (14) days in advance of the public hearing on the application to the applicant, administrative official, the mayor and city clerk of any city ***with a population of less than three thousand (3,000) based upon the most recent federal decennial census***~~of the fifth or sixth class~~ so affected within any county containing ~~a city of the first class or~~ a consolidated local government, an owner of every parcel of property adjoining the property to which the application applies, and such other persons as the local zoning ordinance, regulations, or board of adjustment bylaws shall direct. Written notice shall be by first-class mail with certification by the board's secretary or other officer that the notice was mailed. It shall be the duty of the applicant to furnish to the board the name and address of an owner of each parcel of property as described in this subsection. Records maintained by the property valuation administrator may be relied upon conclusively to determine the identity and address of said owner. In the event such property is in condominium or cooperative forms of ownership, then the person notified by mail shall be the president or chairperson of the owner group which administers property commonly owned by the condominium or cooperative owners. A joint notice may be mailed to two (2) or more co-owners of an adjoining property who are listed in the property valuation administrator's records as having the same address.
- (7) When any property within the required notification area for a public hearing upon a conditional use permit application is located within an adjoining city, county, or planning unit, notice of the hearing shall be given at least fourteen (14) days in advance of the hearing, by first-class mail to certain public officials, as follows:
 - (a) If the adjoining property is part of a planning unit, notice shall be given to that unit's planning commission; or
 - (b) If the adjoining property is not part of a planning unit, notice shall be given to the mayor of the city in which the property is located or, if the property is in an unincorporated area, notice shall be given to the judge/executive of the county in which the property is located.

➔Section 196. KRS 100.253 is amended to read as follows:

- (1) The lawful use of a building or premises, existing at the time of the adoption of any zoning regulations affecting it, may be continued, although such use does not conform to the provisions of such regulations, except as otherwise provided herein.
- (2) The board of adjustment shall not allow the enlargement or extension of a nonconforming use beyond the scope and area of its operation at the time the regulation which makes its use nonconforming was adopted, nor shall the board permit a change from one (1) nonconforming use to another unless the new nonconforming use is in the same or a more restrictive classification, provided, however, the board of adjustment may grant approval, effective to maintain nonconforming-use status, for enlargements or extensions, made or to be made, of the facilities of a nonconforming use, where the use consists of the presenting of a major public attraction or attractions, such as a sports event or events, which has been presented at the same site over such period of years and has such attributes and public acceptance as to have attained international prestige and to have achieved the status of a public tradition, contributing substantially to the economy of the community and state, of which prestige and status the site is an essential element, and where the enlargement or extension was or is designed to maintain the prestige and status by meeting the increasing demands of participants and patrons.
- (3) Any use which has existed illegally and does not conform to the provisions of the zoning regulations, and has been in continuous existence for a period of ten (10) years, and which has not been the subject of any adverse order or other adverse action by the administrative official during said period, shall be deemed a nonconforming use. Thereafter, such use shall be governed by the provisions of subsection (2) of this section.
- (4) The provisions of subsection (3) of this section shall not apply to counties containing a city of the first class,~~a city of the second class,~~ a consolidated local government,~~or~~ an urban-county government, ***or a city with a population equal to or greater than twenty thousand (20,000) based upon the most recent federal decennial census.***

➔Section 197. KRS 100.401 is amended to read as follows:

It is the intent of KRS 100.401 to 100.419 to strengthen the enforcement of binding elements which have been approved as part of a land use development plan in a county containing ~~a city of the first class or~~ consolidated local government. This is intended to be done by extending to a planning commission in counties containing ~~a city of the first class or~~ consolidated local government the authority to issue remedial orders and impose civil fines in order to

provide an equitable, expeditious, effective, and inexpensive method of ensuring compliance with approved land use plans as they apply to binding element agreements. KRS 100.401 to 100.419 is intended and shall be construed to provide an additional or supplemental means of obtaining compliance with local zoning ordinances and nothing contained in KRS 100.401 to 100.419 shall prohibit the enforcement of local zoning ordinances by any other means authorized by law.

