(a) To verify the accuracy of collection, receipts, and disbursements of all revenues derived from the CMRS service charges and the number of wireless E911 calls received by each PSAP eligible to request or receive disbursements from the CMRS fund;

(b) To determine whether the revenues generated by the CMRS service charges equal, exceed, or are less than the costs incurred in order to comply with the FCC order; and

The independent certified public accountant shall also forward a copy of the audits conducted pursuant to this subsection to the Legislative Research Commission for referral to the appropriate committee or committees and to the Auditor of Public Accounts. Upon request, the independent certified accountant shall send any work papers related to the audits to the Auditor of Public Accounts. The board shall incorporate the auditor's findings in its studies of the CMRS service charge required by subsection (4) of this section. All information with respect to the audits shall be released to the public or published only in aggregate amounts which do not identify or allow identification of numbers of subscribers or revenues attributable to individual CMRS providers;

governmental agency, wireless or wireline provider of technology capable of transmitting voice or text traffic for an emergency 911 request to a PSAP, and/or private citizen in possession of that information shall provide the information to the board within the time frames established by the board. The board may hire a consultant to gather and analyze the information required by this section.

(3) Each local governmental agency and state governmental agency having jurisdiction over one (1) or more public safety answering points (PSAPs) shall provide at least the following information to the board each fiscal year:

(a) The amount of revenue available or budgeted for 911 services from the following sources: [For each PSAP for fiscal years 2007-2008, 2008-2009, 2009-2010, and 2010-2011:]

The report shall be in the form and manner prescribed by the board and shall be submitted no later than thirty (30) days after the end of each year. Each CMRS provider shall include in its report separate counts of the numbers of active CMRS connections attributable to prepaid customers, postpaid customers, and wireless low-income Lifeline customers served by the CMRS provider for each month. For the purposes of this subsection, "active CMRS connection" means all CMRS connections that have an account balance of units of time or dollars greater than zero on any day of the month and includes every Lifeline end user for whom the CMRS provider received reimbursement from the universal service fund during the month under the wireless low-income Lifeline program; and

(b) Upon request of the board, any other information needed to evaluate CMRS service charge remittances to the board.

(5) Each local governmental agency, state governmental agency, or wireless or wireline provider of technology capable of transmitting voice traffic for an emergency 911 request to a PSAP shall report to the board the amount of reimbursements received in fiscal years 2007-2008, 2008-2009, 2009-2010, and 2010-2011.

(6) The CMRS Board shall promulgate administrative regulations in accordance with KRS Chapter 13A to establish annual reporting requirements so that the board has the information needed to monitor the use of 911 funds and the rate of the 911 service charge.

(7) All information received by the CMRS Board pursuant to this section shall be subject to disclosure under KRS 61.870 to 61.884. Proprietary information given to the board by any wireless or wireline provider of technology capable of transmitting voice or text traffic for an emergency 911 request to a PSAP pursuant to this section shall be subject to the same confidentiality as provided for proprietary information under KRS 65.7639 and shall only be released or published in aggregate amounts which do not identify or allow identification of numbers of CMRS customers or revenues attributable to an individual CMRS provider.

(8) The CMRS Board shall ensure that the Legislative Research Commission has access to all data collected under this section and shall report this information to the Legislative Research Commission’s Interim Joint Committee on Veterans, Military Affairs, and Public Protection by November [August] 1 of each year. Upon request, the board shall also report this information to any public entity as defined in KRS 65.310.
Section 10. KRS 65.7631 is amended to read as follows:

(1) The moneys in the CMRS fund shall be apportioned among the approved uses of the fund as specified in this section. The board shall make individual disbursements from the fund upon such terms and conditions necessary in view of the amount of revenues on deposit at the time each request for disbursement is reviewed and approved.

(2) Not more than two and one-half percent (2.5%) of the total monthly revenues deposited into the CMRS fund shall be disbursed or reserved for disbursement by the board to pay the administrative costs and expenses incurred in the operation of the board in carrying out the functions and duties set forth in KRS 65.7621 to 65.7643, including the compensation of the administrator and expenses incurred pursuant to KRS 65.7629(10), (11), (13), (16), (17), and (18). An additional sum, not to exceed two hundred fifty thousand dollars ($250,000), shall be available to the board from the fund to implement the wireless workload formula under subsection (3)(b) of this section.

