A report detailing the formula used for public charter schools and the local school district's non-charter schools shall be transmitted to the Kentucky Board of Education, the Secretary of the Education and Workforce Development Cabinet, the Legislative Research Commission, and the authorizer within 30 days of its adoption by the local school board, after which the Kentucky Board of Education may find the formula used by the local school district for public charter schools deficient and request a revision thereof within 90 days.

(i) Transportation for students in a public charter school located within a Regional Achievement Zone shall be provided as determined by the authorizing local school district or collaborative as determined by the collaborative agreement. If a local school district that is a participant in the authorizing collaborative provides transportation to students attending a public charter school in a Regional Achievement Zone under terms agreed upon by the local school district and the public charter school in the charter contract, the local school district shall not be required to transfer to the public charter school the transportation funds described in paragraph (h)3. of this subsection. If a local school district that is a participant in a collaborative does not provide transportation to students attending a public charter school, the transportation funds described in paragraph (h)3. of this subsection shall be transferred to the local school district providing the transportation, if applicable, or to the Regional Achievement Academy if no local school district provides transportation. The amount of funds transferred shall be calculated by multiplying the total amount of transportation funds the local school district receives pursuant to KRS 157.360(2)(c) by a fraction, the numerator of which equals the number of students attending the public charter school who would otherwise be transported by the local school district, and the denominator of which equals the total number of students transported by the local school district.