➔Section 198. KRS 100.403 is amended to read as follows:

As used in KRS 100.401 to 100.419, unless the context otherwise requires:

- (2) "Land use ordinance" in a county containing a ~~city of the first class or~~ consolidated local government means an official action of a local government body which is a regulation of a general and permanent nature relating to the use and development of land within the jurisdictional boundary of the planning commission. It is enforceable as a local law and shall include any provision of a code of ordinances adopted by a local government which embodies all or part of an ordinance.
- (3) "Local government" means a county containing a ~~city of the first class or~~ consolidated local government and all cities ***with a population equal to or greater than three thousand (3,000) or any city with a population of less than three thousand (3,000) based upon the most recent federal decennial census that regulated land use under the provisions of this chapter prior to January 1, 2014,*** ~~of the first through fourth classes~~ within the county.
- (4) "Binding element" in a county containing a ~~city of the first class or~~ consolidated local government means a binding requirement, provision, restriction, or condition imposed by a planning commission or its designee, or a promise or agreement made by an applicant in writing in connection with the approval of a land use development plan or subdivision plan.

➔Section 199. KRS 100.405 is amended to read as follows:

- (1) The planning commission in counties containing a ~~city of the first class or a~~ consolidated local government may issue remedial orders and impose civil fines as a method of enforcing a binding element when a violation of that binding element has been classified as a civil offense in accordance with this section.
- (2) Subject to the limitations set forth in subsections (1) and (3) of this section, if a local government elects to enforce a binding element as a civil offense, it shall do so by ordinance, which shall provide:
 - (a) That a violation of the binding element is a civil offense; and
 - (b) A maximum civil fine that may be imposed for each violation of a binding element.
- (3) No local government shall classify the violation of a binding element as a civil offense if the violation would also constitute an offense under any provision of the Kentucky Revised Statutes, including specifically and without limitation any provision of the Kentucky Penal Code and any moving motor vehicle offense.

➔Section 200. KRS 102.010 is amended to read as follows:

- (1) When the petition is filed with the secretary, he shall investigate at once the boundary of the district proposed to be organized, and may, at the cost of the petitioners, cause to be made surveys necessary to establish with reasonable accuracy a boundary that will, in his judgment, accomplish the purpose sought by the creation of the district in a practicable and workable manner, and that will be sufficiently comprehensive to avoid confusion or interference with any other similar district then existing or that may be created. The boundary established by the secretary need not follow the boundary proposed by the petitioners, but if the boundary established by the secretary results in a material change from that proposed in the original petition the petitioners shall secure, in case of a larger or smaller area, the signatures of seventy percent (70%) of the freeholders or owners in the area as established by the secretary.
- (2) Should it be found desirable to include in a flood control district all or a portion of a city ***with a population equal to or greater than eight thousand (8,000) based upon the most recent federal decennial census*** ~~of the~~

Vacancies resulting from any cause other than expiration of a term of office shall be filled only for the unexpired term and until a successor has been appointed and has qualified. The directors shall at all times be residents and real estate owners within the district, and the office of any director who moves his residence outside the district or who ceases to be a real estate owner within the district shall automatically be vacated.

These terms shall include, without being limited to, sanitary sewage collection lines, intercepting sewers, outfall sewers, sewer laterals, power stations and pumping stations, and other equipment and their appurtenances necessary to enable the project to fulfill its function, including land acquisition, if required, whether such project facilities are provided by funds derived from issuance of bonds or otherwise provided by a district in any manner.
- (15) "Classified zone" means any portion of any construction phase of a wastewater collection project designated by a metropolitan sewer district after a determination that all property located in such zone is benefited substantially equal by such construction.

➔Section 206. KRS 107.030 is amended to read as follows:

If a municipality desires to authorize, construct, and finance an improvement pursuant to this chapter, its governing body shall initiate the proceedings by adopting an ordinance, herein called the "First Ordinance," in which announcement shall be made of the public way or ways (which need not be contiguous) proposed to be improved and the geographical limits of the proposed improvement in such manner as to identify the benefited properties or the