(3) Two and one-half percent (2.5%) of the total monthly revenues deposited into the CMRS fund shall be used solely for the purpose of reimbursing the actual expenses incurred by tier III CMRS providers from June 30, 2011 to January 1, 2016 for complying with requirements established by the FCC order. Reimbursement under this subsection is only available to tier III CMRS providers that:
   1. Have a cost recovery plan that was approved by the CMRS Board, predecessor in name to the Kentucky 911 Services Board, prior to June 30, 2011; and
   2. Had received approval for reimbursement from the CMRS Board, predecessor in name to the Kentucky 911 Services Board, prior to the effective date of this section.

   (b) When all reimbursements approved under this subsection have been paid, the two and one-half percent (2.5%) apportioned under this subsection shall be used solely for the purposes specified in subsection (5) of this section.

(4) Ten percent (10%) of the total monthly revenues deposited into the CMRS fund shall be disbursed or reserved for disbursement to provide direct grants, matching money, or funds to PSAPs as determined by the Kentucky 911 Services Board:
   (a) For the establishment and improvement of 911 services in the Commonwealth, including the implementation of next generation 911 capacity;
   (b) For incentives to create more efficient delivery of 911 services by local governments receiving funding under subsection (3) of this section;
   (c) For improvement of 911 infrastructure by Tier III wireless providers receiving funding under subsection (4) of this section; and
   (d) For consolidation reimbursement of two hundred thousand dollars ($200,000) per PSAP, not to exceed four hundred thousand dollars ($400,000) per county, to any PSAP that consolidates with a CMRS-certified PSAP, or creates a newly consolidated Phase II compliant PSAP. Funds shall be applied toward the cost of consolidating. If a PSAP consolidates and receives reimbursement, the CMRS Board shall not certify a new PSAP within the same county for a period of ten (10) years.
Kentucky 911 Services Board shall not certify a new PSAP within the same county for a period of ten (10) years.

When the balance of money collected under this paragraph and not yet obligated for permitted uses exceeds two million dollars ($2,000,000) in any fiscal year, the excess amount shall be allocated under subsection (5) of this section.

(5) The balance of the total monthly revenues deposited into the CMRS fund after the amounts disbursed or reserved for disbursement under subsections (2), (3), and (4) of this section have been subtracted shall be distributed to PSAPs eligible to receive disbursement from the CMRS fund under subsection (6) of this section who actually request disbursement, as follows:

(a) Fifty percent (50%) of the remaining balance to be allocated under this subsection shall be distributed according to the "PSAP pro rata formula," whereby each receives a percentage determined by dividing one (1) by the total number of PSAPs eligible to request and actually requesting disbursements under subsection (6) of this section. Any PSAPs certified before January 1, 2004, or for more than three (3) years, that choose to consolidate their operations shall continue to receive pro-rata shares as if they remained separate and distinct entities. The consolidated entity must be certified to receive funds under subsection (6) of this section; and

(b) Fifty percent (50%) of the remaining balance to be allocated under this subsection shall be distributed according to a method chosen by the board and based on the wireless workload of the PSAP. Methods to be considered may be based on the number of wireless 911 calls answered by each PSAP, the number of wireless phone users served by each PSAP, or any other method deemed by the board to be reasonable and equitable. The method chosen by the board shall be promulgated as a regulation under KRS 65.7633.

All amounts distributed to PSAPs under this subsection shall be used by the PSAPs solely for the purposes of answering, routing, and properly disposing of CMRS 911 calls, training PSAP staff, and public education concerning appropriate use of 911, in accordance with subsections (4) and (5) of Section 3 of this Act. Additionally, amounts distributed to PSAPs under this subsection may be used for the purposes of complying with the wireless E911 service requirements established by the FCC order and any rules and regulations which are or may be adopted by the Federal Communications Commission pursuant to the FCC order, including the payment of costs and expenses incurred in designing, upgrading, purchasing, leasing, programming, testing, installing, or maintaining all necessary data, hardware, and software required in order to provide wireless E911 service.