identity of the property or properties to be benefited by the fire hydrant in cities ***with a population of less than twenty thousand (20,000) based upon the most recent federal decennial census***~~[of the third through sixth classes]~~ or by the sewer installations (which may include a sewage treatment plant) which properties may be identified by naming the public way or ways upon which they abut, if any, or by geographical location, or both. In either case the ordinance shall recite the nature and scope of the improvement, a preliminary estimate of the costs thereof, as submitted in writing by an engineer, or firm of engineers, holding a license from the Commonwealth of Kentucky, and the amount, if any, which the city proposes to appropriate from available city funds toward the estimated cost. Any metropolitan sewer district desiring to initiate a wastewater collection project pursuant to this chapter shall, by order of its board cause a written preliminary engineering and financing report to be prepared by one (1) or more engineers, or one (1) or more firms of engineers, licensed to do business in the Commonwealth of Kentucky, or alternatively, by district personnel, for submission to the district. The preliminary engineering and financing report shall designate a geographical area in which a wastewater collection project is recommended for construction. The report shall contain a reasonable description of the project facilities proposed to be constructed, a statement as to benefits to be conferred by the proposed project, the distribution of the benefits and an estimate of the cost of the proposed project. The board of the district shall receive the preliminary engineering and financing report at a regular meeting. The board shall study and evaluate it, and by duly entered order either approve, disapprove the report as submitted, or amend and approve the report. Following approval of the preliminary engineering and financing report by the board of the metropolitan sewer district, the board shall formally initiate proceedings for the construction and financing of the proposed wastewater collection project. This announcement shall identify all benefited properties by naming the public way upon which such benefited properties abut, if any, or by geographical location, or by other appropriate description. The first ordinance shall describe the nature, scope and preliminary cost estimate of the wastewater collection project being proposed. The ordinance shall determine that each parcel of land identified as benefited property shall be afforded benefits by the projects unless specifically excluded. A public hearing shall be held in respect of the proposed wastewater collection project. In all succeeding proceedings, the city shall be bound and limited by the preliminary report of the engineer, or engineers, with regard to the nature, scope, and extent of the proposed improvement project (unless the first ordinance be amended, as hereinafter provided); but shall not be bound by, or limited to, the preliminary estimate of costs. The costs shall be determined upon the basis of construction bids publicly solicited as hereinafter provided, and shall be binding upon the city, and upon the owners of property to be benefited by the proposed improvement project, whether the same turn out to be equal to, below, or above such preliminary estimate. Architects, attorneys, consultants, engineers, and fiscal agents shall be employed after reasonable advertisement of the need for their services and with such competition as is permitted by law. In a first ordinance for a wastewater collection project, the board of a metropolitan sewer district shall make findings of fact regarding the degree and nature of the benefit which will accrue to benefited properties by the installation of the project. If the board determines as a fact that groups of or all of the benefited properties will be affected and benefited in substantially the same manner and to substantially the same degree, the board may classify such benefited properties into one (1) or more assessment zones based upon the similarity of benefits to be derived. In such case, the board may deem all benefited properties within a particular assessment zone to be equally benefited and therefore equally treated for purposes of levying improvement benefit assessments for amortization of bonds issued to provide funds to pay the costs of the project. It is the intent of KRS Chapters 76 and 107 to vest in the board of any metropolitan sewer district undertaking a project authority to make findings of fact in order to classify properties according to benefits conferred from the construction of projects. The board may, by appropriate order, determine that identified groups of benefited properties will be benefited in substantially the same manner by a project and these properties shall be treated equally for purposes of annual improvement benefit assessment of such benefited properties. The board may rely upon any pertinent data in making such findings of fact, including the size and diameter of sanitary sewer service connections to be made available. If the board of the district determines that all properties situated within a particularly described geographic area will not receive substantially equal benefits from the project, the board shall determine in the first ordinance that such properties shall be annually assessed for benefits conferred based upon the relative assessed land valuation of each benefited property as it relates to the aggregated assessed land valuation of all benefited properties within such particularly described geographic area. Whichever basis of assessment is selected, it shall be used both initially, when land owners may pay improvement benefit assessments in a lump sum, and subsequently during each annual period in which project bonds are outstanding if a lump-sum payment is not paid. The first ordinance shall provide for a public hearing at a time and place specified therein (not less than one (1) week after publication) and shall give notice that at the hearing any owner of property to be benefited may appear and be heard as to:

- (1) Whether the proposed project should be undertaken or abandoned;
- (2) Whether the nature and scope of the project shall be altered;
- (3) Whether the project shall be financed through the issuance of bonds according to the "assessed value basis," authorized by this chapter; or

- (4) Whether the project shall be financed through assessments made and apportioned on a front-foot basis, as may otherwise be authorized by law. The first ordinance shall be published pursuant to KRS Chapter 424. The first ordinance may designate a person, who may be the mayor, a member of the governing body, or any city official, to preside at and conduct such public hearing. In the absence of a designation in the ordinance, the mayor or a person designated by the mayor shall preside. Notwithstanding the foregoing, the public hearing shall not be deemed irregular or improper if it is in fact presided over and conducted at the designated time and place by any elected city officer or member of the governing body.

➔Section 207. KRS 107.140 is amended to read as follows:

- (1) (a) In the case of improvements of public ways, the benefited property shall consist of all real property abutting upon both sides of the improvement project, and the cost of improving intersections shall be included in the total costs to be assessed and apportioned, unless and to the extent the city shall appropriate, within constitutional limitations, from available funds, a definite and specified sum as a contribution thereto, or a portion of the aggregate cost, or the cost of specified portions of the improvement; provided, however, that if provisions shall be made for sidewalk improvements, as an integral part of the improvement of a "public way," as defined in subsection (3) of KRS 107.020, upon only one side of the project, the costs of the sidewalk improvement shall be ascertained and assessed separately against the property abutting upon that side only, but the governing body may provide that such assessment shall include a fair share of the over-all costs as herein defined, other than the amounts of the actual construction contracts.
- (b) In the case of improvements for draining sewage, storm water, or a combination thereof, the benefited properties shall consist of all properties which are thereby afforded a means of drainage, including not only the properties which may be contiguous to the improvements, but also adjacent properties within a reasonable distance therefrom as the governing body may in the proceedings set forth.
- (c) In the case of an improvement project consisting in whole or in part of a sewage treatment plant, or enlargement or substantial reconstruction of an existing sewage treatment plant, the benefited properties shall be all those properties the sewage from which is treated in such plant, including properties already provided with sewer drainage facilities as well as those properties which the improvement project will provide with such drainage facilities, but the governing body may classify properties according to the extent of benefits to be afforded to them, and may establish one (1) rate of assessment applicable to all properties participating in the benefits of the sewage treatment installations, and an additional rate of assessment applicable to properties for which the improvement project will also provide sewer drainage facilities. In relation to wastewater collection projects constructed by metropolitan sewer districts, benefited property shall consist of all property whether improved or unimproved to which the project affords a means of discharging wastewater.
- (d) The governing body may, either in the proceedings initiating an improvement project, or in subsequent proceedings, recognize the necessity or desirability in the interest of the public health, safety and general welfare, that properties other than the properties originally benefited by an improvement under paragraphs (b) or (c) of this subsection, be permitted to connect to such sewer drainage and/or treatment facilities, and may make equitable provisions which may be adjustable from year to year as bonds are retired, whereby the owners of such later-connecting properties, may, by paying charges for the privilege of connecting, and/or by assuming a share of improvement assessments, or otherwise, be placed as nearly as practicable on a basis of financial equity with the owners of properties initially provided to be assessed.
- (e) The governing body may, either in the proceedings initiating an improvement project, or in subsequent proceedings, recognize the necessity or desirability in the interest of the public health, safety and general welfare that residential properties within one thousand feet (1000'), measured along paved roads, of a fire hydrant in cities ***with a population of less than twenty thousand (20,000) based upon the most recent federal decennial census***~~[of the third through sixth classes]~~ may be assessed on the same basis as property abutting upon a street where a fire hydrant is to be installed.
- (2) (a) Benefited property owned by the city or county, or owned by the United States government or any of its agencies, if such property is subject to assessment by Act of Congress, shall be assessed annually the same as private property, and the amount of the annual assessment shall be paid by the city, county, or United States government, as the case may be. The same right of action shall lie against the county as against a private owner.

- (b) Benefited property owned by the state, except property the title to which is vested in the Commonwealth for the benefit of a district board of education pursuant to KRS 162.010, shall be assessed as follows: Before assessing the state, the governing body shall serve written notice on the secretary of the Finance and Administration Cabinet setting forth specific details including the estimated total amount of any improvement assessment proposed to be levied against any state property relative to any proposed improvement project. Said written notice shall be served prior to the next even-numbered-year regular session of the General Assembly so that the amount of any specific improvement assessment may be included in the biennial executive branch budget recommendation to be submitted to the General Assembly. Payment of any assessment shall be made only from funds specifically appropriated for that assessment. If an amount sufficient to pay the total amount of any assessment has been appropriated, then the total amount shall be paid; if an amount sufficient only to pay annual assessments has been appropriated, then only the amount of the annual assessment shall be paid. The amount of the assessment shall be certified by the city treasurer to the Finance and Administration Cabinet, which shall thereupon draw a warrant upon the State Treasurer, payable to the city treasurer, and the State Treasurer shall pay the same.
 - (c) In the case of property the title to which is vested in the Commonwealth for the benefit of a district board of education, the amount of the annual assessment shall be paid by the city or other local governmental agency or authority which undertook the improvement project.
- (3) No benefited property shall be exempt from assessment.