(4) The balance of the total monthly revenues deposited into the CMRS fund which remains after the disbursements or disbursement reservations prescribed by subsections (1), (2), and (3) of this section have been made shall be distributed to CMRS providers licensed to do business in the Commonwealth solely for the purpose of reimbursing the actual expenses incurred by the CMRS providers in complying with the wireless E911 service requirements established by the FCC order and any rules and regulations which are or may be adopted by the Federal Communications Commission in carrying out the FCC order, including but not limited to costs and expenses incurred for designing, upgrading, purchasing, leasing, programming, testing, installing, or maintaining all necessary data, hardware, and software required in order to provide wireless E911 service. Sworn invoices shall be presented to the board in connection with any request for reimbursement under this subsection, and approval by a majority vote of the board shall be required prior to any disbursement, which approval shall not be withheld unreasonably. No payment shall be made to any provider who is not in compliance with all requirements of this chapter and the FCC order. In no event shall any invoice for reimbursement be approved for payment of costs that are not related to compliance with requirements established by the FCC order. If the total amount of invoices submitted to the CMRS Board and approved for payment exceeds the amount in the CMRS fund in any month, CMRS providers that have invoices approved for payment shall receive a pro rata share of the fund available that month, based on approved invoices, and the balance of the payments shall be carried over to the following months until all of the approved payments are made.

(6) Notwithstanding any other provision of the law, no PSAP shall be eligible to request or receive a disbursement from the CMRS fund under subsections (4) or (5) of this section unless and until the PSAP:

1. Is expressly certified as a PSAP by the Kentucky 911 Services Board, upon written application to the board;
2. [(b)] Demonstrates that the PSAP is providing E911 services to a local government that has adopted an ordinance either imposing a special tax, license, or fee as authorized by KRS 65.760(3) or has established other means of funding wireline 911 emergency [telephone] service;

3. [(c)] Demonstrates that the administrator of the PSAP sent a request for wireless, E911 service to a CMRS provider, and that the infrastructure of the local exchange carrier will support wireless E911 service;

4. [(d)] Provides an accounting of the number of wireless E911 calls received by the PSAP during the prior calendar year if requested by the board; and

5. [(e)] Demonstrates that the PSAP has made the investment which is necessary to allow the PSAP to receive and utilize the data elements associated with wireless E911 service.

(b) In addition to the requirements of paragraph (a) of this subsection and in order to encourage additional consolidation of PSAPs by local governments and state government agencies, after January 1, 2017, a PSAP shall receive priority consideration for distributions of funds from subsection (4)(a) and (b) of this section as follows:

1. A PSAP that is not a state police dispatch center and that covers all local governments within two (2) or more counties shall receive first priority in the distribution of the funds by the board;

2. A PSAP, including any state police dispatch center, that covers all the local governments within a single county shall receive second priority in the distribution of the funds by the board; and

3. A PSAP that does not cover all of the local governments within a single county shall receive the last priority for the distribution of the funds listed in this subsection by the board.

Section 11. KRS 65.7633 is amended to read as follows:

(1) The Kentucky 911 Services [CMRS] Board shall implement the provisions of KRS 65.7621 to 65.7643 through the promulgation of administrative regulations in accordance with the provisions of KRS Chapter 13A.

(2) As soon as practicable after its creation, The board shall promulgate regulations:

(a) Establishing procedures for the submission of plans or modifications of plans to the board, for its review and approval or disapproval, for complying with the wireless E911 service requirements established by the FCC order and any rules and regulations which are or may be adopted by the Federal Communications Commission in carrying out the FCC order, including but not limited to projections of anticipated costs and expenses necessary for designing, upgrading, purchasing, leasing, programming, testing, installing, or maintaining on an ongoing basis all necessary data, hardware, and software required in order to provide this service;

(b) Establishing procedures and guidelines to be followed by the board in reviewing, evaluating, and approving or disapproving the plans or modifications of plans that are submitted to it in accordance with the procedures promulgated under paragraph (a) of this subsection;

(c) Establishing procedures and guidelines to be followed by the board in reviewing, evaluating, and approving or disapproving disbursements from the CMRS fund and requests for disbursements under KRS 65.7631(3), (4), and (5) [(2), (3), and (4)]; and

(d) Establishing procedures and guidelines for resolving disputes regarding reimbursable costs and expenses under KRS 65.7631(3), (4), and (5) [(2), (3), and (4)].