➔Section 208. KRS 107.190 is amended to read as follows:

If the ordinances and proceedings authorized by this chapter shall encompass and include less than all of the undertakings authorized and contemplated by the definitions set forth in KRS 107.020, (i.e., a street improvement project with or without sidewalk, curb, gutter, and/or storm or surface water sewers or drains or sanitary sewers, or sewage treatment facilities or fire hydrant in cities ***with a population of less than twenty thousand (20,000) based upon the most recent federal decennial census***~~[of the third through sixth classes]~~), the city shall not be precluded from ordaining and requiring the omitted matters and structures to be constructed at the expense of the benefited properties at any time in the future, in accordance with the provisions of this chapter, or in accordance with any other applicable laws. If the improvement project shall encompass all of the elements included in the definition of "improvement" or "project" as set forth in this chapter, the city shall not thereafter undertake any project for any part of the improvements as herein defined except (a) at the exclusive cost of the city, or (b) at the cost of the benefited properties from and after fifteen (15) years after completion and acceptance of the project, or (c) from the proceeds of revenue bonds payable from service charges.

➔Section 209. KRS 107.320 is amended to read as follows:

In counties containing a city ***with a population equal to or greater than three thousand (3,000) based upon the most recent federal decennial census***~~[of the first, second, third, or fourth class]~~, a community improvement district may be created as provided in KRS 65.182 for the purpose of erecting buildings and related facilities for any governmental unit, or combination of governmental units, in the county. Any community improvement district so created shall include all of the territory in the county, including the area of incorporated cities, and shall be designated the "County Community Improvement District" (hereinafter called the "district"). The district shall constitute a public body corporate, with perpetual succession and power in its name to contract and be contracted with, sue and be sued, adopt bylaws, have and use a corporate seal, and exercise all of the powers granted to public nonprofit corporations generally by KRS Chapter 273, except such powers as may be inconsistent with specific provisions of KRS 107.310 to 107.500.

➔Section 210. KRS 108.110 is amended to read as follows:

- (1) The affairs of the district shall be controlled and managed by a board of directors appointed by the county judge/executive with the approval of the fiscal court and city legislative bodies in the following manner:
 - (a) If the district consists of one (1) city, three (3) members shall be appointed to the board by the city legislative body;

 - (f) If the district consists of more than two (2) counties, the county judge/executive of the county having the greatest portion of the population of the district shall appoint two (2) directors and the county judge/executive of the remaining counties comprising the district shall each appoint one (1) director;
 - (g) The legislative body of each city ***with a population equal to or greater than eight thousand (8,000)***~~of the first three (3) classes~~, or if there is no such ~~class of~~ city, the city ~~with~~~~of~~ the highest ***population***~~class~~ located within each county in the district shall appoint one (1) additional director;
 - (h) If part of an ambulance district within a county consists of an unincorporated area, the county judge/executive, with the approval of the fiscal court, shall appoint no more than two (2) persons residing within the affected unincorporated area to the board of directors for a term of two (2) years.
- (2) Each board member shall reside within the district and within the county or city of which he was appointed to represent.
 - (3) The board of directors shall be appointed within thirty (30) days after the establishment of the district. Directors shall be appointed for terms of two (2) years each, except that initially the appointing authority shall appoint a minority of the board members for one (1) year terms. Subsequent terms shall all be for two (2) years. Any vacancies shall be filled by the appointing authority for the unexpired term.
 - (4) A majority of the membership of the board shall constitute a quorum.
 - (5) A member of the board of directors may be removed from office as provided by KRS 65.007.

➔Section 211. KRS 117.035 is amended to read as follows:

 - (b) The sheriff shall not serve on the board during any year in which he is a candidate, but shall recommend to the board a temporary replacement to serve in his place. If the sheriff cannot serve because he is sick, injured, or otherwise incapacitated, he may recommend a temporary replacement to serve in his place until the sheriff may resume his duties or a vacancy in office is declared.
 - (c) The county clerk may, at his option, continue to serve on the board during a year in which he is a candidate. If the clerk elects not to serve, he shall recommend a temporary replacement to serve in his place. If the county clerk cannot serve because he is sick, injured, or otherwise incapacitated, he may recommend a temporary replacement to serve in his place until the county clerk may resume his duties or a vacancy in office is declared.
 - (d)
 - 1. Notwithstanding the provisions of KRS 61.080, service on the board of elections shall be compatible with the holding of any other county or city office.
 - 2. The members shall be at least twenty-one (21) years of age, qualified voters in the county from which they are appointed, and shall not have been convicted of any election law offense.
 - 3. One (1) member shall be appointed from a list of five (5) names submitted by the county executive committee of each political party as defined in KRS 118.015. If there are two (2) or more contending executive committees of the same political party in any county, the one recognized by the written certificate of the chairman of the state central committee of the political party shall be the one authorized to submit the lists.

4. If the State Board of Elections does not receive the list as required by subparagraph 3. of this paragraph for each political party for each county by the deadline established in paragraph (a) of this subsection or within one (1) month of a vacancy, then the chair of the state central committees for the political parties may submit lists of five (5) names of qualified residents from the remaining counties by August 1 following the election of persons to statewide office or within two (2) months of a vacancy.
 5. If the State Board of Elections does not receive a list from either the county executive committee under subparagraph 3. of this paragraph or the chair of the state executive committee under subparagraph 4. of this paragraph, then the State Board of Elections shall appoint a qualified resident from the county at its next regularly scheduled meeting in September following the election of persons to statewide office or within three (3) months of a vacancy.
 6. A member appointed by the State Board of Elections may be removed by the State Board of Elections for cause.
 7. A member appointed by the State Board of Elections may be removed by the State Board of Elections upon a request approved by a two-thirds (2/3) vote of the full membership of the county executive committee that submitted the member's name. The county executive shall provide conclusive evidence of the committee's membership and evidence of the committee's two-thirds (2/3) vote before the State Board of Elections removes any member appointed by the State Board of Elections.
 8. If an appointee is temporarily unable to act, a temporary appointee shall be named by the State Board of Elections. A temporary appointee shall serve until the original appointee notifies the State Board of Elections that he is able to resume his term.
 9.  10. Vacancies and temporary vacancies shall be filled in the same manner as provided for original appointments, and the person appointed to fill the vacancy or temporary vacancy shall be of the same political party as his predecessor.
- (e) Compensation and payment of actual expenses of members shall be set by the fiscal court either as an amount payable on an annual basis, or as an amount payable on a per diem basis of not less than fifteen dollars (\$15) nor more than one hundred dollars (\$100) for each day the board meets.
- (3) A majority of the board shall constitute a quorum. The county clerk shall serve as chairman of the meetings and may vote. In case of a tie, the chairman may cast an additional vote. Records shall be kept of all proceedings, and the records shall be public and kept at the office of the county clerk.
 - (4) The board shall meet at least once a month and may meet more frequently if necessary. The board shall stay in session on election days to correct clerical errors and rule on questions regarding voter registration and may make to the election officers such certifications as may be necessary. On election days, appeals may be made to a Circuit Judge, but a ruling of the board shall be reversed only upon a finding that it was arbitrary and capricious.
 - (5) ~~[In counties containing cities of the first and second class,]~~ The board may employ, on a bipartisan basis, a staff sufficient to carry out the duties assigned to the board.

➔Section 212. KRS 118.255 is amended to read as follows:

- (1) The Secretary of State shall receive a fee of five hundred dollars (\$500) for a candidate for statewide elected state office or the Congress, two hundred dollars (\$200) for a candidate for Commonwealth's attorney, the General Assembly, or the District Court, Circuit Court, Court of Appeals, or Supreme Court, twenty dollars (\$20) for candidates for *a city* office ~~[in cities of the fifth or sixth class]~~, fifty dollars (\$50) for other candidates who file with the Secretary of State for each notification and declaration and petition filed with him, and fifty dollars (\$50) for a write-in candidate for office ~~[other than municipal office in cities of the fifth or sixth class]~~, to be paid by the candidate, or the candidate's representative, when the notification and declaration and petition or declaration of intent is filed.

- (2) The county clerk shall receive a fee pursuant to KRS 64.012 for each notification and declaration and petition filed with him to be paid by the candidate at the time of the filing.

➔Section 213. KRS 118.315 is amended to read as follows:

- (1) A candidate for any office to be voted for at any regular election may be nominated by a petition of electors qualified to vote for him or her, complying with the provisions of subsection (2) of this section. No person whose registration status is as a registered member of a political party shall be eligible to election as an independent, or political organization, or political group candidate, nor shall any person be eligible to election as an independent, or political organization, or political group candidate whose registration status was as a registered member of a political party on January 1 immediately preceding the regular election for which the person seeks to be a candidate. This restriction shall not apply to candidates to those offices specified in KRS 118.105(7), for supervisor of a soil and water conservation district, for candidates for mayor or legislative body in cities of the *home rule* ~~[second to sixth]~~ class, or to candidates participating in nonpartisan elections.
- (2) The form of the petition shall be prescribed by the State Board of Elections. It shall be signed by the candidate and by registered voters from the district or jurisdiction from which the candidate seeks nomination. The petition shall include a declaration, sworn to by the candidate, that he or she possesses all the constitutional and statutory requirements of the office for which the candidate has filed. Signatures for a petition of nomination for a candidate seeking any office, excluding President of the United States in accordance with KRS 118.591(1), shall not be affixed on the document to be filed prior to the first Wednesday after the first Monday in November of the year preceding the year in which the office will appear on the ballot. Signatures for nomination papers shall not be affixed on the document to be filed prior to the first Wednesday after the first Monday in November of the year preceding the year in which the office will appear on the ballot. A petition of nomination for a state officer, or any officer for whom all the electors of the state are entitled to vote, shall contain five thousand (5,000) petitioners; for a representative in Congress from any congressional district, or for any officer from any other district except as herein provided, four hundred (400) petitioners; for a county officer, member of the General Assembly, or Commonwealth's attorney, one hundred (100) petitioners; for a soil and water conservation district supervisor, twenty-five (25) petitioners; for a city officer or board of education member, two (2) petitioners; and for an officer of a division less than a county, except as herein provided, twenty (20) petitioners. It shall not be necessary that the signatures of the petition be appended to one (1) paper. Each petitioner shall include the date he or she affixes the signature, address of residence, and date of birth. Failure of a voter to include the signature affixation date, date of birth, and address of residence shall result in the signature not being counted. If any person joins in nominating, by petition, more than one (1) nominee for any office to be filled, he or she shall be counted as a petitioner for the candidate whose petition is filed first, except a petitioner for the nomination of candidates for soil and water conservation district supervisors may be counted for every petition to which his or her signature is affixed.
- (3) Titles, ranks, or spurious phrases shall not be accepted on the filing papers and shall not be printed on the ballots as part of the candidate's name; however, nicknames, initials, and contractions of given names may be accepted as the candidate's name.
- (4) The Secretary of State and county clerks shall examine the petitions of all candidates who file with them to determine whether each petition is regular on its face. If there is an error, the Secretary of State or the county clerk shall notify the candidate by certified mail within twenty-four (24) hours of filing.
- (5) A judge who elected to retire as a Senior Status Special Judge in accordance with KRS 21.580 shall not become a candidate or a nominee for any elected office during the five (5) year term prescribed in KRS 21.580(1)(a)1., regardless of the number of days served by the judge acting as a Senior Status Special Judge.

➔Section 214. KRS 118.367 is amended to read as follows:

- (1) An independent, or political organization, or political group candidate required to file nomination papers pursuant to KRS 118.365(5) shall be required to file a statement-of-candidacy form with the same office at which nomination papers are filed. Candidates for federal office and candidates for mayor or legislative body in cities of the *home rule* ~~[second to sixth]~~ class participating in partisan elections shall not be required to file a statement-of-candidacy form. The statement-of-candidacy form shall be filed not earlier than the first Wednesday after the first Monday in November of the year preceding the year in which the office will appear on the ballot and not later than April 1 preceding the day fixed by law for holding of regular elections for the offices sought. If the office in which the statement-of-candidacy form is to be filed is closed on April 1, the form may be filed on the next business day. The statement-of-candidacy form shall be filed no later than 4 p.m. local time when filed on the last day on which papers are permitted to be filed. No person shall file a statement-of-candidacy form for more than one (1) public office during an election cycle.

- (2) The statement-of-candidacy form shall be prescribed by the State Board of Elections. The statement-of-candidacy form shall be signed by the candidate upon filing. No charge shall be assessed for the filing of a statement-of-candidacy form. The Secretary of State and county clerks shall examine the statement-of-candidacy form of each candidate who files the form to determine if there is an error. If an error has occurred, the candidate shall be notified by certified mail within twenty-four (24) hours.

➔Section 215. KRS 132.400 is amended to read as follows:

Before entering upon the duties of office, the property valuation administrator shall execute a bond conditioned upon the faithful performance of the duties of the office with a surety to be approved by the Department of Revenue. ➔Section 216. KRS 133.020 is amended to read as follows:

- (1) The county board of assessment appeals shall be composed of reputable real property owners residing in the county at least five (5) years. The appointing authorities may appoint qualified property owners residing in adjacent counties when qualified members cannot be secured within the county. The board shall consist of three (3) members, one (1) to be appointed by the county judge/executive, one (1) to be appointed by the fiscal court, and one (1) to be appointed by the mayor of the city with the largest assessment using the county tax roll or appointed as otherwise provided by the comprehensive plan of an urban-county government. Beginning with the 1995 appeals, the mayor's appointment shall serve for four (4) years, the county judge/executive's appointment shall serve for three (3) years, and the fiscal court's appointment shall serve for two (2) years. Each person appointed thereafter shall serve for three (3) years. If no city in the county uses the county assessment, the county judge/executive shall appoint two (2) members.~~[Board members appointed prior to July 14, 1994, shall be eligible for reappointment by the appointing authority if they meet the requirements of subsection (2) of this section.]~~ A board member who has served for a full term shall not be eligible for reappointment. However, he shall be eligible for appointment after a hiatus of three (3) years. If the number of appeals to the board of assessment appeals filed with the county clerk exceeds one hundred (100), temporary panels of the board may be appointed with approval of the Department of Revenue. Each temporary panel shall consist of three (3) members having the same qualifications and appointed in the same manner as the board members. The number of additional panels shall not exceed one (1) for each one hundred (100) appeals in excess of the first one hundred (100). The county judge/executive shall designate one (1) of the members of the board of assessment appeals to serve as chairman of the board. If additional panels are appointed, as provided in this subsection, the chairman of the board of assessment appeals shall designate one (1) member of each additional panel as chairman of the panel. A majority of the board or of any panel may determine the action of the board or panel respectively and make decisions. Each panel of the board shall have the same powers and duties given the board by KRS 133.120, except the action of any panel shall be subject to review and final approval by the board.
- (2) Each member of the board shall have extensive knowledge of real estate values, preferably in real estate appraisal, sales, management, financing, or construction.~~[In counties with cities of the first, second, or third class, the member appointed by the mayor shall be a certified real estate appraiser unless the mayor provides sufficient proof to the department of his inability to secure a certified real estate appraiser.]~~
- (3) The board shall be subject to call by the county judge/executive at any time prescribed by law.
- (4) The members of the county board of assessment appeals, and any panel of the board, before undertaking their duties, shall take the following oath, to be administered by the county judge/executive: "You swear (affirm) that you will, to the best of your ability, discharge the duties required of you as a member of the county board of assessment appeals, and that you will fix at fair cash value all property assessments brought before you for review as prescribed by law."
- (5) The department shall prepare and furnish to each property valuation administrator guidelines and materials for an orientation and training program to be presented to the board by the property valuation administrator or his deputy each year.
- (6) A board member shall produce evidence of his qualifications upon request of the department. A board member shall be replaced by the appointing authority upon proof of the member's failure to meet the qualifications of the position. Any vacancy on the board shall be filled by the appointing authority that appointed the member to be replaced. The appointee shall have the qualifications required by statute for the board member appointed by

the particular appointing authority and shall hold office only to the end of the unexpired term of the member replaced.

If the city provides for the reversion of the subdistrict to the city, the assets and liabilities of the subdistrict shall become the property, personal and real, of the city. The city shall be solely responsible thereafter for compliance with applicable regulations promulgated by the Energy and Environment Cabinet.

The boundary established by the commissioner need not follow the boundary proposed by the district.

Upon certification by the department to a city that there is a demand and necessity for the service sought to be rendered, any city may award any duly qualified person a franchise or authorization covering the proposed operation. Upon acquiring a franchise or authorization, the holder thereof shall apply to the Department of Vehicle Regulation for a city bus certificate which shall be issued to the holder of the franchise or authorization without a hearing. The governing body of any city~~[of the first five (5) classes]~~ which does not have a city bus service may determine that there is a demand and necessity for a city bus service, and may thereafter apply to the Department of Vehicle Regulation for a city bus certificate to be operated by the city which may be issued without a hearing, if the department determines that it will be in the public interest. Unless a certificate is exercised within one (1) year from the grant thereof, exclusive of any delay due to the order of any court, the authority conferred by the issuance of the certificate of convenience and necessity shall be void.

this chapter; however, any action, finding, or order of any city shall be sustained if there is substantial evidence or reason to support it; otherwise the department shall make the orders as it deems necessary and proper. However, where a carrier's entire operation is confined to intracity transportation within the corporate limits of a single city, there shall be no appeal to the department from the actions, findings, or orders of the city. Provided further, that where any city bus is subject to the regulatory powers of more than one (1) city and the regulations are in conflict or such as to impede the transportation facilities serving the cities, or the carrier is failing to furnish safe, adequate and convenient service to the public, the department may, upon complaint or on its own initiative, call a hearing and enter orders as are necessary and proper.