Section 12. KRS 65.7635 is amended to read as follows:

(1) Each CMRS provider shall act as a collection agent of the CMRS postpaid service charge for the CMRS fund. From its customers, the provider shall, as part of the provider’s billing process, collect the CMRS postpaid service charges levied upon CMRS connections under KRS 65.7629(3) from each CMRS connection to whom the billing provider provides CMRS. Each billing provider shall list the CMRS postpaid service charge as a separate entry on each bill which includes a CMRS postpaid service charge. If a CMRS provider receives a partial payment for a monthly bill from a CMRS customer, the provider shall first apply the payment against the amount the CMRS customer owes the CMRS provider. For CMRS customers who purchase CMRS services on a prepaid basis, the CMRS service charge shall be determined according to one (1) of the following methodologies as elected by the CMRS provider, until January 1, 2017, at which time the CMRS
prepaid service charge imposed under Section 15 of this Act and collected under Sections 16 to 23 of this Act shall take effect and paragraphs (a) and (b) of this subsection shall no longer be in force:

(a) The CMRS provider shall collect, on a monthly basis, the CMRS service charge specified in KRS 65.7629(3) from each active customer whose account balance is equal to or greater than the amount of service charge; or

(b) The CMRS provider shall divide its total earned prepaid wireless telephone revenue received with respect to its prepaid customers in the Commonwealth within the monthly 911 emergency [telephone] service reporting period by fifty dollars ($50), multiply the quotient by the service charge amount, and pay the resulting amount to the board; or

(c) In the case of CMRS providers that do not have the ability to access or debit end user accounts, and do not have retail contact with the end user or purchaser of prepaid wireless airtime, the CMRS service charge and collection methodology may be determined by administrative regulations promulgated by the board to collect the service charge from such end users.

(2) A CMRS provider has no obligation to take any legal action to enforce the collection of the CMRS postpaid service charges for which any CMRS customer is billed. Collection actions to enforce the collection of the CMRS postpaid service charge against any CMRS customer may, however, be initiated by the state, on behalf of the board, in the Circuit Court of the county where the bill for CMRS service is regularly delivered, and the reasonable costs and attorneys’ fees which are incurred in connection with any such collection action may be awarded by the court to the prevailing party in the action.

(3) State and local taxes shall not apply to a separately stated CMRS postpaid service charge.

(4) To reimburse itself for the cost of collecting and remitting the CMRS postpaid service charge, each CMRS provider may deduct and retain from the CMRS postpaid service charges it collects during each calendar month an amount not to exceed one and one-half percent (1.5%) of the gross aggregate amount of CMRS postpaid service charges it collected that month.

(5) All CMRS postpaid service charges imposed under KRS 65.7621 to 65.7643 collected by each CMRS provider, less the administrative fee described in subsection (4) of this section, are due and payable to the board monthly and shall be remitted on or before thirty (30) sixty (60) days after the end of the calendar month. Collection actions may be initiated by the state, on behalf of the board, in the Franklin Circuit Court or any other court of competent jurisdiction, and the reasonable costs and attorneys’ fees which are incurred in connection with any such collection action may be awarded by the court to the prevailing party in the action.

Section 13. KRS 65.7641 is amended to read as follows:

Wireless emergency telephone service shall not be used for personal use but shall be used solely for the purpose of communications by the public in emergency situations. Any person who knowingly uses or attempts to use wireless emergency telephone service for a purpose other than obtaining public safety assistance or who knowingly uses or attempts to use wireless emergency telephone service in an effort to avoid any CMRS service charges shall be guilty of a Class A misdemeanor. If the value of the wireless emergency telephone service obtained in a manner prohibited by this section or the value of the CMRS service charges exceeds five [one] hundred dollars ($500) ($100), the offense may be prosecuted as a Class D felony.

Section 14. KRS 139.105 is amended to read as follows:

(1) (a) For purposes of the retailer’s obligation to pay or collect and remit the taxes imposed by KRS 139.200, and Section 15 of this Act, the retailer shall source retail sales not addressed in subsections (2), (3), and (4) of this section as follows:

(c) A sale of prepaid calling service or a sale of a prepaid wireless calling service shall be sourced according to the provisions of subsection (1) of this section. If the sale is of a prepaid wireless calling service and the retailer does not know the address where the service is received, the sale shall be sourced to the first of the following that is known by the retailer:
   1. The address of the customer available from the business records of the retailer;

   4. Service for segments of a channel located in more than one (1) jurisdiction or levels of jurisdiction and which segments are not separately billed shall be sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in the jurisdiction by the total number of customer channel termination points;

(e) A sale of an ancillary service is sourced to the customer's place of primary use; and

(f) A sale of other communications services:
   1. Sold on a call-by-call basis shall be sourced based on the taxing jurisdiction where the call either originates or terminates and in which the service address is also located; or
   2. Sold on a basis other than a call-by-call basis shall be sourced to the customer's or other purchaser's place of primary use.

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to fifty cents ($0.50) or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the department. (17) Gross receipts from the sale of tangible personal property or digital property returned by a purchaser when the full sales price is refunded either in cash or credit.
